PROGRAM INFORMATION

PROGRAM PURPOSE

The Office of Community Revitalization's Neighborhood Engagement and Transformation (NEAT) Grants Program provides funding to neighborhood based groups and/or organizations for projects that improve the quality of life in their communities. By offering financial assistance, training, and technical support, the NEAT Grants Program enables residents to develop small collaborative grassroots community projects, and see their ideas through to completion. Grants may be used for a wide variety of activities and projects, and resident groups are encouraged to think in new ways about what will work in their communities and with whom they might partner. NEAT grants are intended to build the skills and capacity of project leaders to transform their neighborhoods.

Through a competitive application process, the County awards grants to qualifying applicants for specific projects or programs that can be implemented within a one-year time frame and provide a clear public benefit to Palm Beach County neighborhoods.

GRANT AMOUNT

Grant funding is available for projects seeking an award of up to a **maximum of \$10,000**. Projects require a community contribution of at least the amount of the grant request.

WHO MAY APPLY

NEAT Grants are available and may be awarded for projects located within **unincorporated Palm Beach County and the Lake Region municipalities of Belle Glade, South Bay and Pahokee**. Priority funding will be given to projects that are proposed for designated Countywide Community Revitalization Team (CCRT) areas (Enter your address on this link -> http://www.pbcgov.org/ccrt_map to find out if you live in a CCRT area). A map depicting all eligible areas under this program is provided on the following page.

Applications will be accepted from informal or formal community groups, nonprofit organizations, and non-mandatory homeowners associations. Mandatory homeowners associations are only eligible if located within a designated CCRT area. There are no limits on the number of applications a community group or organization may submit. However, this is a competitive grant program, and only a limited number of grants will be awarded each calendar year. Palm Beach County reserves the right to limit the number of awards submitted by organizations from the same geographic area and/or operating under the same group or association in order to ensure funds are distributed fairly and equitably.

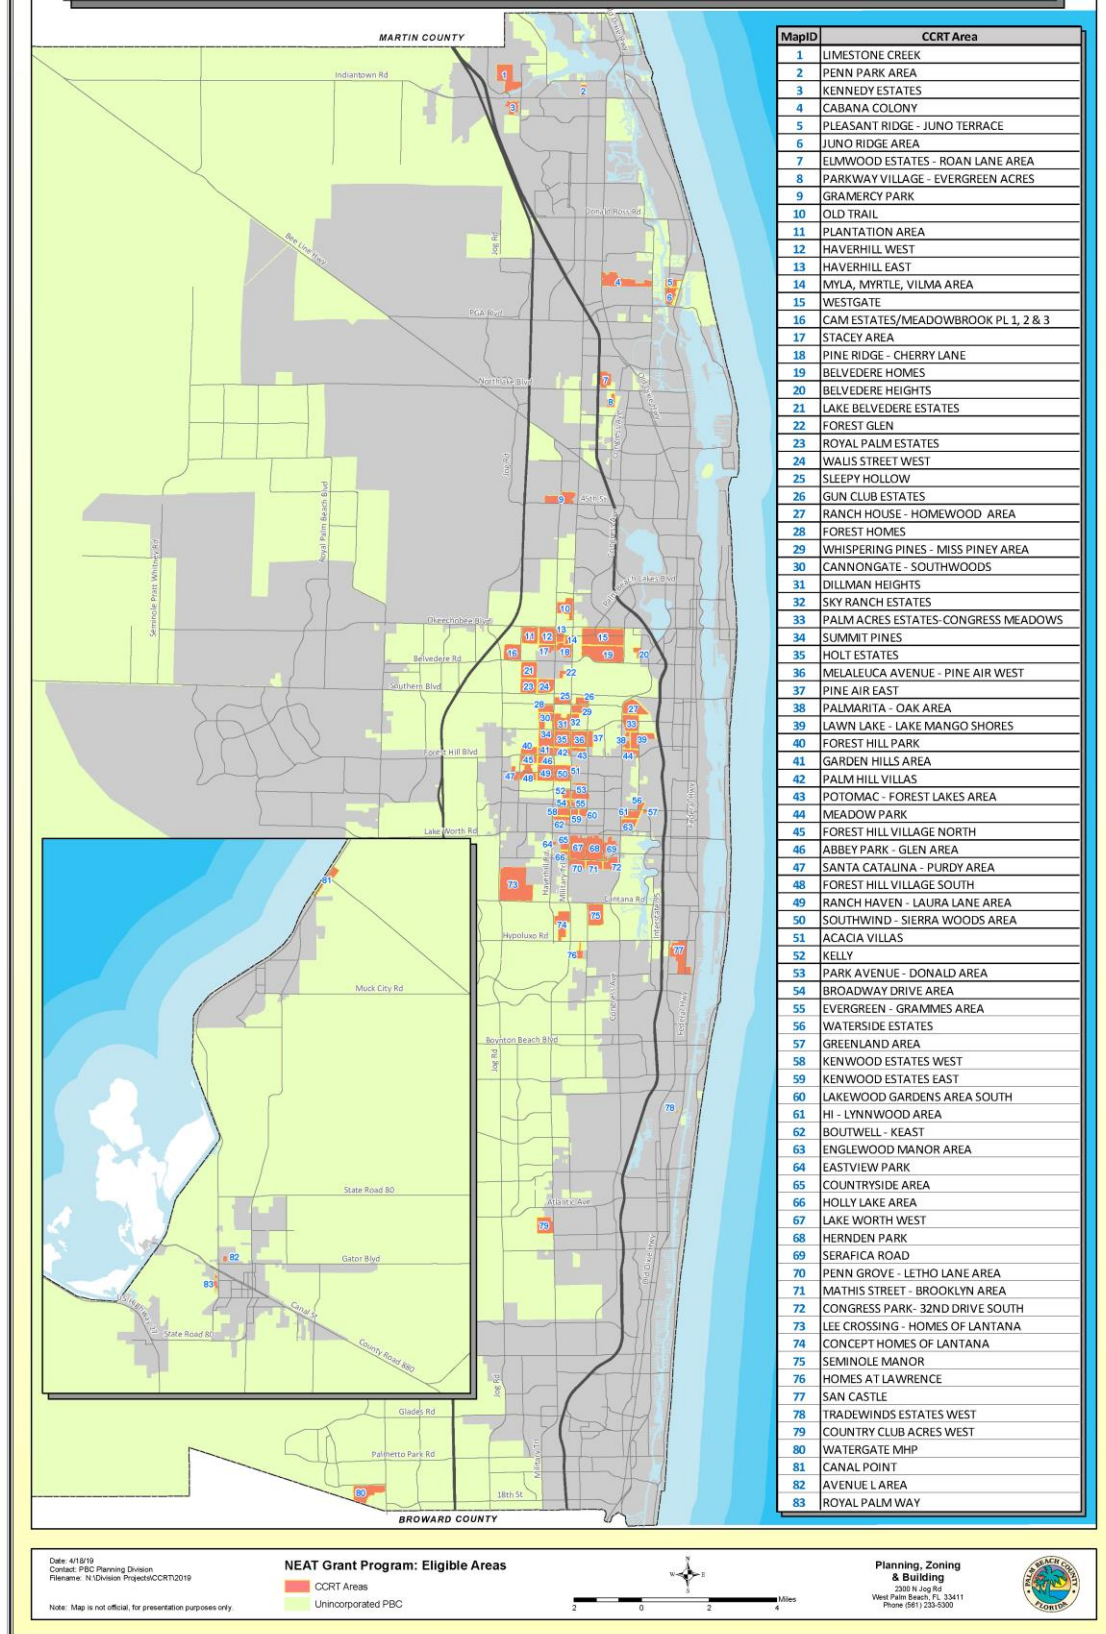

PARTNERSHIPS

Partnerships are encouraged but not required. To qualify as a partnership, the partnering organization must contribute to the project in a substantial and meaningful way. This could include providing critical resources, services, or technical expertise, or collaboratively executing the project. For each organization identified as a partner, **the applicant must submit a formal letter of support from the partnering organization that outlines their specific role in the project.**

BUDGET

The following is intended to serve as a guide for preparing the project budget. It includes information on identifying and clarifying overall project costs and instructions for preparing the required budget documentation. The budget should be clear, appropriate and sufficient to complete the project. Costs should clearly support the proposed tasks and be consistent with the project narrative.

To complete the budget, identify ALL costs associated with the project and list them under the appropriate category. The budget form, provided on the following page, is divided into 4 major headings:

- Budget Items Description & Expenses(A)
- Requested Grant Funds (B)
- Neighborhood Match (C)
- Total Project Cost (D)

All proposed purchased and donations must be documented on the budget. Written documentation must be provided to support the neighborhood match.

A. Budget Item Description and Expenses: Provide a brief description of each item needed to complete the proposed project, the quantity of each item, the unit cost, any other charges associated with a particular item, if applicable, and the total cost of each line item. Please note that Palm Beach County does not pay for sales tax and this expense, therefore, is not eligible for reimbursement under this grant.

- **Supplies and Materials:** List all items needed to build and complete the project. You must provide three vendor quotes for each item listed on the budget.
- **Services:** List any expenses associated with technical assistance from professionals or other services that may be required for project implementation. Support documentation must be provided on letterhead from the service provider.
- **Other:** List any costs that are not specific to any of the above categories.

B. Requested Grant Funds: Amount of money requested for each line item from the NEAT Grants program.

C. Neighborhood Match: The amount of the applicant's contribution to the project must at least equal the total amount of grant funds requested from the County. A combination of cash, volunteer labor and/or in-kind donations of goods or services directly related to the implementation of the proposed project can be used as match.

- **In-Kind Contributions:** Estimate the value of any **in-kind donations** and/or **Volunteer Hours**. In-kind donations may include project materials, technical assistance from professionals, other donated services and labor, and general volunteer hours.

Donated equipment, materials and supplies should be valued at the retail market rate these items would cost if purchased. For discounted materials made available at a reduced rate by a retailer, the difference between the retail and discount price may be counted as an in-kind donation.

Donated services or labor should be valued at the rate these individuals would have been paid for their services. General volunteer hours should be valued at \$25/hr.

- **Cash Donations, Private Grants and Other Sources:** List any additional dollars supporting this project. This could include private grants from other organizations or direct financial support (cash donations) from your organization/neighborhood group or other sources.

STEPS IN DEVELOPING A PROJECT

1. Brainstorm project ideas- After carefully reviewing the grant application materials, think about the needs and goals of your association, your neighborhood, or the community. Make a list of potential project ideas.
2. Check in with the grant program manager- At this point, check in with the grant program manager to discuss your ideas, whether they likely meet the criteria of the grant program, and to identify additional review and coordination that may be needed by other County departments or agencies.
3. Obtain support for this idea from your neighbors and your neighborhood association board, if applicable- Present the idea and determine if there is support from the neighborhood association and neighborhood residents before moving forward. This support must be documented in your application submittal.
4. Define the project scope. Think through the project goals and necessary follow-through. Make a timeline and list of activities needed to accomplish your project. Consider if there are members of your neighborhood group who can assist with relevant professional experience. County or City staff may also be able to offer advice, direct you to resources, or put you in touch with other community members who can advise you.
5. Determine resources needed. Develop a list of all the resources and funding needed at each step of the process. As you consult with County or City staff, you are likely to learn of some additional items that may be needed.
6. Talk with the NEAT Grant Program Manager to discuss the project. **A discussion with the NEAT Grants Program Manager is a pre-requisite to submitting an application.** Staff can advise on the project's scope, provide resources, and help to ensure the application will be complete. Other County/City departments or agencies may be involved depending on the project.
7. Obtain Quotes. The applicant should obtain three quotes from different vendors/contractors for goods to be purchased or service work to be completed.
8. Submit application. Applications are due Wednesday, May 18, 2022 so plan accordingly to allow enough time to both complete the application and compile all the support documents that must be submitted as part of your application.

OTHER USEFUL INFORMATION

Below are a few helpful questions/suggestions to assist you in securing quotes from vendors.

Questions to ask vendors:

1. Have you previously worked with Palm Beach County Government? Are you a registered County Vendor?
2. Are you a licensed contractor in Palm Beach County?
3. Do you accept Palm Beach County Government purchase orders?
4. Will you keep the cost of items provided within a quote even if project implementation doesn't take place until months after the quotes have been provided?
5. Will permit cost, site design, engineering, surveys and any other fees be included in the quote?
6. Can you complete the entire project?
7. Can you provide all the insurance requirements required by Palm Beach County? How quickly can you begin work once you receive the purchase order?
8. Is there a person we can use as a main contact for the business? Can you prepare a site plan if needed for permits?
9. Do you require down payments? **STOP: Palm Beach County will only pay once work is completed. Deposits made by organizations will not be reimbursed.**
10. The County usually takes 2-4 weeks to pay invoices, are you willing to wait for payment?
