($79,200), The Enterprise Development for Glade Entrepreneurs Center, Inc. ($79,200), and the Business Loan Fund of the Palm Beaches, Inc. ($180,000). An amount of $681,578, which represents the 10% set-aside from the FY 2009/2010 CDBG Program, is available for distribution under the CDBG Economic Development Set-Aside Program. **These are Federal CDBG funds which do not require local matching funds. Countywide (DW)**

6. **Staff recommends motion to:**

   A) approve a Section 108 Loan Program Agreement between Palm Beach County (PBC) and Oxygen Development, LLC in the amount of $3,000,000, contingent upon the approval of the U.S. Department of Housing & Urban Development (HUD);

**SUMMARY:** On September 2, 2009, the Section 108 Loan Review Committee, made up of representatives from the Economic Development Office, Housing & Community Development, and the Office of Financial Management & Budget, recommended providing a $3,000,000 HUD Section 108 loan for Oxygen Development, LLC (the “Company”) through the Palm Beach County Section 108 Loan Program. The Company, a manufacturer of color cosmetics, skin care, hair care and over-the-counter drug-type products will invest an estimated $26,110,000, which includes $22,480,000 from the Recovery Zone Facility Bond (approved by the Board of County Commissioners on September 1, 2009; R2009-1443), $630,000 from owner's equity and $3,000,000 from the HUD Section 108 loan. The project includes the construction of a new manufacturing/global headquarters facility on a site located at 1525 South Congress Avenue in Palm Springs, which is owned by the Company's real estate affiliate Oxygen Holdings, LLC. The Company will create 400 new full-time equivalent jobs in Palm Beach County within five (5) years of which 51% will be offered to persons with low to moderate income. **These are Federal funds that require no local match. All documents are subject to such modifications required for consistency with the loan commitment, compliance with HUD’s criteria, and to protect the County’s interest. District 2 (DW)**

The FDOT has set aside Federal Rail Title II Signal Safety Funding for safety improvements to this crossing. The SCFE will install or have installed these improvements and the FDOT will reimburse the SCFE for all construction costs. 3. **CONSENT AGENDA APPROVAL**

C. **ENGINEERING & PUBLIC WORKS (Cont’d)**

3. **Staff recommends motion to approve:** a Contract Amendment to the Annual Guardrail Contract (Contract) (R2007-1457), Project No. 2008051, dated September 11, 2007, with Southeast Attenuators, Inc. (Contractor). This Amendment will extend the expiration date and lower the unit prices on certain bid items. **SUMMARY:** Approval of the Second Amendment to the Annual Guardrail Contract will extend the expiration date of the existing Contract extension retroactively, from September 30, 2009, to September 11, 2010. There is no increase to the dollar value of the Contract and several items will show lower prices. The Contract consists of furnishing and installing guardrail, guardrail products, removing and disposing of “old” guardrail and/or resetting of existing guardrail. For the original 2007 bid, Small Business Enterprise (SBE) goals were established at 15% of the overall contract amount. The sole bidder, Southeast Attenuators, Inc., failed to achieve any SBE participation. This is the final contract extension allowed and we will put the contract out to bid in 2010. **Countywide (MRE)**

4. **Staff recommends motion to approve:** an exception to criteria in Article 13 (Impact Fees) of the Unified Land Development Code for road impact fee credit by establishing a roadway impact fee credit for fifty percent of the estimated $19,630 cost ($9,815) of constructing a restricted median opening at the intersection of Morrison Avenue and Military Trail for Palm Center Car Wash. **SUMMARY:** Palm Center Car Wash is requesting a roadway impact fee credit of $19,630 for constructing a restricted median opening at the intersection of Morrison Avenue and Military Trail. The median modification will improve existing traffic conditions and future traffic conditions resulting from the increased traffic from the Palm Center Car Wash. Staff is instead recommending a fifty percent credit ($9,815) for the cost of the improvement because it will affect both existing and project related traffic. The improvements are not mandatory to meet the requirements of Traffic Performance Standards. The Board of County Commissioners must make the required exception to criteria in Article 13 (Impact Fees) of the Unified Land Development Code for any amount of road impact fee credit to be granted. **District 3 (LB)**

5. **Staff recommends motion to approve:**

A) a Budget Transfer of $707,865 in the Road Impact Fees – Zone 1 Fund from Reserves to the Central Boulevard and Indiantown Road Intersection for developer contributions received in FY 2008; and

B) Supplemental Agreement No. 4 to Project Number 2006501 under Agreement R2006-1863 in the amount of $227,090.17 with HSQ Group, Inc. for professional services.

**SUMMARY:** Approval of the Budget Transfer and Supplemental Agreement will provide the services necessary for the preparation of design plans and construction bid documents for the intersection of Central Boulevard and Indiantown Road. **District 1 (PK)**
3. CONSENT AGENDA APPROVAL

C. ENGINEERING & PUBLIC WORKS (Cont’d)

6. Staff recommends motion to:

   A) adopt a Resolution to approve a Local Agency Program Agreement (Agreement) with the State of Florida Department of Transportation (FDOT) in the amount of $7,000,000 for milling and resurfacing Military Trail from Clint Moore Road to Lake Worth Road (Project); and

   B) approve a Budget Amendment of $7,000,000 in the Transportation Improvement Fund to recognize the Agreement with the FDOT for the Project.

SUMMARY: Approval of this Agreement is necessary to secure an American Recovery and Reinvestment Act grant of $7,000,000 in construction funding to Palm Beach County for the Project. Districts 2, 3, 4 & 5 (MRE)

7. Staff recommends motion to:

   A) adopt a Resolution to execute a Joint Participation Agreement (JPA) with the Florida Department of Transportation (FDOT) for FDOT funding for Palm Beach County’s (County) installation of irrigation and landscape on State Road 7 from Palmetto Park Road to Glades Road; and

   B) approve a Budget Amendment of $200,000 in the Transportation Improvement Fund to recognize reimbursement from FDOT and appropriate it to State Road 7/Palmetto Park Road to Glades Road.

SUMMARY: FDOT agrees to provide the County up to $200,000 as 100% reimbursement funding for the County’s installation of irrigation and landscape in the medians of State Road 7 from Palmetto Park Road to Glades Road. This maximum reimbursement funding amount is in excess of the estimated cost to construct the project; therefore, the project can be built at no cost to the County. The JPA requires that all work be completed by the County and accepted by FDOT no later than December 31, 2011. No matching funds are required. District 5 (MRE)

8. Staff recommends motion to adopt: a Resolution vacating the plats of Okeechobee Fruit Lands Company’s Subdivision of Section 3, Township 45 S, Range 36 E, Palm Beach County, Florida, less the north 160 feet thereof for the right-of-way of Bolles Canal (Levee L-21), recorded in Plat Book 1, Page 108, within the public records of Palm Beach County, Florida, and vacating Okeechobee Fruit Lands Company’s Subdivision of Section 10, Township 45 S, Range 36 E, Palm Beach County, Florida, as recorded in Plat Book 1, Page 115, recorded in the public records of Palm Beach County, Florida, which includes the proposed roadways. SUMMARY: This petition site is located south of the Bolles Canal and west of U.S. Highway 27. K. WATER UTILITIES

1. **Staff recommends motion to receive and file:** one (1) Agreement for Emergency Generator purchase, operation and maintenance with Villaggio at Villages of Windsor Homeowners Association, Inc. **SUMMARY:** On March 14, 2006, the Board of County Commissioners delegated the authority to execute Emergency Generator Purchase, Operation and Maintenance Agreements (Agreements) to the County Administrator or his designee. The County Administrator has delegated this approval to the Palm Beach County Water Utilities Department (WUD) Director. These agreements provide property owners with the ability to fund the purchase of emergency generators for lift stations located within their community. WUD will assign the community its generator(s), locate the generator(s) on-site during hurricane season, and operate and maintain the generator(s) during emergencies. By executing such agreements, WUD is able to expedite its goal of providing a higher level of emergency response service throughout its service area. Power outages that occur during hurricanes and other emergencies require WUD to operate a system of emergency generators at wastewater pump stations to prevent wastewater from backing up into streets, swales, and residents’ homes. Due to the great number of lift stations and limited staffing resources, the Department is not able to place an emergency generator at every lift station. These agreements will increase the number of generators available to the Department during emergencies. **District 3 (MJ)**

County share in the funding of the $8,757,416 environmental health budget. The
State’s share is $4,377,206 (50.0%), primarily from State general revenue and fees.
Funding from the County’s FY 2010 budget is $2,097,459 (24.0%) that includes
Childcare Enforcement & Control Funding of $125,890. The remaining local share
(26.0%) is comprised of County Authorized Fees of $936,625 (10.7%), Federal Funds
of $297,126 (3.4%), Department of Environmental Protection (DEP) Funds of
$109,000 (1.2%), and the Air Pollution Tag Fees of $940,000 (10.7%). County funding
is used primarily for salaries and benefits. The environmental staffing is responsible
for surveillance of public drinking water systems, permitting and inspection of septic
tanks, regulation of air pollution sources, inspection and licensing of child care and
other group care facilities, and other duties related to environmental health. The
Childcare Enforcement & Control Funding provides for a full-time Attorney/Hearing
Officer and a half-time paralegal position to provide counsel for the Child Care
Advisory Council and to serve as Environmental Control Officer for the Environmental
Control Hearing Board. County funds are included in the FY 2010 budget. No
additional funds are needed. County staff requested certain changes to the State’s
standard contract in order to clarify the insurance and liability provisions. The State
preferred including these in an Addendum instead of revising the standard contract.

1. **Staff recommends motion to receive and file:** Memorandum of Agreement amending the FY 2006 Urban Area Security Initiative Grant Program to extend the ending grant period from June 30, 2009, through December 31, 2009. **SUMMARY:** The Board of County Commissioners (BCC) accepted this grant for $1,684,487 on December 19, 2006; the original period for this grant was October 1, 2006, through January 31, 2008 (3BB-2). 1. Update on the H1N1 Virus by Health Department

B. PARKS AND RECREATION

1. **Staff recommends motion to approve:**
   - **A)** an amendment to the previously approved annual permit fee policy for saltwater boat ramp trailer parking to include an advanced purchase daily fee option of $10 per day; and
   - **B)** a revised effective date of January 1, 2010.

**SUMMARY:** On July 7, 2009, the Board approved an annual boat trailer parking fee of $35 for five (5) County park saltwater boat ramp locations. An advanced purchase daily fee of $10 is proposed to permit access to those boaters who may infrequently use a County boat ramp and don’t desire to purchase an annual parking permit. The same permitting process used for the annual permit can easily accommodate daily permits at no additional cost to the County. These changes will resolve a concern of the Florida Inland Navigation District (FIND) related to equal, non-discriminatory access to FIND funded facilities. **Countywide (AH)**

C. WATER UTILITIES

1. **Staff recommends motion to approve:** Purchase Orders with vendors for the Florida Power and Light (FPL) Reclaimed Water Project (Project) in the amount of $8,064,668.18. **SUMMARY:** The project provides for reclaimed water to become the primary source of cooling water supply to FPL’s West County Energy Center (Center) beginning in FY 2011. The project components include the construction of a 27 million gallon per day reclaimed water treatment facility at the East Central Regional Wastewater Reclamation Facility (ECRWRF) and a pipeline to deliver the reclaimed water from the ECRWRF to the Center. FPL competitively bid the Project components. FPL entered into a construction contract with Wharton-Smith, Inc., for the construction of the reclaimed water treatment facility at the ECRWRF and with Garney Companies, Inc. and Felix Associates, LLC, for construction of the reclaimed water pipelines from the ECRWRF to the Center. The Contractors selected the vendors for the materials and equipment during the bidding process. The Reclaimed Water Agreement (R2008-0906) with FPL requires the County to procure materials for the construction of the Project. Florida Statute Section 212.08(6) and Florida Administrative Code Rule 12A-1.094 provides for an exemption of sales tax if the purchaser is a governmental entity. By purchasing materials and equipment directly from the vendors listed in the Purchase Orders, total sales tax savings of $484,105.09 can be achieved. FPL will reimburse the County the total cost of the Purchase Orders. The County Attorney’s Office has submitted a Technical Assistance Advisement request to the Florida Department of Revenue to confirm eligibility for sales tax exemption. If the State of Florida determines the project is not eligible for sales tax exemption, then FPL will pay the cost of the sales tax. **(WUD Project No. 08-031) Districts 2 & 6 (JM)**
C. WATER UTILITIES (Cont’d)

2. Staff recommends motion to:

A) approve a Utility Easement Agreement with Lion’s Holding Company LLC., providing compensation in the amount of $5,000;

B) approve a Utility Easement and Temporary Construction Easement from Palm Beach Aggregates Holdings, Inc. (PBA);

C) approve a Memorandum of Understanding with the South Florida Water Management District (SFWMD) and Florida Power and Light (FPL);

D) approve a Right-of-Way Consent Agreement with FPL;

E) adopt Resolutions declaring the acquisition of property designated as Parcel 100W, 100E, and 101 as permanent utility easements; Parcels 200E, 200W, and 200S as permanent access easements; and Parcels 300W, 300E, and 301 as temporary construction easements, necessary for the construction, installation, and maintenance of a reclaimed water pipeline and related appurtenances, to be a public necessity, and authorizing the employment of appraisers and other experts, and authorizing the filing of eminent domain proceedings.

SUMMARY: On May 20, 2008, the Board of County Commissioners (BCC) approved a Reclaimed Water Agreement (R2008-0906) with FPL to supply reclaimed water for the West County Energy Center (Center). Construction of the pipeline to deliver reuse water from the East Central Regional Wastewater Reclamation Facility (ECRWRF) to the Center requires the acquisition of several utility easements and licenses. Lion’s Holding Company, LLC is granting a utility easement and a temporary construction easement in return for compensation in the amount of $5,000. PBA Holdings, Inc. is granting a utility easement and temporary construction easement at no cost. The Memorandum of Understanding with the SFWMD and the FPL includes the granting of a utility easement and temporary construction easement from SFWMD at no cost. FPL is granting the Right-of-Way Consent Agreement, the Utility Easement and the Temporary Construction Easement at no cost. While the Palm Beach County Water Utilities Department may accept standard easements in accordance with its Uniform Policies and Procedures Manual, these easements/licenses contain modifications to the Standard Easement Form and/or require separate agreements between the parties, and are therefore being brought to the Board for approval. Approval of the eminent domain resolutions will authorize the filing of eminent domain proceedings for Parcels 100W, 100E, 101, 200E, 200W, 200S, 300W, 300E, and 301. The permanent utility easements and access easements (Parcels 100W, 100E, 101, 200E, 200S, 200W) are perpetual, while the temporary construction easements (Parcels 300W, 300E, and 301) will expire two (2) years from the date of execution, or upon the final completion of construction, whichever occurs first. ADD-ON: Proclamation declaring October 4 – 10, 2009 as “National 4-H Week” in Palm Beach County. (Sponsored by Commissioner Santamaria)

ADD-ON: Staff recommends motion to approve:

A) Amendment No. 1 to the Clean Water State Revolving Fund Construction Loan Agreement No. WW501100 with the Glades Utility Authority (GUA) and the State of Florida Department of Environmental Protection (Department), contingent upon approval by the Department;

B) Amendment No. 1 to the Clean Water State Revolving Fund Construction Loan Agreement No. WW501101 with the GUA and the Department, contingent upon approval by the Department; and

C) Amendment No. 1 to the Clean Water State Revolving Fund Construction (CWSRF) Loan Agreement No. WW501000 with the GUA and the Department, contingent upon approval by the Department.

SUMMARY: On July 7, 2009, the Board of County Commissioners approved the Clean Water State Revolving Fund Construction Loan Agreements No. WW501100 (R2009-1125) and No. WW501101 (R2009-1126) with the City of Pahokee (Pahokee) and the Department, and No. WW501000 (R2009-1127) with the City of South Bay (South Bay) and the Department (collectively, CWSRF Agreements). The CWSRF Agreements are for stimulus funding from the American Recovery and Reinvestment Act of 2009 to fund system improvement projects in Pahokee and South Bay. The Department required the County to execute the CWSRF Agreements due to the County’s covenant to budget and appropriate funds to repay principal and interest should Pahokee and South Bay default on their obligations to repay the loan portions of the CWSRF Agreements. The County’s covenant to budget and appropriate is set forth in the Interlocal Agreements approved by the County on June 2, 2009 with Pahokee (R2009-0950) and South Bay (R2009-0951) (collectively, CWSRF Interlocals). As part of the creation of the GUA, and as contemplated in the CWSRF Interlocals, the CWSRF Agreements are now being transferred to the GUA, and the Department is again requiring the County to execute these Amendments, as the County’s covenant to budget and appropriate survives the transfer of the CWSRF Agreements to the GUA. Countywide (MJ) (WUD)
ADD-ON: Staff recommends motion to:

A) approve a Budget Amendment of $700,000 in the Water Utilities Department’s Lake Region Renewal and Replacement (R&R) Fund; and

B) approve the transfer of the fund balance to the Glades Utility Authority (Authority).

SUMMARY: On February 3, 2004, the Board of County Commissioners (BCC) approved interlocal agreements with the Cities of Belle Glade (R2004-0245), Pahokee (R2004-0246) and South Bay (R2004-0247) (Cities) for the design, construction, operation, and maintenance of the Lake Region Water Treatment Plant (LRWTP) to provide potable water to the Cities. When the LRWTP was completed in March 2008, the Cities began purchasing water on a wholesale basis from the County. The commodity fee paid to the County included a 15% R&R component, which was deposited in a separate Lake Region R&R fund and designated in the agreements to be used for the replacement of membrane elements. On June 16, 2009 (R2009-1034), the BCC approved an interlocal agreement establishing the Authority and, on October 1, 2009, ownership of the County’s LRWTP was transferred to the Authority. Since the Authority has assumed ownership of the LRWTP, the balance in the Lake Region R&R fund should be transferred to the Authority since it cannot be used for any other purpose. The current balance in the fund is $603,795.93 and will increase slightly after the final payments from the Cities are received.

ADD-ON: Staff recommends motion to approve: Payment to Arthur J. Gallagher Risk Management Services, Inc. in the amount of $197,441.69 for the purchase of insurance for the Glades Utility Authority (Authority) for the period October 1, 2009, to October 1, 2010, the cost of which will be charged back to the Authority.

SUMMARY: In accordance with the Operating Agreement (R2009-1345) approved by the Board of County Commissioners on August 18, 2009, the Water Utilities Department (Department) is responsible for the day-to-day operations of the Authority. Authority operating costs are included in the Department’s 2010 budget, and Authority costs will be charged back monthly to the Authority. The Department has worked with the County’s Risk Management Department and the County’s insurance broker to obtain the necessary insurance for the GUA. The amount to be paid is significantly under the budgeted amount of $397,000, indicating that the economies of scale expected from the establishment of the GUA are being realized. The insurance being purchased includes property, general liability, commercial auto, public entity liability, crime, and fuel tank liability.
