Affirmative Action Employer"*

AutoCAD Files for Title 2 Technical Manual

On February 23 2011 the Zoning Division updated the AutoCAD templates for the various types of Plans that must be submitted with the zoning applications. For your convenience we have listed them below and are in the process of updated the Online Interactive Technical Manual. Please use these templates for your March 2011 submittals. Staff will work with applicant to ensure this change to plan submittal requirements is phased in over the next couple months. These templates have been part of the Technical Manual since 2003, however there use has not been strictly enforced by the Zoning Division. With the new Electronic Plan Amendment process initiated in January 2011 we need to ensure all plans submitted comply with the established format to avoid delays in processing your application.
