Discover the beauty, abundant environmental attractions and wildlife that make Palm Beach County a natural treasure for residents and visitors. Watch *Nature of Palm Beach County* on PBC TV!
Lake Worth Lagoon

- Lake Worth Lagoon is used by over 100 species of birds, many of which are dependent on the lagoon for food and refuge.
- The variety of birds include raptors, migratory songbirds, shorebirds and wading birds. Many are listed as endangered or threatened species.

- American oystercatchers
- brown pelican
- little blue heron
- piping plover
- white ibis
- red-shouldered hawk
- royal tern
- black skimmer
- great egret
- killdeer
- reddish egret
- yellow-crowned night heron
- least tern

Lake Worth Lagoon

**HABITATS**

**Reefs**
- An underwater ridge of coral, rock or sand
- Underwater HABITATS that provide:
  - Shelter/Protection
  - Spawning Areas
  - Shoreline Protection
  - Excellent Snorkeling
- Reefs may be natural or man-made: limestone rock and concrete.

**Tidal Flats**
- Sandy or muddy areas exposed during low tide.
- HABITAT for birds

**Seagrass**
- Flowering underwater plants in shallow, sunlit areas
- HABITAT for a variety of marine life
- Keep the water clear by holding sediments

**Oyster Reefs**
- Oysters attach to hard surfaces, like rock.
- HABITAT for a variety of benthic marine life
- Enhance shoreline protection
- Enhance water quality - one oyster can filter 50 gallons of water a day!

**Cordgrass**
- A perennial grass that is flooded at high tide
- HABITAT for a variety of wildlife
- Enhance shoreline Protection

**Mangroves**
- Tropical trees that grow in coastal intertidal zones.
- Nursery HABITAT for fish, shrimp lobster and nesting sites for birds
- three species (red, black, white) found in Lake Worth Lagoon..

**Hammock**
- Upland tropical hardwood forest
- HABITAT for birds and wildlife
- Shade and shelter for humans too!
- Most rapidly-disappearing habitats.
Protect the Florida MANATEE

Observe and Follow Posted Signs

Did You Know Florida Manatees...

- are a threatened species of slow moving marine mammals native to Florida.
- live in a variety of aquatic habitats.
- are attracted to warm water, submerged vegetation and quiet areas for resting.
- are found year round in Palm Beach County (800 manatees counted during a one-day aerial survey).

Most restrictive vessel speed; requires a vessel to proceed at minimum speed no greater than what is necessary to maintain control over the boat.

Slow Speed - Minimum Wake requires that a vessel be fully off plane and settled in the water while proceeding without a wake or minimum wake.

Resume SAFE boating speed. The sign is visible as you leave the boating restricted area.

Look Out Below!

- SLOW DOWN and LOOK for a manatee’s presence:
  - a swirl on the water’s surface
  - a tail or nose at the surface
  - listen for their breath.

Wildlife Alert
1-888-404-FWCC (3922)
cell *FWC or #FWC

Report collisions, sick, dead or injured manatees and any wildlife or boating law violations.

Designated Protected Area all vessels and all persons either in vessels or swimming, diving, wading, or fishing, are prohibited from entering.

Resume SAFE boating speed. The sign is visible as you leave the boating restricted area.

Maximum Posted Speed and shall not create an elevated bow restricting visibility, or an excessive wake endangering other vessels or natural resources.

Manatees are a threatened species of slow moving marine mammals native to Florida.

- live in a variety of aquatic habitats.
- are attracted to warm water, submerged vegetation and quiet areas for resting.
- gather at the Riviera Beach Next Generation Clean Energy Center’s warm water discharge location during the chilly winter months.
- surface to breathe every four minutes and can stay underwater up to 20 minutes.
- average about 10 feet in length and weigh about 1,200 pounds.

• gather at the Riviera Beach Next Generation Clean Energy Center’s warm water discharge location during the chilly winter months.
• surface to breathe every four minutes and can stay underwater up to 20 minutes.
• average about 10 feet in length and weigh about 1,200 pounds.

• gather at the Riviera Beach Next Generation Clean Energy Center’s warm water discharge location during the chilly winter months.
• surface to breathe every four minutes and can stay underwater up to 20 minutes.
• average about 10 feet in length and weigh about 1,200 pounds.

• gather at the Riviera Beach Next Generation Clean Energy Center’s warm water discharge location during the chilly winter months.
• surface to breathe every four minutes and can stay underwater up to 20 minutes.
• average about 10 feet in length and weigh about 1,200 pounds.
Phase I of the project is anticipated to be completed in January 2020 which includes two mangrove and nesting bird islands between Sunset Road and Dyer Road. Remaining sand placement by the Town of Palm Beach North of the El Cid Dock will continue through March 2020.

Thank you for your continued patience and support during these restoration efforts. ERM will be scheduling a series of community volunteer mangrove and spartina planting events after completion of Phase I.

*Questions or Interested in Participating in Mangrove Planting Events?? Please contact the Palm Beach County Department of Environmental Resources Management at (561) 233-2400.

*For updates on ERM projects visit: http://discover.pbcgov.org/erm/
South Cove Natural Area

CONSTRUCTION

• Over 6 ACRES of wildlife habitat was created to support fisheries, wading and shorebirds, manatees, and sea turtles.
  • 2 acres of red mangrove/saltmarsh habitat
  • 3.5 acres of seagrass habitat
  • 1 acre of oyster reef habitat
• Over 150,000 cubic yards of sand was placed in an existing dredged muck hole to wetland elevations, creating mangrove and seagrass habitat.
• Sand was provided through beneficial reuse from Florida Inland Navigation District (FIND) and PBCERM maintenance, construction and restoration projects.
• The island habitats were stabilized with 9,500 tons of limestone boulders.
• 40,000 saltmarsh cordgrass and 5,000 red mangroves were planted.
• Public use amenities include a boardwalk, observation platform and educational kiosk.

Muck sediments filled the dredged hole created decades ago when building Flagler Drive.

Sand from local sources is barged to the project site.

Sand covers and contain the muck sediments.

Three intertidal red mangrove/saltmarsh cordgrass island habitats take shape.

Limestone boulders were added to protect the islands and create an oyster reef.

Construction of the boardwalk to connect people to the marine habitats.

Saltmarsh cordgrass is planted. Its quick growing roots provide habitat and reduce erosion.

Volunteers plant red mangroves.

A special thank you to the West Palm Beach Fishing Club, LagoonKeepers and all of our mangrove planting volunteers!

Project Completed September 2012

Funding and support provided by
South Cove Natural Area

A TOUR

1. Walk along the elevated boardwalk that extends to the mangrove/saltmarsh island.

2. Take a seat and enjoy viewing wildlife from the observation platform.

3. Look in the water at the restored sandy bottom that promotes seagrass growth.

4. View the 3 intertidal islands that provide fish and wildlife habitat.

5. Red mangroves provide habitat for birds and marine life.

6. The saltmarsh cordgrass root system prevents sand erosion and provides wildlife habitat.

7. View rock structures that protect the islands from wave action and erosion.

8. Rock structures placed at intertidal elevations provide a hard surface for oysters to attach.

9. Observe the mangrove planter along the existing seawall that creates a "living shoreline."

**Nature of Palm Beach County**

Environmental Resources Management (ERM) administers environmental programs that protect, preserve, and enhance Palm Beach County’s natural resources on land and water. Join PBC TV as we take a journey with host Benji Studt to explore The Nature of Palm Beach County.

Airs Sundays at 3:00pm, Mondays at 2:30pm, Tuesdays at 9:30pm, Wednesdays at 10:30am, Thursdays at 8:00pm and Fridays at 9:30am

**Creativity Takes Flight**

As a major gateway to the Palm Beaches, Palm Beach International Airport’s new art gallery offers a uniquely artful welcome. In *Creativity Takes Flight*, you will hear from featured artists about their creative process, how the diverse beauty throughout Palm Beach County inspires them. Join us as we discover that every artwork has a story and every artist a story to tell.

Airs Mondays at 9:30pm, Tuesdays at 9:00am, Wednesdays at 1:00pm, Thursdays at 10:00am, Fridays at 2:00pm and Saturdays at 4:30pm

**Origins: Palm Beach County**

Archaeologists tell us the first Native Americans began to inhabit the Florida peninsula millions of years ago. They left behind artifacts and archeological evidence of Florida’s past. Tune in and see as recent discoveries from all over the state and right here in Palm Beach County bring to life the origins of Florida’s native cultures.

Airs Sundays at 10:00am, Mondays at 1:30pm, Tuesdays and Wednesdays at 8:00pm, Thursdays at 2:30pm and Fridays at 9:30pm

**Programs are subject to change.**

### Politically Speaking

Hear what you need to know about the issues that will take top priority for our Palm Beach County Legislative Delegation during the upcoming 2020 Legislative Session. Host Todd Bonlarron and State Representative Matt Willhite turn their attention to Tallahassee for a preview of the ideas expected to shape the session. Watch the next edition of Politically Speaking.

**Airs Sundays at 8:30am, Mondays at 6:30pm, Tuesdays at 8:00am, Wednesdays at 2:30pm, Thursdays at 9:30am and Fridays at 10:30am**

### Capitol Update

State lawmakers are gathering in Tallahassee this month for the 2020 Florida Legislative Session. Watch PBC TV for live coverage of the Governor’s State of the State Address! Tune in each weeknight as PBC TV provides legislative and state government update from The Florida Channel’s Capitol Update.

**Airs Monday through Friday at 10:00pm, Saturdays and Sundays at 4:00pm**

### On The Town

You do not want to miss this episode! Watch and learn from this fantastic and fun walk through the heart of Palm Beach County history and culture. On The Town delivers an exciting slice of life in Palm Beach County, to help you experience all of the venues and attractions across the Palm Beaches.

**Airs Mondays at 9:30am, Tuesdays at 1:30pm, Wednesdays at 10:00am, Thursdays at 8:30am, Fridays at 4:00pm, Saturdays at 3:00pm and Sundays at 9:00am**

PBC Board of County Commissioners Meetings are presented live on 1st & 3rd Tuesdays.

PBC Planning Commission Meetings are presented live on the 2nd Fridays, preempts regular programming on those days.

PBC Zoning Meetings are presented live on the 1st and 4th Thursdays, preempts regular programming on those days.

PBC Commission on Ethics Meetings are presented live on 1st Thursdays, preempts regular programming on those days.

PBC School District Board Meetings and Workshops are presented live on Wednesdays, preempting regular programming.
1. Look for fish among the pilings.
2. Enter the water from the beach or lagoon
3. Walk 280 feet of boardwalk over reef habitat
4. View the historic structures.
5/6. View the 12-foot high levee around the dredged material (no public access)
7. Access the more natural part of the island at the west island dock and boat basin.
8. Best place on the island to look for migratory birds.
9. Walk the 230-foot boardwalk over channels cut to improve tidal flow through mangroves.

Did you know?
The name “Peanut Island” resulted from past plans to use the island as a terminal for shipping peanut oil. Plans for the enterprise were abandoned, but the name was retained.
Did you KNOW? Seagrasses...

• Provide a habitat and nursery area for marine life.
• Keeps the water clear!
• FOOD for manatees and sea turtles.
• There are 7 seagrass species found in Florida.

Threats to seagrass:
• dredge and fill activities for development
• damage from boat propellers
• Storm water runoff
• shading from docks and moored vessels.

Prevent prop scars
• Propellers damage seagrass
• Recovery and regrowth of seagrasses can take many years.

Know the Waters
• Present tidal conditions and local water features.
• Study current navigational charts.

Know the Signs and Markers
• Operate in marked channels
• Observe speed and manatee zones.

Know the Waters
• Wear polarized sunglasses to reduce surface glare.

Know Depth and Draft
• Slow down when in doubt
• Draft determines the minimum depth a boat can safely navigate.

If You Run Aground...
• Turn off and trim the engine up
• Push or pole to deeper water
• DO NOT attempt to drive off – wait for high tide.
• Call a towing service for assistance.

The Friends of the Palm Beach County Library System Present

Writers LIVE! 2020

“Connecting readers and authors throughout Palm Beach County”

Writers LIVE!, the Library’s flagship author event series, returns for another season of bringing the community together with authors and their books. 2020 boasts a lineup of bestselling, critically acclaimed, award-winning authors from a variety of genres, discussing their work and signing books. Take a look and fill your calendar with literary events from Boca to Jupiter and everywhere in between.

Local, independent booksellers will be providing sales at every event. A percentage of each sale is donated to the Friends of the Palm Beach County Library, directly benefiting library services and activities throughout the County. Your support is greatly appreciated!

This series is made possible through the generous support of the Friends of the Palm Beach County Library System, Inc.

Visit www.pbclibrary.org/writers-live-2020 for the most up to date schedule and to register for events.

James Patterson

James Patterson is the world’s bestselling author and most trusted storyteller. The Edgar Award and Emmy Award winner was recently presented with The National Book Foundation’s Literarian Award for Outstanding Service to the American Literary Community. “Lost,” his latest collaboration with author James O. Born features Detective Tom Moon and his team facing off against an international crime ring looking to seize control of America’s most vibrant city—Miami, Florida. This special event will be held at the historic Lake Worth Playhouse and feature Patterson in conversation with Ann Bocock, host of South Florida PBS show “Between the Covers.” Preregister in person, by phone or online at www.pbclibrary.org/writers-live-2020 beginning Wed, Jan 08.

Thu, Jan 23, 2:30 pm
Lake Worth Playhouse
713 Lake Ave., Lake Worth, FL 33460
Preregister beginning Wed, Jan 08.

Pam Jenoff

Acclaimed author Pam Jenoff discusses her work from the bestselling “Kommandant’s Girl” series. Books available for purchase. A book signing will follow. Preregister in person, by phone or online at www.pbclibrary.org/writers-live-2020 beginning Wed, Jan 08. (60 min.)
Wed, Jan 22, 2:30 pm
Lantana Road Branch

Tim Dorsey

Bestselling author Tim Dorsey returns with his latest novel in the “Serge A. Storm” series, “Naked Came the Florida Man.” Books available for purchase. A book signing will follow. Preregister in person, by phone or online at www.pbclibrary.org/writers-live-2020 beginning Wed, Jan 08. (60 min.)
Wed, Jan 22, 4:00 pm
Jupiter Branch
Wed, Jan 22, 6:30 pm
Gardens Branch
TOURNAMENT FOR THE IRON THRONE

The Palm Beach County Library System will host a three-part series for lovers of the “Game of Thrones” book and TV series. The tournament will take place over the course of three Saturdays: Jan 25, Feb 08 and 22, at the Okeechobee Boulevard Branch. All events are sponsored by the Friends of the Palm Beach County Library System.

Fans who felt that the story should have ended differently or who would like to revisit the richly imagined world of Westeros will have the opportunity to fully immerse themselves in the story during these three competitive events. Participants will take part in support of the Lannisters, Targaryens, Starks, Baratheons, Greyjoys or the Wildlings. Five bannermen may contend for the glory of each house through cosplay, trivia, crafting, scheming and more. The winners of the series will determine who claims the Iron Throne.

Space is limited and preregistration is required. For more information, please visit www.pbclibrary.org/GOT.

Trivia at the Citadel
Gather your bannermen to have your knowledge of Westeros tested. Prove you know what is best for the Seven Kingdoms and champion your candidate for the throne. Limit 30. (90 min.) Preregister.
Sat, Jan 25, 3:00 pm
Okeechobee Boulevard Branch

Poisoncraft at Highgarden
Return to Westeros with your bannermen to craft a devious weapon to Lady Olenna’s exacting standards. Prove you will do whatever it takes to win the throne for your champion. Limit 30. (90 min.) Preregister.
Sat, Feb 08, 3:00 pm
Okeechobee Boulevard Branch

Coronation at Winterfell
Test the strength and stamina of your bannermen to prove you belong in the Kingsguard. Then witness history at the coronation. Who will take the Iron Throne? Refreshments provided. Limit 30. (2 hr.) Preregister.
Sat, Feb 22, 2:30 pm
Okeechobee Boulevard Branch

Across
1 He traveled with Arya across Westeros.
7 Varys called them little birds.
8 Language spoken by Khal Drogo.
10 Petyr Baelish.
11 Their sigil is the dire wolf.
12 Daenerys Targaryen, Mother of ________.
16 What a Lannister always pays.
17 “It was me.”
19 “The night is dark and full of _______.”
20 Arya Stark’s sword.

Down
2 Grey Worm’s army.
3 Squire for Tyrion and Brienne.
4 She said, “You know nothing, Jon Snow.”
5 The Baratheon family sigil.
6 She was Daenerys’s closest adviser.
9 The Stark family stronghold.
13 Jon Snow’s best friend.
14 Hodor.
15 Jaime Lannister’s twin sister.
18 “When you play the game of thrones, you win or you ________.”
