Uniformed Personnel: Class A
A Message From The Palm Beach County Fire Rescue Administrator

With the world constantly changing at light speed around us, the fire service has been able to quickly adapt and expand services to meet the community’s needs. Palm Beach County Fire Rescue’s (PBCFR) flexibility, resiliency, and tenacity have allowed us to break boundaries in emergency service delivery during trying times. I can’t think of a more exciting period to lead this phenomenal group of people as we progress with our Vision of Excellence Today, Improving Tomorrow.

PBCFR holds an elite national distinction – we are an Insurance Services Office (ISO) Class #1 rated Fire Department. The Insurance Services Office analyzes the fire suppression delivery of a fire department. Class #1 is the highest possible Public Protection Classification awarded to any fire department after the rigorous testing, reporting, and inspection process. What does this mean for you? It signifies safety and peace of mind knowing you have the best fire and life safety protection available! This is how we deliver Excellence Today.

Public Safety is one of Palm Beach County’s six strategic priorities, signifying that resources and time are imperative to meet the ever-changing needs of our community. As PBCFR’s overall call volume has increased, so has our line-up of specialties, responses, services, and programs. We are an “All Hazards” Fire Rescue agency. We have expanded our reach to encompass a broader range of capabilities. Every advancement is designed with your safety and quality of life in mind. We are continuously looking for ways to keep Improving Tomorrow.

As our County faces massive growth, PBCFR is growing to meet and exceed the needs of our community. This past year, we began the construction of one new fire station and are in the process of planning for more. We’ve purchased new vehicles, apparatus, and equipment to serve you better. Last fall, Hurricane Ian threatened our area, and a strong tornado touched down across a southern Palm Beach County neighborhood. We immediately put our pre-storm season plans into action. We rescued, evacuated, and relocated people to safety using our coordinated storm response with other county government agencies at the tornado site. Our Fire Department also instantly sent personnel and equipment across the state to aid in rescue and recovery efforts without disrupting services at home. It’s important to me that the citizens and visitors of Palm Beach County know we will always be there when they need us the most, no matter the circumstances.

Even with all of the advances in technology and equipment, I know in my heart that it’s people that make a difference for other people. The people who make Palm Beach County Fire Rescue run 24 hours a day, 365 days a year, are second to none! PBCFR employees are providing excellent service every day, and it shows. Our recent PBCFR patient satisfaction surveys tell us you agree, with a 99% patient satisfaction rate. As the Chief of this great department, the survey results reinforce what I have always known – our people love what they do! When you love what you do, it’s not a job; it’s a calling. As the Fire Chief, it is my calling and my duty to keep our fire family members engaged, secure, and safe so they can do the same for your loved ones in your neighborhoods.

Please be sure to check out all the wonderful things happening at Palm Beach County Fire Rescue with our monthly program called “PBC Fire Rescue Today,” airing on PBCTV, Channel 20.

Thank you for allowing us to serve you,

Chief Patrick J. Kennedy
Fire Rescue Administrator

ADOPT-A-PRECINCT PROGRAM
Palm Beach County Supervisor of Elections

Serve your community by adopting a polling location, and earn money for your organization.

WHAT IS ADOPT-A-PRECINCT?
The Adopt-A-Precinct (AAP) program is a partnership in which a participating organization adopts a specific precinct on the day of the election. Your organization recruits staff to be Election Workers on Election Day. We train your staff and assign them to a polling place. After the election, we will write a check to the organization that reflects the pay for the positions your staff worked.

What are the benefits?
✓ Fundraise for a worthy cause
✓ Excellent team building experience
✓ Serve your community
✓ Show your civic pride!

How much can you earn?
The more positions your organization staffs, the more money you can make! On Election Day, a typical team of eight staff members can expect to earn more than $2,000 per election.

ELECTION WORKER REQUIREMENTS
Palm Beach County Election Workers are highly trained individuals who are active voters, serving their community and local government proudly. Election Workers interact well with the public and are able to manage busy situations.

Staff Workers must:
✓ Be a registered or pre-registered voter in Palm Beach County
✓ Be able to work a 14-hour work day
✓ Read, write, and speak English
✓ Remain non-partisan
✓ Arrive at the polling place by 5:30 a.m.

TRAINING REQUIREMENTS
Florida Law requires all Election Workers to attend mandatory training prior to working each election. Training classes run from 2 to 6 hours, depending on job assignment. Florida Law requires all Election Workers to complete a mandatory Conflict Management and Sensitivity Training each election cycle. Compensation for training is included in the Election Worker position rates.

ELECTION WORKER POSITIONS
Clerk
Manages the polling place, picks up supplies on the Monday prior to Election Day, and returns them to the collection center on election night.

Assistant Clerk
Assists the Clerk as needed and assumes the Clerk position in the event of an emergency. Must be comfortable with technology.

Voting System Technician (VST)
Responsible for the setup and break down of the precinct scanner(s) and ADA voting unit(s). Ensures proper operation and maintenance of the equipment to make sure it is functioning as intended. As part of the opening and closing procedures of the polling place, the VST completes the setup and breakdown of the equipment.

Inspector
An Inspector has a few different roles on Election Day. An EVID Inspector processes voters to verify voter eligibility, issues a voter their voting pass and directs the voter to the Ballot Inspector to receive their ballot. A Ballot Inspector reviews the voter’s voting pass and distributes the correct ballot in a secrecy sleeve and reconciles the ballots at the end of Election Day.

Deputy
Is stationed outside the polling location. Establishes the 150-foot no solicitation zone. Stands behind the last voter at 7:00 p.m.

LEAVING YOUR KEY FOB IN YOUR VEHICLE IS A GREAT IDEA....

....FOR CAR THIEVES!!

DO NOT LEAVE YOUR KEY FOB INSIDE YOUR VEHICLE

Car thieves are aware of this act of “convenience” and will steal your vehicle. Even if you live in a gated community, thieves are now gaining access to private developments and are checking for unlocked vehicles....

If found unlocked, not only can your vehicle be stolen but Identity Theft and home burglaries can occur once the thief is inside your vehicle by obtaining your personal information....

BE AWARE that your vehicle may alert the thief it is unlocked by the position of its side mirrors or the courtesy chime if the key fob is present inside the vehicle....
