Problem?

Replace batteries Remove battery saver and wiring

Task performed:

1. Replaced batteries, drilled out and retaped hold down for right side battery. (broken). Replaced numerous wires ends for accessories.
2. Checked battery charger. Found inop traced problem to faulty wiring at charger. Repaired wiring and diverted power to a different leg of the charger. Now works normally.
3. Checked charging system. Found charging system below normal. Replaced alt. and rechecked system. Now charging normally.
4. Replaced front high beam light bulb. (left)
