Palm Beach County Medical Examiner: Roger Ailes Death Accidental

The Palm Beach County Medical Examiner's Office has completed the investigation and examination of Roger Ailes, who died this morning of complications of a subdural hematoma after he fell at home injuring his head.

Hemophilia contributed to his death and his manner of death was accidental. There was no evidence of foul play.

No further information will be available at this time. The medical examiner report will be available in 3-4 weeks.
