CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

In addition to funding received from HUD under the Consolidated Planning, Palm Beach County also utilizes other federal, state and local funding to undertake activities which are geared towards achieving the targets set forth in its Strategic Plan and Action Plan. Among the other funding sources are: SHIP, CARES, HFA, and general revenues. Priorities to be addressed are identified in the Strategic Plan (FY 2020-2024). The Plan also outlines targets to be realized for the goals identified. Activities funded under the Action Plan are determined via the following processes: a competitive application process; selection of specific activities by county's municipal partners after public comments are received from residents; and, by specific recommendations from the Board of County Commissioners. Therefore, activities funded annually under the Action Plan will not necessarily result in the uniform realization of the Strategic Plan goals. FY 2020-2021 marked the first year of the County's Strategic Plan. The chart below shows progress made towards meeting the goals set forth in the Strategic Plan, as well as the extent to which the County has met the goals outlined in the FY 2020-2021 Action Plan.

FY 2020 Goal versus Accomplishments: Two thousand, six hundred and seventy-four (2,674) households were targeted to benefit from housing activities planned to be undertaken during the year. Specifically, these were planned to be newly constructed or acquired single family homes; new rental units constructed and rental assistance. Because of unanticipated CARES Act and CDBG-CV funding, the number of households actually receiving housing benefits was 11,587 and the types of benefits received included down-payment assistance, single-family new construction, homeowner rehabilitation, mortgage assistance, rental new construction, rental rehabilitation, and rental assistance subsidy. The target set for code enforcement was fully met while those set for economic development (both job creation and businesses assisted) were vastly surpassed. It should be noted that for economic development, the county not only utilizes CDBG funds but also Section 108, other Federal resources and county funding. The number of homeless persons targeted to be provided with services was 4,071 but only 2,471 were actually provided with services. This was due to an overestimation of the number of persons who were projected to receive services through the County's Homeless Resource Center. The targets set for public facilities, public infrastructure, public services, and special needs services were all exceeded during FY 2020-2021.

FY 2020-2024 Strategic Plan Targets Versus Accomplishments: As this is the first year of the Five Year Strategic Plan (2020-2024), many of the five year goals created under the Five Year Strategic Plan were not met, however, during this fiscal year, rental housing, and economic development have already exceeded the goals set so far for the Five Year Strategic Plan. This was due to the use of CARES Act and CDBG-CV funds used to assist homeowners and renters to avoid foreclosures and evictions; and to assist businesses that needed financial support to maintain jobs due to the COVID-19 pandemic. At this time, it is too early to determine if all goals under the Five Year Strategic Plan will be met or exceeded.

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

Palm Beach County's performed favorably in achieving the goals outlined in the Strategic Plan and the Action Plan. The County met or exceeded most of its goals and was on track to meet many others. The following describes the extent to which the goals and objectives outlined in the FY 2015-2020 Consolidated Plan and the FY 2020-2021 Action Plan were realized.

Economic Development

During FY 2020-2021, it was anticipated that economic development activities by the County and its partners would generate a total of 135 full time equivalent (FTE) jobs and assist 102 businesses. The County, and its partners, exceeded the Action Plan goal of assisting businesses by 5,373% (5,481) and helped those businesses to create or retain 328 FTE jobs. This was due to utilizing the CARES Act Coronavirus Relief Fund to assist businesses to offset losses caused by the COVID-19 pandemic with the goal of retaining jobs and saving businesses in the County.

Capital Improvements

The FY 2020-2021 Action Plan projected that 51,875 persons would benefit from public facility and public infrastructure activities to be undertaken during the fiscal year. At the close of the fiscal year, the County and its municipal partners completed 12 projects which provided benefits to 56,255 persons.

Housing

For FY 2020-2021, the County projected that 24 home ownership units would be added under the HOME Program. At the end of the fiscal year, the County's housing achievements greatly outnumbered the projected targets due to the use of funding, primarily the Coronavirus Relief Funds (CARES Act), CDBG-CV Program, the Coronavirus Relief Fund and the County's Local Housing Trust Fund to undertake housing activities: 65 households were provided financial assistance to acquire properties, 1,026 households received mortgage assistance to prevent foreclosures, and 233 owner-occupied housing units were either replaced, rehabilitated or had emergency repairs made to the structures. These totals include 3 housing units owned by special needs clients. Additionally, 623 rental units were either constructed or redeveloped utilizing Impact Fee Assistance, or Local Housing Trust funds.

Homeless

During FY 2020-2021, it was anticipated that 4,071 persons would benefit from homeless service activities, and 146 households would receive tenant-based rental/rapid re-housing assistance. At the close of the fiscal year, 2,471 persons (60.69%) benefitted from homeless service activities and 9,640 persons (2,151%) received tenant-based rental assistance/rapid re-housing.

Public Services

During FY 2020-2021, 569 persons were to have benefited from public service activities conducted by non-profit agencies funded in part by the County. County agencies surpassed that goal by 152% (868 persons served). The County met its annual goal of assisting 28 persons with fair housing activities. Also, during the past fiscal year the County exceeded its goal of providing service to special needs persons by 221% (472 persons).

Code Enforcement

CDBG funded code enforcement activities were conducted in 3 municipalities located in the County during FY 2020-2021 and the overall target of beneficiaries was met.

Narrative

For the FY 2020-2021 Action Plan, Palm Beach County allocated 36% of its total CDBG funding to 11 municipal target areas for code enforcement and capital improvement projects. At the end of the FY 2020-2021 fiscal period, the County expended 48% of its FY 2020-2021 (including previous years) CDBG

allocation for code enforcement services and capital improvement projects within the boundaries of 9 municipalities and one area of unincorporated Palm Beach County that contain CDBG Target Areas. These areas are characterized by high concentrations of low and moderate income persons, high concentration of residential structures in need of rehabilitation/demolition, and an identified need for capital improvements.

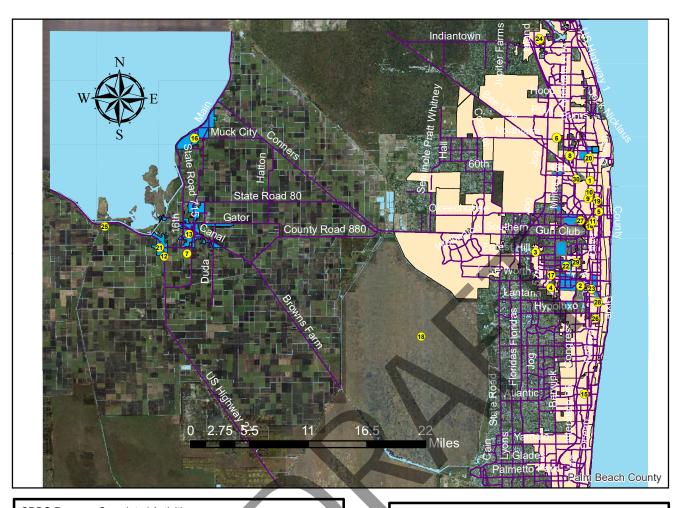

The following map shows the locations of all CDBG funded activities completed in FY 2020-2021.

Describe publically owned land or property located within the jurisdiction that was used to address the needs identified in the plan

The County, through the Property and Real Estate Management Division (PREM), maintains an inventory of County owned surplus land. PREM refers to HED for review properties which may be suitable for use as affordable housing. County owned land may be sold through a competitive bidding process or may be donated to certain entities (non-profit organizations and municipalities) for public and community interest purposes. For FY 2020-2021, the County did not sell or donate new property in connection with affordable housing projects. The County is currently developing a 1.3 acre parcel that will eventually have twenty (20) cottages to be used for transitional housing by homeless families. This development will be leased to and operated by a non-profit agency who will assist the families in their endeavors.

Additionally, the County, in partnership with the City of Riviera Beach, has acquired through foreclosure an undeveloped subdivision that will consist of 22 single family housing units. Once constructed, the 22 affordable units will be sold to eligible households. The project is currently being implemented by HED and the County's Facilities Development and Operations (FDO) Department. FDO is currently procuring architectural and engineering services.

During FY 2020-2021, funding from CDBG, ESG, HOME, SHIP, CARES CRF and Public Housing Authority Programs was utilized to acquire, rehabilitate, and preserve affordable housing and to offer rental assistance to 11,587 households. A disaggregation of the types of assistance provided is as follows: 9,640 renters were provided with rental assistance; 298 rental units were newly constructed/rehabilitated; 22 homeownership units were newly constructed/rehabilitated; 231 owner occupied units and 325 rental units were rehabilitated; and 1,071 homeownership units were acquired, including emergency mortgage assistance to existing homeowners to prevent foreclosure. It should be noted that 3 special needs households were provided with housing assistance.

Of the overall number of beneficiaries assisted, 83% were homeless households and, 17% were non-homeless households, including 0% special needs households.

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The County provided affordable housing assistance to 11,587 households, which surpassed the 2,674 targeted in its FY 2020-2021 Action Plan. It was anticipated that 36 homeowners would benefit from the Community Housing Development Organization Program but all units were incomplete. Housing Finance Authority provided funding to 35 owner units instead of the anticipated 70 units and 500 rental units instead of the anticipated 561 units. Funding was not provided to the Rental Housing Entry Assistance Program as anticipated. The HOME Purchase Assistance Program provided assistance to three (3) homeowners instead of ten (10) anticipated homeowners estimated. The HOME Housing Development Program activities provided assistance to two (2) homeowners instead of the five (5) anticipated and the rental components of 305 units were not complete to assist renters as anticipated. For the majority of the year funding and staff resources were re-prioritized to address housing needs stemming from the COVID-19 pandemic. This is demonstrated by the outcome of 669 emergency mortgage assistance cases instead of the 1,000 estimated in the FY 2020-2021. CDBG-CV funds were not estimated in the FY 2020-2021 Action plan but funding was provided to 350 homeowners to prevent foreclosure; 217 emergency repairs cases; 3,069 CARES emergency rental assistance and 6,389 emergency rental assistance (ERA).

Discuss how these outcomes will impact future annual action plans.

FY 2020-2021 marks the first year of Palm Beach County's 2020-2024 Consolidated Plan. Housing accomplishments for the year totaled 11,587 units/households assisted which surpasses the anticipated 2,674 units/households targeted to be assisted.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

In order to protect young children from lead hazards posed by paint, dust and soil in residential structures, the Housing and Community Development Act of 1974 was amended to include the Residential Lead-Based Paint Hazard Reduction Act of 1992 also referred to as Title X. Although childhood lead poisoning is considered the most preventable environmental disease among young children, many still have elevated blood-lead levels. Lead exposure often occurs with no obvious symptoms, and therefore, it frequently goes unrecognized.

Palm Beach County FY 2020-2021 OMB Control No.:2506-0117 (exp.09/30/2021) 32

In cases where blood lead levels are greater than 10 micrograms per deciliter, an environmental assessment of the child's household is conducted to determine the source of lead exposure.

During the year, DOH-PBC, conducted no lead investigations due to the COVID-19 pandemic. DOH-PBC did conduct 19 community outreach meetings which focused on lead poisoning awareness and health promotion/disease prevention. These meetings resulted in 300 residents participating.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

During FY 2020-2021, actions taken by the County to enhance coordination between housing and service providers included:

- Prior to formulating its Action Plan, HED encouraged interest groups, potential service providers
 and general members of the public to provide input related to the needs to be addressed as well
 as the most effective way to address the identified needs. This early consultation allowed HED to
 become familiar with the funded agencies and their operational procedures prior to funding.
- The County conducted annual monitoring of all funded public service activities and required monthly progress reports on these activities. This coordination between County and subrecipients ensured seamless implementation of the activity and allowed for early identification of potential problems.
- HED had representation on various boards/committees that address homeless issues, housing
 issues, and the identification of areas lacking or having substandard infrastructure and public
 facilities. These include the Housing and Homeless Alliance, the Countywide Community
 Revitalization Team, Housing Leadership Council, Special Needs Advisory Coalition, Affordable

The actions noted above were major contributors to the successful implementation of the activities and programs carried out in FY 2020-2021. The need for radical change has not manifested itself, however, HED will continuously assess these actions to measure their continued effectiveness overtime.

The PBC Office of Equal Opportunity (OEO) and The Legal Aid Society of the Palm Beaches (LAS) are two of several agencies which carry out fair housing education, outreach and enforcement in the County. OEO is fully funded by the County to undertake fair housing activities. In addition to its normal fair housing role, LAS received CDBG funding from Palm Beach County to investigate 28 fair housing complaints from residents and to conduct at least five (5) education and outreach events. The charts below shows both organizations' activities related to reported incidences of fair housing violations based on basis and issues. CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

HED monitoring strategies for the CDBG/NSP programs are outlined in its Monitoring Handbook. The monitoring strategies for the HOME Program, except the Tenant Based Rental Assistance Program are documented in a Monitoring PPM and the outcome from FY 2020-2021 monitoring is documented under CR 50. The Department of Community Services is responsible for monitoring activities funded under the ESG Program. All monitoring are carried out annually.

The Monitoring Handbook establishes standards and provides guidance for monitoring of the activities funded under the CDBG/NSP Programs and aims to:

- Ensure the efficient undertaking of all activities and projects funded and ensure compliance with applicable regulations.
- Help subrecipients/developers to improve their capacity and capability.
- Assure that compliance roles and responsibilities are clearly established across the subrecipient's/developer's system.
- Assure that subrecipients/developers have policies and an internal control system capable of ensuring compliance.
- Assure that auditing and monitoring systems are being used to measure compliance with regulations and policies throughout the organization.
- Report the implementation and effectiveness of the programmatic compliance program to the appropriate oversight agencies.

In order to determine the type of monitoring to be undertaken (in-depth, limited, on-site or desk monitoring), HED undertakes a risk analysis of all subrecipients/developers. The risk analysis process involves a review of the following parameters: amount of funding received (\$2,500,000 triggers in-depth monitoring); organizational capacity; and other relevant information. The analysis is used to categorize funded activities as either high, medium, or low risk.

During FY 2020-2021, HED's Strategic Planning Division, Financial Administration and Loan Servicing Section (FALS), and the Business Compliance Services Section undertook monitoring of 13 public services, 4 code enforcement and 2 economic development activities funded under the CDBG program. The monitoring was performed only in the areas of national objective compliance, and financial management. Findings and concerns were issued and corrective actions implemented. New subrecipients and those which exhibited difficulty in administering funds were subjected to a broader monitoring scope including national objective compliance, program management, financial management and other contractual requirements. Also, the Strategic Planning Division and FALS Section in collaboration with the CIREIS Division monitored 14 completed capital projects. The areas of focus of each activity monitored included

all or some of the following: national objective, financial management, fair housing/equal opportunity, procurement and environmental compliance. The specific area covered is determined through discussion among staff during the risk analysis exercise.

The County's Department of Community Services (DCS) administers the Emergency Solutions Grant (ESG) Program. DCS conducts a monitoring of all ESG-funded activities at least annually. The monitoring ensures compliance with all applicable program regulations and emphasizes client eligibility and appropriate expenditure of ESG funds, among others. Written reports containing the results of the monitoring are submitted to HED. Due to COVID-19, DCS has scheduled the monitoring of the FY2020-2021 ESG funded agencies in December 2021.

The need to ensure compliance with minority business outreach requirements in the procurement of supplies, equipment, construction, or services is outlined in all agreements. HED reviews and approves subrecipients' procurement documents prior to issuance. The Guide for Review of Procurement checklist is completed by HED staff during its monitoring of capital projects or projects where procurement is necessary.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

Prior to submitting the Consolidated Annual Performance and Evaluation Report (CAPER) to HUD, the County, on December 5, 2021 published a public notice in the Palm Beach Post advising the public of the availability of the draft CAPER and solicited comments. The notice was also posted on the County's website at www.pbcgov.com/hed and on the County's social media accounts. Emails concerning the CAPER were sent to all interested parties. Citizens were provided a fifteen (15) day period to offer written comments, either by mail to the Department of Housing and Economic Development (HED) at 100 Australian Avenue, Suite 500, West Palm Beach, FL, or electronically at hedcomments@pbcgov.org. The notice and emails also advised of the public meeting on the draft CAPER that was held in person and virtually on December 14, 2021.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

As stated in its FY 2020-2024 Consolidated Plan, Palm Beach County's goals and strategies are in line with HUD's programmatic objectives of providing decent affordable housing, creating suitable living environments and expanding economic opportunities for low and moderate income residents of the County. For FY 2020-2021, the County continued to undertake program strategies that leveraged available resources and the expertise of partners to maximize the impact of CDBG dollars toward program objectives. These program strategies included: implementing capital projects through County Departments and municipalities; supporting public services delivered by private non-profit partners; and funding economic development services delivered by the Department of Housing and Economic Development (HED) and small business lenders and incubators, among others. During FY 2020-2021, these strategies resulted in the following accomplishments:

- CDBG funding to 13 non-profit public service and County agencies to continue implementing programs that assisted clients, such as homeless persons, victims of domestic abuse, abused and neglected children, and disabled persons, among others assisted 3,115 individuals.
- CDBG funding to 3 Glades municipalities (Belle Glade, Pahokee and South Bay) for code enforcement activities to alleviate blighted conditions benefited over 30,000 residents.
- Completed 12 capital improvement projects in low- and moderate-income areas of the municipalities or in unincorporated Palm Beach County which benefited over 56,000 persons.
- Provided CDBG funds to two business incubators for providing economic development assistance, to help local businesses. This activity created 26 full time equivalent (FTE) jobs and assisted 277 businesses. The County also directly undertook an Economic Development Services Program that assisted over 5,204 businesses and helped to create 302 FTEs throughout the jurisdiction.
- Financial assistance, in the form of a Section 108 Program loan, was provided to a business in the amount of \$5,039,375 during the fiscal year. Businesses in Palm Beach County, which were funded in prior years through the Section 108 Program, created 668 full time equivalent jobs over the course of the fiscal year.

Due to the continued COVID-19 pandemic, no unforeseen problems were encountered during the year in the implementation and management of CDBG funded capital improvement projects. However, public service related activities did encounter problems, as curtailed activities prevented some agencies from assisting their clients and expending funds at a steady pace. As of the August 2, 2021 deadline, the balance of funding remaining in the HED Line of Credit with HUD was within the required 1.50 draw ratio.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants? No.
