

## **Unified Land Development Code Printing Supplements**

In the past the Zoning Division has provided without charge copies of amendments to the Unified Land Development Code (ULDC) or Supplements to various county staff. Unfortunately we are unable to continue this practice due to budget constraints we are all experiencing. Each department who needs copies of the revised articles can simply download them to their own printer this way you only print the articles you need or refer to on a regular basis.

The supplements are now available on the Zoning Division web site. Please click on the link below to view and print the current ULDC.

## > Unified Land Development Code

Once you enter this page you will see the Web Page shown below. On this page you will be able to select the articles that were amended in 2008 (Supplement 6), as well as articles not amended that you do not need to replace.
