Staff recommends motion to adopt:** an Ordinance of the Board of County Commissioners of Palm Beach County, Florida, amending Palm Beach County Unified Land Development Code, Ordinance 03-076, as amended, as follows: amending Article 14.C. – Vegetation Preservation and Protection; amending Article 14.D. – Prohibited Invasive Non-native Vegetation Removal Ordinance; providing for repeal of laws in conflict; providing for severability; providing for a savings clause; providing for captions; providing for inclusion in the unified land development code; and providing for an effective date.  
   **SUMMARY:** The proposed revisions to ULDC, Article 14.C. Vegetation Preservation and Protection, are designed to provide an alternate approach in unincorporated Palm Beach County to protect native vegetation and habitat, focusing on an approval process through established channels of development reviews in lieu of permitting. In accordance with Board direction to discontinue the Vegetation Protection Program as a mechanism to reduce Ad Valorem supported programs in FY2009, seven (7) positions were eliminated. The general direction was to modify the Code to shift the burden of tree preservation from a permitting process prior to development to a post-development performance standard review. The proposed revisions will result in less salvaged vegetation on single family lots, a reduction of salvaged vegetation relocated to public lands, and a reduction in native trees preserved within developments. The proposed revisions replace the permitting controls over vegetation clearing and construction with a standard process of approval for vegetation alteration; eliminate the designation of specimen tree status; secede wetland permitting to the State and Federal governments; and void all existing single family permits and dismiss all enforcement actions involving such permits. The proposed revisions to ULDC, Article 14.D. Prohibited Invasive Non-native Vegetation Removal Ordinance, continue to require the removal of invasive non-native vegetation; however, the financial assistance and incentives provided in the Code have been removed. In Code Appendix 10, which lists the natural areas, Ocean Ridge Natural Area is deleted. Appendix 12, which describes the incentive programs, is deleted in its entirety. The proposed revisions were approved by the Land Development Regulation Advisory Board on August 21, 2008. On August 27, 2008 the League of Cities Board of Directors voted “no objection” to these proposed changes. The League’s General Membership ratified this decision at its meeting on the same day.  

   **C. Staff recommends motion to adopt:** an Ordinance of the Board of County Commissioners of Palm Beach County, Florida, replacing Palm Beach County Code Chapter 13 (Ordinance No. 99-7); Amending Section 4, to be “the County Administrator or his/her designee shall act as an administrative liaison to the medical examiner. The liaison shall ensure that the Medical Examiner is provided all reasonable supplies, support staff and equipment necessary for the performance of the duties of the Medical Examiner”; addition of Section 6. D. Authorizing the Medical Examiner to charge a fee for services rendered in providing cremation, dissection, and burial-at-sea approvals.  
   **SUMMARY:** Palm Beach County Code Section 13-1 (the Medical Examiner Ordinance) authorizes the appointment of the District 15 Medical Examiner. As authorized by the County Administrator, the Medical Examiner Office separated from the Department of Public Safety, to report directly to County Administration effective October 1, 2000. With the Medical Examiner Office reporting directly to County Administration and no longer being under the Department of Public Safety, this Ordinance requires amending to reflect this change. Section 6.D. of the Medical Examiner Ordinance authorizes the Medical Examiner Office to charge funeral homes a fee for services rendered in providing approvals for cremations, dissections and burials-at sea.

4. PUBLIC HEARINGS - 9:30 A.M. CONTINUED

D. **Staff recommends motion to adopt:** an Ordinance amending Ordinance No. 85-40, as amended, establishing an amended Five-Year Road Program (Program); providing for title; purpose; adoption of revised program and revised list of projects contained in Exhibit “A”; implementation of the program; modification of program; funding of other roadway improvements; interpretation of exhibit; repeal of laws in conflict; severability; inclusion in the Code of Laws and Ordinances; and effective date. **SUMMARY:** Since the development and adoption of the County's Five-Year Road Program on November 20, 2007, the progress and evolution of current and near-term projects has continued to be monitored. Costs and revenues have been updated and in some cases, additional needs have been identified. Revisions are being proposed to modify the Program to reflect this updated information. A Mid-Year Ordinance Amendment with a Preliminary Reading and a Public Hearing is required in order to accomplish this. On September 9, 2008, the Board approved this Amendment on preliminary reading and authorized advertisement for today’s Public Hearing for final adoption.

E. **Staff recommends motion to:**

A) **adopt** an Ordinance of the Board of County Commissioners of Palm Beach County, Florida, amending Chapter 19, Article IX (Ordinance No. 2001-015); relating to taxicabs and other vehicles for hire, to be known as the Vehicle for Hire Ordinance; providing for short title and applicability; providing for authority; providing for definitions; providing for compliance; providing for advertising; providing for municipal exemption; providing for reciprocity; providing for business permit application; providing for records required; providing for vehicle requirements; providing for vehicle decal requirements; providing for impoundment; providing for vehicle safety and appearance requirements; providing for operational requirements for non-medical wheelchair and stretcher transportation service companies; providing for vehicle inspections; providing for commercial automobile liability insurance; providing for driver requirements and failure to comply; providing for fraudulent transfer of vehicle for hire company; providing for revocations, suspensions and denial of permits/I.D. badges and administrative appeals; providing for enforcement; providing for violations; providing for appeals; providing for fees; providing for penalties; providing for start-up; providing for repeal of laws in conflict; providing a savings clause; providing jurisdiction; providing for severability; providing for inclusion in the Code of Laws and Ordinances; and providing an effective date;

B) **adopt** a Resolution of the Board of County Commissioners of Palm Beach County, Florida; repealing Resolution No. R2001-0577 and approving a new resolution establishing a schedule of fees, fines and minimum insurance levels required by the revised Vehicle for Hire Ordinance; and

C) **approve** the addition of one (1) secretarial position (to assist in administering the Vehicle for Hire Ordinance).

**SUMMARY:** The Board approved this Ordinance for second reading on September 9, 2008. The proposal was previously approved unanimously by the Vehicle for Hire Task Force.

**Proposed Ordinance Revisions:** Some of the important changes: 1) prohibits persons from driving vehicles if convicted of specified felonies within five (5) years and permanently prohibits persons if convicted of violent/sexual felonies; 2) driver I.D. badges would be issued after a criminal/driving check reveals compliance (provisional permits no longer issued); 3) businesses may be suspended for not showing insurance proof by expiration/cancellation date (reactivation fee is required); 4) the maximum age of vehicles is ten (10) years (beginning 2010); 5) taxicabs must have a top light, taximeter, and uniform color/signage scheme (beginning 2010); 6) habitually uninsured vehicles may be impounded; 7) vehicles must have annual inspections by certified mechanics (beginning in 2010); and 8) new drivers must understand basic English and county geography. The League of Cities approved the Ordinance.
E. Continued

The Proposed Resolution establishes: 1) various permit fees charged to vehicle for hire companies/ drivers; 2) civil fines assessed against violators; and 3) minimum levels for commercial automobile liability insurance to be provided for each for-hire vehicle. The fees, fines and minimum insurance levels are mandated by the Ordinance.

Proposed Fees: Few changes in license and other fees for businesses/drivers are proposed. Some new fees are required. License/Permit fees for existing companies would decrease from $100 to $75/year. Similarly, decal fees for existing companies would decrease from $75 to $50/year. Decal fees for registered hybrid vehicles would be free for the first two years (to encourage the use of more fuel saving vehicles). The biennial driver I.D. badge fee would increase from $50 to $60 to include the cost of the newly required driver vehicle placard.

Proposed Fines: Staff proposes few changes in fines. Most would be $150-1st offense, $300-2nd offense and $500-3rd offense. Fines for violating insurance regulations would increase. Fines would also increase for failing to secure a required business permit or driver I.D. badge.

Proposed Liability Insurance Levels: Staff proposes few changes to minimum liability insurance levels: $125,000 bodily injury/person (up from $100,000); $300,000 bodily injury/accident; and $50,000 property damage (or $300,000 Combined Single Limit Bodily Injury and Property Damage). The increase in insurance levels was mandated by the State.

Addition of 1 Secretary Position: Staff is requesting the addition one (1) licensing secretary due to: 1) the large number of companies licensed in Palm Beach County (nearly 600); 2) required expanded monitoring of vehicle liability insurance; and 3) expanded administrative requirements of the new Ordinance (i.e., testing language/geography knowledge of drivers, etc.).

Per Board direction, staff will continue to work with the Vehicle for Hire Task Force and the industry to research the feasibility of separate rules for limousines, sedans and taxis, and options that would limit the number of taxi companies in the County. Countywide (DW)

2. Staff recommends motion to approve: the Ten-Year Plan to End Homelessness in Palm Beach County. SUMMARY: The Ten-Year Plan is a strategic planning document containing specific goals and action steps designed to address and end homelessness in Palm Beach County. The plan was developed by the County’s Homeless Advisory Board supported by the Department of Community Services and Langton Associates Consultants. The Advisory Board approved the Plan on July 16, 2008, after a 15-month development process that included extensive research on community models, input from public agency representatives, homeless individuals, homeless service providers, faith-based community representatives, the business community and funders, and numerous workshop sessions. The impetus for this plan is the desire for new strategies and resources for responding to and preventing homelessness, and a 2002 Federal funding mandate requiring the creation of such a plan. The goals and action steps included in the plan were presented to the Board of County Commissioners on April 15, 2008, and direction to proceed with plan finalization was provided to staff. D. FACILITIES DEVELOPMENT & OPERATIONS

1. Staff recommends Board delay: issuance of the Request for Proposals (RFP) on the South County Government Center Redevelopment Project until funding is available but complete all tasks leading up to the issuance of the RFP no later than June 2010. SUMMARY: While Staff still considers this redevelopment project among the highest priorities for new capital funding, the budget outlook for FY ’10 is going to require that Staff recommend that no new capital initiatives be funded (only renewal/replacement capital and continuation of previously approved capital projects). As a result, Staff is recommending: 1) finalize the details of the public funding strategies (both County and City) and document same in an interlocal agreement; 2) secure the Regional Transportation Authority (RTA) funding for its portion of the redevelopment project and document same in the appropriate agreement form; 3) finalize the County’s programming requirements and specifications for the government uses; 4) suspend the coordination with funding partners; 5) suspend the early coordination with developers; 6) suspend the preparation of the RFP; and 7) not proceed with any projects or modifications to the existing building or campus which are inconsistent (financially or physically) with the ultimate redevelopment of the property. In the interim, staff would only proceed with the maintenance projects required to keep the building operating for 3-5 additional years. The duration of the recommended suspension would be through June 2010 at which time, staff would return to the BCC with a recommendation to resume activity or continue the suspension. This revised direction will require Staff to continue to finalize the complex inter and intra-governmental documentation necessary to prepare and issue the RFP with 60-90 days of funding becoming available while at the same time suspending the market and developer specific activities until project is ripe. On April 22, 2008, the Board provided direction on the redevelopment project. The Board direction was to: 1) develop an interlocal agreement with the City of Delray Beach; 2) coordinate with the RTA; 3) coordinate with local, State and Federal agencies involved in economic development and housing initiatives to identify sources of potential funding assistance; and 4) prepare a Request for Proposals for the redevelopment of the County’s property. The County’s estimated cost, using reasonable assumptions, to redevelop the governmental uses was estimated at $50M. This $50M was projected to be offset by $4M from non-general government revenue sources and $14M from the sale of the Residual Property, leaving a $32M funding requirement. F. AIRPORTS

1. **Staff recommends motion to adopt:** a Resolution establishing landing fees for General Aviation (GA) operations at Palm Beach International Airport (PBIA); establishing a based aircraft fee; and providing for an effective date. **SUMMARY:** On March 11, 2008, the BCC approved the concept of a GA landing fee at PBIA and directed staff to develop a policy for BCC approval. Staff, after studying the issues and consulting with the PBIA Fixed Base Operators (FBO) and an aviation consultant, recommends the following:

A) GA landings at PBIA will be charged a landing fee rate based on aircraft weight, equal to the rate charged to signatory commercial carriers, currently budgeted to be $1.204 per 1,000 lbs. for Fiscal Year 2009, subject to annual adjustments, with a minimum landing fee of $15;

B) Based Aircraft will pay a based aircraft fee instead of the landing fee, with annual fees ranging from $180 to $684, subject to annual adjustments. Based Aircraft currently support PBIA through rentals of hangars or building space and consistently pay fuel flowage fees as compared to itinerant users. Commercial, for profit operations, including, but not limited to, Air Taxi Service, Charter Service, or Flight Schools established to transport other persons or goods for compensation shall not be exempt and shall be subject to Landing Fees;

C) Landing Fees will be reported and remitted to the County monthly by the FBO’s, with a 15% commission to be retained by the FBOs, subject to review and audit of FBO records to insure accuracy and completeness;

D) Military aircraft are exempt from all landing fees; and

E) the effective date of implementation will be November 1, 2008.

The fee structure was reviewed and approved by the Aviation and Airports Advisory Board in their meeting of July 17, 2008. **Countywide (AH)**

Palm Beach County has not increased this fee for the past fifteen (15) years; however, the operational costs for the Medical Examiner’s Office has increased 53% since October 1, 1992. Approving this Resolution would increase revenues generated by the Medical Examiner’s Office by approximately Ninety Thousand Dollars ($90,000) during FY 2008-2009. The fee increase will be effective October 1, 2008. **Countywide (DW)**

ADD-ON: Staff recommends motion to:
A) reject proposed Amendments to Agreements; and
B) initiate procedures for contract termination of the Development Agreement (R2007-0579), Hotel Lease (R2007-0580), Residential Land Lease (R2007-0581), and Hotel Room Block Agreement (R2007-0582), with Ocean Properties, LTD and its affiliates to construct the Convention Center Hotel, Residential Condominiums, Garage and Tunnel.

SUMMARY: On April 10, 2007, the Board of County Commissioners (BCC) approved a Development Agreement (R2007-0579), Hotel Lease (R2007-0580), Residential Land Lease (R2007-0581), and a Hotel Room Block Agreement (R2007-0582) for the construction of a 400 room first-class Westin Convention Center Hotel, 104 condominium units, an 1809 space parking garage and a tunnel to connect the garage to the north Convention Center drop off area. Ocean Properties has formally requested that the following Amendments to the Agreements be made due to the fact that they are unable to fulfill their obligations under the Agreements: (1) a reduction in the number of hotel rooms from 400 to 340; (2) elimination of the 104 condominium units; (3) a reduction in the number of parking spaces to be purchased by Ocean Properties from 581 to 69 (A total of 300 spaces are needed for the hotel, 271 will be provided under the hotel and 69 will be provided in the garage) with an
option to purchase 500 spaces in the future; (4) a modification to the PILOT payment schedule; (5) a modification to the garage construction commencement date from April 2008 to April 2009; (6) a modification to the garage completion date from January 2009 to January 2010; (7) a modification to the hotel construction commencement date from June 2008 to June 2009; (8) a modification to the hotel construction completion date from April 2010 to December 2010; and (9) an increase in the maximum event room block from 75% of the Hotel’s total inventory (400 x 75% = 300 rooms) to 80% (340 x 80% = 272 rooms). Attachment “A” provides a comparison summary of the requested Amendments to the requirements under the executed Agreements.

On June 12, 2008, the Tourist Development Council (TDC) recommended to the Board of County Commissioners that they continue to move forward with a Convention Center Hotel of 400 rooms and the construction of a garage as quickly as possible, with a completion date for the hotel no later than December 2010 and the garage completed by January 2010, or sooner. The TDC supported using the fifth (5th) cent to fully fund the garage within limits of the bed tax. Attachment “B” is a copy of the Motion passed by the TDC. On September 12, 2008, a study initiated by the Tourist Development Council and the Convention and Visitors Bureau concluded that any reduction to the currently planned 400 room inventory would place the Palm Beach County Convention Center significantly behind competitive/comparable convention centers. A copy of the report is included as Attachment “C”.

The construction plans for the garage are substantially complete. The schematic design drawings for the hotel and condominiums are substantially complete. The construction plans for the hotel and condominiums are approximately 60% complete. No County funds have been expended to date to reimburse Ocean Properties for the garage design and permitting.
In March 2005, Palm Beach County entered into a Settlement Agreement related to the Convention Center Hotel site. The obligations of Ocean Properties under the Settlement Agreement will be assigned to any substitute developer. A summary of the obligations are included as Attachment “D”. Staff received a letter dated September 5, 2008, from Ocean Properties stating that they will agree to terminate our mutual contractual relationship to develop the Convention Hotel.
