

LMS 2018 WebEOC Project Submissions

Palm Beach County Division of Emergency Management

You are accessing **WebEOC**, a Palm Beach County Department of Public Safety information management system. WebEOC will be used **For Official Use Only**. The records may be exempt from public release under the Florida public records law, "Chapter 119, Florida Statutes." Unless explicitly noted, information should not be released to the public or other personnel who do not have a valid "need to know" without prior approval from the Palm Beach County Division of Emergency Management. Failure to comply with these terms, in the County's sole discretion, will result in termination of user access. By logging into this system, you agree to comply with these terms and conditions.

The purpose of this PowerPoint is to demonstrate to LMS members how to submit new projects in the LMS2018 upgraded boards within WebEOC®

We will begin with the typical login process, then progress through inputting a new project.

You are accessing **WebEOC**, a Palm Beach County Department of Public Safety information management system. WebEOC will be used **For Official Use Only**. The records may be exempt from public release under the Florida public records law, "Chapter 119, Florida Statutes." Unless explicitly noted, information should not be released to the public or other personnel who do not have a valid "need to know" without prior approval from the Palm Beach County Division of Emergency Management. Failure to comply with these terms, in the County's sole discretion, will result in termination of user access. By logging into this system, you agree to comply with these terms and conditions.

First, go to webeoc.pbcgov.com to login

Google Chrome is the recommended browser for WebEOC®

Click “Accept” to accept the terms and conditions of using the system.

Next, use the same login that you have used in the past for LMS. It should start with LMS and then the name of the agency/municipality (e.g. "LMS Lake Park") using a space between words. Then enter the password for your login as before. If you have forgotten your password, click on "Forgot Username/Password" link at the bottom and it will lead you through a reset process.

Community Benefit

Community Benefit *

What benefit does the community derive from this effort? How and to what extent does this mitigation project benefit the residents of the community? Provide supporting documentation. Explain.

Browse...

☐ This project benefits a primary critical facility.

☐ This project benefits a secondary critical facility.

☐ This project benefits a public convenience facility.

☐ This project benefits a residential structure.

Risk to Community *

Benefit Cost Analysis (BCA) * Use the entire formula in the box below (Estimated Loss Exposure (\$) Before Project) – (Estimated Loss Exposure (\$) After Project) / Cost of the Project = ?

Area Benefit *

How does the project benefit the citizens of the community? Does it help a few dozen homeowners such as shuttering a neighborhood? Does it shutter a public building that thousands of patrons have access to? Does it have an impact on neighboring jurisdictions by reducing flooding along a major roadway? Explain:

Project Implementation

Regulatory Framework *

Is the project consistent with existing legal, regulatory, and environmental/cultural framework?

☐ There are local regulatory issues associated with this project.

☐ There are regional regulatory issues associated with this project.

Risk to Community and Benefit-Cost Analysis: Risk to Community is a drop-down field, please choose the exposure and frequency (see guidance document). BCA is one of the most important boxes, fill out the ENTIRE formula listed above the question. Putting in a number does not satisfy this requirement, you must use the entire formula.

Plan Inclusions: Anywhere there is a question mark, you can click it and it will give you all the choices, choose as many as you need to answer the question. Then attach a file showing what you are claiming. Please do not send a 300 page Comprehensive Plan, just the pages that show support to your project.

Public Support: Do not click yes unless you can attach something to prove that it is supported by the public either through a public meeting, letters to officials, etc. that prove the public wants this project (or something similar) done.

LMS Projects

Global Match *
When using Global Match, the non-Federal cost share does not need to be 25 percent for each individual project, rather the non-Federal cost share for all of the Applicant's submitted projects combined must equal 25 percent for the overall disaster

☐

Mitigation Goals *

Completion Timeframe *
How long will it take for the proposed project to accomplish its stated goals?

Hazards & Flood Basin Information

Hazards *
Select all hazards that project is intended to mitigate.

Flood Basins
Select all flood basins that project affects, if any.

Search

Edit Edit Edit Edit Edit Edit Edit Edit Edit Edit

Global Match: Do you have allowable non-Federal funds to match your 25% share of the project? Mitigation Goals: Choose the goal from the LMS that most closely aligns with your project. Also select the global match (if using, but this is rare), and your completion timeframe.

Finally, choose your Hazards and Flood Basin Information by clicking the question marks. Hazards are required, flood basins only if this project affects a basin.

Then, additional attachments are for any other attachments you feel will help the evaluators that have not previously been attached. Please label each attachment with what it is (i.e. 2019 Capital Improvement Plan). Last, but not least, please fill out the project approval section. This should be the agency director (if County government) or the Mayor, Town Manager, City Manager, etc. (someone with authority that can verify that this project will go forward if funding is awarded).

If you need multiple sessions to fill out the submission form, please choose “Draft” until you are finished. Then select “Submit for Scoring” ONLY after you have no more edits that need to be made. You can not edit after submitting for scoring. Do not use “Remove” unless you had a draft and decide not to submit it.

If you have any questions, please contact me at 712-6344 or email sratlif1@pbcgov.org for assistance.
