ADD-ON: Staff recommends motion to approve on preliminary reading and advertise for a Public Hearing on April 16, 2013 at 9:30 a.m.: an Ordinance of the Board of County Commissioners of Palm Beach County, Florida, adopting rates for the Glades Utility Authority Service area; incorporating the rates into the Palm Beach County Water Utilities Department’s Uniform Policies and Procedures Manual; providing for repeal of laws in conflict; providing for severability; providing for inclusion in the code of laws and ordinances; and providing for an effective date. SUMMARY: On January 15, 2013, the Palm Beach County Board of County Commissioners (County) approved the First Amendment to the Interlocal Agreement Establishing the Glades Utility Authority (First Amendment). Pursuant to the First Amendment, the County will absorb the Glades Utility Authority (GUA) water and wastewater system and customers and reduce current rates by 6.5%. These reduced rates will be charged to customers for a period of eight (8) years. After the initial eight (8) years, the GUA's rates will revert to the County's rates plus seven (7) percent. Existing GUA rates are approximately 75% higher than current County rates, and revenue from the rate differential will be used to pay debt service on the bonds being absorbed and to pay "Host Fees" to the Cities of Belle Glade, Pahokee, and South Bay. The proposed ordinance will adopt the rates currently being charged by the GUA and include those rates in Chapter 6 of the Water Utilities Department’s Uniform Policies and Procedures (UPAP) Manual. The revision does not affect any rates currently being charged to existing Water Utilities customers. District 6 (MJ) (Water Utilities)

SUMMARY: Commissioner Vana has requested that the County participate in the 2013 Florida Green, Energy & Climate Conference/Expo as a sponsor. Sponsor benefits include an exhibitors booth, conference passes, and inclusion of the County logo on all communications relating to the conference. This annual event joins together eco businesses with green energy leaders from municipalities, counties and regional agencies throughout the State of Florida to network and to learn and discuss sustainable ways of fulfilling Florida’s energy needs through the development and use of renewable energy technology. It also showcases green technologies and sustainability concepts. There is no current board policy or budget line for paid sponsorship of non-County events. If the request is approved, staff recommends one-time use of promotional funds from the Department of Public Affairs operating budget. Prior to FY 09-10, event sponsorships were funded through the Recreation Assistance Program (RAP). Countywide (MJ) (Admin)

E. COMMUNITY SERVICES

1. Staff recommends motion to approve:

   A) Contract for Provision of Services with Governor’s Council for Community Health Partnerships, Inc. for the period March 1, 2013, through September 30, 2013, in an amount not to exceed $442,979 for Summer Camp Scholarships; and

   B) Budget Transfer of $8,750 in the General Fund from Human Services Admin to Financially Assisted Agencies to fund the administrative cost associated with delivering the program.

SUMMARY: The Summer Camp Scholarship Program pays full tuition and associated fees for eligible children to attend day camp during the summer months. Palm Beach County Board of County Commissioners has allocated $434,229 for this fiscal year to fund summer camp scholarships for eligible children. An additional $8,750 is being provided from the Human Services Division budget for administrative costs. Governor’s Council for Community Health Partnerships, Inc. (GCCHP) receives these funds, which are matched by Children’s Services Council of Palm Beach County, in addition to other grants and private donations. Combined, these funds result in the ability to provide 1,400 scholarships to Palm Beach County children to attend over 75 camps. GCCHP processes payments to the specific summer camp vendors based on invoices received from the Human Services Division. GCCHP maintains financial records, reports of payments and receipts for summer camp funding which is audited annually. (Human Services) Countywide (TKF)

2. Staff recommends motion to approve:

   A) Amendment No. 03 to Contract for Provision of Services with Adopt-A-Family of the Palm Beaches, Inc. (R2012-0613), for the period October 1, 2012, through September 30, 2013, to decrease funding for engagement, interim housing and rapid re-housing services to homeless families by $4,575 for a new total amount not to exceed $1,426,512;

   B) Downward Budget Amendment of $154,575 in the General Fund, Human Services Division to adjust the budget due to decrease in inter-fund transfer; and

SUMMARY: Department of Economic Sustainability (DES) was allocated Rapid Re-Housing funds in FY 2012-2013 through the Emergency Solutions Grant (ESG). The funds were subsequently transferred to the Division of Human Service’s budget for program implementation. It has now been determined that direct contracting of the housing services by DES will facilitate the federal reporting requirements and specifications of this grant. To accomplish the reassignment to DES, a budget amendment and transfer is required. The Adopt-A-Family contract also must be amended to reflect the removal of the ESG funds and the addition of supplemental rapid re-housing funds approved by the Board of County Commissioners on March 12, 2013 (Agenda Item 4.F.) Winsberg (R99-842D) for the Winsbergs’ continued agricultural use of approximately 60 acres located on Hagen Ranch Road in Boynton Beach. **SUMMARY:** In 1996, the County purchased 175 acres of property from the Winsbergs for the development of the Water Utilities Department’s Green Cay Wetlands Water Reclamation project. The property is located off Hagen Ranch Road between Boynton Beach Boulevard and Atlantic Boulevard. The Board approved the original Lease Agreement in May of 1999 (R99-842D), which allowed the Winsbergs to continue to farm the property until the Water Utilities Department (WUD) was ready to construct its project. Over time, as WUD constructed phases of the Water Reclamation Project, the area leased to the Winsbergs was reduced and the Winsbergs currently lease approximately 60 acres. The next phase of the Water Reclamation Project is not expected to be implemented within the next five years. In April of 2008, the Board approved the Fourth Amendment (R2008-0629) which extended the term of the Lease Agreement through May 1, 2010, and provided the Winsbergs with ten additional one year options to extend the term of the Lease Agreement. Exercising this forth option will extend the term of the Lease Agreement through May 1, 2014. The Winsbergs have the right to exercise their option and the Board has no discretionary authority to not allow the exercise of the option. The County will continue to have the right to terminate this Lease upon 120 days notice. The annual rental rate for this option period will continue to be $1/yr. Six - one year options remain available to the Winsbergs. All other terms of the Lease Agreement remain in full force and effect. (PREM) **District 5 (HJF)**

Z. RISK MANAGEMENT

1. **Staff recommends motion to approve:** renewal of the County’s excess property, liability, and workers’ compensation insurance program for the period April 1, 2013, through March 31, 2014 purchased through the County’s contracted broker, Arthur J. Gallagher Risk Management Services, Inc., under Contract No. 10-042R/LJ, for a total cost not-to-exceed $11,885,676. **SUMMARY:** The projected 2013-2014 renewal figures reflect a challenging insurance market for property and an exceptionally hard market for excess workers’ compensation, while the liability insurance market remains stable. As a result, staff recommends purchasing statutory/uncapped excess coverage for workers’ compensation above an increased self-insured retention (SIR) of $2.5M for the first occurrence and $2M for each occurrence thereafter. The County SIR document will be amended and restated to reflect the change from the expiring policy, which contains an SIR of $1M per occurrence and excess coverage capped at $2M. Of the various options considered in the current market, the recommended coverage levels offer the most favorable terms. Property and liability coverage levels remain the same as the expiring policy and the County’s total insured value currently stands at $2.35 billion dollars. The total not-to-exceed cost of $11,885,676 represents an increase of 3% over the expiring program. The cost of the program is also impacted by a variety of state mandated surcharges and assessments. Sufficient funds are budgeted in FY 2013 for this coverage. Countywide (TKF)

The City of Boca Raton has agreed to provide one half of the local match in the amount of $24,500. The Job Growth Incentive will be secured by a Letter of Credit or Bond. The five year local Economic Development Return on Investment is anticipated to be $24 million. The JGI criteria approved by the Board of County Commissioners (BCC) on September 16, 1997 (R97-1267-D) requires a minimum job creation of 50 jobs. County Administration is recommending an exception to the criteria in consideration of the State and City’s willingness to contribute and the local economic Return on Investment. The company will be required to enter into a formal agreement approved by the BCC memorializing their commitments and establishing criteria for funding distribution. At such time, the company name will be disclosed. Funding from the JGI Grant will come from General Fund Contingency Reserves. District 4 (DW)

2. **ADD ON:** **Staff recommends motion to approve on preliminary reading and advertise for a Public Hearing on April 16, 2013 at 9:30 a.m.:** an Ordinance of the Board of County Commissioners of Palm Beach County, Florida, adopting rates for the Glades Utility Authority Service area; incorporating the rates into the Palm Beach County Water Utilities Department’s Uniform Policies and Procedures Manual; providing for repeal of laws in conflict; providing for severability; providing for inclusion in the code of laws and ordinances; and providing for an effective date. **SUMMARY:** On January 15, 2013, the Palm Beach County Board of County Commissioners (County) approved the First Amendment to the Interlocal Agreement Establishing the Glades Utility Authority (First Amendment). Pursuant to the First Amendment, the County will absorb the Glades Utility Authority (GUA) water and wastewater system and customers and reduce current rates by 6.5%. These reduced rates will be charged to customers for a period of eight (8) years. After the initial eight (8) years, the GUA's rates will revert to the County's rates plus seven (7) percent. Existing GUA rates are approximately 75% higher than current County rates, and revenue from the rate differential will be used to pay debt service on the bonds being absorbed and to pay "Host Fees" to the Cities of Belle Glade, Pahokee, and South Bay. The proposed ordinance will adopt the rates currently being charged by the GUA and include those rates in Chapter 6 of the Water Utilities Department’s Uniform Policies and Procedures (UPAP) Manual. The revision does not affect any rates currently being charged to existing Water Utilities customers. **District 6 (MJ)**

C. FACILITIES DEVELOPMENT & OPERATIONS

TIME CERTAIN 5:45 P.M.

1. Staff recommends motion to approve:

A) a Civic Site Dedication Agreement with Boynton Beach Associates XXIV, LLLP; Boynton Beach Associates XIX, LLLP; Delray Beach Associates I, LLC; Boca Raton Associates VI, LLLP; Atlantic Commons Associates, LLLP; Boca Raton Associates VII, LLLP; and Boca Raton Associates VIII, LLLP; and

B) a Memorandum of Agreement between the County and Atlantic Commons Associates, LLLP;

C) a Termination of Memorandum of Agreement; and

D) a Budget Amendment of $200,000 in the Civic Site Fund recognizing cash out revenue received and establishing a project expense budget.

SUMMARY: Pursuant to this Civic Site Dedication Agreement, GL Homes, through its various development entities, will convey to the County a 6.276 acre civic site within the Atlantic Commons PUD at the northeast corner of Atlantic Avenue and the Turnpike and cash out the balance of GL Homes’ civic dedication requirements for its Ag Reserve development projects for the sum of $2,854,477. This civic site dedication will provide sufficient land to meet the foreseeable demand for County services arising out of development in the Ag Reserve, from a site which is just outside the boundaries of the Ag Reserve. The cash out of the civic dedication requirement does not allow GL Homes to increase the number of units it can develop within its projects. The cash out funds will assist in offsetting the cost of development for County facilities serving the West Delray area. The Budget Amendment recognizes the $200,000 that GL is required to pay within 90 days of the execution of this Agreement and establishes budget for pre-construction services for renovations to the old West Atlantic Library building for use by the Palm Beach County Sheriff’s Office as a substation to house District 4 and the Countywide Traffic Unit as contemplated by the 5-Year Capital Improvements Program. The Memorandum will be recorded and provide public notice of the County’s rights under this Agreement. The Termination of Memorandum will be held in escrow and recorded at closing of the civic site. **These Agreements must be approved by a supermajority vote (5 Commissioners).** (PREM) District 5 (HJF)

2. **Staff recommends motion to:**

   A) **adopt** a Resolution authorizing the Lease of Certain Real Property to Alzheimer’s Community Care, Inc., for the provision of an adult day care dementia specific unit in partnership with the Division of Senior Services; and

   B) **approve** a Lease with the Alzheimer’s Community Care, Inc. for 1080 square feet of space located at the Mid-County Senior Service Center at 3680 Lake Worth Road, Lake Worth at an annual rent of $13,200 payable in equal monthly installments of $1,100 per month.

**SUMMARY:** On June 29, 2010, the Board authorized staff to initiate negotiations with the Alzheimer’s Community Care, Inc. (ACC) for the provision of an adult day care dementia specific unit at the Mid-County Senior Center in partnership with the Department of Senior Services (DOSS). DOSS currently offers an adult day care program for persons with mild to moderate dementia at the Senior Center located at 3680 Lake Worth Road. Pursuant to the Lease, ACC will occupy 1080 square feet within the Senior Center and will utilize the leased space to establish a dementia specific unit. ACC will serve up to 24 persons with moderate to severe dementia who are not currently receiving County services, facilitate the electronic monitoring program, provide access to the Family Nurse Consultant Program, and provide public education in partnership with the DOSS. The ACC will provide a congregate meal site at the Senior Center while County will contract with a vendor to provide nutrition services for clients at the Senior Center. ACC’s hours of operation will be 7:30AM – 5:30 PM Monday through Friday, excepting County holidays. The term of the Lease commences upon the ACC receiving its Adult Day Care License and any other permits required for operation of the program and shall continue for a period of two years, with two options to renew, each for one year. The ACC anticipates an August 2013 program launch. The annual rent is $13,200 payable monthly in equal installments of $1,100 per month which will offset costs to DOSS associated with administering the lease and the various program components which will be undertaken by, or billed to DOSS. The County is responsible for repairs, routine maintenance, and will continue to pay routine utilities necessary for general office purposes. The County has the right to terminate the Lease if ACC is unable to secure the permits necessary to operate. Once ACC is operating within the Center, either party has the right to terminate the Lease with 120 day notice. (PREM) **District 3** (HJF)
4. **REGULAR AGENDA**

D. **COMMUNITY SERVICES**

1. **Staff recommends motion to approve:** initiation of the following actions in response to reductions in funding associated with the Federal Budget Control Act of 2011 (Sequestration):

   **A) Head Start**
   1. Eliminate transportation services for grantee sites effective June 2013.
   2. Relocate Delray Head Start classrooms to the School District.
   5. Utilize VPK reserves balance.

   **B) Senior Services**
   1. Elimination of breakfast for both congregate and home delivered sites.

   **C) Community Action Program**
   1. CSBG-Reduce emergency services, rental assistance, and employment training
   2. LIHEAP-Reduce utility assistance payments.

   **D) Ryan White HIV/AIDS**
   1. Reduce fund transfer to AIDS Drug Assistance Program (ADAP).

**SUMMARY:** The Department of Community Services receives federal funding for early childhood education and various social service programs serving seniors and low-income families. Due to the sequestration, program reductions and fund transfers are necessary. The strategies being recommended reduce program budgets in accordance with the federal mandates while maintaining critical program components and minimizing service-level impacts.

The Head Start recommendations will require the elimination of approximately 14 bus driver and rider positions, and the eventual displacement of approximately 10 teachers and classroom staff. We will work with the School District Office of Early Education to obtain the maximum amount of hiring of affected staff. These strategies should eliminate the need for forced reductions in enrollment or shortening of the school year. The reductions in the Senior Service, Community Action and Ryan White programs will impact current clients through service reductions and, in some cases, our ability to serve new clients. The programs are operating at minimal staffing configurations and direct service cuts are unavoidable. The cuts are detailed in the budget cut proposal. Countywide (TKF)
4. REGULAR AGENDA

E. ADMINISTRATION

1. **Staff requests Board direction:** on a draft letter to Florida’s Congressional Delegation calling on Congress and the Administration to reject any proposals that harm the financing of local infrastructure projects by changing the tax-exempt status of municipal bonds. Municipal bonds provide a low-cost and efficient way for counties to finance much of America’s critical infrastructure. **SUMMARY:** As Congress deliberates tax policy and changes to the current status of some exemptions, local governments urge the maintenance of tax-exempt status for municipal bonds. Tax-exempt municipal bonds are the single most important tool that counties use for financing our critical infrastructure. Any change to the taxation status of often voter-approved debt issued by counties risks local public works projects that benefit communities and puts into question the nature of the U.S. federalist partnership. The tax exemption for municipal bond interest has been in law since the creation of the federal income tax 100 years ago. Under the federal tax code, investors are not required to pay federal income tax on interest earned from most bonds issued by state and local governments. As a result of this tax exemption, state and local governments receive a lower interest rate on their borrowing than they would if their interest was taxable to investors. The tax exemption can save states and localities up to two percentage points on their borrowing rates under typical market conditions. **Countywide (DW)**

2. **Staff requests Board direction:** on a Resolution of the Board of County Commissioners of Palm Beach County, Florida, requesting the Legislature to support House Bill 97 by Representative Bobby Powell relating to Concealed Weapons and Firearms. **SUMMARY:** The County had four ordinances and two resolutions related to gun control that had to be repealed due to the enactment of Chapter 2011-109 Laws of Florida. The County concurs with the position of the Florida Association of Counties on Home Rule that a local government is often best able to enact local rules and ordinances to protect the safety of its residents and visitors. House Bill 97 by Representative Bobby Powell would allow the restoration of some home rule authority by allowing the Legislature to create an exception to the preemption of the regulation of firearms to allow a state agency or local government to prohibit the possession of a concealed firearm and ammunition at specified publicly sanctioned or sponsored events conducted in public buildings or at government-sponsored outdoor public venues. **Countywide (DW)**

3. **ADD ON:** **Staff requests direction on:** a request from Commissioner Shelley Vana for payment of a sponsorship fee of $2,500 to the Central Palm Beach County Chamber of Commerce for support of the 2013 Florida Green, Energy & Climate Conference/Expo, May 22-23, 2013. **SUMMARY:** Commissioner Vana has requested that the County participate in the 2013 Florida Green, Energy & Climate Conference/Expo as a sponsor. Sponsor benefits include an exhibitors booth, conference passes, and inclusion of the County logo on all communications relating to the conference. This annual event brings together eco businesses with green energy leaders from municipalities, counties and regional agencies throughout the State of Florida to network and to learn and discuss sustainable ways of fulfilling Florida’s energy needs through the development and use of renewable energy technology. It also showcases green technologies and sustainability concepts. There is no current board policy or budget line for paid sponsorship of non-County events. If the request is approved, staff recommends one-time use of promotional funds from the Department of Public Affairs operating budget. Prior to FY 09-10, event sponsorships were funded through the Recreation Assistance Program (RAP). **Countywide (MJ)**
