Type of Solicitation IFB

The following steps have been taken in the review of the scope of services and terms:

### EARLY/FORMAL REVIEW\*

A review of the Terms and Conditions of the solicitation and contract has been reviewed and removed any language or conditions that may adversely impact S/M/WBE firms to respond.

Special contract requirements are included due to the following:

This solicitation has been reviewed to identify opportunities for De-Bundling or Aggregating to increase competition among S/M/WBE firms.

This solicitation review has considered and determined this contract is sized to maximize S/M/WBE participation in the bidding process. The following steps were taken:

This solicitation will be divided into several lots to cover for: different sizes of equipment and geographical boundaries (east and west of the 20 mile bend).  
The awards will be in a lot by lot basis in order to maximise SBE participation and allowing vendors to bid depending on their geographical area and type of equipment they have.

- The following opportunities have been combined to increase the competition among S/M/WBE firms:

- The selection criteria will not unnecessarily restrict competition or adversely impact the ability for S/M/WBE firms to respond or participate as subcontractors. The following steps were taken:

- The project will be advertised for a minimum of 30 days unless where practical or for a longer period if required by state law.
- Researched relative availability for the particular good or service at the prime and subcontractor levels.
- Consult with department management which API will create maximum opportunity for S/M/WBEs or prepare Waiver.
- Complete Goal Setting form with backup documentation.
- The originating department has determined there are no S/M/WBE subcontracting opportunities and have included documentation associated with the **No API** recommendation on the Goal Setting Worksheet.
- Forward to the OEBO for review.
- If the OEBO agrees, submit to the Purchasing or Originating Department.
- If the OEBO disagrees, change and submit to Purchasing or Originating Department.

**MANDATORY REVIEW**

Complete Department Goal Setting Form, attach to Solicitation Document and forward to the OEBO for the Goal Setting Committee.

\*A Solicitation Signature Page should be attached and signed at each step of the review process.
