No business may apply more often than once every 12 months. The date listed as the Date of Application on the application form shall be used as the measuring date for each 12 month period.

URBAN JOB TAX CREDIT PROGRAM
FLORIDA DEPARTMENT OF ECONOMIC OPPORTUNITY
DIVISION OF COMMUNITY DEVELOPMENT
107 EAST MADISON STREET; MSC 160
TALLAHASSEE, FLORIDA 32399

CLAIMING TAX CREDIT:

Upon approval, you will receive a letter from the Florida Department of Economic Opportunity (DEO) and a notification from the Department of Revenue if claiming a credit against sales and use tax (see below).

CORPORATE INCOME TAX CREDIT INFORMATION:

If an election is made to claim the approved credit against corporate income tax, a copy of the credit approval letter from DEO must be attached to the corporate income tax return (Form F-1120) on which the credit is claimed. Corporate income tax credits which cannot be fully used in the year they first become available may be carried over to succeeding tax years for up to 5 years.

SALES AND USE TAX CREDIT INFORMATION:

If an election is made to claim the approved credit amount against sales and use tax, the Department of Revenue will issue a Department of Revenue Credit Memorandum. The credit memorandum will authorize a credit to be claimed against sales and use tax on Line 8 of Form DR-15 (see instructions for Line 8, in the Department of Revenue Sales and Use Tax Coupon Book). Sales and Use Tax Credits are valid for 12 months from the date of application approval.

NOTE:

If, prior to claiming any credit, the credit election is changed (corporate income tax versus sales and use tax) please notify the Department of Revenue immediately by calling Taxpayer Services Process at 1-800-352-3671, Monday through Friday, 8 a.m. to 5 p.m., Eastern Time. Once the credit has been claimed against either the corporate income tax or sales and use tax, it must continue to be claimed against that tax and cannot be claimed against the other tax.

CALCULATION OF TAX CREDIT:

New Eligible Business: A new eligible business that, on the date of application, has at least the minimum number of qualified employees on the date of application shall receive a tax credit per qualified employee in the amount per employee identified on the above chart for that tier.

Existing Eligible Business: An existing eligible business that, on the date of application, has at least the minimum number of additional qualified employees required for that tier than it had one year before the date of application shall receive a tax credit for each such additional qualified employee in the amount per employee identified on the above chart for that tier. To determine the number of additional qualified employees, the business must determine (a) the number of qualified employees currently employed as of the date of application and (b) the number of qualified employees employed as of one year prior to the date of application. If (a) is greater than (b) and the difference is equal to or exceeds the minimum number of additional qualified employees, then the difference between the two numbers shall be multiplied by the tax credit per additional employee identified on the above chart for that tier.

For an existing eligible business to be eligible for a tax credit, the number of qualified employees employed 1 (one) year before the application date must be no lower than the number of qualified employees on January 1, 2009, or on the application date on which an application was based for any previous application.

DEFINITION OF “SMALL BUSINESS:”

An owner or partner of the eligible business is not a qualified employee. The term “Qualified Employee” also includes an employee leased from an employee leasing company licensed under chapter 468, Florida Statutes, if such employee has been continuously leased to the employer for an average of at least 36 hours per week for more than 6 months. Once an employee becomes a qualified employee of the eligible business, the person keeps that status until he or she is no longer actively working for that eligible business.

DEFINITION OF NEW BUSINESS:

A “*New Business*” is any eligible business first beginning operation on a site in a qualified high-crime area and clearly separate from any other business operation within that qualified high-crime area.

DEFINITION OF EXISTING BUSINESS:
