

Fateeha Mahammud

As a budding artist and arts professional, this internship has provided me with invaluable experience. During my time working with Elayna, I've gained knowledge beyond my niche in the visual arts. A big part of that growth came from branching into administrative work, which has given me a strong foundation that will be valuable in many future career paths. As an emerging professional, you have the opportunity not only to learn from others but also to have your ideas and opinions genuinely valued throughout projects. Looking back on the past year, working with Elayna and Palm Beach County's Art in Public Places has encouraged my growth both personally and professionally. I'm grateful for the experience and everything I've learned along the way.
