

HUD recently released its **New Project Application for the Unsheltered Homelessness projects**. It differs in a number of areas from the application in the Local NOFO. We are attaching a link to the HUD application, which applicants should use as a guide until the County is able to update the application in SAMIS. Knowing that this will require more time to complete both the application in SAMIS and the HUD application in e-snaps, the **due date for proposals has been extended to Tuesday, September 6, 2022.**
