Wendy:

While we appreciate your consideration, and respect and encourage the work detailed in the COSSAP and Unsheltered Homeless Housing services grants. We as board have decided that unfortunately at this moment we will not be engaging in the proposed contracts.

We apologize if this has caused a disruption in the planned services and hope that future opportunities will provide a new chance for us to work on important community initiatives for the county.

If you need any additional information, please be sure to let me know.

Warm regards,

Jan Cairnes, Chair  
Palm Beach County Substance Abuse Coalition
