Major industries in Palm Beach County include tourism, agriculture and construction.

There are approximately 1.5 million people living in Palm Beach County. The lifestyles of residents range from urban to rural, with the more densely populated areas in the east.

Many municipalities provide residents with services such as water and sewer, refuse collection, law enforcement and fire rescue. In some communities and unincorporated areas, these services may be provided by county government. To find out if a property address is in an incorporated or unincorporated area, visit www.pbcgov.com/districtlocator or call the Palm Beach County Planning Division at 233-5300.

GOVERNMENT

The Palm Beach County Home Rule Charter became effective in 1985. True Home Rule gives the Board of County Commissioners (BCC) the ability to create, through a local public hearing ordinance procedure, local laws that are not in conflict with or specifically prohibited by state general law or the state constitution. This process is done without going to the Florida Legislature to request special legislation.

The seven-member BCC is the legislative governing body of Palm Beach County. Commissioners are elected to staggered four-year terms by voters in the district in which they reside. The BCC elects a mayor and vice mayor annually.

The BCC usually meets each month in the Jane M. Thompson Memorial Chambers on the sixth floor of the Robert Weisman Palm Beach County Governmental Center, 301 N. Olive Avenue, West Palm Beach.

The meetings are cablecast on the county’s government television PBC TV Channel 20, and they are also streamed live on www.pbcgov.com/CH20. Workshops are usually held on the fourth Tuesday of each month. The public may offer
comments to the board during “Matters by the Public” which usually occurs in the afternoon. At that time, residents can address the board on any issue under its jurisdiction. Anyone who wishes to speak is required to complete a Public Comment Card.

Visit www.pbcgov.com for more information on the meeting schedule, or call 355-3229.

COMMISSION ON ETHICS

The mission of the Commission on Ethics (COE) is to foster integrity in public services, to promote the public’s trust and confidence, and to prevent conflicts between private interests and public duties. Its jurisdiction extends to all elected and appointed county and municipal employees and officials, including county advisory board members. The COE reviews, interprets, renders advisory opinions on, and enforces the Palm Beach County Code of Ethics, and lobbyist registration and post-employment ordinances. To file a complaint, call the ethics hotline at 355-1915 (or 877-766-5920) or use the online Ethics Complaint Form.

Visit www.palmbeachcountyethics.com/complaints.htm for more information.

OFFICE OF INSPECTOR GENERAL

The Office of Inspector General (OIG) was created by county ordinance to promote economy, efficiency and effectiveness in county programs and operations and to prevent and detect fraud and abuse. The OIG’s jurisdiction extends to all municipalities in the county. If you have reason to suspect public fraud, waste, mismanagement or misconduct, call the hotline at 877-283-7068. You may also report waste, fraud or abuse online at www.pbcgov.com/oig/nwfa.htm or via email at inspector@pbcgov.org.

**WATER RESTRICTIONS**

The major source of fresh water for South Florida is underground aquifers that are replenished by rainwater soaking down through the soil. Rainfall can vary greatly from year to year, and reduced rainfall means less water reaches the aquifers. Therefore, during drought conditions, it is very important to conserve water, and follow water-use restrictions. The South Florida Water Management District oversees water resources in the southern parts of the state.

For more information, visit [www.sfwmd.gov](http://www.sfwmd.gov) or call 1-800-432-2045. For tips on how to conserve water, call the Division of Family & Consumer Sciences at 233-1742.
