SPECIAL MAGISTRATE HEARING AGENDA
NOVEMBER 05, 2025 9:00 AM

15	<p>Details: Development other than Buildings and Structures: The Floodplain Administrator shall inspect all Development to determine compliance with the requirements of this Article and the conditions of issued Floodplain Development Permits or Approvals.</p> <p>On all new, permitted construction, regardless of flood zone designation, grading shall keep all rainfall and runoff flow on the Building site until discharged into the roadway drainage system or to public drainage ways adjacent to the property lines. Berms shall be constructed along lot lines, if necessary, to prevent stormwater flow directly onto adjacent properties. Erosion sedimentation off the Building site shall be controlled until vegetative cover is established. The Floodplain Administrator may require grading plans showing pre-construction and proposed finish earth grades.</p> <p>All construction activity regulated by this code shall be performed in a manner so as not to adversely impact the condition of adjacent property, unless such activity is permitted to affect said property pursuant to a consent granted by the applicable property owner, under terms or conditions agreeable to the applicable property owner. This includes, but is not limited to, the control of dust, noise, water or drainage runoffs, debris, and the storage of construction materials. New construction activity shall not adversely impact legal historic surface water drainage flows serving adjacent properties, and may require special drainage design complying with engineering standards to preserve the positive drainage patterns of the affected sites. Accordingly, developers, contractors and owners of all new residential development, including additions, pools, patios, driveways, decks or similar items, on existing properties resulting in a significant decrease of permeable land area on any parcel or has altered the drainage flow on the developed property shall, as a permit condition, provide a professionally prepared drainage plan clearly indicating compliance with this paragraph. Upon completion of the improvement, a certification from a licensed professional, as appropriate under Florida law, shall be submitted to the inspector in order to receive approval of the final inspection.</p> <p>More specifically, Obtain a Permit for the Site Development and Fill.</p> <p>Code: PBC Amendments to FBC 8th Edition (2023) - 110.10 Unified Land Development Code - 18.A.6.B & 18.D.5.A.1</p> <p>Issued: 09/27/2024 Status: CCH</p>
