1) Completed Application.
2) Owner/Builder Affidavit, if applicable (Owner/Builder must appear personally to apply for a permit under this exception to the Florida State Licensing Laws).
3) Type 1- A Excavation Permit Application for a Pond, accessory to SFD (Type 1-B Excavation requires Development Review Officers Approval), as applies.
4) Applicant acknowledges that permits involving habitable areas (enclosed living space, and including window wall systems) may be subject to increased assessment of Impact Fees.

TWO IDENTICAL SETS OF THE FOLLOWING:

5) Surveys (final/tie-in or formboard.) Include proposed improvements drawn to scale and dimensioned to create a site plan, showing easements, rights of way, and existing structure locations. Provide distances or separations to the property lines.
6) FEMA Flood Zone Designation for lot (including Base Flood Elevation in A and V zones) and lowest adjacent road crown elevation is documented for buildings with habitable space.
7) Proposed finish floor elevation for habitable space is specified on survey/site plan. In FEMA Zones B or C, the proposed finish floor elevation meets the minimum required. In FEMA Special Flood Hazard Zones, the proposed finish floor elevation meets the required minimum above base flood elevation. In other Special Flood Hazard Areas as defined by Palm Beach County Unified Land Development Code Article 18, the minimum proposed finish floor elevation is established at 18” over the lowest adjacent roadway crown. Site work complies with earth fill and drainage requirements per Palm Beach County Unified Land Development Code Article 18 and 109.3.10 Palm Beach County Amendments (may require professional design), as applies.
8) Drawings contain project name, and name/ business address of person responsible for design.
9) Any variation from the Unified Land Development Code regulations in the scope of work includes submittal of documentation to support the allowance of work proposed, at reduced setbacks or other variation. This includes a Base Building Line Waiver.
10) Statement from a licensed contractor, architect, engineer, or Palm Beach County Property Appraiser’s Building Print-out certifying existing living area and proposed living area, as applies.
11) Structural drawings are signed and sealed by a Design Professional if required by Chapter 471 and 481 Fl. Statutes, and/or meets 489 Fl Statutes or a Prescriptive Standard referenced in R301.2.1.1 FBC-Resid or 1609 FBC-Bldg.
12) Wind Design Information per Section 1603.1.4 FBC.
13) Floor plan with proposed use, square footage breakdown and window/door type, location and size, as applies. Guest House contains no cooking facilities or provisions to add cooking facilities.
14) Foundation plan.
15) Roof framing plan with uplift/lateral loads, anchor/connector schedule.
16) Beam/lintel/header schedule or shown on plan.
17) Floor framing plan, as applies.
18) Exterior elevations of all sides of exterior walls being altered, including design pressures acting on all openings.
19) Typical wall/column sections illustrating all separate conditions in bearing walls.
20) Wall construction is identified at window sills.
21) Stair/handrail/guardrail sections and details, as applies.
22) Framing/strapping details for openings in bearing walls, kneewalls, chimneys, arched openings subject to wind loads, as applies.
23) Minimum grade and species of structural framing lumber, minimum concrete strength, and grade of reinforcement, as applies.
24) Florida Energy Efficiency and HVAC sizing calculations for habitable areas, as applies.
25) HVAC equipment schedule with sensible capacity, and plans showing equipment locations and duct systems, as applies.
26) Electrical riser diagrams, load calculations, and panel schedules, as applies.
28) Gas plans and information per 106.3.5.2 FBC, as applies.
29) Plumbing riser, as applies.

OTHER AGENCIES, AS APPLY:

Health Department – refer to Health Department for requirements for habitable areas with on-site septic systems.

Environmental Resources Management – refer to ERM for requirements, when on an unplatted parcel.

Florida Department of Environmental Protection Permit/Exemption for proposed construction seaward of coastal construction control line.

Department of Airports, when work is proposed within an Airport Land Use Noise Zone.

Army Corp of Engineers, Approval must be submitted with application when construction within the Intracoastal Right of Way Easements.

AFFIDAVIT OF COMPLETENESS AND ACCURACY

INSTRUCTIONS: To be completed by the permit applicant: Contractor/Authorized Signatory of Contractor or Owner Builder.

Project: _________________________________________Date: _____________________
Property Control Number or Address: _________________________________________

STATEMENT OF COMPLETENESS AND ACCURACY
I certify the statements submitted herewith are true and correct. I understand that any knowingly false, inaccurate, or incomplete information provided by me will result in the assessment of additional fee, denial, revocation, suspension, or administrative withdrawal of this application or resulting permit. I further acknowledge that additional information may be required by Palm Beach County to process this application.

Check (✓) one: I am the [ ]Contractor [ ] Authorized Signatory of the Contractor, [ ] Owner/Builder.

Name (Type, Stamp, or Print Clearly)   Signature
________________________________________                 ______________________________________
Name of Firm (If Applicable)     License Number (If Contractor or Their Signatory)
________________________________________                 ______________________________________

* This checklist is a guideline to minimum submittal requirements for review of proposed construction and permit application. It is not intended to be comprehensive in nature. Specific work may require additional documentation. All work must demonstrate compliance with current codes and standards.
