

PALM BEACH COUNTY

INFRASTRUCTURE SALES TAX TYPE 2 TRANSFER

PROJECT: Playground Replacement-Countywide

CATEGORY: Playground Replacement

PROJECT NO. 17224

DISTRICT NO.: Countywide

CONSTRUCTION DEPARTMENT: Facilities Development & Operations

DEPT. TRANSFER #: 18-01

OPERATING DEPARTMENT: Parks & Recreation

A Type 2 Transfer authorizes; 1) changes in an Approved Project Budget either by transfer to or from Department Reserves or another funding source or 2) re-prioritization of an Approved Project.

Summary of Transfer Details :

The purpose of these transfers is to consolidate the individual budgets for all Playground Replacement projects into a single project entitled Playground Replacement- Countywide. These transfers will modify the fiscal accounting for these projects, but will in no way modify the scope, timing or amount of funding allocated to the Category as presented in the approved April 4, 2017 IST Project Plan. The projects in each of these categories are planned to be solicited as an annual contract with individual work orders being issued for individual project when funding is made available through the regular budget process. This change is being recommended so that the County can achieve better pricing through solicitations, which will allow for economy of scale reductions and eliminate the cost and time associated with multiple procurements.

This Type 2 transfer will: (check all that apply)

- Authorize transfer to/from Departmental Reserves to an Approved Project Budget.
- Authorize from a non-IST funding source to supplement the Approved Project Budget.
- Document reprioritization of IST funded projects.
- Transfer funds from an Approved Project Budget to Departmental Reserve due to a project being completed prior to the IST Project Plan date with 100% non-IST funds.

I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to approve:

- a) Amendment to the Infrastructure Surtax (IST) Project Plan approved by the Board of County Commissioners on April 4, 2017;
- b) Budget Transfer of \$1,035,750 within the Infrastructure Sales Tax Fund to combine multiple Playground Replacement projects into project budgets entitled Playground Replacement-Countywide; and
- c) Budget Transfer of \$4,200,000 within the Infrastructure Sales Tax Fund to combine multiple Sports Lighting Replacement projects into project budgets entitled Sports Lighting Replacement-Countywide.

Summary: The purpose of the plan amendment is to consolidate the individual budgets for all Playground Replacement projects into a project entitled Playground Replacement-Countywide and do the same for all sports lighting projects. These transfers will modify the fiscal accounting for these projects, but will in no way modify the scope, timing or amount of funding allocated to the Category as presented in the approved April 4, 2017 IST Project Plan. The projects in each of these categories are planned to be solicited as an annual contract with individual work orders being issued for individual projects when funding is made available through the regular budget process. This change is being recommended so that the County can achieve better pricing through solicitations, which will allow for economy of scale reductions and eliminate the cost and time associated with multiple procurements. The budget transfers will implement the accounting changes for FY 17 and 18 funding. The Sales Tax Oversight Committee reviewed this request at their November 16, 2017 meeting and approved it unanimously. Countywide (AH)

Background and Justification:

On November 8, 2016, the voters of Palm Beach County approved a one-penny infrastructure surtax for collections beginning January 1, 2017 and continuing for the sooner of 10 years or \$2.7 billion in proceeds before September 1st of any year. Also included was the creation of an oversight committee to audit spending for compliance with approved projects, and the following allocations: 50% to the School District, 30% to the County, and 20% to the Municipalities. (THIS SUMMARY IS NOT TO BE USED AS A BASIS FOR PAYMENT.)

Background and Justification Continued.

The proceeds of such tax finance the renewal and replacement of existing capital investments including roadway surfaces, bridges, drainage improvements, canals, park amenities, and government buildings, all of which were deferred during the recent recession and remain outstanding, and projects to maintain levels of service. A detailed project list, Infrastructure Surtax Project Plan, with associated budget was prepared for Playground Replacement and Sports Lighting Replacement projects, amongst others, and approved by the Board on April 4, 2017. Since that time, it has been determined that consolidating these multiple individual project budgets into one project budget, respectively, would be more efficient for budgetary and accounting purposes. Expenditures for each individual project/site will still be tracked using the County's Financial System despite the proposed consolidation of funding within the same category.
