Subject: Sole Source: **GOSCO VALVES, INC.**

The Water Utilities Department requests an extended sole source procurement from GOSCO VALVES, INC., for the purchase of new products, OEM repair/replacement parts, maintenance, field services and technical support, based on the following sole source justification:

Based upon our expertise and a comprehensive search of the market place, the purchase of new products, OEM repair/replacement parts, maintenance, and field services, manufactured and offered by GOSCO VALVES, INC. is required to be used in conjunction with existing equipment. GOSCO VALVES, INC. provides the following unique characteristic that we require and, to the best of our knowledge, no other manufacturer can duplicate.

1. GOSCO VALVES, INC. is the sole manufacturer of Gosco Ball Valves which is currently in use at Water Treatment Plant 11, to regulate the energy recovery ratio, which is a vital part of keeping the system operating at 80% recovery; as required by Water Utilities.
2. GOSCO VALVES, INC. acknowledges Flotech, Inc., as their sole exclusive representative for purchase of new products, OEM repair/replacement parts, maintenance, technical support and field services within the State of Florida.

For the above documented reasons and the attached sole source supporting documentation from the manufacturer, I request that the purchase be considered for approval as sole source.

The sole source letter is attached.
