Across the nation the “Do It Yourself” culture is thriving through the Maker Movement. The Maker Movement inspires people to design something new or find unique solutions to current and relevant problems. Join us for the 4-H Maker Camp as youth ages 9-13 tinker, create, build, and learn while gaining STEM knowledge and skills. From robotics to coding, there will be something for everyone. At the 4-H Maker Camp ideas become reality!

During camp youth will explore:

- Robotics
- Physics
- Electricity
- Rocketry
- Coding
- Drones

And much more!
