J. ULDC AMENDMENTS

13. (240, 272) REQUEST FOR PERMISSION TO ADVERTISE UNIFIED LAND DEVELOPMENT CODE (ULDC) AMENDMENT ROUND 2014-01

AMEND EXHIBIT G, Inland Logistics Center, to include:

Part 3. ULDC Art. 3.B.4, Glades Area Overlay (GAO) (page 24 of 229), is hereby amended as follows:

Reason for amendments: [PZ&B] Additional Type I Waivers:		
1.	The ULDC establishes minimum and maximum range of parking for Planned Development Districts, also allowing industrial uses to utilize the minimum parking requirements for individual uses. Proposed Waivers would allow additional flexibility (25 percent) for minimum or maximum required industrial parking as needed to accommodate desirable job generating tenants having smaller or larger workforce needs not currently anticipated in County parking standards.	
2.	Allow reductions or elimination of minimum 10 percent side or rear parking spaces for industrial uses. The intent of this Code provision is typically used to address pedestrian walking distances from vehicle parking areas for larger commercial centers that have large numbers of parking spaces. The Waiver accommodates industrial uses that either have limited public or employee access points, special security requirements, or where side and rear facades are primarily utilized for bay door or other transportation related logistics parking or access.	
3.	Allow for larger encroachment of utility easements into landscape buffers (e.g. overlap) where unknown future technology requirements may exceed previously anticipated utility needs.
