Re: Sole Source Justification for Remix Software License

Palm Tran is requesting a sole source purchase contract with Via Transportation, Inc. Alias/DBA: Remix Technologies, LLC, including licensing, customization, training, and support services for a three (3) year term, with two (2) year renewal options.

Based on our knowledge and a comprehensive search of the marketplace, Via Transportation, Inc. Alias/DBA: Remix Technologies, LLC provides the following unique characteristics that we require, which no other firm can duplicate.

- Via Transportation, Inc. Alias/DBA: Remix Technologies, LLC is the sole manufacturer, licensor, and provider of the Remix transit planning system software.
- Remix is the only software that provides route design, immediate geospatial analysis, and immediate operating cost calculations as a single product. It is the only software that can provide immediate Title VI analysis, travel time visualizations, as well as the ability to export data into Microsoft Excel, KML, shapefiles, and print.

For the documented reasons listed above, along with the supporting documentation provided by the vendor, Palm Tran requests that Via Transportation, Inc. Alias/DBA: Remix Technologies, LLC be considered as a sole source for the referenced service.
