- I certify that** Unit Bonding complies with Article 250 – 2014 NEC

* Code Sections are subject to change. Refer to current Codes & Amendments for a complete reference

I, _____, Qualifier do affirm and certify that the "Water Heater" change out installed at _____ under the Annual Permit and Random Inspection Program has been completed and verified for code compliance per the above code checklist, **and certify that this equipment meets the standards of the current Florida Energy Conservation Code.**

I also understand that I could be suspended from the program for a period of 1 year if I do not maintain a minimum passing rate of 75% or have failed inspections three (3) times for the same code violation. A permit will then be required for all change outs until, and if, reinstated into the program.

By my signature, the owner was provided with a copy of the County information flyer regarding this program and is advised of the ability to request an inspection if perceived code violation is identified and is advised that the County may contact the resident to inspect this installation at random. Furthermore, I do hereby affirm and certify that the above applicable installation was completed on-site by trained, qualified personnel.
