RIVIERA BEACH YOUTH EMPOWERMENT CENTER

The **Riviera Beach Youth Empowerment Program (YEP)** completed the renovation of its site, which was **co-funded by Palm Beach County Youth Services Department (YSD)**. The Grand Re-Opening event held on Friday, January 8th, 2016 was started off by a building dedication and a ribbon cutting ceremony conducted by City Council representative Bruce Guyton (District 1), Terence T.D. Davis (District 5), and Cedrick Thomas (District 3); and YSD Senior Program Specialist, Geeta Loach-Jacobson. The YEP facility renovations included updating the building to meet ADA requirements, which included elevator access to the second floor; energy saving lighting, computer lab/classroom expansion, and teen lounge area. The event was attended by over 75 people that included citizens, parents, community youth, City staff, School Board/Adult & Community Education staff, County representatives, and community agencies staff, who had the opportunity to tour the facility, and to participate in the event. ***The Youth Empowerment Center in Riviera Beach provides activities and services to youth ages 13-18***, including after school programs and activities, tutoring/mentoring, job training for in school and out of school youth, information on resources, gang prevention outreach, parenting classes, employment services, Safe Schools Programs and transportation, in an effort to reduce youth violence in Palm Beach County.

Youth Master Plan

The purpose of the Youth Master Planning process is to engage community leaders in an intentional effort to align ongoing work, creating a system of coordinated and collaborative services that meet the needs of children and youth from birth to 22 years of age. Palm Beach County is a multi-cultural community with a history of established good intentions, willingness, and excellence in serving its youth, while also grappling with service gaps, silos, and disparities. The main goal of Birth to 22 is to support the healthy growth, development, and education of our youth, pre-natal through young adulthood, so that they graduate from high school and succeed in life. To this end, a Youth Master Plan, a collaborative document that sets long-term, community-wide goals for young people, and identifies specific action steps for reaching those goals, will be the central piece in providing further guidance and direction on youth centric strategies.

The Palm Beach County Youth Master plan process was officially launched in January 2016 with the Champions Session and the Big Picture Approach Institute with an informational session for local leaders and a two-day intensive training respectively. These two events along with the participation of leaders and service providers set the tone for the current Youth Master Plan collective impact effort through the work of five workgroups and public engagement within eleven community conversations.

The Birth to 22 initiative hosted eleven (11) community conversations in the following locations: Riviera Beach, Delray Beach, Lake Worth, Florida Atlantic University, Belle Glade, Forest Hill High School, Greenacres, Compass, Jupiter and South County Civic Center for those with Special Needs with 725 community members in attendance. Of those participants, 276 were students under the age of 22. In addition to the community conversations, the Birth to 22 Initiative, through the work of the project's consultant, the Forum for Youth Investment from Washington, DC, will compile and analyze the data and generate a report to guide an organized and focused response to the needs of the youth in Palm Beach County. The final Youth Master Plan document is set to be deliv-

The Purple Wall

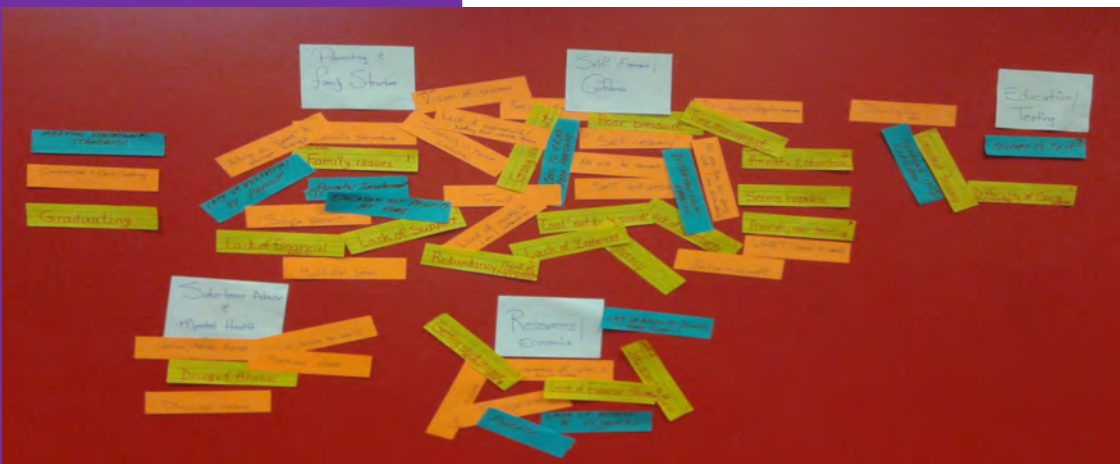

The purple wall is one of many exercises held during the Community Conversation. It is an analytic method of root cause issues. The vertical multicolor sheets on the left side of the purple wall are the highest rated issues (*indicators*) voted by the community members. Each sheet on the left represents a group of 5-8 community members. The clusters emerged out of the cause of that issue and based on commonality among the groups during the conversation. The white sheets over the clusters have an assigned title to identify each clusters.

Education and Training Center

Education and Training Center staff show their support for the anti-bullying message on National Pink Shirt Day

Since January 2015, the YSD Education and Training Center has been working on completion of a Self-Study for accreditation of its Doctoral Internship Program by the American Psychological Association (APA). The internship program has been a member of the American Psychology Postdoctoral and Internship Centers (APPIC) since 2002. A grant in the amount of \$14,900 was awarded by APA's Board of Educational Affairs to assist with costs related to accreditation. After diligent efforts working with the Western Interstate Commission of Higher Education (WICHE) as well as a consultant from Clover Educational Consulting Group, the Mayor signed off, and the Self-Study was finally submitted on March 14, 2016.

Each individual in the photo was involved in some way in the development of the self-study and deserves recognition for this significant accomplishment.

Pictured from left to right are: Giselle Badillo, Senior Clerk Typist, Amanda Terrell, PsyD, Psychologist, Shayna Ginsburg, PsyD, Chief of Clinical Services: Education and Training, Laura Levin, PhD, Psychologist, and Loren Berry, PsyD, Postdoctoral Resident. Many thanks to the Education and Training Center team as well as other RTFC team members who provided input, FCA team members who assisted in utilization of the grant money, Helene Hvizd, Assistant County Attorney, and Tammy Fields, Department Director, to achieve this considerable task.

Mara Velazquez Earns YMHFA Instructor Certification

Congratulations to Mara Velazquez, Ph.D., YFC-West County, Belle Glade, on becoming one of only 14 individuals in Palm Beach County to be certified as a youth mental health first aid (YMHFA) instructor. Over the next three years, through the Project Aware grant with the Substance Abuse and Mental Health Services Administration (SAMHSA), Dr. Velazquez and other community instructors will be training more than 2,200 adults throughout Palm Beach County on the evidenced-based Youth Mental Health First Aid curriculum. Youth Services team members will be a part of these training groups. The department wishes to thank Dr. Velazquez for representing the Residential Treatment and Family Counseling Division and Youth and Family Counseling for her commitment to this great cause.

Pink Shirt Day

Stand Up to Bullying

Pink Shirt Day is about making a difference. The semi-annual event encourages participants to sign and wear a pink pledge shirt to show they are willing to take a visible, public stance against bullying and help promote ways to effectively cope with bullies. On February 24, Youth Services Department employees joined the Literacy Coalition of Palm Beach County and its team of nonprofit partners for a countywide celebration of this international event.

Summer Food Program

Summer BreakSpot, better known as Summer Food Service Program, is a federal nutrition program to make sure kids don't go hungry during the summer. Summer BreakSpot provides free nutritious meals to kids and teens 18 and under. Each supervised location offers nutritious meals, breakfast, lunch or snacks in a safe environment. Palm Beach County has 80 supervised sites. The County hired 10 seasonal food monitor employees to facilitate the function of this program. The food monitors are trained to supervise the daily operation of the program. Keianna Williams is the Program Coordinator who administers and supervises this program.
