It showcases 55 hitting stations with two covered hitting areas, a lighted driving range with multiple target greens, a practice greenside bunker, three regulation practice holes (a par four and two par threes) and offers 16,000 square feet of practice putting and chipping greens.

Okeeheelee Golf Course offers 27 holes of championship golf. Extensive practice facilities include a driving range, 30,000 square feet of putting green, chipping, pitching, and bunker practice areas.

Osprey Point Golf Course, the newest PBC golf course opened on November 6, 2010. The 27-hole golf course features “Environmental Turf Grass” (Seashore Paspalum) on greens, tees, and fairways, 2 practice putting greens, 2 practice chipping greens, and a full-length double-ended range.

Park Ridge Golf Course - By creating an 18-hole golf course on the closed Lantana Landfill, Palm Beach County and the Solid Waste Authority turned a useless piece of property into a popular community asset. The golf course, which was opened to the public in March of 2007, has received engineering and environmental awards, and topping 85 feet at its highest point it just may be the highest golf experience in the county.

Southwinds Golf Course offers an 18-hole championship course, driving range and full practice facilities, including a bunker and putting green. A new clubhouse with restaurant & bar opened in 2010.

Palm Beach County Golf is proud to participate in the Audubon Cooperative Sanctuary Program for golf courses (ACSP), and is committed to environmental stewardship. All five golf facilities have been certified. In addition to being great courses to play, these courses, through careful management, protect our drinking water, improve the water quality of our lakes, and support a variety of plants and wildlife. Osprey Point Golf Course has been designated as a certified Audubon International Classic Sanctuary. This is the first designation of this kind in the state of Florida, the second in the United States and the fifth in the world.

This ensures that experts who contract to work with the Fifteenth Judicial Circuit will complete evaluations as accurately and timely as possible so the Judge has all the information needed to make an informed judicial decision. The case manager also assists the Judge by monitoring cases to ensure they are moving through the criminal justice system as expeditiously as possible.

Charter Government
The voter-approved Palm Beach County Home Rule Charter became effective in 1985. True home rule gives the Board of County Commissioners the ability to create, through a local public hearing ordinance procedure, local laws that are not in conflict with or specifically prohibited by state general law or the Florida Constitution. This process is done without having to go to the Florida Legislature to request special legislation to create these laws.

Legislative Branch
Palm Beach County is governed by the seven-member Board of County Commissioners (BCC). Board members are elected to staggered four-year terms by registered voters in the district in which the commissioners reside. Commissioners are sworn into office two weeks after being elected in the November general election and may not serve more than two consecutive four-year terms. The BCC elects a mayor to preside over commission meetings and serve as the ceremonial head of Palm Beach County government. A vice mayor is also selected to assume these duties in the absence of the mayor.

Your Commission
The Palm Beach County Charter and Chapter 125.01 of the Florida Statutes establish the specific duties and powers of the Board of County Commissioners. The BCC adopts ordinances (local laws) and resolutions to establish policies and programs aimed at protecting the health, safety and general welfare of Palm Beach County residents. The BCC works to resolve major problems facing local government and guides growth and development throughout the county to be consistent with the public interest. Following are some of the specific duties undertaken by the BCC:

- Provide law enforcement and fire-rescue protection and disaster relief services;
- Construct and maintain county-owned buildings, roads and bridges, and utility systems;
- Provide programs for housing, community redevelopment, land conservation, flood and beach erosion control, and air-pollution control;
- Adopt and enforce building and housing codes and regulations;
- Prepare, enforce and periodically review the Palm Beach County Comprehensive Plan for the development of unincorporated areas of the county;
- Construct and operate cultural, recreational and library facilities and programs.

In addition, the Board of County Commissioners may enter into agreements with other governmental agencies for joint performance of duties.

Commission Meetings
The BCC usually meets on the first and third Tuesdays of each month in the Jane M. Thompson Memorial Chambers located on the sixth floor of the Robert Weisman Palm Beach County Governmental Center, 301 North Olive Avenue, West Palm Beach. Workshops usually are held on the fourth Tuesday of each month. The BCC also sits as the Zoning Board, which usually meets on the fourth Thursday of the month. Additionally, the BCC serves as the Solid Waste Authority Governing Board, the Child Care Facilities Board, and the Environmental Control Hearing Board.

Public Comment
Citizens may offer comments on regular agenda items, items listed for public hearings and during Matters by the Public, which is usually held on the first Tuesday of the month. During Matters by the Public, citizens are welcome to address any issues under the jurisdiction of the board.

Anyone wishing to speak is requested to complete a comment card (available in the chambers) and give it to the Public Affairs assistant at the staff table to ensure their turn at the appropriate time. There is generally a three-minute time limit, but the mayor may reduce the allotted time if there are many people wishing to speak.

BCC meetings are business meetings and as such the board retains the right to limit discussion on any issue. Citizens should verify meeting schedules in advance by contacting the agenda coordinator at 355-3229 or by going to pbcgov.com and clicking on Agenda.

Administrative Branch
The BCC appoints a county administrator who is assigned the executive responsibilities and powers to implement the board's policies. Under the county administrator's direction, more than 30 departments, divisions and offices provide residents with needed services and programs.

Advisory Boards, Committees and Councils
The BCC appoints residents to voluntarily serve on various advisory boards, commissions, committees and councils. Some of these advisory panels are required by state law; others are formed to address special needs and to help solve challenging issues. The Directory of Boards and Committees available at pbcgov.com provides details about each panel along with contact information.

Funding County Government
Palm Beach County's financial operations are budgeted on a fiscal year that begins October 1. The Board of County Commissioners approves the operating budget and sets the property tax (millage) rate. Prior to the beginning of each fiscal year, a proposed budget is submitted by the county administrator, and two public hearings are held to obtain comments and feedback on the planned spending package. Once this budget review process is completed, the board advertises its intent to adopt the final budget along with a resolution to provide county government with operating and capital funds. Throughout the year, the BCC may review and amend the budget using this review process.

Accountability and Transparency
The Office of Inspector General (OIG) provides independent oversight of county operations and is authorized to conduct audits and investigations of and receive full and unrestricted access to the records of all county offices. The OIG promotes accountability, integrity and efficiency in county government by detecting misconduct involving abuse, corruption, fraud, waste and mismanagement by elected and appointed county officials and employees, county agencies, vendors, contractors, and other parties doing business with Palm Beach County and/or receiving county funds. The inspector general shall be notified in writing prior to any meeting of a selection committee where any matter relating to the procurement of goods or services by the county is to be discussed.

Ethics
The independent five-member Commission on Ethics (COE) receives and investigates complaints and is charged with enforcement of the Palm Beach County Code of Ethics, lobbyist registration and postemployment ordinances. The panel, chosen by various civic, educational and professional organizations within Palm Beach County, issues advisory opinions to county officials, employees and others subject to its jurisdiction, including county vendors, lobbyists and their employers. The COE seeks to foster integrity in public services and prevent conflicts between private interests and public duties. This is accomplished through ongoing educational programs and community outreach, offering clear and timely advice, and by enforcing conflict of interest and financial disclosure laws in a fair and impartial manner. In doing so, the COE is guided by the principles of fairness, clarity, and common sense. In November 2010, a majority of voters in each of the county's 38 municipalities opted to have their locally elected municipal officials and employees fall under the jurisdiction of the Office of Inspector General and the Commission on Ethics.

Constitutional Officers/Judiciary
Constitutional officers and members of the Judiciary (judges) are the only Palm Beach County government officials other than county commissioners who are elected by voters. There are seven constitutional officers: the Clerk & Comptroller, Property Appraiser, Public Defender, Sheriff, State Attorney, Supervisor of Elections and Tax Collector. Each is elected to serve four-year terms, but unlike county commissioners, constitutional officers are elected countywide (at large) and are not subject to term limits. Constitutional officers establish the budgets for their offices independent of the operating budget set by the Board of County Commissioners. Although they operate independently, constitutional officers work in cooperation with the BCC in order to serve the public efficiently and cost effectively.
Independent Taxing Districts

There are a number of independent entities and special taxing districts in Palm Beach County whose assessments may appear on your tax bill. The Board of County Commissioners has no jurisdiction over these entities or their budgets. Examples include the Palm Beach County School District, the South Florida Water Management District, the Children's Services Council, the Palm Beach County Health Care District, the Library District, the Port of Palm Beach District, and various improvement, water control, drainage and inlet districts. Local municipal governments also are empowered to impose their own ad valorem taxes over which the BCC has no jurisdiction.

Entertainment and Leisure

Palm Beach County offers a multitude of cultural attractions such as classical concerts, live theater, opera and ballet. Venues include the Delray Beach Playhouse, Watson B. Duncan Theater, Dolly Hand Cultural Arts Center, Florida Ballet and the Palm Beach Opera. The Raymond F. Kravis Center for the Performing Arts in West Palm Beach provides some of the finest professional cultural productions anywhere in South Florida, while the Coral Sky Amphitheatre draws big-name pop, rock and country performers. Major League spring training and minor league baseball games are played at Roger Dean Stadium in Jupiter and the Ballpark of the Palm Beaches in West Palm Beach. Four Major League teams train in Palm Beach County: the Miami Marlins and St. Louis Cardinals in Jupiter and the Houston Astros and Washington Nationals in West Palm Beach.

My Family Plan

Answer the following questions:

- Do I live in an Evacuation Zone?
- Have I made pre-evacuation arrangements for where I will go?
- Does my employer provide a special shelter for me and my family?
- Does a member of my family qualify for Special Needs Shelter? (Pre-registration required; call 712-6400.)
- How will I care for my pet during a hurricane?
- How do I protect my boat during a hurricane?

If I stay at home:

- Do I have window protection?
- Did I copy important papers and place them in a Ziploc bag in a waterproof, safe place?
- Have I identified a safe room in my house?
- Do I have a prepared hurricane survival kit?

Emergency Supply Kit Shopping List

Everyone needs to prepare for emergency situations, but shopping for supplies can be expensive and strenuous. Shopping for items a little at a time before an event can reduce the stress of recovery by avoiding long lines and empty shelves.

What To Bring To A Hurricane Shelter

A hurricane evacuation shelter is a refuge of last resort; a place to go if you can’t stay at home or with a relative, friend, or co-worker or nearby hotel. While shelters are set up in schools, the timing of their opening and locations can change due to the circumstances of the storm. Not all shelters are opened for every storm. Monitor local media for current shelter openings and locations.

Palm Beach County and Palm Beach County Schools manage public shelters. Shelters provide simple meals and beverages; if you have special dietary needs or want snacks, you must bring your own. Shelters provide basic first aid only; cots and medical care are not provided. You can’t bring weapons, illegal drugs, or alcohol into shelters, but here is what you should bring:

• Three-day supply of water per person (i.e., three-gallons per person)
• Prescription medicines and emergency medications; you must be able to take all medications by yourself
• Special-diet foods (e.g., snacks and juices for those with dietary restrictions or allergies)
• Basic snacks
• Bedding materials (e.g., pillows, blankets, sleeping bags, cots, air mattresses, etc.) – cots will not be provided
• Comfortable clothing (at least two changes)
• Collapsible/folding beach chair or camp chair
• Baby food, formula, bottles, diapers, blankets, & clothes
• Flashlight, extra batteries
• Cellphone, with a battery-operated charger
• Radio with extra batteries and headphones
• Important documents (e.g., identification, medical records, insurance information, deeds or leases, birth certificates and utility bills showing your home address) – these documents are not required but will be helpful after an emergency
• Photocopies of valuable documents
• Eyeglasses, hearing aids, dentures
• Toiletries and personal hygiene items (e.g., washcloth and/or towelettes, small towel, soap, toothbrush, toothpaste, sanitary napkins, tampons, paper towels, toilet paper, etc.)
• Quiet games, books, playing cards, favorite toys, or other items for entertainment
• Special items for family members who are elderly or disabled
• Chargers/cables for any electronic devices you bring with you – functional electric outlets are limited in shelters

You may want to put these supplies in a water tight storage bin(s) or large duffel bag for ease of movement.

Pets are not allowed in evacuation shelters (except service animals); pet shelters may be available (visit www.ReadyPBC.com for more information).
IMPORTANT: Not all shelters will be opened at the same time. Stay tuned to local TV and radio for shelter opening announcements.
