Date: July 24, 2026

PalmTran Bus Purchasing Team,

Transit Solutions, LLC (DBA: TSI Video) has recently provided pricing to PalmTran for the sole source procurement of our proprietary TSI NEXUS Video Surveillance System. This system is designed and developed by TSI, and as such, TSI is the only supplier able to provide this product. In addition to the proprietary nature of the recorder, PalmTran currently utilized TSI's NEXUS Video Surveillance systems on two pilot vehicles, and these recorders communicate back to TSI's proprietary NEXVIEW software. There are no other recorders/devices available on the market that can operate on TSI's proprietary NEXVIEW software. For these reasons, The NEXUS Video Surveillance System is only able to be purchased through TSI.

Regards,
