### Safety Matters

In the midst of the COVID pandemic, many households have converted extra living spaces into an office or virtual classroom to continue work and school remotely. This sometimes means families are at home together, and they are often in different areas or rooms of the home. Unfortunately, there may be some gaps in supervision around chemicals used frequently during these times of hypervigilant cleaning practices. This can possibly lead to exposure and the risk of a poison injury. In this episode find out how emergency responders help citizens by identifying and treating poison injuries.

### Behind The Star

On the February episode of "Behind the Star," we look at how Sheriff Ric Bradshaw made history in Palm Beach County. Also, PBCO is involved in combating COVID-19. We profile the work being done by deputies to help facilitate vaccine distribution across our area.

Airs Mondays at 8:00pm, Tuesdays at 7:30pm, Wednesdays at 6:00pm, Thursdays and Fridays at 9:00am, Saturdays at 2:30pm and Sundays at 1:30pm
