

COMPREHENSIVE PLAN AMENDMENT STAFF REPORT AMENDMENT ROUND 23-B

BCC ADOPTION PUBLIC HEARING, AUGUST 30, 2023

I. General Data

Project Name: Biltmore Acres Lantana Rural Enclave Overlay
Element: Future Land Use Element and Map Series
Project Manager: Jerry Lodge, Planner II
Staff Recommendation: Staff recommends **approval** based on the findings and conclusions presented in this report.

II. Item Summary

Summary: The item before the Board is a County Initiated amendment to revise the Comprehensive Plan to establish an Overlay for the Biltmore Acres and Lantana Road area. Specifically, the amendment proposes to:

- Add a new Sub-Objective and policies to establish the Biltmore Acres Lantana Rural Enclave Overlay; and
- Add the boundaries of the new Overlay to the Special Planning Areas Map (LU 3.1) Map Series.

Staff Assessment: The Board of County Commissioners initiated this proposed amendment on September 22, 2022, with the intent of establishing this area as a Rural Enclave Overlay, to support the preservation of the current character of the area. The proposed amendment adds policies that encourage the continuation of existing agricultural uses, the retention of native vegetation, and encourage low residential densities within the Overlay by requiring an enhanced level of Board approval (by requiring an affirmative vote of at least 5 members of the Board) for any proposed residential density increases within the boundaries.

Beginning in October of 2022, Planning Division staff coordinated with property owners and interested parties utilizing several methods to communicate information and solicit community feedback. Community outreach methods performed by staff included creating a public information webpage, hosting virtual informational meetings, and postal mailings to 425 property owners in order to provide notice and request feedback. These outreach efforts are detailed in Part VII, Section B, *Community Participation*. At the time of publishing this report, staff has received 281 property owner responses, resulting in a 66% response rate. Of the correspondence received, 274 of the 281 responding property owners (98%) support the Overlay, whereas 7 of the 281 respondents (2%) are opposed. Four property owners who submitted comment forms indicating opposition have also submitted comments stating a desire to retain the existing state of the area, including low density residential and agricultural uses, which are policies proposed in the Overlay. Based on the responses received to date, a majority of responding property owners are in favor of the proposed Overlay. Correspondence received throughout the public hearing process will be added to Exhibit 2. As such, staff recommends **approval** of the amendment.

III. Hearing History

Local Planning Agency: *Approval* (as recommended by staff), motion by Lori Vinikoor, seconded by John Carr, passed in a 13 to 0 vote at the March 10, 2023 public hearing. A substitute motion was made by Barbara Roth, seconded by Jay Nisberg, failed in a 5 to 8 vote (with Penny Pompei, John Carr, Rick Stopek, Sarah Pardue, Lori Vinikoor, Angella Vann, David Serle and Sam Caliendo dissenting) for approval with modifications to proposed policy 2.2.1-b to delete the word “encourages” and replace it with “allows only”. Commission discussion included support of the proposed overlay and desire for strengthening the language to protect the rural lifestyle of the area. Sixteen members of the public spoke in support of the amendment citing a desire to retain the low density and agricultural character of the area, traffic concerns, and current development applications. A representative of two property owners along Fearnley Road requested revisions to the proposed policies, which is included in the correspondence exhibit.

Subsequent to the Planning Commission Hearing, staff updated the response data and map in this report to reflect additional correspondence received (see Exhibit 2). Changes since the Planning Commission report are shown in underline and ~~strikethrough~~.

Board of County Commissioners Transmittal Public Hearing: *Transmit*, motion by Commissioner Barnett, seconded by Commissioner Woodward, passed in a 7 to 0 vote at the May 3, 2023 public hearing. The Board discussed potential alternatives over the proposed boundaries of the Overlay and acknowledged the increasing amount of requests for these types of Overlays. Twelve members of the public spoke in support, including representatives of property owners in the Overlay, the Audubon Everglades, and the Sierra Club Loxahatchee Group. Those in support cited development pressure in the area, the need to protect agricultural and equestrian businesses, wildlife, and the low density character of the community. Three members of the public spoke in opposition, including the applicant for the Lantana Road Residential amendment, citing the need for workforce housing and opposing additional development restrictions.

State Review Agency Comments: The State Land Planning Agency reviewed this amendment under Round 23-06 ESR and issued a letter dated June 15, 2023 stating that the Agency had no comment on the proposed amendment. In addition, State Review Agencies provided no comment regarding this amendment.

Subsequent to the BCC Transmittal Hearing: Staff updated the response data and map in this report to reflect additional correspondence received (see Exhibit 2). A history of the response data throughout the public hearing process was added as Exhibit 3.

Board of County Commissioners Adoption Public Hearing:

T:\Planning\AMEND\23-B2\Reports-Agendas\2-BCCTran\3-A-1-BiltmoreOverlay-Adopt-Rpt.docx

IV. Intent

The County Initiated amendment proposes to revise the Comprehensive Plan to establish an Overlay for an area within the Urban/Suburban Tier. Specifically, the amendment proposes to:

- Add a new Sub-Objective and policies to establish the Biltmore Acres Lantana Rural Enclave Overlay; and
- Add the boundaries of the Overlay to the Special Planning Areas Map (LU 3.1) Map Series of the Comprehensive Plan.

The Board of County Commissioners initiated this proposed amendment on September 22, 2022 with the intent of establishing this area as a Rural Enclave Overlay, which will support the continuation and preservation of the character of the area. The proposed amendment will establish policies that encourage the continuation of existing agricultural uses, the retention of native vegetation and encourage low residential densities within the Overlay by requiring an enhanced level of Board approval for proposed residential density increases within the boundaries. Specific text changes are shown in strike out and underline in Exhibit 1-A, and the map series changes are shown in Exhibit 1-B.

V. Background/History

A. Urban/Suburban Tier Background

In 1999, the County adopted the Growth Management Tier System to recognize its diverse geographic regions and lifestyles by establishing tiers that have common densities/intensities and public service availability. The proposed overlay is located in the Urban/Suburban Tier, which is expected to accommodate the bulk of the County's population and its needs for services, employment and recreational opportunities.

The purpose of the Tier is described in the Future Land Use Element of the Comprehensive Plan as Objective 1.2 below:

Objective 1.2 Urban/Suburban Tier – Urban Service Area: Palm Beach County shall plan to accommodate approximately 90% of the County's existing and projected population through the long-range planning horizon within the Urban/Suburban Tier. The Urban/Suburban Tier shall include all land within the Urban Service Area, as depicted on the Service Areas Map in the Map Series. These areas have a development pattern generally characterized as urban or suburban, considering the intensity and/or density of development. The Urban/Suburban Tier shall be afforded urban levels of service.

The Tier is largely approaching build out of its vacant land. Development in the Tier has shifted from low-density planned developments on large tracts of unbuilt land, to smaller infill projects with higher densities. The Tier System promotes the concept of lifestyle diversity, but did not establish policies to direct growth within the Urban/Suburban Tier to specific locations or to protect the rural residential areas within the Urban/Suburban Tier.

B. Rural Enclave Overlay Background

In 2018, the idea for creating rural enclave overlays was initially proposed by representatives of the Pioneer Road Property Owners Association (PRPOA) at the July 23rd Board of County Commissioners Transmittal Public Hearing for a County initiated text amendment regarding residential future land use designations. The request originated from concerns regarding future land use amendments seeking density increases within the Pioneer Road area, which is located generally south of Southern Boulevard and west of Jog Road, with properties consisting of low residential densities.

Subsequently, the Board adopted Ordinance 2018-031 to recognize that rural enclaves within the Urban/Suburban Tier provide a valuable contribution to the housing diversity and lifestyle choices in the County. The criteria for an area to be identified as a “rural enclave” included having a Low Residential future land use designation, on large lots with an average of one home per acre or greater, and with an Agricultural Residential (AR), Residential Estate (RE) or Residential Transitional (RT) Zoning District. Three general areas of the County (Pioneer Road, Lantana Road/State Road 7 and Hypoluxo Road) were identified as meeting the criteria for Rural Enclaves.

The adopted 2018 Ordinance included the addition of a new Future Land Use Element Policy 2.2.1-p to recognize these areas within the Urban Service Area and support their preservation:

FLUE Policy 2.2.1-p: *Rural Enclaves in the Urban Service Area.* *The County recognizes that there are long established rural residential enclave communities and homesteads in locations within the Urban Suburban Tier that have Low Residential future land use designation. The County supports the continuation of these rural areas in order to encourage a high quality of life and lifestyle choices for County residents. In addition, within these areas the County may apply the ULDC standards for rural residential development as follows:*

1. *in low density areas in Urban Residential future land use categories;*
2. *on parcels presently used for agricultural purposes; or*
3. *on parcels with a Special Agricultural future land use category.*

In addition, the County utilizes overlays within the Comprehensive Plan and Unified Land Development Code in order to establish specific policies and/or regulations for specific geographic areas. As part of the adopting Ordinance, this new policy 2.2.1-w to allow for overlays to protect these areas.

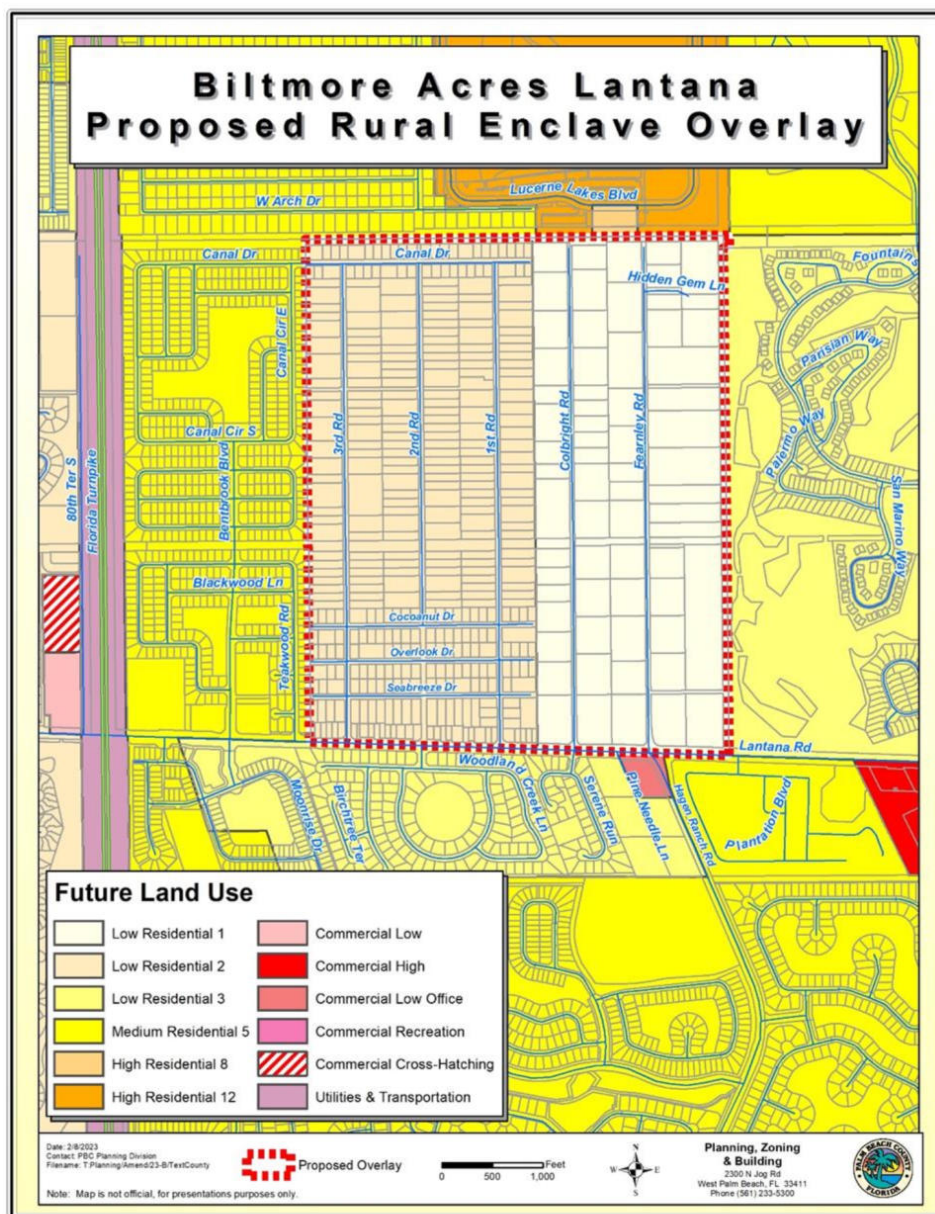

FLUE Policy 2.2.1-w: *“The County shall adopt specific overlays in the Comprehensive Plan and/or Unified Land Development Code to protect the character of individual rural enclaves identified through the neighborhood planning process.”*

In February 2022, the Board of County Commissioners adopted the first Rural Enclave Overlay for the Pioneer Road area via Ordinance 2022-005.

B. Proposed Biltmore Acres Lantana Rural Enclave Overlay

The Board of County Commissioners initiated this Overlay on September 22, 2022. The proposed boundaries, shown in red in Figure 1 below, include Lantana Road to the south, The Fountains Country Club and Golf Course to the east, Lake Worth Drainage District L-14 Canal to the north and a residential neighborhood known as Countrywood to the west. The proposed Overlay consists of 452 parcels on a total of 330.92 acres, equating to an average lot size of 0.73 acres. Upon adoption of the 1989 Comprehensive Plan all properties within the proposed Overlay were assigned a Low Residential, 1 unit per acre (LR-1) future land use designation. Subsequently in 2002, the western half of the proposed Overlay was subject to a County corrective amendment (Ord. 2002-062) which changed the future land use on 196.28 acres from LR-1 to Low Residential, 2 units per acre (LR-2) in order to reflect the development pattern at the time.

Figure 1 – Proposed Overlay Boundaries and Future Land Use Designations

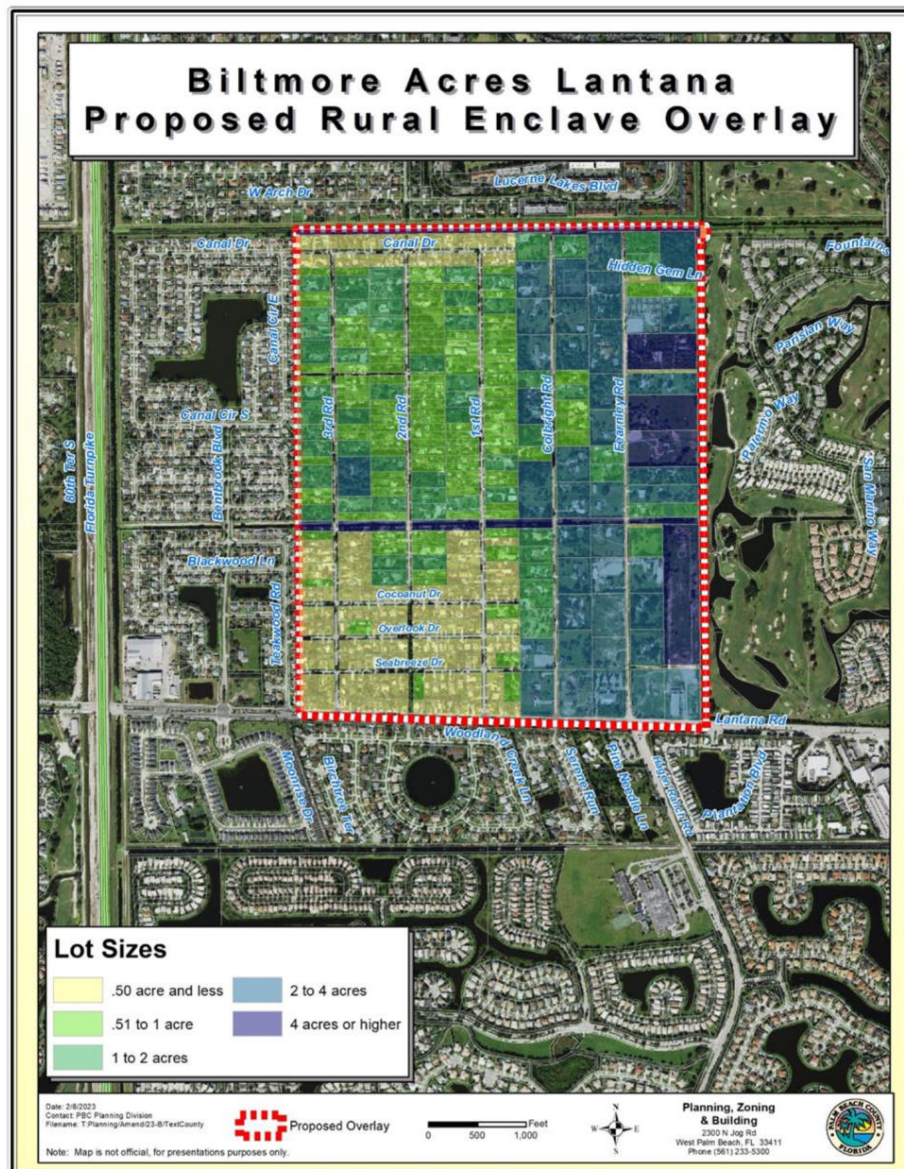

As shown in *Table 1* and *Figure 2* below, lot sizes vary throughout the proposed Overlay with the smallest lot being less than a tenth of an acre in size and the largest property is just under 10 acres in size. Although the average lot size is 0.74 acre, properties 1 acre or greater account for 59% of the total land area and properties 2 acres or greater represent 38% of the total land area.

Table 1 - Lot Analysis

Parcel Size (acres)	Parcels	%	Total Acres	%
Less than 0.5	228	50%	63.32	19%
0.5 to 1	122	27%	71.25	22%
1 to 2	57	13%	68.08	21%
2 to 4	40	9%	104.11	31%
Greater than 4	4	1%	24.16	7%
Totals	452	100%	330.92	100%

Source: PBC Planning Division, 2021 Existing Land Use, PBC Property Appraiser's Office

Figure 2 – Lot Sizes within Proposed Overlay

Most of the existing land uses within the proposed Overlay are residential or agricultural, with a handful of properties being utilized for civic or utility purposes, and the remaining lots are undeveloped. Approximately 75% of the acreage within the Overlay consists of residential uses on an average lot size of 0.61 acres and 20% of the Overlay acreage consists of agricultural uses (primarily nurseries and equestrian) with an average lot size of 2.5 acres. The remaining 5% of properties contain civic (places of worship) and utility uses, as well as undeveloped land.

Table 2 - Existing Land Use

Existing Use	Parcels	%	Acres	%
Ag/Equestrian	26	6%	65.05	20%
Residential	406	89%	247.29	75%
Undeveloped	17	4%	12.86	4%
Other (Civic/Utility)	3	1%	5.72	1%
Totals	452	100%	330.92	100%

Source: PBC Planning Division, 2021 Existing Land Use, PBC Property Appraiser's Office

Residential Densities in the Proposed Overlay. Residential densities within the proposed Overlay vary between the eastern and western halves. The eastern half has a LR-1 future land use designation and contains 44 residential lots situated on 83.87 acres, equating to an average residential lot size of 1.91 acres. The western half has a LR-2 future land use designation and contains 362 residential lots situated on 163.42 acres, equating to an average residential lot size of 0.45 acres.

Future Land Use Amendments. Since the adoption of the 1989 Comprehensive Plan, the Board considered several future land use amendments within the proposed boundaries.

- **Biltmore Acres (02-81 RES 1).** The western half of the previously described rural enclave was subject to a County corrective future land use amendment in 2002, from LR-1 to LR-2, in order to reflect the existing density of the subdivision. This change was for 391 parcels, totaling 196.28 acres.
- **Vo Professional Office (SCA 2019-014).** In 2018, a proposed future land use amendment for a 3.11 acre site at the northeast corner of Lantana Road and Colbright Road was submitted requesting a change from LR-1 to Commercial Low-Office (CL-O/1). Staff recommended denial as the request for medical office was out of character with the surrounding area and introduced higher intensity uses. The Planning Commission voted to recommend denial 13 to 2. Ultimately, the Board of County Commissioners (BCC) denied the amendment by a 5 to 2 vote at the December 19, 2021 public hearing.
- **Lantana Road Residential (LGA 2023-005).** In May 2022, a FLUA amendment for a 18.02 acre site at the northeast corner of Lantana Road and Fearnley Road. The proposed future land use amendment is requesting to change the future land use designation from Low Residential, 1 unit per acre (LR-1) to Low Residential, 2 units per acre (LR-2). The applicant is requesting additional density through the transfer of development rights program (36 units) and a 90% Workforce Housing bonus density (32 units) for a total of 104 units (5.77 units per acre). The applicant withdrew this amendment on June 14, 2023.

VI. Data and Analysis

This section provides data and analysis, including an examination of consistency with the Comprehensive Plan.

A. Proposed Biltmore Acres Lantana Rural Enclave Overlay

The amendment creates a new Overlay within the Comprehensive Plan and establishes a new sub-objective, policies, and boundaries for the Biltmore Acres Lantana Rural Enclave Overlay. The text amendment is depicted in strike out and underline changes to the Comprehensive Plan shown in Exhibit 1-A, and a revised Special Planning Areas Map is shown in Exhibit 1-B.

1. Rural Enclave Overlay Sub-Objective and Policies

The proposed policies for this amendment are derived from successful implementation of the Pioneer Road Rural Enclave Overlay policies and will create a framework for additional Rural Enclave Overlays that the Board may desire to initiate in the future. This method ensures efficient use of the Comprehensive Plan and removes the need to add redundant policy language. Rural Enclave Overlays adopted subsequent to this amendment would require an update to the Map Series, Special Planning Areas Map (LU 3.1) in addition to adding the name of the Overlay under proposed Policy 1.2.8-a. Each of the items of this amendment are described below.

- **New Sub-Objective 1.2.8: Rural Enclave Overlay** The new sub-objective establishes that the purpose of the Rural Enclave Overlay is to establish policies in the Comprehensive Plan which recognize the low density character of specific communities in the Urban/Suburban Tier and promotes the continuation of agricultural uses and retention of native vegetation.
- **New Policy 1.2.8-a: Boundaries.** The proposed boundaries include Lantana Road to the south, The Fountains Country Club and Golf Course to the east, Lake Worth Drainage District L-14 Canal to the north and a residential neighborhood known as Countrywood to the west, as previously shown in Figure 1. The final boundaries of the overlay are subject to change based upon Board direction through the public hearing process. Additionally, the policy allows additional Rural Enclave Overlays to be added in the future, should the Board adopt them.
- **New Policy 1.2.8-b: Residential Density.** This proposed policy will require that any method of obtaining an increase in density that is subject to final action by the Board of County Commissioners, must be approved by at least five members. The maps and data presented in the Background section demonstrate the low-density residential and agricultural land uses and larger lot sizes within the boundaries of the proposed Overlay. Property owners requesting a density increase greater than a site's existing future land use designation have various options available to pursue, including a land use amendment, rezoning, purchasing Transfer of Development Rights (TDRs) and/or Workforce Housing Program (WHP) density bonus. This policy will act as an additional layer to protect the character of the rural enclave, and serve as a means of garnering greater consensus on decisions affecting density.

The Comprehensive Plan currently contains several other instances in which an affirmative vote of 5 or more members of the BCC must be secured, including but not limited to: allowing additional amendment intake dates outside of scheduled rounds; conversion of lands to

residential within the Bioscience Research Protection Overlay (BRPO); changes to Lake Worth Drainage District (LWDD) owned preservation provisions in the Agricultural Reserve Tier; and, a similar policy adopted with the Pioneer Road Rural Enclave Overlay.

- **New Policy 1.2.8-c: Agricultural.** This policy will encourage the continuation of agricultural uses within the boundaries of the overlay which supports the existing character of the proposed Overlay as a low-density residential area with active nurseries, equestrian uses and large lot residential dwellings. Since adoption of the 1989 Comprehensive Plan, the County has recognized that there are Rural Residential areas with agricultural uses within the Urban Suburban Tier that provide a valuable contribution to the housing diversity and lifestyle choices in the County. Recent policy changes to the Plan regarding agricultural uses as they specifically relate to the Urban/Suburban Tier support this notion and encourage existing and new agricultural uses.
- **New Policy 1.2.8-d: Natural Environment.** This policy will encourage the preservation of native vegetation. The preservation of natural vegetation contributes to biodiversity and supports a variety of native wildlife, in addition to maintaining the high quality of life residents are currently enjoying. Removal of native vegetation is regulated by the Unified Land Development Code (ULDC) and subject to review and approval by the County's Department of Environmental Resources Management (ERM), except where preempted by state law.
- **Revise Special Planning Areas Map LU 3.1.** The amendment also proposes to revise Special Planning Area Map (LU 3.1) in order to identify the boundaries of the Overlay.

B. Consistency with the Comprehensive Plan – General

This proposed amendment will further several provisions in the Future Land Use Element (FLUE) of the Comprehensive Plan, including the items listed below. There are no inconsistencies with the policies in the Comprehensive Plan.

1. ***FLUE, C. County Directions.*** *The Future Land Use Element was created and has been updated based on input from the public and other agencies through citizen advisory committees, public meetings, interdepartmental reviews, and the Board of County Commissioners. All contributed to the generation of the long-term planning directions, which provide the basis for the Goals, Objectives and Policies of the Future Land Use Element. These directions reflect the kind of community the residents of Palm Beach County desire.*
 1. ***Livable Communities.*** *Promote the enhancement, creation, and maintenance of livable communities throughout Palm Beach County, recognizing the unique and diverse characteristics of each community. Important elements for a livable community include a balance of land uses and organized open space, preservation of natural features, incorporation of distinct community design elements unique to a given region, personal security, provision of services and alternative transportation modes at levels appropriate to the character of the community, and opportunities for education, employment, health facilities, active and passive recreation, and cultural enrichment.*
 2. ***Growth Management.*** *Provide for sustainable communities and lifestyle choices by: (a) directing the location, type, intensity, timing and phasing, and form of*

development that respects the characteristics of a particular geographical area; (b) requiring the transfer of development rights as the method for most density increases; (c) ensuring smart growth, by protecting natural resources, preventing urban sprawl, providing for the efficient use of land, balancing land uses; and, (d) providing for facilities and services in a cost efficient timely manner.

- 4. Land Use Compatibility.** *Ensure that the densities and intensities of land uses are not in conflict with those of surrounding areas, whether incorporated or unincorporated.*
- 5. Neighborhood Integrity.** *Respect the integrity of neighborhoods, including their geographic boundaries and social fabric.*
- 15. Agricultural and Equestrian Industries.** *Support and enhance agriculture and equestrian-based industries.*

Staff Analysis: The proposed Biltmore Acres Lantana Rural Enclave Overlay would further each of the above listed County Directions in recognizing the low density residential, agricultural, and equestrian character of the area. As established by existing Comprehensive Plan objectives and policies, rural enclave neighborhoods provide a unique alternative for County residents, adding to the diverse lifestyle and housing choices supported and encouraged by the County. The Overlay will reinforce the direction of urban growth trends away from this long-established rural residential enclave area towards more appropriate urban corridors within the Urban/Suburban Tier, thereby respecting the character, density, and geographical boundaries of the rural area. The Overlay will also encourage the continuation of agricultural and equestrian-based uses allowed within this area of the County, as well as the preservation of the natural environment.

- 2. FLUE Policy 1.2-a:** *Within the Urban/Suburban Tier, Palm Beach County shall protect the character of its urban and suburban communities by:*
 - 1. Allowing services and facilities consistent with the needs of urban and suburban development;*
 - 2. Providing for affordable housing and employment opportunities;*
 - 3. Providing for open space and recreational opportunities;*
 - 4. Protecting historic, and cultural resources;*
 - 5. Preserving and enhancing natural resources and environmental systems; and,*
 - 6. Ensuring development is compatible with the scale, mass, intensity of use, height, and character of urban or suburban communities.*

Staff Assessment: The proposed amendment will further this policy by encouraging low residential densities that are compatible with the existing character of the neighborhood, and by encouraging the continuation of existing agricultural uses and the preservation of existing native vegetation. By encouraging low density residential within the overlay area, the amendment could direct development that is compatible with the existing development pattern.

- 3. Policy 2.1-k:** *Palm Beach County shall utilize a series of overlays to implement more focused policies that address specific issues within unique identified areas as depicted on the Special Planning Areas Map in the Map Series.*

Staff Analysis: The proposed amendment with establish an Overlay for the Biltmore Acres and Lantana Road area through the addition of several policies in the Future Land Use Element and amending the Special Planning Areas Map in the Comprehensive Plan Map Series. The policies proposed for the Overlay are specific to rural residential enclaves in the Urban/Suburban Tier with the intent to preserve the unique, low density and agricultural character of the area and is therefore consistent with this policy.

4. **FLUE Policy 2.2.1-p: *Rural Enclaves in the Urban Service Area.*** *The County recognizes that there are long established rural residential enclave communities and homesteads in locations within the Urban Suburban Tier that have Low Residential future land use designation. The County supports the continuation of these rural areas in order to encourage a high quality of life and lifestyle choices for County residents. In addition, within these areas the County may apply the ULDC standards for rural residential development as follows:*

1. *in low density areas in Urban Residential future land use categories;*
2. *on parcels presently used for agricultural purposes; or*
3. *on parcels with a Special Agricultural future land use category.*

Staff Analysis: This policy recognizes that rural residential enclave communities, such as the Biltmore Acres and Lantana Road area, continue to exist today within the Urban/Suburban Tier. These areas are typically characterized by low-density residential development, large lot sizes, and oftentimes support various agricultural uses and home based agri-businesses. These areas add to the diversity of lifestyle choices encouraged by the Comprehensive Plan. The proposed Overlay establishes formal recognition of the identified rural enclave.

5. **FLUE Policy 2.2.1-w:** *The County shall adopt specific overlays in the Comprehensive Plans and/or Unified Land Development Code to protect the character of individual rural enclaves identified through the neighborhood planning process.*

Staff Analysis: The proposed Rural Enclave Overlay is the result of Board direction and the adoption of policy language directing the County to establish such overlays. The amendment establishes policies that encourage the continuation of existing agricultural uses, the retention of native vegetation and encourage low residential densities within the Overlay by requiring an enhanced level of Board approval for proposed residential density increases within the boundaries. The proposed amendment fulfills this policy and is therefore consistent.

C. Unified Land Development Code Implications

This proposed amendment will not require subsequent revisions to the Unified Land Development Code (ULDC).

VII. Public and Municipal Review

The Comprehensive Plan Intergovernmental Coordination Element **Policy 1.1-c** states that *“Palm Beach County will continue to ensure coordination between the County’s Comprehensive Plan and plan amendments and land use decisions with the existing plans of adjacent governments and governmental entities.....”*

- A. Intergovernmental Plan Amendment Review Committee (IPARC):** Notification was sent to the County’s Intergovernmental Plan Amendment Review Committee (IPARC), a clearinghouse for plan amendments, on February 8, 2023. At the time of the printing of this report, no objections to the amendment had been received through the IPARC process.
- B. Community Participation and Notification:** The Planning Division has encouraged public participation throughout the creation of the text, particularly with property owners located within the Proposed Boundaries of the Overlay. Correspondence received is added to Exhibit 2 throughout the amendment process. The following summarizes community participation:
- **Overlay Webpage:** In October 2022, the Planning Division created a webpage in order to share information about the proposed Overlay, such as meeting dates, maps, and the proposed Comprehensive Plan policies. Meeting agendas and a copy of the PowerPoint presentations from each of the community meetings were also made available on the webpage.
 - **Postal Mailing 1.** Letters were mailed notifying all 425 property owners of the proposed Overlay on October 24, 2022. Details of the letter included when the proposed Overlay was initiated, the intent of the BCC upon initiation, the first informational meeting date and location and the address of the website, which contains additional information as noted above. Information about the webpage and its direct web address have been included in all mailing letters.
 - **Informational Meeting 1:** On November 17, 2022, the Planning Division hosted the first of two informational meetings with property owners and interested parties. The purpose of this virtual meeting was to inform property owners about the newly-initiated overlay for the Biltmore Acres/Lantana Road area, provide an overview of the Comprehensive Plan and Overlays. The meeting concluded with staff providing information regarding the steps and timeline of the proposed overlay in addition to an opportunity for comments and questions from attendees. The date, time and location of the meeting were posted on the website and included in the letter sent via postal mail to owners of real property within the proposed overlay boundaries on October 24, 2022.
 - **Informational Meeting 2:** On January 18, 2023, the Planning Division held a second virtual informational meeting. Staff presented the draft policies of the proposed Overlay, provided a preliminary timeline and an opportunity for comments and questions. Following this meeting a representative of property owners within the

proposed Overlay submitted recommendations regarding policy language which is found in Exhibit 2. The time, date and place of the Planning Commission Public Hearing and BCC Transmittal Public Hearing was confirmed during this meeting and posted to the Overlay webpage. The meeting date and location of the second informational meeting was posted on the website.

- **Postal Mailing 2.** In addition to the above communications, public hearing notice by letter was mailed to all 425 property owners within the boundaries of the proposed Overlay on February 7, 2023. The notice contained information pertaining to the scheduled public hearings, as well as the preliminary policy language to establish the Overlay and a comment response form for property owners to provide their comments and indicate support or opposition to the Overlay.

C. Community Feedback: Staff is actively collecting comments from area property owners and interested parties. As previously mentioned, a preliminary copy of the proposed policies were sent to property owners along with a comment for and information regarding upcoming public hearing dates and locations. Tabular data regarding property owners support or opposition of the proposed overlay will be updated as comment forms and additional correspondence is received. In addition to the comment forms and emails received, a petition has been submitted with 123 signatures in support of the Overlay. Many of these signatures contain multiple people at the same address. As a result, all data has been consolidated. Staff has also received 11 additional letters of support from interested parties outside of the boundaries of the proposed Overlay. These letters can be found in Exhibit 2. However, these responses were not used in calculations relating to response rate and overall support or opposition within the community, which is meant to capture the opinions of affected property owners within the proposed boundaries. As of July 23, 2023, the following feedback has been received by the Planning Division:

Table 3 – Responses Received by Property Owner and Acreage

	Property Owner	Percentage	Acres	Percentage
Support	274	98%	226.24	88%
Oppose	7	2%	31.86	12%
Total	281	100%	258.10	100%

Table 4 – Responses Received as a Percentage of Total Owners and Acreage

	Property Owner	Percentage	Acres	Percentage
Support	274	65%	226.24	68%
Oppose	7	1%	31.86	10%
No Response	144	34%	72.90	22%
Total	425	100%	331	100%

As shown in the above tables, responding property owners are heavily in favor of the proposed Overlay with 274 of the 281 (98%) in support and 7 of the 281 (2%) in opposition. This represents a response rate of 66%. The 274 property owners in support represent 65% of all property owners and their combined 226 acres equates to 68% of the total acreage of the Overlay. Those in opposition represent less than 2% of the property owners and 10% of the acreage within the Overlay. As of this writing, 34% of property owners,

representing 22% of the acreage within the Overlay, have not submitted comments to staff.

Responding property owners who support the Overlay have stated that they wish to protect and maintain the low density residential and agricultural uses in the area and the rural residential lifestyle. The four property owners who have submitted comment forms indicating opposition have also submitted comments stating a desire to retain the low density residential and agricultural uses, as proposed by the Overlay.

Figure 3 – Property Owners in Support or Opposition

VIII. Assessment and Recommendation

The Board of County Commissioners initiated this proposed amendment on September 22, 2022, with the intent of establishing this area as a Rural Enclave Overlay, to support the preservation of the current character of the area. The proposed amendment adds policies that encourage the continuation of existing agricultural uses, the retention of native vegetation, and encourage low residential densities within the Overlay by requiring an enhanced level of Board approval (by requiring an affirmative vote of at least 5 members of the Board) for any proposed residential density increases within the boundaries.

Beginning in October of 2022, Planning Division staff coordinated with property owners and interested parties utilizing several methods to communicate information and solicit community feedback. Community outreach methods performed by staff included creating a public information webpage, hosting virtual informational meetings, and postal mailings to 425 property owners in order to provide notice and request feedback. These outreach efforts are detailed in Part VII, Section B, *Community Participation*. At the time of publishing this report, staff has received 281 property owner responses, resulting in a 66% response rate. Of the correspondence received, 274 of the 281 responding property owners (98%) support the Overlay, whereas 7 of the 281 respondents (2%) are opposed. Four property owners who submitted comment forms indicating opposition have also submitted comments stating a desire to retain the existing state of the area, including low density residential and agricultural uses, which are policies proposed in the Overlay. Based on the responses received to date, a majority of responding property owners are in favor of the proposed Overlay. Correspondence received throughout the public hearing process will be added to Exhibit 2.

As such, staff recommends **approval** of the amendment.

Exhibit 1

A. Future Land Use Element, Biltmore Acres Lantana Rural Enclave Overlay

REVISIONS: To revise the Future Land Use Element to establish the Biltmore Acres Lantana Rural Enclave Overlay. The added text is underlined, and the deleted text ~~struck out~~.

1. **NEW Sub-Objective 1.2.8: Rural Enclave Overlay**

The purpose of the Rural Enclave Overlay is to establish policies in the Urban/Suburban Tier to recognize the unique, low density character of communities within the Tier that assist in providing a diversity of lifestyles and promotes the continuation of agriculture.

2. **NEW Policy 1.2.8-a: Boundaries.** The County supports and recognizes the following communities as Rural Enclaves, which further Policy 2.2.1-p:

a. Biltmore Acres and Fearnley/Colbright Road

The specific boundaries of the Rural Enclave Overlay are depicted on the Special Planning Areas Map, LU 3.1.

3. **NEW Policy 1.2.8-b: Residential Density.** The County encourages low residential densities within the Rural Enclave Overlay. Applications requiring approval by the Board of County Commissioners (BCC) that result in a higher residential density, including but not limited to future land use amendments, residential rezoning, Transfer of Development Rights Program, and Workforce Housing Program bonus shall require approval by at least five members of the BCC.

4. **NEW Policy 1.2.8-c: Agriculture.** The continuation of agricultural uses is encouraged within the Rural Enclave Overlay.

5. **NEW Policy 1.2.8-d: Natural Environment.** The retention of native vegetation within the Rural Enclave Overlay is encouraged.

REVISIONS: To update and replace the Special Planning Areas Map LU 3.1. Map to be deleted.

Please sign if you are supportive of proposing an amendment to establish our agricultural rural neighborhood as a rural enclave overlay on the county zoning maps to limit future dense development that is incrogruent with our neighborhood. Currently development with incompatible densities are attempting to encroach on our historically agricultural neighborhood. This will negatively impact the Fearnley road/ Colbright and 1st, 2nd, 3rd Road area by devaluation of our homes, increasing traffic, noise, crime, and disrupt our rural way of life.

This Message Is From an Untrusted Sender

You have not previously corresponded with this sender.

I really appreciate you following up Mr. Lodge. Thank you. Having reviewed the proposed code changes and the draft overlay language, we continue to believe that meaningful protection of this neighborhood will require more specific comprehensive plan language.

Please consider the attached proposal for revisions to the current draft of the overlay language.

We really appreciate your consideration.

Re: Biltmore Acres Lantana Rural Enclave Overlay

Dear Mr. Lodge,

I write on behalf of Carol Reive & Chris White, two homeowners and longtime residents in the community the proposed Biltmore Acres Lantana Rural Enclave Overlay is intended to protect. I appreciated the informational meeting earlier this week and the opportunity to review the proposed Comprehensive Plan language available at [https://discover.pbcgov.org/pzb/planning/PDF/Amendments/1-18-23 Informational Meeting.pdf](https://discover.pbcgov.org/pzb/planning/PDF/Amendments/1-18-23%20Informational%20Meeting.pdf)

I have reviewed that draft language and feel strongly that the language needs to be much more specific in order to have its intended effect. Among other considerations, my 30 years of land use law experience have made clear that the words "encourage" in a comprehensive plan have no impact. Section 163.3177 (1), Fla. Stat. mandates that a comprehensive plan "establish meaningful and predictable standards for the use and development of land and provide meaningful guidelines for the content of more detailed land development and use regulations."

With these considerations in mind, I have attached a set of proposed changes to the draft language, which I hope the Count will consider amending into the draft prior to final adoption.

We really appreciate your work on this project.

Sincerely

Richard Grosso

Cc: Carol Reive
Chris White

SUGGESTED IMPROVEMENTS TO DRAFT OVERLAY LANGUAGE

Proposed Rural Enclave Overlay Language

NEW Sub-Objective 1.2.8: Rural Enclave Overlay

The purpose of the Rural Enclave Overlay is to establish policies in the Urban/Suburban Tier to recognize and maintain the unique, low density character of communities within the Tier that assist in providing a diversity of lifestyles and promotes the continuation of agriculture.

NEW Policy 1.2.8-a: Boundaries.

The County supports and recognizes the following communities as Rural Enclaves, which further Policy 2.2.1-p: a. Biltmore Acres and Fernley/Colbright Road The specific boundaries of the Rural Enclave Overlay are depicted on the Special Planning Areas Map, LU 3.1.

NEW Policy 1.2.8-b: Residential Density.

The County allows only ~~encourages~~ low residential densities within the Rural Enclave Overlay. Applications requiring approval by the Board of County Commissioners (BCC) that result in or allow a higher- residential density greater than is currently allowed, including but not limited to tier changes, future land use amendments, and residential rezoning, or any change to the text of the Comprehensive Plan or Unified land Development Code, shall require approval by at least five members of the BCC, or, in the event the BCC membership exceeds 7 members, a majority plus 1 of the membership of the BCC then in office.

NEW Policy 1.2.8-c: Agriculture and Rural Character.

The continuation of agricultural uses and rural character ~~is encouraged~~ within the Rural Enclave Overlay is the purpose of this Overlay, and, to that end, any application seeking an increase in allowable intensity or density of use must affirmatively demonstrate that:

- i. There is inadequate land available in the County's urban or suburban tiers to meet a demonstrated demand for the use proposed by the applicant.
- ii. Binding conditions governing any such use will require densities and structure types comparable to the existing uses within the Overlay, and lighting and landscaping requirements and limitations that protect the character of surrounding uses.;
- iii. The proposed uses will not inhibit the continued agricultural use or rural character of surrounding and neighboring uses
- iv. The proposed uses will not encourage or support the additional increased in density or intensity on other properties within or adjacent to the Overlay.

NEW Policy 1.2.8-d: Natural Environment.

The retention of native vegetation within the Rural Enclave Overlay ~~is encouraged~~ required, except for the minimum clearing of vegetation required to allow the construction of allowable uses. All landscaping of exterior and common areas, and within individual lots, shall be limited to native groundcover, shrub, and tree species.

Jerry Lodge J.

Dear Chair Stopek and members of the Planning Commission,

I write on behalf of Carol Reive & Chris White, homeowners and longtime residents within the community that is the subject of the proposed Biltmore Acres Lantana Rural Enclave Overlay. We greatly appreciate and support this effort to protect this unique neighborhood. The attached recommendations for modifications to the proposed language would in our view result in the most meaningful comprehensive plan language that would most effectively ensure that the intent of the Overlay is fulfilled.

I look forward to addressing the Commission in person next Friday.

We thank you for your consideration.

Sincerely,

RG

via email to:

Chairman Rick Stopek, and Members,
Palm Beach County Planning Commission

Re: Biltmore Acres Lantana Rural Enclave Overlay

Dear Chair Stopek and members of the Planning Commission,

I write on behalf of Carol Reive & Chris White, homeowners and longtime residents in the community the proposed Biltmore Acres Lantana Rural Enclave Overlay is intended to protect. **We ask the Commission, at its upcoming March 10 meeting, to support the proposed Comprehensive Plan amendment language presented by staff, with the incorporation of our suggested wording in the attached document.** We had previously submitted our proposed changes to County planning staff, who did not feel they were in a position to recommend any changes themselves. We appreciate their courtesies and consideration, but feel strongly that the suggested wording is necessary to ensure that the Overlay will have a meaningful impact. The draft language should be much more specific to have its intended effect. Among other considerations, the words "encourage" in a comprehensive plan have no impact. Section 163.3177 (1), Fla. Stat. mandates that a comprehensive plan "establish meaningful and predictable standards for the use and development of land and provide meaningful guidelines for the content of more detailed land development and use regulations."

I intend to be present March 10 to explain our proposed changes in person and answer any questions you may have. We thank you very much for your consideration of our proposal.

Sincerely,

Richard Grosso

SUGGESTED IMPROVEMENTS TO PROPOSED OVERLAY LANGUAGE

Proposed Rural Enclave Overlay Language

NEW Sub-Objective 1.2.8: Rural Enclave Overlay

The purpose of the Rural Enclave Overlay is to establish policies in the Urban/Suburban Tier to recognize and maintain the unique, low density character of communities within the Tier that assist in providing a diversity of lifestyles and promotes the continuation of agriculture.

NEW Policy 1.2.8-a: Boundaries.

The County supports and recognizes the following communities as Rural Enclaves, which further Policy 2.2.1-p: a. Biltmore Acres and Fearnley/Colbright Road The specific boundaries of the Rural Enclave Overlay are depicted on the Special Planning Areas Map, LU 3.1.

NEW Policy 1.2.8-b: Residential Density.

The County ~~allows only encourages~~ low residential densities within the Rural Enclave Overlay. Applications requiring approval by the Board of County Commissioners (BCC) that result in or allow a higher- residential density greater than is currently allowed, including but not limited to tier changes, future land use amendments, and residential rezoning, or any change to the text of the Comprehensive Plan or Unified land Development Code, shall require approval by at least five members of the BCC, or, in the event the BCC membership exceeds 7 members, a majority plus 1 of the membership of the BCC then in office.

NEW Policy 1.2.8-c: Agriculture and Rural Character.

The continuation of agricultural uses ~~and rural character is encouraged~~ within the Rural Enclave Overlay is the purpose of this Overlay, and, to that end, any application seeking an increase in allowable intensity or density of use must affirmatively demonstrate that:

- i. There is inadequate land available in the County's urban or suburban tiers to meet a demonstrated demand for the use proposed by the applicant.
- ii. Binding conditions governing any such use will require densities and structure types comparable to the existing uses within the Overlay, and lighting and landscaping requirements and limitations that protect the character of surrounding uses.;
- iii. The proposed uses will not inhibit the continued agricultural use or rural character of surrounding and neighboring uses
- iv. The proposed uses will not encourage or support the additional increased in density or intensity on other properties within or adjacent to the Overlay.

NEW Policy 1.2.8-d: Natural Environment.

The retention of native vegetation within the Rural Enclave Overlay is ~~encouraged~~ required, except for the minimum clearing of vegetation required to allow the construction of allowable uses. All landscaping of exterior and common areas, and within individual lots, shall be limited to native groundcover, shrub, and tree species.

Mr. Lodge, attached is our response to the Biltmore Acres Rural Enclave Overlay proposal. We are residents of this beautiful neighborhood for almost 30 years and would like to keep this neighborhood as it is. There are too many changes in Palm Beach County due to expansive growth and many, many developments with zero lot lines or the ability to make your residence a home because of HOA restrictions. Please do not change our neighborhood.

Thank you

Mr. & Mrs. Joseph Hart

Comments:

Many people who live in this small residential
agricultural neighborhood expect to continue the
rural lifestyle and retain its rural character.
I purchased my home in this area to enjoy its beauty
and agricultural uses free from compacted residential
communities, commercial and industrial development.
In addition to above, I am against adding more
residential communities and commercial development
as this will tremendously increase the vehicular volume
that comes with higher residential density and
the impact this has on the environment. We want
to protect the rural character outside of urban growth
boundaries.
Please allow our small residential agricultural community
to remain free of a more intense residential and
economic development. Thank you.

☐ I do not support the Biltmore Acres Lantana Rural Enclave Overlay.

Comments:

I, Lindsey Merk, grew up here. I loved it so much that when I grew up, got married and had children I moved back here. It's important to me that the way of life I grew up loving stays the same for my children and many generations to come. Traffic, crime and building has already increased over the years. I fear that if our zoning changes that more housing will only increase more to make this area unbearable to live. Myself, my husband and many others in this neighborhood are passionate about our rural way of life which includes our farm animals, plants, trucks, low traffic, low crime, open spaces and NO high density building. Thank you. PLEASE ALLOW OUR OVERLAY so that we can preserve our way of life and stop more crime and traffic!

Comments:

Thank you for your work on our rural overlay. The Biltmore Acres / Fearey / Albright neighborhood is over 50 years old and has always been a rural area. It serves as a neighborhood greenspace where local people bring their children to ride horses, buy fruits + plants, cycle & appreciate our community. In my 20 years here we have had multiple attempts at highly dense incompatible development to "wedge" into our neighborhood.

Residents moved & stayed here as they can run their ag businesses, park their personal work truck, raise their children in a close knit community without a cost prohibitive HOA interfering. We live here as we want a rural lifestyle.

We represent one of the last rural enclaves in unincorporated Palm Beach County as identified in the planning staff's report for the Pioneer Road overlay.

We are in support of this overlay & deserved of its protection.

Comments:

I (Mary) was 8yr old when I moved w/ my family into Biltmore Acres. My mother continues to live in our childhood home. My Brother and I chose to buy in Biltmore Acres and raise our families; as well. The Rural overlay has benefits mentally, socially, and economically. When the pandemic hit it caused a disruption in the food supply, causing hardship for families and individuals. Home gardening and raising chickens for eggs provided benefits both mentally and economically. It also provided an important role in nutritional security. The social benefits included fostering interactions, collaboration, building connections, and a sense of community within Biltmore Acres. Economically, it reduced grocery expense, increased income, and property values. These are a few benefits why ~~me~~ I support the continuation of the Rural overlay, and leave it as it has been for the last 52 years.

Mary Bradley

Comments:

My husband and I moved to Biltmore Acres; in 1980
We raised 3 children 2 of whom since raised
their children; in Biltmore Acres as well.

I am aware of 5 other families that my
children grew up with who as well has
moved back into Biltmore Acres to raise
their families.

Research has shown rural neighborhood have become more
appealing to the millenials; versus the Country Club
living. Therefore, changing the status of the
Overlay. will effect not only those of us who chose
to move here 43 years ago for the rural environment
but the future generations; as well.

Lake Worth, FL 33467

Dear, Mr. Lodge,

please find attached our completed Property Owner Comment Form for Biltmore Acres Lantana Rural Enclave Overlay form.
We support the overlay.

However, we have been advised about the Lantana Road Residential Development on the old nursery property on Lantana and Fearnley Road. It is our understanding that it proposes building 104 - 2 story townhouses on the property . We are against this proposal and encourage you to vote against it. My wife and I have lived here for 29 years and raised our two sons here. We want to preserve our rural life style and keep traffic down on Lantana Rd.

We thank you for your support on this matter.

Comments:

PLEASE let's keep this neighborhood the way it has always been!! This is the number one reason why we still purchased a home here in the first place. Most of the people here are families who grow up in the neighborhood, their kids purchased another property and are raising their children the same way. I have looked in here for a few years before I bought my house, and it was all for the same reasons people are here, sense of community, not easily found anywhere else. Respect, to know each other as family members, safe, are just a little of what we have here. Since then we have started our own family and intend to stay here for many generations as most here have. We are called "Idlm Beach Farms", since the beginning we thought to grow our own fruits and veggies, and have chickens for the eggs. You think "farms", that it would allow you these things. But only to be reported by another neighborhood person at a different division, turn back out I was not allowed to have my domestic chickens. What a blow to our dreams, our daughter who grew up with them as well. Please let's keep our neighborhood the way it has always been intended to be!! A rural agricultural residential with LR one and LR2 zoning.

Comments:

* Please do not disclose Personal info for obvious reasons
Love the area & would not change things except for a few things.

• Multiple vehicles 8~12 in on driveway seems like 2 boarding rooming houses in the area

• Mobile homes behind homes & driveways hooked up to sewer, water electric. Concerned about waste & contamination Not sure that we are zoned for that

Jerry Lodge J.

From: Kyle Irwin <kylejirwin1@gmail.com>
Sent: Sunday, February 26, 2023 1:41 PM
To: Jerry Lodge J.
Subject: Biltmore Acres Lantana Rural Enclave Overlay

This Message Is From an Untrusted Sender

You have not previously corresponded with this sender.

To whom it may concern

My name is Kyle Irwin I live at 7586 Cocoanut Dr Lake Worth FL 33467.

I Support the Biltmore Acres Lantana Rural Enclave Overlay.

When my wife and I were looking for houses, newly married, looking to grow a family in a "home" This neighborhood was at the top of our list. We did not want to be packed in a neighborhood on zero lot lines. We wanted a large yard and enough space to do whatever on our property and not bother anyone. We wanted the rural feel, it's how I grew up. If we want to have a party, play football or ride a dirtbike on our property we can do that without interfering or bothering anyone. I have friends that have chickens or goats or fruit trees and they share their eggs or their fruit with other neighbors. It's hard to explain that feeling of community to people who don't have it, and live in high density areas. We want to protect this way of life, we're sort of like suburban farmers. That's why I moved here, it's a safe, friendly community for my family. It's quiet and you can still see the stars at night. Everyone has this same feeling, and wants to protect that and our surrounding area.

If you add high density housing, traffic gets worse, pollution gets worse whether it's noise, light, or just trash on the road. We don't want to see 100 units packed on a couple acres when we go to and from our home. Or where we used to go on a bike ride or a walk and now there's a high density neighborhood with people zooming in and out of. We want to see open land or farms as it is now. You can just buy up any piece of land and pack a bunch of houses on it to make a large profit. If we wanted that we would move to New York.

The added density also puts a strain on our infrastructure whether it's schools or emergency services which are high priority to us.

Please protect our way of life, the people that want to develop don't care what we have to say, they just want the most profit. Keep the high density in the areas zoned for that already and just "build up" on the space they have. These developers know that that property is harder to find and typically cost more so they creep further and further this way. To them it's all about the dollar, but to us it's our lifestyle. If they want to develop any land, it needs to be within existing regulations, which I believe is one residence per acre.

On proposed policy 1.2.8.b attached to the letter we received, please revise it to include, not only the approval from board members for future changes, but also approval from a majority of the residents affected.

Thanks for your consideration

Kyle Irwin

Comments:

We have lived in Lake Worth area since 1989.
Close family friends have lived here in Biltmore Acres
since 1971 and we knew we wanted to live here too.
So in 2002 when there was a house in our budget
up for sale we bought it. We love the area for
the rural feel but live in the city. We wanted
to have a large property for our dogs-chickens
and room for our vehicles, and lots of space
for our kids and not worry about traffic.
And of course for the nearby schools that were
not over-crowded.

Now with all the building we are losing all
this traffic is so bad. I am concerned of the
crossing situation for kids walking and biking
to school its very unsafe. over → to other side →

also with all the building we have seen an increase in wild life in our little rural pocket. Its a regular occurrence to see coyotes, fox, racoons, possums, hawks and vultures, tortices that are getting run off their homes that are getting developed. One of the reasons I stopped keeping chickens is that predators were killing them on a regular basis. During the day and night. These animals have no where to go. Please stop all bulldozing small natural areas for developing.

The farm that occupied that space was Organic practices so its perfect for another farm or nursery. Palm beach county is loosing all its agricultural areas due to urban sprawl and over development.

Thank You

Luis Campos and Kelly Brown

To Whom it may concern

Please accept this email as support for the very much needed Biltmore Acres Lantana Agriculture Enclave Overlay. I purchased my property and have been running a 501c3 riding academy for children for going on 20 years.

We should not have to fight to keep our agricultural land to stay low density 1 unit per acre. This has become so rare, and we need to protect the land and embrace this culture.

Thanks

Erica Lucas

Comments:

The question isn't whether I want the Rural Enclave, the fact is we need the Rural
Enclave overlay. There are many people and businesses that depend that the zoning
should not change. All the land is being swallowed up by developers. It is important
for the treasured agricultural communities to be protected to maintain this culture.

This owner/ developer pretended to be stay agricultural. They have blind siding code
enforcement with multiple infractions to push their agenda. They have done this at
more than one location and they need to be stopped.

Comments:

THIS NEIGHBORHOOD (BILTMORE ACRES LANTANA) IS A WONDERFUL COMMUNITY WITH NEIGHBORS THAT GET ALONG, TAKE PRIDE IN THE PROPERTY AND DON'T BOTHER EACH OTHER, WE ARE THE TRUE MEANING OF COMMUNITY. WE DON'T NEED ANYONE (COMMISSIONERS) MAKING CHANGES IN OUR COMMUNITY WITH OUT OUR VOTE. IN YOUR NEW PROPOSAL IT STATES THAT 5 COUNTY COMMISSIONERS WILL HAVE THE SAY AS TO WHAT HAPPENS IN THIS NEIGHBORHOOD, WHEN ARTICLE VII SEC 2.1 STATES THAT 5 COUNTY COMMISSIONERS AND A MAJORITY OF REGISTERED ELECTORS RESIDING IN THE BOUNDARIES OF THE UNINCORPORATED RURAL NEIGHBORHOOD VOTE ON THE QUESTION, (THIS NEEDS TO BE ADDED TO THE NEW PROPOSAL). THIS COMMUNITY NEEDS TO BE PART OF ANY DECISION THAT HAS TO DO WITH OUR NEIGHBORHOOD. WE BOUGHT HERE BECAUSE OF THE RURAL COMMUNITY, WE ARE THE ONLY IN THE CITY (BEST OF BOTH WORLDS) (20 YEARS AGO). I AM 66 YEARS OLD, RETIRED AND JUST WANT TO LIVE THE REST OF MY LIFE IN PEACE, DON'T WANT TO WORRY THAT 5 COMMISSIONERS ARE GOING TO TAKE THAT AWAY FROM ME WITHOUT ME HAVING ANY SAY IN THE SITUATION.

Please return this form to the mailing address below. Alternatively, you may scan and email this form or your comments directly to Jerry Lodge, Planner II, at Glodge@pbcgov.org. Thank you.

Larkin
2/25/23

PLEASE REFER TO THE FLORIDA CONSTITUTION SECTION 1 + SECTION 2

Sec. 5.2. Recall.

The board of county commissioners shall be subject to recall as provided by Florida Statutes.

**ARTICLE VI. HOME RULE CHARTER
EFFECTIVE DATE, TRANSITION,
AMENDMENTS, REVIEW**

Sec. 6.1. Home Rule Charter effective date.

This Charter shall become effective on January 1, 1985.

Sec. 6.2. Home Rule Charter transition.

Unless expressly provided for otherwise in the Home Rule Charter, the adoption of this Home Rule Charter shall not affect any existing obligations of Palm Beach County, the validity of any of its ordinances, or the term of office of any elected county officer which terms shall continue as if this Charter had not passed.

Sec. 6.3. Home Rule Charter amendments.

Amendments to this Home Rule Charter may be proposed by the Board of County Commissioners by an affirmative vote of at least four (4) members. The Home Rule Charter amendment may also be initiated by seven (7) percent of the number of voters qualified to vote in the last general election, and the initiated amendment shall be presented and verified in the manner and time set forth in article V section 5.1. The Home Rule Charter amendment shall be placed on the ballot on the first Tuesday after the first Monday in November of any year or in connection with a presidential preference primary occurring at least thirty (30) days after verification. Amendments to this Home Rule Charter must be approved by a majority of the voters of Palm Beach County voting in a referendum. Approved charter amendments that transfer or limit a service, function, power or authority of a municipality shall be effective in a municipality only if the amendment is also approved by a majority of voters in that municipality voting in the referendum. If approved, the Home Rule Charter amendment shall become effective on the date specified in the amendment or if not so specified, on January 1

following the election. Each amendment to this Home Rule Charter shall be limited to a single and independent subject.

(Ord. No. 85-26, § 2, 8-26-86; Ord. No. 90-26, § 1, 9-4-90; Ord. No. 07-017, § 1, 9-11-07)

Editor's note—Ord. No. 86-26, adopted Aug. 26, 1986, was approved at our election held Nov. 4, 1986, to become effective Jan. 1, 1987. Ord. No. 90-26, adopted Sept. 4, 1990, was approved at an election held Nov. 6, 1990, to become effective Jan. 1, 1991.

Sec. 6.4. Saving clause.

If any provision of this Charter is held invalid, in whole or in part, such holding shall not affect any other provision of this Charter.

ARTICLE VII. VOLUNTARY ANNEXATION

Sec. 7.1. Voluntary annexation by municipalities.

Nothing in this Charter shall prevent a municipality from annexing an unincorporated area into its municipal boundaries, except that: Voluntary annexation in an unincorporated protection area requires approval by an affirmative vote of at least five members of the board of county commissioners. Voluntary annexation in an unincorporated rural neighborhood requires approval by an affirmative vote of at least five members of the board of county commissioners and a majority of the registered electors residing within the boundaries of the unincorporated rural neighborhood voting on the question. All voluntary annexations shall require prior notice to the county as established by ordinance. The unincorporated protection area is defined as all unincorporated lands located outside of the urban service area established in the Palm Beach County Comprehensive Plan. Areas eligible to be designated by ordinance as unincorporated rural neighborhoods must be located in the unincorporated protection area and are limited to recorded subdivisions and antiquated subdivisions as defined in the Palm Beach County Comprehensive Plan located in the exurban or rural tiers of the Palm Beach County Comprehensive Plan and other residential neighborhoods

Comments: We have lived here since 1999 we
love our neighbor hood. We do not want to
change a thing here. We are a very close
set neighborhood. Everyone looks out for everyone.
We enjoy having our lg lots & not abutting
in any home owners association.
Keep our neighbor hood agr & residential

Comments:

We specifically chose our property because
of it's zoning. To change our current zoning
goes against our property rights. Our zoning
is hard to find and should not change for our
property or the surrounding properties that make
up Biltmore Acres.

Comments:

I support the overlay because
as an original ~~owner~~ since 1958
when Fearley Real Estate was the realtor
for this area it has been an agricultural
neighborhood. My parents and
sibling grew up in this neighborhood.
As children we were able to ride horses, own cows
and chickens. My neighbors continue to have
such freedom. I would like to have
the continued freedom for my grandchildren

Comments:

Our neighbors are all here including my family for the same reason. Simplicity, freedom to grow, agriculture, our animals, a way of living without all the noise + complications of the ever changing fast life that is expanding around us. Our children have a chance to flourish + develop skills or memories to last a lifetime.

Allowing new developments to be built in our neighborhood and change zones to accommodate yet another church on one block is causing an extreme amount of congestion with traffic. We have two churches now on Colbright and one on Fernley. A new community on Lantana and Fernley we will never be able to make a left turn onto Lantana and wait just as long to make a right heading west.

Comments: I support the Biltmore rural enclave
overlay because I have learned here for 30
years. I raised a family of three kids
and we were able to enjoy the wild life
and by raising children, who are now
they also learned to take care of horses
and participate in local horse and
farm events. Their friends were able to
enjoy and learn from our lifestyle.
This was a wonderful experience
without the rural enclave. This way
of life will be lost and it will
be a tragedy.

Comments:

My husband and I moved here because
we loved how this neighborhood was like
country living. Now in the 7 years we've lived
here developers are trying to come in
and change that. This is not fair to
us. We want to keep our neighborhood
the way it is. There is already so
much traffic + accidents on Lantana that
I can not even imagine more. Please keep
our neighborhood the way it is. If
you have any questions please feel free to
reach out to either of us.

also with all the building we have seen an increase in wild life in our little rural pocket. Its a regular occurrence to see coyotes, fox, racoons, possums, hawks and vultures, tortices that are getting run off their homes that are getting developed. One of the reasons I stopped keeping chickens is that predators were killing them on a regular basis. During the day and night. These animals have no where to go. Please stop all bulldozing small natural areas for developing.

The farm that occupied that space was Organic practices so its perfect for another farm or nursery. Palm beach county is loosing all its agricultural areas due to urban sprawl and over development.

Thank You

Luis Campos and Kelly Brown

Comments:

We have lived in Lake Worth area since 1989. Close family friends have lived here in Biltmore Acres since 1971 and we knew we wanted to live here too. So in 2002 when there was a house in our budget up for sale we bought it. We love the area for the rural feel but live in the city. We wanted to have a large property for our dogs-chickens and room for our vehicles and lots of space for our kids and not worry about traffic. And of course for the nearby schools that were not over crowded.

Now with all the building we are losing all this traffic is so bad. I am concerned of the crossing situation for kids walking and biking to school its very unsafe. over → to other side →

Comments:

FEARNEY RD IS A ONE WAY RD, WHICH MEANS
COMING OR GOING YOU ENTER + EXIT ON THE SAME
ROAD. HOW CAN A SHORT RD LIKE THIS SUPPORT
INGRESS + EGRESS FOR A STRUCTURE BLDG THAT INTENDS
TO HOUSE AN APARTMENT COMPLEX OF 97 UNITS TIMES
TWO, WHICH EQUALS TO 194 UNITS ON A SIMPLE RD.
AND IF EACH UNIT HAS TWO CARS IT WOULD MEAN
LIKE A STOMPING GROUND. PLUS LANTANA RD AND
HAGEN ROAD AT TIMES HAVE ENOUGH TRAFFIC AS IT
IS WITHOUT ADDITIONAL STRUCTURES OR TRAFFIC ADDED
TO IT.

Please sign if you are supportive of proposing an amendment to establish our agricultural rural neighborhood as a rural enclave overlay on the county zoning maps to limit future dense development that is incrogruent with our neighborhood. Currently development with incompatible densities are attempting to encroach on our historically agricultural neighborhood. This will negatively impact the Fearnley road/ Colbright and 1st, 2nd, 3rd Road area by devaluation of our homes, increasing traffic, noise, crime, and disrupt our rural way of life.

23-B Amendment Staff Report

Please sign if you are supportive of proposing an amendment to establish our agricultural rural neighborhood as a rural enclave overlay on the county zoning maps to limit future dense development that is incongruent with our neighborhood. Currently development with incompatible densities are attempting to encroach on our historically agricultural neighborhood. This will negatively impact the Fearnley road/ Colbright and 1st, 2nd, 3rd Road area by devaluation of our homes, increasing traffic, noise, crime, and disrupt our rural way of life.

Whoever is sending out the letter attached is spreading mis-information and many are confused. I have not met 1 person who wants to change zoning from low density agriculture. I am afraid it will ~~not~~ not pass due to shady practices!

Scanned with CamScanner

ATTENTION NEIGHBORS OF BILTMORE ACRES LANTANA

VOTE NO! TO THE RURAL ENCLAVE OVERLAY

STOP THE GOVERNMENT FROM RESTRICT OUR LAND USE

HEARING SCHEDULE FOR MARCH 10TH, 2023.

WE WILL ALL BE SUBJECT TO A VOTE TO RESTRICT THE FUTURE LAND USE OF OUR PROPERTY. WE NEED TO ACT NOW BEFORE IT'S TOO LATE. WE HAVE TO TAKE A STAND AGAINST MORE REGULATIONS FOR OUR PRIVATE PROPERTY, AND PREVENT OUR LAND VALUE TO DROP!

On September 22, 2022, the Board of County Commissioners (BCC) initiated an amendment to the Comprehensive Plan to establish an Overlay for the Biltmore Acres Lantana Road area. An overlay zone is applied over zoning districts, to **add stricter standards and criteria for properties** in addition to those of the underlying zoning district. Currently we have a Low Residential Use in our area, which means we have a low density policy in place. We also have an option to change that low density in the future. What the new language proposes is to declare an overlay zone in our area, and transfer the decision making of our future land use and the option of density increase to the Board of County Commissioner. **We are giving the government more control and the final decision on what will happen with the future of our district.**

HERE IS THE TRUTH OF THE PROPOSED OVERLAY. The Biltmore Acres Lantana Rural Enclave Overlay consists of approximately 331 acres of land, with an average lot size of 0.73 acres. This means that 80% of the properties are less than 1 acre. **They want to force us to keep agricultural land use, when this size of land, in any other city, would be a residential land use.** Any future development or increase of density will never happen. We will scare away any developer interest in our properties, **OUR LAND VALUE WILL NEVER INCREASE. Price will automatically go down 20% to 30% due to the restriction.**

We encourage all of our neighbors to be present at the upcoming meeting on March 10th 2023, 9:00 am, at the Planning, Zoning and Building Department, 1st floor hearing room 1W-47, 2300 N Jog Rd, West Palm Beach, FL. Please bring your **COMMENT SHEET VOTING NO**. You can also email the sheet to glodge@pbcgov.org. We are attaching a copy of the format comment sheet.

Comments: _____

We moved to Fearnley Road many years ago. My children grew up here, and we have considered this home for many years. We have witnessed many changes to the street and to our neighborhood. Some are good, some not so good. We witness the destruction of the vegetation across from us, reducing that part of the street from a wild-life refuge into a deserted land.

Our street went from being a street where we could not hear the noise from Turnpike to now being a polluted one with traffic noise.

We understand that the world is in constant motion and change is inevitable; we are only asking to consider what impact this will have on a small dead-end street with a huge housing complex.

Traffic is already a problem coming in and out of our street. Our neighborhood is composed of working people; we are not wealthy landowners, and all of us work hard to maintain our property and families.

Comments:

I support the rural enclave Overlay to
preserve our special way of life. I have lived here
for all 23 years of my life. I grew up around
horses and chickens everyday. Which is something many do not
get to experience. Anyone who comes down our streets
can't believe this beautiful neighborhood still exists.
They love all the animals. This is a special area that
must be preserved for many more generations. This has
always been an agricultural neighborhood and intend
to keep it that way forever.

Comments:

High density housing often said to affect the character of the subdivision. previously quiet streets are overshadowed by more traffic to and on a deadend street (Fearnley Rd). Crowded street traffic, and parking will become an issue, which has increased traffic flow on Lantana rd in recent years.

• Destruction of open space and parkland has increased in recent years along Lantana Rd. with each new development.

• 100 New homes does not seem to help concerns that the site would be developed to create and keep open space and decrease street traffic with the current plan to Fearnley Rd/Lantana Rd development.

Consideration of maintaining the character of the current less traveled dead end street.
Respectfully submitted.

Comments:

WE AS ONE OF THE LONGEST AND OLDER RESIDENTS OF THE PROPOSED ENCLAVE OVERLAY WE HAVE HAD MANY CHALLENGES TO OUR AREA BY DEVELOPERS. WHICH LIMITED WE STOPPED FROM HAPPENING. THAT IS WHY WE ARE ASKING TO KEEP THIS AREA AS. NEVER BEFORE HAD A DEVELOPER BUY A PROPERTY WITHOUT DUE DILIGENCE. ~~AND~~ THIS DEVELOPER WITHOUT ANY REGARD FOR EXISTING PROPERTY OWNERS OR WAY OF LIFE. IS TRYING TO FORCE TOWNHOUSES ETC IN OUR AREA. THAT IS TOTALLY UNACCEPTABLE!!

THEY HAVE BEEN BAD NEIGHBORS SINCE ~~THEY~~ PURCHASING THE PROP. THE HOUSE JUST SOUTH OF OURS IS NOW AN AIRBNB. THAT HAS HA MANY PARTIES & LOUD MUSIC GOING INTO THE NEAR HOUS. OF THE NEIL. THEN CATTLE HAVE TAKEN OUT OF BOTH PROPERTIES AND CAUSED DAMAGE TO NEIL AND NEIGHBORS PROPERTY. INVENTING PROPERTIES TO DRUNKS AND WA I EXPECT THE COUNTY COMMISSION TO DO THE RIGHT THING IE

Jerry Lodge
ATTN: PBC Planning Division
2300 N. Jog Road
West Palm Beach, FL 33411

Dear Jerry Lodge:

My name is Richard Wilson.

I own property on Colbright and Fearnley Rd. (approximately 17+ acres with 3 large houses). The pressure to sell to developers has been relentless.

The past county commission tried to force me to sell my land to one of their "friends" for apartments.

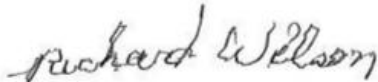

I sued the county and won. Part of the settlement was compensation for my out of pocket expenses and zoning all my properties as farms.

The amenities for this area are maxed out. The county has been operating under a "Fill In Plan" (i.e., if it's an empty lot, fill it up with housing) for years.

I absolutely agree with the plan to keep this gem of a property low density. Fearnley Road has nurseries, horse farms with riding schools & horse boarding, and landscapers among others.

My farm, Excalibur Fruit Trees LLC, has world wide sales and operates on 17+ acres with 6 green houses and I have one tenant that works for a local veterinarian.

Thanks for your time,

A handwritten signature in black ink that reads "Richard Wilson". The signature is written in a cursive, flowing style.

Richard Wilson – President of Excalibur Fruit Trees LLC

On Mar 30, 2023, at 12:14 PM, Jerry Lodge J. <GLodge@pbcgov.org> wrote:

Hello, apologies for the delay in response. The proposed policies is the sum of what is being proposed. If the Overlay is adopted it will not affect the current future land use or zoning designations or currently allowed and existing uses. The major difference will be requiring 5 votes from the BCC (rather than the standard majority) to increase the residential density on property within the Overlay.

Hope that helps. May I mark your property as support or opposition for our records and report?
Also, BCC transmittal date is May 3rd. It is downtown in government building.
Adoption date will be set if transmitted.

Subject: Biltmore acres. Lantana.

Good morning.

My family and I reside within this proposed overlay. 7471 cocoanut drive. We've lived here for about 5 years.

If this is finalized will our zoning remain the same? Currently agricultural residential.

I see the 3 new policies. They all seem great as we enjoy living in an agricultural area. Is there anything i'm overlooking that would be negative to this lifestyle?

Thank you.

My name is Chantal Gellermann and my husband Norber Gellermann. We live at 7511 Overlook Dr. Lake Worth 33467. We are in favor of the overlay enclave at Biltmore Acres and want to keep our neighborhood and the area surrounding it as it has been for the last 30+ years that we have lived here.

Too much of the surrounding farm lands have been turned over to developers lately.

Thank you

Chantal and Norbert Gellermann

Property Owner Comment Form
Biltmore Acres Lantana Rural Enclave Overlay
Palm Beach County Planning Division

Date: 04/23/23 Phone: 9546548940 Email: Serrano1ssak@gmail.com

Owner/Business Name: LANTANA LAND TRUST - Laura Serrano

Address: 5530 Fearnby RD,

City/State/Zip: LAKE WORTH, FL 33467

☐ I support the Biltmore Acres Lantana Rural Enclave Overlay.

-or-

☒ I do not support the Biltmore Acres Lantana Rural Enclave Overlay.

Comments:

I am writing to Express my concern about the
proposed Biltmore Overlay. While I appreciate the
desire to maintain a farm feel in our community,
I strongly believe that the proposed overlay will
excessively restrict the density in our parcels. Limiting the
overlay to a R4 density will significantly impact our ability
to make full use of our land space. I urge you to
reconsider your position and find a solution that
balances between preserving our community's character
and protecting our property rights.

Please return this form to the mailing address below. Alternatively, you may scan and email this form or your comments directly to Jerry Lodge, Planner II, at Glodge@pbcgov.org. Thank you.

Biltmore Acres Lantana Rural Enclave Overlay
Palm Beach County Planning Division

Date: 04/27/23 Phone: 786-781-1045 Email: barnes.courtney@gmail.com

Owner/Business Name: WESTHILL MANAGEMENT LLC

Address: 5488 FEARNLEY RD,

City/State/Zip: LAKEWORTH, FL 33467

☐ I support the Biltmore Acres Lantana Rural Enclave Overlay.

-or-

☒ I do not support the Biltmore Acres Lantana Rural Enclave Overlay.

Comments:

I am writing to express opposition to the
PROPOSED BILTMORE OVERLAY. WHILE I SUPPORT
EFFORTS TO KEEP THIS COMMUNITY LIFESTYLE,
I FEEL THAT THE R1 DENSITY RESTRICTION WILL
EXCESSIVELY LIMIT OUR USE OF OUR LAND. THIS WILL
NEGATIVELY IMPACT OUR PROPERTY RIGHTS AND
ABILITY TO UTILIZE OUR SPACE.

Please return this form to the mailing address below. Alternatively, you may scan and email this form or your comments directly to Jerry Lodge, Planner II, at Glodge@pbcgov.org. Thank you.

Please sign if you are supportive of proposing an amendment to establish our agricultural rural neighborhood as a rural enclave overlay on the county zoning maps to limit future dense development that is incrogruent with our neighborhood. Currently development with incompatible densities are attempting to encroach on our historically agricultural neighborhood. This will negatively impact the Fearnley road/ Colbright and 1st, 2nd, 3rd Road area by devaluation of our homes, increasing traffic, noise, crime, and disrupt our rural way of life.

✱

Please sign if you are supportive of proposing an amendment to establish our agricultural rural neighborhood as a rural enclave overlay on the county zoning maps to limit future dense development that is incongruent with our neighborhood. Currently development with incompatible densities are attempting to encroach on our historically agricultural neighborhood. This will negatively impact the Fearnley road/ Colbright and 1st, 2nd, 3rd Road area by devaluation of our homes, increasing traffic, noise, crime, and disrupt our rural way of life.

Keep us the same. Carol 561-707-3309

This Message Is From an External Sender

This message came from outside your organization.

Hello my address is 5729 Fearnley Rd. Lake worth Fl 33463 and I would like to oppose the overlay. Thank you in advance for your help. I can be reached at 561-281-3190

Please sign if you are supportive of proposing an amendment to establish our agricultural rural neighborhood as a rural enclave overlay on the county zoning maps to limit future dense development that is incrogruent with our neighborhood. Currently development with incompatible densities are attempting to encroach on our historically agricultural neighborhood. This will negatively impact the Fearnley road/ Colbright and 1st, 2nd, 3rd Road area by devaluation of our homes, increasing traffic, noise, crime, and disrupt our rural way of life.
