Meeting access code: 2316 263 2408

Meeting password: lagoon

## AGENDA

---

**I. Introductions**

**II. Lake Worth Lagoon Science Symposium**

Mayra Ashton – PBC ERM

**III. Robust design of green infrastructure for shoreline resiliency and habitat restoration: applying probabilistic hydrodynamic modeling to predict site-scale suitability for living shorelines**

Kelly Kibler and Melinda Donnelly – University of Central Florida

**IV. City of West Palm Beach's Currie Park Redevelopment**

Sarah Mulder and Leah Rockwell – City of West Palm Beach

**V. Lake Worth Lagoon Mooring Compliance**

Robert Mullins – FL Dept. of Environmental Protection

**VI. Johnson's Seagrass- Listing Status Update**

Adam Brame – National Oceanic & Atmospheric Administration

**VII. Comments, Questions and Announcements**

**VII. Next Meetings**

I. LWLI Steering Committee – February 16, 2022

II. NEXT LWLI Working Group Meeting – April 2022

This group was created as an informal forum for the exchange of information about the Lake Worth Lagoon. We hope to increase our collective awareness of enhancement and monitoring efforts and discuss opportunities and methodologies to restore and protect Lagoon resources. Everyone with an interest in the Lagoon is encouraged to attend and participate. Though we do not vote on any issues, nor make recommendations as a group to any decision-making body, we do expect that ideas generated by these discussions will result in collaborative efforts that enhance the Lagoon and raise public awareness of its valuable resources.
