

PALM BEACH COUNTY
PLANNING AND ZONING COMMISSIONS
COUNTY-ISSUED EMAIL ADDRESSES

Palm Beach County Planning and Zoning Commissions County-Issued Email Addresses

Beginning July 2018, each Planning and Zoning Commissioner appointed by the Board of County Commissioners will be issued a County email address. The following information is provided to assist you in following 'best practices' for your County email accounts.

The Sunshine Law (F.S. 286.011) requires:

- Boards and commissions to not take action on or engage in private discussions of board business via written correspondence, e-mails, text messages, or other electronic communications.

The Public Records Law (F.S. 119) requires:

- Each agency that maintains a public record in an electronic recordkeeping system provide upon request a copy of any public record in that system which is not exempt by law from public disclosure.

In order to abide by the Public Records Law, Palm Beach County has issued County email addresses for each member of the Planning Commission and Zoning Commission for conducting County business. Board members are required to use the County emails for all County business correspondence. County staff will no longer use the personal or business email addresses for correspondence. Settings have been established that **prevent Commissioners from receiving emails from each other.**

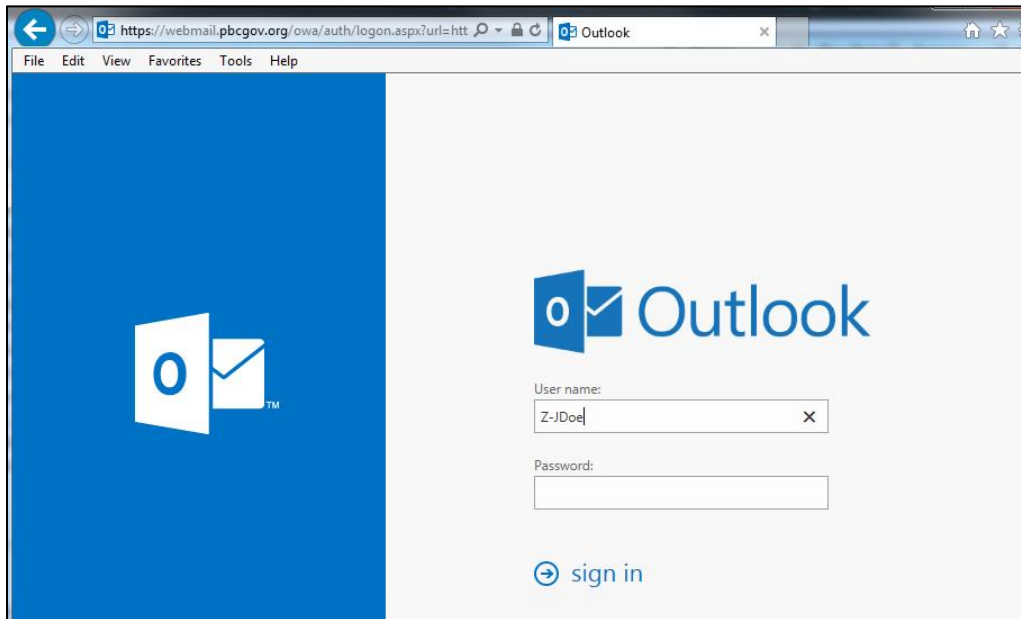

These County-issued email addresses comply with public records requests. All Commission emails are in an email archiving system indefinitely. Upon request, the County's Public Affairs office conducts a search on all County emails including the Board members County-issued emails. Once the Board member term ends, the County will discontinue the email account removing access to the Board member.

The Palm Beach County Information Systems Services Department will issue the email address and password to each Board member. Instructions to log into the email and change the password are included in this packet. Please contact the Planning Division secretary at 561-233-5327 or the Zoning Division secretary at 561-233-5041 for any questions.

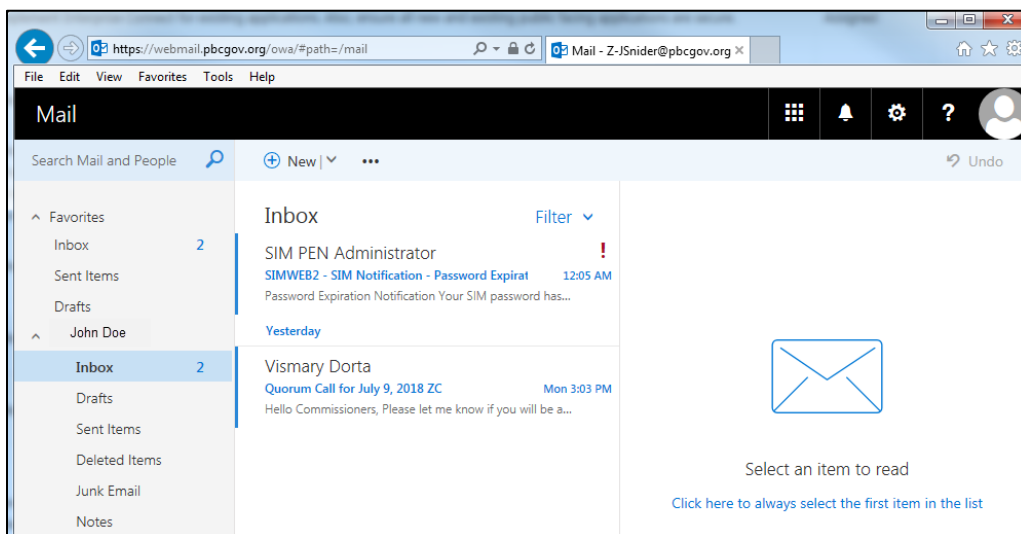

ACCESSING PBC EMAIL FROM AN INTERNET BROWSER

To access your Palm Beach County email account, you will use webmail.

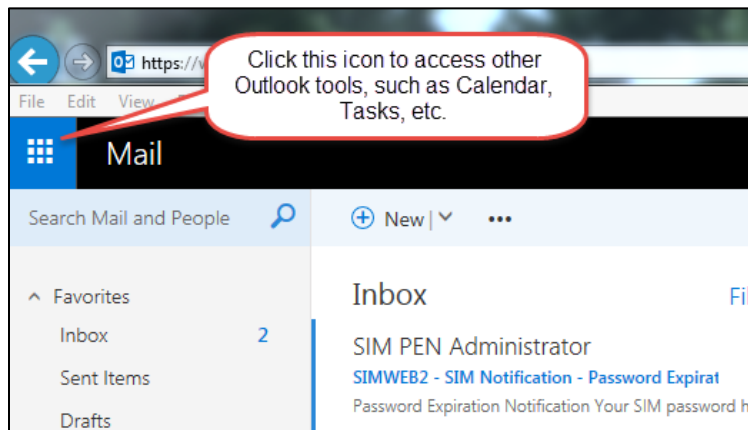

1. Enter the following URL in your browser's address bar and press ENTER:
<https://webmail.pbcgov.org>
2. Enter your PBC User name and Password.

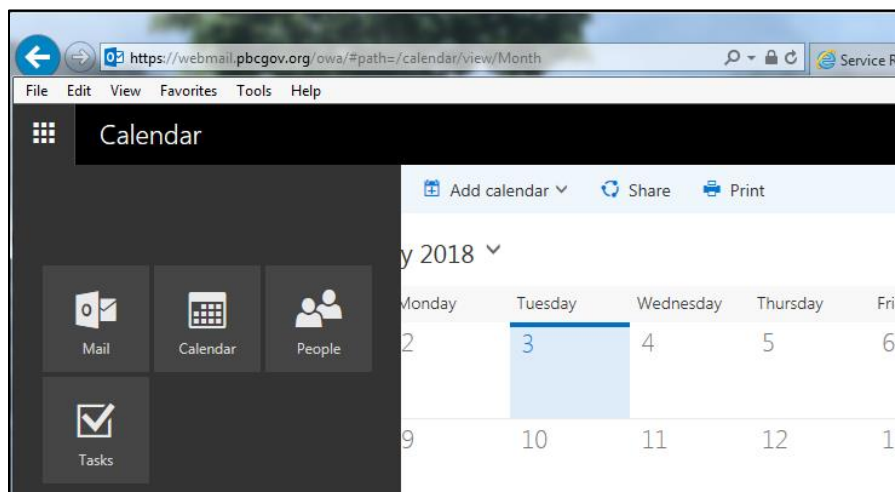

3. When the Outlook WebApp opens you will see your Inbox and Folders in the left Navigation bar, a list of emails in the middle pane, and a preview of the highlighted email on the right. Depending upon which browser you use, the screens may look slightly different.

4. At the top of the left Navigation bar, you will see the  icon. Click to access other Outlook tools, such as Calendar, People (Contacts) and Tasks.

5. Clicking on one of these options will change the view in the right pane.

6. Click the  icon in the upper right corner and then Sign Out to Logout of Webmail.

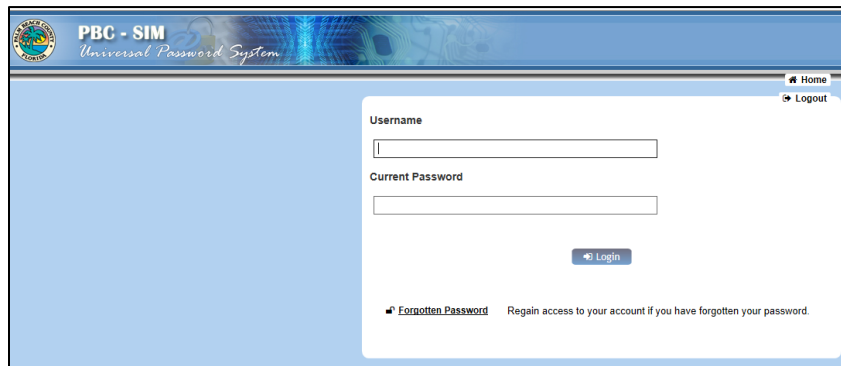

If you need assistance, please contact the PBC Help Desk at 561-355-HELP (355-4357).

INITIAL PASSWORD CHANGE INSTRUCTIONS / PASSWORD REQUIREMENTS

The Universal Password System is only accessible when on the County's Intranet.

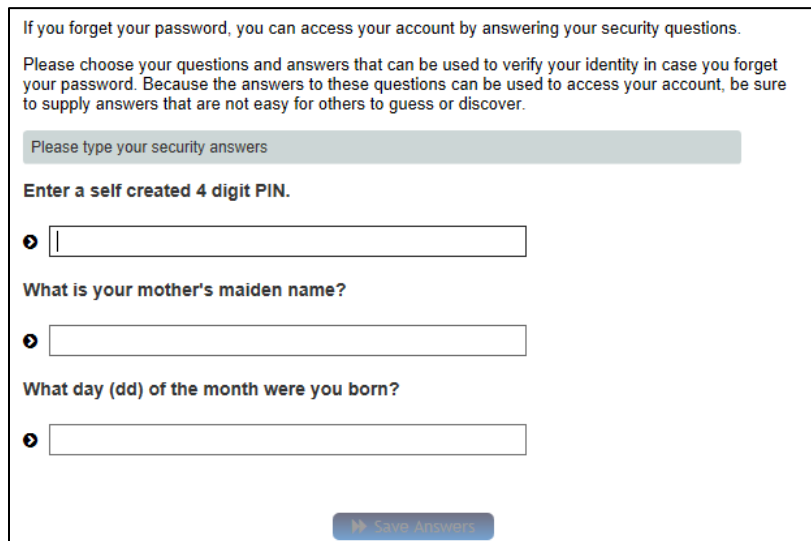

Enter the following URL to access PZB's SharePoint site: <http://pbcportal.pbcgov.org/PZB/default.aspx>

1. Click SIM in the top menu.
2. Login with your user id and temporary password.

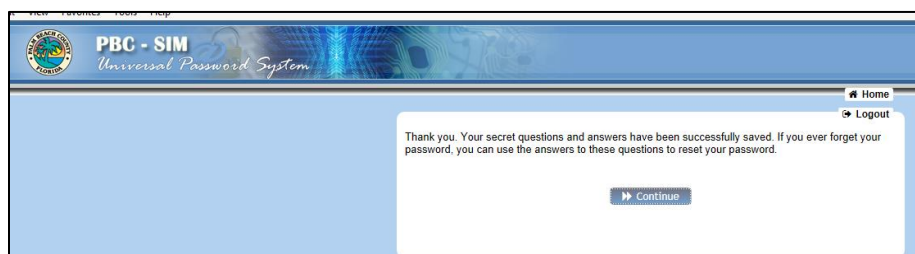

The screenshot shows the login interface for the PBC - SIM Universal Password System. At the top left is the PBC logo. The header includes the text "PBC - SIM" and "Universal Password System". On the right, there are links for "Home" and "Logout". The main form area contains two input fields: "Username" and "Current Password". Below these fields is a "Login" button. At the bottom of the form, there is a link for "Forgotten Password" with the text "Regain access to your account if you have forgotten your password."

3. Set up Security Questions. These will be used to verify your identity when requesting a password change via the PBC Help Desk or when using the Forgotten Password if on the PBC network. Note: your questions may vary somewhat from the questions below.

The screenshot shows the Security Questions setup page. It begins with a message: "If you forget your password, you can access your account by answering your security questions." This is followed by instructions: "Please choose your questions and answers that can be used to verify your identity in case you forget your password. Because the answers to these questions can be used to access your account, be sure to supply answers that are not easy for others to guess or discover." Below this is a text input field labeled "Please type your security answers". Then, there is a section titled "Enter a self created 4 digit PIN." with a corresponding input field. This is followed by two questions, each with a dropdown arrow icon and an input field: "What is your mother's maiden name?" and "What day (dd) of the month were you born?". At the bottom right is a "Save Answers" button.

The screenshot shows the confirmation page after saving security questions. It features the same header as the previous pages. The main content area contains a message: "Thank you. Your secret questions and answers have been successfully saved. If you ever forget your password, you can use the answers to these questions to reset your password." Below this message is a "Continue" button.

4. Set up your new password.

Your password has expired. You must set a new password now.

Please change your password. Keep your new password secure. After you type your new password, click the Change Password button. If you must write it down, be sure to keep it in a safe place. Your new password must meet the following requirements:

- Password is case sensitive.
- Must be at least 8 characters long.
- Must be no more than 16 characters long.
- Must include at least 1 number.
- Must not repeat any character sequentially more than 4 times.
- New password may not have been used previously.

Please type your new password
