Open Building Permit

Open Code Compliance Violation

The Planning, Zoning and Building Department (PZB) provides search services on properties in unincorporated Palm Beach County for a fee.

The searches include fines/liens, open building permits and open code compliance violations. All search results represent unincorporated Palm Beach County and are certified by PZB. Searches do not include properties located in municipalities except those annexed from the county by a municipality.

Upon registration, searches and their results are requested and maintained using PZB's online search portal.

A fine/lien search is performed using the property owner's name, property control number (PCN) and property address. Search results represent all unincorporated Palm Beach County fines/liens processed by PZB which are limited to building abatement/demolition, code compliance, contractor regulations, lot clearing and nuisance abatement.

Unless otherwise indicated, liens recorded by PZB encompass not only the property being addressed but all subject properties with the same owner.

Open building permit and open code compliance violation searches are performed using the address and PCN.

Open permit searches can be performed by the public on properties or buildings that are not confidential (not be certified by staff) at pbc.gov/pzb - click on ePZB Online Interactive Services. **Open permit status includes: active, inactive, expired, excluded, in process, ready for issuance, printed, agency approved, or stop issue.**

Please call 561-233-5001, if you have any questions or require assistance.
