*"An Equal Opportunity
Affirmative Action Employer"*

The Capital Budget for Fiscal Year 2012 (net of Reserves and Transfers) has decreased by \$72 million, or approximately 5.4%. The Five Year Capital Improvement Program for Fiscal Years 2012-2016 totals \$1 billion as compared to \$1.25 billion last year (Fiscal Years 2011-2015), a decrease of \$248 million or 19.8%. This reduction is a result of postponing various projects beyond Fiscal Year 2016 including the Main Library Expansion (\$29 million), Animal Care and Control Belvedere and Pahokee Expansions (\$22 million), Jail Expansion Program (\$15 million), Lake Worth Head Start Center (\$12 million) and the Clerk's Record Warehouse (\$13 million). In addition, the Five Year Road Program reflects a \$148 million decrease. The Fiscal Year 2016 Five Year Road Program projections (with the exception of annual allocations) are not included in this Capital Improvement Program. The Five Year Road Program update was adopted December 1, 2011 and includes projections for Fiscal Years 2012-2016 as well as a reallocation of gas tax funding to Palm Tran and the County Transportation Trust Fund.

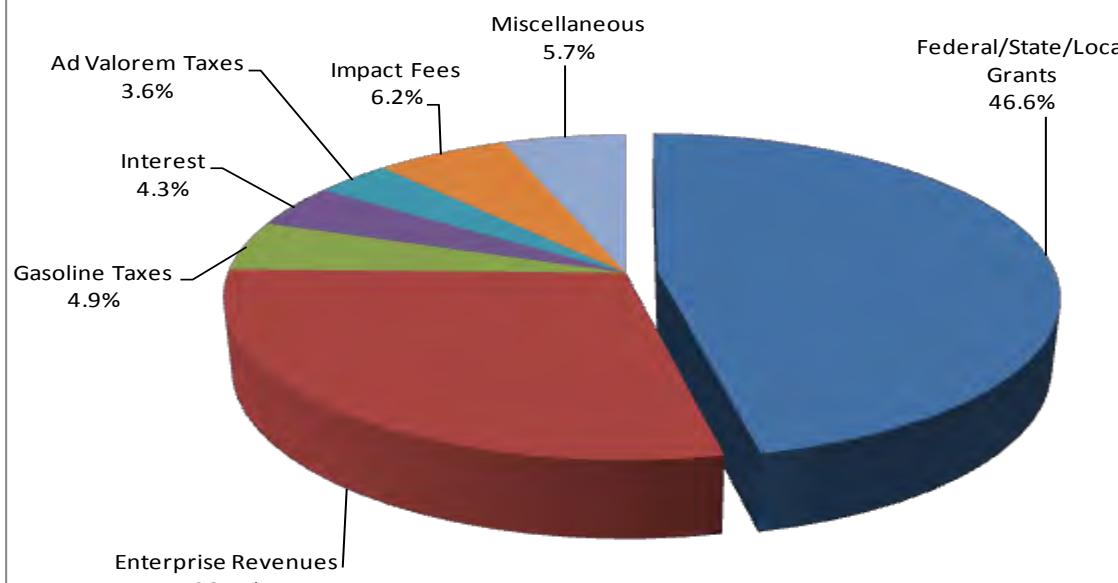

Fiscal Year 2012 is the base year for projecting funding requirements for the Five Year Capital Improvement Element of the Comprehensive Plan. Administration, Planning Division and the Office of Financial Management and Budget (OFMB) will be reviewing and revising the levels of service as previously adopted in the Comprehensive Plan. The Five Year Capital Improvement Program for Fiscal Years 2012-2016 is the basis for determining if an amendment to the Capital Improvements Element of the Comprehensive Plan is necessary. Each Department will evaluate their levels of service based on their five year projections for operating and capital expenditures.

Capital Projects

The \$1.25 billion 2012 Capital Budget consists of \$371 million in new revenue for projects and anticipated carryovers of \$879.5 million. The major components of the new sources of funding are as follows:

Federal/State/Local Grants	\$ 172.8 million
Enterprise Revenues (Airports, WUD)	\$ 106.5 million
Gasoline Taxes	\$ 18.2 million
Interest	\$ 15.8 million
Ad Valorem Taxes	\$ 13.3 million
Impact Fees	\$ 23.2 million
Miscellaneous	\$ 21.2 million

Sources of New Funds for Capital Projects

Five Year Road Program

The Five Year Road Program budget for FY 2012 is \$444.6 million, which includes funds carried forward from the prior year (\$341.1 million, 76.7%), local option gas tax (\$18.2 million, 4.1%), impact fees (\$21.1 million, 4.8%), as well as federal/state grants, state shared revenues, and interest (\$64.2 million, 14.4%). Of the \$18.2 million in local option gas tax, \$9 million will remain as funding for the Five Year Road Program, \$5.3 million will be added to Palm Trans' share of the local option gas tax and \$3.9 million will be reallocated to the County Transportation Trust Fund.

Major Capital Projects

Major new projects or new funding included in the 2012 Adopted Budget include:

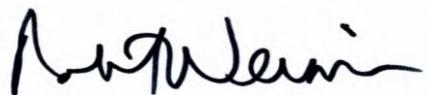

<u>Department</u>	<u>Project Description</u>	FY 2012 (\$millions)
General Government	Countywide Building Renewal and Replacement	5.2
	Jail Expansion Program	4.0
	Radio System 800MHz System Refresh	5.0
	Radio System Analog Microwave System Replacement	3.5
	Roger Dean Stadium Renewal and Replacement	4.6
Engineering – Roads*	Intersection Program	4.0
	60 th St west of Royal Palm Beach Blvd to SR7 Extension	5.3
	Jog Road north of SR 710 to Florida's Turnpike	6.5
	Jog Road/Roebuck Rd to south of 45 th St	16.0
	Palmetto Park Road/Powerline Rd to Military Tr	9.6
	Seminole Pratt Whitney Rd/M Canal to Orange Blvd	5.3
	SR 7 Extension/Persimmon Blvd to 60 th St	4.7
Environmental Resource	Mgmt.Jupiter Carlin Shore Protection III	1.5
	Ocean Ridge Shore Protection	1.8
Parks & Recreation	Lake Lytal Pool Resurfacing and Coping Replacement	0.3
	Riverbend/Reese Grove Park Phase III	0.4
	South County Regional Park Phase III	0.5
	Calypso Bay Waterpark River Ride Renovation	0.4
	Juno Pier Renovation	0.4
Airports	North County Airport Environmental Study	2.3
	PBIA Baggage System Improvements and Expansion	47.0
	PBIA Golfview Apron and Associated Infrastructure	6.0
	PBIA Runway Rehabilitation	15.0
	PBIA Miscellaneous Taxiway Rehabilitation	2.1

PALM BEACH COUNTY CAPITAL IMPROVEMENT PROGRAM

Palm Beach County (the County) provides the needed and desired urban services to the public. In order to provide these services, the County must furnish and maintain capital facilities and equipment, such as the airports, roads, and parks. The Capital Improvement Program (CIP) is an estimated schedule of funding necessary to acquire or construct these needed improvements over the next five year period, with the initial year reflecting the approved budget for FY 2012.

The CIP, Fiscal Years 2012 - 2016, is the vehicle by which the County plans for the provision of capital facilities and projects. The CIP outlines the budget plans for facilities to support the levels of service (LOS) as defined in the Comprehensive Plan. It also outlines new funding, including capital reserves, available for new capital projects, and projects that were previously approved by the Board but not yet completed.

COMPREHENSIVE PLAN

Palm Beach County adopted a Comprehensive Plan (the Plan) in 1989, which provided the framework for land use changes within the unincorporated area, as well as mechanisms and standards through which changes could occur. The basic concept of the Plan was to permit the development at urban densities in those areas where urban services could be provided efficiently and economically, and to prevent urban density development in areas which were not planned for the extension of urban services.

In 1991 the County revised its Comprehensive Plan as required by the Local Government Comprehensive Planning and Land Development Act, Chapter 163 Florida Statutes (Growth Management Act). The Plan was further amended in 1999 with the adoption of the Managed Growth Tier System for the Land Use Element.

HB 7207 the Community Planning Act, was signed by the Governor on June 2nd 2011, amending multiple sections of the Florida Statutes Chapter 163. This legislation changes the name of the 'Local Government Comprehensive Planning and Land Development Regulation Act' to the 'Community Planning Act', revises and provides intent and purpose of the act; revises definitions, revising the scope of the act; revises and provides duties of local governments and municipalities relating to comprehensive plans; deleting retroactive effect; encourages local governments to apply for certain innovative planning tools; authorizes state land planning agency and other appropriate state and regional agencies to use direct and indirect technical assistance etc.

The County's Comprehensive Plan is based on an overall goal of maintaining a high quality of life in the County. The Managed Growth Tier System recognizes the diverse communities within the County that share common characteristics. Each of these communities requires specific policies to create and maintain quality livable communities and lifestyle choices for current residents, future generations and visitors. The mechanisms and means for attaining this goal have been incorporated into the elements of the Comprehensive Plan. The Plan contains, but is not limited, to the following fifteen (14) Comp Plan Elements:

**PALM BEACH COUNTY
CAPITAL IMPROVEMENT PROGRAM**

Required Elements:

- | | |
|---|---|
| 1. Future Land Use Element FLUE | 7. Coastal Management Element CME |
| 2. Transportation Element TE | 8. Intergovernmental Coordination Element IGCE |
| 3. Housing Element HE | 9. Capital Improvement Element CIE |
| 4. Utility Element UE

Includes infrastructure for Sanitary Sewer, Potable Water, Solid and Hazardous Waste, and Drainage. | |
| 5. Recreation and Open Space Element ROSE | 10. Health & Human Services Elem HHSE |
| 6. Conservation Element CE
includes Aquifer Recharge | 11. Public School Facilities Element PSFE |
| | 12. Fire Rescue Element FRE |
| | 13. Library Services Element LSE |
| | 14. Historic Preservation Element HPE |

Optional Elements:

The Community Planning Act requires the County to establish levels of service standards for facilities, which are to be included in the individual elements of the Comprehensive Plan. The Capital Improvement Element (CIE) of the Comprehensive Plan contains the policies that address the minimum levels of service (LOS) for each element. The CIE demonstrates the funding required, to provide public facilities needed to serve developments for which development orders were issued prior to adoption of the Comprehensive Plan and to be issued concurrent with the impacts of future development.

The CIE evaluates the need for public facilities as identified in the individual elements, estimates the cost of improvements, analyzes the fiscal capability of the County to finance and construct the improvements, and provides a schedule for the funding and construction of the improvements. The CIE implements the provisions of the Plan primarily by:

- ▶ Establishing a system of examining and assigning priorities to the needs of the County, thereby assuring that the most essential improvements are provided first;
- ▶ Coordinating the timing and location of capital improvements among County agencies to maximize the benefit of public expenditures;
- ▶ Coordinating financial planning, allowing maximum benefit from available public funds;
- ▶ Providing cost information on a timely basis for the evaluation and formulation of alternative financing programs; and
- ▶ Providing for an equitable distribution of public improvements throughout the County.

The CIE includes new capital projects and new programs which support the minimum LOS in the other elements. Projected revenues were compared to the projected funding requirements to demonstrate the fiscal feasibility of the Plan. Each year the CIE will be updated through the budget process. If the budget adopted by the Board each year supports the LOS called for in the Plan, the Plan will be updated

**PALM BEACH COUNTY
CAPITAL IMPROVEMENT PROGRAM**

accordingly. At any time the Board adopts a budget which does not support the LOS in the Plan an amendment to the Plan must be prepared by the County.

CAPITAL IMPROVEMENT POLICIES

The County has established the following fiscal policies regarding the CIP to facilitate management actions on financial decisions and to demonstrate compliance with applicable Florida Statutes:

Capital Improvement Policies:

1. The County's Comprehensive Plan shall identify the capital needs of the community and outline how those needs will be funded. The County's CIP shall be developed based on the elements of the Comprehensive Plan.
2. The County will develop a Five-Year Capital Improvement Program as part of the annual budget process, and will make all capital improvements in accordance with the adopted Annual County Budget.
3. The County will annually update its long-range financial forecasting system that will include projections of revenues, expenditures and future costs, and financing of capital improvements.
4. The County will identify the cash flow needs of all new projects and determine which financing method best meets the cash flow needs of each project.
5. The costs of operating and maintaining all proposed projects will be identified and incorporated into the five-year financial projection for operations.

Debt Policies:

1. Palm Beach County shall use long-term debt financing only for capital improvements that provide long-term benefits to the community.
2. The County shall ensure long-term debt is soundly financed by:
 - a. Conservatively projecting the revenue sources that will be utilized to pay the debt; and
 - b. Financing the improvement over a period not greater than the useful life of the improvement.
3. The County will regularly analyze total indebtedness including underlying and overlapping debt as part of its analysis of financial conditions.
4. Overall net debt shall be maintained below \$1,200 per capita.
5. Debt service payments, exclusive of general obligation and self-supporting debt, as a percentage of general governmental expenditures shall not exceed 5 percent.

**PALM BEACH COUNTY
CAPITAL IMPROVEMENT PROGRAM**

6. Where practical, the County will issue general obligation bonds instead of non-self supporting revenue bonds.
7. The County will include debt service payments and reserve requirements for all debt currently outstanding and for all proposed debt issues in its annual budgets and long-range forecasts.

Development of the Capital Improvement Program

Only projects that meet the definition of a capital improvement are included in the CIP. Capital facilities are considered to be any governmental expenditure for the acquisition of land, or the construction, installation, or expansion of facilities, which are expected to be in service over a considerable period of time, usually more than one year. Capital project improvements are relatively large scale, nonrecurring projects that may require multi-year financing. Examples of typical capital improvements are as follows:

- a. Road construction and improvements;
- b. New and expanded physical facilities for the community;
- c. Large scale rehabilitation or replacement of existing facilities;
- d. Purchase of pieces of equipment which have a relatively long period of use;
- e. The cost of engineering or architectural studies and services relative to the improvement; and
- f. The acquisition of land for a community facility such as a park, road, library, airport, etc.

Further, expenditures for renewal and replacement that extend the useful life of an asset beyond one year are included in the CIP. Examples include road resurfacing and roof replacement. Expenditures for maintenance and repairs and recurring expenditures for small capital items are included in the Operating budget.

CAPITAL IMPROVEMENT PROGRAM FORMS

Each year, the CIP is prepared from project requests submitted on Capital Improvement Program forms by the various departments and agencies of the County. Each completed form reflects the project description/justification, cost and funding projections, annual operating cost projections (if any), and Comprehensive Plan consistency and compliance. Concurrently, with the preparation of the project requests, information concerning the financial resources available to the County is prepared by the Office of Financial Management and Budget (OFMB).

**PALM BEACH COUNTY
CAPITAL IMPROVEMENT PROGRAM**

RESPONSIBILITIES IN PROGRAM PREPARATION AND IMPLEMENTATION

The CIP, by virtue of its comprehensive character, involves the full realm of County operations; Departments, Agencies and the Board of County Commissioners (BCC) who must coordinate their actions to accomplish a successful program for improving the community.

The Operating Departments play the key role in the initial stages of capital programming. By virtue of their technical knowledge and experience in their individual fields, it becomes the responsibility of the department heads and management to initiate project requests formulated into a program that indicates the need of each project, as well as its relative importance in the department's mission.

OFMB provides information concerning the County's past, present and future financial resources; and prepares and distributes the package utilizing departments' and agencies' submitted project requests. During the development of the CIP, OFMB assists in the review and evaluation of project requests and guides the administration of the program through its function of budget control and formulating changes in fiscal policies.

The Engineering and Facilities Development & Operations Departments have the following responsibilities in the CIP process:

1. Provide assistance, if needed, in preparation;
2. Receive and review cost projects in the requests;
3. Provide information and assistance to OFMB in the analysis of the County's financial requirements;
4. Prepare and distribute staff's recommendation to the Board with respect to the Five-Year Road Program; and
5. Provide assistance to the County Administrator, County Commission and staff in preparing the BCC adopted CIP.

While Departments, Agencies, and Committees play a very significant role in the CIP process, the ultimate success of the program rests with the Board of County Commissioners (Board). Only the Board as elected officials can authorize the expenditure of public funds by adopting the first year of the CIP as that fiscal year's Capital budget. Therefore, the final priorities placed on community needs and the subsequent satisfaction of those needs is a matter of legislative decision and control.

The program recommended by the County Administrator is used by the Board to develop the annual budget that becomes effective October 1st of each year. The first year of the Five-Year CIP is adopted by the Board as the Capital budget with the following four years as estimated future funding requirements. The Board uses the CIP to analyze the County's fiscal capability to finance and construct capital improvements.

**PALM BEACH COUNTY
CAPITAL IMPROVEMENT PROGRAM**

PROJECT PRIORITY RANKINGS

Criteria for establishing the prioritization of capital project proposals are established in the Capital Improvement Element of the Comprehensive Plan in Objective 1.4. The criteria address issues such as what category of service such as (essential, necessary, or desirable) the project will support. Other criteria included in the objective deal with the physical location of the project identified as Coastal High-Hazard areas or Revitalization and Redevelopment Overlay areas.

High Hazard Area: Policy restricts use of public funds for infrastructure expansion or improvements in Coastal high-hazard areas unless such funds are necessary to:

1. Provide services to existing development;
2. Provide adequate evacuation in the event of an emergency;
3. Provide for recreational needs and other appropriate water-dependent uses; and
4. Maintain the urban level of service.

Category of Service the Project Will Support: Following is a list of service categories pursuant to Policy 1.4-b of the Capital Improvement Element:

1. **Essential:** Projects directly related to protecting the immediate health and safety of citizens from an existing or imminent hazard. An example would be a funding request which responds to a danger arising from an imminent bridge failure. Essential services shall be provided throughout the County.
2. **Necessary:** Projects directly related to maintaining the level of service for concurrency items mandated by State law and Fire-Rescue services. Examples include funding requests necessary to meet the minimum level of service standards for concurrency regarding roadway, mass transit, potable water, wastewater, solid waste, storm water protection, recreation/open space, and fire-rescue. Necessary services shall be provided throughout the County.
3. **Desirable:** Projects related to enhancing the desirability of Palm Beach County as a place to live. More specifically, to enhance the quality of life, or maintain physical assets; but not needed to correct imminent health and safety hazards, as well as maintain level of service standards. Examples include funding requests for libraries and roadway beautification.

Revitalization/ Redevelopment Overlay: Policy 1.4-f requires that projects designed to correct service and infrastructure deficiencies located within one of the Revitalization and Redevelopment Overlay areas in unincorporated Palm Beach County receive "special consideration" in the establishment of the project priority. Special consideration gives these projects top priority consideration within each category; essential, necessary, desirable.

**PALM BEACH COUNTY
CAPITAL IMPROVEMENT PROGRAM**

RELATIONSHIPS BETWEEN THE OPERATING AND CAPITAL BUDGETS

There are many features that distinguish Palm Beach County's Operating budget from the Capital budget. The Operating budget includes expenses that are generally of a recurring nature and are appropriated for one year only. It provides for all County services, but does not result in major physical assets for the County. Year to year, changes in the Operating budget are expected to be fairly stable, and represent incremental changes in the cost of doing business, in the size of the County and in the types and levels of service that are provided. Resources for the Operating budget generally come from taxes, user fees, and inter-governmental payments that usually recur from year to year.

The Capital budget, on the other hand, includes one-time costs for projects that may last several years. The projects result in major physical assets for the County. Resources for the Capital budget generally come from bond issues, impact fees, grants and taxes.

In spite of these differences, the Operating and the Capital budgets are closely linked. The most obvious connection is the fact that the Operating budget assumes the cost of maintaining and operating new facilities built under the Capital budget.

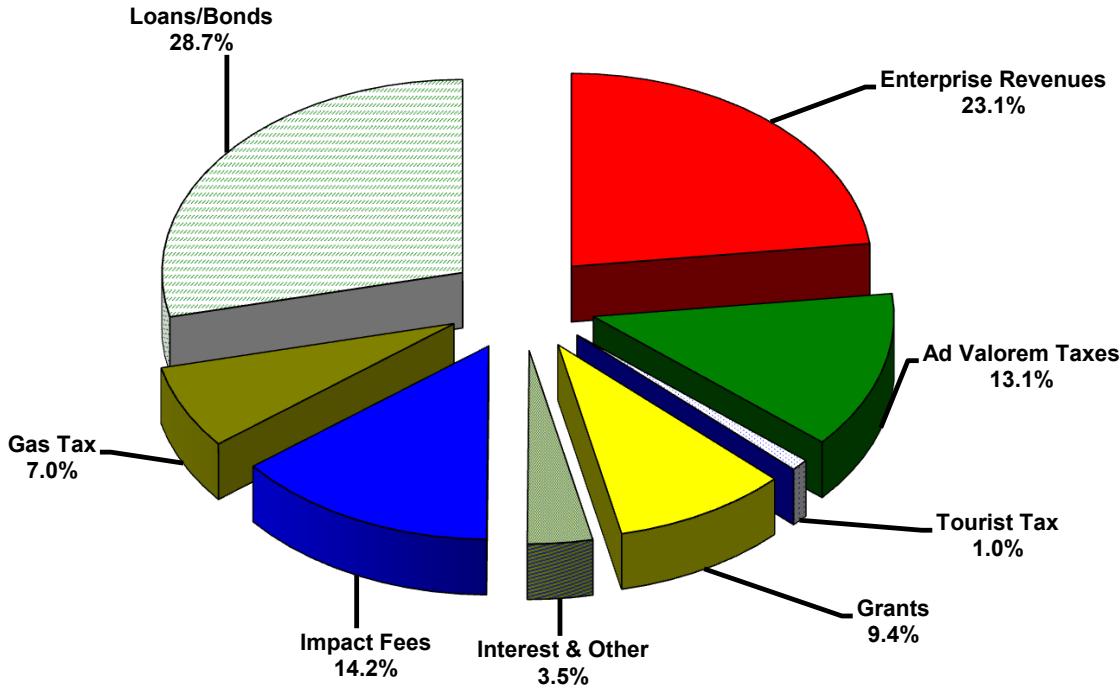

Operational needs often drive the Capital budget. For example, major expansion requirements in the FY 2012 Capital budget are roads, public buildings, parks, and airport expansion, which were necessitated by the continued population growth and the County's role in providing these basic services to its citizens.

The following charts and graphs on pages 16 through 19 provide a summary of the FY 2012 to FY 2016 Capital Improvement Program. However, only the FY 2012 budget has been adopted by the Board.

Capital Improvement Program 2012-2016

Sources of Funds By Category

Total 5 Year Revenues \$1,005,903,000

Revenues for the Capital Improvement Program come from several sources of which Ad Valorem Taxes represent only 13.1%. As a matter of policy, non ad valorem sources are used to fund capital projects wherever possible.

Gas Tax revenues are authorized by Florida Statutes and include local option gas taxes which the Board has adopted. Gas tax revenues may be used only for road construction and maintenance, bridge maintenance and transportation system expenditures including mass transit.

Impact Fees are levied for growth related projects and are used to fund parks, libraries, public buildings, road construction, fire-rescue and law enforcement projects required due to population growth in the area where the fees were collected.

Grants are received largely from Federal and State sources to contribute towards projects for transportation and environmental concerns such as beach preservation.

Interest and Other includes interest earnings on temporary cash investments and contributions from private sources.

Tourist tax is a portion of the bed tax on room rentals which is to be used only for beach preservation.

Loans/Bonds represent proceeds from the sale of bonds or other loans from financial institutions.

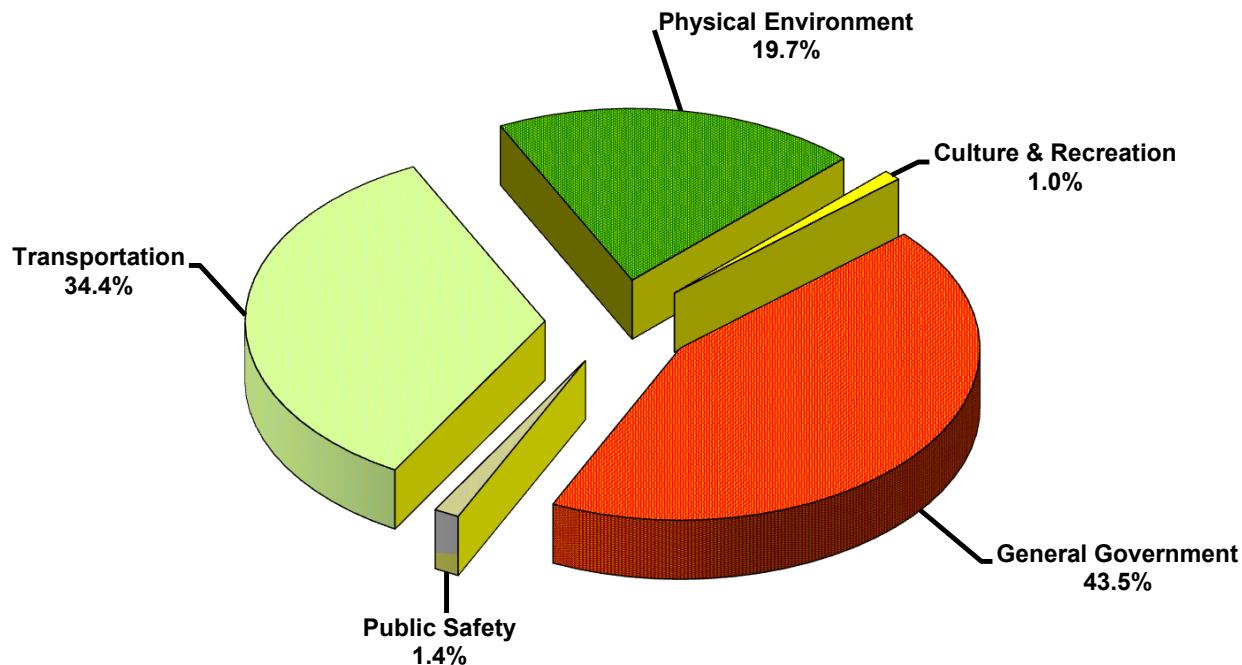

Enterprise Revenue is income generated through charges and fees collected to support Enterprise Fund operations.

Note: Provides a Summary of FY 2012 - 2016 CIP. Only current budget year has been legally adopted by the Board.

Capital Improvement Program 2012-2016

Expenditures By Function

Total 5 Year Expenditures \$1,005,903,000

General Government - Services provided by the County for the benefit of the public and the governmental body as a whole.

Public Safety - Services provided by the County for the safety and security of the public.

Transportation - Expenditures for developing and improving the safe and adequate flow of vehicles travelers and pedestrians.

Physical Environment - Functions performed by the County to achieve a satisfactory living environment for the community as a whole.

Culture and Recreation - Expenditures to provide County residents opportunities and facilities for cultural, recreational and educational programs.

Note: Provides a Summary of FY 2012 - 2016 CIP. Only current budget year has been legally adopted by the Board.

Facilities Development & Operations

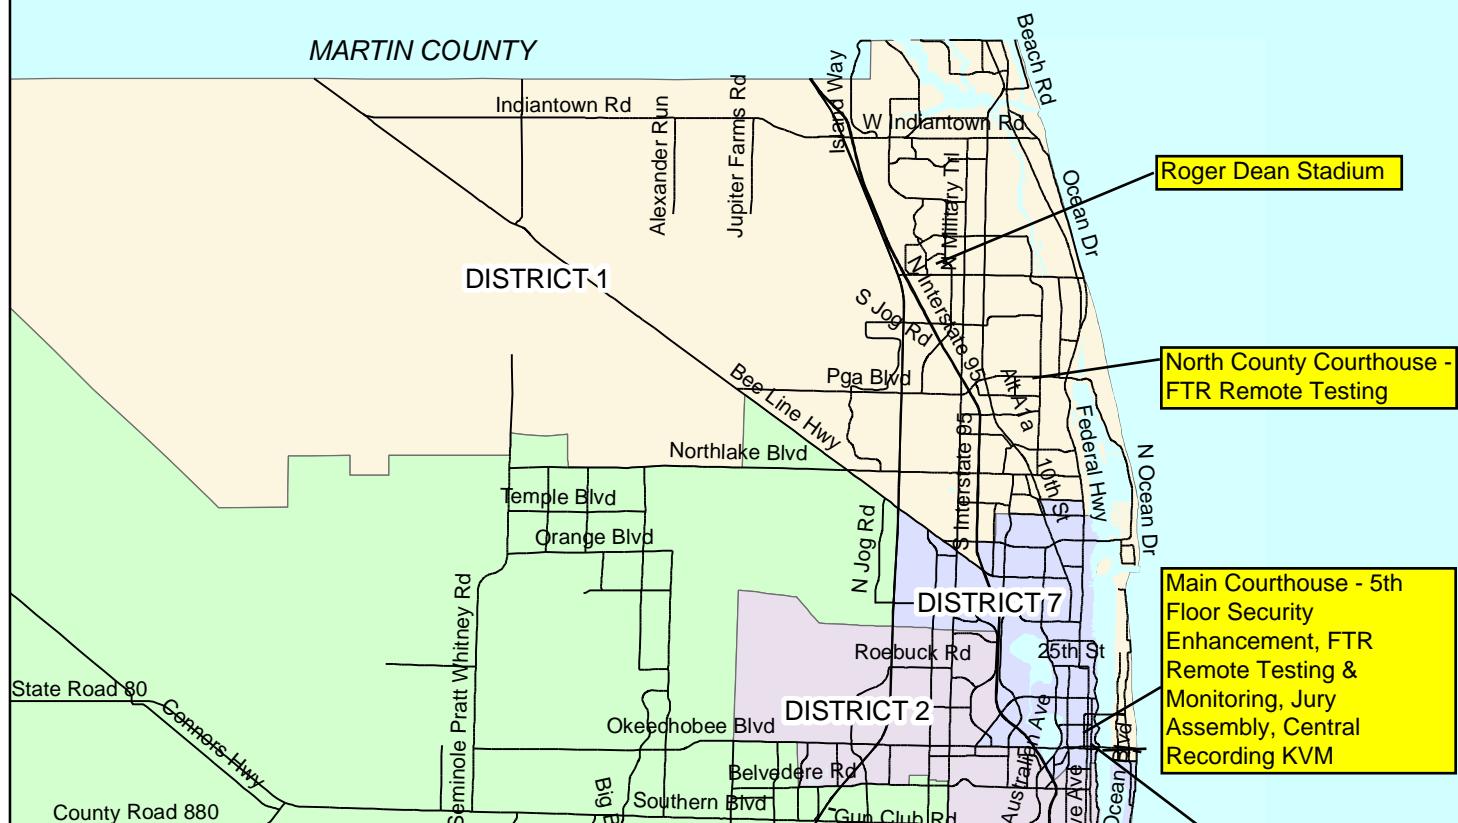

The Facilities Development & Operations Department (FD&O) is responsible for the efficient management and planning of all County real property. FD&O's responsibilities include the development and annual update of space requirements for all County Departments, Agencies, and Constitutional Officers, as well as space planning and project management for all County leased facilities. In addition, FD&O provides necessary support services to other County Departments and facilities through Facilities Management, Electronic Services and Security and Fleet Management Divisions.

Palm Beach County Capital Improvement Program
FY 2012 - FY 2016 (\$ in 1,000)
Capital Project Proposal

Project Title: Animal Care and Control - Belvedere Expansion		Fund #:		Unit #:								
Description: The scope of the project includes the following: 1) the addition of a 6,450 square foot animal wellness center, including a spay and neuter clinic, 20 kennel runs, isolation holding for cats and dogs and an administration area; 2) renovation of 23,090 square feet of the existing facility; 3) a new cat feature area of about 1,000 square feet near the existing reception area; 4) renovation of the existing three kennel structures; 5) a new 2,000 square foot free standing maintenance facility which will include apparatus bays, offices, restrooms, and a break room; and 6) site construction including parking, site lighting and landscaping. Expenditures of \$227,666 in FY 2008 and 2009 were for building improvements unrelated to the scope of this project.

Palm Beach County Capital Improvement Program
FY 2012 - FY 2016 (\$ in 1,000)
Capital Project Proposal

Project Title: Animal Care and Control - Pahokee		Fund #: Unit #: B292 B301										
<p>Description: The scope of the project includes the construction of a new 60 kennel facility and demolition of an existing facility upon completion. This project was originally funded in FY 2004 as a 30 kennel expansion, but upon completion of a master plan study of all Animal Care & Control facilities, the scope of this project was expanded to the 60 kennel facility. The design was substantially completed by 2007 (prior expenditures were \$237,208 for design) but the completion of the design, permitting and construction phases were postponed as part of the FY 2008 CIP re-structuring. When this project is resumed, the design will need updated and completed prior to permitting and construction. Unrelated to this project were the expenditure of \$519,084 in FY 2007-2009 for renewal/replacement or other improvement projects.</p>

Capital Project Proposal

Project Title: Clerks Record Warehouse		Fund #:		Unit #:					
Description: This project includes the design and construction of a new records warehouse for the Clerk and Comptroller to replace facilities currently in the Government Center Parking Garage, on the 7th floor of the Courthouse and in Building 509; and to also provide for future growth. The building will be located at the County's Cherry Road Facility. This warehouse will need to be constructed prior to the build-out of the 7th floor of the Courthouse.

Capital Project Proposal

Project Title: Head Start Center - Lake Worth		Fund #:		Unit #:					
Description: This project includes the construction of a new 25,000 square foot six classroom facility, one of which is an early Head Start classroom to replace the San Castle Facility. This project will be relocated in the Lake Worth Corridor adjacent to the new Mid County Senior Center. This project was at the completion of the schematic design stage when it was suspended as part of the FY 2008 CIP re-evaluation. The cost estimate includes funding for completion of the design and construction. The Administrative component of Head Start is no longer included in this project but reassigned permanent space at Four Points.

Palm Beach County Capital Improvement Program
FY 2012 - FY 2016 (\$ in 1,000)
Capital Project Proposal

Project Title: Jail Expansion Program		Fund #: 3053						Unit #: B362			
Description: The scope of this program includes multiple projects identified in the detention facilities master plan approved by the Board in April 2006. The additional FY 2012 funding is a transfer that reallocates funds between projects in a separate bond fund. The additional funds are needed as the original budget did not account for the site specific civil costs associated with demucking and raising the site to accommodate the Army Corp of Engineer's report on the integrity of the Lake Okeechobee dike, unprecedented increases in certain material costs, funding for Video Visitation equipment and expanded court facilities. FY 2015 funding is for Phase B, the redevelopment of the Stockade. FY 2016 is for the purchase of furniture, fixtures and equipment using Ad Valorem funding. Beyond FY 2016 funding is for Phase C, the renovations to the main jail.

Palm Beach County Capital Improvement Program
FY 2012 - FY 2016 (\$ in 1,000)
Capital Project Proposal

Project Title: PBSO District 1 Substation and CTYW Traffic Court FAC			Fund #:			Unit #:					
Description: This project anticipates a 30,000 square foot building space to be allocated to the Palm Beach Sheriff Office (PBSO) District 1 Substation (25,000 square feet) and to the Countywide Traffic Court Facility (5,000 square feet), which will be located at a county-owned civic site at the southwest corner of Belvedere Road and Jog Road. The PBSO District 1 Substation would relocate the District Command, currently located at Headquarters, to a stand-alone facility similar to the other district command facilities. The project includes a building of 25,000 square feet; however historically, only 18,000 square feet has been built-out as part of the original construction. Thus, the project budget would be reduced accordingly.

Project Title: PBSO Evidence Building		Fund #:						Unit #:			
Description: This project will construct a free-standing secured facility for the Palm Beach Sheriff's Office (PBSO) evidence storage and impound lot. The facility will sustain the growth and future requirements of PBSO, as well as, isolate the evidence from the remainder of the facility eliminating any potential environmental issues within headquarters. In addition, it will provide sufficient space for the impounding of vehicles for civil and criminal cases.

FY 2012 - FY 2016 (\$ in 1,000)
Capital Project Proposal

Project Title: Public Shooting Range		Fund #: 3803		Unit #: B343									
Description: This project includes Phase 1 construction of the Public Shooting Park at 20 Mile Bend. Design funding for the project includes \$600,000 from a Parks bond. Construction funding was proposed at an October 2007 workshop as \$5,000,000 from Ad Valorem sources and \$5,000,000 from private funding; however the capital request which has increased, reflects the entire \$11,200,000 under bonds, until such time that a fundraising contract is executed. The \$1,600,000 is a combination of \$1,400,000 in Pittman Robertson Funding from Florida Wildlife Conservation Commission and \$200,000 in grants. The Public Shooting Park is anticipated to be 100% self supporting and not require any operating funds.

Palm Beach County Capital Improvement Program
FY 2012 - FY 2016 (\$ in 1,000)
Capital Project Proposal

Project Title: West County Senior Center		Fund #:						Unit #:			
Description: This project consists of the construction of a new 8,400 square foot facility on the former Lake Shore Civic Center site to be donated by the City of Belle Glade. The new center would be strategically placed in the center of its targeted demographic and facilitate greater access to services. The location of the current Senior Center would be used as a Homeless Resource Center fulfilling the objective of the ten year plan to end homelessness. Renovations for the Homeless Resource Center are included in this budget.

SMALL PROJECT/CAPITAL MAINTENANCE

<p>Project Title: PBSO Headquarters Modifications Fund#: 3804/3800 Units: B545</p> <p>Description: Phase 1 of this project replaces the existing generator, not currently covered with emergency power, with larger capacity units and HVAC chillers. Phase 2, 3 and 4 will renovate the space vacated by the Training Division, Evidence and District 1 to accommodate the move of Central Records, move a portion of Human Resources, and make other various renovations throughout the building.</p>	Fiscal Year	Amount
	2012	3,657,000
	2013	6,643,000
	2014	0
	2015	5,000,000
	2016	0
	Total	15,300,000
<p>Project Title: Radio System 800MHZ System Refresh Fund#: 3801 Units: B547</p> <p>Description: The existing radio system has reached the end of its useful life and additional dispatch consoles, transmitter sites or RF channels cannot be added. Replacement of the legacy Smartzone Master Site Equipment with an Astro 25 IP-based network infrastructure will address future expansion requirements allowing Palm Beach County to directly connect to adjacent counties.</p>	Fiscal Year	Amount
	2012	5,000,000
	2013	0
	2014	0
	2015	0
	2016	0
	Total	5,000,000
<p>Project Title: Radio System Analog Microwave System Replacement Fund#: 3801 Units: B548</p> <p>Description: This project will expand the County's current microwave capacity and will put in place the necessary microwave support system for the 800MHz technology. The County's north and west areas are nearing capacity.</p>	Fiscal Year	Amount
	2012	3,500,000
	2013	0
	2014	0
	2015	0
	2016	0
	Total	3,500,000
<p>Project Title: Roger Dean Stadium Renewal & Replacement Fund#: 3807 Units: B530</p> <p>Description: The project provides for the renewal and replacement of structures and capital equipment for Roger Dean Stadium and will be funded by bed taxes.</p>	Fiscal Year	Amount
	2012	4,645,249
	2013	291,200
	2014	353,033
	2015	65,900
	2016	0
	Total	5,355,382

PALM BEACH COUNTY CIP & CAPITAL BUDGET
FY 2012 - FY 2016
SMALL PROJECT/CAPITAL MAINTENANCE

Project Title: State Attorney 1st Floor Build-Out Fund#: Units: Description: This project provides for the build-out of the State Attorney's Office 1st floor shell for the Public Integrity Unit.	Fiscal Year	Amount
	2012	0
	2013	70,000
	2014	0
	2015	0
	2016	0
	Total	70,000
Project Title: Underground Storage Tank Compliance Fund#: Units: Description: This project fulfills storage tank compliance requirements, according to Florida Administrative Code, Chapters 62-762. The project includes funds to be used to assist non-enterprise County departments with upgrades to meet or maintain state and federal regulations.	Fiscal Year	Amount
	2012	0
	2013	50,000
	2014	50,000
	2015	50,000
	2016	50,000
	Total	200,000
Project Title: West County Administration Building Modifications Fund#: Units: Description: This project will replace and upgrade all base building systems to meet current codes and functionality. There will be interior renovations necessary to re-allocate space to the Tax Collector and Property Appraiser which was vacated by the State Attorney, Public Defender, Department of Corrections and Courts.	Fiscal Year	Amount
	2012	0
	2013	2,500,000
	2014	2,500,000
	2015	0
	2016	0
	Total	5,000,000

FISCAL YEARS 2012 – 2016 CAPITAL IMPROVEMENT PROGRAM

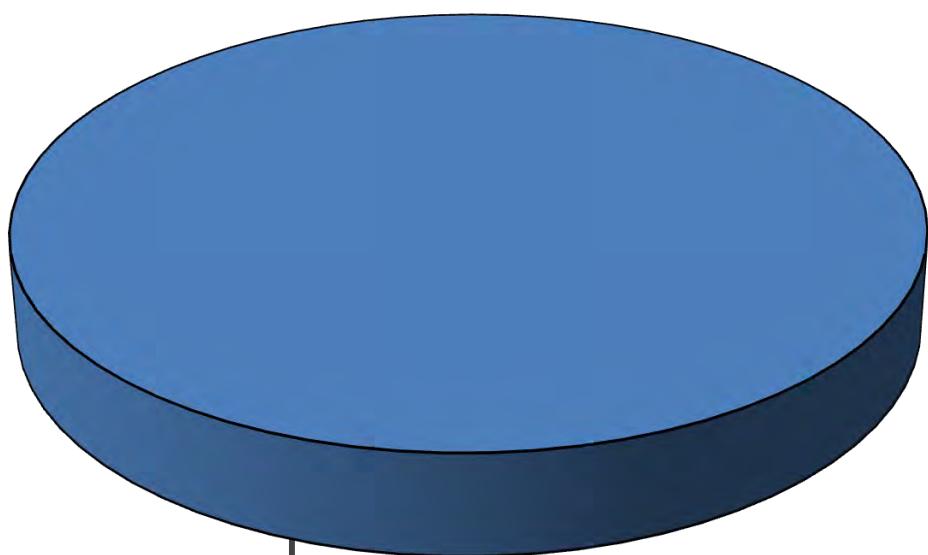

Information Systems Services

The Information System Services (ISS) Department is responsible for the County's Information System functions utilizing an extensive leased and owned voice and data network, robust data center and a highly skilled programming staff. Over 7,000 employees utilize some aspect of ISS' resources. In addition, numerous public sector and non-profit agencies have joined with Palm Beach County to share the cost while benefitting from the services provided by ISS.

Capital Project Proposal

Project Title: Data Center(s) Upgrade to 10/100 Gigabyte										Fund #: 3901		Unit #: I253																																																																																											
<p>Description: Pursuant to the CISCO Best Practices Audit, Information System Services intends to re-architect the County Network core to mitigate the risk of a single failure impacting more than one method of network transport. These architectural changes will layer the network transport across multiple tiers increasing survivability and performance. The equipment in the Government Center Complex and Emergency Operations Center handles a trillion bytes of traffic per day and is engineered to be survivable and minimize any risk of failure due to a single component. We continuously increase performance to keep up with the demands of an increasingly automated workforce and delivery of those services to the public. A single core chassis can cost \$500,000 with an expected performance lifespan of two years. We then migrate equipment out towards the edge and must replace what is in the core. The value of equipment in the core is approximately \$7,500,000.</p>

Palm Beach County Capital Improvement Program
FY 2012 - FY 2016 (\$ in 1,000)
Capital Project Proposal

Project Title: Enterprise Backup Growth and Replacement		Fund #:		Unit #:																																																																																											
Description: This funding request supports the purchase of additional hardware and software licensing used to back up data from disk to tape. Information Systems Services (ISS) currently uses two tape backup systems to protect e-mail, office generated documents and business application data from loss due to system failures or accidental deletion. Protection of data is a critical Information Technology function. A third tape backup environment will be used to provide the resources to meet data backup requirements and support the eventual replacement of the hardware as it becomes obsolete. During FY2010 and FY2011, we experienced an excessive amount of hardware failures (tape drive failures on a weekly basis) with the current hardware purchased in 2004. Replacement of the Tape Library is critical to provide the protection the County needs to prevent loss of information due to system failure, data corruption or accidental deletion.

Palm Beach County Capital Improvement Program
FY 2012 - FY 2016 (\$ in 1,000)
Capital Project Proposal

Project Title: Fiber Buildout of Enterprise Network		Fund #:		Unit #:																																																																																																																
<p>Description: This project is to continue to extend Palm Beach County's private fiber network to County facilities for maximizing performance and reducing ongoing expenses paid to AT&T. The implementation of the network transport service to other local government entities including the Palm Beach County School Board, Children's Services Council, Health Care District, South Florida Waster Management District and several municipalities will increase revenue to the County. The long term goal is to reduce our reliance on AT&T and increase our ability to meet customer requirements. Targeted sites for next year include Midwestern Service Center, Water Utilities Department Southern Region Operations Center, Animal Care and others. ISS is working on approvals from the Florida Department of Transportation and the Florida Highway Administration to use existing traffic fiber, resulting in a substantial decrease in AT&T costs and an increase to revenue by attracting more schools and external customers.</p>

Palm Beach County Capital Improvement Program
FY 2012 - FY 2016 (\$ in 1,000)
Capital Project Proposal

Project Title: Network Equipment and Vendor Support		Fund #:		Unit #:																																																																																										
Description: Pursuant to the CISCO Best Practices Audit, Information Systems Services (ISS) intends to implement the audit recommendations to mitigate the risk of a single failure impacting more than one method of network transport. Approximately \$7 million of our network transport equipment are nearing end of life and will need to be replaced within the next twelve to eighteen months. The CISCO recommended modifications can be spread out over the next three years at \$1 million per year. If Broadband Technology Opportunities Program (BTOP) Grant funding is acquired, the additional \$1 million per year request can be reduced. This project also accounts for the upgrade of network capacity to support increasing customer demand and transitioning the core transport service to optical wave-length switching to accommodate increases in bandwidth demand.

Palm Beach County Capital Improvement Program
FY 2012 - FY 2016 (\$ in 1,000)
Capital Project Proposal

Project Title: Network/Internet Security/Threat Management										Fund #:		Unit #:																																																																																											
<p>Description: Manage the design and daily operation of the County's Network Security including firewalls, foreign networks, virus control, mail handling, authentication and intrusion management systems. This also includes encryption necessary to meet certain Federal and State data privacy requirements. We also have several existing products reaching end of life which will need to be replaced by the next generation of security devices. This project budget also includes load balancers, Netmotion for wireless persistence (Fire Rescue/Planning Zoning and Building/Water Utilities Department/Parks and Recreation), ProofPoint, VPN, Safeword, and ACS. The value of our security infrastructure is approximately \$5,000,000. The growth in mail handling, remote access by staff, internet use by employees, and delivery of services to the public via the internet applies a constant strain on our ability to deliver expected performance levels.</p>

Palm Beach County Capital Improvement Program
FY 2012 - FY 2016 (\$ in 1,000)
Capital Project Proposal

Project Title: Wireless Connectivity		Fund #: 3901		Unit #: I229								
<p>Description: Expansions of Palm Beach County's wireless network infrastructure to facilitate an increasingly mobile workforce. The number of wireless access points deployed has increased over 1000% within the past 12 months. We are also providing public service "WiFi" capability within select County facilities including the Courthouses, the Government Center, Libraries and the Palm Beach International Airport's main terminal facility. This capability is also being deployed as part of a hybrid solution extending high speed data capabilities to Public Safety and Field Service personnel within range of strategically deployed "Hot Spots". A large portion of this funding is also required to replace end of life radios and wireless equipment.</p>

SMALL PROJECT/CAPITAL MAINTENANCE

<p>Project Title: Content Manager OnDemand/InfoPrint Manager DR System</p> <p>Fund#: 3901</p> <p>Units: I307</p> <p>Description: Purchase of an IBM or equivalent server system to host the Content Management OnDemand (CMOD) application and InfoPrint Enterprise Manager at GC and EOC. CMOD software written by IBM is used to store reports generated by PBC applications. Active Content currently stores 320 reports which are generated from application data from Crystal\Business Objects. InfoPrint provides customers bulk printing services and also directs print output.</p>	Fiscal Year	Amount
	2012	0
	2013	150,000
	2014	200,000
	2015	100,000
	2016	0
	Total	450,000
<p>Project Title: Data Storage Growth and Replacement</p> <p>Fund#: 3901</p> <p>Units: I313</p> <p>Description: Storage of e-mail, data files, images and database information continues to experience significant growth. Trading in old storage equipment and using FY10 capital funding, ISS purchased hardware replacement in FY10. However, due to storage retention, PBC will still need to purchase expansion hardware in FY12. ISS is planning growth in the above mentioned storage hardware in FY13 thru FY14 and is requesting additional funding.</p>	Fiscal Year	Amount
	2012	100,000
	2013	250,000
	2014	300,000
	2015	200,000
	2016	0
	Total	850,000
<p>Project Title: Disaster Recovery and Business Continuity Services</p> <p>Fund#: 3901</p> <p>Units: I314</p> <p>Description: ISS established a remote Disaster Recovery site at the Northwest Regional Data Center in Tallahassee in FY09. FY12 funding will be used to expand PBC presence at NWRDC to small scale production failover site for disaster recovery. FY13 and FY14 funding supports purchase of disaster recovery equipment to host failover for PBC systems.</p>	Fiscal Year	Amount
	2012	100,000
	2013	550,000
	2014	350,000
	2015	100,000
	2016	0
	Total	1,100,000
<p>Project Title: Server Management System</p> <p>Fund#: 3901</p> <p>Units: I315</p> <p>Description: The current server management software will not support management of the new Unix server hardware ISS purchased in FY11. Additionally, the Windows server environment has limited management capabilities which has resulted in outages due to out-of-memory conditions. ISS is evaluating server management tools which will monitor all server systems and provide alert capabilities so staff can resolve potential problems before outage occurs.</p>	Fiscal Year	Amount
	2012	150,000
	2013	120,000
	2014	0

SMALL PROJECT/CAPITAL MAINTENANCE

<p>Project Title: Telephone System Enhancements</p> <p>Fund#: 3901</p> <p>Units: I316</p> <p>Description: Telephone sets at the Emergency Operations Center have reached end of life and maintenance calls, as a time and material basis, are increasing. This upgrade of sets (and Private Branch Exchange cards to support the new sets) will result in fewer maintenance calls.</p>	Fiscal Year	Amount
	2012	25,000
	2013	50,000
	2014	50,000
	2015	0
	2016	0
	Total	125,000
<p>Project Title: UNIX Server Growth and Replacement</p> <p>Fund#: 3901</p> <p>Units: I310</p> <p>Description: Purchase replacement UNIX servers located at both the Governmental Center and the Emergency Operations Center. The UNIX server hosts large enterprise program systems and more than 100 other database systems. These server systems were purchased in FY03 and were due for replacement beginning FY11. ISS purchased hardware in FY11 to support migration off the current hardware. The FY13 and FY14 requests will complete the migration.</p>	Fiscal Year	Amount
	2012	0
	2013	525,000
	2014	500,000
	2015	0
	2016	0
	Total	1,025,000
<p>Project Title: Video Conferencing and Distribution</p> <p>Fund#: 3901</p> <p>Units: I211</p> <p>Description: Purchase replacement rugged prison modules which are at end of life used by the Public Defender's Office. Provide for build-out of video streaming infrastructure allowing distribution of media by multicasting to facilitate uses of video conferencing, remote training, video on demand, etc. ISS has a request for future service including additional video training on demand. ISS provides transport for Channel 20 to Comcast from primary broadcast locations.</p>	Fiscal Year	Amount
	2012	100,000
	2013	150,000
	2014	150,000
	2015	150,000
	2016	0
	Total	550,000
<p>Project Title: Voice Over IP Implementation and Expansion</p> <p>Fund#: 3901</p> <p>Units: I277</p> <p>Description: As our existing phone system ages, we are transitioning to Voice Over IP (VOIP) which will reduce our future operating costs. This funding is required to continue this transition in lieu of repairing the current aging systems. The facilities targeted for FY12 are Parks & Recreation, South County Administration, and the Midwestern Service Center (approximately 900 phones).</p>	Fiscal Year	Amount

Capital Project Proposal

Project Title: Mounts Botanical Garden (MBG) Master Plan		Fund #:						Unit #:																																																																																											
Description: Secure site and building from the Division of Motor Vehicles (DMV) as indicated in the Master Plan for the MBG. Begin development of Phase II of the plan for the MBG, including demolition of the DMV building and pavement, grading, fencing, irrigation, boundary planning and sod. Continue development of the Master Plan with construction of perimeter screening, modification of the parking area, concrete walls, loading area and relocation of median cut to Golf Road. Modify irrigation, develop Children's Garden, forested littoral area, small scale design and seating. Implement final phase of the underground utility grid, lighting and architectural design for a Visitor's Center in the northeast section of the MBG. Other sources of funding are from Friends of Mounts Botanical Garden.

FISCAL YEARS 2012 – 2016 CAPITAL IMPROVEMENT PROGRAM

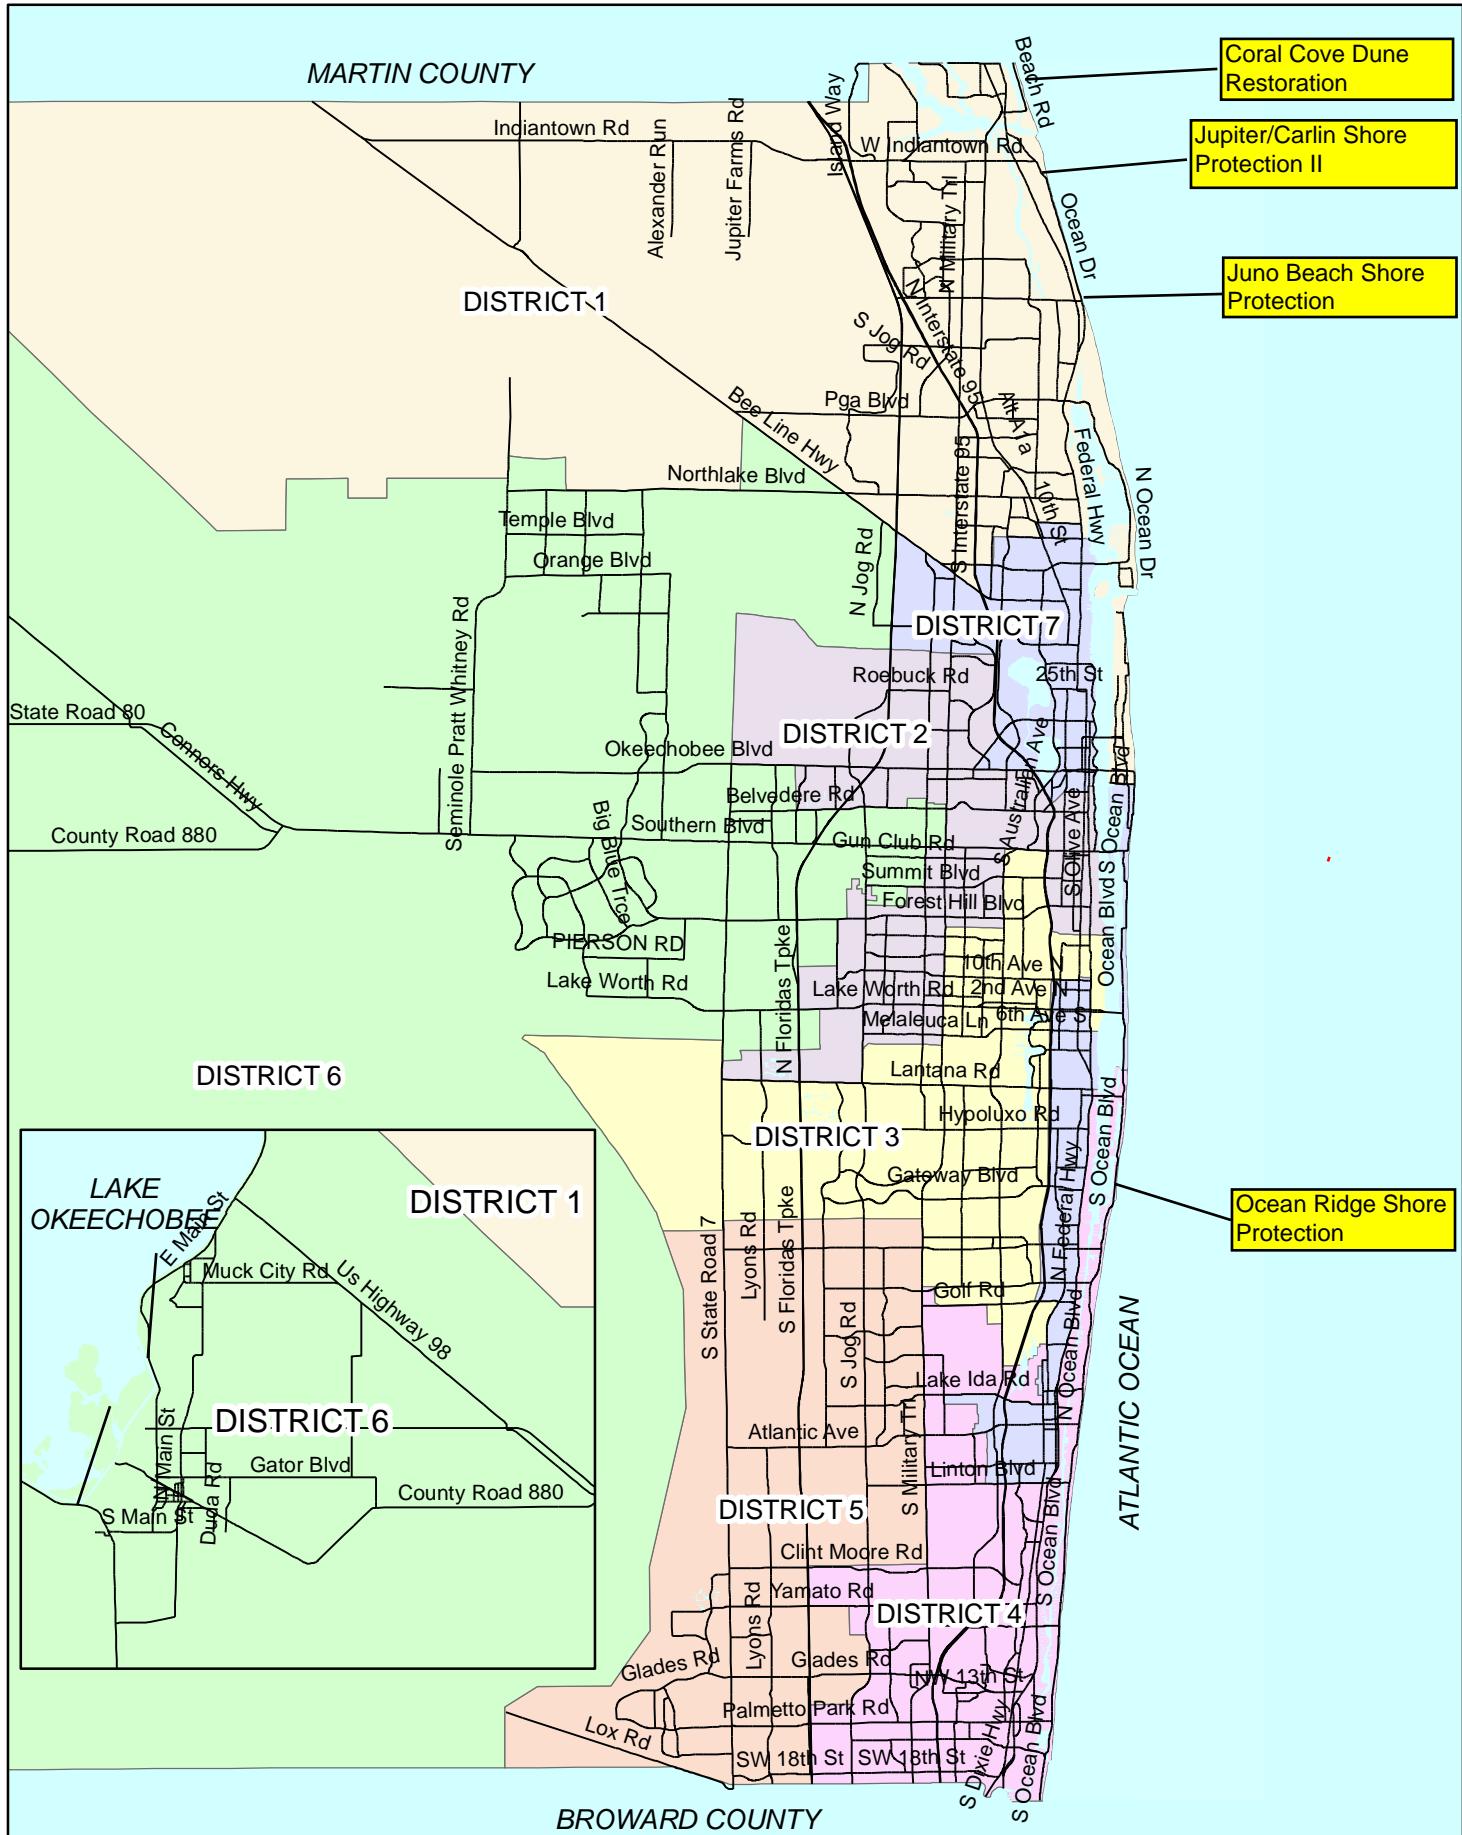

Environmental Resources Management

Environmental Resources Management (ERM) Department is responsible for programs related to the protection and enhancement of the environment. The Department's FY 2012 capital projects budget relates primarily to the beach program. Major projects involve shore protection at various sensitive beach areas along the County's coastline. Other planned activities are included in the Environmental Restoration Program.

FISCAL YEARS 2012 – 2016 CAPITAL IMPROVEMENT PROGRAM

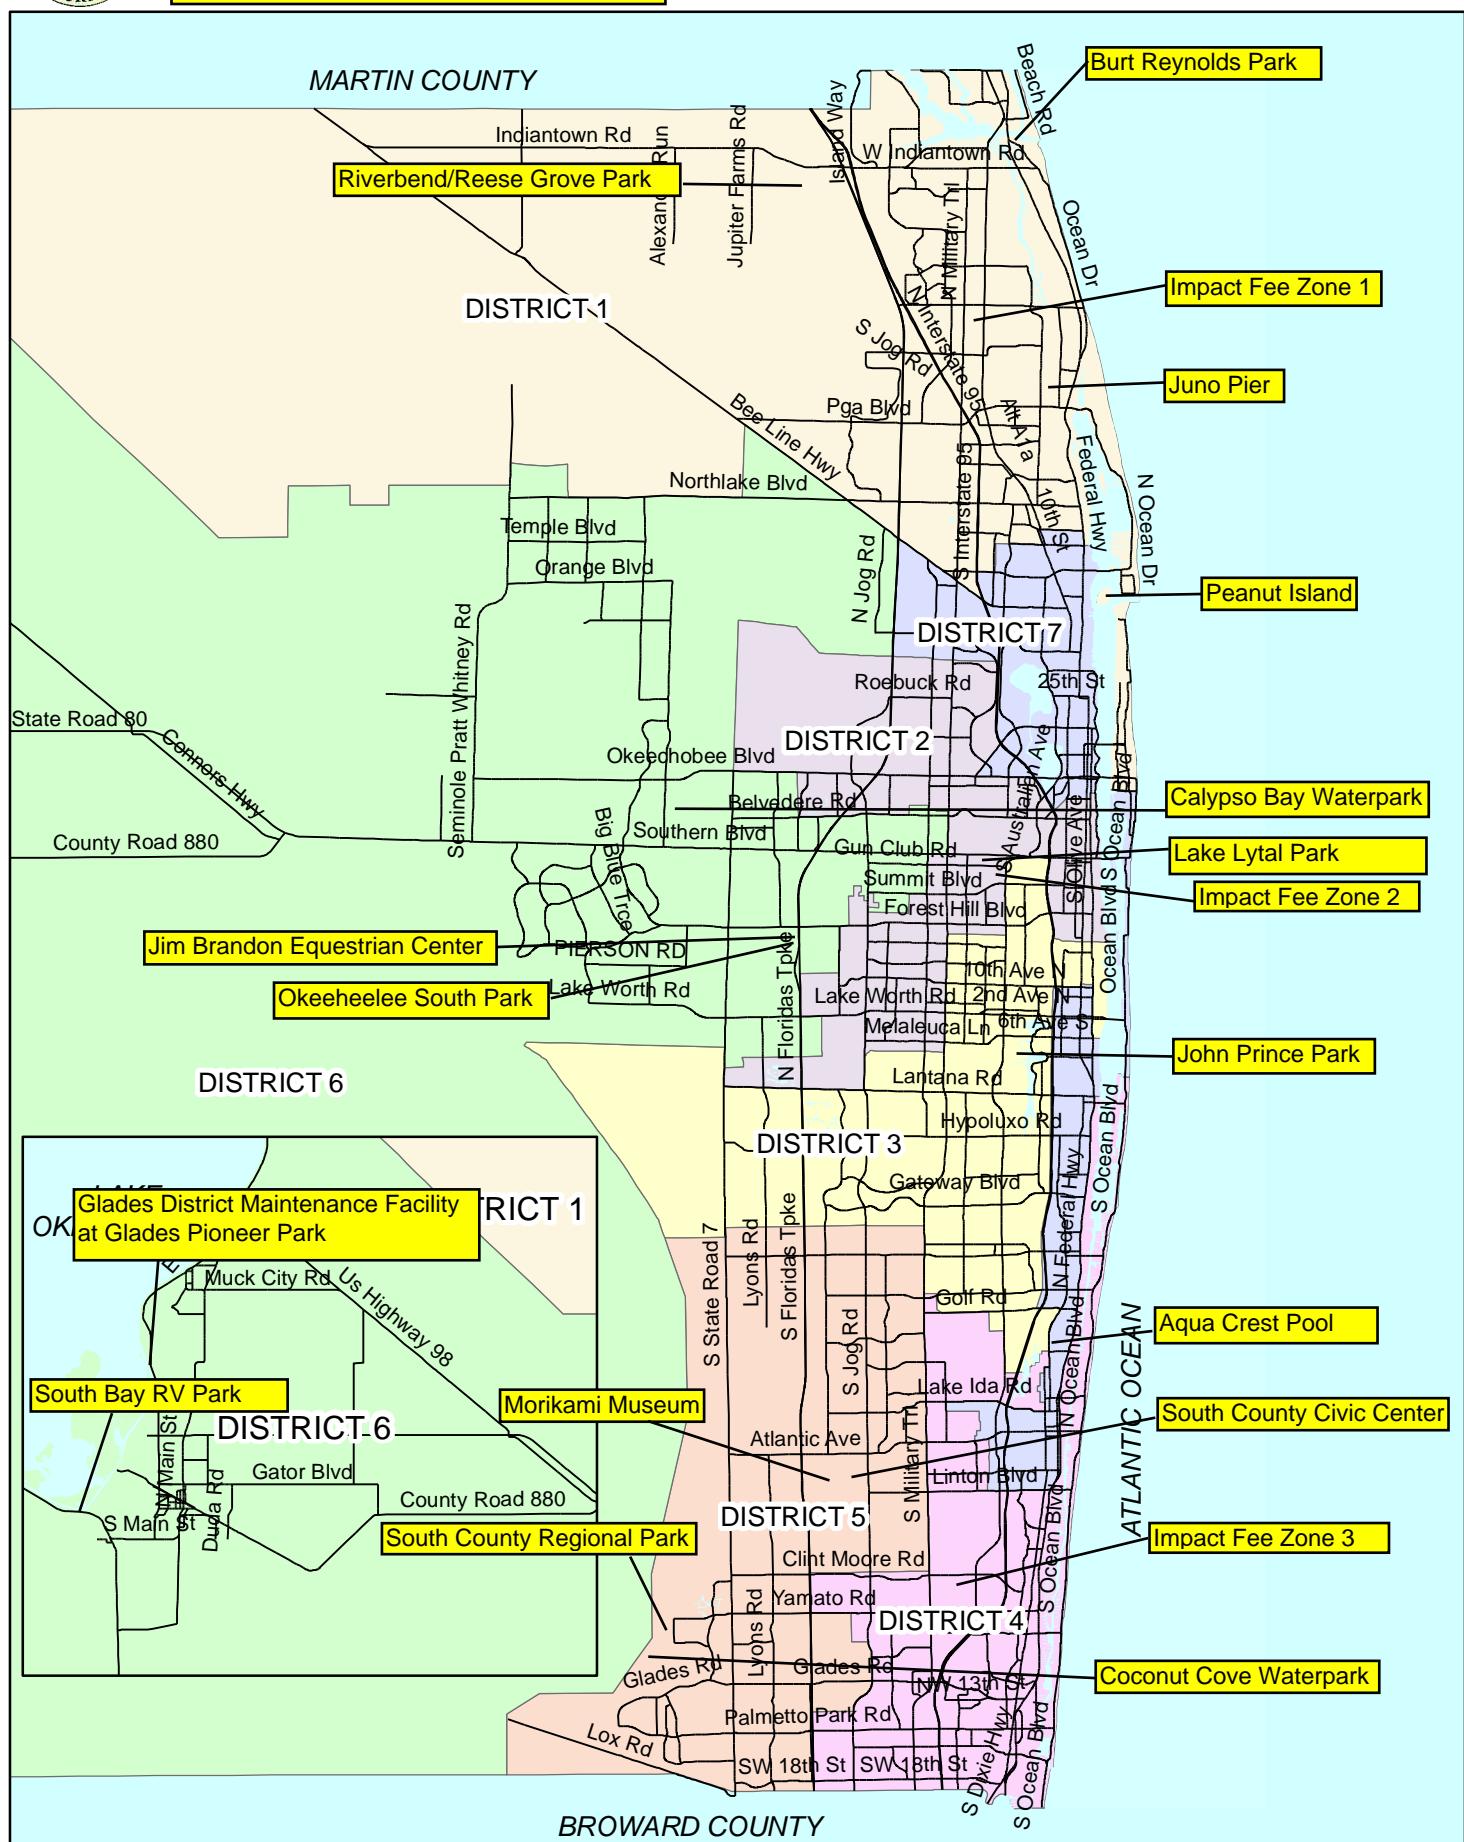

Parks & Recreation

The Parks & Recreation Department's function is to develop, manage, and maintain the County's 104 park sites and to provide recreational facilities and programs for County residents. The Recreation & Open Space Element of the Comprehensive Plan established levels of service for acquisition and development of Beach, Regional, District, Community, and Neighborhood Parks. Additionally, general obligation bond referendums were placed and approved by the voters in November 2002 and 2004. As a result, two cultural bonds were issued in 2003 and 2005, and a waterfront access bond was issued in 2006. These bonds continue to provide financing to expand the parks system to meet service level demands.

Palm Beach County Capital Improvement Program
FY 2012 - FY 2016 (\$ in 1,000)
Capital Project Proposal

Project Title: Burt Reynolds Boat Ramp Improvements		Fund #: 3600						Unit #: P667									
Description: This funding will complete the pedestrian facilities underneath the southern end of the north bridge span as part of the Florida Department of Transportation US 1/SR 5 Low Level Bridges Replacement Project which connects the east and west sides of Burt Reynolds Park. This portion of the project provides a pedestrian underpass for boaters to launch and retrieve their vessels without having to cross US1 at street grade and includes construction of a 100' x 12' concrete sidewalk, bollard lighting and a handrail. Other improvements completed that are not part of the FDOT project include repairing four boat ramps on the east side of the park, expansion of boat trailer parking areas, sidewalks, and other related improvements. Additional funding of \$50,000 in FY2012 is from the Florida Boating Improvement Program (FBIP).

Palm Beach County Capital Improvement Program
FY 2012 - FY 2016 (\$ in 1,000)
Capital Project Proposal

Project Title: John Prince Park Improvements Phase IV		Fund #: 3602		Unit #: P560					
Description: This project includes lakeside improvements such as canoe and kayak launch areas, docks, fishing piers, as well as shoreline facilities for additional waterfront use, playgrounds, dog park, restrooms, pavilions, day use picnic areas, bike paths, landscaping, irrigation, fencing, environmental enhancement, forestation and related utility and support infrastructure. This project will provide developed acres of regional park necessary to maintain Comprehensive Plan Level of Service as a result of permits issued for residential development in Park Impact Fee Zone 2. The improvements will provide additional active and passive recreational facilities that serve the needs of new residents in the Central Park District. Additional funding of \$150,000 in FY 2012 and future funding of \$504,000 are from Zone 2 Park Impact Fees.

Palm Beach County Capital Improvement Program
FY 2012 - FY 2016 (\$ in 1,000)
Capital Project Proposal

Project Title: Riverbend/Reese Grove Park Phase III		Fund #: 3601						Unit #: P616									
Description: Phase III of this project includes the design and construction of additional park improvements for this 700 acre regional park. Phase III construction commenced in FY 2007 to include day use picnic areas, bike paths, nature trails, historic site improvements, restrooms, park entrance, access roads, bridges, parking, fencing, canoe/kayak livery, trails, maintenance facilities, exotic removal, environmental restoration and infrastructure to support public access for this phase of park development. This project will provide developed acres of regional park necessary to maintain Comprehensive Plan Level of Service as a result of permits issued for residential development in Park Impact Fee Zone 1. The improvements will provide additional passive recreational facilities to serve the needs of new residents in the North Park District. Additional funding of \$392,000 in FY 2012 is from Zone 1 Park Impact Fees and the 1999 \$25M General Obligation Recreation & Cultural Bond.

Palm Beach County Capital Improvement Program
FY 2012 - FY 2016 (\$ in 1,000)
Capital Project Proposal

Project Title: South County Regional Park Phase III										Fund #: 3603		Unit #: P645		
Description: Phase III of South County Regional Park will include the completion of recreational facilities to include special event areas, roadways, parking, restrooms, picnicking facilities, open play areas, playground, landscaping, site lighting, trails, ski lakes, boat ramps, canoe/kayak trails, marina/docks, environmental enhancements, forestation, entrance signage, irrigation wells and pumps, and other support infrastructure. Phase III of this project will provide developed acres of regional parks necessary to maintain established Comprehensive Plan Level of Service as a result of permits issued for residential development. The proposed improvements will provide additional passive and active recreational facilities to serve the needs of residents in the South Park District. Additional funding of \$500,000 in FY 2012 and future funding of \$2,377,000 are from Zone 3 Park Impact Fees.

FISCAL YEARS 2012 – 2016 CAPITAL IMPROVEMENT PROGRAM

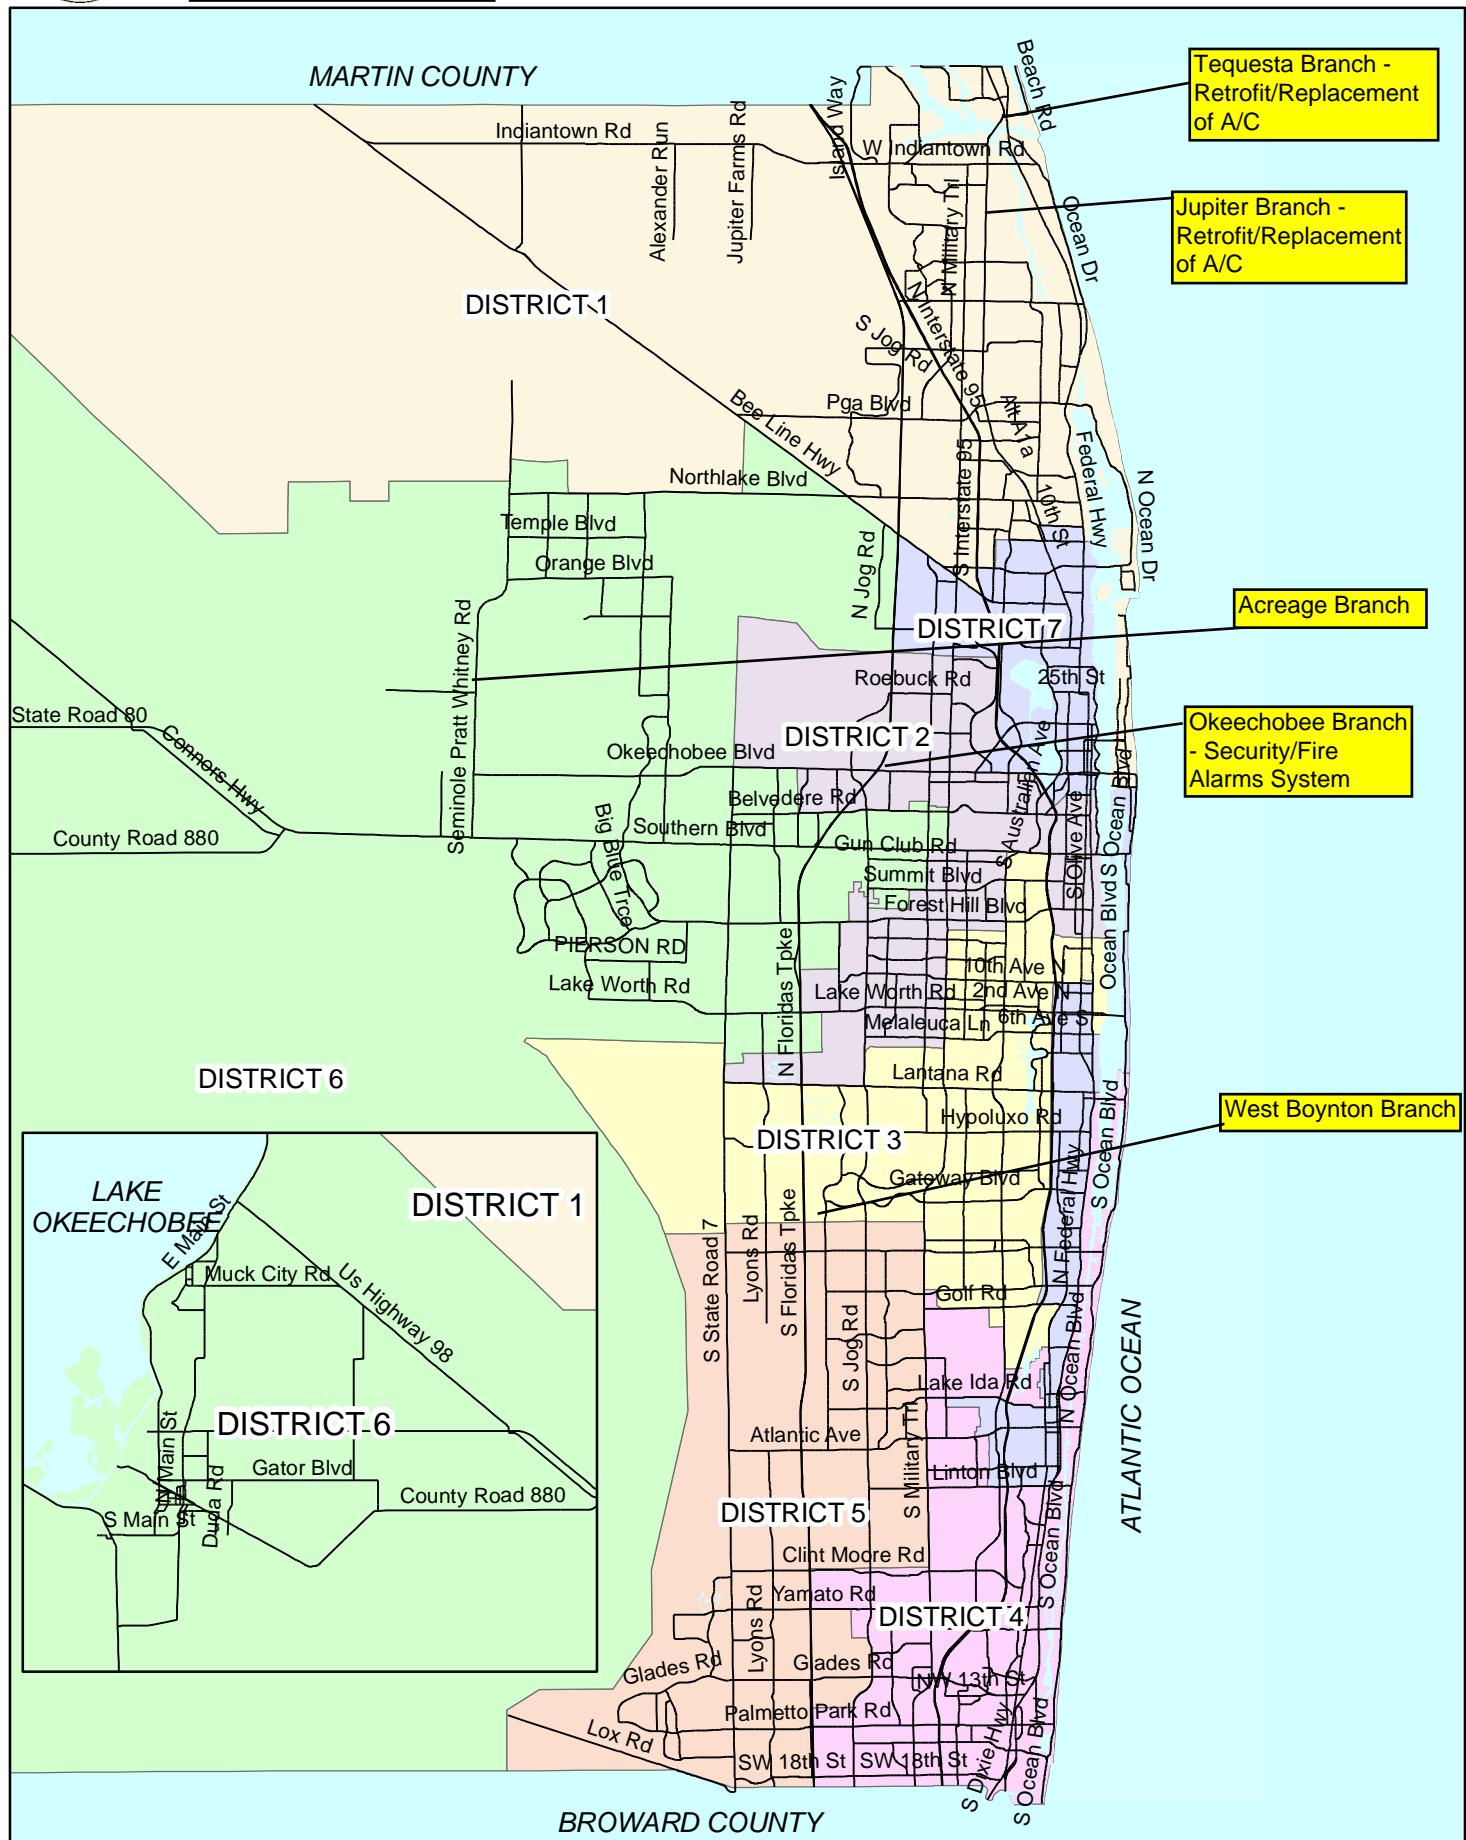

County Library

The County Library Department is responsible for the operation of the Palm Beach County Library System. Ad valorem taxes levied within the Library District, which includes the unincorporated area of the County and 23 municipalities, provide the primary source of funding for the Library's Operating Budget. Capital facilities include the Main Library/Headquarters, the Bookmobile, the Annex Facility and sixteen branches. Impact Fees have provided revenue to expand some existing branches in an effort to maintain the square feet per capita as proposed in the Library's Element of the Comprehensive Plan. However, that source of funding has proven insufficient to meet service level requirements of a growing population. Consequently, a bond referendum was placed before voters in November 2002. Approved by the voters, bond financing provides the primary source of funding to expand the system so that service levels will meet demand. By the end of FY 2012, all sixteen projects included in the Library Expansion Program II will be completed, adding 174,868 sq. ft. or 74% more space to the County Library system.

Capital Project Proposal

Project Title: Acreage Branch - New Construction		Fund #: 3752						Unit #: L045									
Description: The Acreage Branch is planned to be 15,000 sq.ft., expandable to 30,000 sqft. In the future. The branch is a part of the Library Expansion Program II approved by the PBC Board of County Commissioners in FY 2004, and is planned to better serve the western communities of Loxahatchee and the Acreage. This project was originally funded with Impact Fees. However, due to unavoidable delays, this Branch will not open until 2012 and part of the Impact Fees will be used to fund other projects currently underway. This project is funded with Bond Revenue, Ad Valorem Taxes, and Impact Fees. The FY 2012 request will be used to purchase additional opening day collections.

Capital Project Proposal

Project Title: Main Library Expansion		Fund #:		Unit #:					
Description: The proposed expansion is to add an additional 63,000 sq.ft. and replace the 30,000 sq.ft. of leased space at the Annex Facility. The additional space will serve as the main public service library for the system, as well as, the regional and neighborhood branch for Central Palm Beach County. The growth in the population throughout the Library District has increased the demand on system support and new space, and staff are needed to meet that need and the needs of new residents in the Central County area.

Fire Rescue Department

The Palm Beach County Fire-Rescue Department was created by State law in 1984 to provide fire and emergency medical services to portions of the unincorporated and select municipal areas of the County. The department is funded primarily by ad valorem taxes levied within the Municipal Service Taxing District.

The Fire-Rescue Element of the Comprehensive Plan established levels of service for emergency and non-emergency response times. Standards for facilities, equipment, and staffing were set forth to support the response time levels of service. By direction of the Board of County Commissioners and citizen's committees, the emergency response time level of service is one of the criteria by which new development is reviewed to determine concurrency (adequate infrastructure is in place). If a development is judged not to be concurrent, it may not go forward until the required infrastructure is in place or budgeted.

FISCAL YEARS 2012 – 2016 CAPITAL IMPROVEMENT PROGRAM

Five Year Road Program

The Engineering and Public Works Department oversees all County roadway construction projects and provides technical engineering assistance to all other County departments. The Department's major capital project is the Five Year Road Program.

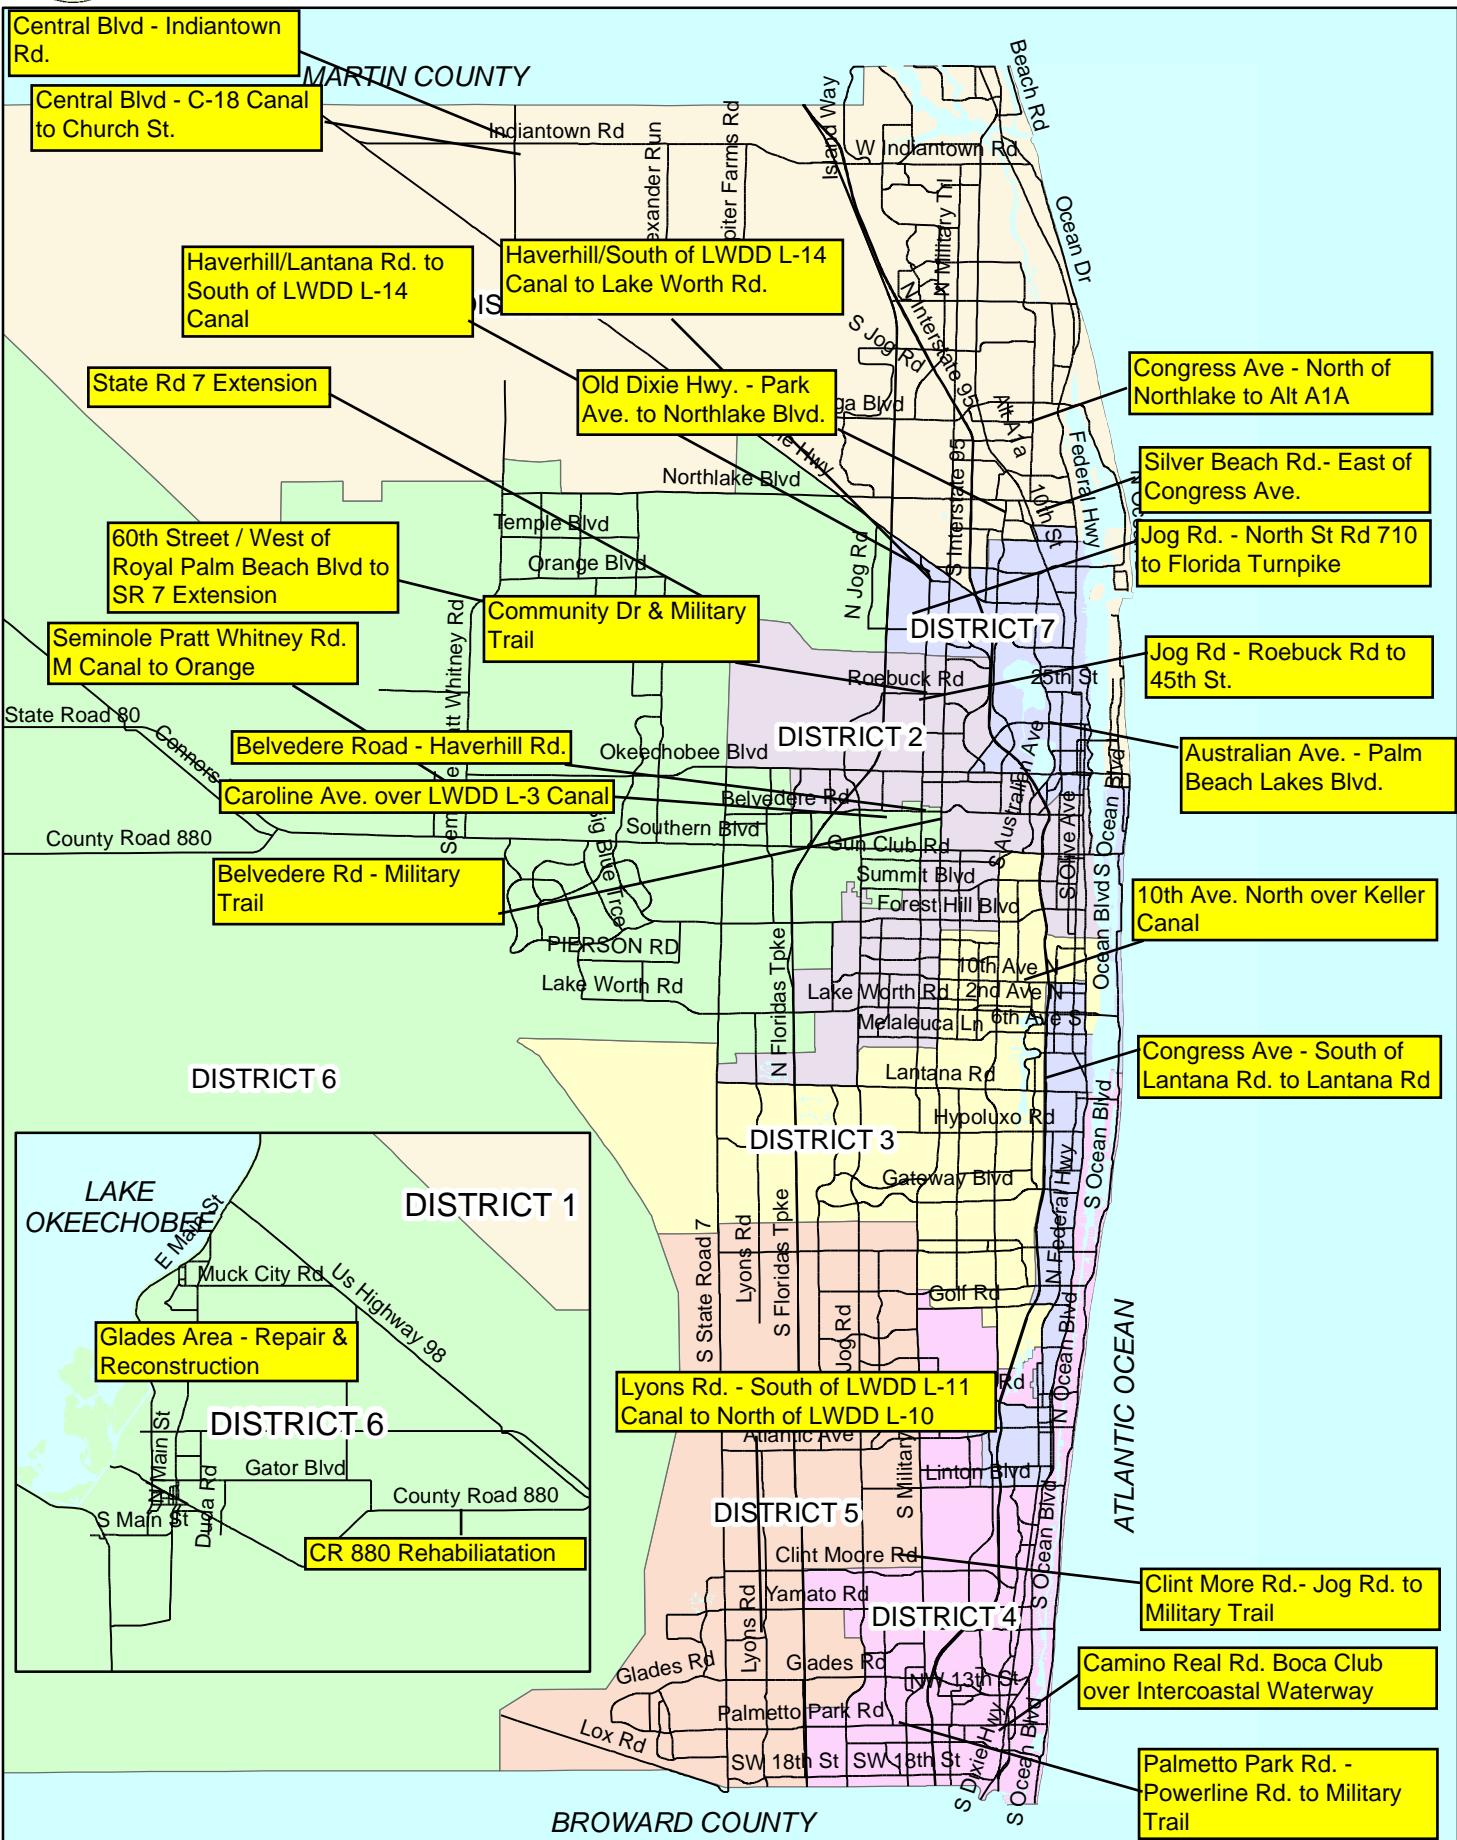

The Traffic Circulation Element of the Comprehensive Plan established Level of Service (LOS) "D" as the standard to be achieved and maintained on the County's major roadway network. The County has adopted a Traffic Performance Standard (TPS) to implement this concurrency requirement. The TPS provides that new proposed development may not place more than one percent of the LOS "D" capacity on a roadway.

The major revenue sources for the Five Year Road Program are: interest, gasoline taxes, and road impact fees. Gasoline taxes dedicated to the Road Program are comprised of fifty percent of a 1-cent gas tax (F.S. 336.021) and fifty percent of a 5-cent tax (F.S. 336.025), both adopted in 1993; as well as, a 6-cent gas tax (F.S. 336.025) adopted in 1983 (less \$19.8 million allocated to Palm Tran). The 5-cent and the 6-cent gas taxes are also shared with local municipalities. Fair Share Road Impact Fees were authorized by County Ordinance 85-40 in July 1979. Continued funding pressure has substantially affected the ability of the Five Year Road Program to meet the adopted LOS. Either lowering of the standard appears to be necessary, or the development of additional revenue sources to maintain it.

Palm Beach County Capital Improvement Program
FY 2012 - FY 2016 (\$ in 1,000)
Capital Project Proposal

Project Title: Beautification - Unincorporated Area OTIS Program							Fund #:	3500	Unit #:	1000
Description: OTIS (Only Trees, Irrigation, and Sod) is the standard for median beautification on County and State thoroughfare roads in the unincorporated area. This is a multi-year program that is in conjunction with the Road Program construction. Further, municipalities can be granted funding for this program provided they agree to maintain the median(s) after completion.

FISCAL YEARS 2012 – 2016 CAPITAL IMPROVEMENT PROGRAM

Department of Airports

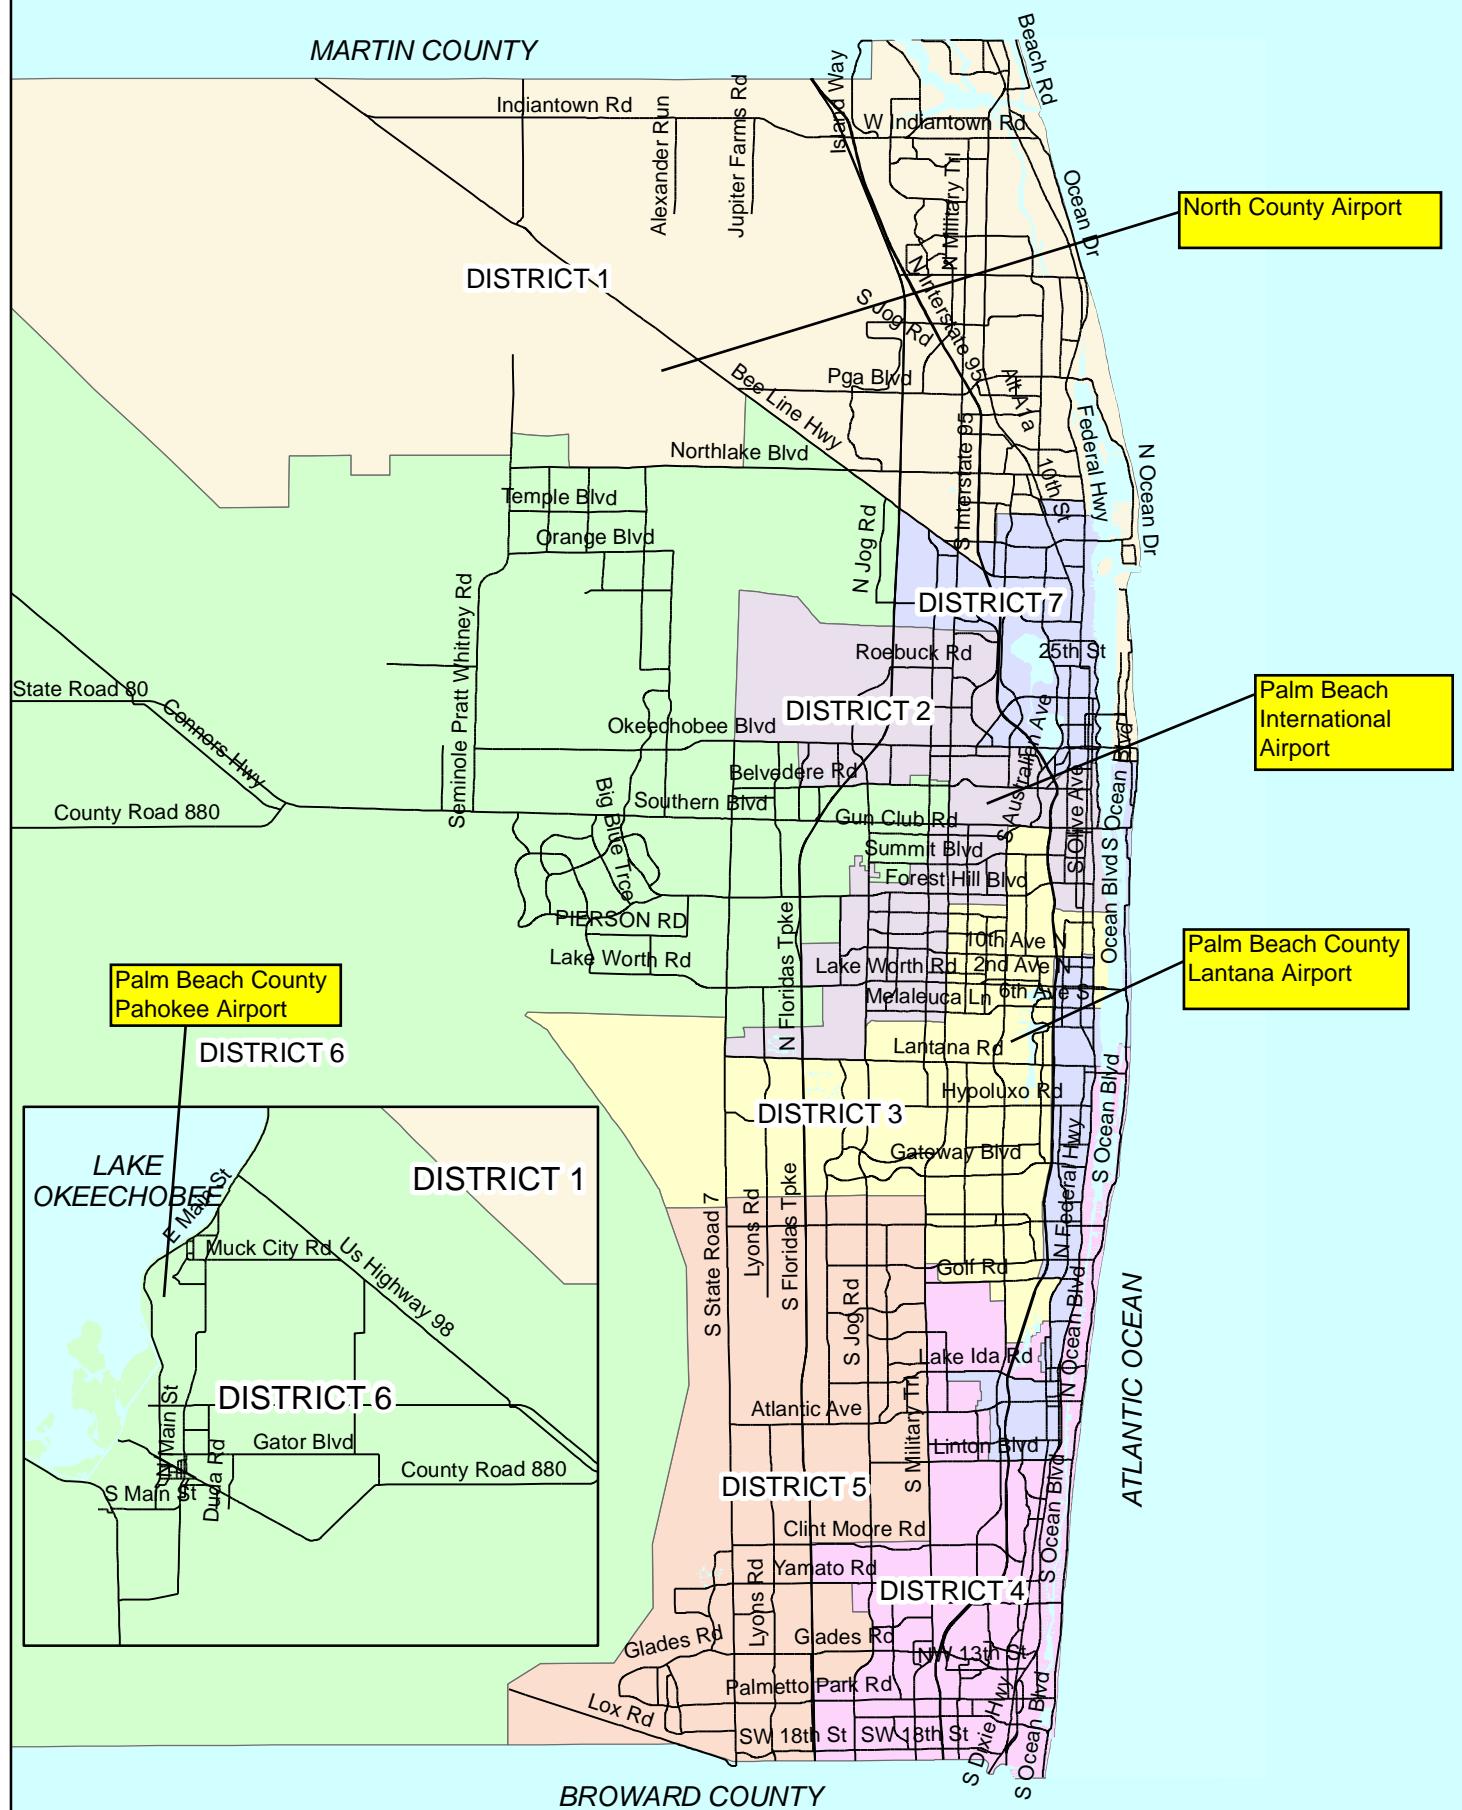

Airport capital projects will continue to focus on access and security. Efforts are directed toward reducing passengers' boarding times while providing confidence in security measures. Expansions and other improvements will remain for a few years into the future.

BOARD OF COUNTY COMMISSIONERS

Department Of Airports

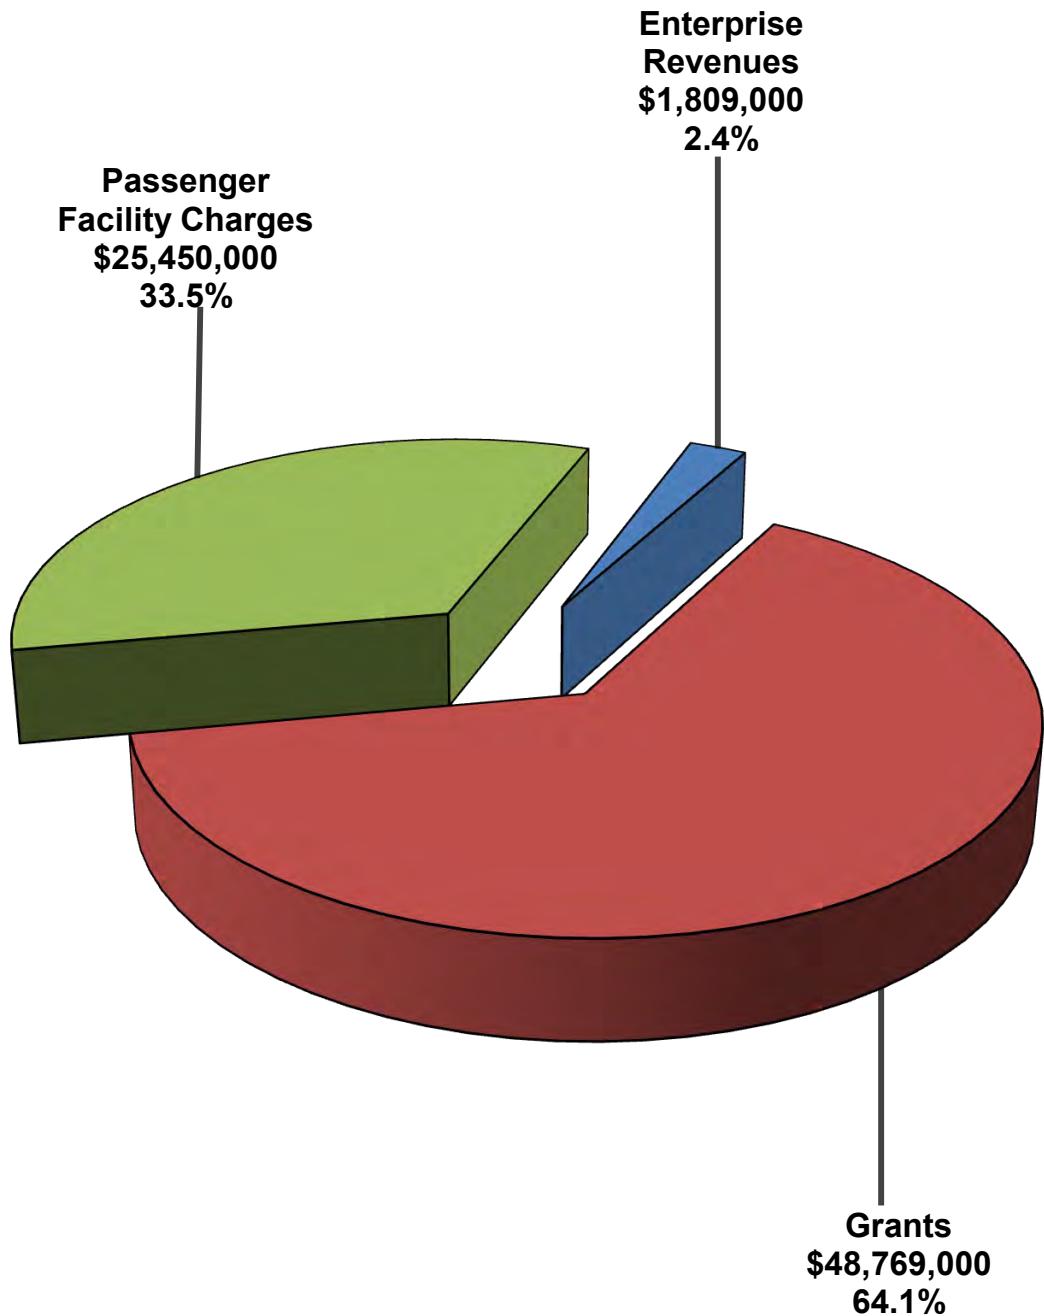

MARTIN COUNTY

AIRPORTS
FY 2012 APPROVED FUNDING

	<u>Amount</u>
<u>Non Ad Valorem Funded Projects:</u>	
All Airports- Design And Engineering	500,000
Lantana Airport- Additional Hangars	625,000
Lantana Airport- Miscellaneous Projects	50,000
North County Airport- Additional Hangars	618,000
North County Airport- Environmental Impact Study	2,300,000

Fund#: 4111

Units: A175

Description: Miscellaneous testing for various projects at PBIA.

Fiscal Year	Amount
2012	50,000
2013	50,000
2014	50,000
2015	50,000
2016	50,000
Total	250,000

FISCAL YEARS 2012 – 2016 CAPITAL IMPROVEMENT PROGRAM

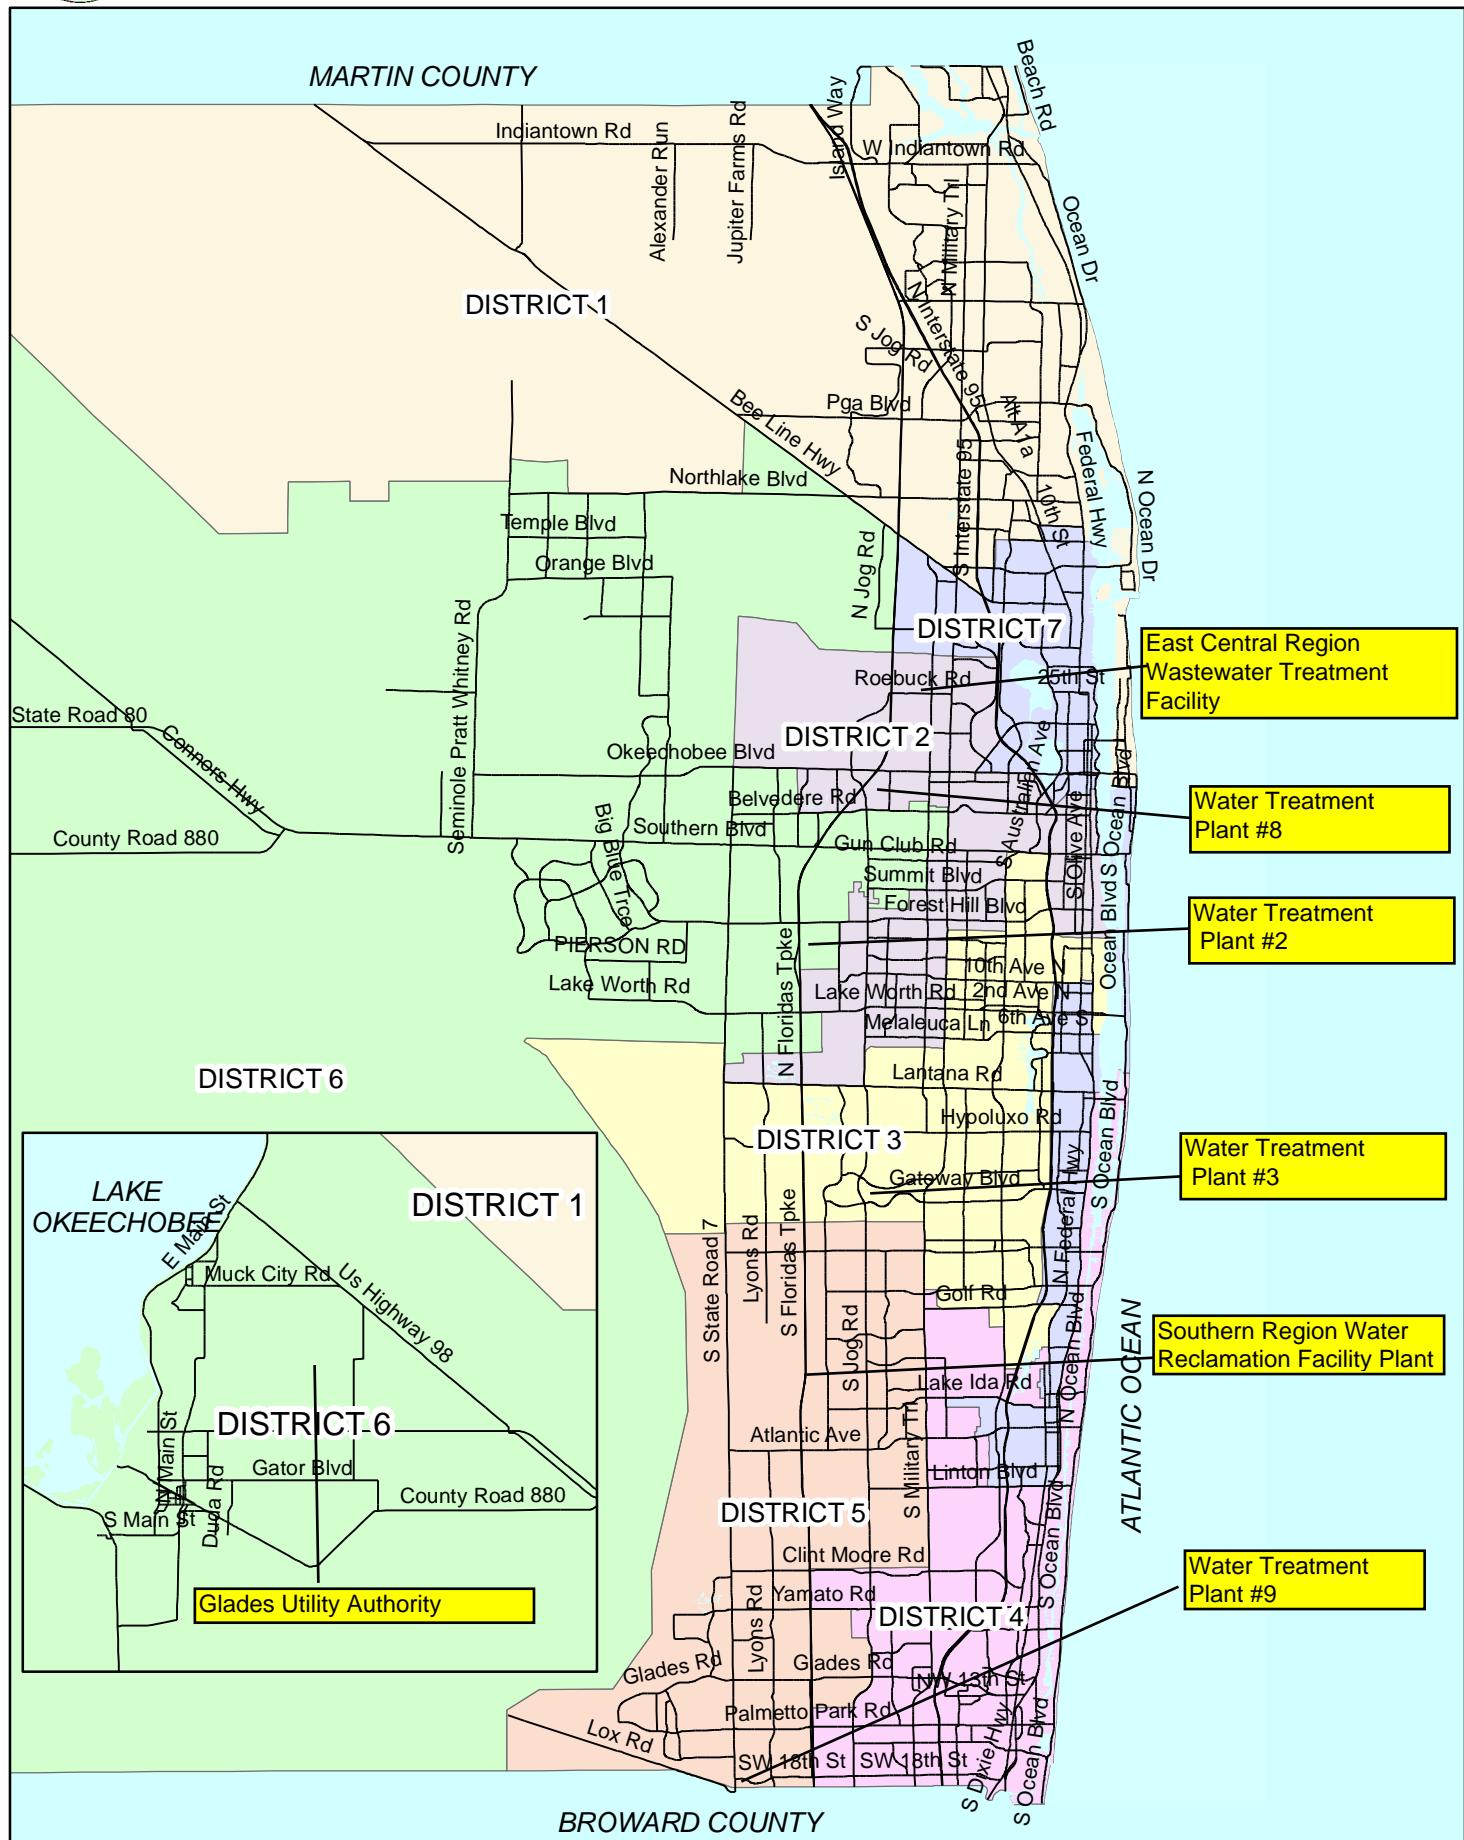

Water Utilities Department

The Department had to significantly reduce its capital improvement program as a result of: 1) the downturn in the economy; 2) mandatory watering restrictions imposed by the South Florida Water Management District; and 3) significant increases in operating costs. The currently funded projects focus on rehabilitation of current facilities that are nearing the end of their useful lives.

BOARD OF COUNTY COMMISSIONERS

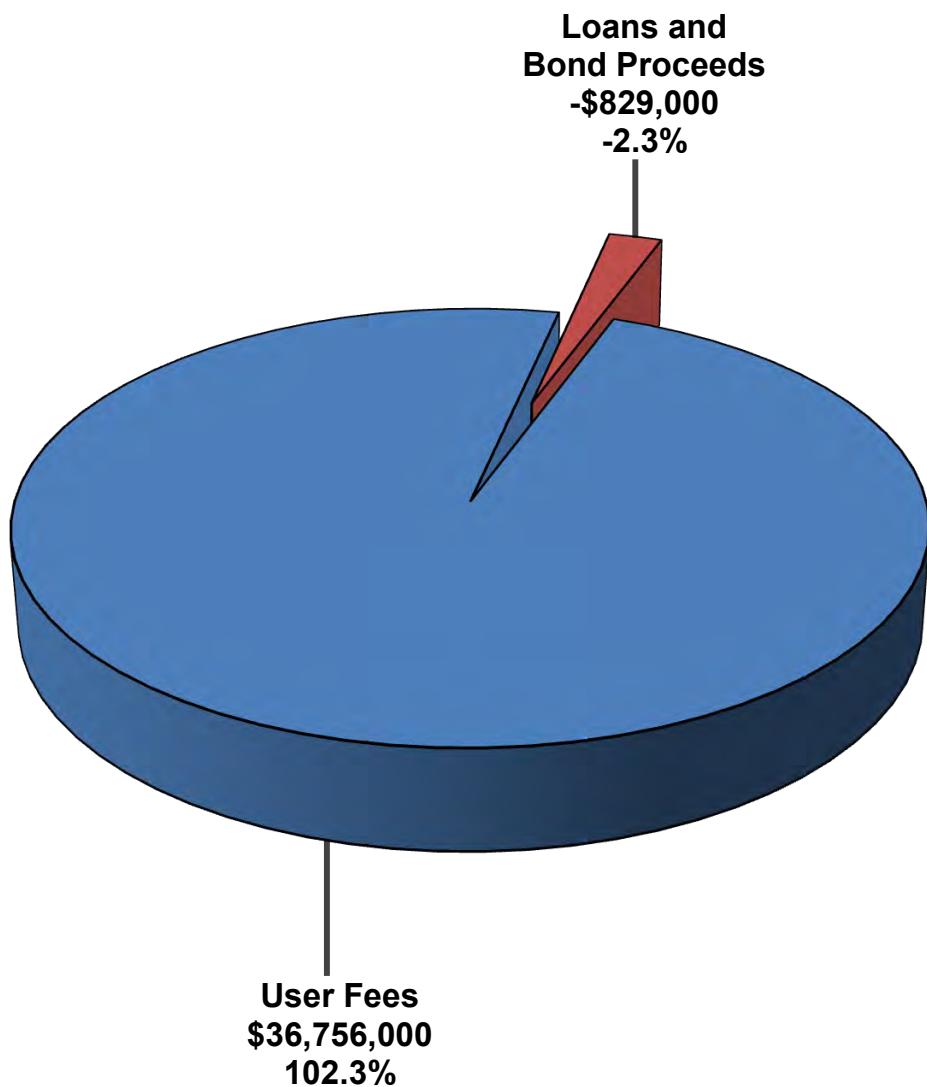

Water Utilities

FY 2012 - FY 2016 (\$ in 1,000)
Capital Project Proposal

Project Title: Acquisition of Land for Future Utility Facilities		Fund #: 4011		Unit #: W013 6502					
Description: This project includes the acquisition of land for regional pump stations for the County's wastewater collection system. The new stations are necessary to handle increased flow in certain areas of the system and improve efficiency. Current locations under consideration include Forest Hill Boulevard and Sansbury Way.									
COST PROJECTIONS:

Palm Beach County Capital Improvement Program
FY 2012 - FY 2016 (\$ in 1,000)
Capital Project Proposal

Project Title: Asset Mgmt Prgm - Sewer Lift Station Rehabilitation		Fund #:		Unit #:					
Description: An Asset Management Program provides a systematic method of minimizing the life cycle costs of utility assets while meeting desired service levels and controlling risk in the most efficient manner. This part of the program prioritizes wastewater lift stations based on failure risk and costs of repairing versus replacing the lift station.									
COST PROJECTIONS:

Palm Beach County Capital Improvement Program
FY 2012 - FY 2016 (\$ in 1,000)
Capital Project Proposal

Project Title: Central Region Operations Center		Fund #:		Unit #:					
Description: This project involves the design and construction of facilities to help the Department respond to emergency situations such as hurricanes. Potable water and sanitary sewer are critical public health services that must be maintained during recovery stages following natural disasters. The design and construction of a command center to coordinate these activities is critical to discharging this responsibility. In addition, covered storage is needed for the County's fleet of generators for the deployment during extended power outages.

Palm Beach County Capital Improvement Program FY 2012 - FY 2016 (\$ in 1,000)

Capital Project Proposal

Project Title: FPL Reclaimed Water System		Fund #: 4041																																																																																																								
Description: This project involves the design and construction of a reclaimed water treatment facility at the East Central Regional Water Reclamation Facility and a pipeline from the facility to the FPL's West County Energy Center. The project will enable reclaimed water to be used as the primary source of cooling water for FPL's West County Energy Center. This use of reclaimed water greatly reduces the depth to build and maintain alternate disposal facilities such as deep injection wells. This project is defunded due to the actual project costs being less than estimated.		Unit #: W032 6543

Capital Project Proposal

Project Title: Glades Utility Authority Lake Region Water Treatment Plant		Fund #:		Unit #:							
Description: This project involves the design and construction of a 10 million gallon per day reverse osmosis water treatment plant to serve the citizens of Belle Glade, Pahokee and South Bay. Construction of a regional facility was determined to be the most efficient way to ensure that future drinking water regulations will be met and that a clean and reliable source of potable drinking water will be available to the County's western area.

FY 2012 - FY 2016 (\$ in 1,000)
Capital Project Proposal

Project Title: Glades Utility Authority Pahokee Infrastructure Improvement		Fund #:		Unit #:					
Description: This project involves the design and construction of water transmission mains and wastewater infrastructure owned by the Glades Utility Authority (GUA), within their utility service area. Water Utilities Department (WUD) will manage the project for the GUA. The project will be funded from WUD's Capital Improvement Fund. The GUA will be reimbursed by American Recovery and Reinvestment Act stimulus funds for the project costs and repay WUD from these funds. The Glades Communities have struggled with water quality issues, inadequate sewer infrastructure, lack of revenues and the inability to encourage business growth. This investment is intended to overcome many issues related to inflow and infiltration of the wastewater system, and provide necessary infrastructure to those industries new to the Glades area.

Project Title: System Wide Water Treatment Plant Improvements		Fund #:		Unit #:																																																													
Description: This on-going project involves improvements to the County's existing water treatment plants including additions of chemical feed systems, yard piping, and pumping. The project is necessary to increase the amount of raw water available to be used in the production of potable water. An increase in the number of bulk water customers has increased the demand for potable water beyond the increases from normal customer growth. Expenditures prior to FY 2010 are unrelated to the scope of this project.

Project Title: System Wide Wellfield Rehabilitation and Expansion		Fund #: 4011		Unit #: W004 6541																																																																																																													
Description: This on-going project involves the rehabilitation and replacement of existing wells and the construction of new production wells at the Department's water treatment plants. The project is necessary to increase the amount of raw water available for use in the production of potable water. An increase in the number of bulk water customers has increased the demand for potable water beyond expectations.

Palm Beach County Capital Improvement Program
FY 2012 - FY 2016 (\$ in 1,000)
Capital Project Proposal

Project Title: Telemetry Information Management System Upgrades		Fund #:		Unit #:					
Description: This project includes upgrade to the Telemetry Information Management System (TIMS). TIMS enables the Department to monitor and operate the 764 lift stations, five water treatment plants and one water reclamation facility from central locations. Supervisory Control Alarm Data Acquisition System upgrades are also part of this effort.
