Section I: Overview of Ryan White Part A Program

Ch 1. Statement of Purpose

The Palm Beach County Ryan White HIV/AIDS Program (PBC RWHAP) has developed this Program Manual to ensure adherence to local and federal policies and standards. The Program Manual serves as a reference to support service delivery within the HIV Coordinated Services Network system of care, and is inclusive of program, fiscal, and service specific guidelines. The Program Manual is reviewed annually, with updates released prior to the beginning of the grant year (GY). Program Manual updates within the GY are communicated through PBC RWHAP clarification notices, and will be included in the Program Manual the following year.

Ch 3. Ryan White HIV/AIDS Program (RWHAP) Part A Description

The United States Congress enacted the Ryan White Comprehensive AIDS Resources Emergency (CARE) Act in 1990 to improve quality and availability of care for low-income, uninsured, and underinsured individuals and families affected by HIV. The legislation has been reauthorized four times since its inception, in 1996, 2000, 2006, and 2009. The Ryan White Treatment Extension Act expired on September 30, 2013, but funding has been extended through the appropriations bill. Federal funding delivers HIV/AIDS care to over 500,000 people each year nationally and approximately 3,500 persons in Palm Beach County. The RWHAP is the payer of last resort, with program clients receiving services when there are no other available sources of payment for care and treatment, public or private.

The Health Resources & Services Administration (HRSA) RWHAP provides core medical and support services to low-income persons with HIV/AIDS, based on availability, accessibility and funding of the program. As the Recipient of RWHAP Part A funding, Palm Beach County Board of County Commissioners (BCC) designates administration of the program to the Community Services Department (CSD), in concert with Palm Beach County HIV CARE Council (HIV CARE Council).

The Ryan White HIV/AIDS Treatment Extension Act of 2009 guiding principles include:

- Revise care systems to meet emerging needs. The Ryan White programs through local planning and decision making with broad community involvement, determine how to best meet the HIV/AIDS care needs. Programs assess the demographics of new HIV/AIDS cases and revise care systems to ensure capacity to meet the needs of emerging communities and populations. Populations traditionally underserved, including persons living with HIV (PWH) who know their HIV status but are not in care,

are a priority. Outreach and Early Intervention Services (EIS) work to ensure linkages are made to primary health and supportive services.

- Ensure access to quality HIV/AIDS care. Ryan White programs shall use quality management programs to ensure that available treatments are accessible and delivered according to established HIV related treatment guidelines.
- Coordinate services with other health care delivery systems. The Ryan White program, as payer of last resort, may fill gaps in care. This occurs through the coordination across federal/state/local programs in order to maximize efficient use of resources, enhance systems of care, and ensure coverage of HIV/AIDS related services within managed care plans.
- Evaluate the impact of funds and make needed improvements. Federal policy and funding decisions are increasingly determined by outcomes. Documentation demonstrating the impact of Ryan White funds on improving access to quality care/treatment along with areas of continued need are a priority. Programs must have a quality assurance and evaluation mechanisms that assess the effects of Ryan White resources on health outcomes of clients.

Structure

The Palm Beach County Board of County Commissioners (BCC) is the Recipient of the Ryan White Part A & MAI funding from the U.S. Department of Health and Human Services (HHS), Health Resource Services Administration (HRSA), HIV/AIDS Bureau (HAB) as an Eligible Metropolitan Area (EMA). The BCC delegates grant management and administration to the Community Services Department (CSD), Ryan White HIV/AIDS Program (RWHAP). This responsibility includes managing and monitoring each project, program, sub-award, function, or activity supported by the grant award.

Appendix B- PBC RWHAP Subrecipient Service Matrix

Section II: Universal Guidelines-Program

Ch 1. Continuous Quality Improvement

Purpose

To establish continuous quality improvement standards for Sub-recipients providing any service through PBC RWHAP.

Policy

Sub-recipients shall participate in quality management activities, as required by the Recipient.

Procedure

Sub-recipient shall designate a Quality Management representative.

The designated Quality Management representative shall

- a) Participate in the HIV CARE Council Quality Management and Evaluation Committee
- b) Lead Sub-recipient continuous quality improvement projects and author Sub-recipient's quality management plan; and
- c) Ensure accurate collection and reporting of Sub-recipient data.

Ch 2. Access to Care

Purpose

To establish access to care standards for Sub-recipients providing any service through PBC RWHAP.

Policy

Sub-recipient shall ensure access to care standards are met.

Procedure

Sub-recipient must demonstrate access to care standards are met through documentation/methods outlined in National Monitoring Standards.

National Monitoring Standards

Access to Care

Ch 3. Client Eligibility Determination

Purpose

To establish client eligibility determination standards for Sub-recipients providing any service through PBC RWHAP.

Policy

The RWHAP legislation requires that individuals receiving services through HRSA RWHAP must:

- a) Have a documented diagnosis of HIV;
- b) Be low-income, defined as at or below 400% Federal Poverty Level (FPL); AND
- c) Be a resident of Palm Beach County.

By statute, HRSA RWHAP funds may not be used “for any item or service to the extent that payment has been made, or can reasonably be expected to be made...” by another payment source. Sub-recipients must make reasonable efforts to secure non-RWHAP funds for services, prior to utilizing PBC RWHAP-funded services. Sub-recipients are expected to vigorously pursue enrollment into health care coverage for which their clients may be eligible (e.g., Medicaid, CHIP, Medicare, state-funded HIV/AIDS programs, employer-sponsored health insurance coverage and/or other private health insurance). PBC RWHAP is the payer of last resort and will provide services not covered, or partially covered, by public or private health insurance plans.

Additional caps/limitations for specific service categories may be implemented to meet program goals under principles of health equity. When setting priorities and allocating funds, the HIV CARE Council may optionally limit certain services more precisely. Further information can be found within each service category guideline and summarized on the Caps/Limitations Table (formerly known as the Eligibility Table)

HRSA Policy Clarification Notices: PCN#13-01, PCN#13-02, PCN#13-03, PCN#13-04, PCN#13-05, PCN#21-02

Procedures

Sub-recipients providing PBC RWHAP services must certify and document client eligibility prior to, or simultaneously with, services being rendered. Sub-recipients are required to make a determination of client eligibility/ineligibility within 24 hours of receiving all required documentation.

Initial Eligibility Certification Documentation

Required Eligibility Documentation

- a) HIV diagnosis; AND
- b) Palm Beach County residency; AND
- c) Income at or below 400% FPL.

Required HIV Coordinated Services Network (CSN) Enrollment Documentation

- Authorization to Use and Disclose Protected Health Information
- Notice of Privacy Practices
- Client Rights and Responsibilities
- Grievance Policy
- Verification of enrollment and/or screening for other third-party insurance programs or payer sources

Required Client Profile Documentation

- Eligibility Assessment
- Notice of Eligibility Determination

Annual Eligibility Confirmation Documentation

Sub-recipients must conduct timely eligibility confirmations to assess if the client's income and/or residency status has changed at least every twelve (12) months OR at any time when changes may affect a client's eligibility for services.

Required Eligibility Confirmation Documentation

- Palm Beach County residency
- Income at or below 400% FPL

Required Client Profile Documentation

- HIV Coordinated Services Network (CSN) consent form
- Verification of enrollment and/or screening for other third-party insurance programs or payer sources
- Eligibility Assessment
- Notice of Eligibility Determination

Rapid Eligibility Determination

For both initial and annual recertification procedures, eligibility determinations may be performed simultaneously with testing and treatment. Sub-recipients assume the risk that PBC RWHAP funds utilized for clients ultimately determined to be ineligible will not be reimbursed by the Recipient, and Sub-recipient must identify an alternate payment source for the services rendered. All funded service categories may be provided on a time-limited basis, not to exceed 30 days. Sub-recipients may determine if and which services they are willing to provide to clients during this time-limited rapid eligibility determination period. All clients must be registered in the client database (Provide Enterprise) to establish the 30 day rapid eligibility period while an eligibility determination is being made.

Eligibility Status Notification

1. The applicant shall be provided written Notice of Eligibility (NOE) determination identifying the service categories for which they are eligible.
2. The applicant will be ineligible for all service categories not listed on the NOE and shall be provided reason for ineligibility.

Additional Information

1. Immigration status is irrelevant for the purpose of eligibility for RWHAP services. Immigration status should not be shared with immigration enforcement agencies.
2. RWHAP does not require documentation to be provided in-person nor be notarized.
3. Clients are required to report any changes that may effect eligibility. This includes changes to income, residency, or third-party insurance programs or payer sources.
4. Clients with access to local, state or federal programs that deliver the same type of services provided through HRSA RWHAP must utilize services through those programs since PBC RWHAP is payer of last resort. This requirement does not preclude an individual from receiving allowable services not provided or available by other local, state or federal programs, or pending a determination of eligibility from other local, state or federal programs.
5. PBC RWHAP eligibility shall only be determined by PBC RWHAP Recipient/Sub-recipients. PBC RWHAP will allow an active, current (less than 12 months old) Notice of Eligibility from a RW HIV/AIDS Program Part A or Part B/ADAP within the state of Florida as acceptable source

documentation for PBC RWHAP eligibility so long as the NOE contains sufficient information from which an eligibility determination can be made (current address, income/household size/FPL, 3rd party payer source, etc.). If the information contained in the NOE is insufficient (i.e. address outside of PBC), additional documentation must be provided.

Ch 4. Suspending Client Relationships

Purpose

To establish guidelines for suspending client relationships with Sub-recipients providing any service through PBC RWHAP.

Policy

Sub-recipients are not required to provide PBC RWHAP services to prospective or current clients when doing so threatens the physical, mental, or emotional well-being of Sub-recipient staff, the public, or the client themselves.

Procedure

A prospective or current PBC RWHAP client relationship with a Sub-recipient may be suspended voluntarily, or involuntarily for violations of Sub-recipient policies and procedures that govern code of conduct, rights and responsibilities, or for actions that are deemed threatening to the well-being of Sub-recipient staff, the public, or the client themselves. Client behavior warranting suspension may include, but is not limited to, threats or acts of violence, verbal abuse and harassment, criminal activity, and destruction or theft of property.

Sub-recipients are encouraged to assess if client behavior can be attributed to medical or mental health diagnoses, and attempt to provide appropriate services that may support a change in client behaviors when possible. Progressive interventions such as verbal warning, written warning, and counseling/education should be utilized and documented prior to suspending client relationships.

Client relationship suspensions may be for a defined period of time or indefinite, and must be documented in the client record. Client must be notified of suspension in writing; including information related to reason for suspension, length of time of suspension, procedures and conditions of re-establishing the relationship, resources/referrals to needed services from other service providers, and a copy of the sub-recipient grievance policy.

In all cases of client relationship suspensions, the Ryan White Part A Program Manager must be notified by the Sub-recipient via email and provided a copy of written client notification. Clients have the right to grieve the suspension in accordance with Sub-recipient grievance policy and procedures.

Ch 5 Service Referrals

Purpose

To establish service referral standards for Sub-recipients providing any service through PBC RWHAP.

Policy

Sub-recipient shall obtain written referral and linkage agreements with key points of entry. Referrals shall be managed in the RWHAP data management information system. Sub-recipients shall acknowledge referrals regardless of current funding availability.

Procedure

All referrals must be processed and tracked through the RWHAP client data management information system. For internal referrals to Ryan White sub-recipients, the agency and needed service must be selected. For external referrals outside the HIV CSN, select or enter the agency and service needed.

Regardless of funding availability for service, referral submissions are encouraged. Referral reports are used in planning, the priorities and allocations process, as well as grant applications to demonstrate unmet need.

Referrals created in the client data management system are open for 30 days. After 30 days, if there is no acknowledgement, a new referral must be submitted.

Ch 6. Minority AIDS Initiative Services (MAI)

Purpose

To establish Minority AIDS Initiative service standards for Sub-recipients providing any service through PBC RWHAP.

Policy

MAI funds are designated to reduce the HIV-related health disparities and improve the health outcomes for disproportionately impacted, HIV+ minority populations, such as Black/African Americans, Black Haitians, and Hispanics. MAI funding shall be used to address health disparities and health inequalities among minority communities. As instructed by HRSA, MAI funds are to be used to deliver services designed to address the unique barriers and challenges faced by hard to reach disproportionately impacted minorities within the EMA.

The overarching goal of the MAI is to improve health outcomes by preventing transmission or slowing disease progression for disproportionately affected communities, such as: a. getting persons with HIV into care at an earlier stage in their illness; b. assuring access to treatments that are consistent with established standards of care; and c. helping individuals to remain in care.

MAI funded services must be consistent with the epidemiologic data and the needs of the community, and be culturally appropriate. MAI funded services shall use population-tailored, innovative approaches or interventions that differ from the usual service methodologies and that specifically address the unique needs of prioritized sub-groups.

MAI funding may be allocated to any HRSA defined service. MAI funded services are determined by the HIV CARE Council on an annual basis.

Organizations funded to provide MAI services must also meet the following criteria:

1. Are located in or near to the prioritized community they are intending to serve.
2. Have a documented history of providing services to the prioritized communities.
3. Have documented linkages to the prioritized populations, so that they can help close the gap in access to service for highly impacted minority communities.
4. Provide services in a manner that is culturally and linguistically appropriate.
5. Demonstrate understanding of the importance of cross-cultural, language appropriate communications, and general health literacy issues in an integrated approach to develop the skills and abilities needed by HRSA-funded providers and staff to effectively deliver the best quality health care to the diverse populations they serve.

Procedure

Sub-recipients must provide specific and population-tailored services, including prioritized activities to improve HIV-related health outcomes, reduce existing racial and ethnic health disparities, and increase equity in the HIV care continuum. Sub-recipient must be able to describe how these activities address the unique needs of the prioritized MAI populations. Sub-recipients must clearly specify the prioritized population/s to be served within the client data management information system.

The following data shall be tracked and maintained for each priority population served under the initiative:

- Funding amount expended
- Number of clients served
- Units of service overall and by race/ethnicity and WICY (women, infants, children and youth)
- Client level outcomes (HRSA/HAB measures or local metrics)

Ch 7 Sub-recipient Monitoring

Purpose

To establish monitoring standards for Sub-recipients providing any service through PBC RWHAP.

Policy

Sub-recipients, including their sub-contractors, shall be monitored annually by the Recipient to ensure compliance with all applicable HRSA standards.

Procedure

The Sub-recipient shall participate in an annual monitoring site visit, using the *Ryan White Part A Comprehensive Monitoring Tool* to assess compliance with the HRSA National Monitoring Standards (April 2013). Recipient may conduct unannounced site visits when deemed appropriate.

Sub-recipients shall provide all requested documentation including, but not limited to, applicable files, policy manuals, records, etc. Interviews with staff members and clients may also be requested.

The Sub-recipient shall commit to annual monitoring dates at the beginning of the contract period.

A comprehensive monitoring report will be emailed to the authorizing official whose signature is on the contract.

Findings shall be addressed through a Corrective Action Plan (CAP). Failure of Sub-recipient to resolve issues identified through the monitoring process may result in contract penalties, suspension, termination or more rigorous future monitoring.

Sub-recipient shall establish policies and procedures to ensure compliance with federal and programmatic requirements.

Ch 8. Client Grievances

Purpose

To establish client grievance standards for Sub-recipients providing any service through PBC RWHAP.

Policy

The Sub-recipient shall establish a grievance policy for PBC RWHAP clients. The grievance policy must outline steps in the grievance process, including appeals and escalation, and provide the right to appeal to the Recipient's office after exhausting Sub-recipient's process.

Procedure

Sub-recipient grievance policy must be provided to clients upon enrollment, and/or prior to providing services.

Sub-recipient must track all grievances filed by clients and provide summary, including resolution, to Recipient upon request.

Ch 9. Client Data Management Information System Access & Reporting

Purpose

To establish client data management information system standards for Sub-recipients providing any service through PBC RWHAP.

Policy

The PBC RWHAP client data management information system is Groupware Technologies, Inc. (GTI) Provide Enterprise (PE) Care Management Software.

Sub-recipients must report all service delivery information using the client data management information system.

Sub-recipients requesting discontinued access for a User must submit a User Deletion Request through the data management system. If the User is separated from the organization, the request shall be submitted no later than one (1) business day following separation of the User.

It is prohibited to enter fraudulent records into the system. Additionally, unauthorized use, destruction, stealing and/or alteration of data are prohibited. Incidents of fraud and/or misuse shall be reported immediately followed by submission of the Community Services PBC RWHAP Incident Notification Form to the Ryan White Program Manager.

Appendix F- Community Service Department Incident Report

The Health Resources and Services Administration (HRSA) HIV/AIDS Bureau (HAB) continues to improve health outcomes through data utilization. National RWHAP client-level data is collected through the Ryan White HIV/AIDS Services Report (RSR). The RSR dataset is HAB's primary source of annual, client-level data collected from its nearly 2,000 funded grant recipients and Sub-recipients.

Client-level RSR data have been used to assess the numbers and types of clients receiving services and their HIV outcomes. As such, the Recipient and Sub-recipients are required to submit to HRSA an annual RSR, which draws from information from the client data management information system.

Sub-recipients shall submit all required reports by the deadline, ensuring the data and subsequent analyses are accurate.

Procedures

Sub-recipients shall:

- Follow instructions detailed in the Provide Enterprise Palm Beach HIV/AIDS Care Network CARE User Guide;
- Ensure all client data management information system users have signed the Provide Enterprise User Confidentiality Agreement
[Appendix G- PBC RWHAP PE & OSCARSS User Confidentiality Agreement](#) ;
- Document all service delivery information in client data management information system before submitting request for reimbursement. Service-specific information requirements can be found within the Core Medical and Support Service sections.
- Secure data according to all local, state, and federal regulations;
- Establish a policy that addresses protection of data;

- Report any suspected data compromises to the RWHAP Recipient immediately, but no later than one (1) business day.
- Submit the Ryan White HIV/AIDS Program Service Report RSR by the established deadline.

Ch 10. Service Eligibility Override Request

Purpose

To establish service eligibility override request standards for Sub-recipients providing any service through PBC RWHAP

Policy

Sub-recipient may submit a service eligibility override to request Recipient review of client service eligibility determination made by PBC RWHAP client data management information system.

Service eligibility override requests shall not be used to request an exception to PBC RWHAP eligibility policies.

Service eligibility override requests shall only be submitted in instances where a client has an alternative payer source that does not provide coverage for the needed service (underinsured).

Service eligibility override requests shall be approved or rejected at the discretion of the Recipient.

Procedure

Sub-recipient shall submit a service eligibility override request through the PBC RWHAP client data management information system.

Sub-recipient shall include client-specific documentation to demonstrate that client has exhausted all alternative payer sources. (e.g. Summary of Benefits, Insurance Denial Letter, etc.)

Sub-recipient may resubmit service eligibility override requests that are rejected based on lack of supporting documentation once necessary supporting documentation is obtained.

Section III: Universal Guidelines-Fiscal

Ch 1. Allowable & Unallowable/Prohibited Uses of Funds

Purpose

To establish standards for the use of RWHAP funds by Sub-recipients providing RWHAP Part A services in Palm Beach County.

Policy

Sub-recipients shall only make use of RWHAP funds to support the following:

- Core Medical Services
- Support Services that are needed by individuals with HIV/AIDS to achieve medical outcomes related to their HIV/AIDS-related clinical status
- Clinical Quality Management
- Administrative activities

Sub-recipients must comply with statutory requirements regarding the timeframe for obligation and expenditure of funds, and with any cancellation of unobligated funds.

Sub-recipients shall comply with legislative requirements for RWHAP to participate in Medicaid and be certified to receive Medicaid payments or be able to document efforts under way to obtain such certification.

Limitations for RWHAP funds include the following:

- Aggregated sub-recipient administrative expenses total not more than 10% of Part A service dollars
- Appropriate sub-recipient assignment of Ryan White Part A administrative expenses, with administrative costs to include:
 - Usual and recognized overhead activities, including rent, utilities, and facility costs (mortgage/property taxes are unallowable).
 - Costs of management oversight of specific programs funded under this title, including program coordination; clerical, financial, and management staff not directly related to patient care; program evaluation; liability insurance; audits; computer hardware/ software not directly related to patient care
- Only first line supervisors responsible for oversight of direct patient care are allowable as Direct costs (PCN 15-01)

Procedures

Sub-recipients shall:

- Use RWHAP funds in accordance with established federal regulations and limitations.
- Sub-recipients shall bill and document for only allowable services.
- Prepare project budget and track expenses with sufficient detail to allow identification of administrative expenses, quality management, program income, and expenses by service category.
- Inform the Recipient of any projected under-expenditures greater than 10% in any service category on a monthly basis.
- By June 30th provide status of 1st quarter expenditures, if 20% of expenditures have not been spent, agency is subject to 10% sweep of funds. Agency must submit Cash Flow Commitment Statement along with Statement of Cash Flows, Statement of Activities and Statement of Financial Position.
- By September 30th provide status of 2nd quarter expenditures, if 40% of expenditures have not been spent, agency is subject to 50% sweep of funds. Agency must submit Cash Flow Commitment

Statement along with Statement of Cash Flows, Statement of Activities and Statement of Financial Position.

- By November 1st agency to provide projection of unspent/unobligated funds for end of grant year.
- By December 30th, provide status of 3rd quarter expenditures, if 75% of expenditures have not been spent, agency is subject to sweeps of 100% of remaining unspent funds. Agency must submit Cash Flow Commitment Statement along with Statement of Cash Flows, Statement of Activities and Statement of Financial Position.
- Provide annual audit within nine (9) months of fiscal year end.
- Provide copies of all grant audits and monitoring reports from other agencies by first day of monitoring by the County.
- Provide Final invoice by March 31st and label “Final Invoice”.
- Provide Final closeout report and Financial Reconciliation Statement no later than 30 days from end of contract.

Ch 3. Program Income from RWHAP Client Fees and Use of Program Income

Purpose

To establish standards for program income from RWHAP client fees and use of program income by Sub-recipients providing RWHAP Part A services in Palm Beach County.

Policy

The Sub-recipient shall:

- Develop and implement a program income policy as defined in PCN 15-03.
- Charge clients for RWHAP Part A services based on established sliding fee schedule.
- Document each instance where a client is asked to pay, as well as instances where a client is unable to pay.
- Not refuse services for non-payment.
- Ensure that the accounting system for tracking patient charges and payments discontinues charges once the client has reached their annual cap.
- Uses the 'additive' alternative whereby program income must be used for the purposes for which the award was made, and may only be used for allowable costs under the award. For RWHAP allowable costs are limited to core medical and support services, clinical quality management, and administrative expenses (including planning and evaluation) as part of a comprehensive system of care for low-income people with HIV and AIDS.
- Document and track all payments received in accordance with its program income policy, and report to the Recipient annually at the close of the grant year and when status update is requested during monitoring activities. Such revenue must be deposited into the account of the program that generated it, and must be used for the sole purpose to grow or benefit that program.

Procedure

The Sub-recipient shall establish, document and have available for Recipient review:

- Program Income Policy
- Schedule of charges
- Fees charged by the Sub-recipient and the payments made to that Sub-recipient by clients and/or source of generated income
- Process for obtaining and documenting client charges and other generated income

Sub-recipient charges shall:

- Be publicly posted (schedule of charges or sliding fee scale).
- Not be imposed on clients with income below 100% of the Federal Poverty Level (FPL). This shall be reflected in all Sub-recipient program income policy.
- Be for clients with incomes greater than 100% FPL as determined by the schedule of charges.
- Note annual limitations on the amount of charge for RWHAP services are based on the percent of the client's annual income as follows:
 - 5% for clients with incomes between 100% and 200% of FPL
 - 7% for clients with incomes between 201% and 300% of FPL
 - 10% for clients with incomes greater than 301% of FPL

Sub-recipients shall:

- Determine clients' eligibility for established fees and caps.
- Track RWHAP charges or medical expenses inclusive of enrollment fees, deductibles, co-payments, etc.

- Develop a process for alerting the billing system when the client has reached the cap and shall not be further charged for the remainder of the year.
- Ensure Sub-recipient staff are following the established program income policy.

Sub-recipients shall not:

- Deny services for non-payment
- Deny services for inability to produce income documentation
- Require full payment prior to service
- Include any other procedure that denies services for non-payment

Ch 5. Property Standards

Purpose

To establish property standards for Sub-recipients providing RWHAP Part A services in Palm Beach County.

Policy

Sub-recipients shall:

- Track and report on tangible nonexpendable personal property, including exempt property, purchased directly with Ryan White Part A funds and having a useful life of more than one year, and an acquisition cost of \$5,000 or more per unit (Lower limits may be established, consistent with Recipient policies).
- Implement adequate safeguards for all capital assets that assure that they are used solely for authorized purposes.
- Real property, equipment, intangible property, and debt instruments acquired or improved with federal funds held in trust by Sub-recipient with title of the property vested in the Sub-recipient but with the federal government retaining a reversionary interest.

Procedure

Sub-recipients shall:

- Develop and maintain a current, complete, and accurate asset inventory list and a depreciation schedule that lists purchases of equipment by funding source.
- Make the list and schedule available to the Recipient upon request.
- Establish policies and procedures that acknowledge the reversionary interest of the federal government over property improved or purchased with federal dollars.
- Maintain file documentation of these policies and procedures for Recipient review.
- Develop and maintain a current, complete, and accurate supply and medication inventory list and make the list available to the Recipient upon request.

Ch 6. Cost Principles

Purpose

To establish cost principle standards for Sub-recipients providing RWHAP Part A services in Palm Beach County.

Policy

Sub-recipients shall ensure cost principles by:

- Ensuring services are cost based and relate to Ryan White administrative, quality management, and programmatic costs in accordance with standards cited under OMB Circulars or the Code of Federal Regulations.
- Ensuring cost for services to be reasonable, not exceeding costs that would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the costs.
- Maintain written procedures for determining the reasonableness of costs, the process for allocations, and the policies for allowable costs, in accordance with the provisions of applicable Federal cost principles and the terms and conditions of the award.
- Calculate unit costs based on an evaluation of reasonable cost of services; financial data must relate to performance data and include development of unit cost information whenever practical.
- Ensure the unit cost of a service shall not exceed the actual cost of providing the service, shall only include expenses that are allowable under Ryan White requirements, and the calculation of unit cost to use a formula of allowable administrative costs plus allowable program costs divided by number of units to be provided.

Procedure

Sub-recipients shall:

- Ensure that budgets and expenses conform to federal cost principles.
- Ensure fiscal staff familiarity with applicable federal regulations.

Ch 11. Sub-recipient Fiscal Monitoring

Purpose

To establish standards for the Sub-recipients fiscal monitoring.

Policy

As a condition for receiving PBC RWHAP funds, Sub-recipient agencies and contractors agree to being fiscally monitored each grant year to ensure fiscal compliance with related federal statutes, HRSA program rules and regulations, PBC RWHAP award document, state statutes, local and department rules and regulations and agencies' PBC RWHAP contract.

Procedure

PBC RWHAP primarily utilizes four monitoring tools in complying with the Sub-recipient fiscal monitoring responsibilities. These tools include annual financial statement analysis, financial risk assessments, management inquiries, and onsite fiscal compliance reviews. All PBC RWHAP Sub- recipients, regardless of amount, are included in the onsite review. Onsite reviews include review of fiscal policies and procedures for compliance with funding source requirements, substantive testing of the organization's primary transaction cycles (revenue, disbursements, and payroll) and inquiry with management.

Major areas of review include:

- Fiscal requirements related to specific contract conditions
- Applicable Federal and State rules and regulations
- Appropriate chart of accounts, general ledger, and financial reporting
- Accurate and complete property management records for all capital assets and related depreciation
- Adequacy of required minimum accounting records for all major transaction cycles (revenue, general disbursements, and payroll)
- Verification that internal controls are operating as expected
- Payroll expense and personnel records include required documentation related to time, program, rate, and eligibility to work in the United States
- Verification of compliance with payroll taxing authorities
- Inclusion of required topics in written financial policies and procedures

Sub-recipient accounting practices are measured against PBC RWHAP documents, all applicable Federal and State rules and regulations as well as the following authoritative accounting pronouncements:

- Generally Accepted Accounting Principles
- Generally Accepted Auditing Standards
- Applicable AICPA Industry Audit and Accounting Guides
- OMB Circular 2 CRF Part 200 and 45 CFR Part 75
- Government Auditing Standards
- Contract specific attachments and special conditions

PBC RWHAP review the following of each Sub-recipient:

- Written fiscal policies and procedures for such elements as internal controls, accounts payable, purchasing, and reimbursements for travel and other expenses
- Documentation of expenditures to enable the award recipient to determine:
 - Whether the Sub-recipient reconciles budgeted expenditures to actual expenditures
 - Whether costs are allowable, reasonable, and allocable
 - Whether expenses are supported by clear, complete, and detailed documentation

- Whether the Sub-recipient has followed the rules about limiting funds to support direct medical, dental, mental health, or legal services
- Single Audit Report (if applicable), conducted annually by an independent accounting firm in compliance with 45 CFR Part 75.500–521; or other audit, review, financial statements, or corrective action plan for any fiscal or other audit findings
- Records of employee time and effort, including:
 - Assurances that employees are tracking actual time spent on PBC RWHAP services rather than just reporting budgeted hours per day
 - Allocations of operating and/or other costs for employees who are not funded 100 percent by this program
- System for Award Management (SAM) registration for all Sub-recipients to ensure they have an active account with accurate information and are eligible to receive federal funding
- Timeliness of fiscal reporting
- Adherence to the federal record retention policy

Section IV: Core Medical Services Guidelines

Ch 1. Local- AIDS Pharmaceutical Assistance Program (LPAP)

Purpose

To establish service standards for Sub-recipients providing Local AIDS Pharmaceutical Assistance Program services through PBC RWHAP.

Policy

Description:

The Local Pharmaceutical Assistance Program (LPAP) is a supplemental means of providing ongoing medication assistance when Florida RWHAP ADAP has a restricted formulary, waiting list and/or restricted financial eligibility criteria.

Sub-recipients must adhere to the following guidelines:

- Provide uniform benefits for all enrolled clients throughout the service area
- Establish and maintain a recordkeeping system for distributed medications
- Participate in the LPAP committee
- Utilize the drug formulary that is approved by the LPAP Committee
- Establish and maintain a drug distribution system
- Screening for alternative medication payer sources, including but not limited to Patient Assistance Programs (PAP), rebate/discount programs, Health Care District, and Florida RWHAP ADAP prior to dispensing.
- Implementation in accordance with requirements of the HRSA 340B Drug Pricing Program (including the Prime Vendor Program)

Program Guidance:

LPAP funds are not to be used for emergency or short-term financial assistance. The Emergency Financial Assistance service category may assist with short-term assistance for medications.

Medications may be added to the LPAP formulary by request to the Ryan White Program Manager. LPAP formulary additions must be approved by the PBC HIV CARE Council LPAP Committee.

Ch 2. Early Intervention Services (EIS)

Purpose

To establish service standards for Sub-recipients providing Early Intervention Services through PBC RWHAP.

Policy

Description:

The RWHAP legislation defines EIS for Parts A, B, and C. See § 2651(e) of the Public Health Service Act.

Program Guidance:

The elements of EIS often overlap with other service category descriptions; however, EIS is the combination of such services rather than a stand-alone service. Sub-recipients shall include the following four components:

- Targeted HIV testing to help the unaware learn of their HIV status and receive referral to HIV care and treatment services if found to be living with HIV
 - Recipients must coordinate these testing services with other HIV prevention and testing programs to avoid duplication of efforts
 - HIV testing paid for by EIS cannot supplant testing efforts paid for by other sources
- Referral services to improve HIV care and treatment services at key points of entry
- Access and linkage to HIV care and treatment services such as HIV Outpatient/Ambulatory Health Services, Medical Case Management, and Substance Abuse Care
- Outreach Services and Health Education/Risk Reduction related to HIV diagnosis

Ch 3. Health Insurance Premium & Cost Sharing Assistance (HIPCSA)

Purpose

To establish service standards for Sub-recipients providing Health Insurance Premium & Cost Sharing Assistance through PBC RWHAP.

Policy

Description:

Health Insurance Premium and Cost Sharing Assistance provides financial assistance for eligible clients living with HIV to maintain continuity of health insurance or to receive medical and pharmacy benefits under a health care coverage program.

The service provision consists of the following:

- Paying health insurance premiums to provide comprehensive HIV Outpatient/Ambulatory Health Services and pharmacy benefits that provide a full range of HIV medications for eligible clients
- Paying cost-sharing on behalf of the client

Ch 5. Medical Case Management Services (MCM)

Purpose

To establish service standards for Sub-recipients providing Medical Case Management Services through PBC RWHAP.

Policy

Description:

Medical Case Management is the provision of a range of client-centered activities focused on improving health outcomes in support of the HIV care continuum.

Activities provided under this service category may be provided by an interdisciplinary team that includes other specialty care providers. Medical Case Management includes all types of case management encounters (e.g., face-to-face, phone contact, and any other forms of communication).

Key activities include:

- Initial assessment of service needs
- Development of a comprehensive, individualized care plan
- Timely and coordinated access to medically appropriate levels of health and support services and continuity of care
- Continuous client monitoring to assess the efficacy of the care plan
- Re-evaluation of the care plan at least every 6 months with adaptations as necessary
- Ongoing assessment of the client's and other key family members' needs and personal support systems
- Treatment adherence counseling to ensure readiness for and adherence to complex HIV treatments
- Client-specific advocacy and/or review of utilization of services

In addition to providing the medically oriented activities above, Medical Case Management may also provide benefits counseling by assisting eligible clients in obtaining access to other public and private programs for which they may be eligible (e.g., Medicaid, Medicare Part D, State Pharmacy Assistance Programs, Pharmaceutical Manufacturer's Patient Assistance Programs, other state or local health care and supportive services, and insurance plans through the health insurance Marketplaces/Exchanges).

Program Guidance:

Activities provided under the Medical Case Management service category have as their objective improving health care outcomes (including Treatment Adherence), whereas those provided under the Non-Medical Case Management service category have as their objective providing guidance and assistance in improving access to needed services.

Visits to ensure readiness for, and adherence to, complex HIV treatments shall be considered Medical Case Management or Outpatient/Ambulatory Health Services. Treatment Adherence services provided during a Medical Case Management visit shall be reported in the Medical Case Management service category whereas Treatment Adherence services provided during an Outpatient/Ambulatory Health Service visit shall be reported under the Outpatient/Ambulatory Health Services category.

Ch 9. Outpatient/Ambulatory Health Services (OAHS)

Purpose

To establish service standards for Sub-recipients providing Outpatient/Ambulatory Health Services through PBC RWHAP.

Policy

Description:

Outpatient/Ambulatory Health Services provide diagnostic and therapeutic-related activities directly to a client by a licensed healthcare provider in an outpatient medical setting. Outpatient medical settings may include clinics, medical offices, mobile vans, using telehealth technology, and urgent care facilities for HIV-related visits.

Allowable activities include:

- Medical history taking
- Physical examination
- Diagnostic testing (including HIV confirmatory and viral load testing), as well as laboratory testing
- Treatment and management of physical and behavioral health conditions
- Behavioral risk assessment, subsequent counseling, and referral
- Preventive care and screening
- Pediatric developmental assessment
- Prescription and management of medication therapy
- Treatment adherence
- Education and counseling on health and prevention issues
- Referral to and provision of specialty care related to HIV diagnosis, including audiology and ophthalmology

Program Guidance:

Provision of Outpatient/Ambulatory Health Services must be adherent to [HHS Clinical Guidelines for the Treatment of HIV/AIDS](#)

Treatment adherence activities provided during an Outpatient/Ambulatory Health Service visit are considered Outpatient/Ambulatory Health Services, whereas treatment adherence activities provided during a Medical Case Management visit are considered Medical Case Management services.

Non-HIV related visits to urgent care facilities are not allowable costs within the Outpatient/Ambulatory Health Services Category.

Emergency room visits are not allowable costs within the Outpatient/Ambulatory Health Services Category.

The HIV CARE Council has allocated funding to the OAHS subcategories of OAHS-Primary Care, Laboratory/Diagnostic and Specialty Medical Care. Each of the three subcategories are addressed below separately.

Unallowable expenses for Specialty Medical Care include services for cosmetic purposes only, corrective lenses, or any service provided that does not follow Specialty Medical Care service procedures.

Prior to the provision of Specialty Medical Care, a specialty medical care referral form must be completed by the Primary Care Provider electronically through the database management information system including the following:

- Primary Care Provider (PCP) verification that Specialty Medical Care relates to HIV infection and/or conditions arising from the use of HIV medications resulting in side effects
- Specialty Medical Care services are included on the list of conditions on the *Palm Beach County Ryan White Program Allowable Medical Conditions List for Specialty Medical Referrals* form.
- Routine medical diagnostic testing (e.g., Pap smear, mammogram, bone density test, colonoscopy, colorectal cancer screening, prostate cancer screening, and ophthalmologic screening) is allowable as long as such testing follows established medical guidelines, such as U.S. Public Health Service (PHS), American Medical Association, Health Resources and Services Administration (HRSA), or other local guidelines, as a standard of care. Please see the most current, local Ryan White Program Service Delivery Guidelines for more information.

- For Specialty Medical Care services that do not meet all of the above criteria, Sub-recipient may request an override from Recipient.

Ch 3. Housing Services (HS)

Purpose

To establish service standards for Sub-recipients providing Housing Services through PBC RWHAP.

Policy

Description:

Housing services provide transitional, short-term, or emergency housing assistance to enable a client or family to gain or maintain outpatient/ambulatory health services and treatment, including temporary assistance necessary to prevent homelessness and to gain or maintain access to medical care. Housing services must also include the development of an individualized housing plan, updated annually, to guide the client's linkage to permanent housing. Housing may provide some type of core medical (e.g., mental health services) or support services (e.g., residential substance use disorder services).

Housing services also include housing referral services, including assessment, search, placement, and housing advocacy services on behalf of the eligible client, as well as fees associated with these services.

Program Guidance:

Sub-recipients that use funds to provide Housing must have mechanisms in place to assess and document the housing status and housing service needs of new clients, and at least annually for existing clients.

Housing services cannot be in the form of direct cash payments to clients and cannot be used for mortgage payments or rental deposits.

Housing shall be prioritized based on the Housing Waitlist rank in client database.

Ch 6. Non-Medical Case Management Services (NMCM)

Purpose

To establish service standards for Sub-recipients providing Non-Medical Case Management services through PBC RWHAP.

Policy

Description:

Non-Medical Case Management Services (NMCM) provide guidance and assistance in accessing medical, social, community, legal, financial, and other needed services. Non-Medical Case management services may also include assisting eligible clients to obtain access to other public and private programs for which they may be eligible, such as Medicaid, Medicare Part D, State Pharmacy Assistance Programs, Pharmaceutical Manufacturer's Patient Assistance Programs, other state or local health care and supportive services, or health insurance Marketplace plans. This service category includes several methods of communication including face-to-face, phone contact, and any other forms of communication deemed appropriate by the RWHAP Part recipient.

Key activities include:

- Initial assessment of service needs
- Development of a comprehensive, individualized care plan
- Continuous client monitoring to assess the efficacy of the care plan
- Re-evaluation of the care plan at least every 6 months with adaptations as necessary
- Ongoing assessment of the client's and other key family members' needs and personal support systems

Program Guidance:

Non-Medical Case Management services have as their objective providing guidance and assistance in improving access to needed services whereas Medical Case Management services have as their objective improving health care outcomes (including Treatment Adherence).

- Child abuse and neglect counseling
- HIV support groups
- Nutrition counseling provided by a non-registered dietitian (*see* Medical Nutrition Therapy Services)
- Pastoral care/counseling services

Program Guidance:

Funds under this service category may not be used to provide nutritional supplements (*See* Food Bank/Home Delivered Meals).

RWHAP-funded pastoral counseling must be available to all eligible clients regardless of their religious denominational affiliation.

Funds may not be used for social/recreational activities or to pay for a client's gym membership.

Ch 1. Glossary

Below are terms used most frequently in HRSA's Ryan White HIV/AIDS Program (RWHAP).

A

Administrative or Fiscal Agent

Entity that functions to assist the Ryan White HIV/AIDS Program recipient or planning body in carrying out administrative activities (e.g., disbursing program funds, developing reimbursement and accounting systems, developing funding announcements, monitoring contracts).

Affordable Care Act (ACA)

Federal law comprised of expanded health insurance coverage and health care delivery innovations designed to achieve better health outcomes by increasing the number of insured Americans, reducing care costs, and improving the overall American health care system. Enacted in 2010 as the Patient Protection and Affordable Care Act.

Agency for Healthcare Research and Quality (AHRQ)

Federal agency within HHS that supports research designed to improve the outcomes and quality of health care, reduce its costs, address patient safety and medical errors, and broaden access to effective services.

AIDS Drug Assistance Program (ADAP)

Administered by States and authorized under Part B of the Ryan White HIV/AIDS Treatment Extension Act. Provides FDA-approved medications to low-income individuals with HIV who have limited or no coverage from private insurance or Medicaid. ADAP funds may also be used to purchase insurance for uninsured Ryan White HIV/AIDS Program clients as long as the insurance costs do not exceed the cost of drugs through ADAP and the drugs available through the insurance program at least match those offered through ADAP.

ADAP Data Report (ADR)

Reporting requirement for ADAPs to provide client-level data on individuals served, services being delivered, and costs associated with these services.

AIDS

Acquired Immune Deficiency Syndrome. A disease caused by the human immunodeficiency virus (HIV).

AIDS Education and Training Center (AETC)

Regional centers providing education and training for primary care professionals and other AIDS-related personnel. AETCs are authorized under Part F of the Ryan White HIV/AIDS Program.

AIDS Service Organization (ASO)

An organization that provides primary medical care and/or support services to populations infected with and affected by HIV disease.

Annual Gross Income

A measure of income. There are several ways to measure an individual's Annual Gross Income. For example, these forms of income could be used by the provider for the purposes of imposition of charges:

- Gross Income: the total amount of income earned from all sources during the calendar year before taxes.
- Adjusted Gross Income: gross income less deductions.

Antiretroviral Therapy

An aggressive anti-HIV treatment including a combination of three or more drugs with activity against HIV that is designed to reduce viral load to undetectable levels.

Applicable Services

Any RWHAP service with a distinct fee typically charged in the local market. In the broader healthcare community this distinct fee is often referred to as a usual, customary, and reasonable (UCR) fee.

C

Cap on Charges

The limitation on aggregate charges imposed during the calendar year based on patient's annual gross income. All fees must be waived once a RWHAP patient reaches their cap for that calendar year.

Capacity

Core competencies that substantially contribute to an organization's ability to deliver effective HIV/AIDS primary medical care and health-related support services. Capacity development activities shall increase access to the HIV/AIDS service system and reduce disparities in care among underserved people with HIV (PWH) in the EMA.

CARE Act (Ryan White Comprehensive AIDS Resources Emergency Act)

Now referred to as the Ryan White HIV/AIDS Program, this was the name of the original federal legislation (link is external) created to address the unmet health care and service needs of people with HIV Disease (PWH) disease and their families. The legislation was enacted in 1990 and reauthorized in 1996 and 2000. The legislation was subsequently reauthorized as the Ryan White HIV/AIDS Treatment Modernization Act of 2006 and later as the Ryan White HIV/AIDS Treatment Extension Act of 2009.

CDC/HRSA Advisory Committee on HIV, Viral Hepatitis and STD Prevention and Treatment

This advisory committee, often referred to as the CHAC, advises the Secretary, HHS; the Director, CDC; and the Administrator, HRSA, regarding objectives, strategies, policies, and priorities for HIV, Viral Hepatitis, and STD prevention and treatment efforts.

Centers for Disease Control and Prevention (CDC)

Federal agency within HHS that administers disease prevention programs including HIV/AIDS prevention.

Centers for Medicare and Medicaid Services (CMS)

Federal agency within HHS that administers the Medicaid, Medicare, the Children's Health Insurance Program (CHIP) and the Health Insurance Marketplace.

Chief Elected Official (CEO)

The official recipient of Part A or Part B Ryan White HIV/AIDS Program funds. For Part A, this is usually a city mayor, county executive, or chair of the county board of supervisors. For Part B, this is usually the governor. The CEO is ultimately responsible for administering all aspects of their Part's RWHAP Act funds and ensuring that all legal requirements are met.

Client Level Data (CLD)

Information collected on each client eligible for and receiving RWHAP core medical services or support services. The data elements reported per client are determined by the specific RWHAP services that the agency is funded to provide.

Community-based Organization (CBO)

An organization that provides services to locally defined populations, which may or may not include populations infected with or affected by HIV disease.

Community Based Dental Partnership Program (CBDPP)

A program under the Ryan White HIV/AIDS Program (Part F) that delivers HIV/AIDS dental care while simultaneously training dental professionals in these areas in order to expand community capacity to deliver HIV oral health care.

Community Forum or Public Meeting

A small-group method of collecting information from community members in which a community meeting is used to provide a directed but highly interactive discussion. Similar to but less formal than a focus group, it usually includes a larger group; participants are often self-selected (i.e., not randomly selected to attend).

Co-morbidity

A disease or condition, such as hepatitis, mental illness or substance abuse, co-existing with HIV disease.

Comprehensive Planning

The process of determining the organization and delivery of HIV services. This strategy is used by planning bodies to improve decision-making about services and maintain a continuum of care for PWH.

Community Health Centers

See Health Centers.

Cone of Silence

A prohibition on any non-written communication regarding an RFP between any respondent or respondent's representative and any County Commissioner

Consortium/HIV Care Consortium

A regional or statewide planning entity established by many State recipient under Part B of the Ryan White HIV/AIDS Program to plan and sometimes administer Part B services. An association of health care and support service agencies serving PWHA under Part B.

Continuous Quality Improvement

An ongoing process that involves organization members in monitoring and evaluating programs to continuously improve service delivery. CQI seeks to prevent problems and to maximize the quality of care by identifying opportunities for improvement.

Continuum of Care

The extent to which a person living with HIV disease is engaged in HIV/AIDS care and is realizing the full advantages of care and treatment—from initial diagnosis and engagement in care to full viral suppression. Generally referred to as the HIV Care Continuum.

Core Medical Services

Essential, direct, health care services for HIV/AIDS care specified in the Ryan White legislation.

Recipient/Sub-recipient expenditures are limited to core medical services, support services, and administrative expenses.

Cultural Competence

The knowledge, understanding, and skills to work effectively with individuals from differing cultural backgrounds.

D

Data Terms

For definitions of terms, see data dictionaries for the Ryan White Services Report (RSR) ([link is external](#)) and the ADAP Data Report (ADR) ([link is external](#)).

Documentation

Papers and documents required from clients, as defined by the recipient, in order to assure all RWHAP statutory requirements are met.

E

Early Intervention Services (EIS)

Activities designed to identify individuals who are HIV-positive and get them into care as quickly as possible. As funded through Parts A and B of the Ryan White HIV/AIDS Program, includes outreach, counseling and testing, information and referral services. Under Part C Ryan White HIV/AIDS Program, also includes comprehensive primary medical care for individuals living with HIV/AIDS.

Eligible Metropolitan Area (EMA)

Geographic areas highly-impacted by HIV/AIDS that are eligible to receive Ryan White HIV/AIDS Program Part A funds To be an eligible EMA, an area must have reported more than 2,000 AIDS cases in the most recent 5 years and have a population of at least 50,000. See also Transitional Grant Area, TGA.

Eligible Scope

A method of data collection based on a client's ability to receive federally funded RWHAP services using established recipient criteria.

Epidemiologic Profile

A description of the current status, distribution, and impact of an infectious disease or other health-related condition in a specified geographic area. Specific to HIV planning, a description of the burden of HIV in the population of an area in terms of socio-demographic, geographic, behavioral, and clinical characteristics of persons newly diagnosed with HIV, PWH, and persons at higher risk for infection.

Epidemiology

The branch of medical science that studies the incidence, distribution, and control of disease in a population.

eUCI (encrypted Unique Client Identifier)

An alphanumeric code that distinguishes one RWHAP client from all others and is the same for the client across all provider settings.

F

Family-Centered Care

A model in which systems of care under Ryan White Part D are designed to address the needs of PWHA and affected family members as a unit, providing or arranging for a full range of services. Family structures may range from the traditional, biological family unit to non-traditional family units with partners, significant others, and unrelated caregivers.

Federal Poverty Level (FPL)

A measure of income issued every year by HHS. Federal poverty levels are commonly used to determine eligibility for certain programs and benefits such as Medicaid, Food Stamps, the Children's Health Insurance Program (CHIP), and RWHAP.

Fee-for-Service

The method of billing for health services whereby a physician or other health service provider charges the payer (whether it be the patient or his or her health insurance plan) separately for each patient encounter or service rendered.

Fee Schedule

A complete listing of billable services, those with UCR fees, and their associated fees based on locally prevailing rates or charges. A fee schedule is used by healthcare providers to identify which services they bill for and for how much. A fee schedule is not a schedule of charges. A fee schedule is not required by the RWHAP legislation, but it may be useful as the basis for a schedule of charges. Having one in place is considered a best practice and, for those multi-funded clinics, is a requirement for HRSA Bureau of Primary Health Care (BPHC) grant recipients.

Financial Status Report (FSR - Form 269)

A report that is required to be submitted within 90 days after the end of the budget period that serves as documentation of the financial status of grants according to the official accounting records of the recipient organization.

Food and Drug Administration (FDA)

Federal agency within HHS responsible for ensuring the safety and effectiveness of drugs, biologics, vaccines, and medical devices used (among others) in the diagnosis, treatment, and prevention of HIV infection, AIDS, and AIDS-related opportunistic infections. The FDA also works with the blood banking industry to safeguard the nation's blood supply.

G

Grant Contract Management System

An electronic data system that RWHAP recipients use to manage their Sub-recipient contracts.

H

Health Centers

Community-based and patient-directed organizations funded by HRSA that serve populations with limited access to health care. These include low income populations, the uninsured, those with limited English

proficiency, migrant and seasonal farmworkers, individuals and families experiencing homelessness, and those living in public housing.

Health Resources & Services Administration (HRSA)

The agency of the U.S. Department of Health and Human Services that administers various primary care programs for the medically underserved, including the Ryan White HIV/AIDS Program.

HRSA HIV/AIDS Bureau (HAB)

The bureau within HRSA of the U.S. Department of Health and Human Services (HHS) that is responsible for administering the Ryan White HIV/AIDS Program. See the HRSA HAB Program Administration fact sheet (link is external).

HIV Care Continuum

The stages of HIV care, from initial diagnosis to achieving the goal of viral suppression. The effectiveness of HIV testing and care in a given jurisdiction is typically depicted as the proportion of individuals living with HIV who are engaged at each stage.

HIV Disease

Any signs, symptoms, or other adverse health effects due to the human immunodeficiency virus.

HIV-related Charges

Those charges a RWHAP recipient imposes on the patient plus any other out-of-pocket charges related to their HIV care (as determined by their provider) that a patient incurs and reports to their RWHAP recipient/provider. These charges can be from any provider as long as the service is a RWHAP allowable service.

Housing Opportunities for People With AIDS (HOPWA)

A program administered by the U.S. Department of Housing and Urban Development (HUD) that provides funding to support housing for PWHA and their families.

HUD (U.S. Department of Housing and Urban Development)

The Federal agency responsible for administering community development, affordable housing, and other programs including Housing Opportunities for People with AIDS (HOPWA).

I

Imposition of Charges

All activities, policies, and procedures related to assessing RWHAP patient charges as outlined in legislation.

Incidence

The number of new cases of a disease that occur during a specified time period.

Incidence Rate

The number of new cases of a disease or condition that occur in a defined population during a specified time period, often expressed per 100,000 persons. AIDS incidence rates are often expressed this way.

Intergovernmental Agreement (IGA)

A written agreement between a governmental agency and an outside agency that provides services.

L

Lead Agency

The agency within a Part B consortium that is responsible for contract administration; also called a fiscal agent (an incorporated consortium sometimes serves as the lead agency).

M

Medicaid Spend-down

A process whereby an individual who meets the Medicaid medical eligibility criteria, but has income that exceeds the financial eligibility ceiling, may "spend down" to eligibility level. The individual accomplishes spend-down by deducting accrued medically related expenses from countable income. Most State Medicaid

programs offer an optional category of eligibility, the "medically needy" eligibility category, for these individuals.

Minority AIDS Initiative (MAI)

A national HHS initiative that provides special resources to reduce the spread of HIV/AIDS and improve health outcomes for people with HIV/AIDS within communities of color. Enacted to address the disproportionate impact of the disease in such communities. Formerly referred to as the Congressional Black Caucus Initiative because of that body's leadership in its development.

Multiply Diagnosed

A person having multiple morbidities (e.g., hepatitis and HIV, substance abuse and HIV infection) (see co-morbidity).

N

Needs Assessment

A process of collecting information about the needs of PWH (both those receiving care and those not in care), identifying current resources (Ryan White HIV/AIDS Program and other) available to meet those needs, and determining what gaps in care exist.

Nominal Charge

A fee greater than zero.

Notice of Funding Opportunity (NOFO)

An open and competitive process for selecting providers of services.

O

Office of Management and Budget (OMB)

The office within the executive branch of the Federal government that prepares the President's annual budget, develops the Federal government's fiscal program, oversees administration of the budget, and reviews government regulations.

Opportunistic Infection

An infection or cancer that occurs in people with weak immune systems due to HIV, cancer, or immunosuppressive drugs such as corticosteroids or chemotherapy. Kaposi's sarcoma, Pneumocystis jiroveci pneumonia, toxoplasmosis, and cytomegalovirus are all examples of such infections.

P

Patient Assistance Programs (PAPs)

Programs operated by pharmaceutical companies and foundations that provide medicines at little or no cost to eligible patients.

Part A

The part of the Ryan White HIV/AIDS Program that provides emergency assistance to localities disproportionately affected by the HIV/AIDS epidemic.

Part B

The part of the Ryan White HIV/AIDS Program that provides funds to States and territories for primary health care (including HIV treatments through the AIDS Drug Assistance Program, ADAP) and support services that enhance access to care to PWHA and their families.

Part C

The part of the Ryan White HIV/AIDS Program that supports outpatient primary medical care and early intervention services (EIS) to PWH through grants to public and private non-profit organizations. Part C also funds planning grants to prepare programs to provide EIS services.

Part D

The part of the Ryan White HIV/AIDS Program that supports family-centered, comprehensive care to women, infants, children, and youth living with HIV.

Part F: AIDS Education and Training Centers (AETC)

National and regional centers providing education and training for primary care professionals and other AIDS-related personnel.

Part F: Dental Programs

The part of the Ryan White HIV/AIDS Program that provides additional funding for oral health care for people with HIV through the HIV/AIDS Dental Reimbursement Program and the Community-Based Dental Partnership Program.

Part F: SPNS: Special Projects of National Significance

The part of the Ryan White HIV/AIDS Program that funds demonstration and evaluation of innovative models of care delivery for hard-to-reach populations.

Part F : Minority AIDS Initiative

The Minority AIDS Initiative provides funding to evaluate and address the impact of HIV/AIDS on disproportionately affected minority populations.

People with HIV (PWH)

Descriptive term for persons living with HIV disease.

Planning Council/Planning Body

There are various types of planning groups. For Part A of the RWHAP, a planning council is a body appointed or established by the Chief Elected Official with responsibility to assess needs, establish a plan for the delivery of HIV care in the area, and establish priorities for the use of Part A funds. Part B planning bodies conduct similar tasks but do not establish service dollar allocations. In addition, jurisdictions directly funded by CDC are responsible for convening planning bodies to address HIV prevention, care and treatment issues. Many jurisdictions facilitate collaboration through joint care/prevention planning bodies and/or shared planning tasks.

Planning Process

Steps taken and methods used to collect information, analyze and interpret it, set priorities, and prepare a plan for rational decision making.

PrEP

Pre-exposure prophylaxis is a prevention method for people at higher risk for HIV exposure and involves taking an antiretroviral pill every day to greatly reduce, if not eliminate, the risk of becoming infected with HIV if exposed to the virus.

Prevalence

The total number of persons in a defined population living with a specific disease or condition at a given time (compared to incidence, which is the number of new cases).

Prevalence Rate

The proportion of a population living at a given time with a condition or disease (compared to the incidence rate, which refers to new cases).

Primary Health Care Service

Any preventive, diagnostic, or therapeutic health service received on an outpatient basis by a client living with HIV. Examples include medical, subspecialty care, dental, nutrition, mental health, or substance use disorder treatment services; medical case management; pharmacy services; radiology, laboratory, and other tests used for diagnosis and treatment planning; and counseling and testing.

Priorities & Allocations Process (P&A)

A decision-making process utilized by the P&A Committee of the HIV CARE Council to establish priorities among service categories and develop funding allocation recommendations addressing locally identified needs.

Program Income

Gross income earned by the Sub-recipient that is directly generated by a supported activity or earned as a result of the RWHAP service provision during the contract year. For purposes of the RWHAP, program income includes, but is not limited to, income from fees for services performed (i.e. fees paid by clients based

on a sliding fee schedule, or other third parties). Direct payments include charges imposed by Sub-recipients for RWHAP Part A services as required under Section 2605 (e) of the RWHAP legislation, such as enrollment fees, premiums, deductibles, cost sharing, co-payments, coinsurance, or other charges. Additionally, income a Sub-recipient earns as the result of a benefit made possible by receipt of the RWHAP funds. Program income does not include rebates, credits, discounts, and interest earned on any of them.

Prophylaxis

Treatment to prevent the onset of a particular disease (primary prophylaxis) or recurrence of symptoms in an existing infection that has previously been brought under control (secondary prophylaxis).

Provider (or service provider)

The agency that provides direct services to clients (and their families) or the recipient. A provider may receive funds as a recipient (such as under RWHAP Parts C and D) or through a contractual relationship with a recipient funded directly by RWHAP. Also see Sub-recipient.

Q**Quality**

The degree to which a health or social service meets or exceeds established professional standards and user expectations.

Quality Assurance (QA)

The process of identifying problems in service delivery, designing activities to overcome these problems, and following up to ensure that no new problems have developed and that corrective actions have been effective. The emphasis is on meeting minimum standards of care.

Quality Improvement (QI)

Also called Continuous Quality Improvement (CQI). An ongoing process of monitoring and evaluating activities and outcomes in order to continuously improve service delivery. CQI seeks to prevent problems and to maximize the quality of care.

R**Recipient**

An organization that receives RWHAP funds directly from. Recipients may provide direct services and/or may contract with Sub-recipients for services. Replaces the term "Grantee." See also Recipient/Sub-recipient.

Recipient-provider

An organization that receives RWHAP funds directly from HRSA HAB and provides direct client services. Replaces the term "grantee-provider."

Recipient of record (or recipient)

An organization receiving financial assistance directly from an HHS- awarding agency to carry out a project or program. A recipient also may be a recipient-provider if it provides direct services in addition to administering its grant. Replaces the term "grantee of record."

Reflectiveness

The extent to which the demographics of the planning body's membership look like the demographics of the epidemic in the service area.

Representative

Term used to indicate that a sample is similar to the population from which it was drawn, and therefore can be used to make inferences about that population.

Request for Proposal (RFP)

A public solicitation for proposals for providing HIV/AIDS core medical and support services for Palm Beach County residents.

Resource Allocation

The Part A planning council responsibility to assign Ryan White HIV/AIDS Program amounts or percentages to established priorities across specific service categories, geographic areas, populations, or subpopulations.

Resource Inventory

An inventory of the financial resources available in a jurisdiction to meet the HIV prevention, care, and treatment needs of its population as well as resource gaps. The inventory also details the CDC-funded high impact prevention services and the HRSA-funded core medical and support services.

Ryan White HIV/AIDS Program Services Report (RSR)

Data collection and reporting system for reporting information on programs and clients served (Client Level Data).

S

Schedule of Charges

Fees imposed on the RWHAP patient for services based on the patient's annual gross income. A schedule of charges may take the form of a flat rate or a varying rate (e.g. sliding fee scale). The schedule of charges is how you know what amount of money to charge a patient. The schedule of charges applies to uninsured patients with incomes above 100% FPL, and may be applied to insured patients as determined by RWHAP recipients' policies and procedures. When applied to insured patients, recipients shall consider how their policy will be applied uniformly to all insured patients, rather than on a case-by-case basis.

Section 340B Drug Discount Program

A program administered by the HRSA's Office of Pharmacy Affairs that was established by Section 340B of the Veteran's Health Care Act of 1992, which limits the cost of drugs to Federal purchasers and to certain recipients of federal agencies.

Seroprevalence

The number of persons in a defined population who test HIV-positive based on HIV testing of blood specimens. (Seroprevalence is often presented either as a percent of the total specimens tested or as a rate per 100,000 persons tested.)

Service Gaps

HIV prevention and care services for persons at risk for HIV and PWH that do not exist in the jurisdiction.

Sexually Transmitted Disease (STD)

Socio-demographics

Demographic (e.g. race, age, gender identity, sex) and socioeconomic data (e.g. income, education, health insurance status) characteristics of individuals and communities. Also known as: SES, demographic data.

Special Projects of National Significance (SPNS)

The part of the Ryan White HIV/AIDS Program under Part F that funds demonstration and evaluation of innovative models of care delivery for hard-to-reach populations.

Statewide Coordinated Statement of Need (SCSN)

The process of identifying the needs of persons at risk for HIV infection and people with HIV (those receiving care and those not receiving care); identifying current resources available to meet those needs, and determining what gaps in HIV prevention and care services exist. The SCSN is a culminating report which consists of information gathered through needs assessments conducted by three separate entities: RWHAP Part A Recipients, RWHAP Part B Recipients, and CDC funded recipients. Required component of the Integrated HIV Prevention and Care Plan.

Sub-Grantee/Sub-recipient

A governmental or private nonprofit agency receiving HRSA funds through a contract originating from the Palm Beach County Community Services Department.

Sub-recipient/Sub-Grantee

The legal entity that receives Ryan White HIV/AIDS Program funds from a recipient and is accountable to the recipient for the use of the funds provided. Sub-recipients may provide direct client services or administrative services directly to a recipient. Sub-recipient replaces the term "Provider (or service provider)."

Substance Abuse and Mental Health Services Administration (SAMHSA)

Federal agency within HHS that administers programs in substance abuse and mental health.

Support Services

Services needed to achieve medical outcomes that affect the HIV-related clinical status of a person living with HIV/AIDS. Recipient/Sub-recipient expenditures are limited to core medical services, support services, and administrative expenses.

Surveillance

An ongoing, systematic process of collecting, analyzing and using data on specific health conditions and diseases (e.g., Centers for Disease Control and Prevention surveillance system for AIDS cases).

Surveillance Report

A report providing information on the number of reported cases of a disease such as AIDS, nationally and for specific sub-populations.

T

Prioritized Population

A population to be reached through some action or intervention; may refer to groups with specific demographic or geographic characteristics.

Technical Assistance (TA)

The delivery of practical program and technical support to the Ryan White community. TA is to assist Recipients/Sub-recipients, planning bodies, and affected communities in designing, implementing, and evaluating Ryan White-supported planning and primary care service delivery systems.

Transitional Grant Area (TGA)

Geographic areas highly-impacted by HIV/AIDS that are eligible to receive Ryan White HIV/AIDS Program Part A funds To be an eligible TGA, an area must have reported at least 1,000 but fewer than 2,000 new AIDS cases in the most recent 5 years and a population of at least 50,000. See also Eligible Metropolitan Area, EMA.

Transmission Category

A grouping of disease exposure and infection routes; in relation to HIV disease, exposure groupings include, for example, men who have sex with men, injection drug use, heterosexual contact, and perinatal transmission.

U

Unmet Need

The unmet need for primary health services among individuals who know their HIV status but are not receiving primary health care.

UCR

Usual, customary, and reasonable, as in services for which there is a usual, customary, and reasonable fee associated. Such services are found on a fee schedule.

V

Viral Load

In relation to HIV, the quantity of HIV RNA in the blood. Viral load is used as a predictor of disease progression. Viral load test results are expressed as the number of copies per milliliter of blood plasma.

W

Waiver

A waiver of the imposition of charges requirement can only be requested by RWHAP recipients operating as free clinics (e.g. healthcare for the homeless clinics). Only a handful of RWHAP recipients are operating as free clinics; therefore, other RWHAP recipients/Sub-recipients shall be charging patients over 100% FPL for applicable services – even if it is only \$1. Organizations that receive funding from RWHAP and other Federal funding sources (i.e., facilities operated directly by the Indian Health Service or by Tribes through a contract with the Indian Health Service, Community Health Centers) must follow the requirements imposed by each

Federal program. To the extent that services under the RWHAP are provided and attributed to the RWHAP, RWHAP statutory requirements on imposition of charges must be followed.

X

XML (Extensible Markup Language)

A standard, simple, and widely adopted method of formatting text and data so that it can be exchanged across all of the different computer platforms, languages, and applications.

CONSENT TO SHARE CONFIDENTIAL INFORMATION AND PRIVACY/SECURITY OF YOUR CLIENT RECORDS

This document provides you with information regarding sharing of confidential information, and privacy/security practices in the Palm Beach County HIV Coordinated Services Network.

The HIV Coordinated Services Network (CSN) is a collaborative group of organizations that provide medical and support services to people with HIV through public and private funding by federal, state and local sources, including but not limited to the U.S. Health Resources and Services Administration (HRSA), U.S. Housing and Urban Development (HUD), the State of Florida, Palm Beach County, municipalities, private grants and donations.

The HIV CSN uses a shared data management information system and is committed to ensuring that the information maintained in your client record remains confidential, secure, and shall only be accessed by individuals authorized to do so. **Your confidential information will only be shared with your written consent between entities who are a part of the HIV CSN.**

Your demographic, health and service utilization data will be shared for the purposes of facilitating coordination, linkage, access, or adherence to care and treatment services needed to achieve and maintain optimum health outcomes and/or the coordination of payment for care, treatment, health care operations, and to improve the quality of the system of care. If you receive housing services through the HOPWA program, your demographic and housing service utilization data will also be shared with the Continuum of Care (CoC) Housing Management Information System (HMIS) as required for HUD reporting purposes.

If you disengage from HIV medical care and treatment for unknown reasons, HIV CSN entities may use information you have previously shared and/or obtain additional information from the Florida Department of Health for the purpose of locating, initiating contact and offering assistance with linkage/re-engagement to HIV medical care and treatment.

Client Name: _____

Client Signature: _____

In order to accomplish this, you will be involved in the following ways:

You maintain control of confidential information shared between HIV CSN entities by signing the attached release of information form.

You will receive notice of any changes made to our privacy and security practices.

You may provide preferred means of communication, acknowledging each form of communication presents unique risks for unintentional disclosure of confidential information.

I authorize you to contact me for appointment reminders and other medical or dental matters by the below method(s):

Security of Your Hard-Copy Client Record

Even though we use electronic client records, we still receive paper-based correspondence and must maintain a small paper-based file.

Security of Your Electronic Record

As a recipient of medical and supportive services through the HIV Coordinated Services Network (CSN), your records are maintained on a secure computer system. The system requires each individual to enter his or her personal user ID and password to authenticate identity and establish the specific records and information the user is authorized to view. Passwords expire every forty-two days and must be changed for continued access to the database. All electronic client records are stored on a highly secure server separate from where you receive services with a backup created daily in the event that disaster recovery of information is necessary.

Staff Training

The staff of this agency undergoes training as new employees and annually thereafter to ensure adherence to privacy/security policies and practices.

Revocation of Consent to Share Confidential Information

I understand that I can revoke this consent at any time in writing. I understand that Palm Beach County and HIV CSN entities are required to retain my health, demographic, housing, and billing information, and are not able to take back any information already shared with my permission. I understand that by revoking consent to share my health, demographic, housing and financial information with the HIV CSN, I will no longer be eligible for services provided by Palm Beach County Ryan White Part A/MAI, End the HIV Epidemic and HOPWA programs.

Acknowledgement of receipt of this form:

This is to acknowledge that I have reviewed this form, and have discussed it with the agency representative whose signature appears below. **I consent to entering into a client-HIV CSN relationship in order to receive needed services.** I have:

WITHDRAWAL OF CONSENT TO SHARE CONFIDENTIAL INFORMATION

The HIV Coordinated Services Network (CSN) is mandated to collect certain personal information that is entered and saved in a database system. Records are maintained in an encrypted database on a secure server. Aggregate reports may be used without revealing names or other confidential information that would identify any specific client.

I understand that Palm Beach County and HIV CSN entities are required to retain my health, demographic, housing, and billing information and are not able to take back any information already shared with my permission.

I understand that if I disengage from HIV medical care and treatment for unknown reasons, HIVCSN entities may use the information I have previously shared and/or obtain additional information from the Florida Department of Health for the purpose of locating, initiating contact and offering assistance with linkage/re-engagement to HIV medical care and treatment.

I understand that I have a right to withdraw consent to share confidential information; however, I will no longer be eligible for services provided by Palm Beach County Ryan White Part A/MAI, End the HIV Epidemic and HOPWA programs.

Appendix H- PBC RWHAP Letter of Medical Necessity for Opioid Medications

**Palm Beach County Ryan White Part A Program
Letter of Medical Necessity/Chronic Opioid Medication**

Date: _____

As the health care practitioner treating _____, and
Patient Name
in accordance with **Section 456, Florida Statutes**¹ and **F.A.C. 64B8-9.013**², it is my clinical opinion that the opioid medication below be prescribed.

Medication Name: _____

Strength/Dosage: _____

Directions/SIG: _____

Duration of Therapy: _____

The patient's diagnosis for this medication is _____. This diagnosis is related to the patient's HIV/AIDS status, complication of HIV or HIV-related co-morbidity because _____

- ☐ I have documented that non-opioid pain medications have been used and have failed, or were not tolerated by the patient. It is my professional judgement that an opioid is the best medication for treating this patient's chronic pain.
- ☐ I have discussed the risk of opioid dependency with the patient.
- ☐ I have discussed other modalities for the treatment of pain with the patient.
- ☐ To my knowledge, the patient is not being prescribed other medications that can cause serious adverse events when taken with the opioid medication I am prescribing.
- ☐ I have consulted the Florida PDMP (E-FORSE) prior to prescribing the opioid medication.

I attest the above conditions have been met and are fully documented in the patient's medical record.

Sincerely,

Print Name with Practitioner Degree(s)

Appendix I- PBC RWHAP Health Insurance Continuation Guidance

Palm Beach County Ryan White Part A Program (PBCRWA) Health Insurance Premium & Cost Sharing Assistance Limitations & Processes 2021 Open Enrollment Period

PBCRWA has determined the following requirements for providing Health Insurance Continuation services under this program funding. Please inform agency staff and clients of these requirements for assistance in the upcoming 2021 ACA Open Enrollment period.

PBCRWA limitations:

- ☐ Monthly Premiums cannot exceed \$1500
- ☐ Annual Total cost (premiums, deductibles, out-of-pocket costs) cannot exceed \$20,000
- ☐ Federal Poverty Level (FPL) cannot be greater than or equal to 75% FPL
- ☐ Client should not be eligible for ADAP assistance
- ☐ If qualified for tax credits, Premium Tax Credits must be taken up front and not at the end of the year.
- ❖ *If a client exceeds either A or B or both limitations, the client should be enrolled in a plan option most cost-effective for their needs. A request for approval will need to be submitted to Shoshana Ringer through the Part A PE database Secure Messaging feature prior to enrollment. Documentation of cost-effective plan and description of reason for request is required.*

PBCRWA & B Processes for enrollment of clients:

Process for RW Part A Clients

- RW clients less than 75% of FPL should be enrolled or re-enrolled in a qualified health plan through RW Part A assistance.
 - Due to COVID-19 related loss of employment resulting in a loss of insurance coverage, clients can be referred to ADAP for assistance in maintaining coverage even if they are below 75% FPL.
 - If a client's FPL is close to 75% FPL, and may possibly qualify for ADAP assistance in the very near future, refer to ADAP for determination of acceptance or denial in ADAP assistance.
- Enrollment assistance may be provided by RW CAC certified case management staff or referred to Epilepsy Florida. *When scheduling an appointment through Epilepsy Florida Connector, please utilize the identifier (A) after the First name of the client (e.g. John (A) Doe).*
- Epilepsy Florida will direct Completed Enrollment information back to case management for reference.

Process for ADAP Eligible Clients

- Clients 75% FPL and over under RW determination, with or without tax credits, AND who meet other eligibility criteria for ADAP coverage should be referred to Epilepsy Florida Connector website <https://www.epilepsyfl.com/makeanappointment/> to schedule an appointment for assistance in enrolling in ADAP approved plans. *When scheduling an appointment, please utilize the identifier (B) after the First name of the client (e.g. John (B) Doe).* Epilepsy Florida will assist clients by enrolling or re-enrolling through the Broward Regional Health Planning Council (BRHPC) website <https://enroll.brhpc.org/>.
- The client will receive a text message to the number provided during scheduling and an email to confirm the appointment date, time, and Navigator name. Please inform clients that the text number with the confirmation information could possibly come from an area code of 503.
- When scheduling appointments with Epilepsy Florida, please eFax client supporting documents to 786-228-4178 or contact Islara Souto directly at 305-496-1243. When faxing document for a client's appointment, please include the date of the appointment at the top of the document for easier identification.
- Please remind clients that they will receive a call from an unknown number from the Navigator for their scheduled appointment. Navigators will try calling the client 2 times.

- Part A Case Management staff can also utilize the BRHPC website for direct enrollments for ADAP clients.
- RW clients, new to any ADAP assistance, will need to complete ADAP eligibility prior to enrolling in ACA ADAP assistance. Eligibility for ADAP can be completed through the AIMS system online. <https://flhiv.doh.state.fl.us/AIMSAZURE> Documentation can be provided through the AIMS system, directly faxed to the local ADAP office (see below numbers for each location), or through Part A PE referral process. Once the client completes the AIMS certification an ADAP staff person will contact the client to verify and receive consent to continue
 - Delray fax is: 561-266-6625
 - West Palm Beach: 561-840-4830
 - Belle Glade: 561-829-1854
- Epilepsy Florida will direct Completed Enrollment information back to ADAP to confirm BRHPC enrollment for payments.

All Part A enrollment for health insurance continuation is subject to available funds.

**Palm Beach County Ryan White Part A Program (PBCRWA) Health Insurance
Premium & Cost Sharing Assistance
Guidance for individuals that are categorically ineligible for ACA Marketplace
plans.**

PBCRWA has determined the following requirements for providing Health Insurance Continuation services under this program funding, for individuals that are categorically ineligible for ACA Marketplace plans. Please inform agency staff and clients of these requirements for assistance in the Open Enrollment period.

PBCRWA limitations:

- ☐ Client must not be eligible for ACA Marketplace plan enrollment (undocumented without Social Security number)
 - ☐ Monthly Premiums cannot exceed \$1500
 - ☐ Annual Total cost (premiums, deductibles, out-of-pocket costs) cannot exceed \$20,000
 - ☐ Client must meet and maintain eligibility for the RW program
- ❖ *If a client exceeds either B or C or both limitations, a request for approval will need to be submitted to Shoshana Ringer through the Part A PE database Secure Messaging feature prior to enrollment. Documentation of cost-effective plan and description of reason for request is required.*

PBCRWA Processes for enrollment of off-marketplace insurance plans:

RW clients less than 400% of FPL should be enrolled in a qualified health plan through Ryan White program assistance.

- Enrollments must be completed through the form in the link provided:
<https://redcap.pbcgov.org/redcap/surveys/?s=W44JHATJCJ>
- Submitted enrollments will be sent to the Navigation Partner to process.
- Once enrollment in the Bright HealthCare Gold 1000 Direct Plan is completed, enrollment information will be sent back to the Case Manager listed on the enrollment form.
- Clients will need to receive health literacy training on how to utilize their insurance plans, including utilizing pharmacy pickup and utilizing Part A services for copay/deductible assistance. (Epilepsy Florida has Health Literacy training available in Spanish and Creole.)
- Funded Subrecipients will be responsible for processing and paying all premiums for these enrollments.

All Part A enrollment for health insurance continuation is subject to available funds.

Appendix J- PBC RWHAP Specialty Medical Care Allowable Conditions and Referral

PALM BEACH COUNTY RYAN WHITE PROGRAM ALLOWABLE MEDICAL CONDITIONS LIST FOR SPECIALTY MEDICAL REFERRALS

These conditions are related to or exacerbated by HIV, comorbidities related to HIV, and complications of HIV treatment.

This list is intended to address the federal Health Resources and Services Administration's requirement that services provided through outpatient medical care be related to an individual's HIV status. This list was created to assist medical providers with specialty care referrals and to emphasize the importance of documenting the link between an individual's HIV status and the specialty care service to which a client is referred. This list is a sample guideline to be used in Palm Beach County's Ryan White Part A Program of the most common conditions exacerbated or caused by HIV or its treatment.

Routine medical diagnostic testing (e.g., Pap smear, mammogram, bone density test, colonoscopy, colorectal cancer screening, and ophthalmologic screening) is allowable as long as such testing follows established medical guidelines, such as U.S. Public Health Service (PHS), American Medical Association, Health Resources and Services Administration (HRSA), or other local guidelines, as a standard of care.

When provided in an outpatient setting, labs, diagnostics and treatments related to HIV, as indicated above, including complications of HIV treatment related to the following conditions may be covered:

CARDIOLOGY:

- atherosclerosis coronary
- artery disease
- hyperlipidemia

CHIROPRACTIC/PHYSICAL MEDICINE:

- Peripheral neuropathy
- Rheumatic diseases
- Osteopenia/osteoporosis
- Avascular necrosis (Stage 1 or 2 only)
- Chronic myopathy/myalgia, HIV related
- Chronic arthralgia, HIV related

Important note: According to CDC, chronic pain is defined as pain having duration of at least three months. Chronic pain is considered a co-morbidity of HIV. This may also contribute to the depression with pain comorbidity complex (DPC). Treatment of acute pain is not covered.

COLORECTAL:

- abnormal anal Pap smears
- anal cancers
- fistulas
