AP-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction
Per HUD regulations governing Consolidated Submissions for Community Planning and Development Programs (24 CFR Part 91.15(a)(2)), an entitlement jurisdiction whose fiscal year commences in October must submit an Action Plan to HUD by August 16 of each year. For FY 2019-2020, HUD published the following formula grant awards for Palm Beach County: Community Development Block Grant (CDBG) - $6,406,686; HOME Investment Partnership (HOME) - $2,145,072; and Emergency Solutions Grant (ESG) - $546,649. The Action Plan serves as the County’s application to HUD to receive these funds and details how the funds will be used to address the goals and objectives outlined in the County’s Consolidated Plan. The Palm Beach County Urban County Program Jurisdiction comprises all areas of unincorporated Palm Beach County as well as 29 municipalities that have signed inter-local agreements with the County. The Department of Housing and Economic Sustainability (DHES) is the lead agency responsible for the consolidated planning process. The development of the Action Plan involves DHES collaborating with the 29 municipalities, other county departments, service providers, private industry, advocacy groups, the general public, and other interested parties. These collaborative efforts shaped the various housing, community development, economic development and public services strategies which are detailed in the Action Plan.

2. Summarize the objectives and outcomes identified in the Plan
The objectives and outcomes to be realized from the use of CDBG, HOME and ESG funds identified in the FY 2019–2020 Action Plan are identified on the chart below.

3. **Evaluation of past performance**

FY 2017-2018 was the third year of the County’s FY 2015-2020 Consolidated Plan. The current fiscal year began on October 1, 2018, and therefore had only completed seven months when preparation for the FY 2019-2020 Action Plan commenced. The chart below shows the extent to which the County achieved the targets set forth in the FY 2017-2018 Action Plan. The review shows the accomplishments achieved under the following categories: Economic Development, Capital Improvements, Housing, Homeless, Special Needs Services and Public Services.

4. **Summary of citizen participation process and consultation process**

A total of 6 public meetings were held by Palm Beach County as part of its Action Plan public participation process. The first two meetings (held on March 11, 2019 and March 13, 2019, allow members of the public to review and comment on the funding strategies to be used to distribute funding under the CDBG, HOME and ESG Programs as well as activities proposed to be funded to enable the County to realize its community development objectives. The third meeting held on April 30, 2019 presented the Action Plan Strategies discussed at the previous two meetings to the Board of County Commissioners for discussion and final directions. Two public meetings, held on May 21, 2019 and May 22, 2019 (meetings 4 and 5) were held to present the draft Action Plan to the public and to garner comments. Finally, at a meeting held on July 2, 2019 (meeting 6), the FY 2019-2020 Action Plan was presented to the Board of County Commissioners for final approval.

All public meetings noted above were advertised in the Palm Beach Post Newspaper, posted on the DHES website at [http://www.pbcgov.com/hes](http://www.pbcgov.com/hes), and blasted, via email to interested parties and municipalities.

In addition to the six public meetings noted above, DHES also solicited public input from interested groups by making presentations and providing information to the following groups: The Affordable Housing Collaborative, the Housing and Homeless Alliance, the Housing Leadership Council, the Countywide Community Revitalization Team, the Special Needs Advisory Coalition, and the Glades Technical Advisory Committee.

5. **Summary of public comments**

Below is a summary of all public comments received either directly at the meetings or in written format:

- The County should use CDBG to fund the installation of on-site and off-site infrastructure which support construction of new affordable housing developments.
- Support the preservation of the existing housing stock by directing some HOME Program funds towards acquiring and rehabilitating homes in older neighborhoods of the County, after which, the homes are sold to eligible homeowners and an affordability period enforced.
- Make funding available for infill housing.
- Make more funding available for housing rehabilitation.
• Ensure that the housing programs funded under the consolidated plan fits into a comprehensive housing plan for the county and the overall accomplishments reported.
• Allocate CDBG administration funding to municipalities due to their expanded role in project implementation/activity delivery.
• Since HUD funding under the CDBG, HOME and ESG Programs are population driven, everyone should be encouraged to participate in the 2020 census.
• Provide Cash flow gap financing for affordable housing.
• Support housing for disabled adults.
• Make available funding for housing rehabilitation in the Glades.

6. **Summary of comments or views not accepted and the reasons for not accepting them.**
All comments received from the public, were accepted and incorporated into the Action Plan where applicable.

7. **Summary**
The FY 2019-2020 Action Plan addresses eleven (11) of the goals identified in the FY 2015–2020 Five Year Consolidated Plan. The goals addressed are: Affordable Homeownership, Public Services, Special Needs Services, Homeless Prevention, Homeless Services, Fair Housing Activities, Public Facilities, Public Infrastructure, Code Enforcement, Economic Development Services, and Economic Development Assistance. The citizen participation process garnered public input that helped shape the funding strategies and activities that are included in the final Action Plan.

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0042), Washington, DC 20503.

PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.

NOTE: Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the Awarding Agency. Further, certain Federal assistance awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project costs) to ensure proper planning, management and completion of project described in this application.

2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, the right to examine all records, books, papers, or documents related to the assistance, and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.

3. Will not dispose of, modify the use of, or change the terms of the real property title or other interest in the site and facilities without permission and instructions from the awarding agency. Will record the Federal awarding agency directives and will include a covenant in the title of real property acquired in whole or in part with Federal assistance funds to assure nondiscrimination during the useful life of the project.

4. Will comply with the requirements of the assistance awarding agency with regard to the drafting, review and approval of construction plans and specifications.

5. Will provide and maintain competent and adequate engineering supervision at the construction site to ensure that the complete work conforms with the approved plans and specifications and will furnish progressive reports and such other information as may be required by the assistance awarding agency or State.

6. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.

7. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.

8. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards of merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).

9. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.

10. Will comply with all Federal statutes relating to non-discrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.
11. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-648) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal and federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.

12. Will comply with the provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.

14. Will comply with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is $10,000 or more.

15. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions to State (Clean Air) implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and, (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93-205).

18. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."

19. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, and policies governing this program.

20. Will comply with the requirements of Section 106(b) of the Trafficking Victims Protection Act (TVPA) of 2000, as amended (22 U.S.C. §7104) which prohibits grant award recipients or a sub-recipient from (1) engaging in severe forms of trafficking in persons during the period of time that the award is in effect (2) procuring a commercial sex act during the period of time that the award is in effect or (3) Using forced labor in the performance of the award or subawards under the award.

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0042), Washington, DC 20503.

PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.

NOTE: Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the Awarding Agency. Further, certain Federal assistance awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project costs) to ensure proper planning, management and completion of project described in this application.

2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, the right to examine all records, books, papers, or documents related to the assistance, and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.

3. Will not dispose of, modify the use of, or change the terms of the real property title or other interest in the site and facilities without permission and instructions from the awarding agency. Will record the Federal awarding agency directives and will include a covenant in the title of real property acquired in whole or in part with Federal assistance funds to assure non-discrimination during the useful life of the project.

4. Will comply with the requirements of the assistance awarding agency with regard to the drafting, review and approval of construction plans and specifications.

5. Will provide and maintain competent and adequate engineering supervision at the construction site to ensure that the complete work conforms with the approved plans and specifications and will furnish progress reports and such other information as may be required by the assistance awarding agency or State.

6. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.

7. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.

8. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards of merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).

9. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.), which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.

10. Will comply with all Federal statutes relating to non-discrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681, 1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.
11. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-648) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal and federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.

12. Will comply with the provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.

14. Will comply with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is $10,000 or more.

15. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions to State (Clean Air) implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and, (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93-205).

17. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq.)

18. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."

19. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, and policies governing this program.

20. Will comply with the requirements of Section 106(g) of the Trafficking Victims Protection Act (TVPA) of 2000, as amended (22 U.S.C. §7104), which prohibits grant award recipients or a sub-recipient from (1) Engaging in severe forms of trafficking in persons during the period of time that the award is in effect (2) Procuring a commercial sex act during the period of time that the award is in effect or (3) Using forced labor in the performance of the award or subawards under the award.

Table 1 – Responsible Agencies

Narrative

The Department of Housing and Economic Sustainability (DHES) is the agency responsible for preparing the Action Plan. The Department of Community Services, Division of Human and Veteran Services (DHVS), administers the ESG Program and prepares those sections of the Action Plan that related to the ESG Program. DHES administers federal funds provided to the County under the formula-based CDBG and HOME Programs. All activities related to insertion of data into IDIS is the responsibility of DHES.

Consolidated Plan Public Contact Information

Jonathan B. Brown, Director, Department of Housing and Economic Sustainability, 100 Australian Avenue, Suite 500, West Palm Beach, FL 33406.

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

1. Introduction

Palm Beach County is dedicated to obtaining input from citizens, municipal officials, public and private agencies, private developers, governmental agencies, stake holders and other interested parties as part of the Consolidated Plan and Action Plan processes. Citizen participation is strongly encouraged throughout the planning process. For the FY 2019-2020 Action Plan consultation included a combination of meetings with county partners, including non-profits subrecipients and municipalities. Specifically, information was disseminated and input sought through community meetings to gather community input, meetings with the Board of County Commissioners (BCC) for input, newspaper advertisements, website announcements, and public meetings to solicit comments on the draft Action Plan. Approval of the Action Plan was requested at a BCC Public Hearing held on July 2, 2019.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

Palm Beach County (PBC) coordinates with public and private housing providers and developers to promote the production and availability of affordable housing units. The County is an active participant in the Housing Leadership Council and the Affordable Housing Collaborative. PBC will continue to utilize SHIP and HOME funding for the development of affordable housing. DHES collaborates with other County departments, community partners, and various housing providers to revise existing County’s policies and create new policies as they relate to the provision of affordable and workforce housing for county residents.

DHES provides funding to public housing authorities within the jurisdiction to assist the upgrading and maintaining of their housing stock. Coordination between the County and the public housing providers is heightened by the requirement for Housing Authorities to obtain a determination from the County ensuring their annual plans and strategies are consistent with the goals of the County’s Consolidated Plan.

DHES collaborates with Florida Health Palm Beach County and with Florida Health Bureau of Environmental Toxicology to ensure that guidelines for lead reductions are consistent with homebuyer regulations, rehabilitation program regulations and local building codes. As structures built prior to 1978 are identified, they are tested for lead-based paint (LBP). Test results are communicated to Florida Heath and all LBP inspections and abatement test results are kept on file by DHES.

DHES works with numerous local municipalities in establishing CDBG target areas within the municipalities. The County coordinates with the municipalities to identify eligible projects to be undertaken in these areas

The County coordinates with many social service agencies and mental health providers to ensure activities funded under local, state and federal programs conform to program guidelines and produce positive
outcomes. DHES provides funding to two (2) agencies that provide services to the mentally and/or physically disabled population.

The County has inter-local agreements with 29 municipalities through the Urban County Qualification Program. Of these, 10 have CDBG Target Areas. Over the course of the Action Plan preparation process, the County consults with all municipalities to identify community needs and potential uses of funding. In some instances, municipalities directly implement Plan activities, and in others, the County implements activities on behalf of or in coordination with municipalities.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

Palm Beach County’s Continuum of Care (CoC) is known as the Homeless and Housing Alliance (HHA). The HHA is a community-based organization whose mission is to plan for and manage homeless assistance resources and programs effectively and efficiently in order to end homeless in Palm Beach County. The membership includes interested citizens, formerly homeless persons, non-profit organizations, service providers, law enforcement, faith based agencies, governmental entities, educational organizations and various civic groups. The HHA is governed by an Executive Committee chartered to be made up at least nine (9) members but no more than twenty-one (21). It has dedicated seats for funders, formerly homeless persons, domestic violence service providers, faith based service providers, veteran service providers, family service providers, and the Chair of the HMIS Oversight Subcommittee. The HHA has several committees and task groups which have various roles and responsibilities. These committees include HMIS Oversight, Membership, Housing Inventory/Unmet Needs, Training, Financial Services and Standard Policies and Procedures. The HHA also sets the priorities for ESG funding and develops policies and performance standards for program evaluation. The current ESG properties are emergency shelter for individuals and Rapid Rehousing for families. The County’s Division of Human and Veteran Services (DHVS) serve as the Lead Agency for the HHA.

The application for funding under the state funded Challenge Grant Program is jointly prepared by the HHA and PBC Department of Community Services (DCS). The County’s homeless prevention activities are funded through this program and through the Emergency Food and Shelter (EFS) Program. The EFS program funding is provided to the County by FEMA via the United Way. The Challenge Grant is administered by non-profit agencies and the DCS administers the EFS Program.

The County’s various Rapid Re-Housing Programs and the Tenant Based Rental Program are a direct result of a coordinated effort between the County, the HHA and the service providers that operate these programs.

The Palm Beach County Sheriff’s Office (PBSO) is a member of the HHA. Furthermore, Palm Beach County Sheriff’s Office in coordination with the Lewis Center has developed a discharge process that permits
individuals who were homeless prior to incarceration to participate in the HHA’s Homeless Service Programs. Prior to being released, the County’s Outreach Team meets with the inmate and coordinates with community partners to arrange for shelter and support services.

The County’s Offender Reentry Initiative is a coordinated effort of the County’s Public Safety Department, the County’s Criminal Justice Commission and Gulfstream Goodwill Industries. The reentry services offered include case management, medical management, housing assistance, and peer support. Employment services are provided via referrals to community partners.

The HHA will continue to coordinate with the Department of Children and Families (DCF), ChildNet, and service providers to establish a method to facilitate the transition of youths aging out of foster care. The method will facilitate transition from the foster care system to self-sufficiency for unaccompanied youth ages 18 to 25. At present, there is three facilities within PBC that provide shelter and support services for this population.

The HHA is working with the Lewis Center to develop a plan for the discharge of patients from health and mental institutions. The County is exploring the establishment of an emergency respite housing facility for this population.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction’s area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

PBC Division of Human and Veteran Services (DHVS) requests that the HHA Executive Committee prioritize the eligible ESG components and provide direction as to how the ESG award should be allocated for the upcoming program year. The Executive Committee’s recommended priorities and distribution method are brought before the entire HHA for final approval. Once the priorities and the distribution method are approved, the following actions are conducted by DHVS:

- A Request for Proposals (RFP) and a scoring tool is developed and an appeal process is established.
- The RFP is issued and posted on the County’s and HHA’s website.
- A Technical Assistance Meeting is conducted for all interested applicants.
- A Non-Conflict Grant Review Committee with one member being either homeless or formerly homeless is established by DHVS.
- Proposals are initially reviewed by DHVS to insure regulation compliance, and then forwarded for review and scoring by the Grant Review Committee.
- The Grant Review Committee scores and ranks the proposals at a public meeting and makes ESG funding recommendations based on the scoring/ranking.
- The ESG funding recommendations are forwarded to the Board of County Commissioners (BCC) for final approval.
The ESG performance standards were developed from the process the HHA utilizes to review and rank the CoC renewal applications. All applicants must have a definable program that serves the homeless and/or persons at risk of homelessness to be awarded ESG funding. All ESG projects must be an eligible activity that meets the HHA priority. The ESG applications for funding are scored on the following performance measures: project narrative, project goals and objectives, site control and compliance with zoning and land use, budget proposal, financial audit, past monitoring, HMIS data completeness and HHA participation. These performance measures are used to evaluate all homeless programs, including ESG funded projects within the Continuum.

Palm Beach County’s HMIS is funded by the County, various grants, and by user licensing fees. The HMIS Oversight Subcommittee acts as an advisory group to the HHA Executive Committee. Defining criteria, standards, and parameters for the usage and release of all data collected through HMIS, enforcing minimum data collection standards, and compiling and analyzing HMIS data are the tasks of this subcommittee. The HHA-adopted HMIS Policies and Procedures and the HMIS User Agreements were written by the subcommittee.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction’s consultations with housing, social service agencies and other entities

DHES is a member of the Countywide Community Revitalization Team (CCRT) that coordinates County sponsored initiatives in a number of low and moderate-income areas in unincorporated PBC. Representatives of these areas, which include CDBG Target Areas, attend monthly CCRT meetings. DHES provides information to attendees on the status of the Action Plan and invites participation in the development of the Plan. Public Housing Authorities (PHA) are invited to provide information regarding affordable housing to DHES and DHES incorporates their projected performances into the Plan.

DHES made presentations to various organizations regarding the development of the Action Plan as part of the County’s planning process. Agencies, municipalities, and County departments were also invited to participate in the development of the Action Plan at two public meetings held on March 11 and 13, 2019. Public comments were solicited at all presentations and public meetings. Interested entities received written notification of a Board of County Commissioners (BCC) April 30, 2019 meeting. Notices for the public meetings as well as the BCC meeting were published in the local newspaper, placed on DHES’s
website and emailed to interested agencies, municipalities, and other County Departments. Notices of all public meetings relating to the Emergency Shelter Grant (ESG) Program are placed on the Community Services’ as well as the HHA’s website. At the April 30 BCC meeting, DHES staff and County Administration presented program strategies for FY 2019-2020. Also, in addition to the public meetings, the three public housing authorities in the County’s jurisdiction were solicited to provide information for inclusion into the Action Plan and selected social service agencies were invited to submit funding applications. It was determined that the following would be implemented: CDBG funding to be allocated to economic development, municipal projects, county initiated capital projects, Special Area of Hope allocation and public service activities; HOME funding to be allocated for CHDO -administered activities, tenant –based rental assistance, and housing development, and ESG funds to be allocated to emergency shelter and transitional housing activities and HMIS.

The draft Action Plan was presented at two public meetings on May 21 and 22, 2019 which was attended by various agencies, municipalities and interested parties. A meeting notice was published in the local newspaper, placed on DHES’s website, and emailed to interested parties. Input was solicited and all applicable comments were incorporated into the Action Plan. The BCC approved the County’s Action Plan at a BCC Public Hearing held on July 2, 2019.

Identify any Agency Types not consulted and provide rationale for not consulting

In seeking public input on the formulation of the Action Plan, DHES endeavored to include all pertinent agencies and interested parties in the consultation process and has not knowingly excluded any entity from the opportunity to be consulted.

| Continuum of Care (CoC)               | Palm Beach County Department of Community Services/ Homeless and Housing Alliance | The CoC was designed to bring all segments of the public community together to address the needs of the homeless. CoC objectives related to the Strategic Plan are:
  • Quantify the need for homeless services
  • Streamline the dissemination of the availability of homeless services
  • Coordinate solicitations for funding
  • Assist in increasing capacity among service provider agencies.                                                                                                                                                                                               |
| Community Revitalization and Redevelopment (CCRT) | Palm Beach County Office of Community Revitalization (OCR) | The CCRT goals correlate with DHES’s Strategic Plan by:
  • Coordinating and facilitating community development projects in CCRT targeted areas, many of which mirror DES’s established target areas                                                                                                                                 |

1. Summary of citizen participation process/Efforts made to broaden citizen participation

Palm Beach County’s Citizen Participation Plan provides the opportunity for citizens to participate in the development of the consolidated plan, the annual action plan, any amendments to the annual plan, and performance reports. Citizen participation is solicited via one or a combination of the following: public meetings, newspaper advertisements, website postings and direct notifications. Palm Beach County encourages the participation of all its citizens, including minorities and non-English speaking persons as well as persons with disabilities. In the case of public meetings upon request prior to the meeting, the County will make available bilingual translators for the non-English speaking residents. All printed documentation incorporates a statement which informs interested parties that said documents can be made available in an alternate format. Furthermore, Palm Beach County complies with the Americans with Disabilities Act (ADA) requirements as it relates to public meetings and related activities. Each public notice includes language which informs the reader the County can make accommodations for persons with disabilities with a three (3) day notice.

Palm Beach County began its citizen participation and consultation process when it held its two regional meetings. The meetings were held on March 11, 2019 in Belle Glade and March 13, 2019 in West Palm Beach to discuss the CDBG, ESG, and HOME Programs. The purpose of the meetings was to generate public involvement in the plan development process. HES informed the public of these meetings by publishing a notice in the Palm Beach Post on March 3, 2019, posted the notice on the HES website, and transmitted the notice to all local municipalities and interested agencies. A separate notice was placed in the Palm Beach Post on April 14, 2019 to advise the public about a BCC workshop to be held on April 30, 2019 present funding strategies on the CDBG, ESG and HOME Programs and to receive direction from the BCC on those strategies. The Draft Action Plan was made available to the public for review via a public notice published in the Palm Beach Post on May 12, 2019 and posted to the DHES website. The notice advertised the public meetings held on May 21, 2019 in Belle Glade and May 22, 2019 in West Palm Beach to present specific funding recommendations for the FY 2019-2020 CDBG, ESG and HOME activities. The Draft Action Plan notice provided a 30-day comment period concluding prior to July 2, 2019 when the Final Action Plan was presented to the BCC for adoption at a Public Meeting. In addition to the public meetings listed above, DHES also met with the following groups to advise of the Action Plan process and to solicit their input in developing strategies to be included:

- Housing Leadership Council
- Affordable Housing Collaborative
- Countywide Community Revitalization Team
- Glades Technical Advisory Committee
- Homeless and Housing Alliance

Expected Resources

AP-15 Expected Resources – 91.220(c) (1, 2)

Introduction

Entitlement grant resources totaling $20,208,104 are expected to be available during Fiscal Year 2019-2020 (October 1, 2019 – September 30, 2020). The amount received will be targeted on identified priority needs to realize specific goals and objectives outlined in the Consolidated Plan. The grant resources will address obstacles that meet underserved needs, achieve decent housing, expand economic development opportunities for low and moderate income persons, develop institutional structures, and enhance coordination between public and private housing and social service agencies. The results of these activities will be reported in the Consolidated Annual Performance Evaluation Report to be published in December 2020.

**Table 6 – Other Federal, State and Local Resources**

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Palm Beach County expects to receive $245,010,924 from local, Federal and State funding to complement the CDBG, ESG, and HOME funds totaling $9,098,407 which it expects to have available during FY 2019-2020. Of the funds being leveraged $73,462,138 is to be from Federal sources, $145,744,701 from the State and $25,804,084 from local sources including ad valorem and private funds. These funds will be used to undertake community development activities related to providing assistance to the homeless, disabled and underserved population and those having special needs. Funds will also be used for housing purposes and for undertaking of economic development and infrastructure.

Both the HOME and ESG programs have matching fund requirements to be provided by the recipient. For the HOME Program, the match will be provided from the State Housing Initiative Program (SHIP) in the amount of 25% of the annual HOME allocation minus funds budgeted for program administration and
CHDO Administration. The match is anticipated to be $455,828. For the ESG Program, this will be provided by the ESG subrecipients in an anticipated amount not less than $546,649.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

County owned land may be disposed of in various ways. If the land is not needed for County purposes, it may be sold or donated to non-profit organizations and municipalities for public and community interest purposes if the Board of County Commissioners is satisfied with the proposed use of the property. The property can be conveyed or leased upon application from those entities for such price (nominal or otherwise) that the Board may fix, regardless of the actual value of the property. Or, the Board may utilize a formal or informal competitive process. The Board is authorized to sell, lease and convey any property belonging to the County for the highest price, or for a particular use deemed to be the highest and best, or a use that is most responsive to a request for proposals.

Palm Beach County has prioritized the provision of housing for homeless, extremely-low and low-income families and County staff has proposed the use of suitable county-owned land as one strategy to address this problem. The strategy involves the implementation of three components. First, an already identified parcel of land along with up to $4,000,000 in grant funding will be awarded, via an RFP, to a public housing authority operating in the County, for construction of approximately twenty cottage homes to be operated as a transitional rental facility. This component is expected to commence within the current fiscal year. Second, properties acquired by the county through tax deeds and which may accommodate three or more units will be conveyed to housing authorities, via RFP, for development of housing for homeless, very-low income, and low-income families. Third, County-owned properties of ten or more acres will be awarded to housing authorities, via competitive RFP, for construction of mixed income housing developments. The range of income to be addressed are, extremely-low, very-low, low, and other affordable and workforce housing.

Table 7 – Goals Summary

**Estimate the number of extremely low-income, low-income, and moderate-income families to whom the jurisdiction will provide affordable housing as defined by HOME 91.215(b):**

It is estimated that 1,574 eligible extremely low-income, low-income, and moderate-income families, including homeless individuals/families will be provided with affordable housing assistance during FY 2019-2020. A further discussion of this estimate is discussed under AP-55 – Affordable Housing.

**The remainder of this page is intentionally left blank**
Projects

AP-35 Projects – 91.220(d)

Introduction

For FY 2019-2020, the Action Plan identifies a total of eight (8) project areas, within which 46 activities are to be funded under the CDBG, ESG and HOME Programs. These projects include code enforcement, public facilities, public infrastructure, public services, economic development, homeless assistance activities, rapid re-housing, housing related activities, as well as administrative and activity delivery costs needed to undertake the activities. All activities identified in the Plan will be completed within one-three years.

The sum of the funding provided to projects and activities identified in the Action Plan are based on the actual funding award by HUD under the CDBG, ESG and HOME Programs. Program Income is used to fund activities identified after the preparation of the Action Plan, and such activities are identified through amendments to the Plan.

Table 8 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The funding priorities addressed in the FY 2019-2020 Action Plan correlates closely to those identified in the Strategic Plan. The following were identified as high priorities in the Strategic Plan: affordable rental housing; affordable homeownership; public services for very-low, low- and moderate income persons/households as well as families with children, elderly, disabled, persons with HIV/AIDS, and persons with alcohol or other addictions; economic development; special needs housing and services; homeless assistance; public facilities and infrastructure; code enforcement; and demolition and clearance. These priorities still remain, but the FY 2019-2020 Action Plan will only address seven of these nine priorities. Funding was not assigned to Activities addressing demolition and clearance and to the provision of affordable rental units. Those activities are being addressed under the SHIP Program.
The County will utilize funding from multiple sources such as CDBG, HOME, ESG, Section 108, SHIP, NSP (including NSP program income), Ad Valorem, among others to address identified priorities. The decision as to the type of activities and the specific activities funded annually is dependent on the following: applications submitted by County Departments and municipalities; homeless priorities established by the Homeless and Housing Alliance and activities eligible under the ESG Program; directives given by the Board of County Commissioners; the amount of funding available; and, how the specific activity for which funding is being requested coincides with the priorities outline in the Consolidated Plan.

In terms of the existence of obstacles to address underserved needs, the major obstacles experienced by Palm Beach County are: the inadequacy of available financial resources to meet the needs of the underserved populations and the vast geographic area which encompasses the County resulting in the eastern urbanized portion being separated from the western agricultural based portion causing an allocation of resources (personnel, equipment and funding) which does not optimize economies of scale.

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

For FY 2019-2020, Palm Beach County plans to utilize 23% of the CDBG allocation in ten (10) of the 21 CDBG Target Areas that were identified in the FY 2015-2020 Consolidated Plan. These areas are located throughout the jurisdiction as shown below. The identified target areas are characterized by concentrations of low and moderate income persons, concentrations of housing problems, and a need for capital improvements.

PBC Department of Housing and Economic Sustainability - May 2019
Rationale for the priorities for allocating investments geographically

The County’s rationale for the priorities for allocating investments geographically remains the same as stated in the Strategic Plan section of the FY 2015-2020 Consolidated Plan. The Palm Beach County Urban County jurisdiction comprises of twenty-nine municipalities as well as all areas in unincorporated Palm Beach County. There are twenty-one identified CDBG target areas, ten in municipalities and eleven in unincorporated county. In order to qualify as a CDBG target area, the following conditions must be met:

- At least 51% of the residents must be of low and moderate incomes;
- Existing land use is more than 50% residential;
- Infrastructure conditions in the area demonstrate the need for improvements; and
- Structural conditions in the area demonstrate a need for rehabilitation, demolition, and/or code enforcement.

CDBG funding will automatically be awarded to municipalities with a target area and is to be used exclusively to undertake capital improvement, code enforcement or housing revitalization projects. Funding awards to assist projects located in unincorporated Palm Beach County are also directed to the CDBG target areas, unless a particular activity is identified by County Administration.

The amount of funding awarded to each municipality with a CDBG target area and to the unincorporated areas of the county to pursue capital projects is based on the proportionate share that each contributes to the overall CDBG grant received by the County after deducting funding for program administration, activity delivery, public services, economic development, demolition and any other activities having countywide impact. Municipalities that do not have CDBG target areas within their boundaries are not guaranteed to receive CDBG funding.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

In accordance with Palm Beach County’s Consolidated Plan, the assignment of housing priorities is based on the County’s housing needs assessment and market analysis, census data and CHAS data. These priorities include increasing the supply of affordable housing, expanding rental and homeownership opportunities, rehabilitating existing housing stock, and homelessness prevention.

Table 12 - One Year Goals for Affordable Housing by Support Type

Discussion

It is anticipated that a total of 1,574 eligible households will be provided with affordable housing assistance during the 2019-2020 fiscal year. Three hundred twenty-four (324) owner households are expected to receive assistance via acquisition of new or existing units, rehabilitation/replacement of owner housing units, and homeowner foreclosure prevention assistance. It is estimated that one thousand two hundred fifty (1,250) renter households will receive assistance through the creation of new rental units, rehabilitation of existing rental units, rental housing entry assistance, or rental assistance programs targeting homeless prevention/intervention. Homeless persons/households will be provided assistance through three (3) housing programs: the HOME Tenant Based Rental Assistance (TBRA) Program; the ESG Rapid Re-housing Program and the Infrastructure Sales Tax (IST) Funding. A summary of each program is shown below.

Table 13 – Housing Summary

The remainder of this page is intentionally left blank
AP-60 Public Housing – 91.220(h)

Introduction

Palm Beach County has seven (7) housing authorities operating within its boundaries. Four (4) of these are headquartered within the Palm Beach County Urban County jurisdiction but one of these, Riviera Beach Housing Authority, has no HUD assisted units and administers no Section 8 Vouchers. This section will therefore focus on Belle Glade Housing Authority (BGHA), Palm Beach County Housing Authority (PBCHA), and Pahokee Housing Authority (PHA). The Housing Authorities desire to expand the supply and improve the quality of assisted housing, increase assisted housing choices, provide an improved living environment and promote self-sufficiency of families and individuals, reduce financial dependency on federal public housing subsidy, decrease energy consumption and promote youth programs for public housing residents. Each of the authorities provides affordable housing to extremely-low, low-, and moderate-income families through the operation of rental units and administration of tenant-based and project-based vouchers. Together these three entities operate a total 1,622 Housing Units plus an additional 53 scattered homes, and manage 2,245 vouchers including 213 vouchers for HOPWA clients.

Actions planned during the next year to address the needs to public housing

In order to address the needs of public housing residents, each housing authority plans to implement the following strategies:

Belle Glade Housing Authority (BGHA): BGHA works with the US Department of Agriculture Rural Development farm labor housing program and provides housing exclusively to farmworkers and their families. In order to address the needs of public housing, BGHA:

- Continues to provide maintenance on dwelling units including a roof replacement program.
- Update/replace cabinets, countertops and flooring in units on a ‘most needed’ basis; this interior work will be accomplished with in-house maintenance staff.
- Continues to house and support the Redlands Christian Migrant Association, a Day Care Center for children at the Okeechobee Center.
- Continue its work with the Police Athletic League who sponsors football and basketball teams for all age groups of children.

Palm Beach County Housing Authority (PBCHA):

- PBCHA will continue to maintain and keep the dwelling units and common areas of all public housing sites in a well-maintained shape.
- The Authority identified an urgent need for additional Senior/Disabled ADA compliant units and continues to pursue: adding six new ADA compliant units at the Schall Landings site; and maintain Drexel House as a senior community for persons +62 years of age.
- The PBCHA is finalizing Phase 2 of the New South Bay Villas (NSBV) revitalization project. Phase 2 includes rehabilitation and leasing of 49 remaining units, as well as the demolition and reconstruction of 64 units at the former Marshall Heights community proximate to South Bay Villas. The NSBV community will include a gym/exercise room, large laundry facility, an outdoor
play area, a splash park and walking trails. NSBV will offer supportive services tailored to the working family.

- PBCHA has completed the extensive renovation and lease up of the 144-unit Covenant Villas apartment complex in Belle Glade with their development partner.
- PBCHA will liaise with an independent organization to provide financial, administrative and operational support services in response to growing housing and economic needs of the community.

**Pahokee Housing Authority (PHA):** PHA will undertake the following actions in order to address the needs of its residents:

- Utilize a Florida Housing Finance Corporation grant and a 9% LIHTC grant to rehabilitate its housing stock by making improvements on up to 129 units at two locations.
- Repairs to the deteriorated gravity sewer main systems project continues at Padgett Island Homes and Fremd Village and is funded via a $600,000 CDBG grant.
- Utilize the Elderly Designation Plan for units that will convert to LIHTC preservation grant to give preference to persons 62 years of age and older.
- Acquire and rehabilitate abandoned single family homes and rehabilitate its public housing stock; develop vacant property, and assist residents with homeownership initiatives.
- Administer voucher programs for rental assistance, Section 8 housing, and veterans with disabilities and implement measures to improve the quality of assisted housing.
- Continue to engage residents in its operational management, Board meetings, empowerment trainings and policy development.
- Continue to identify funding sources to renovate/modernize its housing stock, develop additional properties and position staff for long-term management.
- Provide mobility counseling and programmatic guidance to participants of Section 8 and VASH programs.
- Conduct landlord workshops to increase participation and understanding of Housing Choice Voucher (HCV) program requirements, and coordinate homeownership workshops for families participating in Section 8 HCV programs.

**Actions to encourage public housing residents to become more involved in management and participate in homeownership**

The public housing authorities plan to undertake the following actions:

**Belle Glade Housing Authority (BGHA):**
BGHA is funded and operates under the guidelines of the USDA. There are no requirements to undertake a specific action to encourage residents to become more involved in management. However, BGHA continues to employs 14 residents in their Maintenance and Administration Departments.
Palm Beach County Housing Authority (PBCHA):

- The FSS Program is a five (5) year program available to all Public Housing and Section 8 residents/families and will enable residents to develop an individual training plan to establish self-sufficiency goals. The case management of clients is accomplished through the in-house FSS Program Manager and Coordinators.
- As part of the PBCHA’s annual budget, there is a set-aside of $25.00 per household to help establish and fund Resident Councils at five of the authority’s locations. There are presently two active Resident Council Organizations chartered at Drexel House and New South Bay Villas, and the authority is working diligently to revitalize Resident Councils at PBCHA’s other communities.
- A Resident Participant has been appointed as a fifth member of its Board of Commissioners, as required by Florida Statutes.
- The PBCHA Resident Advisory Board (RAB) comprises the Resident Council President from each Community, or a Resident from each Community and a representative from Section 8 participants.
- PBCHA works in collaboration with PBC Sheriff’s Office (PBSO) to help combat crime in public housing and maintain a contractual agreement with PBSO to sponsor many programs and events. PBCHA provides office space in its housing developments for PBSO’s Community Policing Unit which also assists with fraud investigations and recovery.
- The Housing Authority continues to promote the use of its computer learning centers for residents at Drexel Apartments, Schall Landings, Dyson Circle and Seminole Manor.

Pahokee Housing Authority:

- PHA under HUD’s Residents Opportunities and Self-sufficiency (ROSS) program was awarded a $192,000 three-year grant, which will allow for the continued funding of a full-time Self-Sufficiency Coordinator to operate its Residents Self-Sufficiency program. This program offers comprehensive services through various partners to provide education, transportation, child care, health and budgeting services. The program also maintains alliances with various local and external partners which results in creating jobs and providing resources to improve the social structure in public housing.
- PHA continues to educate employees and residential program participants about their right to Fair Housing and Equal Opportunity (FHEO) rights. PHA will continue to pursue partnerships and collaborate with fair housing agencies for homeownership assistance training for staff and landlords, and for its residents.
- The Housing Authority plans to educate residents on energy conservation to reduce not only consumption of water and electricity but to improve energy efficiency through the continued replacement of appliances with energy efficient/Energy Star models and provide education tips to reduce household energy consumption.
- PHA will utilize its newly renovated Community Center and Computer Lab to host training activities for residents and their children to promote health, economic independence, adult and youth educational opportunities through enhanced learning websites, mentoring and other services to attain self-sufficiency. The ongoing partnership with CareerSource of PBC, PB State College and Bridges Foundation offers skill building, on-the-job training, job readiness and employment opportunities.
If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

Both the Palm Beach County Housing Authority and the Pahokee Housing Authority were designated a High Performer agency by the U.S. Department of Housing and Urban Development. The Belle Glade Housing Authority operates under the auspices of the USDA and is therefore not subject to this type of assessment.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

Palm Beach County is dedicated to improving housing opportunities of all its residents including the homeless population, those threatened with homelessness, and those with special needs. Governments and non-profit agencies will continue to provide facilities and support services to meet the immediate needs of homeless individuals/families and help prevent individuals and families from becoming homeless as well as those individuals with special needs. In its Five Year Consolidated Plan, Palm Beach County stated that the funds that are reasonably expected to be made available to the County for homeless programs will be utilized to assist the homeless population, those with special needs and to assist in the implementation of Leading the Way Home: Palm Beach County’s Plan To End Homelessness.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Palm Beach County and its partners will utilize various avenues to provide outreach to the homeless population, including those persons that are unsheltered. The County’s outreach efforts include initially assessing homeless individuals/families needs in order to provide the appropriate housing and supportive services referrals. The Service Prioritization Decision Assistance Tool (SPDAT) is the assessment tool used during outreach activities. The tool prioritizes whom to serve and identifies what support services should be provided to the individuals/families. The County plans to assist approximately 2,700 unsheltered persons during FY 2019-2020 through the following actions:

- Palm Beach County’s Homeless Outreach Team (HOT), which leads the County’s homeless outreach program, will continue to utilize the SPDAT to conduct initial assessments in the field. The individual’s SPDAT scores will be used to determine what programs and services are most needed by the homeless individual. The HOT Team will continue to travel to various locations throughout Palm Beach County where homeless persons are known to congregate to conduct these on-site screening.

- The Senator Phillip D. Lewis Center will continue to be the point of access for the homeless population to obtain housing/services in Palm Beach County. Community Development Block Grant (CDBG) funds will be utilized to partially offset its operating costs. Homeless individuals and families will continue to be referred to the Lewis Center from the County’s Homeless Outreach Team as well as law enforcement.

- The Homeless Coalition of Palm Beach County will coordinate several Homeless Project Connect events throughout the County during FY 2019-2020. These events allow the homeless population to receive free haircuts, toiletries, clothing and other related items. Homeless persons will also be provided with the opportunity to obtain identification cards at some of these events. It is estimated that over 600 homeless persons will attend the various Homeless Connect Projects
During the fiscal year.

- During the upcoming fiscal year, the Homeless Coalition will provide Warm Welcome Kits to everyone who comes through the doors of the Lewis Center. This program provides the individuals a sturdy cloth tote bag or backpack stuffed with various necessities and comforts to make the transition from homeless to home less stressful. These items include, among others, t-shirt, socks, wipes, soap, shampoo, toothbrush and toothpaste.
- Palm Beach County will observe National Hunger and Homeless Awareness 2019 (November 16-24, 2019). The County will sponsor multiple events during this week to include several outreach and educational activities.

**Addressing the emergency shelter and transitional housing needs of homeless persons**

The County will continue to provide funding (both federal and non-federal) for the operation and maintenance of local emergency shelters and transitional housing facilities and for the implementation of supportive services provided by these facilities. During the upcoming fiscal year, the County will provide shelter and supportive services to the homeless population through the following:

- Palm Beach County will continue to utilize Financially Assisted Agencies (FAA) funding to support emergency shelters and transitional housing facilities owned and operated by non-profit agencies. These facilities will provide shelter and support services to homeless single women and men as well as homeless families. FAA funding will also be used to provide shelter and support services to domestic violence victims.
- The County will provide $148,745,5.46 of ESG funding to provide transitional housing and support to single homeless men.
- Palm Beach County will allocate $109,645,54 of ESG funding and $24,506 of CDBG funding to support housing facilities that provide shelter and services to domestic violence victims as well as to abused, neglected and abandoned children.
- The County will allocate $720,752 of CDBG dollars to support the operation of two (2) county-owned emergency shelters. The Lewis Center will provide shelter and support services to homeless individuals and the Program REACH facility will provide shelter and support services to homeless families with children. It is anticipated that during the upcoming fiscal year 3000 homeless individuals and 240 homeless families will receive services from these two shelter facilities.
- The Housing and Homeless Alliance (HHA) prioritized emergency shelter as a priority to received ESG funding.
- A transitional housing project that provides shelter to unaccompanied youth who have aged out of the foster care system will receive $13,935 of CDBG funding to support its operation.
- The county will partner with a local housing authority operating in the county to construct and operate approximately twenty-one cottage homes to be operated as a transitional rental facility.

**Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that**
individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Palm Beach County will continue to assist homeless individuals and families to transition into permanent supportive and independent housing. The following actions will be undertaken by the County and its partners to help the homeless population transition into a permanent form of housing:

- The County will utilize Continuum of Care (CoC) and ESG funding to support three (3) Rapid Re-housing projects. These programs will provide financial assistance to homeless individuals/families to regain stability in permanent housing. The financial assistance will include security deposits, rental assistance, utility deposits, and utility assistance. These households will also be provided with case management and other supportive services.
- State Housing Initiative Partnership (SHIP) funds will be used by Palm Beach County to operate a Housing Reentry Assistance (REAP) Program. This homeless prevention program will provide rental security and utility deposits to eligible households whose income is up to 50% AMI.
- CoC funding will be used to maintain the operation of permanent supportive housing programs that dedicate 100% of their beds for the chronic homeless population. These programs will provide housing and support services to individuals as well as to families.
- The County will allocate FAA funding to assist with the operation of permanent supportive housing programs which that will assist individuals and families.
- During the upcoming fiscal year, the County will utilize HOME funds to operate a Tenant Based Rental Assistance (TBRA) Program. The program will provide direct financial assistance to households for rental deposits and monthly rental subsidies for up to 2 years.
- The County’s Homeless and Housing Alliance (HHA) has established the goal to fund permanent supportive housing projects that dedicate 100% of their beds for chronically homeless participants. This priority will be achieved by awarding maximum points during the grant review process for CoC-funded projects that meet this goal.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

Palm Beach County will continue to use local, state and federal funding to support Homeless Prevention activities that are designed to assist low-income persons and families that find themselves threatened with homelessness. The following actions will be undertaken by the County to assist individuals and
families that are at risk of becoming homeless:

- Palm Beach County will continue to provide direct financial assistance in the form of emergency rent and/or utility payments to households in order to prevent the household from becoming homeless. Homeless prevention funds will target those individuals and families who would become homeless without the assistance. The County will utilize funding made available through the Department of Children and Families (DCF) as well as Emergency Food and Shelter Program (EFSP) for homeless prevention activities.

- The County will utilize FAA funding to support a Traveler’s Aid Program. This program provides relocation assistance to homeless families/individuals who find themselves stranded in Palm Beach County. The assistance will be in the form of a one-way bus ticket that will allow the homeless individual to return to a support system outside of Palm Beach County.

- PBC’s DHES will continue to support applications to Federal/State and other programs that are seeking funding to provide services to households who find themselves threatened with homelessness. This support will be reflected by providing Certifications of Consistencies with the County’s Consolidated Plan and through participation on appropriate governing boards and committees.

- Palm Beach County will continue to coordinate with the Department of Children and Families (DCF), Child-Net and other agencies that provide housing and support services for unaccompanied youth (ages 18 to 25) that have aged out of the foster care system. Furthermore, DHES will provide $13,935 of CDBG funds to one public service agency that will provide shelter and services to this population.

- The youth project, “Connecting Youth to Opportunities” which provides rapid re-housing and support services to unaccompanied youth ages 18 to 25 who have aged out of the foster care system will receive CoC funding during the upcoming fiscal year.

- The Palm Beach County Sherriff’s Office will continue to work with the County’s Division of Veteran and Human Services to ensure persons who were homeless prior to being incarcerated are given the opportunity to access County’s homeless services. Assessments and sheltering arrangements will continue to be conducted by the County’s outreach team prior to the individual’s release from the County’s correctional facilities.

- Palm Beach County’s Reentry Task Force will continue efforts to implement comprehensive re-entry services to ex-offenders throughout the County. These services will include, among others, case management and housing assistance. The Task Force will be seeking funding and support applications during the upcoming fiscal year for this initiative. The Reentry Task Force partners include Palm Beach County, Criminal Justice Commission and Gulfstream Goodwill Industries.

- The Lewis Center will continue to coordinate with area hospitals and mental health facilities so discharged patients can receive referrals to the Lewis Center. The referrals will allow for the discharged persons to access the County’s homeless services.

**Discussion**
Palm Beach County does address the needs of persons who are not homeless but do require supportive services to maintain a functional life. Many supportive services for special needs population are currently
addressed through various County sponsored programs. The elderly population and senior citizen activities are assisted through the County’s social service programs. Many senior activities are facilitated by the Area Agency on Aging of Palm Beach and the Treasure Coast. Special needs services that are not directly provided by the County such as housing for persons with HIV/AIDS, foster care programs, youth aging out of State foster care, mental health disorders and assistance abuse are addressed by the County through coordination with a network of social service providers and through funding via CDBG, ESG, and General Revenue to non-profit agencies to assist in the provision of those services. The County is an active participant in the Special Needs Advisory Coalition (SNAC). The Coalition’s mission is to provide a comprehensive, integrated system of care that supports and connects individuals with special needs and disabilities and their family to community-based services and opportunities.

The remainder of this page is intentionally left blank
AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

Palm Beach County (PBC) will continue to implement strategies to remove barriers to affordable housing, whether such barriers are posed by public policies, the economic climate, or conditions in the local housing market. The County’s strategies are designed to close the affordability gap, increase the supply of affordable housing, and ensure opportunity for access to affordable housing.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Public policies of PBC are intended to remove barriers to affordable housing. The County, in its quest to promote affordable housing and to remove identifiable barriers to affordable housing, will continue to implement the following strategies:

- The PBC Planning, Zoning, and Building (PZB) Department in coordination with the Department of Housing & Economic Sustainability (DHES) have completed revisions to affordable housing policies set forth in the Future Land Use Element and the Housing Element of the Comprehensive Plan, approved and adopted by the Board of County Commissioners on May 2, 2018.
- County land development regulations allow for Zero Lot Line Developments which utilize less land to develop housing and thereby reduces its cost.
- Accessory Affordable Housing in the "Institutional and Public Facilities" Land Use Category provides non-profits and other community based organizations a means to develop very-low and/or low-income housing on land that has been set aside for public and/or governmental use but ordinarily has no specific residential density. This provision is important to special needs housing production since most often non-profits or community based groups with institutional land look to include special needs housing in conjunction with non-residential facilities (i.e., church site with elderly housing). This program is currently being evaluated against the provisions of the Comprehensive Plan and the ULDC, and recommendations may be made regarding its modification.
- PZB implements a mandatory Workforce Housing Program (WHP). The WHP requires the provision of workforce (60 – 140% AMI) units in all new housing developments of 10 or more units located in the unincorporated county. Development of the required workforce units is facilitated by certain incentives including density bonuses up to 100% and flexibility to traffic standards to allow for up to 30% greater volume on affected roadway segments.
- County owned surplus properties: if suitable for housing development, identified properties will be awarded to local housing authorities and funding provided from the Infrastructure Sales Tax (IST) to construct housing for L/M income families.
- PZB will implement a voluntary Affordable Housing Program (AHP) which stimulates the development of affordable units (<60% AMI) in all new developments of 10 or more units located
in the unincorporated county. The AHP requires 65% of total project units to be affordable in exchange for density bonuses incentives.

- PZB’s One-Stop Permit Process lessens the time required for developers to acquire necessary building permits, reducing interest costs to developers of affordable housing.
- The County’s Impact Fee Ordinance will minimize impact fees for new development of smaller, more affordable homes, by calculating impact fees on the total square footage of the home.
- DHES implements the Impact Fee Assistance Program, which utilizes investment earnings from impact fees collected on roads, parks, and public building to offset impact fees on the development of affordable housing projects for households at or below 140% of Area Median Income (AMI). Utilizing investment earnings from collected school impact fees is under consideration to be added to the program.
- The County Engineer’s Municipal Services Taxing Unit Program provides paving and drainage improvements throughout the unincorporated county. The program will help maintain housing affordability by allowing assessments for such infrastructure improvements to be paid over a period of 20 years to reduce the financial impact on property owners.
- The PBC Water Utilities Department’s Deferred Payment Program will reduce the financial impact on property owners of assessments levied for installation of public water and sewer systems within its service area. This program will allow assessments to be paid back over a period of 20 years with an annual interest rate of 5.5%.
- The PBC Property Appraiser’s Office will administer property tax exemptions which contribute to housing affordability, including:
  - Homestead Exemption
  - Active Military Service Exemption
  - Civilian Disability Exemptions
  - Disabled Veterans Exemption
  - Senior Exemption
  - Quadriplegic Exemption
  - Granny Flats Exemption
  - Legally Blind Exemption
  - Widow/Widower Exemption
  - Institutional Exemption

All of the listed exemptions contribute to affordability of housing by lowering the annual property tax burden. Additionally, the Portability Exemption allows homeowners which are relocating to transfer their existing homestead exemption to their new primary residence. This enhances fluidity in the housing market and increases the supply of existing for-sale housing thereby mitigating supply side price pressures.

The remainder of this page is intentionally left blank.
AP-85 Other Actions – 91.220(k)

Introduction:

Actions planned to address obstacles to meeting underserved needs

Palm Beach County has identified the following factors as obstacles to meeting the needs of its underserved population:

- Insufficient funding resources;
- Homelessness;
- Lack of skilled workers and jobs;
- Lack of affordable housing stock;
- Inability of low income families to afford home ownership;
- Need for a more cohesive service delivery system which promotes partnership between service providers; and
- The geographic separation between the urban eastern and rural western portion of the county precludes basic amenities, housing choices and efficient provision of job opportunities to low- and moderate-income households residing in the western glades communities.

During FY 2019-2020, the County plans to undertake the following actions to address the obstacles noted above.

- Continue to apply for new funding from Federal and/or State sources to better focus on the underserved needs of the County, and will support funding applications from other entities within its jurisdiction;
- Continue to provide affordable housing to extremely low, low, and moderate-income families through the new construction or rehabilitation of rental and owner-occupied units for these income groups and by providing mortgages at affordable rates.
- Develop the second Housing Resource Center using the approved $5.7M of the 1% Infrastructure Sales Tax (IST) to assist the homeless as well as over $1M in CDBG funding (some from previous years).
- Provide $25.5M IST for safe, decent and affordable housing units for the homeless, extremely low and low income. Projects for this year include construction of a 20-unit transitional Cottage Home ($4M).
- Initiate a pilot project to develop affordable single-family homes on scattered County-owned sites for purchase by qualified buyers.
- Provide financial support to non-profit and publicly operated entities that support homeless individuals and families, and other members of underserved populations.
- Promote the development of vocational, on-the-job training, apprenticeship and entrepreneurial programs for unskilled persons.
- Promote cooperation between agencies serving the underserved population by participating in the Homeless Coalition, Homeless and Housing Alliance, Countywide Community Revitalization...
Team, Affordable Housing Collaboration, Housing Leadership Council, Special Needs Advisory Coalition, Glades Technical Advisory Committee and the Homeless Advisory Board, among others.

- Address infrastructure deficiencies in low- and moderate-income areas (including identified CDBG Target Areas) through funding under the CDBG Program and the IST;
- Provide financial assistance to businesses under the Section 108 and other County Loan Programs in exchange for creating or retaining jobs to be held by low and moderate-income individuals, with a special focus in the Glades area; and lead economic development efforts in the Glades Region in order to improve economic and housing conditions for local residents.
- Continue to promote tax incentive opportunities for businesses creating jobs in the County's high crime areas under the state designated Urban (high crime) Job Tax Credit Program.
- Support countywide agencies such as the Black Business Investment Corporation and business incubators to assist in the development of small businesses for low and moderate-income persons.
- Encourage private investment/development in the County’s designated low-income census tracts under the Federal Opportunity Zone Program.
- Continue to provide energy payment assistance to over 7,000 low-income residents under the State of Florida’s Low-Income Home Energy Assistance Program.
- Continue to collaborate with CareerSource to provide effective and coordinated employment services opportunities to residents in need of assistance.

Actions planned to foster and maintain affordable housing

For FY 2019-2020, Palm Beach County will preserve and enhance the supply of decent and affordable housing for very-low, low-, moderate-, and middle-income (0 – 120% AMI) residents of the County by:

- Encouraging the utilization of vacant government properties for the development of affordable housing, and providing $25.5M of the 1% infrastructure sales tax (IST) for safe, decent and affordable housing units for the homeless, extremely low and low-income individuals and or families. This year includes the construction of a 20-unit transitional Cottage Home project utilizing 1.3 acres of surplus County-owned property.
- Initiating a pilot project to develop affordable single-family homes on scattered County-owned sites for purchase by qualified buyers.
- Continue to utilize interest earnings generated by investment of impact fee collections to assist new affordable housing development.
- Financing the purchase and/or rehabilitation of single-family homes for owner occupancy through first and second mortgages, and down payment or closing cost assistance under the SHIP and HOME Programs;
- Providing HOME Program funds to certified Community Housing Development Organizations (CHDOs) for the acquisition, rehabilitation, and new construction of single-family housing for ownership and single-family or multi-family housing for rental;
- Providing HOME Tenant-Based Rental Assistance funds for the housing of very-low income homeless families and individuals and those at risk of homelessness;
• Utilizing HOME and SHIP funding to leverage non-federal and private housing investments to develop rental housing in the local community;
• Continuing the issuance of bonds for single and multi-family housing for moderate, middle and lesser income persons and families through the County’s Housing Finance Authority.
• Assisting very-low income households to obtain rental housing by providing SHIP funding for first/last months’ rent and security deposits;
• Utilizing SHIP funding ($1.4M) to acquire, rehabilitate, and improve housing for veterans and other special needs households;
• Providing in-take, processing and subsidies to ensure occupancy for 139 Workforce Housing units.
• Ensuring that affordable housing subsidized by the County remains affordable for a prescribed period through deed restrictions and monitoring.
• Ongoing evaluation of policies and programs that impede affordable and workforce housing pursuant to FL §420.9076;
• Implementing the Planning, Zoning, and Building Department’s Workforce Housing Program, which mandates that housing units in new residential development be provided for households with incomes between 60% and 140% of AMI. The program also provides a density bonus incentive to developers to increase the number of total units in a new development based on the percentage of workforce housing units;
• Implementing the PZB Affordable Housing Program, whereby developers of new residential developments may receive certain incentives in order to provide affordable housing units to <60% AMI households; and
• Assisting eligible low-income households and seniors with energy related home repairs, weatherization, bill payment assistance and energy crisis assistance.
• Continuing rehab hardening program to reduce losses during storms and flood.
• Encouraging the use of Green Building and Energy Saving products and processes are used in affordable housing construction when funding assistance is provided by the County.

Actions planned to reduce lead-based paint hazards

HUD regulation 24 CFR Part 35, entitled “Lead-Based Paint Poisoning Prevention in Certain Residential Structures” requires that lead-based paint (LBP) hazards be controlled before the rehabilitation of a housing unit that is financially assisted by the federal government or being sold by the government, particularly if young children (ages 6 and under) will be occupying the unit. In Florida, Medicaid eligible children, particularly under the age of 72 months, are required to be tested for lead poisoning. All blood lead test results are reportable and results greater than or equal to 10 µg/dL will be reported to Florida Health PBC for inclusion in the Children’s Lead Poisoning Database. The Center for Disease Control (CDC) currently recommends that a child’s blood level equal to 5 µg/dL be reported to parents. No safe blood level in children has been identified and prevention of lead exposure before it occurs is recommended. The Florida Health Palm Beach County will continue to apply for grant funding in order to implement lead-based paint reduction programs. The Florida Health Bureau of Environmental Toxicology and the Florida
Health PBC are the two agencies responsible for monitoring lead hazard exposures within Palm Beach County.

Some of the actions to be undertaken by the Florida Health PBC to address and/or reduce lead-based paint hazards include:

- Promote lead hazard remediation efforts by providing families, communities, and professionals with knowledge and technical assistance regarding lead-based paint testing and abatement programs.
- Promote awareness about the Florida Department of Health Lead Alert Network and Consumer Product Safety Commission which disseminate information about lead hazards, folk medicine, imported candies, recalled toys and other children's products.
- Coordinate lead source identification with appropriate departments and organizations in the County to ensure the guidelines for lead reductions are consistent with the rehabilitation programs and codes.
- Ensure at-risk children are screened for lead poisoning and establish working relationships with stakeholders in the community who can help implement a county-wide elimination plan.

DHES follows the policies outlined in its residential housing rehabilitation program guidelines when implementing its federally funded, single family housing rehabilitation programs for homeowners. All residential units constructed prior to 1978 and slated for rehabilitation, must undergo an inspection for lead-based paint prior to the initiation of the rehabilitation. If lead-based paint is identified it will be assessed and abated, and the tenant/homeowner may be provided with relocation expenses for the period of the abatement. Up to $10,000 in CDBG grant funds may be awarded to cover the costs for lead-based paint testing, abatement, and homeowner relocation. DHES will keep on file all results of lead-based paint inspections and abatements in order to comply with applicable regulations. DHES also operates a first mortgage program and under this program all homebuyers purchasing residential units which were built prior to 1978, are advised of the potential of lead-based paints hazards which may affect the housing unit. DHES will require lead-based paint inspections of commercial buildings built prior to 1978, if the buildings will be used by children.

**Actions planned to reduce the number of poverty-level families**

The County and its partners will continue efforts to reduce the number of poverty-level families through family stabilization programs, employment related supportive services, creating economic opportunities, and the provision of affordable housing.

The County’s planned actions to reduce the number of poverty-level families are as follows:

- Advocate for clients underserved, the services and funding to address self-sufficiency and economic stability.
• Continue to provide opportunities to the poor by combining, organizing and adjusting the available resources so that programs are tailored to the needs of low-income people and communities.

• Collect and analyze data from information systems and other qualitative means in order to assess the economic needs of persons living below the poverty level.

• Assist migrant and seasonal workers to learn new employment skills by providing basic job skills training, job readiness, high school equivalency preparation, counseling and support.

• Coordinate and share data with other organizations that plan and develop economic growth and job training.

• Provide local matching funds for Title 20 subsidized childcare, providing support to low-income, working parents.

• Assist eligible citizens in need, including seniors, veterans and current members of the armed forces to attain optimal independence.

• Implement farm worker programs to provide classroom education, on-the-job training, and job search assistance to farm workers and their families to be able to attain full-time, year round employment.

• Continue to provide support for the Lutheran Services Florida (LSF), a non-profit, to administer the Head Start and children services program which assists 2,468 low-income preschool children from birth to 5 years.

• Implement a Family Self-Sufficiency Program to assist at-risk families with various educational, health care and other services including economic stability and self-sufficiency services to enable individuals/families to be self-supporting.

• Continue to fund ($12M) to the Financially Assisted Agency Program, which provides funding to non-profit agencies to administer health and human service programs.

• Continue to provide job creation and retention opportunities, particularly in areas with high concentrations of poverty.

• Support CareerSource Palm Beach County that operates three full service career centers to provide employer/employment opportunities countywide and an office for employment & training and related services for individuals receiving Supplemental Nutrition Assistance Program and Employment and Training Program benefits.

• Support and encourage private long-term investment and job creation in the targeted communities designated as Opportunity Zones.

• Continue to use CDBG funds ($306,000) to assist business incubators to provide entrepreneurial expertise to small and micro business enterprises.

• Continue to coordinate and support catalyst projects like Oxygen Development LLC on the Coast and a future inland logistics center in the Glades, to bring major job opportunities.

• Support the Glades Incentive Program to provide incentive payments to contractors & subs for the hiring of new employees residing in the Glades Region.

• Continue to provide Low Income Home Energy Assistance Program (LIHEAP) which helps keep low income families safe and healthy through initiatives that assist families with energy costs.
• Support the operations of the Senator Philip D. Lewis Center (homeless resource center), Family Emergency Center with CDBG, and the construction of a new homeless center to be located in the central portion of the County provided through the approved additional 1% sales tax.
• Continue to use HOME funds to fund a tenant based rental assistance program to serve homeless and impoverished families.
• Continue to use ESG funds to fund a rapid rehousing program for the prevention of homeless households.

Actions planned to develop institutional structure

Palm Beach County supports strong institutional structure to manage the identification of needs and the delivery of benefits to low income and special needs residents of the community. Entities involved in this endeavor include Palm Beach County government departments, private organizations, other local governments and public agencies. Various special purpose committees and boards include representation from the aforementioned agencies that participate in the distribution of these benefits. The strength of the system is the close collaboration between the number and variety of organizations, public and private, and the comprehensive knowledge each agency has of the range of public services that are available to their clients. The programs are countywide and available to both the homeless and special needs populations. The County has identified the expansive land area which is Palm Beach County as a major obstacle to the efficient delivery of homeless and special needs services. Most of the services available to the homeless and special needs population are offered in the eastern portion of the County, and underserved populations in the north, south and, especially the western portion of the County does not have easy access to these services. The County continues to explore various options that would allow for western community residents to better access services and benefits. The lack of affordable housing for the homeless and very low income populations has also been identified by the Homeless and Housing Alliance (HHA) as an issue to overcome. PBC continues to evaluate the operation of each of its community development programs in order to ensure their operation within regulatory requirements, maximize persons to benefit, and ensure eligible persons have easy access to these benefits. Following are some of the activities underway or to be undertaken during the coming year:

• Actively coordinate with municipal partners in the preparation of the annual action plan.
• Facilitate the actions of various committees to manage the Continuum of Care and the Emergency Solutions Grant requirements.
• Pursue closer relationships between the County and non-profit and for-profit housing providers of affordable housing.
• Provide funding and additional incentives for affordable housing development.
• Continue to support workshops and forums which advance affordable housing, economic development, homeless and other special needs issues.
• Provide direct home ownership assistance to L/M income families to enable them to qualify for conventional first mortgages.
• Provide funding to businesses, incubators, among others, in order to generate jobs for L/M income persons.
• Construct a Homeless Resource Center to serve the central and southern portions of the County.
• Support and participate in the Special Needs Advisory Coalition which promotes the comprehensive, integrated system of care for individuals with special needs and disabilities.
• Solicit the participation of local public housing authorities to construct and operate housing for very low and low income residents on County owned vacant land deemed suitable for housing development, and provide financial assistance to these ventures through revenues earned from the sales surtax initiative.
• DHES continues to be responsible for certifying consistency with the Action Plan for any housing-related activity that receives HUD funding, and will continue to collaborate with a variety of entities to provide housing and non-housing activities for the development of viable urban communities within Palm Beach County.

**Actions planned to enhance coordination between public and private housing and social service agencies**

The following summarizes the actions to be undertaken by Palm Beach County to enhance coordination in the implementation of the Action Plan.

**Coordination with Continuum of Care**

Formulation, implementation, and monitoring the overall effectiveness of strategies to address homelessness are primarily done by the Homeless and Housing Alliance (HHA) which serves as the local Continuum of Care (CoC). The HHA is comprised of homeless service providers from all areas of the homeless arena and the lead agency is the Division of Human and Veteran Services (DHVS). The HHA establishes the homeless priorities to be addressed by the County, and recommends funding under the ESG and HUD’s Continuum of Care Grant Programs. The HHA recommendations to address homelessness are included in the Consolidated Plan. Administration of the ESG Program is carried out by the DHVS.

**Coordination with Public and Assisted Housing Providers**

The County will continue to coordinate with: the 4 housing authorities located within its jurisdiction; the five HOME designated CHDOs; Housing Leadership Council; Palm Beach County Affordable Housing Collaborative; Treasure Coast Regional Planning Council; and for-profit and not-for-profit affordable housing providers, to increase the supply of affordable housing and to identify the most needy households. The cooperation will include collaboration on housing types and housing strategies to be adopted, financial assistance to affordable housing projects and identification of groups to be prioritized. Financing is to be provided primarily under the HOME and SHIP programs and projects funded are selected via a competitive RFP.

**Coordination with Health, Mental Health, and Service Agencies**

Coordination with the following agencies will continue: Palm Beach County Health Department, especially as it relates to lead-based paint identification and abatement; Jerome Golden Center for Behavioral Health, Seagull Industries, Coalition for Independent Living Options (CILO, and the ARC, specifically to address disability issues; the Legal Aid Society of Palm Beach County and the Urban League of Palm Beach
County to address legal and fair housing problems experienced by low- and moderate-income persons; Redlands Christians Migrant Association, Children’s Home Society of Florida, Place of Hope, Children’s Place at Home Safe, Vita Nova and the County’s Youth Services Department to address issues related to youth and child care.

**Coordination with Units of Local Governments**

Each municipality with an approved CDBG target area is invited annually to submit a project for CDBG funding. This project should be a capital or housing redevelopment project which is located within the identified target area. DHES works with the municipalities to ensure that the projects submitted for funding are eligible and monitor their timely implementation.

**Economic Development- Actions to Enhance Coordination with Private Industry, Businesses, Developers, and Social Services Agencies.**

Palm Beach County provides incentives and funding to businesses under a wide range of programs. These programs are aimed at creating jobs predominantly for low- and moderate-income households and for the revitalization of depressed areas, primarily the Glades Region of the County and other areas designated as Enterprise Zones. The County will continue to use CDBG entitlement funds to fund two business incubators and one CDFI. The Section 108 Loan Program will continue to provide funding to businesses as well as funding obtained from the USDA and allocations from general revenues. Palm Beach County DHES will also continue to work closely with the Business Development Board to attract new businesses to the County.

The remainder of this page is intentionally left blank
Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(l)(1,2,4)

Introduction:

For Fiscal Year 2019-2020, the County expects to receive funding under the following CPD Programs: CDBG ($6,406,686); ESG ($546,649); and HOME ($2,145,072). In addition, the County expects to generate approximately $280,000 in un-programmed program income under CDBG ($30,000) and HOME ($250,000). CDBG funds are expected to fund program activities to be implemented by County departments, municipalities, and non-profit agencies. The HME Program will fund CHDO activities, the construction or rehabilitation of affordable multi-family housing units, a first time homebuyers program and a tenant-based rental assistance program. THE ESG Program will fund emergency shelters, rapid re-housing and HMIS.

Community Development Block Grant Program (CDBG)
Reference 24 CFR 91.220(l)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table (AP-35). The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed $30,000
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee’s strategic plan $0
3. The amount of surplus funds from urban renewal settlements $0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan. $0
5. The amount of income from float-funded activities $0
Total Program Income $30,000

Other CDBG Requirements

1. The amount of urgent need activities $0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income 80%

The remainder of this page is intentionally left blank
HOME Investment Partnership Program (HOME)  
Reference 24 CFR 91.220(l)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:  
Palm Beach County will not utilize HOME funds in any other form except those stated in Section 92.205(b)(1).

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:  
Palm Beach County may use HOME funds during FY 2019-2020 for the following homeownership activities: provision of mortgages for acquisition (purchase) of units; provision of second mortgages to assist with the purchase of a home; and provision of assistance for rehabilitation of an owner occupied home; construction of replacement housing when original structure is deemed to be beyond repair. Where full funding is provided for acquisition, the assistance will be in the form of a repayable loan and the price of the unit cannot exceed $294,500 (95% of the median sale price for a housing unit in Palm Beach County HUD FHA 2019 Mortgage Limits List). All other assistance may be provided in the form of a repayable loan or deferred loan that will be forgiven at the end of the affordability period. In order to qualify for any of the assistance stated above, a household must have an income that does not exceed 80% of the median income for Palm Beach County.

Recapture Provision
The following Recapture Provision will be implemented to ensure the continued affordability of homebuyer units:

Principal Residence: Any home constructed, acquired or rehabilitated under the HOME Program must be used as the principal residence of the homebuyer.
Upon the sale, transfer, lease, conveyance or alienation of any part or all of the property before the expiration of the affordability period, the County’s HOME repayment provisions are triggered and the full amount of the HOME subsidy will be recaptured.

This policy will be applicable to all HOME funded homeownership activities which are administered by HES, CHDOs, Developers, or Subrecipients. The following chart depicts the required affordability period based on the types and form of the HOME assistance:

<table>
<thead>
<tr>
<th>Funded Activity</th>

</tr>
</tbody>
</table>

Table 14 – Affordability Period

Refinance: Mortgage subordinations will only be granted at the discretion of Palm Beach County. Mortgage subordinations will only be granted in cases where the homeowner is seeking new financing.
to: lower the term of the first mortgage; lower the interest rate of the first mortgage; or make improvements to the HOME assisted property. Should the homeowner refinance for any reason other than those stated above, the full amount of the subsidy provided shall become due and payable in full.

3. **A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds?** See 24 CFR 92.254(a)(4) are as follows:

Palm Beach County’s Department of Housing and Economic Sustainability (DHES) utilizes the recapture provision for all of its HOME funded housing assistance programs. Recapture provisions encumber the property via a mortgage and promissory note and/or Declaration of Restrictions. If the owner does not maintain compliance with residency and other provisions of the encumbrance, the requirement to repay the County is triggered. If the recapture provision is triggered by a sale (voluntary or involuntary) of the housing unit, the amount recaptured cannot exceed the net proceeds, if any. Net proceeds are defined as the sales price minus repayment of superior loans and any closing costs. The recaptured funding will be HOME program income. The following chart depicts the amount of the repayment due to the County in the event of a violation of the deed restrictions:

Table 15 – Repayment Calculation

4. **Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:**

During FY 2019-2020 Palm Beach County does not plan to use HOME funds to refinance existing debt secured by multi-family housing that is being rehabilitated with HOME and/or other federal funding. However, this activity may be implemented in subsequent years during the Consolidated Plan period. Pursuant to 24 CFR part 91, refinancing guidelines will include cost reasonableness per unit, management capacity and best practices, market analysis and feasibility, long-term viability, effect on project debt/equity, purpose of refinance, affordability for 15 years (or longer at the discretion of the County), and other compensating factors consistent with the County’s affordable housing policies.

5. Describe the process for HOME eligible applicants, indicating the process for soliciting and funding applications or proposals and where this information can be obtained.

The County solicits eligible applicants under various HOME Programs in the following manner: First time homebuyers and homeowner rehabilitation – a Notice of Funding Availability (NOFA) is published in the Palm Beach Post and is placed on the DHES website advising of the availability of funds and the eligibility requirements of the programs. For CHDO reserved funding, the County directly notifies all certified CHDOs of a Request for Proposal (RFP), publishes the RFP in the Palm Beach, and advertising it on the DHES website. For rental housing developers, a RFP is placed in the Palm Bach Post, advertised on the DHES website, and is directly sent to all interested parties. RFPS are administered in accordance with Part 200.
6. **Indicate if the County plans to limit beneficiaries or give preference to a particular segment of low income population. Provide a description of the limitation preference.**

Palm Beach County does not provide preferences to particular segments of low income populations or limit beneficiaries. An eligible household must have an income that does not exceed the limits set by HUD program regulations, along with other qualifying requirements to obtain funding from the County.

**Emergency Solutions Grant (ESG)**

**Reference 91.220(l)(4)**

1. **Include written standards for providing ESG assistance (may include as attachment)**

   The County’s Division of Human and Veteran Services (DHVS) administers the Emergency Solutions Grants (ESG) Program and coordinates all ESG-funded activities to enhance the quality of the homeless facilities and services offered to the County’s homeless population. Although ESG funds can be used for a variety of activities, Palm Beach County has selected to fund projects under the emergency shelter, rapid re-housing and the homeless Management Information System (HMIS) component. The County has taken full advantage of ESG’s flexibility to fund a wide range of services which address critical gaps that exist within the County’s Continuum of Care.

   Palm Beach County Homeless and Housing Alliance (HHA) have the following written program standards that govern ESG-funded activities: Emergency Shelter Standards, Rapid Rehousing Standards, Coordinated Intake and Assessment Standards, Housing First Standards, and HMIS Policies and Procedures. These standards were written and adopted by the HHA during the past fiscal year. Palm Beach County traditional provides funding for the first three activities mentioned above. The program standards to implement these activities are attached.

2. **If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.**

   The CoC utilizes the Service Prioritization Decision Assistance Tool (SPDAT) to prioritize the service needs of the homeless population. The CoC adopted the SPDAT as its centralized and coordinated assessment tool in November 2013. Training on the utilization of the tool began in January 2014 with full implementation by July 2014. The SPDAT is used as part of the intake process and found to be effective in determining appropriate placement and service prioritization.

3. **Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).**

   The ESG Program is administered by the County’s Division of Human and Veteran Services (DHVS). In order to allocate the ESG Program funds, DHVS requests that the CoC prioritize the eligible ESG components and provide directions as to how the ESG award should be allocated for the upcoming
year. Once the priorities and distribution method are established, DHVS utilizes the Request for Proposals (RFP) process to allocate the ESG funds to subrecipients. The process is as follows:

- A Request for Proposals (RFP) and a scoring tool is developed and an appeal process is established.
- The RFP is issued and posted on the County’s website.
- A Technical Assistance Meeting is conducted for all interested applicants.
- A Non-Conflict Grant Review Committee with one member being either homeless or formerly homeless is established by DHVS.
- Grant Review Committee Training is conducted for all committee members.
- Proposals are initially reviewed by DHVS to insure regulation compliance, and then forwarded for review and scoring by the Grant Review Committee.
- The Grant Review Committee scores and ranks the proposals based on the following criteria: demonstration of need for the activity; evidence of site control and ability to develop and implement activity; reasonableness of total project costs and the ESG program amount requested; evidence of activity financial feasibility and that matching funds are committed and available for obligation; applicants ability to expend grant funds in timely manner and past performance and the appropriateness of qualifications and backgrounds of personnel assigned to activity.
- The ESG funding recommendations are forwarded to the Board of County Commission (BCC) for final approval

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

Former homeless individuals serve on both the HHA Executive Committee and on the Non-Conflict Grant Review Committee (funding recommendation committee).

5. Describe performance standards for evaluating ESG.

All ESG-funded subrecipients enter into a one-year agreement with Palm Beach County to provide the ESG homeless activity. The agreement’s scope of work outlines how request for reimbursements should be submitted and the reporting process for each subrecipient. All ESG agreements entered into by the County are subject to on-going monitoring and evaluation throughout the term of the agreement. The methods of monitoring include: on-site monitoring visits, desk audits of monthly reports, review of final reports, review of randomly selected case files, and on-going contact with agency’s program staff.

The contractual agreement requires all subrecipients to submit monthly reports along with their request for reimbursement. The monthly narrative reports describe activity progress during the month through a detailed narrative describing contract activities and the results achieved. To meet HUD’s reporting requirements, statistic data is also reported to track the type of activity carried out and the number of individuals/families assisted, including data on racial/ethnic characteristics of the
program participants. Subrecipients are advised that unless all reporting requirements are satisfactorily met, requests for reimbursements will not be processed.

All sub-recipients must ensure that financial records and documents pertaining to costs and expenses under the ESG grant are maintained to reflect all costs of materials, supplies, services and any other costs and expenses for which reimbursement is claimed or payment is made. All records pertaining to the grant are retained for a period of at least five (5) years following submission of the final expenditure report. In the event that any claim, audit, litigation, or state/federal investigation is started before the expiration of the record retention period, the records are retained by the sub-recipient until all claims or findings are resolved. The County has direct access to any records relevant to the ESG-funded activity.

The HHA has adopted performance measures that are used to evaluate ESG-funded programs within the Continuum. To date fourteen (14) performance measures have been developed and approved by the HHA. In collaboration with the HMIS, the HHA is now using the performance measures to generate reports on the operational aspect of ESG-funded programs.

6. Emergency Solutions Funding Recommendations

The following table shows the funding recommendations made by the Homeless and Housing Alliance Executive Committee, which was tasked by the PBC Department of Community Services, Division of Human Services to recommend the distribution of FY 2019-2020 ESG funds to non-profit entities. Additionally, $75,000 was set-aside for funding of HMIS, and $40,998 was allocated for program administration.

APPENDIX I – CERTIFICATIONS
CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

**Affirmatively Further Fair Housing** -- The jurisdiction will affirmatively further fair housing.

**Uniform Relocation Act and Anti-displacement and Relocation Plan** -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, (42 U.S.C. 4601-4655) and implementing regulations at 49 CFR Part 24. It has in effect and is following a residential anti-displacement and relocation assistance plan required under 24 CFR Part 42 in connection with any activity assisted with funding under the Community Development Block Grant or HOME programs.

**Anti-Lobbying** -- To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and

3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

**Authority of Jurisdiction** -- The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

**Consistency with plan** -- The housing activities to be undertaken with Community Development Block Grant, HOME, Emergency Solutions Grant, and Housing Opportunities for Persons With AIDS funds are consistent with the strategic plan in the jurisdiction's consolidated plan.

**Section 3** -- It will comply with section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u) and implementing regulations at 24 CFR Part 135.

Jonathan B. Brown
Director
This page intentionally left blank
Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2019, 2020 & 2021 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and

2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.
Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, Subparts A, B, J, K and R.

Compliance with Laws -- It will comply with applicable laws.

OPTIONAL Community Development Block Grant Certification

Submit the following certification only when one or more of the activities in the action plan are designed to meet other community development needs having particular urgency as specified in 24 CFR 570.208(c):

The grantee hereby certifies that the Annual Plan includes one or more specifically identified CDBG-assisted activities which are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community and other financial resources are not available to meet such needs.

Specific HOME Certifications

The HOME participating jurisdiction certifies that:

**Tenant Based Rental Assistance** -- If it plans to provide tenant-based rental assistance, the tenant-based rental assistance is an essential element of its consolidated plan.

**Eligible Activities and Costs** -- It is using and will use HOME funds for eligible activities and costs, as described in 24 CFR §§92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in §92.214.

**Subsidy layering** -- Before committing any funds to a project, it will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing;

Jonathan B. Brown  
Director

Emergency Solutions Grants Certifications

The Emergency Solutions Grants Program recipient certifies that:

Major rehabilitation/conversion/renovation – If an emergency shelter’s rehabilitation costs exceed 75 percent of the value of the building before rehabilitation, the recipient will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed rehabilitation.

If the cost to convert a building into an emergency shelter exceeds 75 percent of the value of the building after conversion, the recipient will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed conversion.

In all other cases where ESG funds are used for renovation, the recipient will maintain the building as a shelter for homeless individuals and families for a minimum of 3 years after the date the building is first occupied by a homeless individual or family after the completed renovation.

Essential Services and Operating Costs – In the case of assistance involving shelter operations or essential services related to street outreach or emergency shelter, the recipient will provide services or shelter to homeless individuals and families for the period during which the ESG assistance is provided, without regard to a particular site or structure, so long the recipient serves the same type of persons (e.g., families with children, unaccompanied youth, disabled individuals, or victims of domestic violence) or persons in the same geographic area.

Renovation – Any renovation carried out with ESG assistance shall be sufficient to ensure that the building involved is safe and sanitary.

Supportive Services – The recipient will assist homeless individuals in obtaining permanent housing, appropriate supportive services (including medical and mental health treatment, victim services, counseling, supervision, and other services essential for achieving independent living), and other Federal State, local, and private assistance available for these individuals.

Matching Funds – The recipient will obtain matching amounts required under 24 CFR 576.201.

Confidentiality – The recipient has established and is implementing procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted under the ESG program, including protection against the release of the address or location of any family violence shelter project, except with the written authorization of the person responsible for the operation of that shelter.

Homeless Persons Involvement – To the maximum extent practicable, the recipient will involve, through employment, volunteer services, or otherwise, homeless individuals and families in constructing, renovating, maintaining, and operating facilities assisted under the ESG program, in providing services assisted under the ESG program, and in providing services for occupants of facilities assisted under the program.

Consolidated Plan – All activities the recipient undertakes with assistance under ESG are consistent with its consolidated plan.
Discharge Policy – The recipient will establish and implement, to the maximum extent practicable and where appropriate, policies and protocols for the discharge of persons from publicly funded institutions or systems of care (such as health care facilities, mental health facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent this discharge from immediately resulting in homelessness for these persons.

APPENDIX TO CERTIFICATIONS

INSTRUCTIONS CONCERNING LOBBYING CERTIFICATION:

Lobbying Certification
This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.
APPENDIX II - CITIZEN PARTICPATION COMMENTS

Following is a summary of meetings held by the Department of Housing and Economic Sustainability (DHES), Community Services, and the Palm Beach County Board of County Commissioners (BCC) as they relate to the FY 2019-2020 Action Plan.

Eastern and Western County Regional Meetings

a) Western County Meeting
   Date: Monday, May 11, 2019
   Time: 10:30 A.M.
   Location: Belle Glade Civic Center, 725 NW 4th Street, Belle Glade, FL 33430

Purpose of Meetings:
This meeting was held to inform members of the public of the preparation of the FY 2018-2019 Action Plan and to seek their input into defining activities to be funded under the CDBG, HOME and ESG Programs. Comments received will be considered for incorporation into the Annual Action Plan.

Summary of Public Comments (Western Meeting):
There were no public comments.

b) Eastern County Meeting
   Date: Wednesday, May 13, 2019
   Time: 2:00 P.M.
   Location: 100 Australian Avenue, West Palm Beach, FL 33406

Purpose of Meeting:
This meeting was held to inform members of the public of the preparation of the FY 2018-2019 Action Plan and to seek their input into defining activities to be funded under the CDBG, HOME and ESG Programs. Comments received will be considered for incorporation into the Annual Action Plan.

Summary of Public Comments (Eastern Meeting):
- A representative of a non-profit social service agency commented on the need for CDBG support for public service activities.
- A municipal representative commented that there is a great need for housing rehabilitation in the western portion of Palm Beach County.
- Another municipal commenter inquired if capital projects can overlap various fiscal years.
- A recommendation was made that CDBG funds be utilized to upgrade infrastructure deficiencies.
- A non-profit housing developer suggested that non-profit developers have the ability to access funding for infrastructure improvements in communities where affordable housing is being developed.
- A Community Land Trust representative stated that funds should target single-family construction/acquisition.
• A local housing developer identified a need for county funding to fill the financing gap in development budgets and that this funding should be provided as a subsidy that does not require repayment.
• A member of the public commented on the need to continue funding agencies that serve victims of domestic violence.

**Non-Conflict Grant Review Committee Meeting (ESG):**

**Date:** April 22, 2019  
**Time:** 1:00 pm  
**Location:** 810 Datura Street, West Palm Beach, FL 33401

**Purpose:**
The Non-Conflict Grant Review Committee consists of five (5) individuals whose sole purpose is to review the applications for ESG funding which were submitted in response to a NOFA published on March 7, 2019. A technical assistance meeting was held on March 26th for all applicants. On April 12th applications were due. All members are non-conflict in that neither they nor the organizations which they represent have applied for ESG funding. On April 22, 2019, the Committee met in a public meeting to review and rank the four (4) applications received and to make funding recommendations. Prior to initiating discussions amongst the committee members to arrive at funding recommendations, Jada Green, Grants Manager, PBC Human Services Division, solicited comments from the agencies that attended the meeting.

**Public Input Received:**
None received.

**Actions Taken:**
The Committee deliberated amongst themselves, discussing each application individually and subsequently arrived at the following funding recommendations: Aid to Victims of Domestic Abuse - $67,687.44; Adopt-A-Family - $172,260; The Salvation Army - $148,745.46; and The Young Women’s Christian Association - $41,958.

**Palm Beach County Board of County Commissioners Meeting**

**Date:** April 30, 2019  
**Time:** 10:30 a.m.  
**Location:** PBC Government Center, 301 N. Olive Avenue, West Palm Beach, FL 33401

**Presenters:** Faye W. Johnson, Assistant County Administrator, Jonathan Brown, Director, DHES, Sherry Howard, Deputy Director, DHES, Carlos Serrano, Director, SPO, DHES
The purpose of this public meeting was to review the County’s accomplishments under the ESG, CDBG and HOME Programs, discuss strategies for the FY 2019-2020 Action Plan and to receive BCC direction on these strategies.

Staff showed a slide presentation to convey information to the BCC and to the public about the Action Plan. The slides presented an overview of the HUD federal programs, the County’s accomplishments under the ESG, HOME, and CDBG Programs and the recommended uses for the funds under the three programs covered in the Action Plan. Ms. Johnson stated that the Action Plan is the County’s application to HUD for funding under the CDBG, ESG and HOME programs and that the Action Plan lays out Palm Beach County’s proposed use of these grant dollars and are available for public comments prior to being presented to the Board at a public hearing on July 2, 2019.

**Board Discussion**

**Commissioner McKinlay:**
Asked for clarification of the differences between the Homeless and Housing Alliance (HHA), the Homeless Advisory Board (HAB) and the Homeless Coalition.

**Assistance County Administrator Nancy Bolton:**
Explained the role and responsibilities of each group.

**Commissioner McKinlay:**
Inquired what, if any, funds will be used for the housing rehabilitation program for the upcoming year.

**Jonathan Brown:**
DHES will use SHIP funding as well as carry over CDBG funds for housing rehabilitation activities.

**Commissioner McKinlay:**
Requested a performance report for Center for Enterprise Opportunity (CEO) and Center for Technology, Enterprise and Development (TED) as well as a performance report for the CDBG-funded code enforcement activities for the 3 municipalities in the western portion of the county.

**Commissioner Valescha:**
Inquired if the CDBG–funded Legal Aid Society project was for Wage Theft activities.

**Carlos Serrano:**
The Legal Aid Society utilizes CDBG funds to support Fair Housing activities.

**Commissioner Weiss:**
Suggested that an overall comprehensive housing accomplishments report that includes all funding sources, would be helpful.

**Assistant County Administrator Faye Outlaw:**
Housing accomplishments for 2018 was presented to the BCC in January 2019. That presentation, however, focused solely on the federal and state grant programs that were administered by DHES.

**Mayor Bernard:**
Stated that the funding levels of the federal grant programs that are administered through DHES are population driven; therefore, it is extremely important that everyone participate in the upcoming 2020 Census.

**Public Comments - BCC Workshop April 230, 2019:**
No public comments

**Board Direction**
After discussion, the Board directed staff to move forward with the proposed use of grant funds as outlined in the staff presentation.
Action Plan Public Meetings (Eastern and Western)

a) Western Meeting
   Date: May 21, 2019
   Time: 10:30 am
   Location: Belle Glade Library/ Civic Center, 725 NW 4th Street, Belle Glade, FL 33430

b) Eastern Meeting
   Date: May 22, 2019
   Time: 10:00 am
   Location: Airport Center, 100 Australian Avenue, Room 1-470, West Palm Beach, FL 33406

The purpose of the meetings was to present the draft FY 2019-2020 Action Plan to the public, along with funding recommendations.

Public Comments
No comments were received.

Palm Beach County Board of County Commissioners Public Meeting
Date: Tuesday July 2, 2019
Time: No Time Certain BCC Meetings start at 9:30 A.M.
Location: PBC Government Center, 301 N. Olive Avenue, West Palm Beach, FL 33401

The purpose of the meeting was to receive final approval of the FY 2019-2020 Action Plan from the Palm Beach County Board of County Commissioners prior to submitting the application to HUD.

Public Questions/Comments
No comments were received.

Board Direction
Approved Action Plan for submission to HUD.
"It was really about the risk," Levine said of the number of re-offenders. "For me, it was a conscience thing and to get rid of the guilt that I had." Levine said she was required to fill in the blank every two months, because every new case was treated as if it were the first time she had ever been in a court.

In fact, the program is only available to those who have been arrested in Palm Beach County on prostitution-related charges or who were convicted in another county.

"When I got out, I had to fill in the blanks," Levine said. "I never thought I'd have to fill in any other cases." Levine said she was arrested and convicted for prostitution-related offenses in Palm Beach County in 2001 and 2003.

"I never thought I'd have to fill in any other cases," Levine said. "I never thought I'd have to fill in any other cases." Levine said she was arrested and convicted for prostitution-related offenses in Palm Beach County in 2001 and 2003.

ARRIVAL

From Page A1

"It's not Mueller's job to censure him," said one former prosecutor who worked on the investigation. "He's not going to do it. He's not going to explain why he didn't do it. The American people are going to have to decide for themselves what the evidence means."

Natalia, she didn't give her last name, walked along South Beach. She's a Trump supporter, and she was upset that the Mueller report didn't go further. "I thought it was a waste of time. It didn't do anything for the American people."

"I'm not sure what to make of it," she said. "I don't know if it's going to change anything."

"I'm not sure what to make of it," she said. "I don't know if it's going to change anything."

That's why she's been following the investigation closely. "I'm waiting to see what comes out of it," she said. "I want to see if there's anything new that I can believe."
Russia, far-right copycats target Europe's elections

By Matt Apuzzo and Adam Parsons from The New York Times

LONDON — Less than a week before pivotal elections for the European Parliament, a constellation of websites and social media accounts linked to Russian right-wing groups spreading disinformation, encouraging discord and amplifying rumors in the lead-up to the vote. The European Parliament elections are to be held on May 23.

The Russian Union, a far-right political organization in Italy, has been particularly active in the European elections, targeting both the European Parliament elections and the German federal election in September. The group is run by Valdo Vedić, a former member of the Italian far-right party Forza Italia, and has been described by some observers as a front for Russian influence in European politics.

The group has been active in spreading disinformation and propaganda around the elections, including the spread of false information about candidates and parties, and has also been alleged to be involved in the coordination of far-right political movements across Europe.

The European Parliament elections are a key moment for the Russian Union, which has been actively involved in the promotion of far-right candidates and parties across Europe. The group has been particularly active in countries such as Italy, where it has been accused of spreading disinformation and propaganda around the country's national elections.

Putin shoots, scores and falls face-first on hockey ice

By Tanya Lotz

LONDON — Russia’s president, Vladimir Putin, has long cultivated a robust image as a sportsman, both at work and at play. His loyalty to his former home team, the Krylatskoye hockey club, and his dedication to the sport of hockey have been a key part of his public persona. Putin is known for his love of the sport and has been seen playing hockey in various locations, including his private residence in the Black Sea resort of Sochi.

Putin’s passion for hockey has been evident in his various public appearances, which have often included moments on the ice. The Russian leader has been known to play hockey with various teams and has been pictured several times in goal. Putin is also a member of the Russian Olympic Committee and has been involved in various sports-related events in the country.

In recent years, Putin has been seen participating in various hockey tournaments and events, including the Sochi Olympics, where he was spotted playing in the Russian national team. The Russian leader has also been seen playing hockey in his private residences, including his $1.5 billion home on the Black Sea.

Putin’s dedication to the sport has been a source of inspiration for many, and his participation in various events has helped promote the sport in Russia and across the world. The Russian leader has also been known to support various hockey teams and has been involved in the development of the sport in the country.

ALIVE

From Page A1.

Reach Evening Times Editor Terry Wilkin for a bus driver from the folks that Dad worked for, then. They settled into his house.

One parent wrote, "My God, it sure was a

Penick's story said that on the day he visited 1800 years ago, his family, 34 letters from familym the parents were both present. Dad Mac opened one in front of Penick. It was on the site of a woman who had not heard from her husband for months. Mac had a baby in his arms. He said that was his salary, and he was overpaid at that.

The date of Penick's column was July 27, 1944. Neither be nor most of the country knew it at that time that the world would change.

"Keeping faith"

James 1, MacManus was a veteran of both the Army and Navy and both world wars. He'd been a radio operator in 5th Army's fourth unit, radio operators can be independently verified - and had radio stations, too. He was a near-telegraphist.

A radio operator, and this is what the "The War rendition of the famous song," he added, "was I think of the famous song," he said, "was a way to have a radio broadcast that was broadcast on the air."

"Writing down some of the things that had happened in the war."

"I think of the famous song," he said, "was a way to have a radio broadcast that was broadcast on the air."

"5th Army's fourth unit, radio operators can be independently verified - and had radio stations," he said. "I think of the famous song," he added, "was I think of the famous song," he said, "was a way to have a radio broadcast that was broadcast on the air."

American families had a radio set on every floor of the house. In August 1943, he turned into a Berlin station. National news was programmed broadcast on radio stations.

After the war, the homogeneity of the country was gone. And now, in their home, the family was able to broadcast their messages over the radio. "Writing down some of the things that had happened in the war, too," he said. "I think of the famous song," he added, "was I think of the famous song," he said, "was a way to have a radio broadcast that was broadcast on the air."

MacManus did have a hobby of radio techs.

By January 1945, MacManus estimated he had used 20,000,000 radio messages, and his home address that anyone listening could drop a line to the family that he was OK, at least relatively.

The idea was to show how much it cost, a way to get parents to see and sound, and, in this case, even well or wounded. "May these letters and hope to the report? Thank God! The word would be heard," he said. "This is what the radio broadcast was about."

Dad Mac said he enjoyed the 45-year marriage, had long career in various industries and died at 85 in Madison, Wisconsin.

"Our Last Mission!"

At some point, Dad Mac started monitoring radio broadcasts, which also were giving information on POWs.

By May, Dad Mac was living in Los Angeles. There, he met up with Los Angeles Zamperski. Dad Mac got Zamperski together with some other Southern California former POWs to form the "Our Last Mission" support group. The name might sound familiar. Zamperski is the book, and a few months later, the book, and a few months later, the book. -- that's the book. -- that's the book. -- that's the book. -- that's the book.

MacManus said he believed it was who led the way to Zamperski's family that he was able to and was a POW. A giant radio. The publication for Laura Hillenbrand, author of "Unbroken," said in 2014 that many people heard the broadcast and started the Zamperski line.

"The Palm Beach Post" in June 2016 that Zamperski would not respond to an inquiry.

"For a while, it was OK, at least relatively."
APPENDIX III – HOME INVESTMENT PARTNERSHIP PROGRAM

The HOME Program was created by the 1990 Cranston-Gonzalez National Affordable Housing Act in order to make funds available to participating jurisdiction (PJs) for the provision of decent, safe, affordable housing and expansion of the long-term supply of affordable housing. The HOME program encourages and promotes partnerships between public and private entities for the creation of affordable housing opportunities to low and very low income households.

The County’s FY 2019-2020 HOME allocation is expected to be $2,145,072. Federal regulations governing the HOME Program allow for a maximum of 10% of HOME Program allocation to be spent on program administration and planning activities; at least 15% of the funds must be spent on CHDO administered activities; and 5% of the funds may be awarded to CHDOs to cover their administrative costs. The HOME Program regulations require each participating jurisdiction to provide, as a matching contribution, not less than 25% of the funds drawn from its HOME Investment Trust Fund Treasury account for certain activities. During FY 2019-2020, the required match of $455,828 will be provided from State Housing Initiatives Partnership (SHIP) Program funding. The specific amounts which Palm Beach County will set aside to fund eligible costs under the HOME Program are outlined below:

- **DHES Program Administration and Planning**: $214,507 representing 10% of the total allocation;
- **Community Housing Development Organization (CHDO) Set-Aside Program**: $321,761 representing 15% of the overall HOME Program allocation. Funding will be used for the development, acquisition and/or rehabilitation of existing single family housing for lease or resale to eligible households;
- **CHDO Set-Aside Program Operating Expenses**: $107,253 representing 5% of the overall HOME Program allocation;
- **Housing Development**: $1,001,551 for loan assistance to create permanent rental housing through the construction of new housing on vacant property, demolition of existing vacant buildings, and rehabilitation/redevelopment of existing residential property.
- **Tenant Based Rental Assistance**: $250,000 in HOME Program funding will be allocated for homeless prevention/intervention and will be carried out by Palm Beach County’s Community Services Department.
- **First Time Homebuyer Program**: $250,000 in HOME Program funding awarded as second mortgages to first time homebuyer families whose income does not exceed 80% AMI.

The Table below shows that an estimated 50 households will benefit from the programs to be implemented under the HOME Program for FY 2019-2020. Of this total, twenty-one (21) affordable homeownership housing units will be created and 29 renter households will be provided with rental assistance.

Matching Contributions

The minimum 25% match contribution is required only for certain HOME activities. Based on the County’s HOME allocation for FY 2019-2020, the match requirement totals $455,828. Palm Beach County provides its match requirement from the SHIP program and currently has $325,839 in surplus commitment remaining on hand. The remaining match commitment to be provided by the County is $130,019.

Proposed HOME Projects

For FY 2019-2020, DHES will undertake the following: Tenant-Based Rental Assistance (TBRA), Housing Development, First Time Homebuyer Program and CHDO Activities. The County will utilize one of the following processes to select the agency(s) to implement each of these programs: designation by Board of County Commissioners; competitive Request for Proposal (RFP); and application process. Solicitations for funding are made available via public notices in the newspaper, posting on HES website, and email distribution to interested parties.

HOME Priority Needs and Objectives

Programs to be supported with HOME funding are intended to address specific priority needs which are identified in the County’s Five Year Plan for FY 2015-2020. The table below lists HOME activities that will be implemented during the upcoming fiscal year and correlates these activities with the priorities identified in the Plan.

Affirmative Marketing Policy and Procedure

To advance the County's efforts in achieving non-discrimination and equal opportunity in housing, and to fulfill the HOME requirements of outreach targeted at low and very-low income persons, particularly residents of public housing and manufactured housing, the County has established policies and procedures to affirmatively market housing units produced under these programs. The objectives of these affirmative marketing policies and procedures are in accordance with 24 CFR 92.351 of the HOME regulations and Section 3 of the Housing Development Act of 1968, as amended (12 U.S.C. 1701 U), and is applicable to other Federal, State and local regulations.

In order to carry out policies and procedures of DHES’s Affirmative Marketing Program, all non-profits, for-profits, municipalities and individual owner/investor subrecipients of the aforementioned programs must comply with the following:

- The Equal Opportunity logo or slogan must be used by owners in advertising vacant units, and be present on solicitations for Owner Proposal Notices.

- Lenders, non-profit housing developers, and program subrecipients are requested to solicit applications from persons in the housing market area who are not likely to apply to housing without special outreach. Owners and agencies can satisfy this requirement by posting a notice of vacancies or housing opportunities in locations, including, but not limited to, the following:
  - Mobile home communities
  - Churches and other related organizations;
  - Community organizations;
  - Fair housing groups;
  - Housing counseling agencies;
  - Agencies for the disabled;
  - Employment centers;
  - Social media;
  - Local public housing authorities (PHAs) or other similar agencies.

- Program participants must also utilize, to the extent feasible, commercial media informing potentially eligible homebuyers in the market. The use of community, minority, and other special interest publications likely to be read by persons needing special outreach is recommended.

- All program participants are required to adequately inform and train their staff on the objectives of affirmative marketing and ensure that their staff takes every step to ensure compliance.

- Lenders, non-profit housing developers, and other program subrecipients will be required to keep records describing actions taken to affirmatively market units in the rehabilitation program. Palm Beach County DHES will keep records of their efforts to affirmatively market units and will require rental owners to maintain records of such efforts. Investors/owners must also maintain copies of advertisements, minutes of meetings, income documentation, and census tract information, as applicable.

- Affirmative marketing records of the subrecipients/developers in the program will be monitored periodically. These records will include, but not be limited to: copies of brochures, news clippings, press releases, sign-in logs from community meetings, and any written letters of inquiry to, or from, prospective clients. The participants will be informed of their responsibility to adhere to the said requirements.
Meetings will be held, as needed, with selected subrecipients to ensure the smooth implementation of these and other program requirements.

**Minority Outreach Program**

Regarding the procurement of supplies, equipment, construction, or services funded with HOME funds, the County requires that subrecipients/contractors make a positive effort to utilize the supplies and services of small business and minority/women-owned business enterprises, and to provide these sources with the maximum feasible opportunity to compete for contracts pursuant to this Agreement. To the greatest extent feasible these small business and minority/women-owned business enterprises shall be located in or owned by residents of the CDBG target areas as designated in the County’s current Consolidated Plan.

This is required by Executive Order 11246, and in order to comply, Palm Beach County deliberately notifies the Offerors or Bidders of the “Equal Opportunity Clause” and the “Standard Federal Equal Employment Specification,” and the goals and timetables for minority and female participation, expressed in percentage terms for the Contractor’s aggregate workforce in each trade on all construction work in the covered area. The goals referenced are shown on the table below.

<table>
<thead>
<tr>
<th>Timetable</th>
<th>Goal for Minority Participation in each Trade</th>
<th>Goals for Female Participation in each Trade</th>
</tr>
</thead>
<tbody>
<tr>
<td>Palm Beach County</td>
<td>22.4%</td>
<td>6.9%</td>
</tr>
</tbody>
</table>

These are required to be inserted into the bid documents and HES requires compliance to be documented on the contract award report. The goals are applicable to all the Contractor’s construction work (whether or not it is Federal or federally assisted) performed in the covered area. If the contractor performs construction work in a geographical area located outside of the covered area, it shall apply the goals established for such geographic area where the work is actually performed. With regard to this second area, the contractor also is subject to the goals for both its federally involved and non-federally involved construction.

The Contractor’s compliance with the Executive Order and the regulations in 41 CFR Part 60-4 shall be based on its implementation of the Equal Opportunity Clause, specific affirmative action obligations required by the specifications set forth in 41 CFR-60-4.3(a), and its efforts to meet the goals. The hours of minority and female employment and training must be substantially uniform throughout the length of the contract, and in each trade, and the contractor shall make a good faith effort to employ minorities and women evenly on each of its projects. The transfer of minority or female employees or trainees from Contractor to Contractor or from project to project for the sole purpose of meeting the Contractor’s goals shall be a violation of the contract, the Executive Order and the regulations in 41 CFR Part 60-4. Compliance with the goals will be measured against the total work hours performed.

The Contractor shall provide written notification to the Director of the Office of Federal Contract Compliance Programs within 10 working days of award of any construction subcontract in excess of
$10,000 at any tier for construction work under the contract resulting from this solicitation. The notification shall list the name, address and telephone number of the subcontractor; the employer identification number of the subcontractor; the estimated dollar amount of the subcontract; and the estimated subcontract start and completion dates.

APPENDIX IV - PALM BEACH COUNTY SECTION 108 LOAN PROGRAM

Palm Beach County Section 108 Loan Program has been in operation since 2003. The program currently has a loan portfolio of $31,992,000 and services a total of forty-four (44) current loans. For FY 2019-2020 approximately $10,500,000 will be available to fund new loans.

Program Objectives
The 108 loans are intended to support and stimulate business development and investment by the private sector. Its objectives are to:
- Provide subordinated financing to eligible borrowers to fill a financing gap beyond the amount of private participation and equity investment that can be raised.
- Provide long term, fixed or variable rate financing at interest rates lower than conventional financing.
- Provide a means for revitalizing disadvantaged areas.
- Create sources of new job

Eligibility Requirements

National Objectives
Each activity assisted with a Section 108 Loan must meet one of three CDBG Program National Objectives:

Location:
- Business must be located within Palm Beach County boundaries.

Applicants:
- Private, for-profit businesses that have been engaged in industrial, retail or distribution activities for at least two (2) years and are able to demonstrate sufficient profitability. An applicant must be a sole proprietorship, an incorporated business, a partnership or any other legally organized business registered with the State of Florida.
- Non-profit economic development organizations with projects involving the renovation/construction of commercial/industrial buildings (working capital is not available to non-profits.)
- Municipalities, Community Redevelopment Agencies (CRA), and Downtown Development Authorities (DDA).

Uses
- Working capital, including revolving asset-based lines of credit, for labor and moving costs associated with the expansion or relocation of a project, inventory financing, receivable financing, training and marketing financing.
- Renovation and new construction of commercial/industrial buildings.
- Acquisition of commercial/industrial land and buildings.
- Acquisition and installation of machinery and equipment.
o Refinancing of existing debt to an independent institutional lender (as part of a new project creating new job opportunities.)
o Utility and road infrastructure improvements.

**Loan Amount and Required Owner’s Equity**
o The maximum loan amount for any given project is forty percent (40%) of the total project cost or up to $1,000,000, whichever is lower. The maximum job-cost ratio for the project is $35,000 per full-time equivalent job to be created.
o The maximum loan amount and term for working capital will be evaluated on an individual basis. Factors to be considered may include but not limited to the project size, nature of the project, and public benefits.
o The applicant must commit a minimum of ten percent (10%) of the total project cost.
o The recommended levels of participation for the project funding are: 50% from a senior lender (bank, SBA, or independent institutional lender), 40% from the PBC Section 108 Loan Program and 10% from owner’s equity.

**Rate**
The Palm Beach County rate will be 100 basis points (1%) above the rate that HUD uses on the interim or permanent financing periods (the three-month London Inter Bank Offered Rate (LIBOR), adjusted monthly, plus 20 basis points (0.2%) or any other basis points amount HUD chooses to apply). For Working capital, the Palm Beach County rate will be up to 300 basis points (3%) above the rate that HUD uses on the interim or permanent financing period or a fixed rate established at Prime +1 at the date of closing, whichever rate shall be higher.

**Terms**
o Working Capital – Up to a maximum of ten (10) years.
o Machinery and Equipment – Up to a maximum economic life of the machinery and equipment or up to a maximum of twenty (20) years, whichever is less.
o Renovation – Up to a maximum of twenty (20) years.
o Acquisition of land, buildings or new construction – Up to twenty (20) years.

**Job Creation**
o Only those applicants proposing to create new jobs will be considered for funding under the Section 108 Loan Program.
o The job creation period begins with the issuance of a certificate of occupancy, the end of a renovation project, or when all funds are disbursed, whichever is first.
o The time frame to create the new jobs will be from one (1) to five (5) years.
Underwriting
In considering an application for a Section 108 loan, the following procedure is used for all applicants:

1. Financial Analysis
This includes: Site Visitation; evaluation of the history of the business and the types of goods and services provided; review of project description provided by prospective borrower including benefits to be derived, uses of funds, impact on job creation; review of resumes of the principals and key management personnel; historic review of company’s financial statements and tax returns and analysis of projected financial statements; review of personal financial statements for all owners having more than 20.0% share.

2. Financial Ratios
   Loan to Value Target:
   Land and building- 80%; Used machinery and equipment- 80% ; New machinery and equipment- 90%; Receivables- 70%; Inventory- 50%.
   Debt Service Coverage Ratio: 1.20:1.00

3. Appraisal
   Required for projects involving acquisition and construction.

4. Credit History
Independent credit investigations are conducted on the applicant and the principals. The credit investigation will be run by the primary lender when participating in the project and by DHES when the Section 108 loan is the only source of funding.

Fees and Costs
1. Processing fee: A non-refundable fee of $1,000 is payable at the time an application is submitted.
2. Section 108 Loan Fee: 3% of the total Section 108 loan amount due at the time of closing.
3. Other Fees: These include bank/SBA/independent institutional lender fees, appraisal and environmental fees, legal fees from outside firms and the Palm Beach County Attorney’s Office, among others.

APPENDIX V – Summary of the Analysis of Impediments to Fair Housing Choice - Fiscal Years 2015-2016 to 2019-2020

Fair Housing Complaint-Basis, Issues, Race and Income groups
Based on data compiled by the Legal Aid Society (LAS) and the Palm Beach County Office of Equal Opportunity (OEO), over the five-year period encompassed by FY 2009-2010 to FY 2013-2014, a total of 723 fair housing complaints were recorded. This represents a 2.4% decrease from the number of cases filed over the previous five year period. The main basis for fair housing discrimination in the county were: disability (50.9%), race and color (14.7%), national origin (12.2) and familial status (10.1%)

In terms of complaints based on issues, denial of reasonable accommodation (33.8%) stood atop the list. This was followed by discriminate in the conditions or terms of sale, rental occupancy or in services (29.5%); refusal to sell or rent (14.1%) and Intimidation, interference or coercion(10.2%).

Information from the LAS showed that over the five-year period, 51.5 percent of all fair housing discrimination complaints were made by whites (up from 44.8 percent during the previous five years). Hispanics and Blacks, the next two largest racial groups in the county reported 24.2% and 21.0 % of the cases respectively. The data also revealed that 76.4% of the discrimination cases reported affected low- and moderate-income families/households.

Impediments to Fair Housing and Recommendations to Alleviate the Impediments

<table>
<thead>
<tr>
<th>Identified Impediments To Fair Housing</th>
<th>Recommendations to Address Impediments</th>
</tr>
</thead>
<tbody>
<tr>
<td>Disability, National Origin, Race and Familial Status</td>
<td></td>
</tr>
</tbody>
</table>

**Disability**
- The right to protection under the law may be overlooked for disabled persons who exhibit unusual or eccentric behavior since the behavior may mask their disability resulting in reasonable accommodations not being sought.
- Complaints that certain behaviors violate rules or are disruptive, such as noise emanating from an individual’s unit, may be caused by a hearing or other disability. Some housing providers send letters threatening to evict in such cases, rather than exploring reasonable accommodations.
- Accessibility of some units is inadequate to accommodate needs of the occupant person with a disability. Similarly, some units occupied by persons without a disability are inadequate to accommodate visitors with a disability.
- Architectural barriers limit accessibility of common needs and amenities within

- OEO, FHC, and the Legal Aid Society should be alert to the possibility of mental illness when receiving and investigating complaints of housing refusals based on behavior or personality that is "odd" or "difficult to deal with." When an impending refusal of housing can be linked to mental illness, agencies such as OEO, FHC and Legal Aid Society should treat the case as a claim of disability-based discrimination, and look for reasonable accommodations that could be requested.
- Expand the undertaking of education and outreach to protected classes on rights under the Fair Housing Act. This is more specifically required in Palm Beach County’s western communities.
- Concentrate fair housing education efforts directors of condominium associations, homeowners associations and apartment managers/owners; and make annual participation in this training a mandatory requirement for condominium association boards.
### Identified Impediments To Fair Housing

<table>
<thead>
<tr>
<th>Identified Impediments To Fair Housing</th>
<th>Recommendations to Address Impediments</th>
</tr>
</thead>
<tbody>
<tr>
<td>housing communities e.g., routes to recreation facilities sometimes have steps or other obstacles, or planned paved pathways in construction plans were not built; insufficient access width and other general access issues; ramps not being permitted by property owner-manager, condominium associations and HOAs.</td>
<td>and for landlords when applying for rental licenses.</td>
</tr>
<tr>
<td>• Refusal to rent/sell to persons with disabilities, especially those supporting themselves with SSI and SSDI, even when the income is more than adequate to cover cost of the chosen housing.</td>
<td>• Through the OEO, FHC and Legal Aid Society of Palm Beach County, continue to undertake extensive testing to identify instances of housing discrimination on all protected bases, to test for non-compliance with the accessibility building standards mandated under FHAA and other governing regulations; and to identify the education and outreach efforts needed to strengthen fair housing efforts.</td>
</tr>
<tr>
<td>• Persons with disabilities are refusing the use of a service or emotional support animal as a reasonable accommodation by property owners or condominium and homeowners associations with “no pet” rules.</td>
<td>• Referral of fair housing related complaints to LAS and FHC for investigation.</td>
</tr>
<tr>
<td>• Some developments lack sufficient parking spaces for persons who have disability parking placards. Some disability parking spots are reserved for visitors only and cannot be used by residents even if the spot is closer to their unit. Parking for scooters or large power wheelchairs which cannot fit into the apartment is sometimes an issue.</td>
<td>• HES should continue to provide funding under its CDBG program to non-profit entities to carry out Fair Housing activities. Individuals defending against housing discrimination often lack the financial resources to pursue their legal rights on their own.</td>
</tr>
<tr>
<td>• Persons requiring 24 hour Personal Care Attendants encounter problems of housing providers considering the Attendant to be a “visitor” or “occupant” and then demanding an application fee and a completed application for every Personal Care Attendant who visits the home. Some providers also want to count the Attendant(s) as “occupant(s)” and, if the additional person(s) takes the number of residents over the lease or community rule limitation, the person with the disability who leases/owns the apartment is then cited for violation of the lease agreement or the community rule.</td>
<td>• OEO, LAS and FHC to provide information and public education to HOA, Condo Associations and operators or rental apartments on communication problems of some groups of disabled persons and the need to take proactive steps to alleviate this problem.</td>
</tr>
</tbody>
</table>

### Race and Color

- Some housing providers, usually owners of mobile park homes, threaten, intimidate and harass residents especially those perceived as not having legal residency status in the United States.

- Palm Beach County should enact local protections for victims of domestic violence similar to Violence Against Women Act.
## Identified Impediments To Fair Housing

### Familial Status
- Overbearing and improper occupancy restrictions or rules are imposed

### Availability of Accessible and Affordable Housing
- There is a shortage of units affordable to lower income households within Palm Beach County; this is particularly true for rental units where only 7% are affordable to households with incomes at 30% or below AMI and less than 30% are affordable to households with incomes which is at 50% or below AMI.
- Accessibility of some units is inadequate to accommodate needs of the occupant person with a disability. Also, architectural barriers may limit accessibility of common needs and amenities within housing communities for example, routes to recreation facilities sometimes have steps or other obstacles; planned paved pathways in construction plans were not built; insufficient access width and other general access issues; ramps not being permitted by property owner/manager or condominium/homeowners associations. There may also be insufficient parking spaces for persons who have disability parking placards.

### Recommendations to Address Impediments
- Palm Beach County Planning Zoning and Building Department should seek to increase the supply of affordable housing to low and moderate-income households by continuing to implement its Affordable Housing Program and its Workforce Housing Program. The Department should also continue to provide incentives to builders of affordable housing unit.
- The Department of Housing and Economic Sustainability should continue to use Federal, State and Local funds to provide affordable loans, and grants to affordable housing providers and to construct/rehabilitate affordable housing units.
- HES should actively market its SHIP funded Housing Rehabilitation/Barrier Free program to members of the disabled community, housing providers and Condominium Associations. HES should also seek to explore how the program guidelines may be amended to encourage owners of rental units which are occupied by disabled households to benefit from the program. Currently those eligible to receive assistance under this program are homeowners and condo associations. The program offers funding to undertake substantial repairs and to correct code violations and may be used for installation of elevators and lifts; widening of doorways, and hallways; installation of accessible doors; undertaking of improvements to kitchen, bathroom and bedroom to accommodate mobility; installation of grab bars, entry ramps, railings, walkways, non-slip floor surfaces, delayed closing mechanisms on egress and garage doors.
- The requirements of the Florida’s Accessibility Code for Building Construction and the requirements of the Americans with Disabilities Act (ADA) and the Fair Housing Act need to be reinforced through regular trainings and seminars hosted by agencies such as the LAS and OEO and by County/Municipalities. This training should be targeted at planners, building design and construction professionals. Building officials
<table>
<thead>
<tr>
<th>Identified Impediments To Fair Housing</th>
<th>Recommendations to Address Impediments</th>
</tr>
</thead>
<tbody>
<tr>
<td>attendance of these training sessions should be mandatory.</td>
<td></td>
</tr>
</tbody>
</table>

**Mortgage and Credit and Property Insurance**

- Data from HMDA for 2013 showed that over 80% of all loan applications were from Whites. The data also shows that over 69.0% of all loan applications were approved with the approval rate by racial categories being 70.8% for whites, 60.1% for Blacks, 69.0% for Asians and 64.1% for Hispanics. The low rate of mortgage applications from other racial/ethnic groups compared to Whites needs to be addressed.
- The LAS has identified that the market for reverse mortgages in minority communities in the Cities of Riviera Beach and West Palm Beach has seen systematic exploitation.
- Palm Beach County should to continue to offer mortgages and mortgage assistance under its various federal and state funded programs to low and moderate-income households to improve their access to homeownership.
- Palm Beach County should continue to offer funding to agencies who offers first-time homebuyers programs including the analysis of credit reports and provision of assistance on how to improve the scores on the reports.
- Additional protections are needed for clients with Limited English Proficiency. Including mandatory provision of closing documents in resident’s native language; mandatory and heightened pre-closing counseling in the resident’s native language, for seniors seeking reverse mortgages;
- Additional protections are needed to protect surviving spouses (who were not age 62 when reverse mortgage was obtained) who are in danger of losing their primary residence after spouse dies.
- In homeowner association foreclosures cases, claim of lien and pre-foreclosure notices should be sent in resident’s native language.
- Palm Beach County should enact local ordinance protections for tenants in foreclosure in light of the Protecting Tenants in Foreclosure Act that ended under federal law in 2014
- There should be a requirement for mandatory disclosure by homeowner/ and condominium associations if property the entity is renting to the public is involved in pending mortgage foreclosure procedures.
- OEO, LAS and FHC should investigate how financial institutions are operating their housing financing programs in order to detect incidences of predatory lending, reverse mortgage and foreclosure prevention malpractices.
- The Federal government or the State of Florida should institute the following policies: maternity leave and disability income should not impact resident’s ability to secure loan, refinance or loan modifications; and self-employment income...
Identified Impediments To Fair Housing

Recommendations to Address Impediments

should be removed as an obstacle for getting qualified for loan modifications.

Zoning and Land Use Policies, and Other Public Policies, Practices, and Procedures Involving Housing and Housing-Related Activities

- Based on data provided by OEO and LAS, zoning and land use policies and other public policies involving housing and related activities in Palm Beach County does not generally manifest themselves as impediments to fair housing. The County recognizes that continued assessment and review of its land use, zoning and other policies related to housing must be undertaken to ensure that these policies remain non-discriminatory and unambiguous.
- There may be some untended discriminatory effects as a result rezoning mobile home parks. This process needs to be better regulated.
- The Planning, Zoning and Building Department will, during the EAR process assess policies and programs related to land-use, zoning and housing to ensure that they remain non-discriminatory.
- Palm Beach County needs to better regulate the rezoning of mobile home parks and to decrease the impact of the rezoning on national origin, disabled, familial status, and age protected classes.
- HES will review its PPMs and program criteria to ensure that assistance is not provided to entities where the activity to be funded violates fair housing practices. The review will also seek to impose the addressing of some fair housing issues into housing projects, such as accessibility requirements and set-asides for disabled.

Identified Impediments-Housing problems for families created by the presence of lead-based paint in houses built before 1978

- Approximately 7.3% of all housing units in the county are household units with children present who may potentially be exposed to LBP.
- At least 15 new cases of lead poisoning are reported annually in Palm Beach County for children under six years old.
- HES to continue to undertake mandatory lead based paint in all structures scheduled to be rehabilitated with funds provided by the agency and wherein children under the age of six will be accommodated.
- HES and the PBC Health Department to continue communitywide efforts to sensitize individuals about lead based paint hazards

Problems faced by immigrant populations whose language and cultural barriers combine with a lack of affordable housing to create unique fair housing impediments

- Some families rent only a bedroom in a house for which they pay approximately $700/month. In addition, they may have to pay for either electric (bill is rarely in their name) or some other expense. A consequence of living in this type of shared housing is that families forced to accept living with people that shouldn't be around children and places a stress on parents to keep their families safe. Due to the type of tenure, rent and utility assistance, if needed, is not available to these households circumstances.
- The relevant municipal and County Code Enforcement Departments must perform regular inspection of premises located in areas where these persons predominantly reside and issue citations where deficiencies are observed.
- OEO, LAS and FHC must target public education presentations to the affected ethnic groups and to the landlords to familiarize each group about their fair housing rights and obligations and penalty to be imposed if those rights are being violated.
- The Department of Community Services, which will implement the SHIP funded Rental Re-entry

INTRODUCTION

National research has highlighted Coordinated Intake & Assessment as a key factor in the success of ending homelessness. Coordinated Intake & Assessment can enhance the quality of client screening and assessment and better target program assistance where it can be most effective. As a result, the system for preventing and ending homelessness is less fragmented and scarce resources are used more efficiently.

What is Coordinated Intake & Assessment?

Coordinated Intake & Assessment for Palm Beach County CoC is a centralized access point through the Homeless Resource Center (HRC), outreach, and telephone based centralized intake model. Initial screening can be conducted for all populations at one of the outreach locations or through a Navigator over the phone. Coordinated Intake & Assessment includes the following core components:

- Information so that people will know where or how to access intake for homeless prevention or housing services;
- A screening and assessment process and tools to gather and verify information about the person and his/her housing and service needs and program eligibility and priority;
- Information about programs and agencies that can provide needed housing or services;
- A process and tools for referral of the person to an appropriate program(s) or agencies; and assistance in making program admissions decisions

While most housing and services are made available through other agencies, a variety of services may be provided on site at the “HRC” or by a “Navigator”. These services typically meet basic client needs and may include diversion services, showers, laundry, assessment, referral, shelter, bus pass and/or access to mainstream resources.
KEY TERMS

A number of key terms are subject to varying interpretations and thus should be defined for purposes of this document. They are as follows:

- **Central Point of Access** – For the purpose of this document, Central Point of Access is the Homeless Resource Center where individuals or families can go to for intake and assessment of homeless and housing services for which they may qualify.

- **Admission** – authority to admit a client into a program

- **Assessment** – A process that reveals the past and current details of a individual’s/household's strength, and needs, in order to match the client to appropriate services and housing. For the purpose of this document, assessment will refer to a process (whether at primary screening and intake or at entry to a housing program) that reveals a client’s eligibility, needs, barriers and strengths.

- **Chronic Homelessness**- A chronically homeless individual is someone who has experienced homelessness for a year or longer, or who has experienced at least four episodes of homelessness in the last three years and has a disability. A family with an adult member who meets this description would also be considered chronically homeless.

- **Coordinated Assessment** –relates to the utilization of the same assessment tool to connect clients to services as a means for a coordinated entry system. For the purpose of this document, that tool is the SPDAT (The Service Prioritization Decision Assistance Tool)

- **Coordinated Systems** – Within our community, coordinated systems is defined as interconnected network of systems that services homeless and at risk households, and consists of coordinated intake and assessment, diversion, prevention, rapid re-housing, transitional housing, permanent supportive housing and other tailored programs and services, and linkages to mainstream resources.

- **Diversion**- is a strategy that prevents homelessness for people seeking shelter by helping them identify immediate alternate housing arrangements and, if necessary, connecting them with services and financial assistance to help them return to permanent housing. The main difference between diversion and other permanent housing-focused interventions centers on the point at which intervention occurs. Prevention targets people at imminent risk of homelessness, diversion targets people as they are applying for entry into shelter, and rapid re-housing targets people who are already homeless.
- **Fiscal Agent** – For the purpose of this document, the entity that coordinates funding and provides oversight to the coordinated intake and assessment system.

- **HEARTH ACT** – The Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH) act of 2009 that includes Emergency Solutions Grant (ESG) and Continuum of Care (CoC) grants.

- **HMIS** – Homeless Management Information System; a centralized data base designated to create an unduplicated accounting of homelessness that includes housing and services.

- **Homeless** – HUD definition as of January 2012; an individual or family who lacks a fixed regular, and adequate nighttime residence, which includes a primary nighttime residence of: a place not designed for or ordinarily used as a regular sleeping accommodation (including car, park, abandoned building, bus/train station, airport or camping grounds); a publicly or privately operated shelter or transitional housing, including a hotel or motel paid for by government or charitable organizations. In addition a person is considered homeless if he or she is being discharged from an institution where he or she has been a resident for 90 days or less and the person resided in shelter (but not transitional housing) or place not meant for human habitation immediately prior to entering the institution.

- **Housing First** – Evidence-Based programming for housing homeless individuals and families according to the provisions of a standard lease without requiring services other than case management in order to attain and retain housing.

- **Housing Ready** – A case management/housing approach that placed homeless households into permanent housing only when determined the household was ready. Until that time, households were placed into long-term shelter or transitional housing programs. The approach is being replaced by the Evidence Based Practice of Housing First and “rapid re-housing.”

- **HUD** – The Department of Housing and Urban Development; the United States federal department that administers federal program dealing with homelessness. HUD oversees HEARTH-funded programs.

- **Information** – Specific facts about a program, such as its location, services provided, eligibility requirements, hours of operation, and contact information

- **Intake** – the general process between the client’s initial point of contact and screening for eligibility. This step involves primary assessment of needs, strengths and resources to refer households into appropriate services

- **Homeless Resource Center** – The agency identified as the primary administrator of coordinated intake and assessment. For the purpose of this document, that is the Philip D. Lewis Center and the partners administering the coordinated assessment process; Gulfstream Goodwill Industries, Adopt-A-Family and the Homeless Outreach Teams.
- **Linkage or Access to Mainstream Resources** – An approach to help people stabilize their housing for the long term by linking them to resources for which they are eligible within their community.

- **Navigator** – An intake worker whose responsibility is to provide coordinated intake and assessment for individuals or families seeking housing services.

- **Outcome** – The specific result of what was provided from a specific activity or service; in relation to HUD/HEARTH, a specific result as detailed by HUD/HEARTH funding requirements.

- **Prevention** – An approach that focuses on preventing homelessness by providing assistance to households that otherwise would become homeless and end up in a shelter or on the streets.

- **Progressive Engagement** - refers to a strategy of providing a small amount of assistance to everybody who enters your homelessness system, then waiting to see if that works. If it doesn’t, you provide more assistance and wait to see if that works. If not, you apply even more, until eventually you provide your most intensive interventions to the few people who are left.

- **Rapid Re-housing** – An approach that focuses on moving homeless individuals and families into appropriate housing as quickly as possible by providing the type, amount and duration of housing assistance needed to stabilize the household. Clients do not need to be considered “Housing Ready”.

- **Referral** – Referring a client to a particular program for possible help

- **Screening** – For the purpose of this document, the process by which eligibility for housing and services is determined at the initial point of contact through coordinated entry. Once screening determines eligibility, the intake and referral process follows.

- **Systems Change** – For the purpose of this document, the process by which our CoC has altered the way homeless and at-risk households engage with the homeless and housing providers within our communities. The purpose of system change is to implement practices that have shown to decrease the incidence and length of time in homelessness, with a long term goal of reducing and ending homelessness.

- **Tailored Programs and Services** – An approach to case management services that matches the services to the particular individual’s or family’s needs rather than using a one-size-fits-all approach.

- **Targeting** – Process of determining the population to whom assistance will be directed. That is, the target population. The targeting process can occur at both the system and the program levels.

- **Coordinated Intake Provider Network** – is a consortium of partners that includes homeless service providers, advocacy groups, government agencies, and homeless
individuals who are working together to address the housing and support needs of the homeless in Palm Beach County.

- **Verification** – The gathering and review of information to substantiate the applicant’s/client’s situation and support program eligibility and priority determination.

---

**ENTRY SYSTEM**

**Applicants and Clients**:  
- Clients who are in need of homeless prevention or housing services can access information and eligibility criteria through the HRC which serves as the Central Point of Access. Participants seeking assistance must be screened at the HRC by a Navigator or by the Homeless Outreach Teams during off-site outreach. Participants not eligible for services will be referred to other appropriate community resources.
- **Eligibility.** Individuals and families that are "**Literally Homeless**" (meeting HUD’s Category 1 definition of homelessness).
- **Participation Requirement.** All households (with the exception of households in domestic violence situations) must be screened prior to program entry.

- **Clients can expect:**
  - To be treated with respect and dignity
  - Their initial phone call for assistance to be answered live or returned within one business day
  - To be scheduled for an in-person, intake and assessment within two to seven business days as capacity allows
  - To be matched to an appropriate program based upon their unique needs, and referred based on their priority status to opening in a program
  - To wait until the system has the capacity to assist them, and to get help through diversion or other resource available to them.

- **Responsibilities.** Client must:
  - Answer all questions truthfully and to the best of their ability
  - Bring all required documentation
  - Keep their contact information current in order to be notified of available opening, and referred in a timely manner.
Providers:

- Participation Requirement.
  - All providers receiving funding through HEARTH or a HUD funded program are required to participate in the coordinated intake and assessment process.
  - Providers must be live on the HMIS system and must maintain data which is inputted no later than within 24 hours of a service or outcome being achieved or rendered.
  - Providers must have an appeal process for those applicants who have been denied service or entry into a program.

HRC Partners:

- It is the HRC Partners responsibilities to:
  - Regularly update and make current all program eligibility guidelines and program contact information so that Navigators can make the best referrals possible.
  - Ensure that when a placement referral is made, to confirm within two business days whether the referral is accepted, declined by provider, declined by client, or pending, or the provider is unable to contact the client.
  - Bring problems and suggestions to the monthly Standard Policies & Procedures Committee meeting.
  - Oversee provision of homeless diversion and housing services for eligible clients.
  - Ensure utilization of the same screening and assessment tool, data collection forms, policies on eligibility verification and referral/information-sharing systems.

NOTE: This system acknowledges that the needs of a household fleeing or attempting to flee, domestic violence, dating violence, sexual assault or stalking, may be different than the needs of non-victims. Navigators will be trained on sensitivity in regards to victim’s assistance, and referrals will only be made to domestic violence providers.
ASSESSMENT TOOLS & PROTOCOLS

This system is focused on providing a continuum of care including prevention, diversion, rapid re-housing and permanent supportive housing approaches. The plan requires each Navigator to assess household’s eligibility for services. Prevention services target people at imminent risk of homelessness and will be referred to available homeless prevention programs. Diversion services will target participants as they are applying for entry into shelter. For housing programs, rapid re-housing services will target participants who are already homeless and the SPDAT score warrants the most appropriate housing. Housing first and permanent supportive housing will target participants that are chronically homeless and the SPDAT score identifies this housing type.

Applicants and Clients:
- Each applicant is evaluated on a variety of criterion, including rental history, criminal history, domestic violence, mental health challenges, disabling conditions, language barriers, educational attainment, employment status, and length of homelessness. Services are then assigned based on the SDPAT score.
- The Assessment tool provides a procedure for determining which applicants are eligible and appropriate for the variety of housing and support services available in the community as well as other eligibility factors such as for permanent supportive housing must have a disabling condition and lack the resources to obtain housing.

Providers:
- Each participant who is referred for housing or services will have been evaluated through an assessment based on their current barriers to obtaining and successfully maintain permanent housing.
- The Assessment will be used as a guide, with the understanding that each applicant has a unique set of circumstances.

HRC Partners and CoC Partners:
- The Service Prioritization Decision Assistance Tool (SPDAT) is the assessment tool utilized for this system.
- The SPDAT will utilize 15 domains for individuals and 20 for families to determine an acuity score that will help inform Navigators and Providers about the following:
  - People who will benefit most from Permanent Supportive Housing
  - People who will benefit most from Rapid Re-Housing
  - People who are most likely to end their own homelessness with little to no intervention on your part
Which areas of the person’s life that can be the initial focus of attention in the case management relationship to improve housing stability.

How individuals and families are changing over time as result of case management process.

- The SPDAT will be integrated into the HMIS System and each agency will ensure data is being maintained and monitored.
- The HRC Partners will provide a system of care that allows clients to give feedback on suggestions and improvements of the Intake and Assessment Process.
- The HRC Partners will ensure that the SPDAT is not used to:
  - Provide a diagnosis
  - Assess current risk or be a predictive index for future risk
  - Take the place of other valid and reliable instruments used in clinical research and care

CoC Partners that receive federal CoC and ESG funds and any local funds required by the funder must participate in the Coordinated Assessment process and track data in the Client Management Information System (CMIS). Only Domestic Violence providers are exempt from the CMIS required as per Florida Statute and Federal regulations. CoC partners receiving federal CoC and ESG funds or any other local funds dedicated to homeless services must fill vacant beds based on acuity from highest to lowest as per CPD-14-012.

**PREVENTION / DIVERSION (Category 2 Homeless Definition)**

According to the National Alliance to End Homelessness many people seeking homeless assistance still have an opportunity to remain in their current housing situation, whether it’s their own housing or the housing of a friend, relative, acquaintance or coworker. In light of this prevention and shelter diversion are key interventions in the fight to end homelessness. Immediate screening for these possibilities at entry is an important tactic, and can preserve emergency beds for individuals/households that truly have nowhere else to go. Access to rental subsidies and case management at entry is often enough to ensure the household successfully remains housed.

While prevention and diversion are two separate concepts, they are utilized almost interchangeably in this strategy, as they both focus on preventing homelessness. Prevention targets people at imminent risk of homelessness, diversion targets people as they are applying for entry into shelter, and rapid re-housing targets people who are already homeless.

Once an individual/household enters into the system, they should be assessed to determine what housing needs they have. To determine which individuals/households are appropriate for
prevention/diversion, Navigators can ask applicants a series of questions during the assessment, such as those delineated below.

**Client:**
Clients who are being referred for prevention/diversion will be asked:

- Where did you sleep last night? *If they slept somewhere safe where they could potentially stay again, this might mean they are good candidates for diversion*
- What other options do you have for the next few days or week? *Even if there is an option outside of shelter that is only available for a very short time, it is worth exploring if this housing resource can be used.*
- (If staying in someone else’s housing) What issues exist with you remaining in your current housing situation? Can those issues be resolved with financial assistance, case management, etc? *If the issues can be solved with case management, mediation, or financial assistance (or all of the above), diversion is a good option.*
- (If coming from their own unit) Is it possible/safe to stay in your current housing unit? What resources would you need to do that (financial assistance, case management, mediation, transportation, etc.)? *If the individual or family could stay in their current housing with some assistance, systems should focus on a quick prevention-oriented solution that will keep the individual or family in their unit.*

**Providers:**
Referrals to prevention/diversion providers must be at imminent risk of homelessness AND meet the following threshold.

- No appropriate subsequent housing options have been identified;
- The household lacks the financial resources to obtain immediate housing or remain in its existing housing; and
- The household lacks support networks needed to obtain immediate housing or remain in its existing housing

**HRC Partner Agency:**
The following list includes some, but not all risk factors that may be considered when determining imminent risk of homelessness. SPDAT will be utilized to determine acuity of the risk factors (scores 0-5 for families and 0-4 for individuals):

- Eviction within two weeks from a private dwelling (including housing provided by family or friends)
- Residency in housing that has been condemned by housing officials and is no longer meant for human habitation
- Sudden and significant loss of income
Sudden and significant increase in utility cost
Mental health and/or substance abuse issues
Physical disabilities and other chronic health issues including HIV/AIDS
Severe housing cost burden (greater than 50% of income for housing costs);
Homeless in last 12 months
Young head of household (under 25 with children or pregnant)
Current or past involvement with child welfare, including foster care
Pending foreclosure of rental housing
Extremely low income (less than 30% of AMI);
High overcrowding (the number of person exceeds health and/or safety standards for housing unit size)
Past institutional care (prison, treatment facility, hospital)
Recent traumatic life event, such as death of a spouse or primary care provider, or recent health crisis that prevented the household from meeting its financial responsibilities.
Credit problems that preclude obtaining of housing or
Significant amount of medical debt.

Some participants may not be good candidates for diversion programs due to a lack of safe and appropriate housing alternative and require immediate admittance to shelter, e.g. client fleeing domestic violence. A client’s safety should always be the top consideration when developing an individual/household referral to a program.

RAPID REHOUSING

Generally, rapid re-housing is intended to assist eligible participants to quickly obtain and sustain stable, permanent housing. Effective rapid re-housing requires case management and financial assistance, as well as housing search and locations services. Support and duration of service are tailored to meet the needs of each household and each household has a lease in their name and is connected to mainstream resources in the community in which they reside.

Clients:
Eligible households must:
- Be literally homeless as defined by HUD
- Be prepared to put together a reasonable plan that shows how they are going to maintain housing once housing assistance has ended, a budget, a financial worksheet and or a narrative description of changes in household circumstances that made them homeless.
Entry is based on SPDAT Acuity score (highest to lowest)

**Providers:**
Providers who are funded for rapid re-housing:
- Will utilize the “Progressive Engagement” methodology; that is, providers will determine the amount of rent and utility assistance and/or supportive services that a household will receive using the progressive engagement approach. Household will be asked to identify the minimum amount and duration of assistance needed to achieve housing stability. If it becomes clear that a rapid re-housing intervention is insufficient and or inappropriate for a particular household, the provider will work with the Navigator and/or other housing provider to find a more suitable program.
- Households should be housed within 30 days of acceptance into the program.
- Providers are expected to remain engaged with the household from first contact to program exit as per the CoC approved Rapid Re-Housing Standards.

**CoC Partners:**
The following process will be used to refer clients to any Rapid Re-Housing program. Providers will receive referrals from any of the following sources, provided they have been assessed by the Navigator and all eligibility and vacancy information is up to date in HMIS.
- Coordinated Access Point and/or Outreach Workers
- Shelters
- Transitional Housing Programs

All households being referred for Rapid Re-Housing must be assessed by a Navigator. While they may be identified through other resources, e.g., shelter or transitional housing provides, McKinney-Vento Liaisons in school districts, or other service providers, they will require screening and assessment through the HRC Coordinated Intake and Assessment System. School Liaisons can conduct the SPDAT and provide this information to the Navigator to be included on Rapid Re-Housing Placement Priority List.

- Navigators are responsible for gathering documentation for verification of homeless status.
- All Rapid Re-Housing clients must be entered into HMIS by the Navigator once the provider has confirmed entry into the program. Information should all include all HUD required data elements.
Participants unable to be served by prevention, diversion or rapid re-housing programs will most likely need more intensive housing and service interventions, such as transitional housing or permanent supportive housing. Those fleeing domestic violence that are not eligible or appropriate for prevention and rapid re-housing services may fall into this category of needing more intensive service intervention, and should be referred to a domestic violence provider prior to intake and/or HMIS data entry.

Table 1 below delineates the characteristics of Permanent Support Housing and Transitional Housing Programs.

<table>
<thead>
<tr>
<th>Programs &amp; Characteristics</th>
<th>Transitional Housing</th>
<th>Permanent Supportive Housing</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Length of Stay</strong></td>
<td>Maximum stay 24 month</td>
<td>No time limit</td>
</tr>
<tr>
<td><strong>Occupancy Agreement</strong></td>
<td>Participant are clients, not tenants and sign an occupancy or program agreement instead of a lease</td>
<td>Participant have a lease</td>
</tr>
<tr>
<td><strong>Service Requirements</strong></td>
<td>Services are required</td>
<td>Services are optional</td>
</tr>
<tr>
<td><strong>Eligibility</strong></td>
<td>Applicant must meet HUD’s definition of homeless</td>
<td>Applicant must meet HUD’s definition of homeless and member of the household must have a disabling condition</td>
</tr>
</tbody>
</table>

**Provider:**
Transitional Housing: programs that provide transitional housing to individuals and/or families, usually for a period of four to twenty-four months along with supportive services to help them become self-sufficient. In addition to providing a place to live, transitional housing providers should help participant to increase their life management skills and resolve the problems that have contributed to their homelessness. Individuals/Households who are homeless and have two or more of the following barriers are appropriate for referral to Transitional Housing:

- Domestic Violence victims fleeing a domestic violent situation
- youth (18-24)
- No income
- Poor rental history
- Sporadic employment history
- No high school diploma or GED
- History of homelessness
- Poor rental history (i.e current eviction, rent/utility arrears)
Permanent Supportive Housing: As a minimum, candidates for Permanent Supportive Housing must meet the following basic requirements:

- Literally homeless
- Lacks the resources to obtain housing
- Has a member of the household with a severe or significant disabling condition
- Qualifies as a high need based on the SPDAT
- Priority is given to those meeting the definition of homelessness

Permanent Supportive Housing is targeted to individuals/households who need services in order to maintain housing and there is prioritization for those who have been homeless for long periods of time or have experienced repeat episodes of homelessness as defined as chronic homeless per HUD.

CoC Partner Agencies:
The navigator provides: needed housing navigation services, frequent communication with the client and serves as the primary liaison between the client and the housing provider. The CoC Partner Agency is responsible for overseeing and ensuring that:

- Advocacy and services to collect required housing documentation are provided
- A climate of trust is created and maintained between clients and navigators.
- A current housing inventory is maintained within HMIS
- Clients are housed based upon a prioritization determination; that is, those who score on the SPADAT as the most vulnerable will be prioritized for housing depending on the availability of housing and services. Legacy programs with beds not dedicated to CH must prioritize the beds for CH individuals and Families as bed become available.

If the Partner Agency is denying the placement, the Agency must submit in writing the reasons for denial to the HRC Partners.

UNACCOMPANIED YOUTH AND YOUNG ADULTS

Unaccompanied youths is a fast growing and underserved sub-populations, in our community.

Clients:
Unaccompanied Youth and Young Adults are defined as youth (ages 13-17) and young adults (ages 18-24) who are unaccompanied by a parent or guardian and are without shelter where appropriate care and supervision are available, whose parent or guardian is unable or unwilling to provide shelter and care, or who lack a fixed, regular and adequate nighttime residence. Undocumented unaccompanied youth and young adults may also be served under these provisions except where exclusions are noted. Unaccompanied youth may be encountered
during outreach but would not enter the Homeless Resource Center due to their age. (City provisions prevent anyone under 18 from entering the program unless they had legally been as an emancipated as an adult. Those under 18 would be connected to the appropriate program based on their age and circumstances.

Providers:
Providers of services for unaccompanied youth and young adults should be able to provide safe and high quality housing and supportive services (scattered-site independent apartments, host homes, and shared housing) to youth and young adults experiencing homelessness that involve integrated affordable housing, intensive strength-based case management, self-sufficiency services, trauma informed care, and positive youth development approaches.

HRC Agency:
All housing service referrals for unaccompanied youth and young adults must be screened and assessed. The HRC Agency is responsible for overseeing and ensuring that:
- Young adults willingly engage with coordinated intake for a screening and when appropriate, a full SPDAT.
- Low barriers of entry for this highly vulnerable population are necessary.
- Navigators consult with expert providers of this population when conducting intake to properly match clients and providers, and reduce the risk of flight for this highly vulnerable population.

PROGRAM EVALUATION

Coordinated Intake and Assessment is one of many projects within our community that addresses the needs of individuals and families that are at risk or experiencing homelessness within our communities. The HRC Partner Agencies will evaluate the effectiveness as well as required HEARTH Act outcomes by utilizing data from HMIS. As recommended by the National Alliance to End Homelessness, the HRC Partner Agencies will track progress in the following areas to evaluate the Coordinated Intake and Assessment process:

- Length of stay, particularly in shelter: If participants are referred to the right interventions and those interventions have the necessary capacity, fewer individuals and families should be staying in shelter waiting to be moved elsewhere. Also if clients are referred immediately to the right provider, over time, clients will likely spend less time jumping from program to program looking for help, which could reduce their overall length and/or repeated episodes of homelessness.
- New entries into homelessness: if every individual and family seeking assistance coming through the front door and the front door has prevention and diversion resources
available, more people should be able to access these resources and avoid entering a program unnecessarily.

- Repeat episodes of homelessness: If clients are sent to the intervention that is the best suited to meet their needs on the first time, families are more likely to remain stably housed.

To track the outcomes summarized above, the CoC Lead Agency will analyze the following Performance Measures annually.

1) PBC CoC will reduce the number of person experiencing homelessness.
   a. Reduction in the total number of person experiencing homelessness
   b. Reduction in the total number of persons experiencing first time homelessness.

2) PBC CoC will reduce the length of homelessness episodes
   a. Reduction in the mean length of homelessness episode for individuals
   b. Reduction in the mean length of homelessness episode for families with children
   c. Reduction in the mean length of homelessness episode for youth

3) PBC CoC will reduce the number of persons returning to homelessness.
   a. Reduction in return to homelessness within one year following exit
   b. Increase in exits to permanent housing
   c. Increase in income at exit

Measuring the success of this system and transparency with the community and providers will be a key to the success of coordinated assessment process. The CoC Lead Agency will summarize the data annually. The performance measures are utilized for all CoC programs regardless of funding source. For CoC funded and ESG funded programs, these criteria will be utilized for consideration for renewal or new projects based on the program type.

Moving forward, the CoC Lead Agency will expand the evaluation of outcomes by establishing mechanisms to monitor the quality of service through system-wide monitoring. For example, once a client enters shelter an assessment is to be completed within 72 hours. Procedures will be built into the monitoring system to determine how often this goal is met. This will allow for ongoing monitoring of the quality of services and how the program and Providers are able to follow through with this goal.

As part of the evaluation process, as recommended by the National Alliance to End Homelessness, the CoC Lead Agency will set a goal to establish an integrated feedback loop
that involves using information gained from these assessments to make any necessary program/process adjustments to the system. Additionally, the CoC Lead Agency will continue working to develop data tools to ensure overall system efficiency and effectiveness.

Ratified by Homeless & Housing Alliance Executive Committee -February 23, 2015
Adopted by Homeless & Housing Alliance Membership - February 26, 2015
