Budget Workshop

February 4, 2026

Strategic Priorities

Moving from Outstanding to a Culture of Excellence!

The BCC workshop, in November 2018, allowed the County Administrator and the Board of County Commissioners to redefine the County's Vision and Mission to better-align with PBC's then current trajectory.

As of 2024, Palm Beach County has 7 strategic priorities adopted by the BCC and County Administration (listed on the infographic to the right).

Cross-Departmental Teams (CDTs) were created to address these strategic priorities and assist with data-driven decisions related to the County's Strategic Plan and Budget.

Although "Grant Funding" is not a strategic priority, Administration requested a cross-departmental team to assist in enhancing opportunities for collaborations and increasing efficiencies.

The water is calm, reflecting the warm orange and yellow hues of the sky. The background features a dense skyline of modern buildings, including several high-rise residential or office towers. The sky is filled with scattered clouds, some of which are catching the light from the setting sun, creating a dramatic and colorful atmosphere.

Overview

What is a Fund?

- A separate fiscal and budgetary entity, required by Governmental Accounting Standards Board (GASB)
- Each fund must be balanced per Florida Statute – Revenues = Expenditures
- Used to maintain control over resources that have been segregated for specific activities or objectives
