Appendix H: Repetitive Loss Properties

In accordance with the following FEMA requirement, the PBC LMS includes repetitive flood loss structures in its risk assessments:

Requirement §201.6(c)(2)(ii): The risk assessment must also address National Flood Insurance Program (NFIP) insured structures that have been repetitively damaged by floods.

In addition, PBC's LMS and Community Rating System programs monitor the number and locations of flood prone properties countywide. Currently, there are 337 FEMA-registered repetitive flood loss buildings in the combined jurisdictions of incorporated and unincorporated PBC.

Repetitive Loss Properties

Repetitive loss properties are defined by the National Flood Insurance Program as, "properties with two or more NFIP claims of at least \$1,000 in any rolling ten year period". Repetitive-lossproperties constitute a significant drain on the resources of the NFIP, costing about \$200,000,000 annually. Repetitive-loss properties comprise approximately 1 percent of currently insured properties but account for 25 to 30 percent of claims losses. They represent a key target of the NFIP for mitigation, including relocation, elevation, and buyouts.

According to FEMA Repetitive Loss data provided by FEMA Region IV insurance analysts, asof December 31, 2018 PBC has a total of **337** repetitive loss properties. A chart of repetitive loss properties is available in this appendix.

This appendix also includes aggregate data from 1978 to December, 2023 of each municipality as well as unincorporated PBC flood-related losses documented by NFIP. It also includes data from FEMA/NFIP regarding NFIP flood policy information as of February, 2024.

Appendix H: Flood Policy Information as of 10/31/23 (source: FEMA/NFIP database)

The following pages address CRS requirements of listing Repetitive Loss Properties, by jurisdiction, via occupancy type and value of structure. Also included is total building payments made by property, total contents payments, number of losses, and total amount paid per property (by jurisdiction). All property identifiers have been removed per FEMA/NFIP request.
