PALM BEACH COUNTY LAND DEVELOPMENT REGULATION ADVISORY BOARD (LDRAB)

Minutes of October 28, 2015 Meeting

On Wednesday, October 28, 2015 the Palm Beach County Land Development Regulation Advisory Board (LDRAB), met in the Ken Rogers Hearing Room, (VC-1W-47), at 2300 North Jog Road, West Palm Beach, Florida.

A. Call to Order/Convene as LDRAB

1. Roll Call

Chair Wes Blackman called the meeting to order at 2:15 p.m. Zona Case, Code Revision Zoning Technician, called the roll.

Members Present: 10

Wesley Blackman (PBC Planning Congress) David Carpenter, Vice Chair (District 2) Barbara Katz (District 3) Lori Vinikoor (District 5) Stuart R. Fischer (District 6) Joni Brinkman (League of Cities) Jerome Baumoehl (AIA) Tommy B. Strowd (Environmental Org.) Frank Gulisano (PBC Board of Realtors) Gary Rayman (FI. Surveying & Mapping Soc.)

Members Absent: 7

Michael J. Peragine (District 1) Jim Knight (District 4) Henry Studstill (District 7) Daniel Walesky (Gold Coast Build. Terrence Bailey (Florida Engineering Society) James Brake (Member At Large, Alt.) Leo Plevy (Member At Large, Alt.)

County Staff Present

Leonard Berger, Chief Assistant County Attorney John Rupertus, Senior Planner, Planning Maryann Kwok, Deputy Zoning Director William Cross, Principal Site Planner, Zoning Zona Case, Zoning Technician, Zoning

2. Additions, Substitutions, and Deletions

(Assoc. General Contractors of America)

Mr. Blackman noted that there were no additions, substitutions or deletions.

3. Motion to Adopt Agenda

Motion to adopt the agenda by Ms. Vinikoor, seconded by Mr. Carpenter. Motion passed (10 - 0).

Adoption of September 30, 2015 Minutes (Exhibit A) Motion to adopt by Ms. Vinikoor, seconded by Ms. Katz. Motion passed (10 - 0).

B. ULDC AMENDMENTS

Vacancies: 1

1. Exhibit B - Art 8.H.2, Billboards

Mr. Cross provided a brief background and history of the Settlement Agreement related to billboards which is currently the language in the ULDC. He continued by saying the Agreement has worked well and the basic tenets are being retained so there are only minor tweaks in the amendment. All references to the Settlement Agreement is being eliminated and it is due to expire on February 6, 2016.

Mr. Baumoehl asked to be recused from voting, citing a conflict, and provided a completed Form 8B.

Mr. Cross responded to Mr. Carpenter's question that there were no changes in the billboard spacing requirements.

Ms. Brinkman asked how the annexation of a billboard by another municipality is treated from the County's standpoint. Mr. Cross replied that it becomes the responsibility of that jurisdiction and is automatically deducted from the total number in the County. It cannot be relocated, and is no longer regulated by the ULDC.

Motion by Ms. Vinikoor, seconded by Ms. Katz. Motion passed (9 - 0). Mr. Baumoehl abstained from voting.

2. Exhibit C – Northlake Boulevard Overlay Zone (NBOZ)

Ms. Brinkman asked to recuse herself from the vote citing a conflict and provided completed Form 8B.

For the benefit of those present with limited knowledge of the area, Mr. Cross showed a Power Point presentation of the Northlake Boulevard Overlay Zone (NBOZ) and said this would help to dispel confusion on how the regulations would apply.

PALM BEACH COUNTY LAND DEVELOPMENT REGULATION ADVISORY BOARD (LDRAB)

Minutes of October 28, 2015 Meeting

Mr. Carpenter said that because he was personally involved in the original draft of the Design Guidelines and has worked on properties in that area, an historical overview would be helpful to members and he provided the following information:

- The properties were developed in the fifties and have existing pavement from one property line to the next, both side to side and front to back.
- The lots are one-third of an acre or smaller and in most cases the buildings are on the property line and every square inch is used.
- The municipalities are very accommodating to the existing buildings and minor modifications are made here and there to that end.
- None of the buildings meet parking requirements and there is little or no drainage.
- There is a 15 ft. utility easement along the back where nothing is allowed.

Mr. Carpenter further opined that the amendment seeks County standards which cannot possibly be met. He gave examples and said in his view the County is not tolerant of unmet requirements and in the past has not been very understanding. He recommended that the County be more accommodating to what is there. In his opinion the amendment has no touch with reality and is one of the most restrictive.

Mr. Cross also showed the NBOZ Design Guidelines developed by four municipalities that have properties fronting in that municipality and he outlined the boundaries. The Design Guidelines contain standards for uses, architectural guidelines, landscaping, signage and site design and a description of the parcels. There are only 17 parcels in that corridor which run from Alt A1A running west to Home Depot Plaza, east of I-95. He offered to circulate the Guidelines among members.

Mr. Cross added that provisions are being made that would allow application for waivers from the ULDC. The procedure is to apply to the local zoning body, and the more restrictive of the two sources of regulations would apply.

Mr. Cross went on to clarify the following points:

- The Design Guidelines recognize that a local jurisdiction can use its own ordinance and waiver processes. Under today's Code it is possible to get a variance from the Design Guidelines and also from the ULDC. If there were a sign height issue a variance from either is possible.
- The deadline is February 16, 2016, but the proposal is to delete that deadline.
- The changes on page 15, lines 30 to 36, propose (1) to do away with compliance deadline as in the ULDC, and (2) recognize that other jurisdictions have provisions for waivers. Waivers are only from the design guidelines, not granting permission to get waivers from the ULDC. It has to be demonstrated that the waiver is consistent with the Design Guidelines and with the particular department, e. g., landscaping.
- There will be more flexibility throughout the most restrictive standards for the 17 properties which will enable persons to apply for waivers.
- Rebecca Miller and Larry Smith who represent car dealerships have discussed their clients need for more flexibility and Zoning is more than willing to initiate this amendment to increase development there

Mr. Baumoehl questioned who monitors the Design Guidelines and Mr. Cross confirmed that each jurisdiction monitors and applies the guidelines to each development order that comes in. Staff consults both the ULDC and the Design Guidelines and determines which is more restrictive.

In response to Mr. Baumoehl's question Ms. Kwok stated that Zoning does not have a registered architect but has staff with architectural training and they are part of the review team.

Mr. Berger confirmed that deleting the deadline technically takes effect on the 17 parcels in the unincorporated areas but he did not believe that is being enforced in an orthodox way.

Mr. Cross responded to Ms. Brinkman's question confirming that if a property is not in compliance with signage requirements of the NBOZ but conforms to ULDC, they can request a waiver to keep their sign.

PALM BEACH COUNTY LAND DEVELOPMENT REGULATION ADVISORY BOARD (LDRAB)

Minutes of October 28, 2015 Meeting

Ms. Rebecca Miller, representing the Napleton Group in Florida, stated that several projects with full intent to improve sites have encountered difficulties under the current long, expensive process. It has been challenging and the Group fully supports the Zoning staff measures to uncomplicate the process and create a level playing field. She stressed appreciation for Zoning staff's support of their interests and said with the improved process time sensitive issues could go away.

Mr. Larry Smith introduced himself as the Attorney for Napleton Group, and for limited purposes, Schumacher Automotive. He also expressed great appreciation for Zoning staff's initiative on the variance issue as there is a clear need for a smoother process. Other municipalities have waiver processes built into their Code.

Mr. Smith said he reviewed the Exhibit and noted in Table 3.N.8.E on page 16 specific sections were listed to which the waiver process would apply. He requested the Board to consider including in Article 5, Signage and Outdoor Displays, Section 5-4, Temporary Signs and most importantly Section 5-5, Accessory Signs. He added, Accessory Signs include directional signs which are important to get people around in the auto parcels. In this case the NBOZ is more restrictive than the County ULDC. Adding those into the Table will not be detrimental

Mr. Cross responded to Mr. Gulisano's question as to what is considered temporary signs by saying that they are only allowed by Special Permit for grand openings or special sales events. In the NBOZ Design Guidelines temporary signs have to be taken down within 48 hours afer the event. The County does not specify a time frame but usually they are taken down after the event. On Accessory signs he commented that staff is looking at a 52 page document and may limit to be consistent with the design guidelines.

Motion by Mr. Gulisano to support the amendment, seconded by Mr. Carpenter, as amended. Motion passed (9 -0). Ms. Brinkman abstained from voting.

C. PUBLIC COMMENTS

There were no public comments.

D. STAFF COMMENTS

1. Public and Civic URP Subcommittee rescheduled to Nov. 9, 2015

Mr. Cross said that the Public and Civic URP Subcommittee Meeting was rescheduled to November 9. He is hoping for high attendance from members, a good meeting and good feedback, so that the LDRAB can be spared a full, lengthy review and discussion on the amendments. If attendance is poor the whole exhibit would be brought to LDRAB for a more indepth review.

2. October 28, 2015 BCC Direction on PIA for Agricultural Recycling

Mr. Cross referred to the Privately Initiated Amendment (PIA) for waste recycling presented at the last LDRAB meeting and provided the following update.

- He stressed the fact that the PIA is requesting Agricultural Recycling be done in the AP (Agriculture Production) or AR (Agriculture Residential), not to be confused with the AGR (Agriculture Reserve).
- The BCC did not choose any of the options either to initiate or not. The recommendation is to work with Commissioner McKinley's office which is currently coordinating meetings to develop long range solutions to the equestrian waste issue.
- Ms. Verdenia Baker, County Administrator, will determine the method updates will be made to the BCC, whether through a workshop, memo, or other.
- Ms. Rebecca Caldwell, Ms. Maryann Kwok and Mr. Cross attended a meeting in Wellington organized by the District 6 Commissioner. Mr. Cross reiterated Wellington's water quality issues related to equestrian waste. Wellington officials are looking to coordinate with the County, interested municipalities and other regulatory agencies, so that the matter can be addressed in an environmentally friendly way. There will be a follow-up meeting in February to look at enforcement and regulations and other ways to look at the issue. The Board will be updated.

PALM BEACH COUNTY LAND DEVELOPMENT REGULATION ADVISORY BOARD (LDRAB)

Minutes of October 28, 2015 Meeting

3. December 9, 2015 LDRAB Meeting

Mr. Cross stated that seldom is there a meeting in December, but there will be one on December 9, 2015 for a PIA from Florida Power and Light (FPL). The PIA is to amend cellular attached to existing structures, used in conjunction with an FPL transmission line located at a sub-station. It is a big topic and will be brought to the LDRAB to initiate or not to initiate an amendment.

Mr. Cross confirmed that there will be a meeting on November 18, and one on December 9, 2015.

E. ADJOURN

The Land Development Regulation Advisory Board meeting adjourned at 3:03 p.m.

Recorded tapes of all LDRAB meeting are kept on file in the Palm Beach County Zoning/Code Revision office and can be requested by contacting the Code Revision Section at (561) 233-5213.

It applies equally to members of advisory and non-advisory bodies who are presented with a voting conflict of interest under Section 112.3143, Florida Statutes.

Your responsibilities under the law when faced with voting on a measure in which you have a conflict of interest will vary greatly depending on whether you hold an elective or appointive position. For this reason, please pay close attention to the instructions on this form before completing the reverse side and filing the form.

INSTRUCTIONS FOR COMPLIANCE WITH SECTION 112.3143, FLORIDA STATUTES

A person holding elective or appointive county, municipal, or other local public office MUST ABSTAIN from voting on a measure which inures to his or her special private gain or loss. Each elected or appointed local officer also is prohibited from knowingly voting on a measure which inures to the special gain or loss of a principal (other than a government agency) by whom he or she is retained (including the parent organization or subsidiary of a corporate principal by which he or she is retained); to the special private gain or loss of a business associate. Commissioners of community redevelopment agencies under Sec. 163.356 or 163.357, F.S., and officers of independent special tax districts elected on a one-acre, one-vote basis are not prohibited from voting in that capacity.

For purposes of this law, a "relative" includes only the officer's father, mother, son, daughter, husband, wife, brother, sister, father-in-law, mother-in-law, son-in-law, and daughter-in-law. A "business associate" means any person or entity engaged in or carrying on a business enterprise with the officer as a partner, joint venturer, coowner of property, or corporate shareholder (where the shares of the corporation are not listed on any national or regional stock exchange).

ELECTED OFFICERS:

Part 1. ULDC Art. 2.D.1.G.1, Modifications to BCC/ZC Approvals [Related to Administrative Process for Modifications to Prior Development Orders], (pages 39 of 87), is hereby amended as follows:

Reason for amendments: [Zoning] This amendment is in response to feedback solicited from the Development Review Advisory Committee (DRAC) relating to a request to allow for increased flexibility for projects developed by single entities. The proposed amendment revises the existing Development Review Officer (DRO) authority to modify BCC or Zoning Commission (ZC) by changing the thresholds related to the maximum percentage a previously approved building footprint may be increased by relocation from other buildings, from 25 percent to 50 percent. This change is made to allow more flexibility to amend BCC or ZC approval through the DRO review for individual buildings.

6 CHAPTER D ADMINISTRATIVE PROCESS

7 Section 1 Development Review Officer (DRO)

G. Modifications to Prior Development Orders

1. Modifications to BCC/<u>or</u>ZC Approvals

The DRO shall have the authority to approve modifications to a Development Order approved by the BCC or ZC. An application for an amendment shall be submitted in accordance with Article 2.A.1, Applicability, and reviewed in accordance with the standards in Article 2.D.1.C, Review Procedures. Applications must be submitted on deadlines established on the Zoning Calendar. The authority of the DRO to modify a BCC or ZC approved plan shall be limited to the following: **[Ord. 2008-003] [Ord. 2010-005] [Ord. 2010-022] [Ord. 2011-001]**

- a. The relocation of no more than 25 percent of the total approved square footage or other area indicated as being covered by buildings or structures to portions of the site not previously covered.
 - 1) No modification shall relocate square footage to a building that enlarges the footprint more than 25 50 percent of the building area indicated in the latest BCC/ or ZC approved plan; [Ord. 2015-006]
 - Relocated square footage shall not be used to create additional freestanding buildings or structures. This shall not apply to accessory structures which are not subject to Concurrency review in accordance with PPM-ZO-O-049, Permits Not Subject to Concurrency Review; and, [Ord. 2009-040] [2015-006]
- An increase in the square footage indicated on the most recently ZC or BCC approved Plan(s) shall be subject to the following: [Ord. 2008-003] [Ord. 2009-040] [Ord. 2014-025]
 - Maximum of five percent or 5,000 square feet of any building, structure or outdoor area considered as square footage, whichever is less; [Ord. 2014-025] [Ord. 2015-006]
 - 2) Maximum 5,000 square feet of the total ZC or BCC approved square footage; and, [Ord. 2014-025] [Ord. 2015-006]
 - 3) The allowable five percent or 5,000 square feet shall not be used to create new freestanding buildings or structures. This provision shall not apply to accessory structures which are not subject to Concurrency review in accordance with PPM-ZO-O-049. [Ord. 2015-006]
- c. Additions to or relocations of buildings and structures shall not be constructed closer to perimeter property lines than shown on the plan approved by the BCC or ZC, unless the FLU designation, Zoning district, or existing use of the adjacent parcel is compatible; [Ord. 2009-040] [Ord. 2011-001]
- e. An overall increase of not more than ten percent of the height of any structure;
- g. Relocation of open space or recreation areas, provided that the request does not result in a substantial change in the amount, configuration, or character of open space or recreation approved by the BCC or ZC; **[Ord. 2008-003]**
- i. The applicant shall demonstrate compliance with Article 2.F, CONCURRENCY (ADEQUATE PUBLIC FACILITIES) for any increase in density or intensity beyond the original Development Order or addition or modification of phase lines; [Ord. 2008-003] [Ord. 2009-040] [Ord. 2011-001]
- j. The applicant shall demonstrate compliance with Article 12, TRAFFIC PERFORMANCE STANDARDS, without additional conditions of approval to ensure compliance, as determined by the County Engineer for any increase in traffic impact beyond what was

- To establish procedures to allow for expedited approvals of specific minor corrections, additions and amendments to Final Plans approved by the BCC, ZC or DRO. [Ord. 2007-001] [Ord. 2014-001] [Ord. 2015-006]
- **Reason for amendments:** [Zoning/Development Review Advisory Committee DRAC]
- 2. Expand standard related to the building square footage increase permitted under the DRO Agency Review process. The building square footage increase will be limited to the lesser area between the new threshold of five percent and the existing regulation of a maximum of 2,500 SF per building.
- 3. This amendment clarifies thresholds between Agency Review and DRO processes to increase total square footage on the latest Development Orders approved by the BCC, ZC or DRO. It establishes the maximum increase of square footage to be 2,500 SF through Agency Review while DRO process allows a maximum increase of 5,000 SF.
- 4. Clubhouse in a Recreation pod of a Planned Unit Development (PUD) and Planned Industrial Planned Development (PIPD) requires full DRO approval for the original site plan, however, subsequent increase or relocation of square footage can be accommodated through DRO Agency Review.
 - b. Agency Review

Agency Review is for applications that require amendment(s) to existing approved plan(s). This type of application requires review, comments, and conditions by a maximum of five DRO Agencies. The DRO shall determine which Agencies are required to review the amendment based upon the request and compliance with County Ordinances. The Zoning Director shall maintain PPM Z0-0-29, Administrative Modifications to Approved Site Plans, outlining a list of minor amendments and establishing items that are exempt from the Expedited Administrative Modifications to BCC/ZC Approvals, requirements are not exceeded: [Ord. 2008-003] [Ord. 2011-001] [Ord. 2015-006]

- Increases in building square footage <u>indicated on the latest BCC, ZC or DRO</u> <u>approved plan shall be limited to the following:</u>
 [Ord. 2008-003] [Ord. 2014-001] [Ord. 2015-006]
 - a) up to a mMaximum of five percent or 2,500 square feet of any building, structure or outdoor area considered square footage, whichever is less;, [Ord. 2008-003] [Ord. 2014-001] [Ord. 2015-006]
 - b) Maximum 2,500 square feet of the total BCC, ZC or DRO approved square footage; and,
 - <u>c)</u> Increases in square footage shall not be used to create new freestanding buildings or structures. [Ord. 2008-003] [Ord. 2014-001] [Ord. 2015-006]
 - <u>d)</u> This-Provisions a) to c). above, shall not apply to accessory structures which are not subject to Concurrency review in accordance with PPM-ZO-O-049, or clubhouses located in the Recreation pod of a PDD. [Ord. 2008-003] [Ord. 2014-001] [Ord. 2015-006]

AGRICULTURAL EXCAVATION AND TYPE II EXCAVATION APPROVAL PROCESS SUMMARY OF AMENDMENTS (Updated 10/16/15)

1

Reason for amendments: [Zoning]

Amend the Use Matrices in Articles 3 and 4 of the ULDC for Agricultural Excavation and Type 2 Excavation to indicate the most restrictive approval process in the zoning districts where the uses are allowed. The amendment will not change any of the current approval processes, but ensures the most restrictive approval process is listed in the Use Matrices.

Supplementary Use Standards in Article 4.D. for Agricultural Excavation and Type 2 Excavation uses include certain provisions that in some situations cause the uses to be subject to Class A Conditional Use or Requested Use approval, while the uses show a lower approval process in the Article 3 and 4 Use Matrices. Code users usually go to the Use Matrix first and may be misled if the supplemental standards are more restrictive.

The following are the Supplementary Use Standards in Art. 4.D.5.A.5, Use Approval and Procedures and Art. 4.D.5.D.5.c.1), Removal of Excess Fill, that indicate the approval process of the use to be reflected in the Use Matrices:

Agricultural Excavation: "5. Use Approval and Procedures

b. Greater Than Two Acres

Agriculture excavation activity greater than two acres in surface area shall be subject to approval as a Class A Conditional use pursuant to Article 2.B, PUBLIC HEARING PROCEDURES, and this Section. The BCC may permit offsite removal and apply the appropriate compatibility standards of Article 4.D.5.E, Type III Excavations."

Type 2 Excavation:

"c. Off-site Removal

A minimum of 90 percent of the fill shall be used on site, unless unusual site conditions exist. If the applicant must remove more than ten percent of the fill from the site, then use approval shall be required as follows: [Ord. 2004-040]

1) Removal of Excess Fill

If an excess of ten percent of fill is proposed to be removed from a site and no unusual conditions exist justifying removal of more than ten percent of the excavated material, as specified in Art. 4.D.5.D, Type II Excavation, then the applicant shall apply for a Class A Conditional Use or Requested use, pursuant to the standards of Art. 2.B.2, Conditional Uses, Requested Uses, Development Order Amendments, Unique Structures and Type II Waivers, and shall comply with the following standards:"

PRESERVATION OF TREES SUMMARY OF AMENDMENTS

(Updated 11/10/2015)

ULDC Art. 2.G.4.N.2, Jurisdiction, Authority and Duties [Related to Zoning Director] Part 1. 1 2 (page 87 of 87), is hereby amended as follows:

Reason for amendments: [Zoning] Provide the Zoning Director authority to ensure preservation of existing vegetation not covered under the provisions of Art. 14, Environmental Standards.

4 CHAPTER G **DECISION MAKING BODIES**

STAFF OFFICIALS 5 Section 4

N. Zoning Director

2. Jurisdiction, Authority and Duties

In addition to the jurisdiction, authority and duties which may be conferred upon the Zoning Director by other provisions of PBC Code, the Zoning Director shall have the following jurisdictions, authority and duties under this Code:

- i. to review and approve or deny applications for Adequate Public Facilities (Concurrency);
- to revoke or suspend, if necessary, any development order or permit, including a special j. permit, which was issued in violation of this Code-; and,
- to oversee the preservation and maintenance of vegetation not covered under the k. provisions of Art. 14, Environmental Standards, through design review, conditions of approval and inspections.

Part 2. ULDC Art. 7.D.2, Trees (page 19 of 50), is hereby amended as follows:

Reason for amendments: [Zoning] Currently the ULDC only includes provisions to protect vegetation regulated by the Environmental Resources Management (ERM) contained in Art. 14, Environmental Standards. This amendment clarifies that the Zoning Director has the authority to request additional site information to ensure on site vegetation is preserve by including into the site design, or relocated on-site or off-site. In addition, this amendment clarifies that the Zoning Director will have the authority to include conditions of approval to guarantee the protection and preservation of the vegetation on-site.

CHAPTER D **GENERAL STANDARDS** 24

Section 2 25 Trees

Preservation of Trees E.

- The Zoning Director shall have the authority to require the preservation of vegetation on-site <u>1.</u> that is not covered under Article 14.C, Vegetation Protection, subject to the following provisions:
 - Applications submitted for new or modified development proposals shall use the most <u>a.</u> applicable plan to identify existing vegetation proposed to be:
 - 1) Preserved and incorporated into the site design;
 - Relocated on-site; and, 2)
 - 3) Relocated off-site.
 - A Tree Survey may be required as part of the approval of the application for sites that b. support significant vegetation, in order to ensure the final site design incorporates the maximum number of trees.
 - The Zoning Director shall have the authority to condition the approval of the development 2. order to incorporate existing vegetation into the site design.

ART. 7.F.9, INCOMPATIBILITY BUFFERS SUMMARY OF AMENDMENTS

(Updated 11/10/15)

Part 1. ULDC Art. 7.F.9, Incompatibility Buffer (pages 39-40 of 50), is hereby amended as follows:

Reason for amendments: [Zoning] Update Incompatibility Buffer standards to address scrivener's errors, consistency with historical and current practices in determining buffer types.

- 1. Add comma to first statement to clarify that incompatibility buffers apply to all properties not just within a Planned Development, and delete reference to Table 7.F.9.A., which might suggest that other standards don't apply.
- Consolidate language under Art. 7.F.9.A, Type, with existing Art. 7.F.9.B, Determination of 2. Incompatibility Type, and re-order as the first item to establish logical process when applying Incompatibility Buffer standards.
- Clarify applicability of incompatible buffers between uses as applying to both parcels, and 3 acknowledge use of Future Land Use for determining incompatibility buffers in anticipation of future uses.
- Delete requirement for Incompatibility Buffers where there are differences in building height. These 4. provisions would be unnecessary for most compatible uses, mitigated by requirements for increased setbacks for structures greater than 35' in height, and provide little benefit as height would not be mitigated by the six foot visual screening required of for an Incompatibility Buffer.
- 5. Clarify that purpose of requiring a six foot landscape barrier (e.g. hedge, fence or wall) should be measured in such as a way as to mitigate the incompatible use, to be further expanded in concurrent amendment related to how hedge, fence or walls are measured.
- 6. Delete requirement redundant to requirements in Art. 7.F.3.A, Location of Wall or Fence.
- Expand upon recently added use of Type I Waiver process to allow for relief from required Incompatibility Buffers when multi-family units are designed to be integrated with recreation amenities, to include similar uses such as Congregate Living Facilities (CLFs). 7.

CHAPTER D GENERAL STANDARDS 44

Section 9 Berms 45

Berms may be used as non-living landscape barriers only when used in conjunction with plant materials 46 47 and where existing natural vegetation is not disturbed. Berms may be used in conjunction with fences, 48 walls, or hedges and shrubs to meet the total height requirements of incompatibility landscape buffers, as 49 illustrated in Figure 7.D.9.C-4, Berm Elevation and Drainage Requirements, provided that hedges and shrubs are installed at the height necessary to provide the total six foot screen at the time of planting. 50 51 Berms may be installed in preservation areas only where they will not affect the viability of preserved 52 trees and vegetation. Runoff from berms shall be contained within the property, as illustrated in Figure 53 7.D.9.C-4, Berm Elevation and Drainage Requirements, or in a manner approved by the County 54 Engineer. 55

Tier Restrictions Α.

Landscape berms are not allowed within the Exurban, Rural, Agricultural Preserve, or Glades Tiers, unless approved as part of an ALP or located along a Rural Parkway.

Part 5. ULDC Art. 7.D.14, Height Measurement – Grade Changes (pages 27 – 28 of 50), is hereby deleted as follows:

12 F

Reason for amendments: [Zoning]

- Delete and replace with new Art. 7.F.10, Perimeter Buffers with Grade Changes, which clarifies scenario's where increased height may be permitted when a landscape barrier is used in conjunction with a retaining wall in a perimeter buffer. Existing provisions have resulted in confusion in how required Incompatibility Buffer landscape barriers are measured, and in some instances, conflict with natural setback resulting from maximum 3:1 slope when berms are used in a landscaper barrier, as well as standards for how berm height is measured.
- 2. Delete provisions related to height measurement of landscape barriers located in Perimeter Buffers with grade changes to new Art. 7.F.10, Height Requirements for Landscape Barriers with Grade Changes. Relocation and these standards will improve ease of use by collocating in Section where applicable, with updates as needed to reflect increasing use of fill, whether by preference or as may be required by Art. 18, Flood Damage Prevention, where retaining walls are used as an option to increased buffer widths necessary to accommodate 3:1 slope limitation.

Part 6. ULDC Art. 7.F.2.C, Hedges (page 36 of 50), is hereby amended as follows:

Reason for amendments: [Zoning] Clarify that hedges cannot be located along the property line in perimeter buffers to ensure maintenance can be accommodated onsite. Minimum setbacks are typically three feet, but are determined on a case by case basis depending on the type of buffer, additional plant material required, or where access from a R-O-W or other property may be accommodated otherwise.

C. Hedges

Hedges may be used in place of required shrubs in compatibility and incompatibility buffers. Hedges, in combination with a berm, shall be installed in a manner that provides the minimum height required for continuous solid opaque screen at time of planting. <u>It is recommended that</u> <u>hedges collocated in a buffer with berm be located at the top of berm. Hedges shall be setback</u> from the property line a sufficient distance to allow for maintenance, or additional landscape <u>material if required.</u>

Part 2. ULDC Art. 7, Landscaping, is hereby amended as follows:

Reason for amendments: [Zoning] Traditionally, the ALP is a process that by current definition is primarily limited to the preservation of existing vegetation; and this process has not been frequently requested by the applicants. Staff is reviewing the opportunity to expand its application to more processes such Waiver or Variance approvals. These applications oftentimes, include a combination of requests such as preservation of existing native vegetation, elimination or reduction of buffer requirements due to physical site constraints, or to improve site design. Therefore, it is recommended by Staff that the ALP could be utilized as a process to support modifications of landscape requirements based on the above circumstances, or as a graphic document to identify and support the request.

35 Section 3 Alternative Landscape Plan (ALP)

A. Purpose and Intent

An ALP is intended to promote the preservation and incorporation of existing native vegetation or specimen palms or trees, or for the innovative use of plant material and improved site design. [Ord. 2007-001]

- An ALP may be used as a process by which to deviate from certain standards of this Section, or as a substitute for the Landscape Plan for one or more of the following scenarios:
- 1. Landscape design for the site which preserves and incorporates existing native vegetation or specimen palms or trees;
- 44
 45
 46
 2. To demonstrate the Purpose and Intent of Article 7 can be more effectively met, in whole or in part, through alternative design and placement of plant materials in order to address physical constraints on the site or to improve the site design; or,

ZC or BCC Approval If submitted with an application for a rezoning, conditional use, requested use, variance, Type 19 <u>Il Waiver</u> or development order amendment, an applicant may opt to request that the ZC or BCC, whichever is applicable, approve the ALP. The DRO shall review and certify the ALP prior to the ZC or BCC public hearings.</u> [Ord. 2007-001] [Partially relocated from Art. 20 21 22 7.B.3.D.3, Approval Process.] 23 24 Design Principles 25 The ALP may also address unique site constratints and creative alternative design that meets or exceeds the code. To qualify for consideration an application for an ALP shall demonstrate 26 27 compliance with the following principles. [Ord. 2007-001] Innovative use of plant materials and design tec 28 niques in response to unique characteristics of the specific Tier and site. [Ord. 2007-001] 29 Preservation or incorporation of existing native vegetation. [Ord. 2007-001] 30 Use of a variety of plant material, including plants of color, form, and texture, 31 32 minimum requirements. [Ord. 2007-001] 33 Incorporation of naturalistic design principles, such as variations in topography, meandering or curvilinear plantings, and grouping of dominant plant materials (trees, 34 large shrubs) in a manner consistent with existing native vegetation. [Ord. 2007-001] 35 Integration of landscaping and pedestrian facilities in a manner consistent with the Tier in 36 37 which the development is located. In U/S Tiers and in TDD's, this may include reduced ground-level planting within the R-O-W buffer if canopy shade trees along sidewalks are 38 39 provided. [Ord. 2007-001] 40 Use of additional shade trees to create a greater canopy effect. [Ord. 2007-001] A greater degree of compatibility with surrounding uses than a standard landscape plan 41 would offer, provided the resulting landscape conforms with the design principles and 42 guidelines of this Article. [Ord. 2007-001] 43 44 Use of water-efficient irrigation systems and xeriscaping at appropriate locations. [Ord. 45 2007-0011 46 Incorporation of specific environmental attributes such as soil, hydrology, and vegetative 47 communities unique to the site, and which are compatible with environmental features on adjacent properties. [Ord. 2007-001] 48 49 C. Application Requirements 50 An application for a ALP shall be in a form established by the Zoning Director prepared and 51 submitted in accordance with Art.2.A.1.G, Application Procedures, to include the following: [Ord. 52 53 2007-001] 1. Mulch shall be installed and maintained at a minimum compacted depth of three inches at all times in all planted areas not containing ground cover. All mulch material shall be free of seeds and weeds to prevent tree sprouting and re-growth regrowth.

C. Pebble, Egg Rock and Decorative Sand Alternative Materials

Alternative materials such as pebbles Pebble, egg rocks, or decorative sand may be used up to a maximum of ten percent of ground coverage and only in areas needed to accommodate limited roof water runoff.

D. Lawn and Turf Grass

Grassed areas shall be planted with species suitable as permanent lawns and shall reach 100 percent coverage within six months of planting. Grassed areas may be sodded, plugged, sprigged, or seeded., However, provided that sod shall be required between landscape buffers and swales and in other areas subject to erosion). In areas where grass seed is used, millet or rye shall also be sown. These areas shall be properly maintained to ensure for immediate effect, and maintenance shall be provided until <u>complete</u> coverage is complete. Because of their drought resistant characteristics, it is recommended that Bahia grass species be used. Use of drought-tolerant ground cover instead of lawn and turf grass is encouraged. Undeveloped parcels shall be planted as required in Art. 7.E.5.G, Vacant Lots.

ULDC Art. 3.B.4, Glades Area Overlay (GAO) (pages 25 - 28 of 234), is hereby amended Part 1. as follows:

Reason for amendments: [Planning/Zoning] These amendments are being processed concurrently with Comprehensive Plan amendments implementing part of the recommendations of the Glades Region Master Plan (GRMP), which will serve as a guiding blueprint to enhance economic competiveness in the Glades Region. The GRMP was a multi-agency project coordinated by the PBC Department of Economic Sustainability (DES) through funding provided by the U.S. Department of Housing and Urban Development Community Challenge Planning Grant (CCPG).

The DES has tentatively scheduled presentation of the GRMP to the BCC on July 28' 2015 at 9:30 a.m.

See Attached Agenda Item 3.B.4 for the upcoming July 30, 2015 BCC Public Hearing staff report for additional details on the GRMP and related Plan amendments.

5 CHAPTER B **OVERLAYS**

6 Section 4 GAO, Glades Area Overlay

A. Purpose and Intent

The GAO is established to promote sustainable economic diversification in the Glades Area and facilitate development or redevelopment opportunities emanating from the U.S. Department of Housing and Urban Development Community Challenge Planning Grant Glades Region Master Plan (GRMP). The GAO provides flexibility or streamlined procedures for obtaining development approvals, critical to ensuring a timely response to development or redevelopment opportunities that may in the range of uses and PDRs allowed in the Glades Tier to accommodate uses, which if deemed appropriate, will increase job opportunities and improve the economic vitality of the area. In addition, the GAO may include regulations that recognize the character of the area. [Ord. 2014-025]

B. Applicability

The GAO shall apply to all land within the Urban Service Area (USA) of the Glades Tier. All development orders within the GAO district shall also comply with all applicable Joint Planning Area Agreements, pursuant to Florida Statutes. [Ord. 2014-025]

C. Boundaries

The boundaries of the GAO coincides with the USA in the Glades Tier, which is delineated on Comprehensive Plan Map LU 2.1, Service Areas, and is generally comprised of those lands lying near or around the Cities of Belle Glade, Pahokee and South Bay, and the unincorporated community of Canal Point. [Ord. 2005-002] [Ord. 2014-025]

Tier Requirements 1.

The Urban/Suburban Tier Requirements of the ULDC shall apply. [Ord. 2014-025]

D. Approval Process Use Regulation Exceptions

Uses allowed in the GAO shall be permitted, as follows: [Ord. 2005-002] [Ord. 2014-025] 1. DRO and BCC Thresholds

The density, intensity and acreage thresholds of Table 4.A.3.A, Thresholds for Projects Requiring DRO Approval, and Table 4.A.4.A, Thresholds for Projects Requiring BCC

Approval, shall be multiplied by two within the GAO.

24. Administrative Approvals Permitted Uses

General

Uses shown in a Use Matrix as Permitted by Right (P), Special Permit (S), or Development Review Officer (DRO) shall remain subject to the same approval process shown in the Use Matrix. [Ord. 2014-025]

Conditional and Requested Uses

Uses allowed as Conditional or Requested uses in a non-residential Zoning district may be approved by the DRO after compliance with Art. 2.B.2.B, Standards for Conditional Uses, Requested Uses and Development Order Amendments. [Relocated from Art. 3.B.4.D.2, Conditional/Requested Uses below]

Nonconformities <u>C.</u>

1) Nonconforming Use

A nonconforming use permitted to expand subject to DRO approval may be expanded subject to approval of a Special Permit. [Ord. 2006-036] [Ord. 2014-025] [Relocated from Art. 3.B.4.D.3, Nonconforming Use below]

GLADES REGION AMENDMENTS & ART. 3.B.4, GLADES AREA OVERLAY (GAO) SUMMARY OF AMENDMENTS (Undeted 7.16.15)

(Updated 7-16-15)

Part 2. ULDC Art. (page 122 of 234), is hereby amended as follows:

Reason for amendments: [Planning/Zoning] New Future Land Use Element (FLUE) Policy 1.6-e, expands upon existing provisions under FLUE Section III.C.5, Agriculture, by clarifying that the AP Zoning district is consistent with all Future Land Use (FLU) designations, except for Conservation. This furthers current County policy recognizing that existing agricultural uses within the Urban/Suburban Tier (includes the GAO) "...shall be considered to be a conforming use..." It will also allow for new agricultural uses to be established on parcels with an existing AP Zoning district regardless of FLU designation (excluding Conservation), without requiring a rezoning.

Additional revisions to similar provisions for the AR Zoning district are being included to copy existing reference to pre-emption that is located under use regulations for Bona-fide Agriculture, and the deletion of the term "interim" which was removed from FLUE Section III.C.5, Agriculture in 2009 (Ord. 2009-032). Note: Additional revisions related to the proposed Plan amendments for FLU and Zoning district consistency within the GAO, will be consolidated and processed concurrently with similar Plan amendments for Infill Redevelopment, as part of ULDC Amendment Round 2015-02, through amendments to ULDC Art. 3.A.3, Zoning District Consistency with the Future Land Use Atlas (FLUA).

NORTHLAKE BOULEVARD OVERLAY ZONE (NBOZ) SUMMARY OF AMENDMENTS

(Updated 10/23/15)

2 3 4

Part 2. ULDC Art. 3.B.8, Northlake Boulevard Overlay Zone (NBOZ) (pages 30-32 of 234), is hereby amended as follows:

Reason for amendments: [Zoning] The Northlake Boulevard Overlay Zone (NBOZ) is based on an Inter-local Agreement between Lake Park, North Palm Beach, Palm Beach Gardens, and Palm Beach County. The proposed amendments will better align the County's application of the NBOZ Design Guidelines with partner municipalities. Palm Beach County is the last participant in the NBOZ Inter-local to retain a deadline for compliance with the Design Guidelines, which has oft been cited as a burden for affected unincorporated area property owners (17 remaining as of 2015), and some of the municipalities allow for greater flexibility through provisions allowing for use of Waivers.

Background and Summary: As explained in Art. 3.B.8.A, Purpose and Intent (see below), the NBOZ was a multi-jurisdictional effort that sought to improve the overall appearance of properties fronting Northlake Boulevard from U.S. 1 westward to Military Trail. This was to be accomplished through adoption of the NBOZ Design Guidelines, which established a regulatory framework that in most cases strengthened certain development regulations such as sign standards, with the broader purpose of providing a more unified approach to redevelopment along a corridor that is governed by four separate jurisdictions.

The NBOZ Design Guidelines can be found online here: http://www.pbcgov.com/pzb/epzb%20uldc/Northlake/DesignGuide_Northlake_Blvd_Ovrly_District.pdf

The "Design Guidelines" is not a stand-alone Code, but is used in combination with each jurisdictions development regulations, which can be difficult for both applicants and staff in some scenarios. When applying the ULDC and Design Guidelines, the more restrictive provision shall prevail. However, since the adoption of the "Design Guidelines" the County has updated various signage, landscaping and architectural standards within the ULDC to reflect an overall trend towards improving the aesthetics of all development or redevelopment within the County. Subsequently, while still less stringent in some instances, most County standards may be generally consistent with, or exceed, the older standards included in the Design Guidelines.

Under Art. I,.4-4.D, Waivers and Variances, the "Design Guidelines" specifically recognize that partner jurisdictions may allow for Waivers or Variances from certain standards. However, Palm Beach County only has provisions that allow for Variances within the NBOZ. Recently, industry approached the County and the NBOZ Task Force requesting consideration of changes that would greatly revise certain signage or landscaping standards, which neither entity supported. In discussing alternative solutions and in recognition of Waiver provisions offered by other jurisdictions, the County proffered a compromise that would establish administrative Waivers from the Design Guidelines, provided that any Waiver granted would further the purpose and intent of the "Design Guidelines."

As the proposed Waivers only apply to the "Design Guidelines", any deviations from the County's ULDC, or other NBOZ Design Guidelines not specified, would require approval of a Variance, or other Waiver, if permitted.

2 Section 8 NBOZ, Northlake Boulevard Overlay Zone

A. Purpose and Intent

The purpose and intent of the NBOZ is to encourage improvement, enhancement, renovation, and/or redevelopment of the Northlake Boulevard Corridor and to provide criteria by which to review development/redevelopment within the Overlay Zoning District. The criteria outlined in "Design Guidelines: Northlake Boulevard Overlay Zoning District (NBOZ)" will serve to unify commercial development along the corridor and provide a positive collective identity for the corridor. These regulations were prepared under the guidance of the Northlake Boulevard Corridor Task Force (NBCTF) – an intergovernmental task force created by Interlocal agreement composed of two representatives each from PBC, the Town of Lake Park, the Village of North Palm Beach and the City of Palm Beach Gardens. **[Ord. 2011-016]**

B. Applicability

The provisions of the NBOZ, as outlined in "Design Guidelines: Northlake Boulevard Overlay Zoning District (NBOZ)" prepared by Michael Redd & Associates, and dated March 11, 2002, which are incorporated herein by reference, shall apply to all proposed development order applications within the boundaries of the NBOZ, as described in Article 3.B.<u>89</u>.C, Boundaries.

C. Boundaries

The NBOZ includes the public R-O-W for Northlake Boulevard and all properties along Northlake Boulevard from Military Trail to U.S. Highway One for one property depth north and south of Northlake Boulevard, including the street intersection properties at U.S. Highway One and at Military Trail. Unincorporated portions of the NBOZ include portions of Section 18, Township 42, Range 43; Section 17, Township 42, Range 43; Section 24, Township 42, Range 42; and Section 19, Township 42, Range 43, as indicated in the Official Zoning Map.

D. Conflict

In the event of a conflict between the NBOZ and other applicable regulations, the more restrictive regulation shall prevail.

Reason for amendments: [Zoning] Delete deadline to comply with NBOZ Design Guidelines for Signage and Landscaping, for consistency with other jurisdictions participating in the NBOZ Inter-local Agreement. While Lake Park has extended their deadlines, Palm Beach Gardens has deleted them altogether.

29 30 **Deadline to Comply with Requirements for Signage and Landscaping E**.-31 The deadlines to comply with signage and landscaping requirements contained in the provisions of the Design Guidelines for the NBOZ are hereby extended to July 5, 2016. [Ord. 2011-016] 32 [Ord. 2014-025] 33 34 Notice to Property Owners Written certified notice shall be provided by PBC Zoning to the property owner at least one 35 year in advance of the July 5, 2016 deadline. [Ord. 2011-016] [Ord. 2014-025] 36 E. Type I Waivers for NBOZ Design Guidelines 37 38 An applicant may apply for Type I Waivers for development standards contained within the NBOZ 39 Design Guidelines in accordance with Article 2.D.6, Type I Waivers. Applications for Type I 40 Waivers shall be expressly limited to Sections listed in Table 3.B.8.E, Type I Waivers for NBOZ 41 Design Guidelines. Type I Waiver requests shall be submitted concurrently with any other DRO 42 application request for Public Hearing certification, where applicable. 43 44 45

11

Part 1. New ULDC Art. 4.B.4, Institutional, Public and Civic Uses, is hereby established as follows:

- 5 **USE CLASSIFICATION** CHAPTER B
- Institutional, Public and Civic Uses 6 Section 4
 - A. Institutional, Public and Civic Use Matrix

Use Matrix has been provided as a separate handout for ease of use.

Reason for amendments: [Zoning] Codify Palm Beach County Comprehensive Plan Future Land Use (FLU) Element Objective 1.5-r to make the regulations applicable to all uses in the Institutional, Public and Civic Use classification. The objective does not permit the location of institutional and public facilities west of State Road 7 in the Agricultural Reserve Tier in order to preserve farmland and wetlands.

B. General Institutional, Public and Civic Standards 1. Agricultural Reserve (AGR) Tier In the AGR Tier, institutional, public and civic uses are prohibited west of State Road 7.

AIRPORT, LANDING STRIP OR HELIPAD STANDARDS HAVE BEEN RELOCATED TO NEW ART. **4.B.8 TRANSPORTATION USES.**

C. Definitions and Supplementary Use Standards for Specific Uses Type IV Kennel (Animal Shelter)

HISTORY: The Kennel Type IV (Animal Shelter) use definition and supplemental standards were introduced in the ULDC in 2008 by Ordinance 2008-037. The definition and supplemental standards were amended by Ord. 2009-040, Ord. 2010-005, and Ord. 2011-016.

 Reason for amendments:
 [Zoning]

 1.
 Delete Kennel Type IV from the use name to only keep Animal Shelter.
 The change minimizes
 confusion with other commercial kennel uses.

Revise the definition to: 2

- Delete the reference to type of establishment and acreage requirement as an Animal Shelter will be subject to the Property Development Regulations (PDRs) of the zoning district where the use is located. Humane Society and Private Animal Nonprofit organization are defined by Ordinance 98-022 as amended, and therefore regulated by the ACC.
- Delete reference in the use definition related to services. The use definition shall be limited to explain and outline the meaning of a use instead of providing additional information that is developed through separate supplementary use standards.

Rename the Limitations of Use Standard to identify typical services the use is intended to include. 2 Establish ACC Permit standard to clarify that Zoning approval is required prior to application for an 3. ACC Operational Permit.

4. Delete the Hours of Operation Standard as the ACC Ordinance does not identify or regulate business hours. The hours of operation shall comply with new Article 5.E.5, Hours of Operation. Delete the Setback standard related to outdoor areas. Setback requirements will be subject to 5.

standards for kennels and runs under provisions for Accessory Uses found in Art. 5.B.1.A.22, Kennels and Runs.

- a. Definition
 - A not for profit institutional establishment regulated by ACC Ord. 98-022, as amended as a humane society, or private animal non-profit organization on 2.5 acres or more or when open to the public, A nonprofit establishment used for the protection of unwanted or abandoned domesticated animals, the use of which may include sheltering, adoption, fostering, providing rescue or old age homes, medical or behavioral rehabilitation, or other accessory uses as may be permitted by ACC that are not regulated elsewhere by this Code. [Ord. 2008-037] [Partially relocated to Limitations of Use Standard, below]
- ab. Limitations of Use Typical Services
 - All Type IV kennels shall be licensed and regulated by ACC, and complyfollowing. [Partially relocated to Approval Process – ACC Permit Standard, below] Typical services provided by an Animal Shelter may include but are not limited to: sheltering, adoption, fostering, providing rescue or old age homes, medical or behavioral

ARTICLE 4.B, USE REGULATIONS SUMMARY OF AMENDMENTS (Updated 11/12/15)

2. Cemetery

ļ	
	HISTORY: Staff is using Ordinance 1992-020 as the initial reference of amendment history for the Cemetery use. The definition and supplemental standards were amended by Ord. 2003-067, Ord. 2013-
	001 and Ord. 2015-06.
	Reason for amendments: [Zoning] 1. Delete reference in the use definition related to tentative accessory uses or services. The use definition shall be limited to explain and outline the meaning of a use instead of providing additional information that may be developed through supplementary use standards. Definition of chapel will be added to Article 1 to clarify is an accessory use not to be confused with a Place of Worship as defined and developed in this use classification.
;	
	 a. Definition Land used or intended to be used for human or animal interment. A cometery may include an office, chapel, mausoleum, or columbarium. [Ord. 2013-001] ba. Frontage Where permitted in a In-all residential zoning districts, a cemetery shall have frontage on and access from an arterial or a collector street. cb. Lot Size A eCemetery for human interment shall be located on a site with a minimum contiguous area of 30 acres. An existing cemetery having loss acreage shall not be considered a non-conforming use if the acreage shown is consistent with a prior approval. [Relocated to new #2), below] Exceptions to the minimum acreage requirement may be permitted, as follows: [Ord. 2013-001] [Ord. 2015-006] (a) Cemeteries owned and operated by a Place of Worship located within Palm Beach County, whether collocated or remotely located, when on sites less than 5 acres, but not less and equal to or greater than 2 acres, which provides only single-level ground burial. [Ord. 2015-006] (b) County and municipal cemeteries. [Ord. 2015-006] (c) Community and nonprofit association cemeteries, which provide only single-level ground burial and do not sell burial spaces or burial merchandise. [Ord. 2015- 006] (c) Cemeteries owned and operated or dedicated by a Place of Worship prior to June 23, 1976. [Ord. 2015-006] (e) A columbarium consisting of less than one-half acre which is collocated with a Place of Worship. [Ord. 2015-006] (f) A mausoleum consisting of two acres or less which is located on the main campus of a state university as defined in <u>E.Se. §1000.21(6). [Ord. 2015-006]</u> (f) An existing cemetery having less acreage shall not be considered a non-conforming use if the acreage shown is consistent with a prior approval. [Ord. 2015-006]
) ,	[Relocated from #1) above]
	2. Relocate standard allowing a Funeral Home or a Crematory to be collocated with a Cemetery in the Multifamily Residential (RM) Zoning District. The standard is consolidated with regulations that apply to Funeral Home and Crematory uses, respectively.
	3. Clarify that pet cemetery is only permitted in the Institutional and Public Facilities (IPF) Zoning District for consistency with the uses intended to be located in the designation and delete approval from the General Commercial (CG) Zoning District. Pet Cemetery will be permitted to be accessory to any cemetery for humans provided the Pet Cemetery is not located within the minimum acreage required for the Cemetery for humans established by State Statutes.
	4. Florida Statutes 497 regulates Cemeteries as "a place dedicated to and used or intended to be used for the permanent interment of human remains or cremated remains" but it does not cover pet cemeteries. Staff recognizes industry trend to allow pet cemeteries accessory to a Cemetery for human but the minimum lot size of requirements of Cemeteries has to be met as stated in the State Statutes. Consequently, a new standard is proposed to allow accessory pet cemeteries for human internment.
} } }	c. RM District In the RM district, a cemetery may include a funeral home or a crematory subject to approval as a Class A Conditional Use, provided the use is restricted to those being interred within that cemetery. [Ord. 2013-001][Relocated to Crematory Use and Funeral Home use, below]

ARTICLE 4.B, USE REGULATIONS SUMMARY OF AMENDMENTS (Updated 11/12/15)

d. Pet Cemetery

- <u>1) A pet cemetery shall May be permitted only in the CG and IPF Zoning D</u>districts subject to as a Class A Conditional Use approval. [Ord. 2013-001]
- 2) May be permitted as an accessory use to a Cemetery, provided the area dedicated for pet cemetery is in addition to the minimum lot size required for the Cemetery.

Reason for amendments in the Use Matrix: [Zoning]

1. Change approval in General Commercial (CG), Community Commercial (CC), and Public Ownership (PO) Zoning Districts from Class B Conditional Use to Class A Conditional Use. The use cannot be less restrictive in standard zoning district than in Planned Development Districts (PDDs) where additional site design requirements and development patterns are typically exceeded. The approval for the use in the Civic pod of PUD is Class A Conditional use, therefore this change is made to be consistent with approval in PDDs which allows public participation through the hearing process.

7

3. College or University

HISTORY: Staff is using Ordinance 1992-020 as the initial reference of amendment history for the College or University use. The definition and supplemental standards were amended by Ord. 2003-067. Reason for amendments: [Zoning] Delete reference in the use definition related to supporting services or functions necessary for the 1. operation of the use. The use definition shall be limited to explain and outline the meaning of a use. 2. Streamline the approval of the use to make it subject to DRO when standards related to separation from residential, limitation of building square footage, and location on collector or arterial streets are met. The separation standard of 150 feet from residential FLU designation or use is utilized consistently throughout the Code for high intensity uses such as Pawnshop. The limitation of maximum square footage to 30,000 gross floor area responds to the average mid-size college or university which also corresponds to the minimum square footage that will trigger approval of the use by the Board of County Commissioners (BCC) as contained in the Development Thresholds section of this Code. Dormitories shall be counted towards the total building square footage. The requirement for freestanding or stand alone use located on arterial or collector street is added to facilitate approval and promote location of College or University use in Planned Development Districts and infill parcels and minimize the impact to adjacent uses or roads. 3. Clarify that dormitories shall be considered incidental use to a College or University to be allowed as long as they are owned or operated by the educational institution. If this provision is not met, the use will be considered residential and will be subject to the residential use standards. a. Definition An institution of higher learning offering undergraduate or graduate degrees, and including the buildings required for educational or support service laboratories, dormitories and the like. b. Approval Process A College or University allowed as Class A Conditional Use may be approved by the DRO, subject to the following: 1) The property is separated from parcels with a residential FLU designation or use by a minimum of 150 feet; Maximum 30,000 square feet of GFA; and, 3) The use has frontage on and access from an arterial, collector or local commercial street. **Dormitories** <u>C.</u> Dormitories shall be allowed if owned or operated by the College or University. Reason for amendments in the Use Matrix: [Zoning] The use is now proposed to be in the CHO Zoning District, MXPD with CHO FLU designation and TMD Urban/Suburban, Exurban and Rural Tiers subject to Class A Conditional Use approval for consistency of the use approval in similar intensity commercial zoning districts.

ARTICLE 4.B, USE REGULATIONS SUMMARY OF AMENDMENTS (Updated 11/12/15)

4. Crematory

HISTORY: Crematory use was established for the first time in the ULDC by Ordinance 2013-01 in order to respond to industry demand and clarification when the use is collocated with a Cemetery. Reason for amendments: [Zoning]

- Amend definition by deleting reference to Funeral Homes as Funeral Home is another defined use with supplementary standards in the Public and Civic Use classification. The use definition shall be limited to explain and outline the meaning of a use.
- 2. Relocate from Cemetery and consolidate Crematory standard related to collocation of the use under the provisions that pertain to Crematory use. The standard clarifies approval of collocated Crematory to a Cemetery in the RM Zoning District to be Class A Conditional Use since the use is prohibited in the Multifamily Residential (RM) Zoning District as identified in the Use Matrix.

Definition а.

A facility used for the incineration of human or animal remains, excluding activities related eral homes. [Ord. 2013-001]

ab. Equipment Location Crematory equipment shall be located within a fully enclosed building. [Ord. 2013-001] **bc**. Services Prohibited Services such as public observances, sermons or other similar activities shall be prohibited, unless collocated with an approved funeral home. [Ord. 2013-001] d.

Collocated Use In the RM district, a Crematory may be collocated with a Cemetery subject to Class A Conditional Use approval, provided the use is restricted to those being buried within that Cemetery. [Ord. 2013-001] [Relocated from Art. 4.B.4.C.2, Cemetery, above]

Reason for amendments in the Use Matrix: [Zoning] No changes to the approval process have been proposed.

DAY CAMP HAS BEEN RELOCATED TO ART. 4.B.11, TEMPORARY USES TO BE ADDRESSED AT A LATER TIME.

5. Day Care

HISTORY: Staff is using Ordinance 1992-020 as the initial reference of amendment history for the Day Care use. The definition and supplemental standards were amended by Ord. 2003-067. Ordinance 2011-016 clarified use requirement for Family Day Care Home and Large Family Child Care Home (LFCCH) for compliance with Chapter 2010-249, Section 1(3), Laws of Florida. Reason for amendments: [Zoning]

- Clarify the different types of Day Care use by explaining them separately while retaining standards 1. that apply to all Day Care uses.
- 2. Relocate the use is made for consistency with similar uses that are accessory to residential principal uses. The approval is indicated in Table 4.B.1.D - Corresponding Accessory Use to a Principal Use and Permitted by Right (P) accessory to Single Family dwelling, Townhouse, Zero Lot Line, Multifamily and Mobile Home Dwelling in the zoning districts where the principal uses are permitted.
- Delete standard related to the approval of the Large Family Child Care Home (LFCCH) as the 3 approval process is now indicated in the Use Matrix. The use is shown in the Use Matrix to be allowed in the same residential zoning district where Limited Day Care is allowed for consistency with content in the standard to be deleted. Per F.S. 402.302(11), a LFCCH is required to operate for two years as a Family Day Care Home prior to obtain license as LFCCH, therefore this use will be permitted only in the zoning districts indicated in the Use Matrix subject to the previous operation as Family Day Care Home.
- 4. Delete DRO approval standard in the LFCCH to clarify that the use is Permitted by Right when the parcel is 20,000 square feet (SF) or greater since the Use Matrix will reflect DRO as the most restrictive approval process for those smaller lots.
- 5. Create reference to the Residential use classification for Family Day Care Home use to assist the Code user on the location of the use information.

Definition <u>a.</u>

An establishment that provides care, protection and supervision for children when licensed by the Palm Beach County Health Department, or for adults when licensed by the Agency for Health Care Administration (AHCA)., as specified below: [Ord. 2011-016]

ARTICLE 4.B, USE REGULATIONS SUMMARY OF AMENDMENTS (Updated 11/12/15)

Re	ason for amendments: [Zoning]
6.	Delete Farm Workers Quarters from a reference that allowed the Day Care to be accessory to it.
	Farm Workers Quarters is an accessory use in itself, it cannot exist on its own.
7.	Comprehensive Plan Future Land Use (FLU) Element Objective 1.5 does not permit institutional and
	public facilities west of State Road 7 in the Agricultural Reserve Tier in order to preserve farmland
	and wetlands. The standard was deleted to be a general standard applicable to all uses in the
	Institutional, Public and Civic Use classification.
8.	Delete difficult to enforceable standard that limits day cares in industrial zoning districts to serve only
0.	the employees of that zoning district.
0	
9.	Delete a portion of the Outdoor Play Equipment supplementary use standard that requires the site
	plan to show the location of stationary play equipment. Zoning Memorandum PPM# ZO-O-029
	identifies structures that do not need to be shown on the approved Final Plans and it clearly identifies
	playground equipment to be excluded.
	f. AGR District
	A limited day care may be permitted as an accessory use to a church, place of worship,
	farm worker quarters, or assembly non-profit institutional use, subject to DRO approval.
	In the AGR district a day care shall not be located west of SR7. [Partially relocated to
	Limited Day Care standard, above]
	gd. Airport Zoning Overlay
	The establishment of new Limited or General Day Care facilities shall be prohibited in
	accordance with Art. 16.C.1.E.2, Prohibited Land Uses. [Ord. 2011-016]
	he. CRE District
	A gGeneral dDay cCare shall not be located in a CRE district with an RR FLU
	designation.
	i. IND FLU or Pod
	A day care center located in a project with an IND FLU designation or in an industrial pod
	of a PDD shall be for exclusive use on-site employees or contiguous employees.
	1) Exception
	A commercial pod in a MXPD or PIPD shall not be subject to this limitation.
	j <mark>f</mark> . Floor Area
	1) Child Care
	<u>a)</u> For a child d Day <u>cC</u> are with 40 children or less, the minimum floor area,
	exclusive of any area devoted to a kitchen, office, storage and toilet facilities,
	shall be 1,500 square feet.
	b) An additional 35 square feet of floor area or the amount required by the PBCHD
	shall be provided for each child over 40 children.
	2) Adult Care
	For an adult day care, the total amount of net floor space available for all participants
	shall be in accordance with F.A.C. Chapter 58A-6.013, as may be amended, and as
	determined by the AHCA. [Ord. 2013-021]
	kg. Outdoor Activity Area for Child Care
	1) General
	An outdoor activity area shall be provided on the same lot as the day care. The area
	shall not be located in the required front setback or adjacent to any outdoor storage
	area of any existing use.
	2) Square Footage
	Shall be in compliance with the Palm Beach County Rules and Regulations
	Governing Child Care Facilities contained in Section D of Article X of Chapter 1 of
	Appendix D to the Palm Beach County Code, as may be amended. [Ord. 2011-016]
	3) Location of Outdoor Play Equipment
	Stationary outdoor play equipment permanently anchored to the ground shall be
	setback a minimum of 25 feet from any residentially zoned or used property line, and
	ten feet from any other property line. The location of stationary play equipment shall
	be depicted on the site plan. Outdoor play equipment shall not be located in any
	required landscape area or easement.
	4) Shade Trees
	A minimum of one 12 foot tall native canopy tree shall be provided or preserved
	within the interior of the outdoor activity area per 1,500 square feet of area provided.
	5) Fence/Wall
	•
	A minimum four foot high fence or wall shall surround the outdoor activity area.
	H. Drop-off Access
	1) Drop-Off
	One designated drop off space shall be provided for every 20 children or adults.
	Drop-off spaces shall be a minimum of 12 feet in width. [Ord. 2005 – 002]

ARTICLE 4.B, USE REGULATIONS SUMMARY OF AMENDMENTS (Updated 11/12/15)

2) Sidewalk Access

A minimum four-foot wide sidewalk running in front of, or adjacent to the drop-off spaces and connecting to the day care entrance shall be provided.

Reason for amendments in the Use Matrix: [Zoning]

- 1. Change the approval process for Day Care General in AGR Zoning District from Class B Conditional Use to Class A Conditional Use to make the approval consistent with all other zoning districts where the use is permitted.
- 2. Change the approval process for Day Care General in CHO and CG Standard Zoning Districts from Class B Conditional use approval to Class A Conditional Use approval; and, Commercial Recreation (CRE) Standard Zoning District from DRO approval to Class A Conditional Use. The amendments address consistency with the use being subject to Class A Conditional Use in PDDs.
- 3. Allow the use in CLO and CHO FLU designation of IRO to be subject to Class A Conditional Use approval for consistency with the approval of the use in similar commercial standard zoning districts.
- 4. Change the approval process for Day Care General in Industrial Light (IL) and Industrial General (IG) standard Zoning Districts from Class B Conditional Use to Class A Conditional Use approval. The change is made for consistency with the approval of the use in PIPD industrial light and general pods and the proposed approval of the use in MUPD with Industrial (IND) and Economic Development Center (EDC) FLU designation. Non-industrial uses such as Day Care support of employment centers and help in the implementation of mobility strategies.
- 5. Change the approval for Day Care General in IPF from Class B Conditional Use to Class A Conditional use for consistency with the use in MUPD with INST FLU designation.
- 6. Modify the approval for Day Care Limited in CL FLU designation of Infill Redevelopment Overlay (IRO) from Class A Conditional Use to Class B Conditional Use; and, allow the use in CLO FLU designation and CHO FLU designation in IRO to be subject to Class B Conditional Use and DRO approval respectively, for consistency with the approval of the use in CL, CLO and CHO standard Zoning Districts.
- 7. Add Large Family Child Care Home to the Use Matrix to clarify approval process and differentiate from General, and Limited Day Care uses. The use approval is added to the Agricultural Residential (AR) Rural Service Area (RSA) and Urban Service Area (USA), Residential Estate (RE), Residential Transitional (RT), Residential Single Family (RS) and Residential Multifamily (RM) Zoning Districts subject to DRO approval as well as the Urban Redevelopment Area Overlay (URAO) where Single Family dwelling use is allowed. The use is Permitted by Right (P) when located in parcels 20,000 square feet (SF) or greater, as noted on a specific standard, but the Use Matrix indicates DRO (D) approval to reflect the most restrictive process when the parcel is less than the 20,000 SF.

6. Funeral Home

HISTORY: Crematory use definition was established for the first in the ULDC by Ordinance 2013-01 in order to respond to industry demand and clarification on when the used is collocated to Cemetery.
Reason for amendments: [Zoning]

- 1. Amend definition by deleting reference to Cremation as Cremation is another defined use with supplementary standards in the Institutional, Public and Civic Use classification. The use definition shall be limited to explain and outline the meaning of a use.
- Relocate and consolidate Crematory standard to keep all related standards under the provisions that pertain to Crematory use. Stand alone Crematory is prohibited in the Multifamily Residential (RM) Zoning District. The relocated standard from Cemetery clarifies Class A Conditional approval is applicable to Crematory when collocated to a Cemetery in that Zoning District.

a. Definition

- An establishment which arranges and manages funerals and prepares human or animal remains for interment, excluding cremation. [Ord. 2013-001]
- <u>Zoning Districts IL, or IG, District and or MUPD with IND FLU</u> A funeral home shall be limited to preparation for interment. No public observances, sermons or funerals shall be permitted. [Ord. 2013-001]
 <u>Collocated Use</u>
- <u>c.</u> <u>Collocated Use</u> In the RM district, a Funeral Home<u>may be collocated with a Cemetery</u> subject to Class A Conditional Use<u>approval</u>, provided the use is restricted to those being <u>buried</u> within that Cemetery. [Ord. 2013-001] [Relocated from Art. 4.B.4.C.4, Cemetery, above]

Reason for amendments in the Use Matrix: [Zoning] No changes to the approval process have been proposed.

8. Homeless Resource Center (HRC)

HISTORY: The Homeless Resource Center (HRC) use definition and supplemental standards were first referenced in 2009 (Ord. 2009-040) Reason for amendments: [Zoning] Revise the definition to: 1. Clarify that a Homeless Resource Center can be a public or private establishment. Publicly owned Homeless Resource Centers were referenced in the Government Services Use and relocated to the Homeless Resource Center use so that both distinctions would be incorporated into one use. Relocate typical services to a new supplemental standard. Typical services reference is not a function of the definition. Revise the Location and Separation Requirements standard to delete the Fire Rescue provision. 2. Fire Department verifies through concurrency review process if a fire rescue station response time and accessibility is within the goals of that department to respond to any use 3. Establish a standard that recognizes government operated or owned Homeless Resource Centers approved during the period when this use was created and the effective date of this ordinance to consider them conforming. This change is made in response to the deletion of a standard that allows Homeless Resource Centers to utilize with Government Services approval. 3 4 **Definition** 5 A facility public or private establishment that provides multiple services for the homeless 6 population. Typical services include: counseling, kitchen and dining facilities, medical and dental outpatient facilities, temporary housing, intake, social services, employment 8 services, and administrative offices. **Typical Services** 9 b. 10 Typical services provided by a Homeless Resource Center may include but are not limited to: Counseling, kitchen and dining facilities, medical and dental outpatient facilities, temporary housing, intake, social services, employment services, and administrative 12 offices. ac. Location and Separation Requirements For the purpose of required separations, measurements shall be made from facade to 15 16 facade, except where the separation required is between a structure and a district 17 boundary. [Ord. 2009-040] 1) A minimum 250 foot separation shall be required from the property line of 18 19 residentially zoned parcels. Type II variance relief, in accordance with Article 2.B, Public Hearing Process, may be requested if this standard cannot be met. Facilities 20 located in the PO <u>zZ</u>oning <u>dD</u>istrict may request a <u>PO</u> <u>dD</u>eviation from this requirement pursuant to the standards in Article 5.A.3, Deviations for the PO Zoning 22 23 District. [Ord. 2009-040] 24 2) A Homeless Resource Center (HRC) shall not be located within a 1,200 foot radius of another HRC. [Ord. 2009-040] 25 26 The applicant shall obtain certification from Palm Beach County Fire Rescue that a 3) fire rescue facility is available to serve the proposed facility. Certification shall be provided prior to issuance of the development permit. [Ord. 2009-040] 28 bd. Facility Use 29 30 A minimum of twenty-five percent of the GFA shall be reserved for accessory service delivery other than temporary housing. [Ord. 2009-040] Subsequent Development with Locational Standards Nonconformities 32 <u>се</u>. 33 The subsequent approval of a development order for a residential district shall not change the status of the HRC to a nonconforming use. The use does not meet the intent of the Community Commercial Zoning District as this district is to provide neighborhood serving commercial facilities. An Homeless Resource Center is more of a regional serving facility. Change the approval process in CHO and CG Standard Zoning Districts from Class B Conditional Use to Class A Conditional Use. The change is made for consistency with the approval of the use in similar zoning districts.

Add Class A Conditional Use approval process to the CH and CHO of the IRO Zoning Districts. The use is proposed to be changed from DRO approval to Class A Conditional Use in the IL Zoning District and subject to Class A Conditional use in the MUPD with IND FLU designation for

consistency between each other.

- Add Class A Conditional Use approval process to the PO Zoning District. The proposed addition is addressing the relocation of Homeless Resource Center from Government Services. Homeless Resource Center, regardless if the use is private or public, will be subject to the same approval process and supplementary use standards.
- The use is deleted from the Industrial light (IL) pod and Commercial pod of PIPD as it is a nonindustrial use that is not supporting major function of an employment center such as PIPD.

9. Hospital or Medical Center

HISTORY: Staff is using Ordinance 1992-020 as the initial reference of amendment history for the Hospital or Medical Center use. The definition and supplemental standards were amended by Ord. 2003-067 and 2005-002.

Revise use name and definition to remove reference to Medical Center. The industry utilizes 1. "Medical Center" to identify facilities that provide services covered under Hospitals which are approved by the Agency for Health Care Administration (AHCA) as Hospitals. Approvals made to Hospital or Medical Center shall be covered under Hospitals.

Staff recognizes the medical facility industry is emerging and as such needs to accommodate those uses that do not fit neatly into a Hospital use. Staff is proposing to add additional medical facility uses during the Commercial Use Classification review and analysis based on industry standards and state statute. The new uses may include Ambulatory Surgical Center, Emergency Center, Treatment Center or Urgent Care Center.

- 2 Address the licensing requirement for a Hospital by the State of Florida consistent with F.S. 395.003. 3. Delete the Beds standard as the Agency for Health Care Administration's (AHCA) Bureau of Health Facility Regulation addresses bed counts through the Certificate of Need (CON) program. The CON program reviews applications for new hospitals.
- 4. Relocate Helipad and Collocated Medical or Dental Offices standards as collocated and accessory uses will be identified under the individual use in accordance with new formatting protocol. The Code addresses instances where uses can be collocated and would be subject to the approval process identified in the new Use Matrix.

ARTICLE 4.B, USE REGULATIONS SUMMARY OF AMENDMENTS (Updated 11/12/15)

10. Assembly, Nonprofit Institutional Assembly

HISTORY: Staff is using Ordinance 1992-020 as the initial reference of amendment history for the Nonprofit Institutional Assembly use. The definition and supplemental standards were amended by Ord. 1995-008, 1997-064, 1999-037, 2000-015, 2001-001, 2001-100, 2003-067, 2005-002, 2007-001, 2007-013, 2010-022, and 2011-016.

Reason for amendments: [Zoning]

- Revise the definition to relocate typical uses to a new standard. Typical uses reference is not a 1. function of the definition.
- Clarify Nonprofit Institutional Assembly meets the intent of the Comprehensive Plan FLU Element 2. Sub-Objective 1.2.1 Revitalization, Redevelopment and Infill Overlay (RRIO) for neighborhood revitalization efforts through the County wide Community Revitalization Team (CCRT) Areas. The revisions will eliminate redundancy and provide flexibility by allowing the use subject to Special Permit to encourage development in the RRIO.
- Delete requirement for the use to serve the farm workers and residents in the AGR Zoning District as 3. it is already addressed by the Comprehensive Plan's FLUE Objective 1.5. Standard related to the location of the use in the AGR Tier west of SR 7/US 441 is relocated from this use to the new general standards at the introductory part of Institutional, Public and Civic Uses. The Comprehensive Plan Future Land Use Element Policy 1.5-r makes the regulations applicable to all Institutional uses.

	Reason for amendments in the Use Matrix: [Zoning] Staff analyzed the approval process consistent with the proposed Place of Worship changes from Class A to Special Permit. Additionally, staff analyzed
	the approval process in standard zoning districts compared to the PDDs where additional site design
	requirements and development patterns are typically exceeded. The use should not be less restrictive in
	the standard zoning districts. The following changes are being proposed:
	 Add the use to the AR/USA Zoning District as a Class A Conditional Use (A);
	 Add the use to the CRE Zoning District as a DRO Approval;
	Change the approval in the CG Standard Zoning District, Commercial Pod of a PUD, MUPD with
	CH, CR, and INST FLU designation, MXPD with CH FLU designation and LCC with CH FLU
	 designation from a Class A Conditional (A) approval to DRO (D) approval; Delete use from MXPD with CHO FLU designation consistent with CHO Standard Zoning District
	 Delete use from MXPD with CHO FLU designation consistent with CHO Standard Zoning District and MUPD with CHO FLU designation as the use is prohibited in these districts; and,
	 Change the approval in the PO Zoning District from Permitted by Right (P) to a DRO Approval.
	Staff is proposing to add the Place of Worship use to the PO Zoning District as a Special Permit
	approval, therefore a Nonprofit Institutional use must be on equal footing or have a more
	restrictive approval process.

12. Place of Worship

HISTORY: The Place of Worship use was first referenced in the 1957 and 1973 Code as "Church or Place of Worship". There were no use specific supplemental standards in either Code. In the 1992 ULDC (Ord. 1992-020) a definition and use specific supplemental standards were referenced. The definition and supplemental standards were amended by Ord. 1993-004, 1997-014, 1999-037, 2001-100, 2003-067, 2005-002, 2005-041, 2006-013, and 2011-016.

BACKGROUND:

The County Attorney's office has recommended to the Zoning Division to review and potentially revise the Place of Worship use in the Unified Land Development Code (ULDC).

A review of national, state and local trends as well as applications for places of worship indicates that "places of assembly" are transforming from the traditional role of providing a limited number of worship services (e.g. one or two days per week) and community support activities, to providing multiple services several days per week and space for an increasing variety of community services, some of which may or may not be related to the practice of religion or support of surrounding neighborhoods. Assembly uses, specifically Places of Worship, are increasingly becoming more common in low density residential districts. The potential for adverse impacts to surrounding areas includes but is not limited to insufficient parking and additional uses that create higher levels of traffic and noise than traditional places of worship. Along with addressing potential adverse impacts on surrounding neighborhoods, local governments must consider the Religious Land Use and Institutionalized Persons Act (RLUIPA) when regulating religious uses. The RLUIPA states that local land use regulations cannot place undue burden on religious practices.

Reason for Amendments: [Zoning]

- 1. Delete the reference in the definition related to seminary. A seminary is defined as a College or University Use.
- 2. Establish standard to address potential modification of or abandonment of existing approvals.

a. Definition

Means a An establishment sanctuary which may include a retreat, convent, seminary or other similar use, owned or operated by a tax-exempt religious group that is used periodically, primarily or exclusively for religious worship, activities and or related services. A place of worship may include collocated facilities that require additional approval, such as a day care, school, cemetery, or CLF. [Ord. 2005-041] [Ord. 2006-013]

b. Existing Approvals

Applicants may seek abandonment of the existing place of worship approval and apply for a Special Permit at any time. Prior approvals may be continued to be utilized subject

	to the limitations in Art. 2.D.1.G, Modifications to Prior Development Orders. A Development Order exceeding the thresholds in Art. 2.D.1.G shall be subject to a Development Order Abandonment (ABN) and a concurrent request for a Special Permit.
3.	Revise the frontage and access requirements to clarify the location of a Place of Worship based on the size of the establishment.
4.	Delete the DRO Approval standard, as it no longer applies due to aforementioned change to the Special Permit process.
	 ac. Frontage and Access Location A place of worship with collocated uses such as a day care, school, CLF, or cemetery; or, in excess of 15,000 square feet of GFA or 350 seats, including accessory uses, shall have frontage on and access from a collector or an arterial street. [Ord. 2006-013] 1) A Place of Worship greater than or equal to 15,000 square feet, including accessory uses, shall have frontage on and access from an arterial or collector street. 2) A Place of Worship greater than or equal to 5,000 square feet and less than 15,000 square feet, including accessory uses, shall have frontage on and access from an arterial or collector street. 2) A Place of Worship greater than or equal to 5,000 square feet and less than 15,000 square feet, including accessory uses, shall have frontage on and access from an arterial, collector or local commercial street. 3) A Place of Worship less than 5,000 square feet, including accessory uses, may have frontage on and access from a local residential street. b. Use Limitations 1) DRO Approval A place of worship not exceeding 3,000 square feet of GFA or 150 seats, including collocated or accessory uses, shall be permitted in the CN, CC, CG, UC or UI, MUPD, MXPD, TMD districts, and a commercial pod in a PDD or TDD subject to DRO approval. [Ord. 2005 – 002] [Ord. 2006-013] [Ord. 2011-016]

	Matrices. Revise the Accessory/ Collocated standard to clarify all collocated uses will be considered conforming so as to not create any nonconformities.
6.	Any amendments to an existing development or new construction that meets or exceeds the maximum square footage in the threshold are subject to BCC or DRO approval. This standard clarifies that Places of Worship are not subject to the Development Thresholds contained in Article 4.
7.	Revise Temporary Sales standard to clarify specific types of sales allowed, differentiate accessory sales are not special events and establish threshold for number of sales allowed. These changes will mitigate prior confusion with other provisions for the more expansive Temporary Sales use (currently considered General Retail Sales), and similar concerns with Special Events, which require a Special Permit.
8.	Delete standard allowing affordable housing subject to Class A Conditional Use approval accessory to a Place of Worship in INST FLU designation. A general standard has been proposed under Residential Use Classification to reference Comprehensive Plan regulation in the Future Land Use Element that limits residential uses in the Institutional and Public Facilities (INST) Land Use designation to accessory affordable housing only.
	2) Accessory/Collocated Use A place of worship not exceeding 3,000 square feet of GFA or 150 seats shall be
	permitted as an accessory use to an assembly, civic, educational or recreational use in any non-residential district, except IL, IG or a PDD with an IND FLU designation, subject
	to approval by the DRO. [Ord. 2006-013] <u>d.</u> <u>Development Thresholds</u> <u>A Place of Worship shall be exempt from the requirements under Development</u>
	<u>Thresholds in Art. 4, Use Regulations.</u> 3) <u>e.</u> Temporary Sales
	Temporary sales, such as rummage, bake, or seasonal sales, shall be <u>pP</u> ermitted <u>by</u> <u>Right</u> as an accessory use <u>to a Place of Worship for a period of up to three consecutive</u> <u>days, limited to four times a year</u> . Temporary sales greater than three consecutive days shall <u>obtain a Special Permit for</u> <u>follow the requirements of Article 4.B.1.A.115.a</u> Temporary Retail Sales.
	 4) Limited Day Care A limited day care shall be permitted as a collocated use to a place of worship with a minimum of 3,000 square feet of GFA or 150 seats subject to DRO approval. [Ord. 2005 – 002] [Ord. 2006-013] [Relocated to Limited Day Care]
	 5) INST In the INST FLU designation, affordable housing shall be permitted as an accessory use to a place of worship, subject to approval of a Class A conditional use. Such housing shall be requested and under the direct supervision of a sponsoring nonprofit organization or community based group, provided at below market rental rates, and not

	based on a land use compatibility analysis of the surrounding area. [Ord. 2006-013]
9.	Delete requirement for the use to serve the farm workers and residents in the AGR Zoning District as it is already addressed by the Comprehensive Plan's FLUE Objective 1.5. Standard related to the location of the use in the AGR Tier west of SR 7/US 441 is relocated from this use to the new general standards at the introductory part of Institutional Public and Civic Use classification. The Comprehensive Plan Policy 1.5-r makes the regulations applicable to all Institutional uses.
	6) AGR District The use shall be limited to that which serves the needs of farm workers or residents of the AGR Tier and shall not be located west of SR 7/US 441. [Ord. 2006-013] [Partially relocated to Article 4.B.4.B, General Institutional, Public and Civic Standards]
Re 1.	eason for amendments in Use Matrix: [Zoning] The Special Permit approval designation will allow Zoning staff to review applications, specific to the use approval only, and prior to Building Review. Accompanying supplemental standards will provide staff clear-cut regulatory framework to review and process requests. This change will amend the existing approval processes from Conditional Use (A) to Special Permit (S) in all zoning districts where the use is allowed.
2.	Add Place of Worship use to the Infill Redevelopment Overlay (IRO) where inadvertently omitted when the district was first established.
3.	Delete Requested Use (R) approval from Mobile Home Planned Development (MHPD) District. The MHPD provisions defer to Planned Unit Development (PUD) regulations for recreation, civic and commercial pods, where the use is more appropriately limited to civic and commercial pods.

ARTICLE 4.B, USE REGULATIONS SUMMARY OF AMENDMENTS (Updated 11/12/15)

- 1 Part 3. New ULDC Art. 4.B.1, Residential Uses, is hereby established as follows:
- 2 **USE CLASSIFICATION** CHAPTER B
- 3 Section 1 **Residential Uses**

4 5 6

7

C. Definitions and Supplementary Use Standards for Specific Uses

4. Nursing Home or Convalescent Facility

Reason for amendments: Staff is using Ordinance 1992-020 as the initial reference of amendment history for the Nursing or Convalescent Facility use. The definition and supplemental standards were amended by Ord. 2003-067 and 2005-002.

- Address the licensing requirement for a Nursing Home by the State of Florida consistent with F.S. 1. 400.021(12)
- Delete Emergency Generators standard as the provision already exists in Art. 5 and is currently a 2. duplicative requirement.

8		
9	<u>a.</u>	Definition
10	_	An establishment where care is offered or provided for three or more persons suffering
11		from illness, other than a contagious disease, sociopathic or psychopathic behavior which
12		is not of sufficient severity to require hospital attention, or for three or more persons
13		requiring further institutional care after being discharged from a hospital, other than a
14		mental hospital. Patients usually require domiciliary care in addition to nursing care.
15	<u>b.</u>	Licensing
16		A Nursing or Convalescent Facility shall be required to be licensed by the State of
17		Florida.
18	<u>c</u> a.	Lot Size
19		A minimum of 10,000 square feet or the minimum requirement of the district, whichever is
20		greater.
21	<u>d</u> ə.	Frontage
22		A minimum of 100 feet of frontage or the minimum requirement of the district. [Ord. 2005
23		- 002]
24	<u>e</u> e.	Access
25		If located in a residential FLU designation category, access shall be provided from a
26		collector or arterial street.
27	<u>f</u> d.	Maximum Number of Patient Beds
28		1) All FLU designations except RR: One bed per 1,000 square feet of lot area.
29		 RR FLU designation: 0.25 bed per 1,000 square feet of lot area.
30	0.	Emergency Generators
31		A permanent emergency generator shall be required for all nursing or convalescent
32		facilities, and shall meet the standards of Art. 5.B.1.A.18, Permanent Generators. [Ord.

ARTICLE 4.B, USE REGULATIONS SUMMARY OF AMENDMENTS (Updated 11/12/15)

- 1 Part 4. New ULDC Art. 4.B.1.D Residential Uses, is hereby established as follows:
- 2 CHAPTER B USE CLASSIFICATION
- 3 Section 1 Residential Uses
 - D. General Standards for Accessory Uses
 - 1. Corresponding Accessory Use to a Principal Use

Reason for amendments:

....

Per F.S. 125.0109, this use shall constitute a valid residential use to be permitted by right in residential zoning districts. F.S. 402.302 defines the use as an occupied residence which makes it accessory to a principal residential use therefore, the use cannot exist on its own. This amendment identifies the use as accessory to Multifamily, Single Family, Townhouse, Zero Lot Line and Mobile Home Dwelling which will allow its location in any of the residential zoning districts where these principal residential uses are allowed.

20 Part 5.21

ULDC Art. 1.I.2, Definitions, is hereby amended as follows:

Reason for amendments:

<u>....</u>

 Introduce definition of Chapel to clarify the use is not the same as a Place of Worship and clarify that the use may be considered accessory, incidental and subordinate, subject to the limitations applicable to any accessory use.

22 CHAPTER I DEFINITIONS & ACRONYMS

23 Section 2 Definitions

24 C. Terms defined herein or referenced Article shall have the following meanings:

25 26 27

28

29

28. Chapel - For the purposes of Art. 4, Use Regulations, means a use other than a Place of Worship, for religious fellowship, prayer or worship as an accessory use to a non-religious institution or use, such as a college, hospital, prison, funeral home, airport, and cemetery. [Renumber Accordingly]
