6  
7  
8 **31. UNIFIED LAND DEVELOPMENT CODE (ULDC) AMENDMENTS – ROUND**  
9 **2005-02**

10  
11 Exhibit A Article 1 - General Provisions  
12 Exhibit B Article 2 - Development Review Procedures  
13 Exhibit C Article 3 - Overlays and Zoning Districts  
14 Exhibit D Article 4 - Use Regulations  
15 Exhibit E Article 5 - Supplementary Standards  
16 Exhibit F Article 6 - Parking  
17 Exhibit G Article 7 – Landscaping  
18 Exhibit H Article 11 – Subdivision  
19 Exhibit I Article 17 – Decision Making Bodies  
20 Exhibit J WCRAO (Articles 1, 3, 4, 5, 7, and 8)  
21 Exhibit K BCC/PDD Thresholds (Articles 3, and 4)  
22 Exhibit L Golf Course Conversion (Article 3)  
23 Exhibit M Restaurants and Location Criteria (Articles 1, 2, 3, 4, 5, and 6)  
24 Exhibit N Places of Assembly (Articles 1, 3, 4, and 6)  
25 Exhibit O Parks and Recreation (Articles 4, 5, and 7)  
26 Exhibit P ERM (Articles 1, 3, 4, 10, 14, and 17)  
27 Exhibit Q Air Curtain Incinerator (Article 4)  
28 Exhibit R Fire Hydrant (Article 1, and 15)  
29 Exhibit S Cell Towers (Articles 1, and 4)  
30 Exhibit T Permanent Generators (Articles 3, 4, and 5)  
31 Exhibit U Rooftop Screening (Articles 3, and 5)

32  
33  
34 **Summary:** The proposed ordinances will account for minor revisions, scrivener's  
35 errors, and omitted text from the 2003 Unified Land Development Code (ULDC) as well  
36 as several specific amendments, including:

- 37  
38
  - WCRAO (Articles 1, 3, 4, 5, 7, and 8)
  - BCC/PDD Thresholds (Articles 3, and 4)
  - Golf Course Conversion (Article 3)
  - Restaurants and Location Criteria (Articles 1, 2, 3, 4, 5, and 6)
  - Places of Assembly (Articles 1, 3, 4, and 6)
  - Parks and Recreation (Articles 4, 5, and 7)
  - ERM (Articles 1, 3, 4, 10, 14, and 17)
  - Air Curtain Incinerator (Article 4)
  - Fire Hydrant (Article 1, and 15)
  - Cell Towers (Articles 1, and 4)
  - Permanent Generators (Articles 3, 4, and 5)
  - Rooftop Screening (Articles 3, and 5)

50  
51 **Background:** The proposed Code Amendments were submitted for review to the Land  
52 Development Regulation Advisory Board (LDRAB) and Land Development Regulation  
53 Commission (LDRC) on September 14, 2005, October 12, 2005 and December 14,  
54 2005. All proposed ULDC amendments were found to be consistent with the Plan.

- 55  
56
  - January 5, 2006, BCC Zoning Hearing: Approved 5-0 the Request for  
57 Permission to Advertise for the First Reading on January 26, 2006.
  - January 26, 2006, BCC Zoning Hearing: Approved 6-0 amendments for the First  
58 Reading. Directed staff to meet with Mr. Kevin McGinley of Land Research  
59 Management to discuss his concerns pertaining to Places of Assembly.

1 **Fast Food Restaurant Location Criteria**  
 2 **WHITE PAPER – REFER TO EXHIBIT M**

3  
 4 **Introduction:**

5 A request to amend the prohibition on the 1,000 foot separation requirement for fast  
 6 food restaurants was received from an agent representing a fast food restaurant  
 7 client. In addition, other industry representatives requested that staff also review the  
 8 location criteria applicable to intersections, and the criteria for defining fast food  
 9 restaurants.

10  
 11 **September 22, 2005, BCC Zoning Hearing:**

12 Given the history of BCC comments regarding location criteria of these uses, and  
 13 public input provided during numerous BCC Zoning Hearings to approve said uses,  
 14 Zoning staff discussed the topic with the BCC at the September 22, 2005 BCC  
 15 Zoning Hearing. During the discussion, industry representatives requested a review  
 16 of the definition for a fast food restaurant. The BCC directed staff to clarify the  
 17 definitions for restaurant uses, and ensure that location criteria measurements were  
 18 made from the outside wall of the use, not the subject property.

19  
 20 **Background and Summary:** The intersection and separation criteria for fast food  
 21 restaurants was first adopted in early 2001, and was amended as part of the 2003  
 22 code rewrite (Ord. 2003-067). The criteria serves to mitigate adverse impacts  
 23 created by excessive concentrations of specific uses at intersections and along  
 24 roadways that adversely impact traffic flow, pedestrian circulation and visual impacts  
 25 related to site layout. In conclusion, while traffic volume and circulation, including  
 26 assurances that sufficient vehicle stacking, circulation, access, and area for turning  
 27 movements, need to be addressed, the secondary benefit of the location criteria is to  
 28 restrict the undue concentration of these uses, improving the overall aesthetic  
 29 appearance of Palm Beach County’s commercial corridors. See History of Location  
 30 and Separation Criteria below for detail.

31  
 32 **Recommendations:**

33  
 34 **Zoning Staff:** The following table summarizes recommended major amendments:  
 35

Existing ULDC Requirements	Proposed Amendments
Definitions and use regulations for restaurant uses: <u>Restaurant, fast food</u> <u>Restaurant, high turnover sit down</u> <u>Restaurant, quality</u> <u>Restaurant, specialty</u>	Consolidated restaurant types into two categories and clarify definitions, as follows: <u>Type I restaurant</u> (includes fast food and specialty) <u>Type II restaurant</u> (includes quality and high turnover sit down)
<u>Intersection Criteria</u> Limits 2 of each of the following to within 1,000’ of an intersection: auto service station, car wash, c-store with gas sales, and fast food restaurant.	1) Relocate criteria to Art. 5, Performance Standards to simplify reference. 2) Exempts Type I restaurants that do not have a drive through or are not freestanding, unless the sole use of the property. 3) Alternative option – allows additional freestanding Type I restaurants with a drive through subject to specific site design requirements that serve to mitigate adverse impacts to traffic flow and pedestrian circulation. 4) Clarifies that distances shall be measured from the centerline of the intersection to the nearest exterior wall or outdoor dining area of the use.
<u>Separation Criteria</u> Requires that the following uses be separated by 1,000’ when not located within 1,000’ of an intersection: auto service station, car wash, c-store with gas sales and fast food restaurant.	1) Relocate criteria to Art. 5, Performance Standards to simplify reference. 2) Reduce separation distance for Type I restaurants from 1,000’ to 500’. 3) Clarifies that separation distance shall be measured between the closest exterior wall or outdoor dining areas of the subject uses.

36  
 37 In addition to the identified major amendments, several minor related amendments  
 38 were required to accommodate changes, or correct existing glitches and scriveners  
 39 errors.

40  
 41 **LDRAB General Subcommittee:** Wednesday, November 9, 2005 meeting –  
 42 Recommendation to approve as recommended by Zoning staff and subject to

1 minor revisions to address recommended exception criteria. The  
2 recommendation also specified that no reduction should be permitted in the  
3 current limitation of 2 uses per intersection.

4 **LDRAB/LDRC:** Wednesday, December 14, 2005 meeting – Recommendation to  
5 approve as amended 14 – 0.  
6

7 **Zoning Staff Backup - History of Location and Separation Criteria:**  
8

9 **Ordinance 2001-01** (effective January 18, 2001), established location criteria for  
10 automotive service stations, convenience stores with gas sales, car washes, and  
11 fast foot restaurants by limiting those uses to major intersections, as defined by Art.  
12 7.8.C, Major Intersection Criteria. This did not limit the number of such uses at a  
13 major intersection. To be considered a major intersection each roadway at the  
14 intersection shall meet at least one of the following standards:  
15

- 16 **1) Four Lanes** – The roadway link currently exists at 4 lanes or more, link to link,  
17 and is shown on the thoroughfare R-O-W protection map;
- 18 **2) Five Year Road Plan** – The roadway appears in the Five Year Road Plan to be  
19 constructed as a major arterial of at least four lanes;
- 20 **3) Traffic Volume** – The average traffic volume on the roadway is greater than  
21 10,000 trips per day as shown on the MPO Traffic Volume Map;
- 22 **4) R-O-W** – The roadway is shown on the thoroughfare plan as a 120 foot R-O-W or  
23 greater; or
- 24 **5) Upgrade Agreement** – The applicant agrees to improve the roadway system to  
25 meet the standards as a condition of approval.  
26

27 **Ordinance 2001-029** (effective August 3, 2001) amended the previously adopted  
28 location criteria for automotive service stations, and by default convenience stores  
29 with gas sales (Note: Previous “Location Criteria” requirements were re-titled as  
30 “Approval Criteria.”). The amendments limited the previous major intersection  
31 limitations to parcels in the U/S Tier with a CL Future Land Use designation. No  
32 changes were made to the major intersection limitations for fast food restaurants.  
33

34 In summary:

- 35 1) No more than two of these uses in any combination would be permitted within  
36 1,000 feet of any intersection;
- 37 2) No new auto service stations or convenience stores with gas sales would be  
38 permitted within 1,000 feet of another, unless within 1,000 feet of an intersection;
- 39 3) Required compliance with major intersection criteria for CL properties in the  
40 Urban/Suburban Tier, unless located within a PDD;
- 41 4) Rural, Exurban, Glades and Rural Tiers – Limited types of intersections; and
- 42 5) Exempted existing or approved auto service stations and convenience stores  
43 with gas sales from the location criteria.  
44

45 **Ord. 2003-067** (effective January 1, 2004) made both a Car Wash and Fast Food  
46 Restaurant subject to the location criteria referenced above; however, the uses were  
47 not specified as being combined with any other use. A review of prior Ordinances,  
48 indicates that a Car Wash was originally subject to the re-titled Approval Criteria  
49 (Ord. 92-20), then the Major Intersection Criteria (Ord. 01-029), and finally the  
50 current Location Criteria (Ord. 2003-067).

57  
58  
59

1 **PLACES OF ASSEMBLY**  
2 **WHITE PAPER – REFER TO EXHIBIT N**  
3 Amended February 15, 2006  
4

5 **Introduction:** In response to recent trends in the scope, scale, size and use of “places  
6 of worship,” Zoning staff has identified a need to reassess use regulations and other  
7 site development standards, to ensure that all places of assembly, and related uses  
8 do not adversely impact surrounding communities.  
9

10 **Background and Summary:** A review of national, state and local trends as well as  
11 applications for places of worship indicates that “places of assembly” are  
12 transforming from the traditional role of providing a limited number of worship  
13 services (e.g. one or two days per week) and community support activities, to  
14 providing multiple services several days per week and providing space for an  
15 increasing variety of community services, some of which may or may not be related  
16 to the practice of religion.  
17

18 The following ULDC regulations outline the location of Zoning districts where places  
19 of assembly are permitted, and any related supplementary use regulations:  
20

- 21 1. Table 3.E.1.B-10, PDD Use Matrix
- 22 2. Table 3.F.1.F-32, Traditional Development Permitted Use Schedule
- 23 3. Table 4.A.3.A-1, Use Matrix
- 24 4. Art. 4.B.1.A.14, Nonprofit Institutional Assembly
- 25 5. Art. 4.B.1.A.15, Nonprofit Membership Assembly
- 26 6. Art. 4.B.1.A.29, Church or Place of Worship  
27

28 Places of worship require BCC approval, and review by the Public Hearing Section.  
29 Public Hearing staff have noted problems in the review of applications for places of  
30 worship due to an increasing trend in the use of accessory facilities such as meeting  
31 halls, multi-purpose rooms and other uses not generally defined as collocated  
32 facilities. The potential for adverse impacts to surrounding areas includes but is not  
33 limited to insufficient parking and additional uses that create higher levels of traffic  
34 and noise than traditional places of worship.  
35

36 **Research:** Staff has researched other governmental ordinances both locally and  
37 nationally to seek out alternative methods to addressing potential adverse  
38 impacts from larger or more intense places of worship. Staff reviewed existing  
39 churches approved in PBC since 1973 in order to develop these amendments.

40 **Legal:** Given constitutional, Federal and other protections associated with Freedom  
41 of Worship, staff worked with the County Attorney’s Office, to ensure that any  
42 new regulations are equally applicable to all places of assembly.  
43

44 **Recommendations:**  
45

46 **Zoning Staff (Summary):** The primary focus of the proposed amendments is to 1)  
47 address parking and development review requirements for accessory uses  
48 associated with places of assembly, and 2) establish location thresholds by FLU  
49 designation (e.g. Tier) to ensure that places of assembly in residential districts  
50 are appropriately sized to serve the surrounding community. The location criteria  
51 would not apply to places of assembly where allowed in Commercial, and  
52 Institutional FLU designations, providing the opportunity for larger facilities to  
53 locate in all Tiers subject to the designation of the appropriate land use.  
54 Amendments also include corrections to the PDD, TDD and Standard Use  
55 Matrixes and Article 4, Use Regulations, to ensure that all places of assembly are  
56 reviewed consistently.

57 **General Sub-committee:** Friday, August 19, 2005 meeting – Recommendation to  
58 approve as recommended by Zoning staff and subject to minor revisions.

59 **LDRAB/LDRC:** Wednesday, December 14, 2005 meeting – Recommendation to  
60 approve as amended 14 – 0. Amendments included adding AGR to the list of  
61 Future Land Use designations that have a 25,000 square foot, or 250 seat  
62 maximum limit for Places of Assembly.  
63  
64  
65

4  
5 **Recommendations:**

6  
7 **LDRAB General Subcommittee:** September 14, 2005 meeting. The sub-  
8 committee generally approved the proposed amendments, but offered several  
9 comments and recommendations, as follows:-ULDC needs to make a reference  
10 to the Section of the Building Code, which discusses required locational criteria  
11 for generators.

12 *Setbacks*

13 - All agreed to the setbacks outlined during the discussion. Staff will amend  
14 the proposed language to reflect the subcommittee's recommendation.

15 *CLFs, Club Houses and Nursing Homes Generators*

16 - Subcommittee advised to add fuel storage requirement to supply enough fuel  
17 to operate the generator for a minimum of 72 hour period.

18 - Subcommittee recommends that HOA's be prohibited from allowing re-  
19 occupancy of club houses after a natural disaster until the building damage  
20 assessment is performed.

21 *Height*

22 - All agreed to increase the maximum height of residential generators located  
23 within required setbacks from 3 feet to 4 feet. Staff will amend the proposed  
24 language to reflect the subcommittee's recommendation.

25  
26 **LDRAB/LDRC: LDRAB** - Wednesday, October 12, 2005 meeting - Motion to  
27 approve with the following recommendation: add the requirement for mandatory  
28 generators to be installed in Nursing Homes and CLF Type II, III and remove the  
29 proposed requirement to have generators installed in PUD clubhouses, by Marty  
30 Klein, seconded by Maurice Jacobson. The motion passed unanimously (10 –  
31 0). **LDRC** – Wednesday, December 14, 2005 – Found to be consistent with the  
32 Plan 14 – 0.

1 **AIR CURTAIN INCINERATOR**  
2 **WHITE PAPER – REFER TO EXHIBIT Q**  
3 PREPARED BY THE PALM BEACH COUNTY HEALTH DEPARTMENT  
4

5 The Palm Beach County Health Department regulates air curtain incinerators (ACI) as  
6 air pollution sources. ACI generally fall under two categories. The first category is a  
7 temporary ACI used for the open burning of land clearing debris generated on site as  
8 part of development. In accordance with rules of the Department of Environmental  
9 Protection (DEP), a temporary ACI is not required to get a state air permit provided it  
10 operates less than six months. The second category is a permanent ACI that operates  
11 as a commercial device and is allowed to burn vegetative debris generated off site and  
12 brought in by another party. A permanent ACI is required to have a state air permit.  
13

14 On August 16, 2005, the BCC adopted the Palm Beach County Open Burning  
15 Ordinance. The Ordinance was adopted in response to recent changes to DEP open  
16 burning regulations that would have allowed more open burning in the County, and  
17 reduced the ability of the Health Department to regulate open burning. The new  
18 Ordinance provides for continued or new open burning restrictions and broader  
19 regulatory authority for the Health Department. However, the Ordinance only  
20 addressed the temporary ACI. An ACI with a state air permit is exempt from the  
21 requirements of this Ordinance.  
22

23 Presently, there is only one permitted ACI operating in Palm Beach County (located in  
24 the unincorporated area). The DEP air rules regulating permitted ACI are effective in  
25 controlling air pollution emissions. However, the DEP air rules generally do not address  
26 the potential for creating nuisance conditions to neighboring communities.  
27

28 While the PBC Open Burning Ordinance was in the process of undergoing review, the  
29 Health Department had to address numerous air pollution complaints from the public  
30 regarding open burning at a development site (G.L. Homes, Boynton Beach). The  
31 developer was unable to get authorization for a temporary ACI because the material  
32 intended to be burned was vegetative debris mulched on-site but originated off-site.  
33 Therefore, the developer obtained a regular state air permit. However, the developer  
34 operated the ACI as a temporary unit under the ULDC.  
35

36 This ACI generally met the permitted emission (i.e., smoke) standards. However, the  
37 permit conditions allowed earlier start times and later shut down times compared to  
38 temporary ACI. Also, as a state permitted ACI, the operations did not have to abide by  
39 the no burn days issued by the PBC Fire-Rescue Department.  
40

41 The Health Department confronted the site developer and operators with the complaints  
42 and sought their cooperation in remedying the situation regarding the ACI operation. In  
43 response, they agreed to abide by the more restrictive conditions that apply to the  
44 temporary ACI. As a result, the complaints dramatically fell off.  
45

46 Based on the recent experiences with this particular ACI, and previous experiences with  
47 other ACI operations, the Health Department is recommending the following revisions to  
48 the ULDC as a means to minimize the potential for creating nuisance conditions.  
49

- 50 - Exempt the temporary ACI from ULDC requirements. The new PBC Open Burning  
51 Ordinance adequately controls this open burning.
- 52 - Further limit the actual ACI operating hours. DEP rules allow the operation to begin  
53 at sunrise, and allow the burning to continue after sunset. We are proposing the ACI  
54 operation be limited to 9:00 am and one hour before sunset. {Weather phenomena  
55 called thermal inversions can set up in the early morning or early evening hours.  
56 The inversions hinder dispersion and tend to trap smoke and ash near the ground  
57 level.}
- 58 - Require the ACI to abide by the “no burn days” issued by the PBC Fire-Rescue. The  
59 no burn days are based on wind and drought conditions. High winds tend to keep  
60 the smoke closer to the ground and prevent vertical dispersion. Open burning  
61 during drought conditions increase the likelihood of creating an accidental wild fire.  
62
- 63 - Increase the setback from the current ULDC requirement of 500 ft from an abutting  
64 residential property line to 1,200 ft. For reference, the maximum setback  
65 requirement for a temporary ACI under the PBC Open Burning Ordinance is 1,500

1 feet from an occupied building. Considering the year round operation and the nature  
2 of the operation, large setback distances are recommended to minimize potential  
3 smoke and odor impacts to surrounding residential areas.  
4

5 Health Department staff indicates that all ACI's are regulated by the Florida Department  
6 of Environmental Protection: Florida Administrative Code Rules, Chapters 62-296 for  
7 permitted ACI, Chapter 62-210 for conditionally exempt ACI, and Chapter 62-296 which  
8 allows exceptions for burning of animal carcasses curing emergencies as declared by  
9 the Department of Agriculture and Consumer Services. Temporary ACI exempted  
10 under the ULDC will be regulated by the PBC Open Burning Ordinance or will be  
11 operated under agricultural usage. All other ACI (temporary and permanent) will be  
12 required to obtain a state air permit or Zoning approval. ACI are limited to burning only  
13 vegetative debris and untreated wood.

1 **ROOFTOP SCREENING OF MECHANICAL EQUIPMENT**  
2 **WHITE PAPER – REFER TO EXHIBIT U**

3  
4 **Reason for Amendment:**

5 Clarify existing ULDC language and interpretation to ensure adequate screening of  
6 rooftop mechanical equipment is implemented. The main function of the screening  
7 requirement is to promote aesthetically pleasing visual impacts of structures within PBC.  
8

9 **Background and Summary:**

10 Screening provisions outlined in the current code have been difficult to enforce through  
11 plan review, construction and code enforcement. The following are several references  
12 to rooftop screening in both the previous and current ULDC.  
13

14 **Request for Amendment:**

15 A request along with proposed text amendments pertaining to screening of rooftop  
16 mechanical equipment requirement was received from Industry on August 16, 2005. An  
17 LDRAB Architectural subcommittee meeting was held on August 19, 2005 as an  
18 introduction to the topic. A follow-up meeting was scheduled for September 12, 2005 to  
19 present staff's recommendations and draft amendments based on input received during  
20 the previous meeting.  
21

22 **Recommendations:**

23  
24 **Zoning Staff:** Staff is proposing to amend the existing ULDC language, which  
25 requires screening of rooftop mechanical equipment on all sides. That screening  
26 shall be of equal height to that of the equipment. Moreover, exemptions for  
27 screening of mechanical equipment (see Part 1 and Part 4) are being proposed.  
28

29 **LDRAB Architectural Sub-committee:** September 12, 2005 meeting. The sub-  
30 committee generally approved the proposed amendments, but offered several  
31 comments and recommendations, as follows:  
32

- 33 - Mr. Scott Worley requested a financial analysis, which would demonstrate  
34 the actual impact of costs associated with screening on development. Mr.  
35 McCraney volunteered to prepare this analysis.
- 36 - LDRAB members stated that the industry representatives did not provide any  
37 viable recommendations or justification as to why screening should not be a  
38 requirement. Rejecting the proposed screening solely on the financial  
39 grounds is not sufficient.
- 40 - The subcommittee disagreed that the required screening for rooftop  
41 mechanical equipment would deter future industrial or commercial  
42 development in the County. They also objected to industries statement that  
43 this requirement would lower the quality of architectural design of structures.
- 44 - The LDRAB members stated that staff did revise the current requirements  
45 which will provide an exemption to screening requirements for industrial  
46 properties unless visible from a R-O-W or non-industrial property or use. The  
47 LDRAB members agreed that the distance requirement as utilized in prior  
48 code was unsatisfactory.  
49  
50

51 **LDRAB/LDRC:** **LDRAB** - Wednesday, October 12, 2005 meeting –  
52 Recommendation to approve as amended 9 – 1. **LDRC** – Wednesday,  
53 December 14, 2005 meeting – Found to be consistent with the Plan 14 – 0.

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF PALM BEACH COUNTY, FLORIDA, AMENDING THE UNIFIED LAND DEVELOPMENT CODE, ORDINANCE 03-067 AND ORDINANCE 03-070, AS AMENDED, AS FOLLOWS: **ARTICLE 1** – GENERAL PROVISIONS; CHAPTER B – INTERPRETATION OF THE CODE; CHAPTER F – NONCONFORMITIES; CHAPTER I – DEFINITIONS AND ACRONYMS; **ARTICLE 2** – DEVELOPMENT REVIEW PROCESS; CHAPTER A – GENERAL; CHAPTER E – MONITORING; CHAPTER F – CONCURRENCY (ADEQUATE PUBLIC FACILITY STANDARD); **ARTICLE 3** – OVERLAYS & ZONING DISTRICTS; CHAPTER A – GENERAL; CHAPTER B – OVERLAYS; CHAPTER C – STANDARD DISTRICTS; CHAPTER D – PROPERTY DEVELOPMENT REGULATIONS; CHAPTER E – PLANNED DEVELOPMENT DISTRICTS (PDDS); CHAPTER F – TRADITIONAL DEVELOPMENT DISTRICTS (TDDs); **ARTICLE 4** – USE REGULATIONS; CHAPTER A – USE CLASSIFICATION; CHAPTER B – SUPPLEMENTARY USE STANDARDS; CHAPTER C – COMMUNICATION TOWER, COMMERCIAL; CHAPTER D – EXCAVATION; **ARTICLE 5** – SUPPLEMENTARY STANDARDS; CHAPTER B - ACCESSORY AND TEMPORARY USES; CHAPTER C – DESIGN STANDARDS; CHAPTER D – PARKS & RECREATION – RULES AND RECREATION STANDARDS; CHAPTER E – PERFORMANCE STANDARDS; CHAPTER G – DENSITY BONUS PROGRAMS; **ARTICLE 6** – PARKING; CHAPTER A – PARKING; CHAPTER B – LOADING STANDARDS; CHAPTER C DRIVEWAYS AND ACCESS; **ARTICLE 7** – LANDSCAPING; CHAPTER A – GENERAL; CHAPTER C – MGTS TIER COMPLIANCE; CHAPTER D – GENERAL STANDARDS; CHAPTER F – PERIMETER BUFFER LANDSCAPE REQUIREMENTS; **ARTICLE 8** – SIGNAGE; CHAPTER D – TEMPORARY SIGNS REQUIRING SPECIAL PERMIT; CHAPTER F – GENERAL PROVISIONS FOR ALL SIGN TYPES; CHAPTER G – STANDARDS FOR SPECIFIC SIGN TYPES; CHAPTER H – OFF-SITE SIGNS; **ARTICLE 10** – ENFORCEMENT; CHAPTER C – GROUNDWATER AND NATURAL RESOURCES PROTECTION BOARD; **ARTICLE 11** – SUBDIVISION, PLATTING, AND REQUIRED IMPROVEMENTS; CHAPTER A – GENERAL REQUIREMENTS; **ARTICLE 14** – ENVIRONMENTAL STANDARDS; CHAPTER C – VEGETATION PRESERVATION AND PROTECTION; CHAPTER D – PROHIBITED INVASIVE NON-NATIVE VEGETATION REMOVAL ORDINANCE; **ARTICLE 15** – HEALTH REGULATIONS; CHAPTER B – (ENVIRONMENTAL CONTRAL RULE II) DRINKING WATER SUPPLY SYSTEMS; **ARTICLE 17** – DECISION MAKING BODIES; CHAPTER B – GENERAL PROVISIONS; CHAPTER C – APPOINTED BODIES; PROVIDING FOR: INTERPRETATION OF CAPTIONS; REPEAL OF LAWS IN CONFLICT; SEVERABILITY; A SAVINGS CLAUSE; INCLUSION IN THE UNIFIED LAND DEVELOPMENT CODE; AND AN EFFECTIVE DATE.

**WHEREAS**, Section 163.3202, Florida Statutes, mandates the County compile Land Development Regulations consistent with its Comprehensive Plan into a single Land Development Code; and

**WHEREAS**, pursuant to this statute the Palm Beach County Board of County Commissioners (BCC) adopted the Unified Land Development Code (ULDC), Ordinance 2003-067, as amended from time to time; and

**WHEREAS**, the BCC desires to further amend the ULDC, based upon public participation and advice from the Palm Beach County Land Development Regulation Advisory Board; and

**WHEREAS**, the BCC has determined that the proposed amendments further a legitimate public purpose; and

1       **WHEREAS**, the Land Development Regulation Commission has found these  
2 amendments to the ULDC to be consistent with the Palm Beach County  
3 Comprehensive Plan; and

4       **WHEREAS**, the BCC hereby elects to conduct its public hearings on this  
5 Ordinance at 9:30 a.m.; and

6       **WHEREAS**, the BCC has conducted public hearings to consider these  
7 amendments to the ULDC in a manner consistent with the requirements set forth  
8 in Section 125.66, Florida Statutes.

9

10       **NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY**  
11 **COMMISSIONERS OF PALM BEACH COUNTY, FLORIDA, as follows:**

12

13       **Section I. Adoption**

14       The amendments set forth in Exhibits A, B, C, D E, F, G, H, I, J, K, L, M, N, O,  
15 P, Q, R, S, T, and U attached hereto and made a part hereof, are hereby  
16 adopted.

17       **Section 2. Interpretation of Captions**

18       All headings of articles, sections, paragraphs, and sub-paragraphs used in  
19 this Ordinance are intended for the convenience of usage only and have no  
20 effect on interpretation.

21       **Section 3. Providing for Repeal of Laws in Conflict**

22       All local laws and ordinances in conflict with any provisions of this Ordinance  
23 are hereby repealed to the extent of such conflict.

24       **Section 4. Providing for a Savings Clause**

25       All development orders, permits, enforcement orders, ongoing enforcement  
26 actions, and all other actions of the Board of County Commissioners, the Zoning  
27 Commission, the Development Review Committee, Enforcement Boards, all  
28 other County decision-making and advisory boards, Special Masters, Hearing  
29 Officers, and all other County officials, issued pursuant to the regulations and  
30 procedures established prior to the effective date of this Ordinance shall remain  
31 in full force and effect.

1        **Section 5. Severability**

2        If any section, paragraph, sentence, clause, phrase, word, map, diagram, or  
3        any other item contained in this Ordinance is for any reason held by the Court to  
4        be unconstitutional, inoperative, void, or otherwise invalid, such holding shall not  
5        affect the remainder of this Ordinance.

6  
7        **Section 6. Inclusion in the Unified Land Development Code**

8        The provisions of this Ordinance shall be codified in the Unified Land  
9        Development Code and may be reorganized, renumbered or relettered to  
10       effectuate the codification of this Ordinance.

11       **Section 7. Providing for an Effective Date**

12       The provisions of this Ordinance shall become effective upon filing with the  
13       Department of State.

14       **APPROVED and ADOPTED** by the Board of County Commissioners of Palm  
15       Beach County, Florida, on this the \_\_\_\_\_ day of \_\_\_\_\_,  
16       20\_\_\_\_\_.

EXHIBIT A

ARTICLE 1 – GENERAL PROVISIONS

1  
2 Part 1. ULDC, Art.1.F.1, Purpose and Intent [Related to Nonconformities] (page 15 of 96), is  
3 hereby amended as follows:

4  
5 CHAPTER F NONCONFORMITIES

6 Section 1 Purpose and Intent General

7 **A. Purpose and Intent**  
8 To establish regulations to address uses, structures and lots that were lawfully established before  
9 this Code was adopted or amended, that now do not conform to the terms and requirements of  
10 this Code. The purpose and intent of this Section is to regulate and limit the continued  
11 existence of uses, structures and lots, which do not conform to the provisions of this Code, and,  
12 where possible, bring them into conformance with this Code.

13 **B. Applicability**  
14 It is the intent of this Section to permit these nonconformities to continue, but not to allow  
15 nonconformities to be enlarged or expanded, except under the limited circumstances established  
16 in this Article. The provisions of this Article are designed to curtail substantial investment in  
17 nonconformities to preserve the integrity of this Code and the Plan. In determining whether a use  
18 is nonconforming and will be protected by the provisions of this Article, the following shall apply:

- 19 1. Nonconforming use status shall not be provided for any use, structure, or lot which was  
20 illegally commenced, constructed, created or unlawfully continued, or commenced after the  
21 use restrictions became applicable.
- 22 2. Nonconforming status shall only be provided where a use, structure or lot is actually  
23 commenced, constructed or created, not merely contemplated. Further, a use must be  
24 continuous during business hours and not an occasional or irregular use of the property.
- 25 3. An accessory nonconforming use shall not become the principal use.
- 26 4. Documents submitted in a form established by the Zoning Director shall be provided by the  
27 property owner to establish that a use, structure or lot lawfully existed prior to the adoption of  
28 applicable regulations. Affidavits alone are not sufficient evidence to establish  
29 nonconforming status.

30  
31  
32 Part 2. ULDC, Art. 1.F.4, Nonconforming Lots (page 19 of 96), is hereby amended as follows:

33  
34 CHAPTER F NONCONFORMITIES

35 ....  
36 Section 4 Nonconforming Lot

37 **A. Development**  
38 A lot which does not meet the minimum dimensional criteria of this Code may be developed if all  
39 of the following conditions are met:

40 ....  
41 **B. Residential Development Regulations**  
42 A nonconforming residential lot may utilize the following setbacks for a single-family dwelling unit  
43 only.

44 ....  
45 **C. Accessory Dwellings**  
46 Accessory dwellings on non-conforming lots with a RR FLU designation that are equal to or less  
47 than 1.5 acres may utilize a 25-foot side or rear setback, subject to the following where the  
48 setback is less than the setback required for the SFD unit:

- 49 1. A minimum five-foot high continuous solid opaque visual screen consisting of a hedge, fence  
50 or wall, shall be installed and maintained along the property line adjacent to the length of the  
51 accessory dwelling.
- 52 2. Ingress/egress to the accessory dwelling shall not be oriented towards the adjoining property.

53  
54  
55 Part 3. ULDC, Art. 1.H.1.B, Standards [Related to Potentially Buildable Lot] (page 23 of 96), is  
56 hereby amended as follows:

57  
58 CHAPTER H LOT OF RECORD

59 Section 1 Potentially Buildable Lot

60 **A. Applicability**  
61 The following provisions shall apply to a lot that is not depicted on either a plat of record, affidavit  
62 of exemption, or affidavit of plat waiver.

EXHIBIT A

ARTICLE 1 – GENERAL PROVISIONS

B. Standards

A lot may be considered buildable for the purpose of constructing a single family dwelling and accessory uses or structures only if all of the following are satisfied:

- 1. Creation prior to February 2, 1973.
a. The lot existed prior to February 2, 1973 in its current configuration as evidenced by a chain of title; and
b. The lot has access as follows:
1) In accordance with Art. 11, Subdivision, Platting and Required Improvements, Table 11.E.2.A-1, Chart of Access Hierarchy; or
2) From a recorded exclusive easement, a minimum of 20 feet in width, granting the owner, its successors and assigns a perpetual right of useable access across all properties lying between said lot and a street.
2. Creation after on or subsequent to February 2 5, 1973 and before June 16, 1992.
a. The lot was created after on or subsequent to February 2 5, 1973 and existed prior to June 16, 1992 in its current configuration as evidenced by a chain of title; and
b. The lot complied with the density requirements of the Plan in effect at the time the lot was created.
c. The lot complies with one of the following:
1) Art. 3.D, Property Development Regulations (PDRS), Table 3.D.1.A-5, Property Development Regulations, or
2) Art.11.A.4.B, Building Permits and Other Approvals; or
3) The lot exists in its present configuration as shown in the 1989 PBC FLU Atlas adopted August 31, 1989; and
d. The lot has Legal Access, which was in existence at the time the lot was created and which remains in place, as follows:
1) In accordance with Art. 11, Subdivision, Platting and Required Improvements, Table 11.E.2.A-1, Chart of Access Hierarchy; or
2) From a recorded easement exclusively for the purposes of ingress and egress access, a minimum of 20 feet in width, granting the owner, its successors and assigns a perpetual right of useable access across all properties lying between said lot and a street.

Part 4. ULDC, Art. 1.1.2, Definitions (page 45 of 96), is hereby amended as follows:

CHAPTER I DEFINITIONS & ACRONYMS

Section 2 Definitions

E. Terms defined herein or referenced Article shall have the following meanings:

- 12. Electric Power Facility – The A principal use of property for an electrical generation transmission voltage switching station.
13. Electric Transmission Facility – Mechanical equipment associated with electric transmission networks, including transmission voltage facilities or switching substations, and electrical distribution substations that exceed the standards of Art 4.B.1.A.134.a.1), Residential Districts and 2) Non-residential Districts.

[Renumber Accordingly.]

U. Terms defined herein or referenced Article shall have the following meanings:

- 23. Utility, Minor - for the purposes of Art. 4, mechanical equipment associated with utility distribution, collection, or transmission networks, required by their nature to be relatively dispersed throughout their service area other than electric generation and transmission voltage facilities. Typical uses include gas and water regulators, electrical distribution substations, sewage lift stations, telephone exchange buildings, and communication substations.

Part 5. ULDC, Art. 1.1.2.C.91, Contiguous (page 40 of 96), is hereby amended as follows:

CHAPTER I DEFINITIONS AND ACRONYMS

Section 2 Definitions

C. Terms defined herein or referenced Article shall have the following meanings:

- 91. Contiguous

Key: Any application for a conditional use and/or subdivision of property shall require the subject site be rezoned to a highlighted district.

<sup>1</sup> The PO District is consistent with all FLU designations.

<sup>2</sup> The AR District is consistent with the SA FLU designation in the Rural and Exurban Tiers only.

<sup>3</sup> The AGR District is consistent with the SA FLU designation in the AGR Tier only. [Ord. 2005-002]

<sup>4</sup> The CRE District is consistent with the RR-10 designation only for those uses identified in Policy 2.2.3-a in the Plan

<sup>5</sup> The AP District is consistent with the LR-1 designation in the Glades Tier only for properties located north of Pahokee, on the east side of US 441, for the unincorporated community of Canal Point. [Ord. 2005 – 002]

<sup>6</sup> The RM District is consistent with the MR-5 designation only for those areas already zoned RM.

<sup>7</sup> Certain uses in the CRE District over three acres require rezoning to IL. See Supplementary Use Standards.

5  
6  
7 Part 2. ULDC, Art. 3.C.1.C.2.a, Exempted Residential Uses (page 38 of 134), is hereby  
8 amended as follows:  
9

10 **CHAPTER C STANDARD DISTRICTS**

11 **Section 1 Districts**

12 **C. Agricultural Districts**

13 **2. AGR, Agricultural Reserve District**

14 The AGR district is a portion of PBC lying between Hypoluxo Road on the north, Clint Moore  
15 Road on the south, the Ronald Reagan Turnpike on the east, and the Arthur R. Marshall  
16 Loxahatchee National Wildlife Refuge on the west. The district encompasses unique  
17 farmland, regional water management and wetlands areas. It is designated as an area to be  
18 preserved primarily for agricultural, environmental and water resources and open space  
19 related activities west of SR 7, agricultural and regional water management use if possible,  
20 Residential development is restricted to low-densities and commercial development is limited  
21 to those uses serving farm workers and other residents of the district. Gaming, pari-mutual  
22 wagering, off-track betting, events or activities held or broadcast for similar purposes shall be  
23 prohibited.

24 **a. Exempted Residential Uses**

25 Residential subdivisions and PUDs approved by the BCC prior to January 1, 1990 shall  
26 be exempt from the provisions of the AGR district to the minimum extent required to allow  
27 for continued development pursuant to their original development order and the intent of  
28 the provisions of the AGR district. The exemption applies to the following residential  
29 developments that may continue to exist, however, they may not subdivide nor expand

**Notes:**

Underlined language indicates proposed new language.

Language ~~crossed-out~~ indicates language proposed to be deleted.

.... (ellipses) indicates language not amended which has been omitted to save space.

Relocated language is shown as *italicized* with reference in parenthesis.

**EXHIBIT C**

**ARTICLE 3 – OVERLAYS AND ZONING DISTRICTS**

the boundaries of the property: Willis Glider Port, Delray Lakes Estates, Tierra de Rey, Tierra de Rey South, Rio POCO, Snow Ranch Estates, (a.k.a. Horseshoe Acres), and Delray Training Center. An exception shall be permitted in accordance with FLUE Policy 1.5-c, whereas the aforementioned may be expanded, subject to BCC approval, to allow development of contiguous residual parcels at a density that is consistent with the existing development, where it would serve to establish uniform boundaries.

**b. Previously Approved and Nonconforming Uses**

All uses that are existing and were legally established or requested before the effective date of Ord. 2001-061, but are not permitted by the provisions of the AGR district, shall be considered exempted uses or non-conforming uses as set forth below:

**1) Exempted Uses**

The following non-residential developments, may continue to exist and are to be accommodated as part of the continuation of the AG Reserve Tier: Eternal Light Cemetery, 11520 SR-7, Boynton Beach; Faith Farm Ministry, 9538 Hwy 441, Boynton Beach; Our Lady Queen of Peace Church and service complex, W. Atlantic Ave.; Caridad Clinic, West Boynton Beach Blvd.; Soup Kitchen, 9850 Boynton Beach Blvd.; 4 Points Market; 3 Amigos Convenience Store; Fina Gas Station-Hey 4 U trucking; and, Sunshine Meadows.

**2) Existing Nonconforming Uses**

Replacement, relocation or expansion of nonconforming uses shall be subject to Class A conditional use approval and the following:

- a) Existing uses eliminated due to R-O-W acquisition by eminent domain, and relocation of the use on site is not feasible, may be relocated to an adjacent site.
- b) Existing Nonconforming uses may expand up to 50 percent of the building square footage. If a use is on less than one acre of property, the land area is permitted to be expanded up to a total of one acre.
- c) PDRs:
  - (1) Maximum FAR: .35
  - (2) Maximum Building Coverage: 25 percent
  - (3) Minimum Building setbacks: 30 feet on all sides

**3) Right to Farm**

All land in the AGR and AP districts are located in areas where land is used for commercial agricultural production. Owners, residents, and other users of this property or neighboring property may be subjected to inconvenience and discomfort arising from generally accepted agricultural management practices, including but not limited to noise, odors, dust, the operation of machinery of any kind, including aircraft, the storage and disposal of manure, and the application of fertilizers, soil amendments, herbicides, and pesticides. Owners, occupants, and users of properties in these areas are hereby put on official notice that: (1) the state Right-to-Farm Act, F.S. § 823.14, may bar them from obtaining a legal judgment against such as a public or private nuisance; and (2) farm operations that conform to generally accepted agricultural and management practices in the AGR and AP districts are exempt from the following miscellaneous standards contained in Art. 5.E, Performance Standards of this Code for noise, vibration, smoke, emissions and particulate matters.

**Part 3. ULDC, Table 3.E.1.B-9, PDD Corresponding Land Use (page 53 of 134), is hereby amended as follows:**

**Table 3.E.1.B-9 - PDD Corresponding Land Use**

4  
 5  
 6 Part 7. ULDC, Table 3.E.1.B-11, PUD Density, (page 62 of 134), is hereby amended as follows:  
 7

Table 3.E.1.B-11 - PUD Density

	AGR	RR	LR1	LR2	LR3	MR5	HR8	HR12	HR18
MIN	0.5 du/ac	(1)	0.5 du/ac	1 du/ac	2 du/ac	3 du/ac	5 du/ac	5 du/ac	5 du/ac
MAX	1 du/ac	(2)	1 du/ac	2 du/ac	3 du/ac	5 du/ac	8 du/ac	<u>12.8</u> du/ac	<u>18.8</u> du/ac

Notes for Table 3.E.1.B-11, PUD Density:

1. The minimum density in the RR FLU designation for a PUD are as follows: RR20 – 0.5 unit/20 acres; RR10 0.5 unit/10 acres; RR5 – 0.5 unit/5 acres; RR2.5 – 0.5 unit/2.5acres.
2. The maximum density in the RR FLU designations for a PUD are as follows: RR20 – 1 unit/20 acres; RR10 – 1 unit/10 acres; RR5 – 1 unit/5 acres; RR2.5 - 1 unit/2.5acres.

8  
 9  
 10 Part 8. ULDC, Art. 3.E.2.E.1.b, Optional Residential (OR) Pod (page 73 of 134), is hereby  
 11 deleted as follows:  
 12

13 CHAPTER E PLANNED DEVELOPMENT DISTRICTS (PDDS)

14 Section 2 Planned Unit Development (PUD)

15 E. Pods

16 1. Residential Pod

17 ~~b. Optional Residential (OR) Pod~~

18 ~~An OR pod is intended to encourage and allow innovative residential development~~  
 19 ~~techniques which have not been contemplated by this Code but which provide adequate~~  
 20 ~~setbacks, open space around dwelling units, privacy, parking, recreation opportunities,~~  
 21 ~~and access. An OR pod is not intended as an alternative to a variance. The OR~~  
 22 ~~designation, therefore, shall not be applied as a corrective measure to existing~~  
 23 ~~development which does not conform to this Code. An OR pod may be designated on the~~  
 24 ~~master plan as follows:~~

25 ~~1) Site Plan~~

26 ~~The application for a PUD proposing an OR pod shall contain a site plan for the OR~~  
 27 ~~pod meeting the minimum technical information requirements of the DRO. The site~~  
 28 ~~plan and deviation from typical PDRs shall be justified in the Justification Statement~~  
 29 ~~submitted with the application and clearly indicated on the site plan. The OR pod~~  
 30 ~~designation shall only be applied to an undeveloped residential pod.~~

31 ~~2) Graphics~~

32 ~~The application shall contain graphic representations, which illustrate the provision of~~  
 33 ~~adequate setbacks, open space, privacy, parking, recreation, and access for each~~  
 34 ~~housing type in the pod.~~

35 ~~3) Flexibility~~

Notes:

Underlined language indicates proposed new language.

Language ~~crossed-out~~ indicates language proposed to be deleted.

.... (ellipses) indicates language not amended which has been omitted to save space.

Relocated language is shown as *italicized* with reference in parenthesis.

## EXHIBIT C

### ARTICLE 3 – OVERLAYS AND ZONING DISTRICTS

~~The PDRs for the proposed housing type may be modified by a maximum of 50 percent. No other PDR reduction allowed by this Code shall be permitted.~~

~~a) Exceptions~~

~~The front setback may only be reduced for a garage or carport with the entrance parallel to a side property line. The minimum separation between detached units shall be ten feet.~~

~~4) Other Codes~~

~~All other requirements in applicable Codes shall apply.~~

~~5) BCC Approval~~

~~The OR designation shall be subject to approval by the BCC and reflected in the legal advertisement for the DO. The flexibility approved by the BCC may be applied in whole or in part to the pod. Lots or dwelling units in the pod, which do not utilize the flexibility, shall be developed in accordance with this Code.~~

[Renumber accordingly.]

Part 9. ULDC, Art. 3.E.2.F.3, Preservation Area [Related to AGR PUD] (page 77 of 134), is hereby amended as follows:

#### CHAPTER E PLANNED DEVELOPMENT DISTRICTS (PDDS)

##### Section 2 Planned Unit Development (PUD)

###### 3. Preservation Area

A Preservation Area or a pod designated as a Preservation Area is intended to support bona fide agriculture uses, wetlands, or other significant open space. Adjacent residential development in the PUD should be designed to be compatible with a Preservation Area and shall not detract from its operation or function.

**a. Location and Access**

Preservation Areas which are not contiguous to Development Areas may be situated anywhere in the AGR FLU designations, provided they are accessible by a street.

**b. Adjacency**

Preservation Areas shall be located, to the greatest extent practical, adjacent to existing, planned, or projected Preservation Areas.

**c. Uses**

Uses allowed in a Preservation Area are indicted in Table 3.E.1.B-10, PDD Use Matrix, and specified by the Preserve Management Plan as approved by ERM.

**d. Configuration**

**1) Property Development Regulations**

A Preserve Area and any remaining portion of a lot used to create a Preserve Area shall meet the minimum PDRs of the AGR district, with exception to the following: lot width may be reduced to 100 feet for a Rural Parkway, as defined in the Plan, or for an equestrian use that meanders through a 60/40 development area; and, a legal lot of record that does not meet the minimum acreage or dimensions of the AGR district may be used as a preserve area if in compliance with all other requirements of this Section.

**2) General**

Preservation Areas shall be arranged in a unified whole so as to maximize the purpose, function, and perpetuation of the preservation use. This shall be accomplished, in part, through the following:

**a) Agriculture**

Agricultural areas shall have boundaries ~~that which~~ allow for efficient agricultural operation, and shall not be encroached upon by a Development Area.

**b) Wetlands**

The boundary of preserved wetlands shall be determined by the ecological function of the viable area, as determined by the BCC upon recommendations from ERM and/or the SFWMD. Wetland areas shall be preserved in the following order of priority: adjacent to off-site wetlands; open space; fallow land; or, agricultural land. Primary consideration shall be given to preserved wetland areas adjacent to off-site wetlands.

~~c) Buffer~~

~~A buffer shall be provided between a Preservation Area and residential, commercial, or civic pods in the Development Area to ensure mutual compatibility. The Development Area shall not adversely affect the Preservation Area, including the perpetuation of agriculture uses. This buffer shall be located in the Development Area and adhere to the provisions of Article 7, LANDSCAPING, and Article 14.C, VEGETATION PRESERVATION AND PROTECTION. Required buffers shall not be counted toward meeting the minimum Preservation Area required in Table 3.E.2.C-15, PUD Land Use Mix.~~

#### Notes:

Underlined language indicates proposed new language.

Language ~~crossed-out~~ indicates language proposed to be deleted.

.... (ellipses) indicates language not amended which has been omitted to save space.

Relocated language is shown as *italicized* with reference in parenthesis.

## EXHIBIT C

### ARTICLE 3 – OVERLAYS AND ZONING DISTRICTS

1 **d) Width**

2 ~~The minimum width of a Preservation Area, in order to be counted toward the~~  
3 ~~minimum preservations requirement, shall be 100 feet.~~

4 **e. Contiguity**

5 **1) 80/20 Option**

6 The Preservation Area in the 80/20 option shall be located contiguous to the  
7 Development Area.

8 **2) 60/40 Option**

9 The Preservation Area for the 60/40 option shall be a minimum 150 acres and  
10 contiguous to, but not intrusive into, the Development Area with the following  
11 exceptions:

12 a) Equestrian communities may have pastures designated as Preservation Area,  
13 which meander, in a contiguous fashion, throughout the PUD;

14 b) A Preservation Area in the 60/40 option may be located remote from its  
15 associated Development Area provided that at least one of the following  
16 conditions are met:

17 (1) the Preservation Area contains at least 150 acres and meets the  
18 requirements in Article 3.E.2.F.3.d, Configuration; or

19 (2) the Preservation Area shares at least one common boundary of which a  
20 minimum of 50 percent of ~~its length~~ the common boundary is contiguous with  
21 an existing Preservation Area, an agricultural area preserved under the  
22 PACE program, or a designated wetland which is in public ownership, and  
23 which, when combined with the adjacent existing area, has a land area equal  
24 to or greater than 150 acres.

25 **f. Plans**

26 Plans submitted to the DRO shall depict the Preservation Area as specified below.

27 **1) Contiguous Area**

28 When the Preservation Area is contiguous to the Development Area, the  
29 Preservation Area shall be shown and designated on the master plan and all  
30 applicable subdivision plans at the same scale and in the same detail as the  
31 Development Area.

32 **2) Non-contiguous Area**

33 When the Preservation Area is not contiguous to the Development Area, the  
34 Preservation Area shall be referenced by a location sketch and notes on the master  
35 plan.

36 **g. Boundary Plat**

37 All Preservation Areas shall be platted. The plat(s) shall be recorded simultaneously with  
38 the first plat in the Development area. The plat shall limit the land to the intended  
39 preservation use(s).

40 **h. Perpetual Preservation**

41 Prior to recording the plat for a Preservation Area, the Preservation Area shall be  
42 established in perpetuity in one of the following manners and in a form acceptable to the  
43 County Attorney.

44 **1) Dedication and Acceptance**

45 Dedication of the Preservation Area to the BCC and acceptance of the dedication by  
46 the BCC;

47 **2) Conservation Easement**

48 Recordation of an Agricultural Conservation Easement;

49 **3) Restrictive Covenant**

50 Recordation of a restrictive covenant, made in favor of PBC, stating the basis for and  
51 limiting the land to the intended use(s).

52  
53  
54 **Part 10. ULDC, Art. 3.E.2.F.4.d, Landscape Buffer [Related to AGR PUD] (page 79 of 134), is**  
55 **hereby amended as follows:**

56 **CHAPTER E PLANNED DEVELOPMENT DISTRICTS (PDDS)**

57 **Section 2 Planned Unit Development (PUD)**

58 **F. AGR PUD**

59 **4. Development Area**

60 **d. Landscape Buffer**

61 A Type 3 incompatibility buffer shall be required between the Development Area and all  
62 adjacent properties zoned AGR, AP, SA, or AR; including Preservation Areas. The buffer  
63 shall be a minimum of 50 feet in width and installed in accordance with Article 7,  
64 Landscaping.

65 **1) Reduction**

66 **Notes:**

Underlined language indicates proposed new language.

Language ~~crossed-out~~ indicates language proposed to be deleted.

.... (ellipses) indicates language not amended which has been omitted to save space.

Relocated language is shown as *italicized* with reference in parenthesis.

## EXHIBIT C

### ARTICLE 3 – OVERLAYS AND ZONING DISTRICTS

A buffer required along the perimeter of a Development Area may be reduced by 50 percent if:

- a) the buffer is within a nonresidential pod and adjacent to a R-O-W greater than 50 feet in width;
- b) the buffer is adjacent to another platted PUD buffer a minimum of 20 feet in width; or
- c) the buffer is adjacent to open space (e.g. lake, canal, etc.) greater than 50 feet in width.

Part 11. ULDC, Art. 3.E.3.B, Objectives and Standards (page 83 of 134), is hereby amended as follows:

#### CHAPTER E PLANNED DEVELOPMENT DISTRICTS (PDDS)

##### Section 3 Multiple Use Planned Development (MUPD)

###### B. Objectives and Standards

###### 1. Design Objectives

....

###### 2. Performance Standards

....

###### 3. Civic Dedication

The BCC may require that a portion of the gross acreage of the development be dedicated to PBC for public purposes, when insufficient facilities are available to allow for the provision of government services required for the proposed development. The dedication of such property shall be in accordance with Art. 3.E.2.E.4.c.1), Public Civic. The PDRs for the PO district shall apply to the civic parcel.

Part 12. ULDC, Art. 3.E.3.D.1, Work/Live Space (page 84 of 134), is hereby amended as follows:

#### CHAPTER E PLANNED DEVELOPMENT DISTRICTS (PDDS)

##### Section 3 Multiple Use Planned Development (MUPD)

###### D. Property Development Regulations

###### 1. Work/Live Space

A space within a ~~mixed-use~~ building that is used jointly for residential, commercial and/or industrial purposes, where the residential space is accessory to the primary use as a place of work. Work/Live spaces shall comply with the following supplemental use standards:

....

Part 13. ULDC, Art. 3.E.4.B, Objectives and Standards (page 85 of 134), is hereby amended as follows:

#### CHAPTER E PLANNED DEVELOPMENT DISTRICTS (PDDS)

##### Section 4 Mixed Use Planned Development (MXPDP)

###### B. Objectives and Standards

###### 1. Design Objectives

....

###### 2. Performance Standards

....

###### 3. Civic Dedication

The BCC may require that a portion of the gross acreage of the development be dedicated to PBC for public purposes, when insufficient facilities are available to allow for the provision of government services required for the proposed development. The dedication of such property shall be in accordance with Art. 3.E.2.E.4.c.1), Public Civic. The PDRs for the PO district shall apply to the civic parcel.

Part 14. ULDC, Art. 3.E.6.E.2.a, OR Pod (page 94 of 134), is hereby deleted as follows:

#### CHAPTER E PLANNED DEVELOPMENT DISTRICTS (PDDS)

##### Section 6 Mobile Home Planned Development District (MHPD)

###### Notes:

Underlined language indicates proposed new language.

Language ~~crossed-out~~ indicates language proposed to be deleted.

.... (ellipses) indicates language not amended which has been omitted to save space.

Relocated language is shown as *italicized* with reference in parenthesis.

**EXHIBIT C**

**ARTICLE 3 – OVERLAYS AND ZONING DISTRICTS**

**E. Pods**

**2. Residential Pod**

The site design and layout for each residential pod shall be indicated on a site plan and/or subdivision plan approved by the DRO. The site design shall include the fee simple, rental, lease, or condominium lot configuration and circulation systems. The layout shall indicate compliance with Table 3.E.6.D-28, MHPD Property Development Regulations, and the setbacks for accessory structures such as storage buildings, covered parking areas, screen enclosures, and pools.

~~a. OR Pod~~

~~An optional residential pod may be provided in accordance with the standards for an OR pod in a PUD.~~

**Part 15. ULDC, Art. 3.F.1.H, Phasing and Platting (page 99 of 134), is hereby amended as follows:**

**CHAPTER F TRADITIONAL DEVELOPMENT DISTRICTS (TDDS)**

**Section 1 General Provisions for TDDs**

**H. Phasing and Platting**

**1. Phasing**

TDDs shall be subject to the phasing, time limitations and review requirements of Art. 2.E, Monitoring. [Ord. 2005 – 002]

~~a. U/S Tier~~

~~Phasing of TDD developments in the U/S Tier shall be limited to a maximum of four phases of up to three years each. The first phase of the project shall include a minimum of 25 percent of the total project, unless otherwise approved by the BCC. [Ord. 2005 – 002]~~

**2. Platting**

All land in a TDD shall be platted in accordance with Art. 11, Subdivision, Platting and Required Improvements. All land within the TDD, including private civic tracts and open space areas (including but not limited to recreation and water retention) shall be platted prior to Technical Compliance for the last residential or commercial tract. [Ord. 2005 – 002]

**Part 16. ULDC, Table 3.F.1.I-32, Traditional Development Permitted Use Schedule (page 101 of 134), is hereby amended as follows:**

**Table 3.F.1.I-32 - Traditional Development Permitted Use Schedule**

District Tier <sup>2</sup> Land Use Zone <sup>3</sup>	TND <sup>1</sup>						TMD <sup>1</sup>				NOTES

....												

**Notes** Table 3.F.1.I-32, Traditional Development Permitted Use Schedule:  
P = Permitted, S = Special Permit, D= Development Review Officer, R = Requested Use

**Part 17. ULDC, Art. 3.F.4.E.8, Preserve Area and Open Space Requirements (page 131 of 134), is hereby amended as follows:**

**CHAPTER F TRADITIONAL DEVELOPMENT DISTRICTS (TDDS)**

**Section 4 Traditional Marketplace Development (TMD)**

**E. Standards Applicable to AGR Tier**

**8. Preservation Area and Open Space Requirements**

A TMD shall conform to Objective 1, Art. 1.E, Prior Approvals, and the following additional requirements:

**a. Minimum Preservation Area**

**Notes:**

Underlined language indicates proposed new language.  
Language ~~crossed-out~~ indicates language proposed to be deleted.  
.... (ellipses) indicates language not amended which has been omitted to save space.  
Relocated language is shown as *italicized* with reference in parenthesis.

EXHIBIT C

ARTICLE 3 – OVERLAYS AND ZONING DISTRICTS

A minimum of 60 percent of the gross acreage, less roadways identified on the Thoroughfare Identification Map, shall be designated as preserve area. Rural Parkway easements may be counted toward the preserve requirement.

b. Location

The Preservation Area shall be contiguous with the TMD, or noncontiguous provided it has a common border with other land that is at least 150 acres and:

- 1) In a Conservation district;
- 2) Designated as an AGR Preservation Area; or
- 3) Has had development rights removed and is permanently restricted to useable open space or agricultural uses through a conservation easement or other legal instrument approved by the County Attorney’s Office.

c. Preservation Areas

An AGR Preservation Area shall comply with the requirements of Art. 3.E.2.F.3 3.F.4.E.8.e, Preserve Preservation Area, and policies under Objective 1.5 of the FLUE of the Plan.

- P Permitted by right
- D Permitted subject to approval by the DRO
- S Permitted in the district only if approved by Special Permit
- B Permitted in the district only if approved by the Zoning Commission (ZC)
- A Permitted in the district only if approved by the Board of County Commissioners (BCC)

Part 2. ULDC, Art. 4.B.1.A.44, Electric Power Facility (page 43 of 142), is hereby amended as follows:

CHAPTER B SUPPLEMENTARY USE STANDARDS

Section 1 Uses

A. Definitions and Supplementary Standards for Specific Uses

44-1. Electric Power Facility

The A principal use of property for an electrical generation or transmission voltage switching station.

a. Setbacks

- 1) An electric power facility, for electrical generation only, shall not be located within 1,000 feet of a residential zoning district.
- 2) Principal uses and structures (excludes poles) shall be setback a minimum of 500 feet from all property lines.
- 3) Accessory uses and structures (excluding poles) shall be setback a minimum of 50 feet from all property lines.

b. Screening and Perimeter Buffers

A Type III incompatibility buffer shall be required when the subject site is adjacent to or visible from any street or parcels with a conservation (when open to the public), commercial or residential FLU or use. Palms may not be substituted for required canopy trees. This buffer may be modified in accordance with Art. 7.B.3, Alternative Landscape Plan (ALP). Screening around the perimeter of an electric power facility shall be provided at the time the facility is constructed or when surrounding development occurs. The standards in Art. 7, Landscaping, shall be waived if the required screening is not visible from adjacent lots or streets.

c. Electric Transmission Facility

An electric transmission facility collocated with a new request or DOA for an electric generation facility may be reviewed and approved as one application. The transmission facility shall comply with the requirements of Art. 4.B.1.A.44-2, Electric Transmission Facility.

Part 3. ULDC, Art. 4.B.1.A, Definitions and Supplementary Standards for Specific Uses (page 43 of 142), is hereby amended as follows:

Notes:

- Underlined language indicates proposed new language.
- Language ~~crossed out~~ indicates language proposed to be deleted.
- .... (ellipses) indicates language not amended which has been omitted to save space.
- Relocated language is shown as *italicized* with reference in parenthesis.

EXHIBIT D

ARTICLE 4, USE REGULATIONS

1 CHAPTER B SUPPLEMENTARY USE STANDARDS

2 Section 1 Uses

3 A. Definitions and Supplementary Standards for Specific Uses

4 44-2. Electric Transmission Facility

5 Mechanical equipment associated with electric transmission networks, including transmission  
6 voltage facilities or switching substations, and electrical distribution substations that exceed  
7 the standards of Art 4.B.1.A.134.a.1), Residential Districts and 2) Non-residential Districts.

8 a. Setbacks

9 Notwithstanding the requirements of Table 3.D.1.A-5, Property Development  
10 Regulations, setbacks for electric transmission facilities, excluding transmission lines,  
11 shall be as follows:

12 1) Buildings

13 Buildings used for electric transmission facilities shall be setback a minimum of 50  
14 feet from all property lines.

15 2) Mechanical Equipment and Related Structures

16 Setbacks for mechanical equipment, related structures and fencing shall be a  
17 minimum of 75 feet, or a minimum of 150 feet when adjacent to or visible from a  
18 street or parcels with a conservation (when open to the public), commercial or  
19 residential FLU or use. Setbacks may be reduced to 100 feet, if the incompatibility  
20 buffer is increased to 50 feet in width and the number of required trees are doubled.  
21 Setbacks may also be reduced to 75 feet when adjacent to commercial properties, or  
22 when separated from adjacent properties by a R-O-W 100 feet in width or greater, if  
23 the applicant can demonstrate that structures will not be visible from residential or  
24 public use areas.

25 3) Maximum Height

26 One additional foot of setback shall be provided in addition to the minimum setback  
27 for each one foot in height, or fraction thereof, over 35 feet.

28 b. Screening and Perimeter Buffers

29 A Type III incompatibility buffer shall be required when the subject site is adjacent to or  
30 visible from any street or parcels with a conservation (when open to the public),  
31 commercial or residential FLU or use. Palms shall not be substituted for required canopy  
32 trees. This buffer may be modified in accordance with Art. 7.B.3, Alternative Landscape  
33 Plan (ALP).

34  
35  
36 Part 4. ULDC, Art. 4.B.1.A.51, Farm Workers Quarters (page 45 of 142), is hereby amended as  
37 follows:  
38

39 CHAPTER B SUPPLEMENTARY USE STANDARDS

40 Section 1 Uses

41 A. Definitions and Supplementary Standards for Specific Uses

42 51. Farm Workers Quarters

43 One or more residential structures occupied by farm workers who provide labor in conjunction  
44 with agricultural operations.

45 a. Density

46 One dwelling unit limited to a maximum of four beds shall be permitted for each 25 acres.  
47 ~~Farm worker quarters shall not be located on property in the AGR Tier in which no~~  
48 ~~residential density is assigned by the FLU designation.~~

49 b. Clustering

50 Ten or more units on any lot shall be clustered and subject to DRO approval.

51 c. AGR/PUD or TMD

52 AGR/PUD or TMD Preserve shall be allowed one dwelling unit per acre provided such  
53 units are clustered onto a single compact area of the preserve and are restricted to  
54 occupancy by farm workers. *Farm worker quarters shall not be located on property in the*  
55 *AGR Tier in which no residential density is assigned by the FLU designation.*

56 d. AR/RSA

57 May be permitted in the AR/RSA District with a SA FLU, subject to a Special Permit  
58 approval. [Ord. 2005 – 002]

59  
60  
61 Part 5. ULDC, Art. 4.B.1.A.65, Grooms Quarters (page 48 of 142), is hereby amended as  
62 follows:  
63

Notes:

Underlined language indicates proposed new language.

Language ~~crossed out~~ indicates language proposed to be deleted.

.... (ellipses) indicates language not amended which has been omitted to save space.

Relocated language is shown as *italicized* with reference in parenthesis.

EXHIBIT D

ARTICLE 4, USE REGULATIONS

1 CHAPTER B SUPPLEMENTARY USE STANDARDS

2 Section 1 Uses

3 A. Definitions and Supplementary Standards for Specific Uses

4 65. Groom's Quarters

5 On-site living quarters for persons responsible for grooming and caring for horses boarded at  
6 a stable. Occupancy shall be limited to on-site employees and members of the employees'  
7 family only.

8 a. Number Permitted

9 1) 20 Acres or Less

10 One groom's quarters shall be permitted for each four horse stalls.

11 2) More Than 20 Acres

12 One groom's quarters shall be permitted for each three horse stalls.

13 b. Floor Area

14 1) Each Unit

15 Each groom's quarters shall not exceed 500 square feet of GFA per unit.

16 2) 20 Acres or Less

17 The total GFA for all groom's quarters shall not exceed 5,000 square feet per lot.

18 c. Bedrooms and Bathrooms

19 A maximum of one bedroom and one bathroom per groom's quarter.

20 d. Approval Process

21 Table 4.B.1.A-5 – Groom's Quarters Approval Process

Process	Number of groom's quarters permitted
Permitted	One
Special Permit	Two through four
DRO	Five through 20
Class B	21 through 100
Class A	101 or more

22 e. AGR PUD or TMD Tier

23 ~~For parcels in the AGR Tier with more than 20 groom's quarters, or For~~ more than 20  
24 groom's quarters on the Preservation Area preserve area of an AGR-PUD or TMD, the  
25 allowable density shall be decreased by one unit for each groom's quarter to a maximum  
26 reduction of one-half of the number of dwelling ~~units~~ units associated with the  
27 Preservation Area property.

28 f. Kitchen Facilities

29 Groom's quarters may contain individual cooking facilities and/or one common dining  
30 facility. An agreement to remove all kitchen equipment shall be executed prior to  
31 approval of the groom's quarter. The agreement shall require the kitchen to be removed if  
32 the unit ceases to operate as a groom's quarters.

33  
34  
35 Part 6. ULDC, Art. 4.B.1.A.72, Hotel, Motel (page 51 of 142), is hereby amended as follows:

36 CHAPTER B SUPPLEMENTARY USE STANDARDS

37 Section 1 Uses

38 A. Definitions and Supplementary Standards for Specific Uses

39 72. Hotel, Motel, SRO, and Rooming and Boarding House

40 An establishment requiring a license by the State of Florida used, maintained or advertised  
41 as a place where furnished sleeping accommodations are supplied for short term rent to  
42 guests or tenants. Typical uses include hotels, motels, single room occupancy (SROs) and  
43 rooming and boarding houses.

44 a. Commercial CHO, CG, and CRE Districts

45 ~~If permitted by Table 3.E.1.B-10, PDD Use Matrix, or Table 4.A.2.A-1, Use Matrix, a A~~  
46 hotel, motel, SRO, or rooming and boarding house with a CL, CHO and CH FLU  
47 designation are permitted shall comply with the following: in only the CHO, CG, and CRE  
48 districts.

49 1) Lot Size

50 A minimum of one acre or the minimum required by the district, whichever is greater.

51 2) Lot Width

52 A minimum of 100 feet or the minimum required by the district, whichever is greater.

53 3) Sleeping Units

54 A maximum of one per 1,000 square feet of lot area.

55 b. RM District

56 Notes:

57 Underlined language indicates proposed new language.

Language ~~crossed out~~ indicates language proposed to be deleted.

.... (ellipses) indicates language not amended which has been omitted to save space.

Relocated language is shown as *italicized* with reference in parenthesis.

EXHIBIT D

ARTICLE 4, USE REGULATIONS

A rooming and boarding house is permitted only in the RM district with an HR FLU designation. The number of beds permitted shall be calculated consistent with a Type 3 CLF Hotels, motels, and SROs are prohibited.

c. CRE District

A hotel, motel, SRO, boarding or rooming house shall only be located in a RR FLU designation as a Class A conditional use.

d. Accessory Uses

Hotels and motels may include typical accessory uses, such as fitness centers, meeting rooms, conference centers, restaurants and lounges.

e. Lounge

An accessory lounge shall not exceed ten percent of the GFA of ~~the~~ a hotel or motel.

Part 7. ULDC, Art. 4.B.1.A.121, Shade House, (page 78 of 142), is hereby amended as follows:

CHAPTER B SUPPLEMENTARY USE STANDARDS

Section 1 Uses

A. Definitions and Supplementary Standards for Specific Uses

121. Shade House

A temporary screen enclosure used to protect plants from insects, heat and exposure to the sun.

a. Permits

A shade house used for bona fide agricultural purposes less than 12 feet in height shall not be required to obtain a building permit.

Table 4.B.1.A-9 - Minimum Setbacks 12 feet or Less In Height

Table with 2 columns: Setback Type (Front and Street, Side and Rear) and Setback Distance (15 feet, 7.5 feet)

TABLE 4.B.1.A-10 - MINIMUM SETBACKS OVER 12 FEET IN HEIGHT

Table with 2 columns: Setback Type (Front and Street, Side and Rear) and Setback Distance (25 feet, 15 feet)

b. Commercial Greenhouse

Commercial greenhouses having roofs and walls made of rolled plastic or other similar materials, used for the indoor cultivation of plants, including hydroponic farming using water containing dissolved inorganic nutrients, may be permitted in the AGR districts, subject to the following:

1) DRO Approval

Commercial greenhouses that exceed the FAR limitations of Table 2.1-1 of the Plan, or with five or more acres of building coverage must be approved by the DRO.

2) Property Development Regulations

Setbacks for greenhouses in excess of 25 feet in height must be in accordance with Table 3.D.1.A-5, Property Development Regulations. Setbacks for greenhouses less than 25 feet in height may be reduced by 50 percent. FAR and Building Coverage may be increased up to a maximum of .75 to accommodate commercial greenhouses.

3) Landscaping and Buffering

Commercial greenhouses are exempt from the interior and foundation planting requirements of Table 7.C.3-1, Minimum Tier Requirements. A Type III incompatibility buffer shall be required along property lines where greenhouses are adjacent to or visible from a public R-O-W or parcels with a civic, conservation, commercial, recreational or residential FLU designation or use. Buffers shall be a minimum of 25 feet in width for greenhouses up to 25 feet in height, and 50 feet for greenhouses greater than 25 feet in height.

a) Exceptions

(1) Visual Screening

Landscape buffer and planting requirements may be waived in areas where it can be demonstrated that greenhouse structures are not visible from the subject property lines or use areas.

(2) Alternative Planting

Planting requirements may be satisfied by the use of existing native vegetation or the placement of other related plant material, provided that the growing area is at least 25 feet wide and meets the buffering requirements for a Type III incompatibility buffer.

4) Parking and Loading

Notes:

Underlined language indicates proposed new language.

Language crossed-out indicates language proposed to be deleted.

.... (ellipses) indicates language not amended which has been omitted to save space.

Relocated language is shown as italicized with reference in parenthesis.

EXHIBIT D

ARTICLE 4, USE REGULATIONS

All parking and loading shall occur in the designated areas indicated on the site plan.

a) **Parking**

If vans, buses, or commercial loading vehicles are used for employee transportation, required parking shall be configured to accommodate these vehicles.

b) **Loading**

Loading zones shall not be oriented towards residential uses, and shall be setback from property lines a minimum of 250 feet, unless waived by the DRO.

5) **Storage**

Only equipment directly related to the facility may be stored on site. All stored equipment must be screened from view from adjacent properties and streets.

6) **Interior Lighting**

Greenhouses shall not be illuminated between 9 p.m. and 6 a.m. if light is visible from outside of the structure from any adjacent R-O-W, or properties with a residential FLU designation or use.

7) **Accessory Office**

An office is permitted as an accessory use, subject to the following and all other applicable requirements:

a) Less than five acres of commercial greenhouse: 1,000 square feet.

b) Greater than five acres of commercial greenhouse: 2,000 square feet.

c) Bathroom facilities shall not be included in the calculation of office square footage.

8) **Signage**

Signage for commercial greenhouses shall be limited to one freestanding sign located at the projects primary entrance.

9) **Pervious Surface Area**

An exception to the requirements of Table 7.C.2-1, Minimum Tier Requirements may be made for Commercial Greenhouses to allow for an increase in impervious surface area up to 80 percent, provided all applicable agencies responsible for reviewing for adequate drainage, review and approve the application for compliance prior to DRO certification or issuance of a building permit.

Part 8. ULDC, Art. 4.B.1.A.134, Minor Utility (page 81 of 142), is hereby amended as follows:

CHAPTER B SUPPLEMENTARY USE STANDARDS

Section 1 Uses

A. Definitions and Supplementary Standards for Specific Uses

134. Utility, Minor

Mechanical equipment associated with utility distribution, collection, or transmission networks, required by their nature to be relatively dispersed throughout their service area other than electric generation and transmission voltage facilities. Typical uses include gas and water regulators, electrical distribution substations, sewage lift stations, telephone exchange buildings, and communication substations.

a. Floor Area

1) Residential Districts [Ord. 2004-040]

A maximum of 3,000 square feet of gross enclosed floor area.

2) Non-residential Districts

A maximum of 10,000 square feet of gross enclosed floor area. [Ord. 2004-040]

3) A minor utility exceeding either standard above may be approved as a Class A Conditional Use or a Requested Use. [Ord. 2004-040]

b. Buffer

A minor utility shall be located and buffered to ensure compatibility with surrounding land uses. Increased setbacks, screening, and buffering around the utility may be required to ensure compatibility. [Ord. 2004-040]

c. Lift Station

1) New Subdivisions

Facilities located in new subdivisions shall be subject to DRO approval concurrent with the subdivision approval.

2) Streets

Facilities located within streets or utility easements shall not be subject to DRO approval.

Part 9. ULDC, Art. 4.B.1.A.141, Work/Live Space (page 87 of 142), is hereby amended as follows:

EXHIBIT E

ARTICLE 5 – SUPPLEMENTARY STANDARDS

Part 1. ULDC, Art. 5.B.1.A.9, Recreation Facility (page 12 of 56), is hereby amended as follows:

CHAPTER B ACCESSORY AND TEMPORARY USES

Section 1 Supplementary Regulations

A. Accessory Uses and Structures

9. Recreation Facility

Recreation facilities shall be subject to the following standards:

a. Common Area

- 1) Setbacks from residential uses shall be a minimum of 50 feet from any residential property line consistent with the requirements of Table 3.C.1.A.4, Future Land Use (FLU) Designation and Corresponding Standard Zoning Districts.
2) Swimming pools and spas shall be setback in accordance with Table 5.B.1.A-3, Pool/Spa Setbacks.
3) Golf course structures and clubhouses shall be setback in accordance with Table 3.E.2.D-16, PUD Property Development Regulations.
4) If deemed necessary to ensure compatibility with surrounding uses, the DRO shall require an incompatibility buffer in accordance with Art. 7.F.9, Incompatibility Buffer.

b. Residential Lot

- 1) The following setbacks shall apply to tennis courts:

Table 5.B.1.A-2 – Tennis Court Setbacks

Table with 2 columns: Setback Type (Front, Side, Side Street, Rear) and Setback Distance (25 feet, 7.5 feet, 15 feet, 7.5 feet).

Part 2. ULDC, Art.5.C.1.D, Effect [Related to Architectural Guidelines], (page 25 of 56), is hereby amended as follows:

CHAPTER C DESIGN STANDARDS

Section 1 Architectural Guidelines

D. Effect

1. Effect on Prior BCC and ZC Approvals

These guidelines shall apply to all previously approved projects as a BCC or ZC condition of approval as part of a DOA or Status Report. Previously approved architectural conditions of approval shall remain in full effect unless amended by the BCC or ZC. Non-residential projects previously approved by the BCC or ZC shall comply with Art. 5.C.H.1.a 4.E.4, General.

2. Effect on Prior DRO Approvals

These guidelines shall not apply to projects or buildings which have a previously approved site plan by the DRO, unless within a PDD or for any use specifically identified within Art. 4.B, Supplementary Use Standards. Non-residential projects previously approved by the DRO or ZC shall comply with Art. 5.C.H.1.a 4.E.4, General.

3. Effect on Other Regulations

These guidelines shall supplement architectural requirements of an Overlay District, Neighborhood Plan, or other applicable regulations. In case of a conflict, the more strict regulation shall apply.

Part 3. ULDC, Art.5.E.3, Nuisances (page 36 of 56), is hereby amended as follows:

CHAPTER E PERFORMANCE STANDARDS

Section 3 Nuisances

D. Smoke, Emissions and Particulate Matter

1. General Requirements

No use or activity shall be operated except in full compliance with the standards controlling air pollution as provided in the laws of the State of Florida and the ordinances.

2. Smoke

In all districts, unless otherwise covered by a specific visible emission limiting standard by a FDEP Rule or County Ordinance, every use shall be operated so as to prevent the emission of smoke from any source whatever, the density of which is equal to or greater than that designated as Number 1 on the Ringlemann Chart, or the opacity of which is equal to or

Notes:

Underlined language indicates proposed new language.

Language crossed-out indicates language proposed to be deleted.

.... (ellipses) indicates language not amended which has been omitted to save space.

### ARTICLE 5 – SUPPLEMENTARY STANDARDS

1 greater than twenty percent. For the purpose of grading the density of smoke, the  
2 Ringlemann Chart, as published and used by the United States Bureau of Mines, or Method  
3 9, as published in Rule 62-296 F.A.C., is incorporated herein by reference. All  
4 measurements shall be at the point of emission.

5 **3. Dust and Particulates**

6 Every use shall be operated to prevent the emission into the air of dust or other solid  
7 particulate matter which may cause danger to land and the health of persons or animals at or  
8 beyond the lot line of the premises on which the use is located, in accordance with Rule 62-  
9 296 F.A.C.

10 **4. Objectionable Odors**

11 No person shall cause, suffer, allow or commit the discharge of air pollutants which contribute  
12 to an objectionable odor in accordance with Rule 62-296 .320 (2) F.A.C.

13 **5. Toxic or Noxious Matter**

14 No use shall for any period of time, discharge across the boundaries of a lot on which it is  
15 located, toxic or noxious matter in such concentrations as to be detrimental to or endanger  
16 the public health, safety, comfort, or general welfare, or cause injury or damage to persons,  
17 land, or the use of land, or render unclean the waters of the state to the extent of being  
18 harmful or inimical to the public health, or to animal or aquatic life, or to the use of such  
19 waters for domestic water supply, industrial purposes, recreation, or other legitimate and  
20 necessary uses.

21 **[Renumber accordingly]**

22  
23  
24 **Part 4. ULDC, Art. 5.G.1.C.1, Density Bonus (page 44 of 56), is hereby amended as follows:**

25 **CHAPTER G DENSITY BONUS PROGRAMS**

26  
27 **Section 1 Workforce Housing Program (WHP)**

28 **C. Incentives**

29 **1. Density Bonus**

30 A density bonus of at least ~~ten~~ 40 percent and up to 100 percent of the permitted density,  
31 may be allowed based on project location, the existing very-low and low income  
32 concentrations in the area of the proposed development and land use compatibility. **[Ord.**  
33 **2005 – 002]**

34  
35  
36 **Part 5. ULDC, Art. 5.G.1.D, Density Bonus (page 44 of 56), is hereby amended as follows:**

37 **CHAPTER G DENSITY BONUS PROGRAMS**

38  
39 **Section 1 Workforce Housing Program (WHP)**

40 **D. Density Bonus**

41 A density bonus may be approved by the Planning Director or BCC in accordance with the  
42 requirements of this Article. **[Ord. 2005 – 002]**

43 **1. Permitted Density**

44 For the purposes of this Section, permitted density shall be the number of units allowed by:

45 **a. Standard District**

46 The standard density allowed by the Plan; **[Ord. 2005 – 002]**

47 **b. PDD or TDD**

48 The maximum density allowed by the Plan, or the density approved by the development  
49 order for a PDD or TDD, whichever is less; or **[Ord. 2005 – 002]**

50 **c. TDR Receiving Areas**

51 TDR units shall not be included in the density bonus determination. **[Ord. 2005 – 002]**

52 **2. Bonus Determination and Percentage of Affordable Units Affordability Determination**

53 The number of units awarded as a density bonus ~~and the percentage of affordability~~ shall be  
54 determined by the Planning Director, in accordance with Table 5.G.1.D-13, Density Bonus.  
55 The determination shall be based on the size, location and development characteristics of the  
56 project with consideration given towards affordability, accessibility, compatibility, quality of  
57 design, pedestrian and vehicular circulation, open space, and resource protection. The  
58 percentage of affordable units shall be at a minimum of 50 percent of the total number of  
59 density bonus units. The Planning Director shall prepare a report for the applicant, DRO, ZC,  
60 or BCC, whichever is appropriate. In the report, the Planning Director shall make a  
61 determination of compliance with this chapter, consistency with the Plan and recommend  
62 approval, approval with conditions, or denial of the request. **[Ord. 2005 – 002]**

Maximum Density Bonus	40%	60%	80%	100%
<u>Minimum Density Bonus</u> <sup>1</sup>	<u>40%</u>	<u>40%</u>	<u>40%</u>	<u>40%</u>
Minimum % of Density Bonus Units Required to be Affordable	<u>20</u> 50%	<u>30</u> 50%	<u>40</u> 50%	50%

Notes for Table 5.G.1.D-13, WHP Density Bonus

1. The minimum density bonus shall be as indicated, or a maximum of 16 units /acre, whichever is less.  
[Ord. 2005-002]

**3. Maximum Bonus and Density**

The overall density allowed (density plus density bonus) shall not exceed 16 units/acre, or a 100 percent increase above the permitted density, whichever is less. [Ord. 2005 – 002]

**4. ~~Minimum Bonus~~**

~~The minimum density bonus allowed would be a ten percent increase above the permitted density.~~ [Ord. 2005 – 002]

EXHIBIT J

WCRAO, WESTGATE COMMUNITY REDEVELOPMENT AREA OVERLAY

Part 1 ULDC Art. 1.1.2, Definitions, is hereby amended as follows:

CHAPTER I DEFINITIONS & ACRONYMS

Section 2 Definitions

A. Terms defined herein or referenced in this Article shall have the following meanings:

73. Arcaded Sidewalk - a covered pedestrian walkway contiguous to a street, plaza or square that is open to the public. For the purposes of Art. 3.B.15, WCRAO, Westgate Community Redevelopment Agency Overlay, an arcaded sidewalk shall require usable floor area above the roof of the arcade.

F. Terms defined herein or referenced Article shall have the following meanings:

50. Lot Frontage - a. That side of the property line abutting a legally accessible street. On a corner lot, the frontage may be designated by the owner, subject to the approval by the Zoning Division who will determine whether it is consistent with the orientation of the other lots and improvements on the same side of the accessible street. b. For the purposes of buildings in a TDD or in the WCRAO where a build to line is required, and vehicular access may be from the side or rear of the property, the property line used to meet the build to line requirements shall be the lot frontage.

G. Terms defined herein or referenced Article shall have the following meanings:

1. Gallery - a covered promenade over a pedestrian walkway, contiguous to a street, plaza or square that is open to the public, with no usable floor area above. [Renumber accordingly.]

I. Terms defined herein or referenced Article shall have the following meanings:

20. Integration - For the purposes of Art. 3.B.15.E.1, Mixed Use and determining consistency with FLUE Policy 2.4-b and the vertical integration provision of FLUE Policy 2.2.2-f of the Plan, functional or vertical integration shall mean the combination of residential and non-residential uses that forms a single project providing for connectivity between uses, parking areas and public spaces, while adequately buffering incompatible uses. [Renumber accordingly.]

M. Terms defined herein or referenced Article shall have the following meanings:

39. Mixed Use - for the purposes of Art. 13, means a group of different uses of land within a tract of land or a building for which applications for development permits are sought. For the purposes of Art. 3.B.15, WCRAO, Westgate Community Redevelopment Agency Overlay, also means the combination of residential and one or more non-residential uses that are functionally integrated.

S. Terms defined herein or referenced Article shall have the following meanings:

56. Sky Exposure Plane - an imaginary inclined plane beginning at a specified height of a building facade and rising over the building at a ratio of vertical distance to horizontal distance. [Renumber Accordingly.]

111. Stoop - A small porch or platform. [Renumber Accordingly.]

W. Terms defined herein or referenced Article shall have the following meanings:

17. WCRA Plan - The Westgate/Belvedere Homes Community Redevelopment Plan adopted by the BCC on January 11, 2005, as may be periodically amended. [Renumber accordingly.]

Part 2. Repealing ULDC, Art. 3.B.15, WCRAO, Westgate Community Redevelopment Area, (page 28-34 of 125) and adopting in its place a new Art. 3.B.15, WCRAO Westgate Community Redevelopment Area Overlay, as follows:

Section 15 WCRAO, Westgate Community Redevelopment Area Overlay

**A. Purpose and Intent**

The Westgate/Belvedere Homes Community Redevelopment Agency (WCRA) was created pursuant to F. S. §163 Part III, Community Redevelopment, to remove blighted conditions, enhance the PBC's tax base, improve living conditions, and preserve areas of low and moderate cost housing in the Westgate/Belvedere Homes area of unincorporated PBC.

The use of community redevelopment powers enables the BCC and the WCRA to make public improvements that encourage and enhance investment while providing neighborhood stability, prevent continuation of inefficient and incompatible land use patterns, and assist revitalization and rehabilitation of older commercial and residential areas in the Westgate/Belvedere Homes area. The WCRAO is established with the purpose and intent of encouraging development and redevelopment of the Westgate/Belvedere Homes area through regulatory incentives; arresting deterioration of property values; preserving and protecting existing, viable affordable housing; providing opportunity for the future development of affordable housing; implementing the 2004 Westgate/Belvedere Homes Community Redevelopment Plan (WCRA Plan); providing for mixed use development; and providing for increased residential densities and commercial intensities, without amendment to the Plan.

The WCRA Plan proposes to use smart growth and form based code principles that incorporates urban design and mixed use development to achieve infill, residential and commercial redevelopment. Mixed use development is required to implement the goals of the WCRA Plan to allow for a pedestrian friendly environment, the vertical integration of uses, and higher intensity and density.

**B. General Development Standards**

**1. Nonconformities**

Nonconforming uses, structures and lots shall be allowed to continue subject to the provisions of Art. 1.F., Nonconformities.

**a. Expansion of Existing Non-conforming Parking**

The addition of parking that does not meet the location requirements of this Section, that is included in the expansion of a non-conforming structure shall be permitted subject to BCC approval of a Class A Conditional Use.

**2. Exemptions**

All properties in the PO district or any publicly owned properties developed to serve a public use shall be exempt from the requirements of Art. 3.B.15, WCRAO.

**C. Boundaries**

**1. WCRAO Boundaries**

The WCRAO consists of those lands within unincorporated PBC bounded by Okeechobee Boulevard on the north, Belvedere Road on the south, Florida Mango Road on the east, and Military Trail on the west. See Figure 3.B.15.C-1 – Map of WCRAO Boundaries and Sub-areas.

(This space intentionally left blank.)

**2. Sub-area Boundaries and Descriptions**

To implement the WCRAO Plan, Sub-areas are hereby established to identify additional use regulations, PDRs, and supplemental standards that may differentiate from related requirements of the ULDC. Unless expressly stated herein, development shall comply with the requirements of a site's zoning district and FLU designation. Sub-area boundaries are based on the WCRAO Plan and the need for special protective measures, additional design standards, and redevelopment incentives within specific geographic areas. See Figure 3.B.15.C-1 – Map of WCRAO Boundaries and Sub-areas, for the location of each Sub-area.

**a. NR, Neighborhood Residential**

Intended to maintain and encourage the redevelopment of existing single-family residential dwellings.

**b. NRM, Neighborhood Residential – Medium Density**

Intended to encourage mixed use development based on CL neighborhood based uses and single-family, townhouse and multi-family dwelling units.

**c. NG, Neighborhood General**

Intended to encourage mixed use development, including more intense commercial uses, and townhouse and multi-family dwelling units.

**d. NC, Neighborhood Commercial**

Intended to be the key focal point of the redevelopment area, with provisions allowing for or requiring mixed use development with more intense commercial uses.

**e. UG, Urban General**

Additional redevelopment area allowing for mixed use development with more intense commercial and residential uses, including multi-story towers where feasible.

**f. UH, Urban Highway**

Existing commercially developed corridors with little or no changes proposed to current Zoning PDRs or use regulations.

**g. UI, Urban Industrial**

Existing commercial and industrial areas that will be encouraged to be redeveloped by the recent adoption of FLU amendments allowing CH or IND development.

**3. Redevelopment or Expansion in the UH and UG Sub-areas**

Redevelopment projects or the expansion of an existing project in the UH and UG Sub-areas that include parcels in the NG, NC or NRM sub-areas that are shaded in Figure 3.B.15.C-1, Map of WCRAO Boundaries and Sub-areas, may elect to develop in accordance with the requirements of the majority Sub-area.

**D. Development Review Procedures**

**1. WCRA Recommendation**

**Notes:**

Language ~~crossed-out~~ indicates language proposed to be deleted.

.... (ellipses) indicates language not amended which has been omitted to save space.

Relocated language is shown as *italicized* with reference in parenthesis.

EXHIBIT J

WCRAO, WESTGATE COMMUNITY REDEVELOPMENT AREA OVERLAY

Applicants must obtain a recommendation from the WCRA, prior to submittal of any application outlined under Art. 2, Development Review Procedures, for the following: Official Zoning Map Amendments, Conditional Uses, Requested Uses, Development Order Amendments, Plan Amendments, Density Bonuses, Variances and projects requiring DRO approval. An application for a WCRA recommendation must be made in accordance with the following:

a. Application Requirements

The form and application requirements for a WCRA recommendation shall be submitted as specified by the WCRA; however, in no case shall supporting documents required by the WCRA exceed the requirements of the Development Review Procedures listed above.

b. Timeframe for Response

WCRA staff shall determine whether or not the application is sufficient or insufficient within ten working days. Any amendment to an application shall require the timeframe for response to restart.

1. Sufficiency and Recommendation

If the application is determined to be sufficient, a recommendation shall be mailed to the applicant within 30 days of application submittal. If a recommendation is not made within this timeframe, the application shall be considered to have received a recommendation for approval, and the WCRA shall provide a letter indicating such.

2. Insufficiency

If an application is determined to be insufficient, WCRA staff shall provide a written notice specifying the deficiencies to the applicant, to be mailed within ten days of receipt of the application. No further action shall be taken until the applicant remedies the deficiencies. If the deficiencies are not remedied within 20 days of the date of the written notice, the application shall be considered to have a recommendation for denial. If amended and determined to be sufficient, the application shall be processed in accordance with Art. 3.B.15.D.b.1, Sufficiency and Recommendation.

2. Public Hearing Procedures

In addition to the requirements of Art. 2, Development Review Procedures, the following shall apply:

a. Official Zoning Map Amendments

All Official Zoning Map Amendment requests shall comply with the following standards:

1) Industrial Districts

Any request to rezone lots located in the flight path of the PBI to an industrial district shall not require a Plan Amendment, in accordance with Policy 1.2-4.d of the Plan.

2) Commercial Districts

Any request to rezone lots to a commercial district or PDD that were not designated commercial on the FLUA as of the Plan's August 31, 1989 adoption shall not require a FLUA amendment, in accordance with Policy 1.2-4.c of the Plan, subject to the following:

a) Purpose

The rezoning advances the purpose and intent of the WCRA Plan, and does not have an adverse impact on surrounding uses.

b) 20 Percent Limitation

The rezoning must not cause the total amount of acreage in the WCRAO shown as commercial on the FLUA as of the August 31, 1989 adoption of the Plan to be increased by more than 20 percent.

c) WCRA Approval

The applicant receives a recommendation for approval from the WCRA in accordance with Art. 3.B.15.D.1, WCRA Recommendation.

b. Class A Conditional Uses on Lots Two Acres or Less

A DOA or new application for a Class A Conditional Use, with a Gross Land Area of two acres or less, may be approved as a Class B Conditional Use.

E. Use Regulations

1. Mixed Use

In the WCRAO, mixed use means the combination of residential and one or more non-residential uses that are functionally integrated. Mixed use may be required or permitted in commercial districts that have a commercial with underlying residential FLU designation, as indicated in Table 3.B.15.E-1, WCRA Mixed Use.

(This space intentionally left blank.)

Notes:

Underlined language indicates proposed new language.

Language crossed-out indicates language proposed to be deleted.

... (ellipses) indicates language not amended which has been omitted to save space.

Relocated language is shown as italicized with reference in parenthesis.

EXHIBIT J

WCRAO, WESTGATE COMMUNITY REDEVELOPMENT AREA OVERLAY

Table 3.B.15.E-1 – WCRAO Mixed Use

Sub-areas	NR	NRM	NG	NC	UG	UH	UI
Mixed Use	Prohibited	Required <sup>1</sup>	Required <sup>1</sup>	Required <sup>2,5</sup>	Permitted	Permitted	Prohibited
Minimum Residential Use <sup>4</sup>	N/A	50%	50%	25%	N/A	N/A	N/A
Maximum Residential Use	N/A	100%	100%	75% <sup>3</sup>	N/A	N/A	N/A
Minimum Non-residential Use	N/A	0%	0%	25% <sup>3</sup>	N/A	N/A	N/A
Maximum Non-residential Use <sup>4</sup>	N/A	50%	50%	75%	N/A	N/A	N/A

**Notes for Table 3.B.15.E-1:**

- Non-residential zoned lots with a commercial with underlying residential FLU designation, approved as part of Plan Amendment Round 2005-01, shall be subject to the requirements of Art. 3.B.15.E.1.a, Required Mixed Use in NRM, NG and NC Sub-areas.
- Required only on Westgate between Loxahatchee Drive and Wabasso Drive in accordance with Art. 3.B.15.E.1.a, Required Mixed Use in the NRM, NG and NC Sub-areas.
- Maximum residential use may be increased to 100% and minimum non-residential uses may be reduced to 0%, east of Loxahatchee Drive, and West of Wabasso Drive.
- Minimum and maximum percentages for residential and non-residential uses are calculated by dividing the total GFA for either use (residential OR non-residential) type by the total GFA (residential AND non-residential).
- Minimum residential and maximum non-residential percentages may be waived once all permitted residential density has been utilized, if no Density Bonus Pool units are available.

**a. Required Mixed Use in NRM, NG, and NC Sub-areas**

In the NRM, NG and NC Sub-areas, non-residential uses shall only be permitted if all permitted residential density is utilized, but in no case shall it be less than one unit. Density shall be calculated as standard density, or maximum density for PDDs, TDDs, and projects meeting the requirements of FLUE Policy 1.2.2-a of the Plan, which ever is greater. Regardless of mix of uses, non-residential FAR shall not exceed the maximum FAR permitted by the Plan.

**b. Vertical Integration**

Projects that vertically integrate a minimum of 20 percent of a site's approved (includes allowed density and any density bonus units) residential density with commercial uses may be allowed to utilize up to 100 percent of both the site's commercial intensity and residential density.

**2. Sub-area Use Regulations**

**a. Use Regulations**

In addition to the requirements of Table 3.E.1.B-10, Table 3.F.I-32, and Table 4.A.3.A-1 the following uses shall be prohibited or permitted in the WCRAO Sub-areas:

Table 3.B.15.E-2 – WCRAO Sub-area Use Regulations

Sub-areas	NR	NRM	NG	NC	UG	UH	UI	NOTE
<b>Residential Uses</b>								
Multi-family	X	-	-	-	-	-	-	8Z
<b>Commercial Uses</b>

2. All uses are permitted East of Loxahatchee Drive and West of Wabasso Drive.							

**F. Property Development Regulations (PDRs)**

**1. Sub-area PDRs**

In order to implement the form based code build to lines outlined in the WCRA Plan, additional PDRs are established for the seven Sub-areas. Development in the WCRAO shall be in compliance with all standard, PDD or TDD PDRs, unless specified otherwise in Table 3.B.15.F-4, WCRAO Sub-area PDRs, and Figure 3.B.15.F-3, WCRAO Sub-area Building Configuration and Lot Placement.

**a. NRM, NG and NC Side Setback Reduction**

A building in the NRM, NG and NC sub-areas may be built along the interior side property line with a zero setback, subject to the following for the façade built with a zero setback:

- 1) No windows, doors or other openings are permitted. No portion of building, including roof eaves, gutters and soffits may encroach onto adjacent property.
- 2) No form of opening, attachment, or any item or method of construction requiring maintenance other than cleaning and painting when visible, shall be permitted.
- 3) A maintenance easement is granted allowing for a minimum of two feet for access to any portion of a structure left exposed and requiring limited maintenance, such as cleaning and painting.
- 4) Height shall be limited to two stories and a maximum of 25 feet. Additional height may be permitted subject to the standard setback and any other setback requirements.

C	For Commercial Uses						
MU	For Mixed Uses						
<b>NOTES for Table 3.B.15.F-4:</b>							
1. Single-family dwellings are not subject to Sub-area provisions.							
2. Building coverage may be increased to 60% if all parking is provided offsite or in a parking structure.							
3. Additional setbacks may apply per Art. 3.B.15.F.3, Sky Plane Exposure.							
4. Side setbacks may be reduced to zero in accordance with Art. 3.B.15.F.1.a, NRM, NG and NC Side Setback Reduction.							
5. Width may be reduced by 50 percent for buildings less than 80 feet in length.							
6. Mid-block separation a minimum of 20 feet in width is required at the first floor level for building length in exceeding 200 feet, and must be 50 feet or more from either end of the building.							
7. Mid-block separation a minimum of 20 feet in width is required at the first floor level for building length in exceeding 200 feet, and must be 50 feet or more from either end of the building.							

2. **Build to Line and Frontages**

a) **Build to Line**

The build to line may be adjusted by the DRO to accommodate requirements such as, increased R-O-W buffers due to location of existing utility easements, or required corner clips. Where a build to line is required by Table 3.B.15.F-4, WCRAO Sub-area PDRs, the first three floors of all main structures, excluding parking garages, shall be built to the build to line, unless specified otherwise. An additional ten or 12 foot setback is permitted where a gallery is used in lieu of an arcade. Up to 25 percent may be setback to accommodate requirements for balconies, and recesses and projections up to a maximum of three feet.

b) **Building Frontage**

Building frontage shall be in accordance with the requirements for each Sub-area and Figure 3.B.15.F-3, WCRAO Sub-area Building Configurations and Lot Placements, and Figure 3.B.15.F-4, Required Building Orientation. Frontage requirements may be reduced for lots with no rear access to required parking to accommodate a drive isle to the rear of the lot and required landscaping.

3. **Sky Exposure Plane**

In the NC, UG, UH and UI Sub-areas, the maximum height of a structure at the build to line, shall be in accordance with Table 3.B.15.F-5, Sky Exposure Plan, and Figure 3.B.15.F-2, Sky Exposure Plane.

(This space intentionally left blank.)

**1. Accessory and Prohibited Uses**

**a. Accessory Structures**

Accessory structures shall be architecturally compatible with the principal building.

**b. Accessory Dwellings and Garages**

Accessory dwellings and garages shall meet the requirements of Table 3.B.15.G.5 and Figure 3.F.3.E-20, TND Garages.

**c. Prohibited Uses in Front Yards**

In the NR, NRM, NG Sub-areas, the following uses are prohibited in front yards or building facades:

- 1) Parking on unpaved surfaces.
- 2) Clotheslines and other clothes drying apparatus.
- 3) Electrical meters.
- 4) Air conditioning equipment, including window units on the building facade.
- 5) Antennas and satellite dishes.

**2. Fences, Walls and Hedges**

Interior fences and walls in the NRM, NG and NC Sub-areas shall be decorative in nature, and shall not obstruct views of pedestrian access-ways, courtyards, or parking entrances.

**a. Mixed Use Development and NC Sub-area**

Fences and walls shall be prohibited in the front or side street setbacks for mixed use development or any project in the NC Sub-area.

**b. NRM and NG Sub-areas**

Fencing for residential uses in front yard setbacks may be increased to six feet in height if limited to decorative wrought iron or other similar materials that do not obstruct vision.

**3. Architectural Guidelines**

**a. Porches and Balconies**

Notwithstanding the requirements of Art. 5.C.1.H.2.a, Balconies and Patios, a minimum of 20 percent of all townhouses or the total number of multi-family dwelling units on each floor shall have individual balconies or porches. A minimum of one balcony or porch shall be required for any project with less than five units.

**b. Building Entrance Orientation**

**Notes:**

Underlined language indicates proposed new language.

Language ~~crossed-out~~ indicates language proposed to be deleted.

.... (ellipses) indicates language not amended which has been omitted to save space.

Relocated language is shown as *italicized* with reference in parenthesis.

EXHIBIT J

WCRAO, WESTGATE COMMUNITY REDEVELOPMENT AREA OVERLAY

All uses in the NRM, NG, NC and UG Sub areas shall have a principal entrance on the first floor oriented towards the street used as the primary frontage for the building.

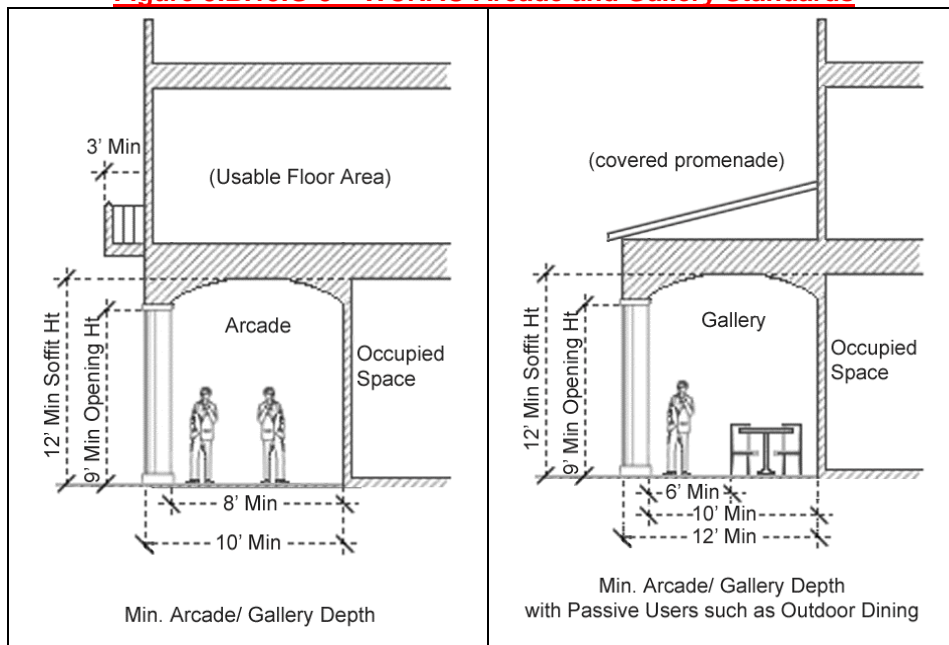

**c. Fenestration Details - Windows and Doors**

All mirrored or reflective glass, sliding glass doors and glass blocks shall be prohibited. Where required, glazing shall have a minimum 85 percent transparency. A minimum of six square feet of glazing per linear foot of façade shall be provided at a pedestrian scale, on the first floor frontage or side street frontage. A minimum of two square feet of glazing per linear foot facade shall be required per floor, for all floors on the frontage or side street frontage.

**d. Arcades and Galleries**

Arcade or gallery dimensions shall be in accordance with Figure 3.B.15.G-5, WCRAO Arcade and Gallery Standards. Where arcades and galleries are required, galleries shall not exceed 25 percent of the total building frontage.

**Figure 3.B.15.G-5 – WCRAO Arcade and Gallery Standards**

**e. Drive Thrus and Gas Station Canopies**

In the NRM, NG and NC Sub-areas, a drive thru, gas station canopy or fueling area shall be located to the rear of all buildings.

**f. Mezzanines**

Mezzanines shall be counted as a floor, but cannot be used to meet the NC Sub-area two-story requirement.

**H. Density Bonus Programs**

**1. Density Bonus Pool**

Notwithstanding the provisions of Art. 5.G, Density Bonus Programs, an additional 1,300 residential units are available in the WCRAO in accordance with Plan Policy 1.2.4-b, and the following:

**Table 3.B.15.H-6 – WCRAO Density Bonus Pool Limits**

Sub-areas	NR	NRM	NG	NC	UG	UH	UI
<b>Max WCRAO Density Bonus Per Acre</b>	n/a	20	30	50	150	150	n/a
<b>Notes for Table 3.B.15.H-6:</b>							
1) Additional Density Bonus Pool Units are only permitted where a project utilizes all allowed density as indicated by FLU designation and the Plan.							

**a. WCRA Recommendation**

Any proposed project that includes a request from the Density Bonus Pool shall obtain a recommendation from the WCRA in accordance with the standards of 3.B.15.D.1.b, Timeframe for Response. A project that meets four of the following six factors shall receive a recommendation for approval from the WCRA:

- 1) The proposed project meets the minimum building frontage requirements of Table 3.B.15.F-4, WCRAO Sub-area PDRs.
- 2) The proposed project includes sufficient land area to and a rear lot line abutting a R-O-W to ensure that vehicular access is limited to a rear, in accordance with Art. 3.B.15.I.1.a.1).
- 3) Where permitted, the proposed project includes mixed use with a minimum of ten percent and a maximum of 50 percent of the GFA dedicated to non-residential uses.

**Notes:**

Underlined language indicates proposed new language.  
 Language ~~crossed-out~~ indicates language proposed to be deleted.  
 .... (ellipses) indicates language not amended which has been omitted to save space.  
 Relocated language is shown as *italicized* with reference in parenthesis.

EXHIBIT J

WCRAO, WESTGATE COMMUNITY REDEVELOPMENT AREA OVERLAY

- 4) A minimum of five percent of the gross lot area is set aside for open space with a public amenity or a public plaza, with a minimum size of 800 square feet and 25 feet in width, including but not limited to public art (not depicting any advertising); fountains of at least eight feet in height and 16 feet in diameter; pergolas; bell or clock tower; and public seating areas (not in conjunction with any restaurant seating).
- 5) A minimum of 40 percent of the projects allowed density is reserved for affordable housing meeting the requirements of Art. 3.B.15.H.1.c, Affordability Standards.
- 6) Preferred uses:
  - a) NRM Sub-area: business or professional office, medical or dental office, personal services, and townhouses.
  - b) NG Sub-area: business or professional office, medical or dental office, personal services, printing and copying services, and Typell restaurants.
  - c) NC, UG and UH Sub-areas: business or professional office, personal services, printing and copying services, Type I restaurants that meet the requirements of Art. 4.B.1.A.109.c.2), Permitted By Right, and Type II restaurants.

**b. Approval Process**

The review process for a WCRAO Density Bonus Pool approval is based on the density bonus requested in accordance with Table 3.B.15.H-6, WCRA Density Bonus Pool Approval. Notice of all proposed projects shall be forwarded to the BCC by the Division responsible for reviewing application.

**Table 3.B.15.H-7 – WCRAO Density Bonus Pool Approval**

<u>Approval Process Required<sup>1</sup></u>	<u>Range of Bonus Units per Acre</u>	<u>Min. % of Density Bonus Units Required to be Affordable<sup>3</sup></u>
<u>Permitted by Right</u>	<u>0.1 – 1.99<sup>2</sup></u>	<u>40%</u>
<u>DRO Approval</u>	<u>2 – 3.99</u>	
<u>BCC Approval</u>	<u>4 or more</u>	
<b>Notes for Table 3.B.15.H-7:</b>		
<u>1. The transfer of density to a PDD or TDD requires approval as a requested use.</u>		
<u>2. Up to one unit may be permitted by right for projects less than one acre in size.</u>		
<u>3. Affordable units shall include very low and low income households as required by the Plan.</u>		

**c. Affordability Standards**

Units required to be affordable shall comply with the standards for WHP units, as follows: Art. 5.G.1.G.1.b, Design Standards; Art. 5.G.1.G.2, Management Plan; Art. 5.G.1.G.4, Mix of Units; Art. 5.G.1.G.5, Assurance of Affordability; and, Art. 5.G.1.G.6, Limitation on Restrictions.

**2. Other Density Bonus Programs**

Requests for approval of other residential density through Art. 5.G., Density Bonus Programs may request to waive the compatibility and additional landscaping required, if consistent with the Plan, subject to a WCRA recommendation for approval and BCC approval of a Class A or Requested Use.

**I. Parking and Streets**

**1. Parking**

**a. General**

- 1) Parking in the NRM, NG, NC and UG Sub-areas shall be accessed from the rear of the lot from a street or alleyway, when available.
- 2) Reserved parking, including spaces reserved for valet parking, shall be prohibited except for parking provided above the minimum required, or for individual garages for residential units.

**b. Parking Exemption in the NC Sub area**

Projects on lots less than 10,000 square feet in size shall be exempt from on site parking requirements if fronting on a street with on-street parking.

**c. Allowable Reductions in Required On-site Parking**

The required amount of on-site parking may be reduced in accordance with any of the following provisions. These provisions may be applied cumulatively.

**1) NRM, NG and NC Deviations**

Deviations in the required parking specified in Table 6.A.1.B-1, Minimum Off Street Parking and Loading Requirements shall be permitted for mixed-use or residential projects in the NRM, NG or NC Sub-areas as specified in Table 3.B.15.I-7, WCRAO Mixed Use Parking Deviations

**2) Curbside Parking**

On street parking available along the frontage, side or rear lot lines that directly abuts the subject lot may be applied toward the parking requirements of the uses on the lot. Applicable spaces shall be calculated by taking the total linear distance of parking spaces and abutting the site's lot lines and dividing but the average length of spaces.

(This space intentionally left blank.)

**3. Connections to Adjacent Parking**

Parking areas connecting to adjoining or future adjoining lots shall be granted a five percent reduction in the amount of required parking. This five percent reduction shall be deducted from the final calculated parking requirement, after all other eligible reductions are taken into consideration.

**2. Access and Circulation System**

**a. Construction in Existing R-O-W**

The County Engineer may approve alternatives to PBC standard design sections for local street construction, where streets are maintained by PBC, in order to accommodate construction or reconstruction of paving and drainage improvements to an existing public local street, or segment thereof. The eligible R-O-Ws shall have a width of less than 50 feet. The alternative design(s) shall provide for paved travel-way widths, structural sections, drainage, pedestrian access, dead-end turnarounds, and safe sight corners as prescribed by PBC standards for local streets, or as deemed equivalent by the County Engineer. All required treatment and discharge control of storm-water runoff to the street drainage system shall be provided by secondary storm-water management facilities located outside the street R-O-W, permitted and constructed in accordance with applicable regulations of all agencies having jurisdiction over the receiving waters at the point of legal positive outfall

**b. Access to Residential Subdivision Lots**

In lieu of minimum legal access requirements pursuant to Art. 11.E.1.A.1, Access and Circulation Systems, a local street improved pursuant to Art. 3.B.15.Q.1, Construction in Existing R-O-Ws, and having continuous paved access to at least one public street on the perimeter of the WCRAO, shall be deemed by the County Engineer to meet the requirement of local street access for residential lots created by subdivision of abutting property. Nothing herein shall prohibit the owner of abutting property from making application for and receiving appropriate approval of a final subdivision plan or waiver of platting prior to completion of the above-noted improvements; provided, however, that the applicable plat or affidavit of waiver shall not be approved for recordation until construction has commenced for said improvements.

**c. Alleys**

Removal of existing alleys is prohibited, unless approved by the WCRA.

**d. Driveways**

In the NRM, NG, NC, and UG Sub-areas, a maximum of one driveway is permitted for lots less than 100 feet wide, or for one driveway for each 100 linear feet of frontage (or rear property line for double frontage where applicable).

**J. Drainage**

**1. Surface Water Management Permit**

For subdivision of land where all of the land proposed to be subdivided, is included within an active Surface Water Management Permit issued by the SFWMD, where all water quality and water quantity requirements of the SFWMD have been met under said permit, the requirements for control of discharge pursuant to Art.11.E.4.F, Secondary Stormwater System Design and Performance, shall be deemed in compliance.

**Part 3**

**Part 3.a** ULDC Art 4.B.1.A.2.g, Location [Related to Adult Entertainment] (page 19 of 142), is hereby amended as follows:

**CHAPTER B SUPPLEMENTARY USE STANDARDS**

**Section 1 Uses**

**A. Definitions and Supplementary Standards for Specific Uses**

**2. Adult Entertainment**

**g. Location**

**1) General**

**2) Measurement of Distance**

EXHIBIT J

WCRAO, WESTGATE COMMUNITY REDEVELOPMENT AREA OVERLAY

3) WCRA Overlay

Adult entertainment is prohibited within the boundaries of the WCRAO, as per Table 3.B.15.E-2, WCRAO Sub-area Use Regulations.

Part 3.b ULDC Art 4.B.1.A.18, Auto Service Station (page 31 of 142), is hereby amended as follows:

CHAPTER B SUPPLEMENTARY USE STANDARDS

Section 1 Uses

A. Definitions and Supplementary Standards for Specific Uses

18. Auto Service Station

b. Location Criteria

6) WCRA Overlay

Auto Service Stations are prohibited in the NR, NRM, and NG sub-areas, as per Table 3.B.15.E-2 – WCRAO Sub-area Use Regulations.

Part 3.c ULDC Art 4.B.1.A.37, Convenience Store with Gas Sales (page 40 of 142), is hereby amended as follows:

CHAPTER B SUPPLEMENTARY USE STANDARDS

Section 1 Uses

A. Definitions and Supplementary Standards for Specific Uses

37. Convenience Store with Gas Sales

i. WCRA Overlay

Convenience stores with gas sales are prohibited in the NR, NRM, and NG sub-areas, as per Table 3.B.15.E-2 – WCRAO Sub-area Use Regulations.

Part 3.d ULDC Art 4.B.1.A.41, Day Labor (page 42 of 142), is hereby amended as follows:

CHAPTER B SUPPLEMENTARY USE STANDARDS

Section 1 Uses

A. Definitions and Supplementary Standards for Specific Uses

41. Day Labor Employment Service

An establishment engaged in providing temporary day or manual labor service for the construction, maintenance, agricultural, or industrial trades.

a. Location

Day labor employment services are prohibited within the boundaries of the WCRAO, as per Table 3.B.15.E-2 – WCRAO Sub-area Use Regulations. A day labor employment services shall be located within and totally surrounded by property with an industrial zoning designation. The minimum distance of all principal structures, accessory structures and outdoor activity areas shall be as follows:

Part 3.e ULDC Art 4.B.1.A.87, Multi-family (page 56 of 142), is hereby amended as follows:

CHAPTER B SUPPLEMENTARY USE STANDARDS

Section 1 Uses

A. Definitions and Supplementary Standards for Specific Uses

87. Multi-family

The use of a structure designed for two or more dwelling units which are attached, or the use of a lot for two or more dwelling units excluding mobile homes. Typical uses include apartments and residential condominiums. Multi-family uses are also subject standards in Art 3, Overlays and Zoning Districts, and the prohibition in the NR Sub-area of the WCRAO, as outlined in Table 3.B.15.E-2, WCRAO Sub-area Use Regulations.

### WCRAO, WESTGATE COMMUNITY REDEVELOPMENT AREA OVERLAY

1 Part 4.  
2 Part 4.a ULDC Art 5.C.1.B, Threshold [Related to Architectural Guidelines, and Design  
3 Standards] (page 29 of 63), is hereby amended as follows:  
4

#### 5 CHAPTER C DESIGN STANDARDS

#### 6 Section 1 Architectural Guidelines

#### 7 B. Threshold

8 This Chapter shall apply to the following projects, buildings and related signs:

- 9 1. All nonresidential projects or buildings requiring approval by the BCC or ZC;
- 10 2. All nonresidential projects or buildings requiring approval by the DRO in accordance with  
11 Table 4.A.3.A-1, Use Matrix, and Table 3.D.1.A-5, Property Development Regulations, or  
12 those exceeding the thresholds in Table 4.A.3.A-2, Thresholds for Projects Requiring DRO  
13 Approval;
- 14 3. Multi-family buildings with more than 16 units;
- 15 4. Substantial renovations of existing built projects or buildings meeting the threshold of this  
16 Chapter; and
- 17 5. The following uses, regardless of building size:
  - 18 a. Automotive paint or body shop;
  - 19 b. Repair and maintenance, general; ~~and~~
  - 20 c. Retail sales, automotive parts and accessories; and.
- 21 6. Any mixed use project in the WCRAO.

22  
23  
24 Part 4.b ULDC Art 5.C.1.C, Exemptions [Related to Architectural Guidelines, and Design  
25 Standards] (page 29 of 63), is hereby amended as follows:  
26

#### 27 CHAPTER C DESIGN STANDARDS

#### 28 Section 1 Architectural Guidelines

#### 29 C. Exemptions

- 30 ....
- 31 4. Primary and secondary building frontages within a TMD, and buildings in the NRM, NG and  
32 NC Sub-areas of the WCRAO that have a side setback of less than 15 feet, shall be exempt  
33 from the requirements of Art.5.C.1.H.1.c.1).a), Recesses/Projections.  
34  
35

#### 36 Part 5

37 Part 5.a ULDC Art 7.D.11, Foundation Plantings (page 20 of 48), is hereby amended as follows:  
38

#### 39 CHAPTER D GENERAL STANDARDS

#### 40 Section 11 Foundation Plantings

41 Foundation plantings shall be provided along façades as required by Table 7.C.3-1, Minimum Tier  
42 Guidelines, for non-residential structures unless specifically exempted by this Section. Along front and  
43 side facades with drive-through windows, plantings may be located within 30 feet of the foundation or the  
44 required plantings may be relocated to an adjacent façades. All required foundation plantings shall be  
45 planted with a minimum of one tree or palm for each 20 linear feet of building facade and appropriate  
46 shrubs or ground cover. Relocation of required foundation plantings may be approved by the Zoning  
47 Division if adjacent to a landscape buffer.  
48

#### 49 B. WCRAO Exemptions

- 50 1. Build to Line  
51 Required foundation planting along any façade with a required build to line may be deleted.
  - 52 2. Foundation Planting Deviations  
53 The following deviations shall be permitted subject to DRO approval of an ALP:
    - 54 a. The width of side foundation planting areas may be reduced from eight to five feet in  
55 width for buildings with a ten-foot side setback if the overall volume of reduced planting  
56 area is relocated on site.
    - 57 b. Side foundation planting may be relocated on site for buildings using a zero side setback.
    - 58 c. Side foundation planting may be relocated on site if the applicant can demonstrate that  
59 proposed building heights will adversely limit sunlight and viability of planting area.
- 60 [Renumber accordingly.]  
61  
62

EXHIBIT J

WCRAO, WESTGATE COMMUNITY REDEVELOPMENT AREA OVERLAY

Part 5.b ULDC Art 7.F.1, Buffer Types (page 29 of 48), is hereby amended as follows:

CHAPTER F PERIMETER BUFFER LANDSCAPE REQUIREMENTS

Section 10 WCRAO Exceptions

A. Perimeter Buffer Width Reductions

A required R-O-W or incompatibility buffer width may be reduced by up to 50 percent in the NRM, NG, NC, UG and UI Sub-areas for commercial or mixed use projects, provided that a minimum five foot wide planting areas is provided with no encroachments, and that all other code requirements are met, unless indicated otherwise. A side interior perimeter buffer shall not be required when a zero side setback is used.

B. R-O-W Planting Reductions

Shrubs and hedges shall not be required for any R-O-W buffer along the Westgate Avenue corridor from Congress Avenue to the L-10 Canal, provided that required trees are planted 20 feet on center. This provision may also be used along the frontage of any mixed use project in the NRM, NC, NG and UG Sub-areas.

C. Parking Lots

Side interior perimeter buffers are not required where adjacent to a surface parking lot that shares a common border with and is interconnected to an adjacent surface parking lot, subject to DRO approval.

Part 5.c ULDC Art 7.F.7.D, Clustering (page 32 of 48), is hereby amended as follows:

D. Clustering

Canopy trees and same species palms may be clustered in R-O-W buffers for non-residential development, subject to the following standards:

- 1. Clusters shall be spaced no more than 40 feet on center.
2. Clusters shall consist of trees of varied height, which when averaged, equal the minimum tree height requirements of Article 7.D.2.A, Canopy Trees.
3. Created windows shall only be permitted on properties with a minimum of 300 feet of lot frontage.
4. A maximum of two windows are allowed per lot frontage.
5. The minimum distance between open window areas created by clusters shall be 100 feet.
6. In the WCRAO, clustering is not permitted in conjunction with the R-O-W buffer in the NRM, NG, and NC Sub-areas.

Part 6

Part 6.a ULDC Art 8.D.1. Balloon Type Signs (page 15 of 39), is hereby amended as follows:

Section 1 Balloon Type Signs

Balloon type signs are allowed in the CG-General Commercial, PO-Public Ownership, CRE-Commercial Recreation, IL-Light Industrial, IG-General Industrial or PDD-Planned Development zoning districts, subject to the standards in Table 8.D.1-2, Balloon Type Sign Standards. Only cold air shall be used in the balloon. Balloons shall not be located within any required vehicular use area.

A. Permit Requirements

The following information shall be provided to the Zoning Division with the application for a special permit. No project shall be issued more than two balloon permits in any calendar year. The maximum duration of any permit shall be for ten days. There shall be a minimum of 30 days from the day the first balloon is removed before a second permit for a balloon may be issued.

- 1. Legal description, property control number (PCN) and address of location;
2. Written permission of property owner or owner's designated agent;
3. Cold air balloon installation occupational license;
4. Evidence of installer's liability and property damage insurance;
5. Site plan or survey showing location of balloon and centerline of adjacent R-O-W demonstrating compliance with these regulations; and
6. A photograph of the balloon.

B. Prohibitions in the WCRAO

Balloon type signs are prohibited in the WCRAO.

(This space intentionally left blank.)

## EXHIBIT J

### WCRAO, WESTGATE COMMUNITY REDEVELOPMENT AREA OVERLAY

1 Part 6.b ULDC Art 8.G.3.B, Electronic Message Center Signs (30 of 39), is hereby amended as  
2 follows:

3  
4 **B. Electronic Message Center Signs**

5 Electronic message center signs are allowed only at regional facilities, facilities with serial  
6 performances, and, specialized attractions that, by their operating characteristics, have unique  
7 sign requirements. These signs require approval as a Class A conditional use/requested use  
8 unless exempt under Art. 8.B, Exemptions.

9 **1. Exemption**

10 Electronic message center signs with a message unit less than 20 square feet in area that  
11 display the time and temperature only are exempt from the requirements of this Section.

12 **2. Prohibited Elements**

13 The following are prohibited:

- 14 a. Electronic message center signs in windows and externally visible;  
15 b. Message units that change copy, light, color, intensity, words or graphics more than once  
16 per two seconds;  
17 c. Reflectorized lamps; and  
18 d. Electronic message center signs with lamps or bulbs over 30 watts.

19 **3. Standards**

20 Electronic message center signs are subject to the standards in Table 8.G.3.B-11, Electronic  
21 Message Center Sign Standards, and the height standards for freestanding signs in Table  
22 8.G.A-8, Freestanding Signs: Maximum Heights.

23 **4. Location**

24 An electronic message center sign may be located in the following areas and subject to the  
25 following provision:

- 26 a. In a CG, CRE, PO, or IL zoning district or in a non-residential planned development.  
27 b. Electronic message center signs may not be located within 100 feet of a residential  
28 zoning district or residential use.  
29 c. Adjacent to roadways classified as arterials or expressways, and a minimum of 1,000 feet  
30 from any signalized intersection and/or existing electronic message signs; and  
31 d. No more than one electronic message center sign shall be permitted per project.  
32 e. Electronic message center signs are prohibited in the WCRAO.

33  
34  
35 Part 6.c ULDC Art 8.F.1, Minimum Setbacks (page 19 of 39), is hereby amended as follows:

36  
37 **CHAPTER F GENERAL PROVISIONS FOR ALL SIGN TYPES**

38 **Section 1 Minimum Setbacks**

39 Unless otherwise specified in this Section, signs shall be setback as follows:

40 **A. Temporary Signs**

41 Five feet from the property line.

42 **B. Permanent Signs**

43 Five feet from the base building line. If the PBC Engineer waives the requirement that the setback  
44 be measured from the base building line, the setback shall be measured from the property line.

45 **C. WCRAO Exemption**

46 Properties fronting on Okeechobee Boulevard, Military Trail, Congress Avenue and Belvedere  
47 Road are excluded from the five foot minimum setback, for properties that have been altered by  
48 eminent domain takings for R-O-W expansions.

49  
50  
51 Part 6.d ULDC Art. 8.F.5, Illumination, is hereby amended as follows:

52  
53 **CHAPTER F GENERAL PROVISIONS FOR ALL SIGN TYPES**

54 **Section 5 Illumination**

55 **B. U/S Tier Requirements**

- 56 1. Signs may be illuminated by silhouette, internal and external lighting, except where located in  
57 or oriented towards the NRM or NG Sub-areas of the WCRAO; and  
58 2. Neon signs are allowed in the U/S Tier, except where located in or oriented towards the NRM  
59 or NG Sub-areas of the WCRAO, as part of a wall sign or window sign only. The sign area  
60 for a neon sign shall not exceed eight square feet.

61  
62  
63 Part 6.e. ULDC Art. 8.G.1.B, Awning and Canopy Signs (page 25 of 39), is hereby amended as  
64 follows:

65

**BCC THRESHOLDS AND RELATED PDD/TDD AMENDMENTS**

Part 1. ULDC, Art. 3.E.2.C.1, Thresholds (page 71 of 134), is hereby amended as follows:

**CHAPTER E PLANNED DEVELOPMENT DISTRICTS (PDDS)**

**Section 2 Planned Unit Development (PUD)**

**C. Thresholds**

**1. Thresholds**

Projects that meet or exceed the acreage threshold indicated in Table 3.E.2.C.-14, PUD Thresholds may be submitted and reviewed as a PUD.

**Table 3.E.2.C-14 –PUD Minimum Thresholds**

	<u>AGR</u>	<u>RR</u>	<u>LR1</u>	<u>LR2</u>	<u>LR3</u>	<u>MR5</u>	<u>HR8</u>	<u>HR12</u>	<u>HR18</u>
<u>MIN</u>	<u>40 (80/20)</u> <u>250 (60/40)</u>	<u>100</u>	<u>5</u>	<u>5</u>	<u>5</u>	<u>5</u>	<u>3</u>	<u>3</u>	<u>3</u>

**2. Land Use Mix**

Table 3.E.2.C.15, PDD Land Use Mix, indicates the minimum and maximum percentage of each land use allowed in a PUD.

**Table 3.E.2.C-15 - PUD Land Use Mix**

	<u>Res.</u>	<u>Civic</u>	<u>Comm.</u>	<u>Rec.</u>	<u>OS<sup>1</sup></u>	<u>Preserve Area</u>	<u>Dev. Area</u>
<u>MIN</u>	60%	2%	-	.006 sf/unit	40%	80/20 AGR – 80% 60//40 AGR – 60%	-
<u>MAX</u>	-	65%	1%	-	-	-	80/20 AGR –25% <sup>2</sup> 60/40 AGR – 40%

Notes for Table 3.E.2.C-15, PDD Land Use Mix

- Calculation of open space may include recreation pods, civic pod and open space areas within residential ~~and civic pods.~~
- See 80/20 option exception.

**3. Land Use Calculation**

The calculation for the mix of land uses shall based on the gross acreage of the PUD. Neighborhood parks, water management tracts and local roads, which are internal to a residential pod rather than a separate pod or tract may be credited toward the minimum residential land area requirement in Table 3.E.2.C-15, PUD Land Use Mix.

**a. AGR Exceptions**

**~~1) AGR~~**

In the AGR FLU designations, the required land use mix shall be based on the gross acreage of the development portion of the PUD only.

**4. Other Land Uses**

The acreage for open space tracts, water management tracts, R-O-W, shall be provided on the master plan.

Part 2. ULDC, Art. 3.E.3.C, Thresholds [Related to MUPD] (page 84 of 134), is hereby amended as follows:

**CHAPTER E PLANNED DEVELOPMENT DISTRICTS (PDDS)**

**Section 3 Multiple Use Planned Development (MUPD)**

**C. Thresholds**

Projects ~~which~~ that meet or exceed the square footage threshold indicated in Table 3.E.3.C-19, MUPD Thresholds, shall be submitted and reviewed as a MUPD.

**Table 3.E.3.C-19 - MUPD Thresholds**

	<u>CL</u>	<u>CH</u>	<u>CLO</u>	<u>CHO</u>	<u>IND</u>	<u>CR</u>	<u>INST</u>
<u>Square Feet</u>	30,000	50,000	30,000	50,000	100,000	100,000	50,000

**1. Underlying Land Use**

A MUPD with an underlying nonresidential FLU designation may utilize either land use, or a combination of land uses, to satisfy the requirements of Table 3.E.3.D-20, MUPD Property Development Regulations. Uses allowed shall correspond to the FLU designation in Table 3.E.1.B-10, PDD Use Matrix.

**Notes:**

Underlined language indicates proposed new language.

Language ~~crossed-out~~ indicates language proposed to be deleted.

.... (ellipses) indicates language not amended which has been omitted to save space.

EXHIBIT K

BCC THRESHOLDS AND RELATED PDD/TDD AMENDMENTS

Part 3. ULDC, Art. 3.E.4.C.1, Thresholds [Related to MXPDP] (page 86 of 134), is hereby amended as follows:

CHAPTER E PLANNED DEVELOPMENT DISTRICTS (PDDS)

Section 4 Mixed Use Planned Development (MXPDP)

C. Thresholds

1. Thresholds

Projects which that meet or exceed the square footage thresholds indicated in Table 3.E.4.C-22, MXPDP Thresholds shall be submitted and reviewed as an MXPDP.

Table 3.E.4.C-22 - MXPDP Thresholds

Table with 5 columns: Square Feet, CL, CH, CLO, CHO. Values include 30,000, 20,000, 50,000, and 50,000.

Part 4. ULDC, Art. 3.E.5.C.1.a, General [Related to Thresholds and PIPD] (page 88 of 134), is hereby amended as follows:

CHAPTER E PLANNED DEVELOPMENT DISTRICTS (PDDS)

Section 5 Planned Industrial Park Development (PIPD)

C. Thresholds

1. General

A PIPD shall comply with Table 3.E.1.B-9, PDD Corresponding Land Use, and the following thresholds:

a. Lot Size

The minimum gross land area required for a PIPD is shall be 40 contiguous acres.

b. Land Use Mix

Land uses shall be grouped into pods which limit and define the types of uses within a specific area of a PIPD. Table 3.E.5.C-25, PIPD Land Use Mix, indicates the range of each pod required for a PIPD.

Table 3.E.5.C-25 - PIPD Land Use Mix

Table with 3 columns: Pods, Minimum, Maximum. Rows include Industrial, Light, General, Commercial, Residential, and Recreation.

Notes for Table 3.E.5.C-25, PIPD Land Use Mix:

1 The maximum commercial acreage shall not apply to an Economic Development Center (EDC).

c. Land Use Calculation

The calculation for the mix of land uses shall be based on the gross acreage of the PIPD. Neighborhood parks, water management tracts and local roads which are internal to a residential pod rather than a separate pod or tract shall be credited toward the maximum residential land area requirement in Table 3.E.5.C-25, PIPD Land Use Mix.

Part 5. ULDC, Art. 3.E.6.C, Thresholds [Related to MHPD] (page 92 of 134), is hereby amended as follows:

CHAPTER E PLANNED DEVELOPMENT DISTRICTS (PDDS)

Section 6 Mobile Home Planned Development District (MHPD)

C. Thresholds

A MHPD shall comply with Table 3.E.1.B-9, PDD Corresponding Land Use, and the following:

1. Thresholds

The minimum gross land area required for a MHPD is ten contiguous acres.

2. Density

The density in a multiplier for mobile home units in a MHPD shall be consistent with Art. 3.E.1.B.5, Density, and by two times the maximum number of units allowed by Table 3.E.1.B-11, PUD Density.

3. Land Use Mix

Notes:

Underlined language indicates proposed new language.

Language crossed-out indicates language proposed to be deleted.

.... (ellipses) indicates language not amended which has been omitted to save space.

Relocated language is shown as italicized with reference in parenthesis.

**EXHIBIT K**

**BCC THRESHOLDS AND RELATED PDD/TDD AMENDMENTS**

1 A mix of land uses shall be provided in an MHPD by designating pods on the master plan as  
 2 residential, civic, commercial, or recreation. The mix of uses shall be calculated based on the  
 3 gross acreage of the MHPD and Table 3.E.6.C-27, MHPD Land Use Mix  
 4

**Table 3.E.6.C-27-MHPD Land Use Mix**

Pod	Minimum	Maximum
Residential	60 %	100 %
Civic	2 %	-
Commercial	-	1 %
Recreation	Apply PUD Recreation Pod regulations	-

5  
 6 a. Neighborhood parks internal to a residential pod may be credited toward the minimum  
 7 residential land area requirement.  
 8  
 9

10 **Part 6. ULDC, Art. 3.E.7.B, Threshold [Related to RVPD] (page 94 of 134), is hereby amended**  
 11 **as follows:**  
 12

13 **CHAPTER E PLANNED DEVELOPMENT DISTRICTS (PDDS)**

14 **Section 7 Recreational Vehicle Planned Development District (RVPD)**

15 **B. Thresholds**

16 A RVPD shall comply with Table 3.E.1.B-9, PDD Corresponding Land Use, and the following:

- 17 **1. Acreage**  
 18 The minimum gross land area required for a RVPD is ten contiguous acres.
- 19 **2. Sites**  
 20 The multiplier for RV sites is 12/acre. The multiplier for camp sites is 40/acre. Camp sites  
 21 may be allowed in addition to RV sites.  
 22  
 23

24 **Part 7. ULDC, Table 3.F.1.E-31, TDD Corresponding Land Use (page 97 of 134), is hereby**  
 25 **amended as follows:**  
 26

TTD			√	√	√	√	√	√	√	√	√	√ <sup>1</sup>
	AGR	RR	CL	CH	CLO	CHO	IND	INST	CRE	MLU	EDC	TTD
TMD <sup>1,2</sup>			√	√	√	√			√	√	√	

**Notes for Table 3.F.1.E-31, TDD Corresponding Land Use Legend:**

Check (√) indicates the TDD corresponds to the FLU category.

- 1. For TTDs, the residential land use corresponds to the underlying land use in a TTD FLU designation.
- 2. TMD location shall also comply with Art. 3.F.4.E.7, Permitted Locations.

27  
 28  
 29 **Part 8. ULDC, Art. 3.F.3, Traditional Neighborhood Development (page 117 of 134), is hereby**  
 30 **amended as follows:**  
 31

32 **CHAPTER F TRADITIONAL DEVELOPMENT DISTRICTS (TDDS)**

33 **Section 3 Traditional Neighborhood Development (TND)**

34 **C. Thresholds Minimum Size**

35 A TND shall comply with Table 3.F.1.E-31, TDD Corresponding Land Use, and the following:

- 36 **1. Minimum Size**  
 37 The *minimum gross land area required for a A TND must contain a minimum of is* 40 contiguous  
 38 acres. Within the U/S Tier, the minimum size may be reduced to 25 acres for infill projects that  
 39 are adjacent to existing residential, civic, or commercial development on at least two sides.
- 40 **2. Land Use Mix**  
 41 TNDs shall provide residential, recreational, civic, and neighborhood commercial land uses,  
 42 as provided in Table 3.F.3.D-37, TND Land Use. A TND developed as part of a TTD is  
 43 subject to the minimum land use allocations provided in Table 3.F.3.D-40, Traditional Town  
 44 Development Land Use Allocations.  
 45

**Notes:**

Underlined language indicates proposed new language.  
 Language ~~crossed-out~~ indicates language proposed to be deleted.  
 .... (ellipses) indicates language not amended which has been omitted to save space.  
 Relocated language is shown as *italicized* with reference in parenthesis.

EXHIBIT K

BCC THRESHOLDS AND RELATED PDD/TDD AMENDMENTS

**Table 3.F.3.D-37 – TND Land Use**

Land Use Mixes	Percent of Total Gross Area	
	Minimum	Maximum
Residential		
Single Family	25	70
Zero Lot Line (ZLL)	-	50
Multi-Family/Townhouse	20	50
Neighborhood Centers	2	10
Civic <sup>1</sup>	2	25
Open Space/ Recreation	5	-

**Notes for Table 3.F.3.D-37, TND Land Use:**

1. Civic uses may be collocated with the Neighborhood Centers.
2. Not required in the Rural and Exurban Tiers unless mandated by a sector plan pursuant to the provisions of the Plan.

**3. Minimum Development Threshold**

Any TND or single project of TNDs with more than 320 acres shall be developed as a TTD.

**D. General Standards**

The following standards apply to all TND development:

**1. Neighborhoods**

The basic component of a TND is the neighborhood, organized in blocks around a neighborhood center. Each neighborhood within a TND shall not exceed 80 acres. No TND shall include more than four neighborhoods unless the TND is included within a TTD Refer to Art. 3.F.5, TTD.

**2. Land Use Mix**

~~TNDs shall provide residential, recreational, civic, and neighborhood commercial land uses, as provided in Table 3.F.3.D-37, TND Land Use. A TND developed as part of a TTD is subject to the minimum land use allocations provided in Table 3.F.3.D-40, Traditional Town Development Land Use Allocations.~~

**Table 3.F.3.D-37 – TND Land Use**

Land Use Mixes	Percent of Total Gross Area	
	Minimum	Maximum
Residential		
Single Family	25	70
Zero Lot Line (ZLL)	-	50
Multi-Family/Townhouse	20	50
Neighborhood Centers	2	10
Civic <sup>1</sup>	2	25
Open Space/ Recreation	5	-

**Notes for Table 3.F.3.D-37, TND Land Use:**

1. Civic uses may be collocated with the Neighborhood Centers.
2. Not required in the Rural and Exurban Tiers unless mandated by a sector plan pursuant to the provisions of the Plan.

**23. Connections**

All uses in a TND shall be connected by sidewalks or pedestrian paths, bicycle paths or bicycle lanes, and vehicular streets. A minimum of 80 percent of all streets shall connect at both ends to other streets at an intersection. All paths or trails, including bicycle paths or lanes, shall interconnect to form a continuous network throughout the TND and to paths or trails linked adjacent neighborhoods. Vehicular gates are prohibited on all streets, except alleys serving residential uses. Vehicular gates are not allowed on alleys serving commercial uses.

**4. Minimum Development Threshold**

~~Any TND or single project of TNDs with more than 320 acres shall be developed as a TTD.~~

Part 9. ULDC, Art. 3.F.4.D.1.a, Minimum Site Area [Related to TMD] (page 1123 of 134), is hereby amended as follows:

**CHAPTER F TRADITIONAL DEVELOPMENT DISTRICTS (TDDS)**

**Section 4 Traditional Marketplace Development (TMD) [Ord. 2005-002]**

**D. Development Standards for all TMDs**

**1. General Standards**

**a. Thresholds Minimum Site Area**

A TMD shall comply with Table 3.F.1.E-31, TDD Corresponding Land Use, and the following:

**1) Minimum Site Area**

The minimum gross land area required for a TMD is ten ~~Ten~~ contiguous gross acres. [Ord. 2005-002]

**2) Minimum Total Floor Area**

**Notes:**

Underlined language indicates proposed new language.

Language ~~crossed-out~~ indicates language proposed to be deleted.

BCC THRESHOLDS AND RELATED PDD/TDD AMENDMENTS

*In the U/S Tier, 200,000 square feet is required, with a minimum of 125,000 square feet in the first phase. In the Exurban and Rural tiers, 125,000 square feet is required. See Art. 3.F.4.E, Standards Applicable to AGR Tier, for AGR Standards. Additional development may be phased but shall not exceed a total of 200,000 square feet for the Exurban and Rural Tiers. Civic and Institutional uses are not subject to these floor area limitations. The floor area standards for the Rural and Exurban Tiers are not applicable to the Central Western Communities Sector Plan area (Plan Map Series LU 3.1, Special Planning Areas Map), if governed by a Sector Plan pursuant to the provisions of the Plan. [Ord. 2005 – 002]*

**3) Minimum FAR**

*0.4 in the U/S Tier. [Ord. 2005 – 002]*

**b. Permitted Locations**

- 1) Within the CL designations in Exurban, Rural and AGR Tiers. [Ord. 2005 – 002]
- 2) Within the CL/CH designations in the U/S Tier. [Ord. 2005 – 002]
- 3) A TMD must have at least 200 feet of frontage along an arterial or collector street. [Ord. 2005 – 002]

**c. Minimum Total Floor Area**

~~In the U/S Tier, 200,000 square feet is required, with a minimum of 125,000 square feet in the first phase. In the Exurban and Rural tiers, 125,000 square feet is required. See Art. 3.F.4.E, Standards Applicable to AGR Tier, for AGR Standards. Additional development may be phased but shall not exceed a total of 200,000 square feet for the Exurban and Rural Tiers. Civic and Institutional uses are not subject to these floor area limitations. [Ord. 2005 – 002]~~

~~The floor area standards for the Rural and Exurban Tiers are not applicable to the Central Western Communities Sector Plan area (Plan Map Series LU 3.1, Special Planning Areas Map), if governed by a Sector Plan pursuant to the provisions of the Plan. [Ord. 2005 – 002]~~

**d. Minimum FAR**

~~0.4 in the U/S Tier. [Ord. 2005 – 002]~~

....  
[ReNUMBER accordingly.]

Part 10. ULDC, Art. 3.F.5.D.1, Minimum Site Area [Related to TMD] (page 123 of 134), is hereby amended as follows:

CHAPTER F TRADITIONAL DEVELOPMENT DISTRICTS (TDDS)

Section 5 Traditional Town Development (TTD)

D. General Requirements

1. Thresholds Minimum Site Area

The minimum gross land area required for a TTD is 200 contiguous acres.

Part 11. ULDC, Art. 4.A, Use Classification (page 18 of 142), is hereby amended as follows:

CHAPTER A USE CLASSIFICATION

Section 4 Development Thresholds

A. General

Any amendment to an existing development, or new construction of residential, commercial or industrial projects that meets or exceeds either the maximum square footage or units, or maximum acreage of Table 4.A.3.A-2, Thresholds for Projects Requiring Board of County Commission Approval, shall be reviewed and approved as a PDD or TDD in accordance with Art. 2.B.1, Official Zoning Map Amendment (Rezoning). Projects that meet or exceed the thresholds of this table that do not meet the access and dimension requirements of a PDD or TDD; are not allowed to be a PDD or TDD by the Plan; or for non-residential projects, consist of only one use, shall be approved as a Class A Conditional Use.

EXHIBIT L

GOLF COURSE CONVERSIONS

Part 1. ULDC, Art. 3.E.1.E, Modifications, (page 67 of 134), is hereby amended as follows:

CHAPTER E PLANNED DEVELOPMENT DISTRICTS (PDDS)

Section 1 General

E. Modifications

Modifications to a planned development with a valid development order shall comply with Art. 2.D.1, Development Review Officer.

1. Modifications by the DRO to a Master Plan, Site Plan or Regulating Plan

....

2. Modifications by the BCC

....

3. Modification to Reduce or Reconfigure Existing Golf Course

Any modifications to reduce the acreage or reconfigure the boundaries of the golf course previously approved on the Master Plan shall meet the following criteria:

a. Notice to Homeowners

At the time of submitting the zoning application to amend the Master Plan, the applicant shall provide documentation that the residents of the PUD, as outlined in the latest PBC Property Appraisal list, were notified by registered mail, and shall post notice as may be allowed at appropriate common areas within the PUD. The notice mailed and posted shall describe the applicant's request to reconfigure the boundaries of the golf course. The applicant shall provide a copy of this notice to the Zoning Division and shall verify that the notice was provided as required by this section. The applicant shall further provide documentation of all additional efforts to inform association membership of the proposed golf course reconfiguration. Minutes of any association membership meeting, including the results of any vote concerning the applicant's request, as may be required by the Association, shall also be provided to the Zoning Division for inclusion in ZC and BCC staff reports.

b. Reduction of Open Space or Recreation

The applicant shall provide justification and documentation that the golf course land areas to be reduced in acreage or the reconfiguration of boundaries will not result in a reduction in required open space for the development. If a previously approved development was subject to zoning regulations for open space or recreation that have since been amended, the applicant shall outline how the affected area for the proposed development complies with current ULDC requirements, while demonstrating that the unaffected area is consistent with the requirements in place at the time of the original or amended approval.

c. Visual Impact Analysis Standards

The requirements of this Subsection shall be required for any application to reconfigure an existing golf course:

1. Visual Analysis

To assess the compatibility and impact of a proposed reconfiguration of the golf course on adjacent properties, the applicant shall submit a Visual Impact Analysis.

2. Methodology

The Visual Impact Analysis shall be prepared and sealed by an architect, engineer, landscape architect, or surveyor registered in the State of Florida. Digital imaging technology may be utilized to prepare the analysis, in a manner acceptable to the Zoning Director. In addition, non-digital methods may be required by the Zoning Director in order to implement the intent and purpose of this Section. The non-digital method shall, at a minimum, provide or include the information listed below.

a. The location of the proposed structures/buildings illustrated upon an aerial photograph at a scale of not more than one inch equals 300 feet (1"=300'). All adjacent structures/buildings located within a 1,000-foot radius of all property lines of the proposed site shall be indicated.

b. A line of site analysis, which shall include the following information:

- 1) Identification of all significant existing natural and manmade features within 1,000 feet of the boundary of the affected area and identification of features that may provide buffering and screening for adjacent properties;
- 2) Identification of at least three specific points within a 1,000 foot radius of the proposed site, subject to approval by the Zoning Director, for conducting the Visual Impact Analysis;
- 3) Copies of all calculations and description of the methodology used in selecting the points of view and collection of data submitted in the analysis;
- 4) Graphic illustration of the visual impact of the proposed structure(s)/building(s) on surrounding development, at a scale that does not exceed five degrees of horizontal distance, presented from the specific identified points; and,

2 Part 1. ULDC, Art. 1.1.2.R.34-37, Restaurant, Fast Food; Restaurant, High Turnover Sit-Down;  
3 Restaurant, Quality; Restaurant, Specialty (page 73 of 96), is hereby amended as  
4 follows:

5  
6 CHAPTER I DEFINITIONS & ACRONYMS

7 Section 2 Definitions

8 R. Terms defined herein or referenced Article shall have the following meanings:

- 9 34. Restaurant, **Type I Fast Food** - for the purposes of Art. 4, An establishment ~~where equipped~~  
10 to sell food and beverages in one of the following methods: drive-through sales to patrons in  
11 automobiles for take out who place orders through a window or remote transmission device;  
12 or sales to patrons for take out or dining in, that includes three or more of the following: food  
13 or beverage choices are advertised on a menu board; countertop sales where payment is  
14 made prior to consumption; disposable containers and utensils; limited service dining facilities  
15 with no hostess or waiters; and self service or prepackaged condiments ~~are primarily pre-~~  
16 ~~cooked, prepackaged, served in disposable wrapping and containers and where orders are~~  
17 ~~taken at a counter or drive-thru~~ Traffic generation rates are normally in the range of 600 to  
18 800 trips per day, per 1,000 square feet of GFA, or as otherwise identified by the Institute of  
19 Traffic and Engineering.
- 20 35. ~~Restaurant, High Turnover Sit-Down~~ - for the purposes of Art. 4, an establishment where  
21 food and beverages are prepared, served, and consumed primarily on the premises. The  
22 restaurant may be open 24 hours and serve food cafeteria or buffet style and orders may be  
23 taken at a drive-thru. Traffic generation rates are normally in the range of 200-300 trips per  
24 day per 1,000 square feet of floor area, or as otherwise identified by the Institute of Traffic  
25 and Engineering.
- 26 36. Restaurant, **Type II Quality** - for the purposes of Art. 4, An establishment with no drive  
27 through, equipped to sell ~~where~~ food and beverages, ~~are prepared,~~ served and consumed  
28 primarily on the premises: that includes three or more of the following: host or hostess  
29 assists patrons upon entry; food and beverage choices are offered from a printed menu  
30 provided by wait staff at a table; orders are taken at the table; food is served on dishes and  
31 metal utensils are provided; and, payment is made after meal consumption. Traffic  
32 generation rates are normally in the range of 90 to 100 trips per day, per 1,000 square feet of  
33 GFA or as otherwise identified by the Institute of Traffic and Engineering.
- 34 37. ~~Restaurant, Specialty~~ - for the purposes of Art. 4, an establishment where a limited variety  
35 of food and beverages such as baked goods, coffee, or ice cream may be prepared and  
36 consumed on or off the site. Traffic generation rates are normally below 100 trips per day, per  
37 1,000 square feet of GFA or as otherwise identified by the Institute of Traffic and Engineering.

38  
39  
40 Part 2. ULDC, Art. 2.A.1.D.1.c, Board of Adjustment (BA) (page 7 of 49), is hereby amended as  
41 follows:

42  
43 CHAPTER A GENERAL

44 Section 1 Applicability

45 D. Authority

46 1. Processes

47 c. Board of Adjustment

48 The BA shall consider applications for appeals and variances. The BA is not granted the  
49 authority to hear and take action and decide variances from only the following:

- 50 1) Art. 1, General Provisions;  
51 2) Art. 2, Development Review Procedures;

52 ....

- 53 3) Art. 5.E.2.B, Location Criteria  
54 [Renumber accordingly.]

55  
56  
57 Part 3. ULDC, Table 3.E.1.B-10, PDD Use Matrix (page 56 of 134), is hereby amended as  
58 follows:

---

6 Part 6. ULDC, Art. 4.B.1.A.18, Auto Service Station (page 31 of 142), is hereby amended as  
7 follows:  
8

9 CHAPTER B SUPPLEMENTARY USE STANDARDS

10 Section 1 Uses

11 A. Definitions and Supplementary Standards for Specific Uses

12 18. Auto Service Station

13 An establishment primarily engaged in the retail sale of gasoline or motor fuels. An auto  
14 service station may include accessory activities such as the sale of vehicle accessories or  
15 supplies, the lubrication of motor vehicles, the minor adjustment or minor repair of motor  
16 vehicles, the sale of convenience food items, or an accessory restaurant.

17 a. Approval Criteria

18 Prior to approving a conditional or requested use for an auto service station, the BCC  
19 shall make a finding that the use is appropriately located. In making the determination  
20 that the use is appropriately located, the BCC shall consider whether or not:

- 21 1) Adequate ingress and egress ~~has~~ have been provided.
- 22 2) Adequate buffering and setbacks from residential areas ~~has~~ have been provided.
- 23 3) Sufficient vehicle stacking, circulation, access, and area for turning movements ~~has~~  
24 have been provided.
- 25 4) The number of fueling ~~positions~~ stations proposed is excessive.
- 26 5) There ~~are~~ is an ~~excessive~~ number of similar stations in the vicinity.

27 b. Location Criteria

28 1) Intersection Criteria

29 A maximum of two auto service stations convenience stores with gas sales, or any  
30 combination thereof, shall be permitted ~~within 1,000 feet of any intersection,~~  
31 ~~measured from the intersection of the centerline of each street at an intersection~~  
32 pursuant to Art. 5.E.2.B, Intersection Criteria.

33 2) Separation Criteria Number of Service Stations

34 An auto service station shall ~~not~~ be ~~separated from any other auto service station or~~  
35 ~~convenience store with gas sales pursuant to Art. 5.E.2.C.1. Located within 1,000~~  
36 ~~feet of an existing or approved auto service station or convenience store with gas~~

## EXHIBIT M

### RESTAURANT AND LOCATION CRITERIA AMENDMENTS

~~sales, measured by drawing a straight line between the nearest point on the perimeter of the exterior wall of the proposed auto service station to the nearest point on the existing or approved auto service station or convenience store with gas sales. An auto service station within 1,000 feet of an intersection in accordance with the location criteria in paragraph above shall be exempt from this requirement.~~

#### 3) U/S Tier

An auto service station ~~with a in the~~ CL FLU designation ~~also~~ shall ~~also~~ comply with the Major Intersection Criteria in Article 5.E.1, Major Intersection Criteria, ~~unless located in a PDD.~~

#### 4) Rural, Exurban, Glades **and Agriculture Reserve Tiers**

An auto service station shall also be located at the intersection of one collector and arterial street, or two arterial streets, as listed in the Florida Department of Transportation (FDOT) PBC Federal Functional Classification Table.

#### ~~5) Existing Auto Service Stations~~

~~The location criteria in this section shall have no affect on an auto service station that is a conforming use as of the effective date of this Code.~~

#### c. **Accessory Collocated Restaurant**

~~A An accessory restaurant may be collocated with an auto service station shall be limited to 30 percent of the total GFA and subject to the use regulations applicable to the restaurant. of the principal use and may be permitted subject to the following:~~

##### ~~1) With a Drive-thru~~

~~Subject to approval of a Class A conditional use or requested use.~~

##### ~~2) Without a Drive-thru~~

~~Subject to approval by the DRO.~~

#### d. **Parking for Accessory Automatic Car Wash**

~~Parking for each use shall be calculated separately to determine the total amount of required parking.~~ Parking for an accessory automatic car wash may be exempt from the this parking requirements of Table 6.A.1.B-1, Minimum Off-Street Parking and Loading Requirements, subject to DRO approval.

#### e. **Standards**

##### 1) **Enclosed Repair**

All accessory repair activities shall be conducted within an enclosed structure. No outdoor storage of disassembled vehicles, or parts thereof, shall be permitted on site.

##### 2) **Delivery Vehicles**

Parking of delivery vehicles shall be permitted only within a designated loading space. Overnight parking of delivery vehicles on-site shall be prohibited.

##### 3) **Vehicle Testing**

Vehicles shall not be tested off-site on residential streets.

##### 4) **Loudspeakers**

No outdoor speaker or public address systems audible off-site shall be permitted.

#### f. **TMD District**

Automotive service stations shall be permitted only on sites that are within 500 feet of the perimeter of a TMD district but shall not be located on a Main Street. The maximum site area is 10,000 square feet. A maximum of two gasoline pumps or four fueling positions shall be permitted.

Part 7. ULDC, Art. 4.B.1.A.25, Car Wash (page 34 of 142), is hereby amended as follows:

## CHAPTER B SUPPLEMENTARY USE STANDARDS

### Section 1 Uses

#### A. Definitions and Supplementary Standards for Specific Uses

##### 25. Car Wash

A permanent establishment engaged in washing or detailing motor vehicles which may use production line methods with a conveyor, blower, or other mechanical devices, and which may employ some hand labor. Detailing includes hand washing and waxing, striping, and interior cleaning.

##### a. **Location Criteria**

###### 1) **Intersection Criteria**

A maximum of two car washes shall be permitted at an intersection in accordance with Art. 5.E.2.B, Intersection Criteria ~~A car wash or detailing use in the CC district shall be subject to the same location criteria as an Auto Service Station Art. 4.B.1.A, Supplementary Use Standards.~~

###### 2) **Separation Criteria**

A car wash shall be separated from any other car wash pursuant to Art. 5.E.2.C.1.

###### b.2) Auto Detailing

## EXHIBIT M

### RESTAURANT AND LOCATION CRITERIA AMENDMENTS

~~Parking for the restaurant shall be calculated separately to determine the total amount of required parking.~~

#### gh. TMD Districts

Islands for gasoline pumps shall be located in the rear of a building with access from an alley, interior parking area, or a street not designated as a main street.

Part 9. ULDC, Art. 4.B.1.A.109, Fast Food Restaurant, (page 68 of 142), is hereby amended as follows:

#### CHAPTER B SUPPLEMENTARY USE STANDARDS

##### Section 1 Uses

##### A. Definitions and Supplementary Standards for Specific Uses

###### 109. Restaurant, Type I Fast Food

An establishment ~~where equipped to sell~~ food and beverages in one of the following methods: drive-through sales to patrons in automobiles for take out who place orders through a window or remote transmission device; or sales to patrons for take out or dining in, that includes three or more of the following: food or beverage choices are advertised on a menu board; countertop sales where payment is made prior to consumption; disposable containers and utensils; limited service dining facilities with no hostess or waiters; and self service or prepackaged condiments are primarily pre-cooked, prepackaged, served in disposable wrapping and containers and where orders are taken at a counter or drive thru. Traffic generation rates are normally in the range of ~~600-130~~ to ~~800~~ 500 trips per day, per 1,000 square feet of GFA, or as otherwise identified by the Institute of Traffic and Engineering.

###### a. Location Criteria CG, CH/MUPD, CC, CL/MUPD and Commercial Pod in PUD

A Type I restaurant with a drive through, or where the total GFA, including outdoor dining areas, for such use or uses is greater than 20 percent of overall building GFA, unless approved under Art. 4.B.1.A109.c.2), Permitted by Right, shall be subject to the following:

###### 1) Intersection Criteria

A maximum of two Type I restaurants shall be permitted at an intersection in accordance with Art. 5.E.2.B, Intersection Criteria. A fast food restaurant in these districts shall comply with the same locational criteria as in Article 4.B.1.A.18, Auto Service Station.

###### 2) Separation Criteria

A Type I restaurant shall be separated from any other Type I subject to these standards, in accordance with Art. 5.E.2.C.2.

###### 3) Exception

A Type I restaurant that is designed to enhance pedestrian circulation, safety and accessibility while limiting vehicular circulation using exemplary site design and architectural treatment that incorporates the following, may be exempt from intersection and separation criteria:

a) Required sidewalks and related pedestrian connections fronting on the façade supporting the primary entrance shall be increased to eight feet in width;

b) Dumpster enclosures shall be physically connected to and architecturally consistent with the building and shall not be freestanding;

c) No reductions in the width of required foundation planting areas shall be permitted;

d) Wall signage is limited to one façade of the restaurant;

e) Landscape plans and architectural elevations shall be required as part of any application for a Conditional or Requested Use, or any DOA affecting the items listed herein.

f) Where applicable, a drive through, including queuing and by-pass lanes shall not be visible from adjacent public streets. This may be accomplished by the use of a Type 3 Incompatibility Buffer, exemplary architectural design that incorporates walls or other visual barriers a minimum of six feet in height, or a combination of the two;

g) Required parking shall not be separated from restaurant entrances by any means of vehicular circulation with exception of drive isles used to access those parking spaces;

h) The restaurant shall not have continuous vehicular circulation on all four sides. For the purposes of this Section, vehicular circulation shall include drive ways, drive aisles, or other means of internal vehicular circulation located within 50 feet or less of the building. Vehicular circulation shall not include customer parking provided for the restaurant, one-way drive-through lanes and related by-pass lanes serving the restaurant.

4 CHAPTER B SUPPLEMENTARY USE STANDARDS

5 Section 1 Uses

6 A. Definitions and Supplementary Standards for Specific Uses

7 **1104. Restaurant, Type II Quality**

8 An establishment ~~with no drive-through, equipped to sell where~~ food and beverages, ~~are~~  
9 ~~prepared,~~ served and consumed primarily on the premises, ~~that includes three or more of~~  
10 ~~the following: host or hostess assists patrons upon entry; food and beverage choices are~~  
11 ~~offered from a printed menu provided by wait staff at a table; orders are taken at the table;~~  
12 ~~food is served on dishes and metal utensils are provided; and, payment is made after meal~~  
13 ~~consumption.~~ Traffic generation rates are normally in the range of 90 to ~~400~~ 130 trips per  
14 day, per 1,000 square feet of GFA or as otherwise identified by the Institute of Traffic and  
15 Engineering.

16 a. **Alcohol Sales**

17 A ~~quality restaurant~~ Type II Restaurant may include the on-premise sale, service and  
18 consumption of alcoholic beverages as an accessory use. A ~~quality restaurant~~ Type II  
19 Restaurant with less than 150 seats that does not qualify for a 4COP/SRX license shall  
20 obtain a Special Permit prior to obtaining an alcoholic beverage license. The Special  
21 Permit shall be subject to the following restrictions:

22 1) **Accessory Use**

23 Alcohol sales, service, and consumption shall not exceed 30 percent of receipts. An  
24 annual accounting of the restaurant receipts prepared by a Certified Public  
25 Accountant (CPA) shall be provided to the Zoning Division.

26 2) **Kitchen**

27 The restaurant shall have a full kitchen which shall remain open and serving full  
28 course meals while alcohol is being served.

29 3) **Floor Area**

30 A maximum of 30 percent of the floor area of the restaurant or number of seats,  
31 whichever is less, shall be devoted solely to alcohol sales.

32 4) **Special Permit Renewal**

33 The Special Permit shall be renewed annually.

34 b. **Use Limitations and Approval Process [Ord. 2005 – 002]**

35 1) **CN and CLO Districts and CLO PDDs**

36 A Type II Restaurant less than 3,000 square feet of GFA per  
37 establishment unless including outdoor dining areas may be approved by the DRO as  
38 a requested or Class A conditional use.

39 2) **CRE, and CL and CR PDDs**

40 A Type II Restaurant less than 5,000 square feet of GFA per establishment, including  
41 outdoor dining areas, may be approved by the DRO.

42 23) **CHO District and CHO/PDDs**

43 ~~If shall be~~ contained in an office, hotel or motel structure ~~and shall that does~~ not  
44 exceed 30 percent of the GFA of the structure, or 5,000 square feet, whichever is  
45 less, may be approved by the DRO unless approved as a requested or Class A  
46 conditional use.

47 34) **Catering Service**

48 Catering may be permitted as an accessory use to a restaurant. Except in the IL  
49 district, the use of three or more delivery or service vehicles shall require DRO  
50 approval.

51 5) **Take Out Service**

52 Take out service is permitted as an accessory use provided there are no vehicle take  
53 out windows that include exterior menu boards, queuing lanes or order service.

54 6) **TNDs and TMDs**

55 A Type II Restaurant less than 3,000 square feet of GFA per establishment in a TND,  
56 may be approved by the DRO. A Type II Restaurant shall not exceed 5,000 square  
57 feet of GFA, except that an additional 1,500 square feet shall be permitted for  
58 outdoor dining areas, for a maximum of 6,500 square feet of GFA. Take out windows  
59 designed for vehicular use are prohibited unless located in the rear of a building, with  
60 access from an alley or the interior of a parking area, and covered by a canopy or the  
61 second story of a building.

### RESTAURANT AND LOCATION CRITERIA AMENDMENTS

1 Part 12. ULDC, Art. 4.B.1.A.112, Specialty Restaurant, (page 68 of 142), is hereby deleted:

2  
3 CHAPTER B SUPPLEMENTARY USE STANDARDS

4 Section 1 Uses

5 A. Definitions and Supplementary Standards for Specific Uses

6  
7 ~~112. Restaurant, Specialty~~

8 ~~An establishment where a limited variety of food and beverages such as baked goods,~~  
9 ~~coffee, or ice cream may be prepared and consumed on or off the site. Traffic generation~~  
10 ~~rates are normally below 100 trips per day, per 1,000 square feet of GFA or as otherwise~~  
11 ~~identified by the Institute of Traffic and Engineering.~~

12 ~~a. CN, CLO and CHO Districts and CLO or CHO PDDs~~

13 ~~Shall be limited to a maximum of 3,000 square feet of GFA.~~

14 ~~b. CC District and CL/PDDs~~

15 ~~Shall not exceed 5,000 square feet, unless approved as a requested or Class B~~  
16 ~~conditional use.~~

17 ~~c. MUPD District with IND FLU Designation~~

18 ~~Shall not exceed 3,000 square feet of GFA.~~

19 ~~d. TMD District~~

20 ~~Shall not exceed 3,000 square feet of GFA per establishment.~~

21 ~~1) An additional 1,500 square feet shall be permitted for outdoor dining areas, for a~~  
22 ~~maximum of 4,500 square feet of GFA. [Ord. 2005-002]~~

23 ~~e. Outdoor Dining Areas~~

24 ~~Outdoor dining areas under a solid roof shall be considered GFA, and comply with the~~  
25 ~~principal structure setbacks.~~

26 ~~f. LOSTO~~

27 ~~Shall be limited to a maximum of 3,000 square feet of total floor area and subject to~~  
28 ~~approval of a Special Permit.~~

29  
30  
31 Part 13. ULDC, Art. 5.E, Performance Standards (page 39 of 63), is hereby amended as follows:

32  
33 CHAPTER E PERFORMANCE STANDARDS

34 Section 1 Major Intersection Criteria

35 As specified in this Code, certain specific uses shall be located at major intersections or internal to a PDD  
36 that is located at a major intersection. For the purpose of this Chapter, to be considered a major  
37 intersection each roadway at the intersection, shall meet at least one of the following standards:

38 A. Four Lanes

39 The roadway currently exists at four lanes or more, link to link, and is shown on the Thoroughfare  
40 R-O-W Protection Map. Dedication of R-O-W or construction of additional lanes solely in front of  
41 a property shall not satisfy this standard;

42 B. Five Year Road Plan

43 The roadway appears in the Five Year Road Plan to be constructed as a major arterial of at least  
44 four lanes;

45 C. Traffic Volume

46 The average traffic volume on the roadway is greater than ten thousand trips per day as shown  
47 on the Metropolitan Planning Organization (MPO) Traffic Volume Map;

48 D. R-O-W

49 The roadway is shown on the Thoroughfare Plan as 120-foot R-O-W or greater; or

50 E. Upgrade Agreement

51 The applicant agrees to improve the roadway system to meet the standards in this Chapter as a  
52 condition of approval.

53  
54 Section 2 Location Criteria

55 A. Purpose and Intent

56 To mitigate the adverse impacts created by excessive concentrations of specific uses at  
57 intersections and along roadways that adversely impact traffic flow, pedestrian circulation and  
58 visual impacts related to site layout.

59 B. Intersection Criteria

60 Applicable uses shall be limited within 1,000 feet of any intersection, measured from the  
61 intersection of the centerlines of each street to the nearest exterior wall or outdoor dining area of  
62 the use.

---

Notes:

Underlined language indicates proposed new language.

Language ~~crossed out~~ indicates language proposed to be deleted.

.... (ellipses) indicates language not amended which has been omitted to save space.

Relocated language is shown as *italicized* with reference in parenthesis.

Text in blue indicates amendments previously approved by LDRAB.

EXHIBIT M

RESTAURANT AND LOCATION CRITERIA AMENDMENTS

**C. Separation Criteria**

Any use within 1,000 feet of an intersection pursuant to the location criteria above shall be exempt from this requirement. A use shall meet the following separation criteria of any other same and existing or approved use, measured by drawing a straight line between the nearest point of the exterior wall or outdoor dining area of the proposed use to the same for an existing or approved use:

1. 1000-feet; or
2. 500-feet

**D. Existing Uses**

The locational and separation criteria in this Section shall have no effect on any existing uses that are conforming uses as of the effective date of this Code. Where applicable, any DOA to an existing use shall comply with Art. 4.B.1.A.109.a.3), Exception, to the greatest extent feasible.

Part 14. ULDC, Table 6.A.1.B-1, Minimum Off-Street Parking Loading Requirements (page 5 of 34), is hereby amended as follows:

EXHIBIT N

PLACES OF ASSEMBLY

1) General

The use shall front a collector, arterial or local commercial street. A place of assembly with collocated uses, or more than 15,000 square feet of GFA or 350 seats, including accessory uses, shall have frontage on and access from a collector or arterial street.

2)b. Redevelopment and Revitalization Overlay

The use may be located on a local residential street, subject to the following criteria:

- 1) Approval of a Special Permit;
2) Limited to a maximum of 3,000 square feet of GFA, unless approved as a Class A conditional use;
3) A maximum of two acres, unless approved as a Class A conditional use;
4) Landscaping in accordance with Art. 7, Landscaping.
5) A minimum of one parking space per employee and two visitor parking spaces shall be provided;
6) No outdoor activities after 10:00 pm;
7) PBC or a CCRT approved neighborhood group shall own or operate the property and facility;
8) Prior to the issuance of an occupational license, the building shall comply with all applicable Health and Building Code requirements; and
9) The following accessory uses shall be permitted: limited day care, day camp, neighborhood association office, police and fire rescue substations, and special events.

c. TND District

Nonprofit institutional assembly shall be limited to a maximum of 10,000 square feet of GFA.

d. AR District

A Type 3 incompatibility buffer shall be provided adjacent to residentially occupied or zoned property.

de. AGR District

The use shall be limited to that which serves the needs of farmworkers or residents of the AGR tier supports the agriculture industry or provides service to farm workers and shall not be located west of SR7.

e. PO District

Nonprofit institutional assembly shall be government owned and operated.

f. Location Criteria

Places of assembly shall not exceed the maximum GFA or seating capacity limits of Table 4.B.1.A-4, Size Limits for Places of Assembly. Places of assembly that are existing or have a valid development order that is in excess of the GFA or seating capacity limits shall not be considered non-conforming. A place of assembly in the AGR district shall not be located west of SR 7/US 441.

Table 4.B.1.A-4 – Size Limits for Places of Assembly

Table with 3 columns: FLU Designation, Max. GFA, and Max. Seating Capacity. Rows include RR 2.5 - RR 10 and AGR, LR-1, LR2, LR-3 and MR-5, HR-8, HR-12 and HR-18, and Commercial, Institutional and Civic. Includes notes for GFA and seating capacity.

[Renumber all following tables accordingly.]

Part 6. ULDC, Art 4.B.1.A.15, Assembly Nonprofit Membership (page 30 of 142), is hereby amended as follows:

CHAPTER B SUPPLEMENTARY USE STANDARDS

Section 1 Uses

A. Definitions and Supplementary Standards for Specific Uses

15. Assembly, Nonprofit Membership

A site or facility owned or operated by a not-for-profit organization for social, education or recreational purposes where paid membership is required. Typical uses include fraternal or cultural organizations and union halls.

a. Frontage and Access

Notes:

Underlined language indicates proposed new language. Language crossed-out indicates language proposed to be deleted. .... (ellipses) indicates language not amended which has been omitted to save space. Relocated language is shown as italicized with reference in parenthesis.

### PLACES OF ASSEMBLY

The use shall front a collector, arterial or local commercial street. A place of assembly with collocated uses, or more than 15,000 square feet of GFA or 350 seats, including accessory uses, shall have frontage on and access from a collector or arterial street.

**b. AR/RSA**

May be permitted in the AR/RSA with a SA FLU, subject to a Class A conditional use approval. [Ord. 2005 – 002]

**c. TND District**

Nonprofit membership assembly shall be limited to a maximum of 10,000 square feet of GFA.

**d. PO District**

A nonprofit membership assembly shall be government owned and operated.

**e. Location Criteria**

Places of assembly shall be located in accordance with Art. 4.B.1.A.14.d, AGR district and Art. 4.B.1.A.14.f, Location Criteria.

Part 7. ULDC, Art 4.B.1.A.29, Place of Worship (page 35 of 142), is hereby amended as follows:

#### CHAPTER B SUPPLEMENTARY USE STANDARDS

##### Section 1 Uses

###### A. Definitions and Supplementary Standards for Specific Uses

###### 29. Place of Worship [Ord. 2005-041]

Means a ~~premise or site~~ sanctuary including which may include a retreat, convent, seminary or other similar use facility, owned or operated by a tax-exempt religious group that is used periodically, primarily or exclusively for religious worship, activities and related services. A place of worship may include collocated facilities ~~—Collocated facilities~~ that may require additional approval, such as ~~except as provided below by F.S., include~~ a day care, school, cemetery, or CLF. [Ord. 2005-041]

**a. Frontage and Access**

A place of worship with collocated accessory facilities uses such as a day care, school, CLF, or cemetery; or, in excess of 15,000 square feet of GFA or 350 seats, including accessory uses, ~~community center, rectory, convent or seminary~~, shall have frontage on and access from a collector or an arterial street.

**1) Access**

~~A church or place of worship in excess of 15,000 square feet of GFA or 350 seats, including collocated facilities and accessory uses, shall have legal access to a collector or arterial street. The County Engineer or PZB may, as a condition of approval, recommend that a church or place of worship below this threshold have access to a collector or arterial street. [Some text Relocated above.]~~

**2) AGR**

~~A church or place of worship in the AGR district shall not be located west of SR 7/US 441. [Relocated to location criteria for places of assembly.]~~

**b. Use Limitations**

**1) DRO Approval Permitted Use**

A ~~church or~~ place of worship not exceeding 3,000 square feet of GFA or 150 seats, including collocated and accessory uses, shall be permitted in the CN, CC, CG, MUPD, MXP, TMD districts, and a commercial pod in a PDD or TDD subject to DRO approval. [Ord. 2005 – 002]

**2) Accessory/Collocated Use**

A ~~church or~~ place of worship not exceeding 3,000 square feet of GFA or 150 seats shall be permitted as an accessory use to an assembly, civic, educational or recreational use in any non-residential district, except IL, IG or a PDD with an IND FLU designation, subject to approval by the DRO.

**3) Temporary Sales**

Temporary sales, such as rummage, bake, or seasonal sales, shall be permitted as an accessory use. Temporary sales greater than three consecutive days shall obtain a Special Permit for Temporary Retail Sales.

**4) Limited Day Care**

A limited day care shall be permitted as a collocated an accessory use to a ~~church or~~ place of worship with a minimum of 3,000 square feet of GFA or 150 seats subject to ~~approval by the~~ DRO approval. [Ord. 2005 – 002]

**5) INST**

In the INST FLU designation, affordable housing shall be permitted as an accessory use to a ~~church or~~ place of worship, subject to approval of a Class A conditional use. Such housing shall be requested and under the direct supervision of a sponsoring nonprofit organization or community based group, provided at below market rental

#### Notes:

### PARKS AND RECREATION

1  
2 Part 1. ULDC, Art. 4.B.1.A.92, Park, Neighborhood Infill (page 59 of 142), is hereby amended as  
3 follows:

4  
5 CHAPTER B SUPPLEMENTARY USE STANDARDS

6 Section 1 Uses

7 A. Definitions and Supplementary Standards for Specific Uses

8 92. Park, Neighborhood Infill

9 ~~PBC public parks facilities~~ Facilities usually less than two and one half acres located in the  
10 Revitalization and Redevelopment Overlay as designated by the BCC or in any residential  
11 neighborhood. Infill neighborhood parks, ~~including includes~~ passive and active recreational  
12 facilities, are generally few in number due to size constraints and are developed according to  
13 the demands and character of the specific neighborhoods that they serve. Access is primarily  
14 pedestrian oriented with no support facilities such as parking lots or restrooms provided.  
15

16  
17 Part 2. ULDC, Art. 4.B.1.A.93, Park Passive, (page 60 of 142), is hereby amended as follows:

18  
19 CHAPTER B SUPPLEMENTARY USE STANDARDS

20 Section 1 Uses

21 A. Definitions and Supplementary Standards for Specific Uses

22 93. Park, Passive

23 A public or private outdoor recreation area relying on a natural or man-made resource base  
24 and developed with a low intensity of impact on the land. Typical uses include trail systems,  
25 wildlife management and demonstration areas for historical, cultural, scientific, educational or  
26 other purposes that relate to the natural qualities of the area, and support facilities for such  
27 activities.

28 a. PC District

29 In the PC district, a passive park use shall generally include but not be limited to nature  
30 and foot trails; canoe trails; wildlife management performed by official game, fish and  
31 wildlife commissions; public hunting and fishing camps; the use of boats, airboats and  
32 wheeled and tracked vehicles under policies and regulations prescribed by the  
33 appropriate government agencies; hunting and fishing camps on private property under  
34 policies prescribed by official game, fish and wildlife commissions; exploration,  
35 observation and archeological studies supervised by recognized authorities or persons  
36 granted permission to proceed by the State of Florida; ~~publicly operated passive parks~~  
37 preserves and passive recreation areas; and residences for preservation management  
38 officers or substantially similar recreational conservation accessory uses.  
39

40  
41 Part 3. ULDC, Art. 5.D.2.A.1, Countywide Parks (page 33 of 56), is hereby amended as follows:

42  
43 CHAPTER D PARKS & RECREATION – RULES AND RECREATION STANDARDS

44 Section 2 Types of Parks

45 A. Countywide Parks and Preservation/Conservation Areas

46 1. Countywide Parks

47 The PBC Parks and Recreation Department supplies a countywide system of public park and  
48 recreational facilities for which Level of Service (LOS) standards are established in the  
49 Recreation and Open Space Element of the Plan. For purposes of park concurrency,  
50 Regional, Beach and District Park LOS are established and Park Impact Fees assessed on  
51 new residential development to maintain the countywide park systems LOS concurrent with  
52 growth. The CIE is updated annually to include projects needed to meet countywide  
53 Comprehensive Plan LOS that will be funded through the Parks and Recreational  
54 Department's ongoing Capital Improvement Program.  
55

56  
57 Part 4. ULDC, Art.5.D.2.B, Community and Neighborhood Park and Recreation Standards  
58 (page 34 of 56), is hereby amended as follows:

59  
60 CHAPTER D PARKS & RECREATION – RULES AND RECREATION STANDARDS

61 Section 2 Types of Parks

# EXHIBIT O

## PARKS AND RECREATION

### B Community and Neighborhood Park Recreation Standards

#### 4. Reduction in Recreation Area Land Requirement

The Parks and Recreation Department may allow reduction of the recreation land area requirement by not more than up to 25 percent when other open space tracts are platted and made available to residents for recreational purpose and the combined value of the recreation facilities to be constructed and the resulting reduced land area exceeds the total value of the recreation land area and facilities requirement of Article 5.D.2.B.2, Calculation of Required Recreation, by a minimum of 25 percent.

#### 9. ~~Other Credits~~ *Minimum Recreation Area Parcel Dimensions*

~~Where private or equity membership clubs, golf courses, and other recreational related facilities exclusive of a property owners association are provided in conjunction with the development, credit of 50 percent of the requirement of Article 5.D.2.B.2, Calculation of Required Recreation, for recreation areas on a plat-by-plat basis for the entire development may be applied for those facilities which are available in perpetuity for the use of the residents of the development.~~

*Any parcel used to satisfy Parks and Recreation Standards shall meet the following requirements:*

##### *a. Minimum Parcel Size*

*Minimum parcel size shall be 7,500 square feet exclusive of easements and landscape buffers.*

##### *b. Minimum Parcel Width*

*Minimum parcel width shall average 75 feet with no dimension less than 50 feet.*

##### *c. Minimum Parcel Depth*

*Minimum parcel depth shall average 100 feet with no dimension less than 75 feet.*

##### *d. Waiver of Minimum Parcel Dimensions*

*The Parks and Recreation Department may reduce the minimum recreation parcel dimensions by not more than ten percent when considering location, abutting land uses, accessibility, recreation facilities to be offered and the parcels function in the overall recreation and open space network of the development.*

Part 5. ULDC, Art.5.D.2.F, Minimum Recreation Area Parcel Dimensions (page 34 of 56), is hereby amended as follows:

## CHAPTER D PARKS & RECREATION – RULES AND RECREATION STANDARDS

### Section 2 Types of Parks

#### ~~F. Minimum Recreation Area Parcel Dimensions~~

~~Any parcel used to satisfy Park and Recreation Standards shall meet the following requirements:~~

##### ~~a. Minimum Parcel Size~~

~~Minimum parcel size shall be 7,500 square feet exclusive of easements.~~

##### ~~b. Minimum Parcel Width~~

~~Minimum parcel width shall average 75 feet with no dimension less than 50 feet.~~

##### ~~c. Minimum Parcel Depth~~

~~Minimum parcel depth shall average 100 feet with no dimensions less than 75 feet.~~

##### ~~d. Waiver of Minimum Parcel Dimensions~~

~~The Park and Recreation Department may reduce the minimum recreation parcel dimensions when considering location, abutting land uses, accessibility, recreation facilities to be offered and the parcel function in the overall recreation and open space network of the development.~~

Part 6. ULDC, Art.5.D.2.G, Phasing (page 35 of 56), is hereby amended as follows:

## CHAPTER D PARKS & RECREATION – RULES AND RECREATION STANDARDS

### Section 2 Types of Parks

#### G. Phasing

Any development required to provide recreation shall follow one of the following phasing plans:

##### 1. Single Phasing

When the development is to be constructed in a single phase, or where each phase will provide recreational facilities specifically for the residents of that phase, then the recreational site(s) for that phase shall be site planned, or platted, concurrent with that phase of construction. No more than 40 percent of the building permits for residential units shall be issued for the phase until the recreational improvements have been completed in their entirety and open for use and accessible to the residents, or unless a phasing plan for

EXHIBIT O

PARKS AND RECREATION

1 completion of the required recreation area is agreed to and approved by the Parks and  
2 Recreation Department.

3 **2. Multiple Phasing**

4 When the development is to be constructed in multiple phases or plats and one or more  
5 required recreational site(s) is/are intended to serve the residents of two or more phases of  
6 the development, then the following sequence shall be adhered to:

7 a. The recreation site(s) shall be site planned concurrent with the site plan for the first phase  
8 of residential development for which the recreational site will serve.

9 b. The recreation site(s) shall be platted concurrent with the plat for the residential  
10 development phase they will serve. No more than 40 percent of the building permits for  
11 residential units shall be issued for any phase until the recreational improvements have  
12 been completed in their entirety and open for use and accessible to the residents,  
13 residents, or unless ~~otherwise agreed to~~ a phasing plan for completion of the required  
14 recreation area is agreed to and approved by the Parks and Recreation Department.

15  
16  
17 **Part 7. ULDC, Art.5.D.2, Types of Parks (page 35 of 56), is hereby amended as follows:**

18 **CHAPTER D PARKS & RECREATION – RULES AND RECREATION STANDARDS**

19 **Section 2 Types of Parks**

20  
21 **H. County Park Landscape Standards**

22 This section recognizes that public parks require landscaping flexibility to address unique  
23 circumstances and design requirements. Deviations for PBC owned and operated public parks  
24 from the landscaping requirements of Art. 7, Landscaping, are as follows:

25 **1. General Standards**

26 **a. Minimum Tree Quantities**

27 A minimum of one tree is required per 1,000 sq. ft. overall area, excluding lakes and  
28 organized recreation areas.

29 **b. Minimum Shrub Quantities**

30 A minimum of one shrub is required per 1,250 sq. ft. overall area, excluding lakes and  
31 organized recreation areas.

32 **c. Interior and Perimeter Buffer Trees**

33 A minimum of 75 percent of required trees shall be canopy trees. Palms or pines may be  
34 counted as one canopy tree, not to exceed 25 percent of the total number of required  
35 trees.

36 **d. Foundation Planting**

37 **1) Exemption**

38 Open air pavilions, bathrooms, scoreboxes, mechanical vaults, and similar park  
39 structures less than 2,000 sq. ft. are exempt from foundation planting requirements.

40 **2) Dimensions**

41 Foundation planting shall be provided along a minimum of 50 percent of front and  
42 side facades, and the rear facade if oriented towards any public use area. Width  
43 shall be a minimum of five feet along front and rear facades, where required, and  
44 eight feet along side facades.

45 **2. Perimeter Buffer Landscape Requirements**

46 **a. R-O-W Buffers**

47 R-O-W buffer widths shall be 25 feet for passive recreation uses and 50 feet for active  
48 recreation uses. Buffers shall be exempt from the shrub and hedge planting  
49 requirements of Table 7.C.3-1, Minimum Tier Requirements and Art. 7.F.2.B, Shrubs,  
50 unless adjacent to parking lots and loading areas. Required trees may be planted in a  
51 natural pattern.

52 **b. Compatibility Buffer**

53 Compatibility buffers shall be a minimum of 15 feet in width. Buffers shall be exempt  
54 from the shrub and hedge planting requirements of Table 7.C.3-1, Minimum Tier  
55 Requirements and Art. 7.F.8, Compatibility Buffer. Required trees may be planted in a  
56 natural pattern.

57 **c. Incompatibility Buffer**

58 Incompatibility buffers shall be a minimum of 25 feet in width. The minimum number of  
59 layers of shrubs indicated in Table 7.C.3-1, Minimum Tier Requirements may be reduced  
60 to two in all Tiers.

61 **d. Pathways in Buffers**

62 Pedestrian pathways, exercise trails and other related recreational trails may be allowed  
63 to meander in required R-O-W and compatibility buffers.

64 **e. Berms**

65 Berms shall be permitted in any perimeter buffer in all Tiers.

66 **f. Fences and Walls**

**Notes:**

Underlined language indicates proposed new language.

Language ~~crossed-out~~ indicates language proposed to be deleted.

.... (ellipses) indicates language not amended which has been omitted to save space.

Relocated language is shown as *italicized* with reference in parenthesis.

EXHIBIT O

PARKS AND RECREATION

Walls and fences may be located along the property line, and may be exempt from the tree, shrub and hedge requirements of Art. 7.F.3, Walls and Fences. Vinyl coated chain link fences are permitted in any perimeter buffer in any Tier, and may be exempt from the requirements of Art. 7.F.3.C, Chain Link Fences.

**3. Off Street Parking Requirements**

**a. Interior Islands**

One interior island a minimum of ten feet in width shall be required per ten spaces, in all Tiers (maximum 100 feet apart).

Part 8. ULDC, Art. 7.A.1.C, Applicability, Effect on Previously Permitted Projects (page 11 of 48), is hereby amended as follows:

CHAPTER A GENERAL

Section 1 Landscape and Buffering

**C. Applicability, ~~Effect on Previously Permitted Projects~~**

The provisions of this Article shall be considered minimum standards and shall apply to all new development except development exempted in Article Art. 7.A.1.E, Exemptions, and deviations allowed by Art. 7.A.1.E, Deviations. For previously approved development orders, refer to Art. 1.F, Nonconformities.

Part 9. ULDC, Art. 7.A.1, Landscape and Buffering (page 11 of 48), is hereby amended as follows:

CHAPTER A GENERAL

Section 1 Landscape and Buffering

....  
**F. Deviations**

Deviations to the minimum standards of this Article may be permitted for PBC parks, as specified in Art. 5.D.2.H, County Park Landscape Standards.

Part 10. ULDC, Table 7.C.3-1, Minimum Tier Requirements (page 13 of 48), is hereby amended as follows:

### ENVIRONMENTAL RESOURCES MANAGEMENT (ERM)

1 Part 6. ULDC, Art. 4.D.8.C.3, Littoral Planting Reclamation Standard (page 135 of 142), is  
2 hereby amended as follows:

3 CHAPTER D EXCAVATION

4 Section 8 Technical Standards

5 C. Reclamation Standards

6 3. Littoral Planting Reclamation Standard

7 All Agricultural (excluding WCAA), Type II and Type III Excavations, excluding ponds, shall  
8 comply with the following littoral zone standards. Exempted excavations within the WCAA  
9 shall provide a littoral zone if the land use ceases to be agricultural.

10 a. Planted Littoral Zones

11 Planted littoral zones shall be provided which comprise, at a minimum, an area  
12 equivalent to eight square feet per linear foot of shoreline. Creativity in design in the  
13 placement of the planted littoral zone is strongly encouraged, such as extended areas in  
14 one portion of the lake or at the discharge point. For basins with multiple lakes that are  
15 interconnected, littoral zones may be concentrated within one or more lakes so long as  
16 the basin as a whole contains the total required littoral area. The planted littoral zone  
17 area shall be limited to the area between one foot above OWL and two feet below OWL.  
18 If the applicant demonstrates to ERM that the planted littoral area elevations should differ  
19 from this requirement based on site specific conditions and based on fluctuations around  
20 the OWL, ERM may approve planted littoral area elevations other than those elevations  
21 stated above. Requirements for littoral zone planting shall be in addition to any planting  
22 for wetland mitigation required by DEP, SFWMD, USACE, ERM or any other agency with  
23 wetland jurisdiction.

24  
25  
26 Part 7. ULDC, Art. 10.C, Groundwater and Natural Resources Protection Board (page 6 of 11),  
27 is hereby amended as follows:

28 CHAPTER C GROUNDWATER AND NATURAL RESOURCES PROTECTION BOARD

29  
30 ERM may refer alleged violations of Article 14, Environmental Standards, or Article 4.D, Excavation, of  
31 this Code and Ord. 2003-020, Petroleum Storage Systems, Ord. 2003-021, Petroleum Contamination  
32 Clean-up criteria, Ord. 2004-050, Stormwater Pollution and Prevention, and Ord. 1993-003, Water and  
33 Irrigation Conservation as amended to the GNRPB for prosecution pursuant to the following standards  
34 and procedures:

35  
36  
37 Part 8. ULDC, Art. 14.C.11.B.1, Removal of Prohibited Invasive Non-Native Vegetation (page 36

 5 **Part 2. ULDC, Art. 4.B.1.A.9, Air Curtain Incinerator (pages 28 and 29 of 142), is hereby**  
 6 **amended as follows:**  
 7

8 **CHAPTER B SUPPLEMENTARY USE STANDARDS**

9 **Section 1 Uses**

10 **9. Air Curtain Incinerator**

11 A combustion device used to burn trees, brush and untreated wood.

12 **a. Standards**

13 **1) Exemptions**

14 The following temporary air curtain incinerators are exempt from the requirements of  
 15 this section: Incinerators operating under written approval from the PBC Health  
 16 Department in accordance with the PBC Open Burning Ord. 2005-020; and  
 17 incinerators used for the emergency burning of storm generated debris by a local  
 18 government.

19 **2) Storage**

20 Except in the AP district, on site outdoor storage of unprocessed material shall be  
 21 limited to 45 days. Pile height shall be limited to 15 feet. Outdoor storage shall be  
 22 setback a minimum of 25 feet from any property line or 50 feet from any property line  
 23 adjacent to a residential district or use. Storage areas shall be screened from view  
 24 pursuant to Art. 5.B, Accessory and Temporary Uses.

25 **23) Hours of Operation**

26 Hours of operation are limited to 8:00 a.m. to 5:00 p.m., Monday through Friday. The  
 27 incinerator shall not be charged before 9:00 a.m. and shall be completely  
 28 extinguished one hour before sunset. ~~within 1000 feet of a residentially zoned~~  
 29 property.

30 **4) No Burn Days**

31 The incinerator shall not operate on "no burn days" as designated by the PBC Fire-  
 32 Rescue Department.

33 **35) Setback**

34 The incinerator shall be set back a minimum of ~~500~~ 1,200 feet from any property line  
 35 abutting a residential district or use.

36 **b. Supplemental Application Requirements**

37 **1) Site Plan**

38 A site plan illustrating how the operation functions, circulation routes, square footage,  
 39 height and location of buildings, incinerator and storage piles.

40 **2) Waste**

41 An explanation of the quantity of waste to be received expressed in cubic yards per  
 42 day or tons per day.

43 **3) Dust Control**

44 A plan which addresses dust control in traffic, storage and processing areas. Dust  
 45 control measures may include: additional setbacks, full or partial enclosure of air  
 46 curtain incinerator and watering or enclosing storage piles. If facility with an air  
 47 curtain incinerator also includes chipping, mulching or composting, adherence to the  
 48 supplementary use standards applicable to such use shall also be required.

49 **c. Permanent Incinerator**

50 ~~A permanent air curtain incinerator shall be permitted only in the AP, IL, IG and PO~~  
 51 ~~zoning districts subject to a Class A conditional use.~~

52 **d. Temporary Incinerator**

### HEALTH REGULATIONS (FIRE HYDRANT)

Note: The League of Cities Environmental Committee meeting for the review of fire hydrant amendments was held on Wednesday, July 13th. The League of Cities meeting for the approval of fire hydrant amendments was held on Wednesday, August 10th.

Part 1. ULDC, Art. 1.1.2, Definitions (page 39, 45, 84 of 96), is hereby amended as follows:

#### CHAPTER I DEFINITIONS & ACRONYMS

##### Section 2 Definitions

....  
C. Terms defined herein or referenced Article shall have the following meanings:

84. **Consecutive Water System** - ~~for the purposes of Art. 15, a water supply system which purchases all or some of its water supply from one or more public water systems, and which provides water to at least 15 service connections used by year round residents or which regularly serves an average of at least 25 individuals daily at least 60 days out of the year serves at least 15 service connections used by year round residents or which serves at least 25 year round residents which receives its water from a community water system.~~ for the purposes of Art. 15, a water supply system which provides water to at least 15 service connections used by year round residents or which regularly serves an average of at least 25 individuals daily at least 60 days out of the year serves at least 15 service connections used by year round residents or which serves at least 25 year round residents which receives its water from a community water system. [Ord. 2005-003]

....  
E. Terms defined herein or referenced Article shall have the following meanings:

26. **Environmental Appeal Board (EAB)** - for the purposes of Art. 15, is the five member board appointed by the Environmental Control Board (ECB) to hear appeals under this Article.

....  
S. Terms defined herein or referenced Article shall have the following meanings:

122. **Surface Water** - water upon the surface of the earth whether contained within natural or artificial boundaries or diffused.  
a. For the purposes of Art. 15.A, a recognizable body of water, including swamp or marsh areas, bayheads, cypress ponds, sloughs and natural or constructed ponds contained within a recognizable boundary. This does not include storm water retention or detention areas designed to contain standing or flowing water for less than 72 hours after a rainfall.  
b. For the purposes of Art. 15.B, a source of water existing above the surface of the ground and exposed to the atmosphere. [Ord. 2005-003]

Part 2. ULDC, Art. 15.B.8.A.21.a [Related to Distribution] (page 13 of 24), is hereby amended as follows:

#### CHAPTER B ENVIRONMENTAL CONTROL RULE II DRINKING WATER SUPPLY SYSTEMS

##### Section 8 Construction and Design Requirements

###### A. Design Criteria

###### 21. Distribution

a. The sizing of the distribution lines shall be adequate to provide the maximum day demand plus fire flow without the development of distribution pressures lower than 20 pounds per square inch (20 p.s.i.). The minimum required fire flow shall be established by the fire department having jurisdiction.

Part 3. ULDC, Art. 15.B.8.A.21.e [Related to Distribution] (page 13 of 24), is hereby amended as follows:

#### CHAPTER B ENVIRONMENTAL CONTROL RULE II DRINKING WATER SUPPLY SYSTEMS

##### Section 8 Construction and Design Requirements

###### A. Design Criteria

###### 21. Distribution

~~e. Fire hydrants shall be maintained by the owner in accordance with standards established by the "Standards of the American Water Works Association." If a fire hydrant is located downstream of a water meter, the meter shall be designed to provide an adequate flow without excessive pressure drop. Private fire hydrant owners shall be required to request a dedicated private fire line, separate from any drinking water line, where an excessive drop through a metered source exists.~~

[Renumber accordingly.]

EXHIBIT R

HEALTH REGULATIONS (FIRE HYDRANT)

Part 4. ULDC, Art. 15.B.8.A.21.f [Related to Design Criteria] (pages 13 and 14 of 24), is hereby amended as follows:

CHAPTER B ENVIRONMENTAL CONTROL RULE II DRINKING WATER SUPPLY SYSTEMS

Section 8 Construction and Design Requirements

A. Design Criteria
21. Distribution

f. The required fire flow from fire hydrants approved for installation prior to the effective date of this Article shall be a minimum of 500 G.P.M. for two hours. Those approved after the effective date of this Article shall meet the following requirements:

- 1) Residential Subdivisions. In one or two family dwellings not exceeding two stories in height, the system shall provide capability for fire flow of at least 500 gallons per minute.
2) Family dwellings of three or more units, Commercial, Institutional, or Industrial Subdivisions, or other high daytime or nighttime population density developments; in new subdivisions which include these developments, fire hydrants in the areas of such developments shall provide a minimum fire flow of 1,500 gallons per minute. However, a lower or higher flow may be required by the Fire Marshall or by the appropriate Fire Department official according to the Insurance Services Office recommendations.
3) All systems shall have sufficient storage or other facilities so that the minimum fire flow will be maintained for at least four hours or the current recommendations of the Insurance Services Office, whichever is greater.

[Renumber accordingly.]

Part 5. ULDC, Art. 15.B.13, Operation and Maintenance (page 16 of 24), is hereby amended as follows:

CHAPTER B ENVIRONMENTAL CONTROL RULE II DRINKING WATER SUPPLY SYSTEMS

Section 13 Operation and Maintenance

The following operation and maintenance requirements shall apply to community, transient non-community, and non-transient non-community, and consecutive water systems, except for only Art. 15.B.13.A, Art. 15.B.13.D, Art. 15.B.13.E, Art. 15.B.13.F, Art. 15.B.13.G and Art. 15.B.13.I shall also apply when applicable to limited use water systems:

Part 6. ULDC, Art. 15.B.13.I [Related to Operation and Maintenance] (page 16 of 24), is hereby amended as follows:

CHAPTER B ENVIRONMENTAL CONTROL RULE II DRINKING WATER SUPPLY SYSTEMS

Section 13 Operation and Maintenance

- I. Fire hydrant maintenance and fire flow testing shall be the responsibility of the owner of the fire hydrant. Maintenance and fire flow testing shall be performed in accordance with the "Standards of the American Water Works Association Manual M-17" and as indicated below:
1. The supplier of water shall establish a routine testing and maintenance program shall be established for on each fire hydrant connected to its system. The frequency of testing shall be a minimum of once per year or other schedule recommended by the manufacturer and approved by the Department.
2. Fire flow testing of hydrants shall be performed on a three year cycle, such that all hydrants in a system are fire flows tested at least once every three years unless recommended by the manufacturer or the Department to be more frequent. Owners of fire hydrants which do not utilize local fire departments or water utility departments to perform or oversee the fire flow testing shall report all available results of testing to the Department by January 1st of each year with all hydrants accounted for within the required cycle.
3. The minimum required fire flow from fire hydrants shall be determined as per Art. 15.B.8.21.a.

### COMMERCIAL COMMUNICATION TOWER

1  
2 Part 1. ULDC, Art. 1.1.2, Definitions, (pages 37, 41 and 70 of 96), is hereby amended as follows:

3  
4 CHAPTER I DEFINITIONS AND ACRONYMS

5 Section 2 Definitions

- 6  
7 ....  
8 C. Terms defined herein or referenced Article shall have the following meanings:  
9 41. **Collocation** - the placement of more than one service providers' antenna on an existing  
10 commercial communication tower or structure. The term collocation also includes the ground-  
11 mounted, structure-mounted or roof-mounted installation of the accessory equipment and  
12 structures needed for the functioning of the wireless facility.  
13 ....  
14 D. Terms defined herein or referenced Article shall have the following meanings:  
15 12. **Defined Search Area** - the geographic area in which an antenna is proposed to be located to  
16 provide the carrier's designed service.  
17 **[Renumber accordingly.]**  
18 ....  
19 P. Terms defined herein or referenced Article shall have the following meanings:  
20 84. **Propagation Study** - for the purposes of Art. 4, a method utilized by radio-frequency (RF)  
21 engineers for site placement. The study indicates signal strength as it relates to adjacent  
22 sites ~~to ensure quality calls and handoffs~~, including the potential for towers or tall structures  
23 within the study area to be utilized for collocation and the avoidance of additional towers.  
24  
25  
26

27 Part 2. ULDC, Art. 4.C, Communication Tower, Commercial, (page 88 of 142), is hereby  
28 amended as follows:

29 CHAPTER C COMMUNICATION TOWER, COMMERCIAL

30 Section 2 States of Emergency

31 The PZ&B Executive Director may request a waiver to the review timeframes for each case of a declared  
32 emergency that directly affects the permitting activities of the local Government.

33  
34 **[Renumber Accordingly.]**

35  
36  
37 Part 3. ULDC, Art. 4.C.3, Standards, (page 110 of 142), is hereby amended as follows:

38 CHAPTER C COMMUNICATION TOWER, COMMERCIAL

39 Section 3 Standards

- 40  
41 ....  
42 L. **Location of Existing Towers**  
43 At the time of any tower application submittal to the appropriate reviewing body, the applicant  
44 shall comply with the following:  
45 1. Provide or update previously submitted data indicating the location of their towers; latitude  
46 and longitude; tower height; and tower type.  
47 2. Submit ~~a search ring~~ an alternative structure map with a minimum ~~of~~ one mile radius around  
48 the proposed site. The ~~ring~~ alternative structure map shall include the location of all existing  
49 towers located within the search one mile radius area. ~~Search rings~~ An alternative structural  
50 map shall not be required for television towers.  
51 M. **Propagation Study**  
52 At the time of application submittal ~~to the appropriate reviewing body for a new commercial~~  
53 communications tower, the provider shall submit a propagation study prepared by a professional  
54 engineer, licensed in the State of Florida, to justify the need to construct a new tower.  
55 Propagation studies shall not be required for television towers.  
56 1. **Required Information**  
57 Propagation studies shall include the following information:  
58 a. the location of other sites considered, including potential options for collocation and  
59 alternative sites or properties;  
60 b. desired signal strength in the area to be served; and  
61 c. current ~~RF coverage~~ and predicted RF coverage following installation and use of the new  
62 tower facility; ~~and~~

### COMMERCIAL COMMUNICATION TOWER

1 ~~d. the number of existing users within the area to be served denied access due to lack of~~  
2 ~~capacity.~~

3 ....

#### 4 Q. Additional Standards and Requirements

##### 5 1. Aircraft Hazard

- 6 a. Towers shall not be a hazard to air navigation as determined by the FAA.  
7 b. Prior to the issuance of a building permit for a tower, proof of compliance with applicable  
8 requirements of the FAA and Art. 16, Airport Regulations; of the Code, shall be provided  
9 in a manner acceptable to the Zoning Director.

##### 10 2. Lighting

11 The least intensive nighttime method of illumination acceptable to the FAA shall be utilized.  
12 To the extent possible, strobe lighting or similar types of lighting shall not be utilized. All  
13 required lighting shall be maintained on an as needed basis by the owner of the tower.

##### 14 3. Inspections

15 All towers shall be inspected in compliance ~~with FCC regulations or~~ as required by the  
16 Building Division.

17 ....

18  
19  
20 Part 4. ULDC, Art.4.C.4.A, Replacement [Related to Tower Replacement and Height Increases]  
21 (page 113 of 142), is hereby amended as follows:

#### 22 CHAPTER C COMMUNICATION TOWER, COMMERCIAL

#### 23 Section 4 Tower Replacement and Height Increases

##### 24 A. Replacement

##### 25 1. Conforming Towers

26 An existing conforming tower may be replaced subject to the criteria below. If the criteria is  
27 not met, the replacement tower shall comply with the ~~sitting~~ siting requirements of this  
28 Section.

- 29 a. The ~~replacement~~ tower shall accommodate a minimum of two providers.  
30 b. The ~~replacement~~ tower shall be of the same or lesser impact than the existing structure  
31 pursuant to the defined tower hierarchy.  
32 c. The tower may be required to be relocated on site to lessen the impact on adjacent  
33 parcels.  
34 d. The ~~replacement~~ tower shall be subject to review by the Zoning Division through the  
35 DRO, Art. 2.D.1, Development Review Officer, administrative amendment process.  
36 e. The tower may be structurally modified to allow collocation.

##### 37 2. Nonconforming Towers

38 An existing nonconforming tower may be replaced subject to the criteria below. If the criteria  
39 is not met, the replacement shall comply with the ~~sitting~~ siting requirements of this Section.

- 40 a. The ~~replacement~~ tower shall accommodate a minimum of two providers.  
41 b. The ~~replacement~~ tower shall be of ~~equal the same~~ or lesser impact than the existing  
42 structure pursuant to the defined tower hierarchy.  
43 c. The tower may be required to be relocated on site to lessen the impact on adjacent  
44 parcels.  
45 d. The ~~replacement~~ tower shall be subject to review by the DRO.  
46 e. The tower may be structurally modified to allow collocation.

47  
48  
49  
50 Part 5. ULDC, Art. 4.C.5, Shared Use/Collocation (page 114 of 142), is hereby amended as  
51 follows:

#### 52 CHAPTER C COMMUNICATION TOWER, COMMERCIAL

#### 53 Section 5 Shared Use/Collocation

##### 54 C. Review Process

##### 55 1. Collocations on Commercial Communication Towers Including Non-conforming 56 Towers

57 Collocation of antennas on commercial communication towers that meet the following  
58 requirements shall be exempt from all other requirements of this Section of the ULDC and  
59 shall only be subject to a Building Permit Review:

- 60 a. The collocation does not increase the height of the existing tower, as measured to the  
61 highest point of any part of the tower or any existing antenna attached to the tower;  
62 b. The collocation does not increase the area of the approved ground compound for  
63 accessory equipment and structures;  
64

---

.... (ellipses) indicates language not amended which has been omitted to save space.

Relocated language is shown as *italicized* with reference in parenthesis.

EXHIBIT S

COMMERCIAL COMMUNICATION TOWER

c. The collocation shall be consistent with all of the applicable design and aesthetic regulations, or conditions, if any, applied to the first antenna placement onto the tower itself.

**2. Collocations on Structure Other Than Commercial Communication Towers**

Collocation of antennas, on a structure other than a commercial communication tower that meets the following requirements shall be subject to final DRO review. Collocation that does not meet the requirement below shall be subject to Art. 4.C.6, Communication Panel Antennas, Commercial.

a. Does not increase the height of the existing structure, as measured to the highest point of any part of the structure or any existing antenna attached to the structure;

b. Does not increase the area of the approved ground compound shall be the accessory equipment and structures; and

c. The collocation are of a design and configuration consistent with all of the applicable design and aesthetic regulations, or conditions, if any, applied to the first antenna placement.

**CD. Review Procedures**

Prior to submittal of an application for approval of a proposed tower for Conditional use, development order amendment, original DRO, or building permit review, all applicants for communication towers shall comply with the procedures indicated below. An application for the appropriate review process must be submitted within one year of the notice mailing date.

Part 6. **ULDC, Art.4.C.6, Communication Panel Antennas, Commercial, (page 115 of 142), is hereby amended as follows:**

**CHAPTER C COMMUNICATION TOWER, COMMERCIAL**

**Section 6 Communication Panel Antennas, Commercial**

These standards shall apply to commercial communication panels and antennas mounted on roofs, or attached to buildings or legal billboards (collocations).

(This space intentionally left blank.)

EXHIBIT T

PERMANENT GENERATORS

a. Applicability

1) Use of permanent generators shall be permitted during periods of electrical power outages in utility systems maintained by the utility service provider or when the BCC declares a state of emergency.

2) Type II and III CLF, Club Houses and Nursing or Convalescent Facility

A permanent emergency generator shall be required for all Type II and III CLFs, Nursing or Convalescent Facilities, and PDD or TDD clubhouses 2,500 square feet, or greater.

b. Standards

1) General

The following standards shall apply to all permanently installed generators.

a) Maximum Permissible Sound Level

Refer to Art. 5.E.3.B.2, and Table 5.E.3.C-12 Maximum Sound Levels.

b) Screening

Generators that are not located within, or completely screened by a building, shall be screened from view when adjacent to or visible from a public R-O-W or parcels with a conservation or residential FLU or use. Screening may include the use of fences, walls or hedges, or a combination thereof.

c) Maintenance Cycle

Generators may be operated for exercising purposes one time per week, excluding Sundays, for a period not exceeding 30 minutes between the hours of 10:00 a.m. to 5:00 p.m.

d) Location and Setbacks

Generators shall meet the setback requirements of the district for principal structures, but shall not be located between the front or side street façade of a building and a R-O-W or in an easement, unless expressly stated otherwise herein.

2) Residential

The following shall be applicable to SFD, ZLL, TH, and MF units.

a) Number

A maximum of one generator shall be allowed on a SFD, ZLL or TH lot. A maximum of one generator per structure shall be permitted for multi-family developments, with exception to condominiums, which shall be permitted one generator per unit.

b) Setback Exceptions

Generators less than four feet in height from finished grade may be allowed within the required side and rear setbacks in accordance with Table 5.B.1.A-6, Setbacks for Generators less than Four Feet in Height.

**Table 5.B.1.A-6, Setbacks for Generators less than Four Feet in Height <sup>1</sup>**

	<u>Side</u>	<u>Rear</u>
<u>SFD</u>	<u>3 feet</u>	<u>5 feet</u>
<u>ZLL</u>	<u>5 feet</u>	<u>5 feet</u>
<u>TH</u>	<u>NA</u>	<u>5 feet</u>
<u>Note:</u>		
<u>Refer to FBC for additional location criteria.</u>		

3) Type II and III CLF, PUD Club Houses and Nursing Homes

Required generators shall have a minimum operating capacity to provide service for the following:

a) Essential Functions

Essential electrical systems within the building, including but not limited to, exit lighting, emergency lighting, elevators, fire alarm system, bathroom exhaust fans, and, bathroom hot water heaters.

b) General Lighting

Lighting for a minimum of 30 percent of the building's GFA, including but not limited to, main meeting or gathering area, hallways, and bathrooms.

c) Multipurpose Room

Air conditioning for 30 percent of the building's GFA including the largest meeting or gathering room.

d) Fuel Storage

Sufficient to operate the generator for the minimum of 72 hours at the full load capacity.

4) Non-Residential

a) There is no limitation to the number of generators.

Part 6. ULDC, Table 5.E.3.C-12, Maximum Sound Levels (page 37 of 56), is hereby amended as follows:

# EXHIBIT U

## ROOFTOP SCREENING OF MECHANICAL EQUIPMENT

1  
2 Part 1. ULDC, Art. 3.D.1.E.4.a (page 88 of 125), is hereby amended as follows:

3  
4 CHAPTER E PLANNED DEVELOPMENT DISTRICTS (PDDS)

5 Section 4 Mixed Use Planned Development (MXPDP)

6 4. Height Exceptions

7 The following structures shall be exempt from the height restrictions in this Section, unless  
8 otherwise stated:

9 a. Uses Exempted from Height Restrictions

10 ....  
11 22) Mechanical equipment, less than five feet in height and any required screening,  
12 measured from the roof deck.

13  
14  
15 Part 2. ULDC, Art. 3.E.4.E.2.d [Related to MXPDP Commercial Uses] (page 88 of 125), is hereby  
16 deleted as follows:

17  
18 CHAPTER E PLANNED DEVELOPMENT DISTRICTS (PDDS)

19 Section 4 Mixed Use Planned Development (MXPDP)

20 ~~All roof-top mounted mechanical and electrical equipment shall be screened so as not to be visible from~~  
21 ~~adjacent land uses. The screen shall be opaque and extend from the roof of the building to a minimum of~~  
22 ~~six inches above the height of the object intended for screening.~~

23  
24  
25 Part 3. ULDC, Art. 5.C.1.H.1.a.3 [Related to General and Non-residential Design Elements],  
26 (page 27 of 56), is hereby amended as follows:

27  
28 CHAPTER C DESIGN STANDARDS

29 Section 1 Architectural Guidelines

30 H. Guidelines

31 1. Nonresidential Design Elements

32 The following guidelines shall apply to all nonresidential projects or buildings that meet the  
33 threshold in Art. 5.C.1.B and are not exempt in Art. 5.C.1.C: [Ord. 2005 – 002]

34 a. General

35 ....  
36 ~~3) All electrical, air conditioning, and fixed mechanical equipment, such as satellite~~  
37 ~~dishes, shall be screened from view on all sides by an opaque barrier constructed of~~  
38 ~~compatible materials, color, and character the building or equivalent landscaping.~~

39 **b. Mechanical Equipment Screening**

40 *All electrical, air conditioning, and fixed mechanical equipment, including satellite dishes,*  
41 *shall be screened on all sides by an opaque barrier constructed of compatible materials,*  
42 *and color of the building or equivalent landscaping, to a minimum height equal to the*  
43 *highest point of the equipment.*

44 **1) Exemption**

45 The following shall be exempt from screening requirements:

46 a) Mechanical equipment less than one foot in height, measured from the roof deck,  
47 provided it is painted to match the color of the structure it is attached to or  
48 servicing.

49 b) Mechanical equipment adjacent to properties with an Industrial FLU or use,  
50 unless visible, from a R-O-W or non-industrial property or use.

51 [Renumber Accordingly.]
