a. Prior to issuance of a building permit, the property owner shall apply to the Palm Beach County Engineering and Public Works Department for a permit to provide for landscape cutouts within the concrete median of Jog Road Rights-of-Way contiguous to the frontage. As part of this permit process, the property owner shall enter into a Right of Way concrete median cutout; Landscape and paver block Installation including appropriate Maintenance, Removal, and Indemnification agreements. When landscape plantings and the installation of paver blocks are permitted by the County Engineer, the landscape material within the concrete cutouts shall be consistent with the landscaping theme approved by Palm Beach County for this roadway. All landscape material, installation, and maintenance requirements shall be subject to the standards set forth by the Palm Beach County Streetscape Standards. Alternative species and paver block material other than those listed in the County standards may be allowed subject to approval by the County Engineer. (BLDG PERMIT: MONITORING - Eng.) [Note: COMPLETED]

b. All required median landscaping, including an irrigation system, the cost of cutting out the concrete median and the installation of all landscape material shall be funded at the property owner's expense. All landscape material shall also be the perpetual maintenance obligation of the petitioner and its successors, or assignees or duly established Property Owner's Association Perpetual maintenance includes, but is not limited to, pruning, fertilizing and irrigation to the cut out areas. All landscape material shall be installed prior to the issuance of the first certificate of occupancy. (CO: MONITORING - Eng)

c. Declaration of Covenants and Restriction Documents shall be established or amended as required evidencing this obligation prior to issuance of a building permit. (BLDG PERMIT: MONITORING - Eng.) (Previous Condition E9 of Zoning Resolution R-2011-566, Control No. 1998-078) [Note: COMPLETED]

10. Previous Condition E10 of Zoning Resolution R-2011-566, Control No. 1998-078, which currently states:

The Property Owner shall fund the cost of signal installation if warranted as determined by the County Engineer at the northern project driveway and Jog Road. Signalization shall be a mast arm structure installation. The cost of signalization shall also include all design costs and any required utility relocation and right of way or easement acquisition.

a. The property owner shall provide acceptable surety to the Traffic Division in an amount as determined by the Director of the Traffic Division prior to May 25, 2011. (DATE: MONITORING-Eng)

b. In order to request release of the surety for the traffic signal at the above intersection, the Property Owner shall provide written notice to the Traffic Division stating that the final certificate of occupancy has been issued for this development and requesting that a signal warrant study be conducted at the intersection. The Traffic Division shall have 24 months from receipt of this notice to either draw upon the monies to construct the traffic signal or release the monies. In the event that the property is sold, the surety may be returned once

the Traffic Division receives written documentation of the sale and a replacement surety has been provided to the Traffic Division by the new Property Owner. (ONGOING: ENGINEERING-Eng)

Is hereby amended to read:

The Property Owner shall fund the cost of signal installation if warranted as determined by the County Engineer at the northern project driveway and Jog Road. Signalization shall be a span-wire installation. The cost of signalization shall also include all design costs and any required utility relocation and right of way or easement acquisition.

a. The property owner shall provide acceptable surety to the Traffic Division in an amount as determined by the Director of the Traffic Division prior to December 31, 2011. (DATE: MONITORING-Eng)
