 - A. First Quarterly Performance Measures Report

Ms. Nellie King, Chair of the Performance Monitoring and Evaluation Sub-Committee commented on the excellent preliminary report complete, and noted that it was a combination of the Sub-Committee meeting over the last two years. She advised that the full report is available upon request, but noted that a meeting of the sub-committee will be scheduled to review the preliminary results. She thanked sub-committee members as well as Michael Rodriguez and Damir Kukec for all the work done.

Vice Chairman and former sub-committee Chair Lee Waring remarked about the depth of the report and suggested that members review same and direct questions and/or concerns to Michael Rodriguez.

Mr. Kukec provided an overview of the report, noting that it covers the first quarter of fiscal year 2014 (October 1, 2013 to December 31, 2013) for programs being evaluated since 2010. In his presentation, he highlighted the case loads, graduation rate, and recidivism rate of the various programs. With regards to performance measures, he noted that the focus was on the total number of participants served, the average daily population, graduation rate, and recidivism rate. Further details were provided as outlined in the report.

Public Defender Carey Haughwout inquired about the participants as well as times served. She sought clarification on the recidivism rate as it relates to program success.

Chief Judge Colbath suggested that more footnotes and further clarification be included in the report for clarity.

Mr. Rodriguez remarked about getting the report to the various programs for their input before presenting to the CJC. After further discussion, a conclusion to present the report in a more understandable and clear format was agreed on.

Mr. Waring thanked the sub-committee and Mr. Kukec for the efforts in completing the first report.

B. Children and Youth Services Department

Mr. Rodriguez reported that the County is in the process of exploring a new youth department where all youth related services will be housed that will include the CJC's Youth Violence Prevention Coordinator's position. He noted that the idea came out of an effort to change the way the County runs Head Start to the tune of about \$7M. He further noted that one of the recommendations from the Youth Symposium held in September 2013 was to consolidate the youth/kids programs run by the County into one department. Mr. Rodriguez highlighted a list of the new department's proposed responsibilities, and the proposed organizational chart. He said that ad valorem savings of \$3M is projected in the first year and that the savings is expected to increase each year. In addition to the cost benefits of the consolidation, the move is expected to enhance the effectiveness of programs for children and youth from ages 6 and above.

Mr. Rodriguez advised that the CJC and Public Safety have been involved in the planning, and that the youth empowerment centers will be funded under the new department. He also said that the CJC will still be involved in juvenile issues.

Public Defender Haughwout commented that it is a good move for the County, the youth, the budget, and the CJC as there is always the struggle of determining the dollars spent, and said that this will therefore give the County a better view of what is spent. Judge Kroll noted that the Juvenile Division is in favor of the move and also remarked about the difficulty in knowing how much the County spends and for what juvenile services. She added that the states/counties that have put all their services under one entity have done a better job

at spending the dollars in the right way.

Following a motion by Public Defender Haughwout, members unanimously approved sending a letter of support for the new department.

C. Twelve Floor Juvenile Population

Mr. Rodriguez reported that the population on the twelfth floor of the Palm Beach County jail was brought to the Corrections Task Force attention, and that they are requesting the CJC's approval to move forward with looking into the increasing number of kids on the 12th floor of the county jail. The CJC supports the Task Force should proceed with looking into the matter.

XI. Under CJC Initiatives/Updates, Mr. Rodriguez:

- A. Provided an overview of the grants management worksheet and highlighted a list of agencies that the CJC partners with in obtaining grants. He announced that the Department of Justice is seeking applications for funding under the National Center for Building Community Trust and Justice. The purpose of this grant is to enhance procedural justice, reduce bias and support racial reconciliation. He noted the possibility of partnering with an agency. Public Defender Haughwout questioned if this grant would assist with addressing the concerns of the justice system and racial inequities expressed by Ms. Cheives at the annual planning meeting. Mr. Rodriguez along with Court Administration will further explore the possibility of applying for the grant. The deadline for the application is June 18, 2014.
- B. Reported that the CJC received notification of the Edward Byrne Memorial Justice Assistance Grant (JAG) Local Solicitation in the amount of \$164,802. Mr. Rodriguez said that because of the usual timing issue, a finance committee meeting will be scheduled as soon as possible to determine allocation of same.

XII. Under Member Comments Mr. Chuck Shaw suggested that a summary of the legislative issues relating especially to weapons and guns be presented to the CJC as the legislators session has ended.

XIII. With no further items for discussion, the meeting adjourned at 9:10 a.m.
