

Pesticide Updates

What to know about the new website,
testing, and CEU classes

Jenna Austhof-Curtis

FDACS is modernizing its web pages and database for pesticide licensing. This change was launched on April 1st, and UF/IFAS is here to ensure our stakeholders are aware of the transition and are ready to assist.

What does this mean for me?

You will need to register on <https://aesecomm.fdacs.gov/> and create a password. It is recommended that you use the same email you used on the prior website.

New Vouchers Needed

As of April 1st, all prior vouchers are invalidated. This means you will need to register and apply for new vouchers in the new FDACS portal. If you had a 482 voucher, you must contact FDACS at AESCares@FDACS.gov or 1-800-617-7997 to be issued a new voucher. This also means that you will need to reschedule all exams you may have had scheduled prior to April 1st.

Testing

Testing with UF/IFAS ends on September 30th, 2025. Palm Beach County will be hosting more testing dates to meet demand. Our current schedule is shown below. You can schedule your exam at <https://pesticideexam.ifas.ufl.edu/>
