

Strengthening our Community Tree Canopy Through Education - Module #4A Proper Installation & Maintenance of Shade Trees and Palms

Right plant,
Right place

Call 811, then dig a wide and shallow hole

How is the property used and what are your personal preferences?

What are the site characteristics?

What plants will thrive under those conditions?

Remove synthetic material

Inspect & correct root systems

Loosen surrounding soil

Water in

Mulch

Stake & prune, only if needed

This project is made possible by a grant through the 2011 National Urban and Community Forestry Grant Program and the Florida Department of Agriculture and Consumer Services, and the Florida Forest Service.
