The Limited Urban Commercial Fertilizer Applicator Certification is required for anyone commercially applying fertilizer to an urban landscape. The GI-BMP Certificate of Completion is the prerequisite for this applicator certificate and is earned by successfully passing a post-test at the end of the workshop.

En el 2014, la licencia para aplicar fertilizantes en zonas urbanas será requerida a todas las personas que aplican fertilizante comercialmente en zonas urbanas. El certificado GI-BMP es un pre-requisito para aplicar a la licencia de fertilizantes. Usted deberá pasar un examen en español que se administrara al término de este curso.

Get CEUs and keep your Urban Fertilizer Certificate up-to-date.
