(Ord. No. 2013-004, § I, 3-12-13)

Sec. 2-80.21. Definitions.

Acting as a conduit means, in part, not acting as a regular dealer by making sales of material, goods or supplies from items bought, kept in stock and regularly sold to the public, as opposed to only government agencies, in the usual course of business. Brokers, manufacturer's representatives, sales representatives and non-stocking distributors are considered as conduits that do not perform a commercially useful business function.

Affiliation means that the entity applying for SBE certification controls, has the power to control, or is controlled by another entity or entities, or an identity of interest exists between the entity applying for SBE
certification and another entity or entities. In determining whether an affiliation exists, it is necessary to consider factors including, but not limited to, common ownership, common management, common use of facilities, equipment, and employees, contractual obligations and family interest in the business. Affiliated entities must be considered together in terms of gross receipts in determining whether a business entity meets SBE eligibility criteria.

**Board** means the board of county commissioners of Palm Beach County, Florida.

**Business category** means construction; professional services procured pursuant to the Competitive Consultant Negotiations Act (CCNA); other professional services, and commodities. For purposes of SBE eligibility criteria, a business entity shall be considered for eligibility in the business category in which it performs the largest portion of its work.

**Certification** means the process by which the office of small business assistance determines a business meets the criteria for a small, minority or woman business enterprise.

**Certified small business enterprise (SBE)** means a business which has been certified by the office of small business assistance (SBA).

A small business is considered to perform a commercially useful business function when it is responsible for execution of a distinct element of work of a contract or transaction and carrying out its responsibilities by actually performing, managing and supervising the work performed. Businesses who merely act as a conduit do not perform a commercially useful business function and will not be eligible for certification as a SBE. In determining whether a business performs a commercially useful business function, consideration will include, but not be limited to, whether the business adds a value to the product or service provided; whether the business has a distributorship agreement with the manufacturer of goods supplied; whether the business takes possession of the product or service provided; whether the business warrants the product or service provided; whether the business maintains sufficient storage space to keep the product in inventory; whether the business maintains sufficient inventory to meet the requirements of its contracts; whether the business provides the product or service to the public or other business other than a governmental agency.

**Domiciled in the county** means the business holds a valid Palm Beach County business tax receipt and has a permanent place of business in the county. In order to establish a permanent place of business in the county, the business must:

1. Demonstrate that business has been conducted at the county location, and sufficient full-time employees are maintained in the county to perform the contracted work;
2. The county business tax receipt bears the county address, and the county location is in an area zoned for the conduct of such business;
3. The county location must be verifiable through documentation such as property tax bill or lease agreement; and
4. The county location should be identifiable through signage, telephone listing, and/or website or social media. On-site visits may be conducted at any time to determine continued adherence to the domicile requirements and other requirements of the code. Additional backup

This part shall apply to the solicitation of all goods, services and construction by the county which are governed by the county purchasing ordinance (sections 2-51—2-57 of the County Code, as may be amended). Whenever possible, the county shall utilize a solicitation process which encourages SBE participation even on those items which are exempted from the requirements of the purchasing ordinance.

Sec. 2-80.23. Goals.

The annual goal shall be applied to each individual county procurement of goods, services or construction unless otherwise approved by the county administrator.

(b) Evaluation of goal attainment: The goal shall be applied to the full monetary value of the contract and be reflected in the full monetary portion spent on subcontracts for supplies, consulting or construction services to be awarded to those SBEs meeting contract specifications.

In case of a certified SBE submitting a bid as a prime contractor, the SBE will be credited with meeting the percentage of the goal that the SBE will be performing with its own forces plus the percentage of subcontracts awarded to certified SBEs.
A joint venture consisting of a small business and non-small business functioning together as a prime contractor will be credited with small business participation on the basis of the percentage of participation in the work, risk and profit by the small business.

Bidders will receive credit for goal attainment only for subcontractors who are certified and licensed, if required, in the specific area of expertise for which credit is sought at the time of bid opening.

Bidders utilizing SBE suppliers will receive credit for goal attainment at sixty (60) percent of the contract for supplies.

(c) In the event annual goals are not achieved, the county may implement programs, including, but not limited to a sheltered market program for contracts under two hundred fifty thousand dollars ($250,000.00), to achieve goal attainment. Upon determination that a breach of contract has occurred, the county shall have all available remedies for breach of contract. In addition, all amounts paid to the contractor or firm under the contract intended for expenditure with SBEs will be forfeited and recoverable by the county. The county, at its sole discretion, may waive the breach and available remedies; however any such waiver shall not constitute a waiver of rights for breach of any provision of the contract.

In cases where the low bid exceeds one million dollars ($1,000,000.00), the contract shall be awarded to the low bidder responsive to the SBE requirements, or in the event there are no bidders responsive to the SBE requirements, to the bidder with the greatest SBE participation in excess of seven (7) percent participation, provided that such bid does not exceed the low bid otherwise responsive to the bid requirements by more than one hundred thousand dollars ($100,000.00) plus three (3) percent of the total bid in excess of one million dollars ($1,000,000.00).

2. Making or procuring to make any false statement or use of deceit.

3. Making false representations as a small business for purposes of qualifying for certification as such a business under a program that is designed to assist SBEs in the receipt of contracts with the county for the provision of goods or services.

4. Representing a SBE as performing a commercially useful function when such business is merely acting as a conduit in order to participate in the county's SBE program or receive a preference or benefit under the SBE program.

5. Repeatedly failing to meet SBE goals when submitting bids when there is documented availability of SBEs as shown by other bidders on the same projects meeting the stated goals.

6. Failing to comply with the SBE requirements of an awarded contract. The director of the office of small business assistance may refer a business or firm to the director of purchasing for consideration of suspension or debarment. (Ord. No. 02-064, § 6, 9-10-02; Ord. No. 05-048, § 3, 11-15-05; Ord. No. 08-014, § V, 5-20-08)

Pursuant to the provisions of F.S. § 218.735(6), as may be amended, when a prime contractor receives payment from the county for labor, services or materials furnished by subcontractors or suppliers hired by the prime contractor, the prime contractor shall remit payment due to those subcontractors and suppliers within ten (10) days after the prime contractor's receipt of payment. When a subcontractor receives payment from a prime contractor for labor, services or materials furnished by sub-subcontractors and suppliers hired by the subcontractor, the subcontractor shall remit payment due to those sub-subcontractors and suppliers within seven (7) days after the subcontractor's receipt of payment from the prime contractor.

Every contract let by the county for the performance of work shall contain a provision requiring the prime contractor to certify in writing that all subcontractors, subconsultants and suppliers have been paid for work and materials from previous progress payments received, less any retainage, by the prime contractor prior to receipt of any further progress payments. During the contract and upon completion of the contract, the County may request documentation to certify payment to subcontractors, subconsultants or suppliers. Nothing herein shall prohibit a prime contractor or subcontractor from disputing, pursuant to the terms of a relevant contract, all or any portion of a payment alleged to be due to another party. In the event of such dispute, the prime contractor or subcontractor may withhold the disputed portion of any such payment if the prime contractor or subcontractor notifies the party whose payment is disputed, in writing, of the amount in dispute and the actions required to cure the dispute. The prime contractor or subcontractor must pay all undisputed amounts due within the time limits imposed by this section. All
payments not made within the time periods herein specified shall bear interest at the rate of one (1) percent per month, or the rate specified by the contract, whichever is greater.

This provision in no way creates any contractual relationship between any subcontractor, subconsultant or supplier and the county or any liability on the county for the prime contractor’s failure to make timely payment to the subcontractor, subconsultant or supplier.

(Ord. No. 02-064, § 7, 9-10-02; Ord. No. 08-014, § VI, 5-20-08)

The purchasing department shall establish specific purchasing procedures to increase SBE participation, including, but not limited to, purchases under the mandatory bid or proposal amount set forth in the purchasing code and purchases made by decentralized purchase orders (DPOs) under one thousand dollars ($1,000.00). The purchasing procedures shall include a provision that every effort will be made by buyers to contact all registered certified SBE within a particular commodity area for purchases under the mandatory bid or proposal amount set forth in the purchasing code. The purchasing procedures shall also include a process so as to allow as many vendors as possible to compete in providing goods and services to Palm Beach County. The purchasing procedures shall also include a provision requiring awards of purchases under the mandatory bid or proposal amount set forth in the purchasing code to be made to the lowest responsive, responsible bidder unless a certified small business is within ten (10) percent of the lowest non-small business bid, in which case the award shall be made to the certified small business bidder submitting the lowest responsive, responsible bid. For purchases of goods and services over the mandatory bid or proposal amount set forth in the purchasing code goals will be established pursuant to the provisions of section 2-80.23. This section shall not apply to procurement of construction.

(Ord. No. 02-064, § 8, 9-10-02; Ord. No. 05-048, § 4, 11-15-05; Ord. No. 08-014, § VII, 5-20-08)

The office of small business assistance will inform the applicant of any missing documentation. Any applicant failing to submit the requested documentation within thirty (30) days of the notice shall be deemed to have abandoned its application.

(2) References will be called and information verified by third parties, when appropriate. The office of small business assistance will review the goods or services provided by the applicant to determine the appropriate National Institute of Government Procurement (NIGP) classification codes. Businesses will only be certified in the areas where they provide a commercially useful business function. In those instances when the NIGP codes are broader than the goods or services provided by the applicant, the office of small business assistance will appropriately limit the certification to those goods or services for which the application performs a commercially useful business function.

(3) When deemed appropriate by the office of small business assistance, a personal interview or site visit will be scheduled with the principal(s) to discuss the documentation submitted and determine if the applicant meets the established criteria.

(4) Applicants approved for certification will be notified immediately by mail.

(d) Denial of certification. Applicants denied certification shall be notified by certified mail and informed of their right to appeal the denial. An applicant denied certification may not reapply for certification for one (1) year from the date of denial of the certification.

(e) Appeal of certification denial. Any firm that believes it has been wrongly denied certification as a small business may file an appeal in writing, signed and dated, with the office of small business assistance. The appeal shall be filed no later than twenty (20) days from the date of the notice of denial of certification. The request for appeal shall state the specific reasons why the firm believes the denial of certification is erroneous.

(f) Hearing on appeal of certification denial. If an appeal is filed, an administrative review will be conducted by the director of the office of small business assistance. The review will be conducted within forty-five (45) days of the filing of the request for appeal. The director of the office of small business assistance shall take one (1) of the following actions on the request for appeal:

1. Uphold the appeal. If a determination is made that certification was denied, contrary to the provisions of the code, the director may uphold the appeal. If the appeal is upheld, a certification certificate shall be issued.

2. Deny the appeal. If the appeal is denied, the applicant has the right to request the appeal be referred to a special master in accordance with subsection 2-80.30(j) below.

3. Refer the appeal directly to a special master with no determination made by the director of the office of small business, in accordance with subsection 2-80.30(j) below.

(g) Continued certification. A business must remain continuously eligible for certification throughout its certification period. Certification under a previous code does not guarantee that the small business continues to be eligible for the entire certification period if there is a modification of eligibility criteria. The office of small business assistance may conduct site visits or review documents to ensure continued compliance at any time during the certification period. Certified businesses are also required to notify the office of small business within thirty (30) days of any change in ownership, operation, control, activities or domicile.
Part C. Small Business Enterprise Program

(h) **Recertification.** Certified SBEs are required to submit an affidavit of their continued eligibility as a SBE every three (3) years along with an application for recertification. The office of small business assistance may conduct site visits or review documents to ensure continued compliance as a small business. If there has been a change in operation, ownership, control, activities, domicile or gross receipts, the SBE must identify such change on their application for recertification. Supporting documentation may be required for continued certification. A company that fails to submit its application for recertification and affidavit of continued eligibility or fails to submit documentation requested by the office of small business assistance or allow a site visit, will no longer be deemed certified for purposes of participation in the small business program.

The criteria for recertification shall be the same as for certification. An applicant may request an appeal of denial of recertification within twenty (20) days of the notice of denial. The hearing shall be conducted in the manner described in section 2-80.30(j). An applicant denied recertification may not reapply for certification for one (1) year from the denial of recertification.

(i) **Decertification.** If during the period of certification, the county has reason to believe that the SBE received certification improperly, or that there has been a substantial change in circumstances in the operation, ownership, control, activities, domicile, or gross receipts that continued certification would be contrary to the county's small business policy, then the office of small business assistance may conduct an investigation of the allegations.

The office of small business assistance may decertify the SBE if the investigation indicates that:

1. The small business cannot be contacted at the last known address in Palm Beach County;
2. The small business is no longer in business;
3. The small business is no longer licensed to do the type of business for which it was certified;
4. The small business obtained its original certification and/or recertification through false representation or deceit;
5. The small business has been disbarred or suspended as a vendor by the county purchasing department. At the expiration of any suspension, the firm may reapply for certification;
6. Site visits have revealed no business being conducted at the county location; or
7. The small business does not meet the current eligibility standards for certification as a small business. Certification under a previous code does not guarantee that the small business continues to be eligible for their entire certification period.
8. The small business does not perform a commercially useful business function.
9. The small business refuses to allow an on-site inspection.
10. The small business has failed to notify the office of small business of any change in the ownership, location, structure or any other aspect of the small business which would affect its small business certification.

The office of small business assistance shall notify the small business by certified mail that it has been decertified. The small business may request an appeal hearing of the decertification within twenty (20) days of receipt of the notice. The resolution of the appeal shall be conducted in the manner described in subsection 2-80.30(i). Nothing in this section shall prevent the office of small business assistance from commencing an investigation regarding the legitimacy of a small business certification. A business decertified pursuant to this section may not re-apply for certification for one (1) year from the date of decertification.
(j) **Hearing before a special master.**

1. Upon receipt of a denial of appeal for certification, recertification, or decertification, an applicant may request a hearing before a special master. The request for a hearing shall be in writing to the director of the office of small business assistance, and shall be made within five (5) business days of issuance of the director of the office of small business’ determination. The request for a hearing shall be accompanied by an appeal bond of one thousand dollars ($1,000.00) which shall be remitted in the form of a money order, a certified check, a cashier's check or a bank check payable to the county.

2. At no time shall the applicant or any other person contact a special master regarding any issue pertaining to, or involving the appeal. Contact between the county and the special master shall be limited to scheduling and other administrative issues; including the provision and copying of public records pertinent to the appeal.

3. The office of small business assistance shall establish rules and regulations by separate policy and procedure detailing the selection of special masters, the appeals process, and the conduct governing appeal hearings. Such rules shall provide that the special master may not consider any evidence which was not available at the time of the application or recommendation for decertification or recommendation for denial of certification or recertification. Such rules shall also provide that the special master shall render a written decision within ten (10) working days of the hearing.

4. Special masters shall have the jurisdiction and authority to hear and decide appeals. The special master shall make a recommendation as to whether the appeal should be upheld as denied.

   a. If the special master upholds the appeal, the special master shall recommend the director of the office of small business assistance issue a certification certificate. In these instances, the office of small business assistance shall return the appeal bond to the applicant.

   b. If the special master denies the appeal, the special master shall recommend that certification be withheld. In these instances, the applicant's bond shall be forfeited.

   c. The director of the office of small business assistance may accept the special master's recommendation or, if the director of the office of small business assistance determines the special master's recommendation is not in the county's best interest, the original recommendation of the office may be referred to the board for approval. At that time, the board may accept or reject the recommendation of the special master.

   d. If a special master is unable to provide a fair hearing for any reason, the special master shall not accept the appeal and shall immediately notify the director of the office of small business assistance. The director of the office of small business assistance shall reassign the appeal to a special master who does not have a conflict.

Sec. 2-80.31. M/WBE certification.

(a) **Purpose of M/WBE certification.** No preferences will be extended to certified M/WBEs, unless otherwise provided by law. However, businesses eligible for certification as a M/WBE are encouraged to become certified and maintain their certification in order to assist in the tracking of MBE availability and awards of contracts to M/WBEs. This information is vital to determining whether race and gender neutral programs assist M/WBE firms or whether race and gender preferences are necessary in order to address any discrimination in the market.

(b) **Eligibility standards.** An eligible MBE or WBE is a small for profit business concern domiciled in the county which is both owned and controlled by minorities or by women and whose gross receipts are within the standards as defined in section 2-80.21 above. Further, the business must meet all other criteria of a small business as provided above. Minorities and/or women must own at least fifty-one (51) percent of the business and the management and daily business operations are controlled by the minorities and/or women who own it. The ownership and control by minorities and/or women shall be real, substantial and continuing, and shall continue beyond the pro forma ownership of the firm as reflected in its ownership documents. The minority and/or women owners shall enjoy the customary incident of ownership and shall share in the risks and profits commensurate with their ownership interest, as demonstrated by an examination of the substance rather than form or arrangements.

1. **Ownership.** In determining ownership of the business, the contribution of capital or expertise by the minority and/or women owners to acquire their interest in the firm shall be real and substantial. Examples of insufficient contributions include, but are not limited to, a promise to contribute capital, a note payable to the firm or its owners who are not minorities or women, or the mere participation as an employee, rather than as a manager/owner.

2. **Control.** The minority and/or woman owner(s) must have operational and managerial control of the business.

   a. The primary consideration determining operational control and the extent to which the minority person and/or woman actually operates the business will rest upon the peculiarities of the industry of which the business is a part. Accordingly, in order to clarify the level of operational involvement of the minority person or woman in the business to be deemed as an M/WBE, the following examples are put forth and are not to be all-inclusive.

      1. The minority person and/or woman should have experience in the industry for which certification is sought.

      2. The minority person and/or woman should be able to demonstrate that basic decisions pertaining to the daily operation of the business are independently made.

      3. The minority person and/or woman should have some technical competence in the industry for which certification is sought. The minority person and/or woman should have a working knowledge of the technical requirements of the business needed to operate in the industry.

   b. Managerial control means that the minority and/or woman has the demonstrable ability to make independent and unilateral business decisions needed to guide the future and destiny of the business. For a minority and/or woman to demonstrate the extent of his/her control, the following examples are put forth and are not intended to be all-inclusive:
Part C. Small Business Enterprise Program

1. Corporate bylaws or partnership agreements or other agreements should be free of restrictive language which dilutes the minority's or women's control, thus preventing him/her from making those decisions which affect the destiny of the business.

2. The minority person and/or woman should be able to clearly show, through production of documents, the areas of control such as, but not limited to:
   i. Authority and responsibility to sign payroll checks and letters of credit.
   ii. Authority for negotiations and signature responsibility for insurance and/or bonds.
   iii. Authority for negotiations and/or signature services.

If the owners of the firm who are not minorities or women are disproportionately responsible for the operation of the firm, then the firm is not to be considered an M/WBE within the meaning of this program. Where the actual management of the firm is contracted out to individuals other than the owner, those persons will be considered as controlling the business.

(c) Application procedures. All applicants wishing to be considered as certified businesses must apply for M/WBE certification by completing an M/WBE disclosure affidavit which can be obtained through the office of small business assistance. Applicants must submit the documentation listed in section 2-80.30(b), as appropriate to their business and all of its affiliates. The office of small business assistance may request any other documentation necessary to determine eligibility. Documents not in English must be accompanied by a certified translation. In addition, applicants must submit documentation of the minority or woman status.

(d) Application review and appeal procedures: The procedures for application review, recertification, decertification and appeals provided in section 2-80.30(d)—(j) shall apply equally for M/WBE certification.

**Sec. 2-80.33. Monitoring of minority/women business enterprise participation.**

The small business program is hereby created after the successful operation of a M/WBE program for over a decade. To ensure that the county does not become a passive participant in discrimination against businesses owned by minorities and women, the office of small business assistance will prepare an annual report on the level of M/WBE participation in county contracting and procurement. The board of county commissioners shall consider the reports on M/WBE participation and determine what measures, if any, are necessary to address any change in M/WBE participation, if any. Tracking of participation by M/WBEs will take into consideration businesses who maintain certification, firms certified at the time of the sunset of the M/WBE Program and other reliable means of identification of M/WBEs.

(Ord. No. 02-064, § 14, 9-10-02)

The intent of this concurrent operation is to allow for a smooth transition from one program to the other. During this transition period, the board of county commissioners specifically delegates to the county administrator the ability to determine which aspect(s) of each program will apply to each individual procurement of goods, services and construction and further delegates to the county administrator the authority to determine the schedule for phase in and phase out of the various program components. In determining such schedule, the county administrator shall consider the readiness of program documents, the number of certified firms and such other factors as may be appropriate.
