- A. Bidders and their proposed subcontractors of any tier regulated by the Florida Construction Industry Licensing Board or the Construction Industry Licensing Board of Palm Beach County shall be properly qualified and licensed/certified by the appropriate Board or Boards as required by Florida Statute Chapter 489, or Special Act, Laws of Florida Chapter 67-1876 prior to the time of submission of the bid. The Bidder and subcontractors, including specialty contractors, are required to have an active State Contractors Certification or an active Palm Beach County Certificate of Competency at time of bid submittal. State of Florida Contractor's Certification /Registration license numbers or Palm Beach County Certificate Numbers must be listed at the applicable places on the Bid Form. Any bid which is submitted by a contractor who is not properly licensed/certified at the time the bid is submitted, or which lists a subcontractor who is not properly licensed/certified at the time the bid is submitted, will be rejected as non-responsive.
- B. The Contractor, subcontractors of any tier, and specialty contractors must have a valid Palm Beach County business tax receipt, except where provisions of F.S. 205.065 apply.

In accordance with F.S. 287.133(2)(a), persons and affiliates who have been placed on the convicted vendor list may not submit bids, contract with, or perform work (as a contractor, supplier, subcontractor or consultant) with any public entity (i.e. Palm Beach County) in excess of Ten Thousand dollars (or such other amount as may be hereafter established by the Florida Division of Purchasing in accordance with F.S. 287.017) for a period of 36 months from the date of being placed on the convicted vendor list. The County will not accept bids for this work from a convicted vendor.

In accordance with Executive Order 12549, Contractors and Subcontractors of any tier that are debarred, suspended, or otherwise excluded from or ineligible for participation in federal assistance programs or activities may not submit bids, contract with, or perform work (as a contractor, supplier, subcontractor or consultant) as long as they are on the System for Award Management list of Parties Excluded from Federal Procurement or Non Procurement. The County will not accept bids for this work from a vendor on this list.

There shall be no assignment or transfer of the Bid or the Contract except with the express prior written approval of County, which may be denied or granted at the sole discretion of the County.

In consideration of the County's and/or Homeowners' evaluation of submitted Bids and participation in this process, the Bidder, by submitting its Bid, expressly waives any claim to damages, of any kind whatsoever against the County and the Homeowner(s) including but not limited to, lost profits and consequential damages and any costs or expenses in preparation of the Bid Response, in the event the County or Homeowner exercises its rights provided for in this Invitation to Bid. Bidder submits its Bid Response at its sole cost and expense and at its own risk.

BID PRICES: No unbalanced Bids or front-end loading of Bids will be accepted. If in the opinion of the County, a Bid Item contains inadequate or unreasonable prices for any item, Bid items are not in line with industry standards or averages for the items, then the County can, in its sole discretion reject the Bid in its entirety. In order for a bid to be balanced each item must carry its

proportionate share of direct cost, overhead and profit. Unbalanced items which are provided and/or installed and billed at the beginning of a project also result in "front-end loading". No Front-end loading of bids: This occurs when a bidder submits a relatively high price on items which are normally complete or substantially completed, in the early phases of construction. These items may include: mobilization, clearing and grubbing, maintenance of traffic, insurance and bonds, and/or stored materials. In this context these items would be billed at the beginning of the project and, if paid as billed, result in excess County money expended at the beginning of the project. In bids where a discrepancy exists between the true and correct sum of itemized costs and the total cost (if any) provided by the Bidder, then the true and correct mathematical sum of the itemized costs shall prevail.

Any alteration, erasure, interlineation or failure to specify prices for all items in the bid shall render the bid non-responsive. All prices quoted in the bids shall include all applicable sales taxes.

All prices quoted in all bids shall include all fees, royalties and claims for any invention, or pretended invention, or patent on any article, material, arrangement, appliance or method that may be used upon or in any manner be connected with the construction work intended under this Program.

WITHDRAWAL OR MODIFICATION OF BIDS: Bidders may correct their bids, and may withdraw inadvertently erroneous bids any time prior to the time set for bid opening. Mistakes discovered before bid opening may be modified or withdrawn by written notice from the bidder, signed in the same manner and by the same person who signed the submitted bid, and received in the office designated in the invitation for bids prior to the time set for bid opening. After bid opening, corrections or clarifications in bids shall be permitted only to the extent that the corrections do not materially affect the terms, conditions and specifications, and are subject to County's review and approval.

REJECTION OF BIDS: County reserves the right to reject any or all Bids, and/or to re-advertise, to waive any irregularities, informalities, or technicalities therein, to negotiate Contract terms with the successful bidder, to disregard all non-conforming, non-responsive, unbalanced Bids, or to accept any Bid that in the County's judgment will best serve the public interest and be in the best interest of the County. County and Homeowner reserve the right to cancel the award of any contract at any time before the execution of said contract by all parties without any liability against the County or the Homeowner.

Disqualification of Bidder - Any of the following causes is considered sufficient to disqualify a Bidder, and reject its Bid.

1. Interest by the same person in more than one bid submitted.
2. Collusion among or between bidders.
3. Unbalanced bids; that is bids in which the price bid is out of all proportion to the other bids received.
4. Lack of responsibility on the part of the Bidders. (For example, no bidder would be considered responsible if it had recently failed to satisfactorily carry out any previous contract with Palm Beach County).
5. Lack of the financial, material, equipment, facility, and/or personnel resources and expertise necessary to indicate its capability to meet all contractual requirements.
6. Evidence of bad character, dishonesty or lack of integrity.
7. Lack of current applicable certification and/or license for the purpose of performing the specified work.
8. A dissatisfactory record of performance and experience.
9. History of unsuccessful claims asserted by Bidder against public owners in the State of Florida, such as to establish a trend of improperly asserted claims.

ATTENTION: A Lead Based Paint test has not been conducted on this house. Please refer to the General Requirements, specifically Specifications 9003.6 and 9008, in the Scope of Work for additional requirements.

Governing Order of Contract Documents - The Contract Documents include various divisions, sections, and conditions which are essential parts for the Work to be provided by the successful Bidder. A requirement occurring in one is as binding as though occurring in all. They are intended to be complementary and to describe and provide for a complete Work. In case of discrepancy, the following precedence will govern the interpretation of the Contract Documents prior to award of the contract:

Addenda
Project Specifications
Special Conditions
General Conditions
Technical Specifications/Drawings/Plans
Invitation to Bid
Permits

After award, the Contract Documents, change orders, supplemental agreements, and revisions to plans and specifications will take precedence over any of the above. Detailed plans shall have precedence over general plans. In the event that any conflicts cannot be resolved by reference to this Governing Order of Contract Documents provision, then the County shall resolve the conflict in any manner which is acceptable to the County and which comports with the overall intent of the Contract Documents.

1. **SITE VISIT:** Contractor shall have visited the site and confirmed all site conditions prior to submitting a bid.

2. **INCONSISTENCIES AND INTERPRETATIONS:** Any seeming inconsistency between different provisions of the bid documents or any point requiring explanation must be inquired into by the bidder in writing at least five (5) business days prior to the time specified above for opening bids. After bids responses are opened, the bidders shall abide by the decisions of DHED as to any interpretations. No interpretations of the meaning of the plans, specifications or other bid documents will be made orally to any bidder and oral interpretations and explanations cannot be relied on. All questions and interpretations should be submitted directly to **CIREIS, hed-cireis@pbcgov.org** and if County agrees that a response is appropriate, such response shall be made in writing to all persons who have obtained the Invitation to Bid.

Failure of any bidder to receive or know about any such addendum or interpretation shall not relieve any bidder from any obligation under its Bid as submitted. All addenda so issued shall become a part of the bid documents. It is the sole responsibility of the bidder to monitor the website and email for updates of addenda.

3. **CONTRACT AWARD:** The County will make a determination of the apparent lowest, responsive, responsible bidder that best meets the terms, conditions and specifications which will be most advantageous and result in the best interest of Palm Beach County and the Homeowner(s). Such bidder will be the recommended awardee for the work embraced by this bid, and the County may recommend contract award with such bidder to the Homeowner(s). The Homeowner(s) may then enter into a construction contract with the bidder recommended by the County.

Should the low responsive bidder recommended to the Homeowner(s) fail to enter into a timely contract with the Homeowner as provided, the County may rescind the award recommendation, and recommend the award to the next lowest, responsive, responsible bidder. Such bidder shall then fulfill every stipulation as if it were the original bidder recommended for contract award.

4. **BID RESPONSE:** If selected as the successful bidder, the bidder agrees to execute a Contract with the Homeowner(s). The undersigned proposes to furnish all work, including, but not limited to all labor, materials, supplies, tools, equipment and services required and necessary to perform and deliver a complete Project at the fixed price identified in the bid response.

5. **BID COVERS ALL EXPENSES AND FEES AND COSTS FOR COMPLETE WORK:**

The bidder does hereby declare that the Bid covers all costs and expenses of every kind incidental to the completion of said work and the Contract therefore, including all claims that may arise through damages or other causes whatsoever. The bidder does hereby declare that it shall make no claim on account of any variation from any estimate in the quantities of work to be done, nor on account of any misunderstanding or misconception of the nature of the work to be done or the grounds, subsurface conditions, or place where the work is to be done.

6. **NO COLLUSION:** The bidder certifies that he/she has not divulged to, discussed, or compared its bid with other bidders, and has not colluded with any other bidder or parties to this bid whatsoever. The bidder also agrees to provide a sworn statement to this effect if requested. The bidder hereby declares that no person or persons, firm or corporation, other than the undersigned, are interested in this bid as principals, and that this bid is made without collusion with any person, firm, or corporation, and we have carefully and to our full satisfaction examined the Contract Documents, and that Bidder has made a full examination of the location of the proposed work and the source of supply of materials, and we hereby agree to furnish and pay for all materials, labor, supervision, equipment, supplies, fees, expertise, and services necessary to fully complete all work in accordance with all requirements of the Contract Documents and in accordance with all applicable codes and governing regulations within the time limit specified in the Contract for the lump sum (fixed price) Base Bid. 1. The work to be performed under this Contract is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U. S.C. 170 (Section 3). The purpose of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD-assisted projects covered by Section 3, shall to the greatest extent feasible, be directed to low-and very low-income persons, particularly persons who are recipients of HUD assistance for housing.
2. The parties to this Contract agree to comply with HUD's requirements in 24 CFR Part 75, which implement Section 3. As evidenced by their execution of this Contract, the parties to this Contract certify that they are under no contractual or other impediment that would prevent them from complying with the Part 75 regulations.
3. The Contractor agrees to send to each labor organization or representative of workers with which the Contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers representative of the Contractor's commitment under this Section 3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice.

The Contractor will not subcontract with any subcontractor where the Contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 CFR Part 75.
7. The Contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the Contractor is selected but before the Contract is

8. Noncompliance with HUD's regulations in 24 CFR Part 75 may result in sanctions, termination of this Contract for default, and debarment or suspension from future HUD assisted contracts.

The undersigned also certifies that he/she does not, and will not maintain or provide for its employees any segregated facilities at any of its establishments, and that the undersigned does not permit its employees to perform their services at any location under its control where segregated facilities are maintained, and the undersigned agrees further to provide a signed statement to this effect.

Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity which would otherwise exist as to a party or person described in this paragraph.

Such obligation shall be limited to One Million Dollars per occurrence. Further the indemnification of the Homeowner does not include that the Contractor indemnify the Homeowner for damages to persons or property caused in whole or in part by any act, omission, or default of a party other than:

This indemnification obligation shall not be limited by the type of damages, compensation or benefits payable by or for the Contractor or a subcontractor under workers compensation acts, disability benefit acts or other employee benefit acts. This Homeowner indemnification obligation clause shall survive termination of the Contract.

County Indemnification: Contractor and Homeowner(s) shall indemnify and hold harmless the County and its officials and employees, from all claims, liabilities, damages, losses and costs, fees, from any and all suits and actions of every name and kind and description that may be brought against said County, including, but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the Contractor and persons employed or utilized by the indemnifying party in the performance of the Contract.

Contractor and Homeowner(s) further agrees to hold harmless and indemnify the County for any fines, citations, court judgments, insurance claims, restoration costs or other liability resulting from its activities

on the project, whether or not the Contractor was negligent or even knowledgeable of any events precipitating a claim or arising as a result of any situation involving Contractor's activities. Said indemnification by Contractor shall be extended to include all deliverers, suppliers, furnisher of material or anyone acting for, on behalf of, or at the request of Contractor. Contractor recognizes the broad nature of this indemnification and hold harmless clause and voluntarily makes this covenant. This clause shall survive termination of this Contract.

Legality and Interpretation: In case any one or more of the terms, provisions, or part of a provision, contained in this " Homeowner Indemnification and County Indemnification" herein, shall for any reason be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other term or provision, or part of a provision, of the Contract, but the Contract shall be construed as if such invalid or illegal or unenforceable term or provision or part thereof, had never been contained herein. Upon such determination that any term, or provision or part thereof, is invalid, illegal or unenforceable, in any of the Contract, the court is authorized and instructed to modify the provision so as to effect the original intent of the parties as closely as possible so that the transactions and agreements contemplated in the Contract are consummated as originally contemplated to the fullest extent possible.

Failure to meet this requirement shall be considered default of the Contract.

As a condition of entering into this Contract, the Contractor represents and warrants that it will comply with the COUNTY'S Commercial Nondiscrimination Policy as described in Resolution 2017-1770, as amended. As part of such compliance, the Contractor shall not discriminate on the basis of race, color, national origin, religion, ancestry, sex, age, marital status, familial status, sexual orientation, gender identity or expression, disability, or genetic information in the solicitation, selection, hiring or commercial treatment of subcontractors, vendors, suppliers, or commercial customers, nor shall the Contractor retaliate against any person for reporting instances of such discrimination. The Contractor shall provide equal opportunity for subcontractors, vendors and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that nothing contained in this clause shall prohibit or limit otherwise lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the COUNTY'S relevant marketplace in Palm Beach County. The Contractor understands and agrees that a material violation of this clause shall be considered a material breach of this Contract and may result in termination of this Contract, disqualification or debarment of the company from participating in COUNTY contracts, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third party. Contractor shall include this language in its

subcontracts.

later. However, in the event that this Contract is subject to audit findings, all records shall be retained for ten (10) years in the manner prescribed above or until such audit findings have been resolved, whichever is later.

ARTICLE 23. PARTIAL INVALIDITY

Contractor shall obtain from each of its subcontractors an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an Unauthorized Alien, as that term is defined in section 448.095(1)(k), Florida Statutes, as may be amended. Contractor shall maintain a copy of any such affidavit from a subcontractor for, at a minimum, the duration of the subcontract and any extension thereof.
