Workforce Housing Zoning in Progress

The Board of County Commission declared **Zoning in Progress** at a public hearing on November 17th, 2005. Zoning in Progress requires applications submitted for Workforce Housing density bonuses to adhere to proposed amendments to the current Unified Land Development Code (ULDC) regulations for this program (see link below for proposed amendments). The ULDC allows the number of units awarded as a density bonus to be determined by the Planning Director, in accordance with Table 5.G.1.D-13, Density Bonus. Planning and Zoning staff were directed by the BCC to prepare an ordinance to amend the ULDC for January 2006.
