## Incorporation of Industry Suggestions

### New Retainage General Condition for CMs:

- ✓ “After 50% completion of the Work has been achieved and providing there are no good faith disputes, claims or demands of the Owner, the Construction Manager may request the payment of up to one-half of the retainage held by the Owner on previous pay requests.”
- ✓ “The Construction Manager may request at any point the release of retainage from the Owner attributable to the labor, services, or materials supplied by one or more subcontractors or suppliers if the work of the subcontractor has been successfully completed or if the materials of the supplier have been inspected and accepted by the Construction Manager. The Construction Manager must submit the request in writing to the Owner.”

# One-Penny Infrastructure Sales Surtax and General Government Capital Program Incorporation of Industry Suggestions (Cont.)

## New Retainage General Condition for Contractors:

- ✓ **“Owner may approve such requests on a case by case basis in the Owner’s discretion. In order to substantiate such a request, the Contractor must submit the request in writing to the Owner and attach a statement of the Contractor that the subcontractor has successfully completed the work or the supplier has delivered acceptable materials and there are no disputes, demands or claims outstanding with respect to the completed work or delivered materials. Owner reserves the right to request additional documentation supporting Contractor’s request for release of retainage on completed work or delivered materials, including a consent from the Contractor’s Surety.”**
